NORTHERN ROCK PLC

Previous announcement 28 January 2005 at 17.51 Status Number 9663H

This announcement is issued to replace the above announcement with the correct 2005 LTIP award figures.

NORTHERN ROCK PLC (Northern Rock or the Company)

Notification of Directors' Interests

Northern Rock wish to notify the following changes in directors' interests arising out of the operation of its Bonus Matching Plan, Deferred Bonus Plan and Long Term Incentive Plan, showing an increase in shareholdings of the following executive directors where as a result of the transactions referred to below the executive directors are interested in the following ordinary shares in the Company (Shares) (excluding Shares to which they may become entitled, subject to satisfaction of any relevant performance targets, on the exercise of options and under the rules of the LTIP):

Director	Total Share Interests as at 28 January 2005	%
A J Applegarth	399,335 (previously 318,369)	0.095
D F Baker	276,430 (previously 229,681)	0.066
R F Bennett	276,425 (previously 229,676)	0.066
K M Currie	159,893 (previously 127,074)	0.038
A M Kuipers	158,682 (previously 125,862)	0.038

Bonus Matching Plan (the Bonus Matching Plan)

Under the Bonus Matching Plan, executive directors and certain senior executives are able to elect to receive part of their annual bonus in Shares which are deposited with the Company for a period of three years. Participants are then entitled to receive, after tax thereon, one additional Share free of charge in return for every one Share deposited with the Company for the three-year period. Entitlement to the additional Shares would normally be lost if the participant leaves Northern Rock's employment.

In connection with the operation of the Bonus Matching Plan, participants are entitled to deposit Shares from their (or their connected persons') existing holdings in order to found their entitlement to additional Shares in due course

On 28 January 2005, Shares were awarded to executive directors under the Bonus Matching Plan as follows:

Director	Name of connected person into whose name Shares have been registered (where appropriate)	Shares Awarded @ 773p per share
A J Applegarth	-	47,618
D F Baker	-	31,605
R F Bennett	-	31,605
K M Currie	-	18,120
A M Kuipers	Elizabeth Miller Kuipers	18,120

The Shares awarded to executive directors have been transferred by Carey Trustees Limited as Trustee of the Northern Rock Employee Trust (a discretionary trust under which all employees of the Northern Rock Group are potential beneficiaries) (the Trustee) and registered in the names of the individuals specified above.

Awards made for 2001 under the Bonus Matching Plan have now matured, so that participants have become entitled to the additional Shares. These Shares were allocated to the participants concerned at 773p per Share, the mid-market closing price on 27 January 2005. Accordingly, the executive directors named below have informed the Company that on 28 January 2005, they became absolutely entitled to the Shares specified below which are being transferred by the Trustee into the name of the executive director concerned (or into the name of a connected person, where different).

Pursuant to the Bonus Matching Plan, the number of shares specified below have been disposed of at a price of 773p per Share to meet the income tax liabilities arising from the transfers:

Director	Name of connected person into whose name shares have been transferred (where appropriate)	Share Entitlement (Net of Shares disposed of to meet income tax liability)	Shares disposed of to meet income tax liability
A J Applegath	-	14,234	9,489
D F Baker	-	12,973	8,648
R F Bennett	-	12,973	8,648
K M Currie	-	5,630	3,753
A M Kuipers	-	5,630	3,753

Deferred Bonus Plan (the Deferred Plan)

Under the Deferred Plan, the participants are entitled to receive Shares to the value of one hundred percent of their Short Term Bonus. Participants will normally be entitled to these Shares after three years provided they remain in the Company's employment for this period. Shares will be released earlier in certain "good leaver" circumstances. On 28 January 2005 Shares were awarded to executive directors under the Deferred Plan as follows:

Director	Name of connected person in whose name Shares have been registered (where appropriate)	Shares Awarded @ 773p per Share
A J Applegarth	-	47,618
D F Baker	Marion Baker	31,605

K M Currie	-	18,120
A M Kuipers	Elizabeth Miller Kuipers	18,120

The Shares awarded to executive directors have been registered in the names of the individuals specified above.

Awards made for 2001 under the Deferred Bonus Plan have now matured, so that participants have become entitled to the Shares. These Shares were allocated to the participants concerned at 773p per Share, the mid-market closing price on 27 January 2005. Accordingly, the executive directors named below have informed the Company that on 28 January 2005, they became absolutely entitled to the Shares specified below which were disposed of on behalf of the executive director concerned (or into the name of a connected person, where different).

Pursuant to the Deferred Bonus Plan, the number of shares specified below have been disposed of at a price of 773p per Share to meet the income tax liabilities arising from the transfers:

Director	Name of connected person into whose name shares have been transferred (where appropriate)	Share Entitlement (Net of Shares disposed of to meet income tax liability)	Shares disposed of to meet income tax liability
A J Applegarth	-	16,667	11,111
D F Baker	Marion Baker	12,973	8,649
R F Bennett	Margaret Mary Bennett	12,973	8,649
K M Currie	-	5,630	3,754
A M Kuipers	Elizabeth Miller Kuipers	5,630	3,754

Long Term Incentive Plan (LTIP)

Under the LTIP, participants may become entitled to Shares if the Company satisfies a stringent performance target over a three-year period. The performance target relates to the Company's total shareholder return performance against that of FTSE 100 companies over the period.

On 28 January 2005, awards were made under the LTIP to the following executive directors (the number of Shares referred to is the maximum available on satisfaction of the performance target in full):

Director	Shares Under Conditional Awards
A J Applegarth	80,854
D F Baker	50,453
R F Bennett	50,453
K M Currie	29,754
A M Kuipers	29,754

The following executive directors have on 28 January 2005 exercised awards granted to them under the LTIP in respect of the three year performance period which commenced in 2002 and the Trustee has transferred the Shares specified into their name (or into the name of a connected person, where different). These

mid-market closing price on 27 January 2005. Pursuant to the LTIP, the number of Shares specified below have been disposed of at a price of 773p per Share to meet the income tax liabilities arising from the transfers:

Director	Name of connected person into whose name shares have been transferred (where appropriate)	Share Transferred (Net of Shares disposed of to meet income tax liability)	Shares disposed of to meet income tax liability
A J Applegarth	-	27,836	18,557
D F Baker	-	20,631	13,754
R F Bennett	-	20,631	13,754
K M Currie	-	9,431	6,288
A M Kuipers	Elizabeth Miller Kuipers	9,431	6,288

In addition to the disposals referred to above (where Shares were disposed of to meet the income tax liabilities concerned) the Company was notified on 28 January 2005 by the executive directors that on 28 January 2005, the following disposals of Shares were made by the executive director concerned (or by a connected person, where different) at a price of 773p per Share:

Director	Name of connected person by whom Shares have been disposed (where appropriate)	Number of Shares disposed of
A J Applegarth	-	45,229
D F Baker	Marion Baker	41,416
R F Bennett	Margaret Mary Bennett	41,416
K M Currie	-	14,728
A M Kuipers	Elizabeth Miller Kuipers	14,728

In addition, the above executive directors are deemed for Companies Act purposes to be interested in all the Shares held by the Northern Rock Employee Trust. Following the transactions referred to above, the Trust holds a total of 5,310,951 Shares, representing 1.26% of the Company's issued share capital.

SHARE INCENTIVE PLAN

The Company has a Share Incentive Plan ("the Plan") for the purpose of awarding ordinary 25p shares in the Company ("shares") to employees (including Executive Directors), subject to performance measures specified by the Company as provided for by the Rules of the Plan.

The Company announces than on 13 April 2005, Northern Rock Trustees Limited appropriated 223,513 shares under the Plan to individual qualifying employees including the following Executive Directors:

Name	Number of Shares
A J Applegarth	374
D F Baker	374
R F Bennett	374
K M Currie	374
A M Kuipers	374

The appropriation price of the shares on 13 April 2005 was £8.008 per share. The shares appropriated under the Rules of the Plan will be held in trust for five years after which they will no longer have any subsequent income tax or National Insurance liability.

Following the transactions referred to above, the Executive Directors have the following interests in the Company's shares:

	Resultant Holding	Percentage Holding
A J Applegarth	399,709	0.09%
D F Baker	276,804	0.07%
R F Bennett	276,799	0.07%
K M Currie	160,267	0.04%

NORTHERN ROCK PLC

EMPLOYEE SHARE SCHEMES

Northern Rock plc (the Company) announces that on 29 July 2005 Carey Trustees Limited as Trustees of the Northern Rock Employee Trust (a discretionary trust of which all employees of the Northern Rock Group are potential beneficiaries) transferred and purchased Ordinary 25p Shares (Shares) in the Company.

13,750 Shares were transferred at an exercise price of 618 pence per Share and 1,117,720 Shares were transferred at an exercise price of 641 pence per Share, to individuals who have exercised share options granted to them under the Company's Employee Share Option Scheme (an Inland Revenue Approved Share Option Scheme under which options were granted to substantially all employees).

1,100,000 Shares were purchased in order to cover Shares which may be transferred to executive directors and other participants under various executive and other employee share schemes. These Shares were purchased at a price of 817.073 pence per Share.

Following these transactions, the Northern Rock Employee Trust holds a total of 5,065,917 Shares representing 1.20% of the Company's issued share capital.

The Company's Directors/Persons Discharging Managerial Responsibilities are deemed for Companies Act purposes to be interested in all Shares held by the Northern Rock Employee Trust.

DISCLOSURE OF MAJOR INTEREST IN SHARES

Northern Rock plc ("the Company") has been notified on 17 January 2005 in accordance with Section 198 Companies Act 1985 (the "Act") that as at 12 January 2005, Morgan Stanley Securities Limited disposed of an interest in the shares that resulted in their holding a total of 16,732,897 ordinary 25p shares of the Company. This holding represented 3.97% of the issued share capital of the Company.

The Company was also notified that Morgan Stanley Securities Limited has transferred from time to time 16,732,897 shares to a third party on terms which give them the right to require the return of an equivalent number of shares. Accordingly, their interest in 16,732,897 shares is pursuant to Section 208(5) of the Act.

Morgan Stanley Securities Limited is a member of the Morgan Stanley group of companies. Those group companies which are direct or indirect holding companies of Morgan Stanley Securities Limited are, under the terms of Section 203 of the Companies Act 1985, each interested by attribution in any shares in which Morgan Stanley Securities Limited is interested.

NORTHERN ROCK PLC

DISCLOSURE OF MAJOR INTEREST IN SHARES

In accordance with Sections 198-202 of the Companies Act 1985 (the Act), the Company has been notified on 4 February 2005 that FMR Corp. and its direct and indirect subsidiaries and Fidelity International Limited (FIL) and its direct and indirect subsidiaries, both being non-beneficial holders have a notifiable interest in 20,833,261 ordinary 25p shares of the Company representing a non-beneficial holding of 4.95% of the issued share capital of the Company.

FMR Corp. is the parent holding company of Fidelity Management & Research Company (FMRCO), investment manager for US mutual funds, and Fidelity Management Trust Company (FMTC), a US state chartered bank which acts as a trustee or investment manager of various pension and trust accounts.

FIL is the parent holding company for various direct and indirect subsidiaries including Fidelity Investment Services Limited (FISL) and Fidelity Pension Management (FPM), investment managers for various non-US investment companies and institutional clients.

The notifiable interests also comprise that of Mr Edward C Johnson 3d, 82 Devonshire Street, Boston, MA 02109 (a principal shareholder of FMR Corp. and FIL) and interests held on behalf of authorised unit trust schemes in the UK, notwithstanding the exemption from reporting pursuant to Section 209 (1) (h) of the Companies Act 1985.

These notifications of disclosable interests constitute separate notifications of interest in the shares and are combined solely for the purposes of clarity. Nothing herein should be taken to indicate that FMR Corp. and its direct and indirect subsidiaries and FIL and its direct and indirect subsidiaries or Mr Edward C Johnson 3d act as a group or in concert in respect of the disclosed interests, or that they are required to submit these notifications on a joint basis.

The disclosable interests arise under Section 208 (4) (b) of the Act, namely where a person, not being a registered holder, is entitled to exercise a right conferred by the holding of the shares or to control the exercise of such rights, or under Section 203 of the Act respectively.

NORTHERN ROCK PLC

DISCLOSURE OF MAJOR INTEREST IN SHARES

Northern Rock plc ("the Company") has been notified on 21 September 2005, that as at 16 September 2005, Morgan Stanley Securities Limited (MSSL) disposed of an interest in the ordinary 25p shares in the Company with the result that MSSL, and the group companies which are direct or indirect holding companies of MSSL, no longer hold a notifiable interest in the shares in accordance with Section 198 of the Companies Act 1985.

MSSL is a member of the Morgan Stanley group of companies. Those group companies which are direct or indirect holding companies of Morgan Stanley Securities Limited are, under the terms of Section 203 of the Companies Act 1985, each interested by attribution in any shares in which Morgan Stanley Securities Limited is interested.

NORTHERN ROCK PLC

DISCLOSURE OF MAJOR INTEREST IN SHARES

In accordance with Sections 198-202 of the Companies Act 1985 (the Act), the Company has been notified on 23 September 2005 that FMR Corp. and its direct and indirect subsidiaries and Fidelity International Limited (FIL) and its direct and indirect subsidiaries, both being non-beneficial holders have a notifiable interest in 14,938,308 ordinary 25p shares of the Company representing a non-beneficial holding of 3.55% of the issued share capital of the Company.

FMR Corp. is the parent holding company of Fidelity Management & Research Company (FMRCO), investment manager for US mutual funds, and Fidelity Management Trust Company (FMTC), a US state chartered bank which acts as a trustee or investment manager of various pension and trust accounts.

FIL is the parent holding company for various direct and indirect subsidiaries including Fidelity Investment Services Limited (FISL) and Fidelity Pension Management (FPM), investment managers for various non-US investment companies and institutional clients.

The notifiable interests also comprise that of Mr Edward C Johnson 3d, 82 Devonshire Street, Boston, MA 02109 (a principal shareholder of FMR Corp. and FIL) and interests held on behalf of authorised unit trust schemes in the UK, notwithstanding the exemption from reporting pursuant to Section 209 (1) (h) of the Companies Act 1985.

These notifications of disclosable interests constitute separate notifications of interest in the shares and are combined solely for the purposes of clarity. Nothing herein should be taken to indicate that FMR Corp. and its direct and indirect subsidiaries and FIL and its direct and indirect subsidiaries or Mr Edward C Johnson 3d act as a group or in concert in respect of the disclosed interests, or that they are required to submit these notifications on a joint basis.

The disclosable interests arise under Section 208 (4) (b) of the Act, namely where a person, not being a registered holder, is entitled to exercise a right conferred by the holding of the shares or to control the exercise of such rights, or under Section 203 of the Act respectively.

DISCLOSURE OF MAJOR INTEREST IN SHARES

In accordance with Sections 198-202 of the Companies Act 1985 (the Act), the Company has been notified on 18 October 2005 that FMR Corp. and its direct and indirect subsidiaries and Fidelity International Limited (FIL) and its direct and indirect subsidiaries, both being non-beneficial holders have a notifiable interest in 12,340,549 ordinary 25p shares of the Company representing a non-beneficial holding of 2.93% of the issued share capital of the Company.

FMR Corp. is the parent holding company of Fidelity Management & Research Company (FMRCO), investment manager for US mutual funds, and Fidelity Management Trust Company (FMTC), a US state chartered bank which acts as a trustee or investment manager of various pension and trust accounts.

FIL is the parent holding company for various direct and indirect subsidiaries including Fidelity Investment Services Limited (FISL) and Fidelity Pension Management (FPM), investment managers for various non-US investment companies and institutional clients.

The notifiable interests also comprise that of Mr Edward C Johnson 3d, 82 Devonshire Street, Boston, MA 02109 (a principal shareholder of FMR Corp. and FIL) and interests held on behalf of authorised unit trust schemes in the UK, notwithstanding the exemption from reporting pursuant to Section 209 (1) (h) of the Companies Act 1985.

These notifications of disclosable interests constitute separate notifications of interest in the shares and are combined solely for the purposes of clarity. Nothing herein should be taken to indicate that FMR Corp. and its direct and indirect subsidiaries and FIL and its direct and indirect subsidiaries or Mr Edward C Johnson 3d act as a group or in concert in respect of the disclosed interests, or that they are required to submit these notifications on a joint basis.

The disclosable interests arise under Section 208 (4) (b) of the Act, namely where a person, not being a registered holder, is entitled to exercise a right conferred by the holding of the shares or to control the exercise of such rights, or under Section 203 of the Act respectively.

NORTHERN ROCK PLC

BOARD OF DIRECTORS

Northern Rock plc announces the appointment to the Board of Mr Michael James Queen and Miss Rosemary Anne Radcliffe as non-executive directors and Mr Keith McCallum Currie and Mr Anne Menze Kuipers (commonly known as Andy) as executive directors.

These appointments will take effect from 5 January 2005, excluding Miss Radcliffe's appointment, which will take effect from 1 March 2005 due to existing commitments.

Mr Queen is currently an executive director of 3i Group plc.

Miss Radcliffe is a non-executive director and chair of NIAL Holdings PLC.

Mr Currie is currently a director of Granite Mortgages 00-1 plc, Granite Mortgages 00-2 plc, Granite Mortgages 01-1 plc, Granite Mortgages 01-2 plc, Granite Mortgages 02-1 plc, Granite Mortgages 02-2 plc, Granite Mortgages 03-1 plc, Granite Mortgages 03-2 plc, Granite Mortgages 03-3 plc, Granite Mortgages 04-1 plc, Granite Mortgages 04-2 plc, Granite Mortgages 04-3 plc, Granite Master Issuer plc, Dolerite Funding No.1 plc and Flint Consumer Loans No.1 plc. He will be responsible for the management of the Company's Group Treasury function including the liquidity, wholesale funding and derivative portfolios and the management of the Company's securitisation funding and covered bond programmes.

Mr Kuipers has no details to be disclosed in respect of paragraph 16.4 (a). He will be responsible for the co-ordination and direction of the Group's sales, marketing, products and new mortgage loans processing activities.

In addition, there are to be no disclosures necessary for any of the appointments in respect of paragraph 6.F.2 (b) to (g) of the UKLA Listing Rules.

CORPORATE FINANCE

Summary Financial Statement 2004

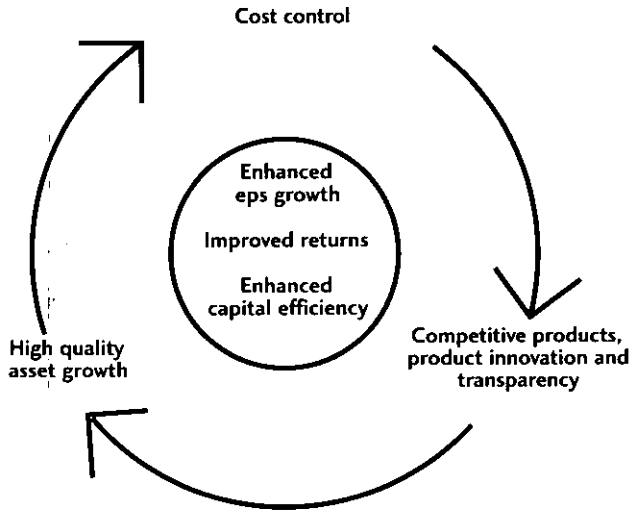
MISSION STATEMENT

Northern Rock is a specialised lending and savings bank which aims to deliver superior value to customers and shareholders through excellent products, efficiency and growth.

COMPANY STRATEGY



Northern Rock is a specialised lender providing funds for residential mortgages, secured commercial lending and personal finance. We obtain funds from both on-shore and off-shore personal savings, wholesale money markets and from the securitisation of mortgage assets.

The Northern Rock strategy encompasses efficiency, growth and value for both customers and shareholders.

Efficiency is paramount to the Northern Rock business strategy. Cost efficiency is enhanced by low cost, effective distribution and enables competitive pricing. Capital efficiency is achieved by optimising the use of debt and equity capital.

By growing lending and improving the mix of higher margin products, Northern Rock aims to grow earnings and improve returns to shareholders, at the same time as providing innovative and consumer friendly products to our customers.

THE VIRTUOUS CIRCLE

I took on the chair of Northern Rock in April 2004 from Sir John Riddell, whose four years as Chairman saw not only significant growth in assets under management, but also a near doubling of the share price. That record speaks for itself, and I pay tribute to the skill and good humour with which he ran the Board of Northern Rock. He will be a hard act to follow.

Northern Rock once again hit its strategic targets in 2004 despite intense competition, expensive regulation and a sharply slowing market. We grew both assets and profits to record levels. We achieved this by sticking to the markets we know best, maintaining our position as the most cost-effective mortgage lender in the UK and continually adjusting our products to attract profitable business.

This performance has not come at the expense of service to customers, where Northern Rock remains committed to continually improving efficiency, transparency and fairness. Our customers benefit from our "Open Book" policy of making our new mortgage products available to existing borrowers as well as new customers.

Statutory mortgage regulation became effective on 31 October 2004. Extra regulation has plainly added to costs and erected barriers to entry. This may in the long run hamper competition, which has been the most powerful force in getting customers value for money in the mortgage market. None the less, we were compliant with the new regime from the first day.

Northern Rock is a global company in terms of where it raises funds, a national company in terms of where it lends and a regional company in terms of where it employs people: most of our employees are in the North-east of England. During 2004 we created over 1,000 new jobs based in the North-East. The latest stage of our Head Office expansion, which neared completion in 2004, will add capacity for a further 1,000 jobs. We also have plans to redevelop part of our Head Office accommodation to provide facilities for another 1,400 staff.

ECONOMIC AND MARKET BACKGROUND

The British economy remains in reasonable shape in 2005. With the Bank of England Base Rate still low by historical standards, continued low unemployment, well controlled inflation and stable economic growth, the UK continues to offer an attractive environment for home ownership, especially given the limited supply of rented accommodation.

House price inflation has eased, and we expect it to be in line with earnings growth for the next few years. Barring surprises, we see little prospect of a crash, given that mortgages are still comparatively affordable and that credit quality remains good.

We fund our lending from retail deposits, wholesale funding, securitisation and covered bonds. All four funding arms are important to us, and give us access to large international markets where we work to ensure that the

supply of affordable funding does not constrain the growth of profitable lending.

SOCIAL RESPONSIBILITY

Northern Rock's primary social responsibility is to prosper. By offering competitive rates to both savers and borrowers, we benefit them. In growing, we benefit our employees by providing new jobs and better working conditions. By meeting our targets, we benefit our shareholders and other key stakeholders.

Likewise, in order to do well it pays us to be a socially responsible business. By that I mean that Northern Rock will prosper if we recruit from all sections of the community, if we find flexible employment practices that suit those who want to work appropriate hours to balance life and work, if we provide good facilities for staff and if we minimise harmful impacts on the environment from our activities. There is, in other words, no conflict between creating shareholder value and being socially responsible. To ensure that we set the highest possible standards of personal and corporate ethics, provide good customer service and give employees a good working environment, we encourage assessments by Ethical Investments Research Services, support the Work-Life Balance Initiative and maintain a high position in the Business in The Environment Index. But we do not mistake such commitments for action.

On top of the good we can do by doing well, we also remember those not benefiting directly from our prosperity. Northern Rock is consistently one of the top UK companies for corporate giving, because of its donation of 5% of pre-tax profits to The Northern Rock Foundation. In 2004 this amounted to £21.6m. The Foundation supports local charities and community causes mainly in the North-east of England, a region that is comparatively under-served by charities. I am particularly pleased that our staff continue to take part in voluntary initiatives: fund-raising, mentoring and secondment programmes.

CORPORATE GOVERNANCE

This year has seen substantial changes to the Combined Code on Corporate Governance, with which the Board is obliged to comply or explain. We are in a position to comply with the code in full. The Board's procedures and practices ensure that it identifies and controls risks to the business in a transparent and accountable way. The results of our Board evaluation and appraisal process are summarised in the Corporate Governance statement.

I am pleased that since the year-end, we have strengthened the Board with four new appointments. Two senior executives, Keith Currie, our treasurer, and Andy Kuipers, our sales and marketing director, both joined the Board from 5 January 2005. Michael Queen, an executive director of 3i Group plc, joined the board as a Non-Executive Director on the

same date. Furthermore, Rosemary Radcliffe, former complaints commissioner of the FSA and former chief economist of PricewaterhouseCoopers, will also join the Board as a Non-Executive Director, with effect from 1 March 2005.

DIVIDEND

Your board is recommending a final dividend of 18 pence per share making a total for the year 26.5 pence – an increase of 13.7% on 2003.

CONCLUSION

In highly competitive markets we have once again risen to the challenge and hit strategic targets in 2004. Our business model remains robust: we keep costs low, invest in product and process innovation, give our customers transparency and so add low-risk assets to our balance sheet to provide attractive returns to our shareholders. We fund this growth through retail, wholesale and securitised channels.

We have always told shareholders that we can perform well in a weak housing market as well as a strong one. Our results differentiate us from our competitors and if, as expected, the housing market slows further in the coming year it will remain sufficiently large to enable us to achieve our targets without compromising on credit quality.

I am grateful to my Board colleagues, to management and all Northern Rock staff for their ingenuity, hard work and success in 2004.

Dr M W Ridley
22 February 2005

In 2004 Northern Rock delivered excellent results including:

- RECORD PRE TAX PROFITS OF £431.2 MILLION - A LIKE-FOR-LIKE INCREASE OF 13.0%
- ASSETS UNDER MANAGEMENT OF £64.9 BILLION - AN INCREASE OF 24.9%
- RECORD NET LENDING OF £12.9 BILLION - AN INCREASE OF 51.9% AND A MARKET SHARE OF 11.2%
- RATIO OF COSTS TO ASSETS UNDER MANAGEMENT IMPROVED TO 0.38% (2003 UNDERLYING - 0.41%)
- RETURN ON EQUITY OF 21.3%
- TOTAL DIVIDEND PER SHARE 26.5P - AN INCREASE OF 13.7%
- THE NORTHERN ROCK FOUNDATION - SUPPORTING CHARITABLE CAUSES - TO RECEIVE £21.6 MILLION

2004 has been a very challenging year and so I am delighted to announce results that show record growth, record profits and further improvement in earnings per share.

High quality asset growth and cost efficiency form the essence of our strategy. Through a combination of being a small stock player, having a unit cost advantage and retaining customers, whilst attracting new borrowers and savers, we are able to grow our assets under management strongly, leveraging our equity capital to enhance shareholder returns. Cost efficiency is key to our strategy, as this allows profitable growth of the business and the manufacture of competitive products for our customers.

Our core products of mortgages, savings and personal loans all performed well in 2004. They were complemented by general insurance and protection products offered in conjunction with our partners, providing our customers with both choice and peace of mind.

During 2004 we invested significantly in our infrastructure, both in terms of technology and commencement of the latest phase of planned building expansion at our Head Office site. The demands of regulation show no signs of abating and our cost base also absorbed an extra £3.6 million from increased regulatory requirements. However, growth in operating expenses was well contained.

We continue to pursue a multi-channel distribution strategy and have opened several specialist mortgage branches in key areas around the country. These additions further strengthen our franchise and provide a logical extension to complement our existing network. In addition to this important investment, we continue to invest in other channels, encouraging e-business links with both mortgage intermediaries and direct customers.

LENDING

During 2004 we once again delivered record levels of low risk lending. Gross lending was £23,342 million, an increase of 34.8% over the previous year, with net lending of £12,932 million, an increase of 51.9%. We achieved gross residential lending of £20,051 million, an increase of 31.8% over 2003 and net residential lending of £11,383 million, an increase of 44.8%, which represented 11.2% of the UK market.

Our mix of new residential lending during the first half of 2004 reflected the shift in customer preferences towards discounted products. In the second half, as interest rates moved closer to their cyclical peak and the price of fixed rate products reduced, short term fixed rate lending was more prevalent. Our lifestyle range of products, including our credit bundling product, "together", residential Buy to Let and Lifetime Home Equity Release Mortgages (HERM), which allow older borrowers to withdraw equity from their home to aid retirement income, continued to be popular. We remain at the forefront of providing a competitive choice of products for homeowners and homebuyers, whether they are new or existing customers.

With the Bank Base Rate remaining low by historical standards, continued low unemployment, inflation well controlled and stable UK economic growth rates, fundamentals will remain supportive to home ownership. The remortgage market, which accounted for around 40% of UK gross lending in 2004, will also remain strong, particularly as interest rates appear close to their cyclical peak and the incidence of overhanging redemption charges has diminished.

Due to our relative size and focus on the retention of existing customers our net lending figures are higher than our natural share of the market. Our competitive pricing and transparent approach, combined with our Mortgage Review Service support our retention performance and limit the impact of redemptions from our portfolios. Consequently our net lending is very strong with volume growth of gross lending being leveraged further by low redemptions.

As borrowers seek to refinance to obtain better deals, Northern Rock, with its unit cost advantage and transparent policy, remains well placed to deliver its growth objectives. As a result Northern Rock should not be considered as a proxy for either the housing market or the industry's net lending figures. We are a major player in the wider mortgage market, which importantly includes remortgaging and remains a key part of our growth plans.

We have grown our commercial lending and personal unsecured lending portfolios steadily, maintaining our emphasis on quality. We maintain an appropriate balance in these books relative to our overall assets under management.

FUNDING

Funding remained strong during 2004. All three traditional funding arms – retail funding, wholesale funding and securitisation – continued to perform well. We added a fourth stream by completing an inaugural covered bond issue in April 2004. Our funding platform is flexible, diverse and robust.

Our retail funding franchise remains an important part of our funding strategy. Retail funding inflows were restrained during the first half of the year following successful non-retail activities. During the second half, however, we funded strongly attracting over £1 billion of new funds, representing our strongest ever half-year performance. The overall increase in retail balances during 2004 was £896 million resulting in total retail balances under management of £17.2 billion at the year-end.

We have a broad distribution platform of branch, postal, telephone and on-line accounts, as well as off-shore and Ireland operations, which we will continue to develop. In particular we have seen strong inflows in our Silver Savings account, for over 50's, which attracted balances of over £1.25 billion, following its launch in September 2004. We also funded strongly in fixed rate bonds where contractual guarantees provided customers with added confidence.

Our Treasury operation continues to raise wholesale funds, manage interest rate and currency risks, and manage a portfolio of investments primarily for liquidity purposes. It is not a separate profit centre and does not operate trading portfolios. We have continued to develop our non-retail funding in international markets with further funding diversification in Continental Europe, North America and Asia. By diversifying our funding geographically and by mixing the term of funding appropriately over short, medium and long term horizons we are able to underpin our growth aspirations, whilst reducing the risk to our platform. During the year net new wholesale funding totalled £2.77 million, increasing balances to £19.7 billion.

Our residential securitisation programme is firmly established as a reliable source of funding, a reflection of the high credit quality of Northern Rock's loan book and the huge investor appetite for this type of financial instrument. During 2004, we issued £11.1 billion of securitised notes. Assets under management subject to securitisation now amount to £22.3 billion, representing 40% of our lending portfolios. Securitisation, with increasing diversification, will continue to play an important role in funding our future growth plans as well as contributing to capital efficiency.

Already in 2005 we have raised a further US$1.75 billion under our US Medium Term Note programme and £4.5 billion from our fourteenth residential securitisation transaction further strengthening the split between short term and medium term funding.

CREDIT QUALITY

The credit quality of our assets remains very strong. We do not attract volume growth at the expense of quality. The credit quality of our lending is excellent and continues to be tightly monitored and controlled. We operate rigorous underwriting processes that include credit checking and affordability tests. Our monthly behavioural scoring system confirmed during 2004 that there were no early warning signs of significant credit deterioration. Even though mortgage balances have grown significantly, we have not increased our appetite for risk.

The arrears performance of our residential lending book improved further during 2004 with only 0.37% of accounts three months or more in arrears compared with 0.45% the year before. Once again, despite significant growth in mortgages under management we have been able to reduce the percentage of loans in arrears. Overall our residential arrears remain below half the industry average.

Commercial loan arrears and standalone personal unsecured loan arrears are also significantly better than industry average, reflecting our policy of attracting high quality lending. Our provisioning policies remain prudent and we have no loan exposure outside the UK, nor exposure to unsecured commercial lending or leasing.

OUTLOOK

Our strategy of combining competitive products, effective distribution and efficient customer service, driven off a low unit cost base works well. We will continue to develop our business so that it is highly focussed, resilient and scalable to meet our growth aspirations. By continuing to deliver our strategic targets and maintaining our responsible approach to lending we will continue to enhance value for our customers and our shareholders in the future.

We expect the housing market to slow but activity will be underpinned by relatively low interest rates, continuing low levels of unemployment and a restricted supply of new housing stock. The attractive pricing for new customers and the further erosion of overhanging redemption charges should ensure that levels of remortgaging will more than offset the level of slowdown in the housing market. Our small market share allows us significant room for growth regardless of overall market performance. This should enable us to achieve our strategic growth range of 20% +/- 5% in high quality, low risk, assets under management.

We are relatively small, have a unit cost advantage, retain existing customers well and are increasingly good at attracting new loans. Our broad funding platform, efficient distribution network and continued investment in buildings, systems and people will enable us to originate and service increased volumes of profitable business. We are therefore well placed to continue to deliver strong growth in high quality, low risk assets. Our strategic targets remain unchanged for 2005 and beyond, reflecting our confidence in our business model to deliver and maintain shareholder value.

Adam J Applegarth
22 February 2005

DIRECTORS' REMUNERATION

Details of the remuneration policy are set out in the Directors' Remuneration Report in the full copy of the Annual Report and Accounts. A summary of the key features of this report and Directors' individual remuneration is set out below.

REMUNERATION POLICY FOR EXECUTIVE DIRECTORS

The Remuneration Committee believes that the continuing improvement in performance of Northern Rock depends on individual contributions made by the Executive Directors. For this reason, the remuneration policy is designed to provide competitive packages to motivate, reward and retain Executive Directors of high quality and to align their interests with those of shareholders.

The Board has adopted, on the recommendation of the Remuneration Committee, a remuneration policy with the objectives set out below. It is intended that this policy should continue to apply for 2005 and subsequent years:

(i) the remuneration packages for Executive Directors are designed to be competitive in terms of market practice;

(ii) performance-related remuneration should seek to align the interests of Executive Directors with those of the shareholders through the imposition of stretching corporate performance targets and the satisfaction of most short and longer term incentives in the form of shares; and

(iii) to motivate for future achievement, a significant proportion of remuneration should be based on operational and financial performance both in the short and long term together with the individual contribution made by the Executive Directors.

ELEMENTS OF REMUNERATION

Remuneration comprises: basic salary, annual bonus, pension benefits and benefits in kind. In addition, Executive Directors and senior executives participate in certain share based incentive schemes, comprising the bonus matching plan, deferred share scheme and long term incentive plan. These share-based incentive schemes, and the annual bonus, are performance-related, and the Remuneration Committee regards them as a key element in the Executive Directors' remuneration package.

As a result of changes to the performance-related elements of remuneration in recent years (including, from 2005, the proposed imposition of a corporate performance condition on awards vesting under the bonus matching plan and deferred share scheme, and the increase in annual bonus potential), the performance-related element of total potential remuneration has materially increased in recent years.

BASIC SALARY

The Committee's objective is that Executive Directors' basic salaries should be paid at an appropriate level to take account of both personal performance and of salaries within a comparator group of financial institutions. The Committee considers that exceptional performance, whether corporate or individual, should be rewarded through bonus and incentive schemes rather than basic salary.

Salaries are reviewed annually for each Executive Director, and revised salaries took effect from 1 January 2005 as follows:

A J Applegarth	£625,000 (2004 – £565,000)
D F Baker	£390,000 (2004 – £375,000)
R F Bennett	£390,000 (2004 – £375,000)

Mr A M Kuipers and Mr K M Currie were appointed to the Board on 5 January 2005, and their initial salaries were £270,000 each.

PENSION BENEFITS

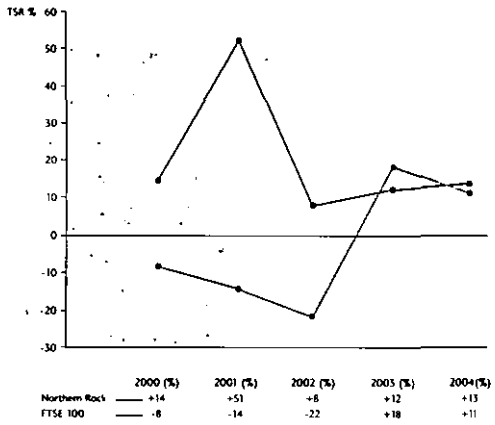
Each of the Executive Directors currently participates in the Northern Rock Pension Scheme, a contributory pension scheme which provides a pension of up to two-thirds of pensionable salary on retirement, dependent upon service. On death in service the scheme also provides for a dependent's pension and a lump sum of four times basic salary. This pension and life assurance is provided from the scheme (to the extent permitted by legislation) and otherwise from separate arrangements.

In accordance with the terms agreed upon his appointment as Group Finance Director, the Board has approved the maintenance of pension and life assurance benefits of Mr R F Bennett in respect of his eligible earnings in excess of the pensions earnings cap.

It is the intention of the Remuneration Committee that changes in pension legislation expected to commence in 2006 will not increase the Directors' actuarial pension cost.

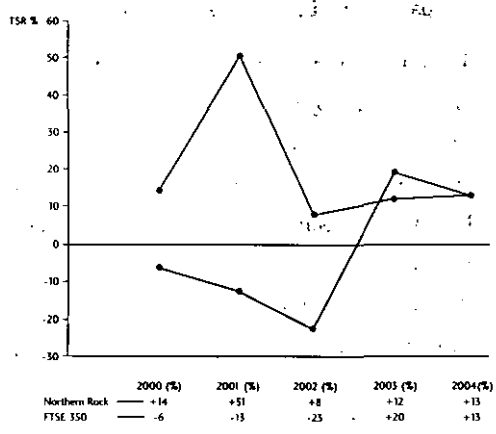
POLICY ON EXECUTIVE DIRECTORS' SERVICE CONTRACTS

It is the policy of the Company that Executive Directors' service contracts can be terminated by 12 months' notice given to an Executive Director at any time. Each Executive Director can terminate his employment by giving 6 months' notice. All of the Executive Directors' contracts may be terminated immediately by Northern Rock either with (for Mr D F Baker and Mr R F Bennett) the payment of liquidated damages equal to 12 months' salary and the value of annual bonus and benefits or (for Mr A J Applegarth, Mr A M Kuipers and Mr K M Currie) a payment in lieu of notice equal to such amount. Mr Applegarth, Mr Baker and Mr Bennett would, in the event of a change of control



of Northern Rock, be entitled to terminate employment and receive a liquidated damages payment calculated on the same basis.

The terms of reference of the Remuneration Committee make it clear that the Remuneration Committee seeks, in appropriate circumstances to mitigate the amount of termination payments made to Executive Directors.



PERFORMANCE GRAPHS

The performance graphs set out below illustrate the Group's Total Shareholder Return ("TSR") performance over the preceding five years, 2000 to 2004, compared with that of the FTSE 100 Index of which Northern Rock has been a constituent since September 2001, and that of the FTSE 350 Index of which Northern Rock was a constituent prior to September 2001. The FTSE 350 Index has been included because the members of this index comprise the comparator group for long term incentive plan purposes for 2004 and prior.

FTSE 100

FTSE 350

REMUNERATION OF THE CHAIRMAN AND NON-EXECUTIVE DIRECTORS

The remuneration of the Chairman is determined by the Remuneration Committee and that of the other Non-Executive Directors is determined by the Board as a whole, on the basis of external independent advice.

The Chairman's annual fee is £150,000. The Senior Independent Non-Executive Director's annual fee is £49,500. Non-Executive Directors receive an annual fee of £28,500. The fee payable for membership of each of the Audit, Nomination, Risk and Remuneration Committees is £2,500 or, where a Non-Executive Director is chairman of a Board Committee, the additional annual fee payable to them is £12,500.

Subject to shareholder approval at the Annual General Meeting of an increase in the aggregate cap on fees payable to Non-Executive Directors, with effect from 26 April 2005:

(a) the Chairman's annual fee will be increased to £250,000;

(b) the Senior Independent Non-Executive Director's annual fee will be increased to £55,000;

(c) the Non-Executive Directors' annual fee will be increased to £40,000;

(d) the annual fee payable for membership of each of the Audit, Nomination, Risk and Remuneration Committees will be increased to £3,500; and

(e) where a Non-Executive Director is chairman of a Board Committee, the additional annual fee payable will be increased to £13,000.

The Chairman and Non-Executive Directors serve the Company under letters of appointment, which are terminable by the Company at any time without liability for compensation; they do not have service contracts. The Chairman and Non-Executive Directors are entitled to fees from the Group and it is the Group's policy that they do not participate in bonus, incentive or pension schemes. However, Sir George Russell, who also served on the Board of Northern Rock Building Society, is a deferred member of a non-contributory pension scheme established by Northern Rock Building Society under which pension entitlement accrued for each complete year of qualifying service subject to a maximum of 60% of qualifying fees. This scheme ceased to accrue benefits after 30 June 1997.

DIRECTORS' INDIVIDUAL REMUNERATION

Details of Directors' individual remuneration is set out below:

Non-Executive Directors	**2004**	2003
	£000	£000
Dr M W Ridley (Chairman)	**127**	77
N A H Fenwick	**36**	5

	Date of grant	Rights held under the plan at 31 Dec 03	Rights granted during 2004	Market price of each share on date of grant £	Rights released during 2004	Rights held under the plan at 31 Dec 04	Date of end of qualifying period
A J Applegarth	Feb 01	19,658	-	4.65	(19,658)	-	-
	Jan 02	27,778	-	6.66	-	27,778	Jan 05
	Jan 03	52,254	-	6.10	-	52,254	Jan 06
	Jan 04	-	53,208	7.40	-	53,208	Jan 07
D F Baker	Feb 01	19,658	-	4.65	(19,658)	-	-
	Jan 02	21,622	-	6.66	-	21,622	Jan 05
	Jan 03	38,730	-	6.10	-	38,730	Jan 06
	Jan 04	-	35,472	7.40	-	35,472	Jan 07
R F Bennett	Feb 01	22,273	-	4.65	(22,273)	-	-
	Jan 02	21,622	-	6.66	-	21,622	Jan 05
	Jan 03	38,730	-	6.10	-	38,730	Jan 06
	Jan 04	-	35,472	7.40	-	34,472	Jan 07

The value of these awards is being charged to the profit and loss account over the three year period to which they relate. In 2004 £727,662 was charged to the profit and loss account (2003 £571,805).

LONG TERM INCENTIVE PLAN

Details of the Ordinary Shares over which the Directors have conditional rights under the long term incentive plan by year of grant are as follows:

	Date granted	Rights held under plan at 31 Dec 03	Rights granted during 2004	Market price of each share on date of grant £	Rights released during 2004	Rights held under plan at 31 Dec 04	Date of end of performance period
A J Applegarth	Feb 01	44,516	-	4.65	(44,516)	-	-
	Jan 02	63,814	-	6.66	-	63,814	Jan 05
	Jan 03	86,066	-	6.10	-	86,066	Jan 06
	Jan 04	-	76,351	7.40	-	76,351	Jan 07
D F Baker	Feb 01	44,516	-	4.6	(44,516)	-	-
	Jan 02	47,297	-	6.66	-	47,297	Jan 05
	Jan 03	57,377	-	6.10	-	57,377	Jan 06
	Jan 04	-	50,676	7.40	-	50,676	Jan 07
R F Bennett	Feb 01	50,436	-	4.65	(50,436)	-	-
	Jan 02	47,297	-	6.66	-	47,297	Jan 05
	Jan 03	57,377	-	6.10	-	57,377	Jan 06
	Jan 04	-	50,676	7.40	-	50,676	Jan 07
L P Finn (former Director)	Feb 01	26,746	-	4.65	(26,746)	-	-

The value of conditional awards is charged to the profit and loss account over the three year performance period to which they relate after taking account of the probability of performance criteria being met. In 2004 £879,251 was charged to the profit and loss account (2003 £874,716).

Chairman, Remuneration Committee
22 February 2005

IMPORTANT NOTE:

This summary financial statement provides a substantial amount of information contained in the Annual Report and Accounts. For a fuller understanding of the Group's results and its state of affairs, you should consult the annual accounts, the auditors' report on those accounts, and the Directors' Report.

A copy of the Annual Report and Accounts can be obtained, free of charge, from the Company's registrar at Capita Registrars, Northern House, Woodsome Park, Fenay Bridge, Huddersfield, HD8 0LA. If you wish to receive copies of the Annual Report and Accounts in subsequent years, you may elect to do so by making a request in writing to the Company's registrar at the above address. Alternatively you may obtain the Annual Report and Accounts from the Northern Rock website www.northernrock.co.uk

SUMMARY DIRECTORS' REPORT

ACTIVITIES AND BUSINESS REVIEW

The principal purpose of the Group is the provision of housing finance, savings and a range of related personal financial and banking services. A review of the business and future developments is given in the Chairman's Statement and the Chief Executive's Report.

RESULTS AND DIVIDENDS

The profit on ordinary activities before tax for the year ended 31 December 2004 was £431.2 million (2003 restated - £386.6 million).

An interim dividend of 8.5p per share (2003 - 7.5p per share) was paid on 29 October 2004. The Directors propose a final dividend of 18.0p per share (2003 - 15.8p per share) to be paid on 27 May 2005 to shareholders on the register at the close of business on 29 April 2005.

DIRECTORS

The following were Directors of the Company during the year:

Chairman	Dr M W Ridley
Executive Directors	A J Applegarth
	D F Baker
	R F Bennett

On 5 January 2005, Mr K M Currie and Mr A M Kuipers were appointed to the Board.

Non-Executive Directors	N A H Fenwick
	Sir Ian Gibson, CBE
	N Pease
	Sir George Russell
	Sir Derek Wanless
	Sir John Riddell, Bt. (retired 27 April 2004)
	Sir David Chapman, Bt. (retired 27 April 2004)

On 5 January 2005 Mr M J Queen was appointed to the Board. On 1 March 2005 Miss R A Radcliffe will join the Board.

CORPORATE GOVERNANCE

The Group place a high degree of importance on corporate governance and on how the Group conducts its affairs. A detailed report on corporate governance is contained in the Annual Report and Accounts.

CHARITABLE CONTRIBUTIONS

The Company is committed to a total contribution to The Northern Rock Foundation under a deed of covenant of £21.6 million based on its profits in 2004. Of this amount, it has already made a contribution of £10.0 million in October 2004 with a further contribution of £11.6 million to be paid in May 2005. More information about the Foundation is available from:

THE NORTHERN ROCK FOUNDATION

Dr M W Ridley	A J Applegarth	R F Bennett
Chairman	Chief Executive	Group Finance Director

NOTE TO THE SUMMARY FINANCIAL STATEMENT

CHANGE IN ACCOUNTING POLICY

The Group has implemented the requirements of Urgent Issues Task Force ("UITF") Abstract 38 – "Accounting for ESOP Trusts" with effect from 1 January 2004. As a result, holdings of Ordinary Shares in Northern Rock plc owned by the Group's employee share ownership trusts are now shown as a deduction from shareholders' funds. Previously they were shown as part of other assets in the balance sheet. Purchases and sales of Northern Rock plc Ordinary Shares are now accounted for as movements in shareholders' funds and no gains and losses are reflected in the profit and loss account. The charge to the profit and loss account in respect of shares and share options granted to employees that are expected to be met from shares held by employee share trusts is now based on the difference between the value on the date of grant and the exercise price. Previously, where shares were purchased to meet these obligations, the charge was based on the carrying value of the shares.

INDEPENDENT AUDITORS' STATEMENT TO THE MEMBERS OF NORTHERN ROCK PLC

We have examined the summary financial statement of Northern Rock plc.

RESPECTIVE RESPONSIBILITIES OF DIRECTORS AND AUDITORS

The Directors are responsible for preparing the summarised annual report in accordance with applicable law. Our responsibility is to report to you our opinion on the consistency of the summary financial statement within the summarised annual report with the annual financial statements, the Directors' Report and the Directors' Remuneration Report, and its compliance with the relevant requirements of Section 251 of the United Kingdom Companies Act 1985 and the regulations made thereunder. We also read the other information contained in the summarised annual report and consider the implications for our report if we become aware of any apparent misstatements or material inconsistencies with the summary financial statement.

This statement, including the opinion, has been prepared for and only for the company's members as a body in accordance with Section 251 of the Companies Act 1985 and for no other purpose. We do not, in giving this opinion, accept or assume responsibility for any other purpose or to any other person to whom this statement is shown or into whose hands it may come save where expressly agreed by our prior consent in writing.

BASIS OF OPINION

We conducted our work in accordance with Bulletin 1999/6, 'The auditors' statement on the summary financial statement' issued by the Auditing Practices Board for use in the United Kingdom.

OPINION

In our opinion the summary financial statement is consistent with the annual financial statements, the Directors' Report and the Directors' Remuneration Report of Northern Rock plc for the year ended 31 December 2004 and complies with the applicable requirements of Section 251 of the Companies Act 1985 and the regulations made thereunder.

Northern Rock plc
(Registered in England and Wales No. 3273685)

Registered Office:
Northern Rock House
Gosforth
Newcastle upon Tyne
NE3 4PL

10 March 2005

Dear Shareholder,

ANNUAL GENERAL MEETING 2005

The Annual General Meeting of Northern Rock plc (the *Company*) will be held at the Marriott Gosforth Park Hotel, High Gosforth Park, Newcastle upon Tyne, NE3 5HN on Tuesday, 26 April 2005 at 11.30 am. The Notice of Meeting is set out on pages 4 to 6 of this document.

Resolution Nos. 1 to 11, 13, 16 and 17

These resolutions, which are deemed to be routine business, relate to matters commonly considered at annual general meetings of listed companies and are explained in the notes on pages 9 to 14. Brief biographical details of those directors who are proposed for election and re-election (Resolutions 3 to 9) appear on page 15 of this document.

Resolution No. 12: Approval of a performance related condition for share schemes

Resolution 12 seeks shareholder approval for the imposition of a corporate performance condition on the release of awards under two of the Company's share schemes – the Bonus Matching Plan and the Deferred Bonus Plan. The performance condition will require the Company to achieve average real earnings per share growth of at least 3% per annum over the three financial years prior to release of awards. If this resolution is approved, awards under these schemes in 2005 and future years will be subject to this performance condition. The Remuneration Committee, which operates both schemes, has concluded that the imposition of this performance condition is appropriate in light of developments in best practice and institutional shareholder guidelines.

Resolution No. 14: Approval of the increase in the permitted aggregate limit of Non-Executive Directors' fees

The Board has considered the existing limit of remuneration paid to Non-Executive Directors, which has remained unchanged since 1997, against the background of an increasing workload and the additional demands and responsibility placed on them as a result of recent changes to corporate governance.

It is important that the Company is able to continue to attract high calibre Non-Executive Directors and to pay a level of remuneration that reflects the demands placed upon them. Resolution 14 seeks shareholder approval for an increase in the maximum amount of aggregate fees that can be paid to Non-Executive Directors to £1,000,000 per annum. The revised aggregate limit will give the Company sufficient headroom to continue to keep under review the limit of remuneration without the need to revert to shareholders annually.

Resolution No. 15: Creation of Preference Shares

Resolution 15 provides for the creation of Preference Shares, which can be used to help the Company meet the capital adequacy requirements of the Financial Services Authority.

The Directors will consider issuing up to £1,000 of Preference Shares to enable the re-classification of Upper Tier 2 capital as debt under newly introduced International Financial Reporting Standards. Otherwise, the Directors have no immediate plans to issue any other series of Preference Shares. However, the Directors wish to obtain the necessary approvals and would like the flexibility so as to enable issues to be made (should it be desirable and should suitable market conditions arise) at short notice and without the need to convene an extraordinary general meeting of the Company which would be both costly and time consuming.

Resolution No. 18: Adoption of new Articles of Association

Amendments to the Company's Articles are now needed to reflect the creation of Preference Shares pursuant to the authority sought by Resolution 15, the changes to the remuneration payable to Non-Executive Directors for their services pursuant to the authority sought by Resolution 14 and to allow the Company to take advantage of recent amendments to company law. The Directors consider that it is appropriate to update the Articles, and to do this by adopting new Articles.

Resolution No. 19: Authority to purchase own ordinary shares

At last year's Annual General Meeting a resolution was passed authorising the Company to make market purchases of its own ordinary shares as permitted by Article 53 of the Company's Articles of Association (the *Previous Authority*). The Directors consider it appropriate for the authority to be renewed. The renewal authority, which is set out in Resolution 19, is expressed to run from the date Resolution 19 is passed until the Company's next Annual General Meeting or 18 months from the date Resolution 19 is passed, whichever is earlier, and limits the total number of ordinary shares which can be purchased pursuant to the authority to 10% of the Company's issued ordinary share capital. The price paid for an ordinary share purchased pursuant to the authority must not exceed 105% of the average of the middle market quotations for an ordinary share in the Company as derived from the London Stock Exchange's Daily Official List for the five business days immediately preceding the date on which the ordinary share is purchased and must not be less than 25 pence per ordinary share. Purchases will only be made on the London Stock Exchange and only in circumstances where they are, in the opinion of the Directors, in the best interests of the Company. The Directors intend to seek renewal of this authority at subsequent Annual General Meetings.

Resolution No. 20: Approval of a contingent share purchase contract and authority to purchase Foundation Shares

At last year's Annual General Meeting, shareholders approved a contingent share purchase contract (the *Previous Contingent Share Purchase Contract*) which permitted the Company to purchase a proportionate number of Foundation Shares as and when ordinary shares were purchased pursuant to the Previous Authority. These purchases of Foundation Shares were to be made in order to maintain The Northern Rock Foundation's (the

Foundation) shareholding at just under 15% of the issued share capital of the Company. As the Previous Contingent Share Purchase Contract only permits the Company to purchase Foundation Shares following a purchase of ordinary shares made pursuant to the Previous Authority, Resolution 20 will be proposed to approve a new contingent share purchase contract which would permit the Company to purchase a proportionate number of Foundation Shares as and when ordinary shares are purchased pursuant to the authority sought by Resolution 19.

Any purchase of Foundation Shares under the new contingent share purchase contract would only be made as and when the Company has purchased ordinary shares pursuant to the authority sought by Resolution 19 in order to maintain the Foundation's shareholding at just under 15% of the issued share capital of the Company.

Each of these resolutions is explained in the notes on pages 9 to 14.

Action to be taken

Enclosed is a form of proxy for use at the Annual General Meeting. If you do not intend to be present at the Annual General Meeting, please complete, sign and return the form of proxy as soon as possible (and, in any event, so as to be received not later than 11.30 am on 24 April 2005), in accordance with the instructions printed on it. Completion of the form will not preclude you from attending and voting in person if you so wish.

In addition to returning your form of proxy by post, you may also appoint a proxy via our shareholder website. For CREST participants, we have introduced CREST proxy appointment. Details of these choices appear on page 7 of this document.

If you have received more than one mailing of this Notice of Annual General Meeting, this is because currently you are the first named shareholder in respect of more than one shareholding.

Please note that if your dividends are paid directly to a bank or building society account, a tax voucher for the 2004 dividend payments on your Northern Rock plc shares is attached to your form of proxy or form of direction. Please keep this voucher safe as you may be required to supply the information to the Inland Revenue.

If you do not already do so, and you would prefer to receive your dividends paid directly to a bank or building society account, please complete, sign and return the enclosed Request for Payment of Interest/Dividend form.

Recommendation

The Directors consider that all the resolutions to be proposed at the Annual General Meeting are in the best interests of shareholders as a whole. Accordingly, the Directors unanimously recommend shareholders to vote in favour of the resolutions set out in the Notice of Annual General Meeting, as they intend to themselves in respect of their own beneficial shareholdings.

Yours faithfully

Dr Matthew White Ridley
Chairman

Notice of Annual General Meeting

NOTICE IS HEREBY GIVEN THAT the Annual General Meeting of Northern Rock plc will be held at the Marriott Gosforth Park Hotel, High Gosforth Park, Newcastle upon Tyne, NE3 5HN on Tuesday, 26 April 2005 at 11.30am for the following purposes:

Ordinary business

1. To receive the report of the Directors and the audited accounts for the year ended 31 December 2004.

2. To declare a final dividend of 18.0 pence per ordinary share.

3. To re-elect David Frank Baker as a Director of the Company.

4. To re-elect Robert Frederick Bennett as a Director of the Company.

5. To re-elect Dr Matthew White Ridley as a Director of the Company.

6. To elect Keith McCallum Currie as a Director of the Company.

7. To elect Andy Menze Kuipers as a Director of the Company.

8. To elect Michael James Queen as a Director of the Company.

9. To elect Rosemary Anne Radcliffe as a Director of the Company.

10. To re-appoint PricewaterhouseCoopers LLP as auditors for a further year.

11. To authorise the Directors to determine the remuneration of the auditors.

Special business

To consider and, if thought fit, to pass the following Resolutions:

Ordinary Resolution:

12. THAT the Northern Rock Bonus Matching Plan and the Northern Rock Deferred Bonus Plan, the revised rules of which are produced to the Meeting and initialled by the Chairman for the purpose of identification, be and are hereby amended to impose a performance condition requiring (subject to the rules) the Company to achieve average real earnings per share growth of at least 3% per annum over the three financial years, prior to release of awards thereunder, and that the Directors be and are hereby authorised to do all such acts and things as they consider appropriate to give effect to the amendment of these rules, for awards made in 2005 and thereafter.

Ordinary Resolution:

13. THAT the Directors' Remuneration Report, as set out in the 2004 Report and Accounts, for the year ended 31 December 2004 be and is hereby approved.

Ordinary Resolution:

14. THAT, pursuant to the authority conferred by Article 117 of the Company's Articles of Association, the aggregate fees which Directors (other than any Director who for the time being holds an executive office) shall be paid by way of remuneration for their services as Directors be and is hereby increased from an amount not exceeding in aggregate £500,000 per annum to an amount not exceeding in aggregate £1,000,000 per annum.

Ordinary Resolution:

15. THAT the authorised share capital of the Company be and is hereby increased from

£179,625,000 to £204,625,000 and €25,000,000 by the creation of 100,000,000 undesignated sterling Preference Shares of £0.25 each (*sterling Preference Shares*) and 100,000,000 undesignated euro Preference Shares of €0.25 each (*euro Preference Shares*), having the rights set out in the revised Articles of Association proposed under Resolution 18.

Ordinary Resolution:
16. THAT, in substitution for all previous authorities conferred upon the Directors to allot relevant securities of the Company but without prejudice to the continuing authority of the Directors to allot relevant securities pursuant to an offer or agreement made by the Company before the revocation of the authority pursuant to which such offer or agreement was made, the authority conferred on the Directors by Article 10.1 of the Company's Articles of Association shall apply for the period commencing on the date of the passing of this Resolution and expiring on 25 April 2010 and for that period the section 80 amount shall be £41,296,625.

Special Resolution:
17. THAT, subject to the passing of Resolution 16 in the Notice of this Meeting, the power conferred on the Directors by Article 10.2 of the Company's Articles of Association shall apply for the period commencing on the date of passing of this Resolution and expiring on the expiry or termination of the authority conferred on the Directors pursuant to Resolution 16 in the Notice of this Meeting and for that period the section 89 amount shall be £5,265,325.

Special Resolution:
18. THAT the regulations in the form produced to the Annual General Meeting and initialled for the purposes of identification by the Chairman of the Meeting, be adopted as the new Articles of Association of the Company, in substitution for and to the exclusion of the existing Articles of Association of the Company, with effect from the conclusion of the Meeting.

Special Resolution:
19. THAT, pursuant to Article 53, the Company be and is hereby granted general and unconditional authority for the purposes of section 166 of the Companies Act 1985 to make one or more market purchases (within the meaning of section 163(3) of the Companies Act 1985) of ordinary shares of 25p each in its capital provided that:

a) the maximum aggregate number of ordinary shares hereby authorised to be purchased is 42,122,600 (representing 10% of the Company's issued ordinary share capital as at 31 December 2004);

b) the minimum price which may be paid for such shares is 25p per share (exclusive of expenses);

c) the maximum price (exclusive of expenses) which may be paid for an ordinary share is an amount equal to 105% of the average of the middle market quotations for an ordinary share in the Company as derived from the London Stock Exchange's Daily Official List for the five business days immediately preceding the date on which the ordinary share is purchased;

d) unless previously renewed, varied or revoked, the authority hereby conferred shall expire at the conclusion of the Company's next Annual General Meeting or 18 months from the date of passing of this Resolution, whichever is earlier; and

e) the Company may make a contract or contracts to purchase ordinary shares under the authority hereby conferred prior to the expiry of such authority which

will or may be executed wholly or partly after the expiry of such authority and may make a purchase of ordinary shares in pursuance of any such contract or contracts.

Special Resolution

20. THAT the contingent share purchase contract between the Company and The Northern Rock Foundation (a draft of which is produced to the Meeting and initialled by the Chairman for the purposes of identification), providing for the purchase by the Company of fully paid Foundation Shares in the share capital of the Company at such times and at such prices and in such numbers and otherwise on the other terms set out in such contract, be and is hereby approved and authorised generally (including, without limitation, for the purposes of sections 164 and 165 of the Companies Act 1985) but so that such approval and authority, unless previously renewed, varied or revoked, shall expire 18 months from the date of passing of this Resolution.

By order of the Board
Colin Taylor
Secretary
10 March 2005

Registered Office:

Notes

1. Registered members (shareholders) who are unable to attend the Meeting may appoint one or more proxies (who need not be a member of the Company) by:

(a) completing and returning the proxy form enclosed in this pack to the Company's Registrar at Capita IRG Plc, PO Box 40, Beckenham, Kent, BR3 4GD;

(b)(i) going to www.shareregistrars.northernrock.co.uk and following the instructions provided. Members will need the Investor Code printed on the form of proxy or form of direction accompanying this Notice; or

(ii) if you are a user of the CREST system (including CREST Personal Members), having an appropriate CREST message transmitted.

IMPORTANT: In any case your instructions or proxy form must be received by the Company's registrar no later than 11.30 am on Sunday, 24 April 2005.

Registered members who return completed proxy forms are not precluded, if they subsequently so wish, from attending and voting in person at the Meeting.

To appoint a proxy or to give or amend an instruction to a previously appointed proxy via the CREST system, the CREST message must be received by Capita Registrars (ID RA10) not later than 11.30am on Sunday, 24 April 2005. Such messages cannot be sent on weekends or on other days when the CREST system is closed (such as public holidays) or after 8.00pm. For this purpose, the time of receipt will be taken to be the time (as determined by the timestamp applied to the message by the CREST Applications Host) from which Capita Registrars is able to retrieve the message. After this time any change of instructions to a proxy appointed through CREST should be communicated to the proxy by other means. CREST Personal Members or other CREST sponsored members, and those CREST Members who have appointed voting service provider(s) should contact their CREST sponsor or voting service provider(s) for assistance with appointing proxies via CREST. For further information on CREST procedures, limitations and system timings, please refer to the CREST Manual. We may treat as invalid a proxy appointment sent by CREST in the circumstances set out in Regulation 35(5)(a) of the Uncertificated Securities Regulations 2001.

Further details on the appointment of proxies are given in the notes to the proxy form enclosed with this pack.

2. Items (a), (b) and (g) below are available for inspection at the registered office of the Company during normal business hours on any weekday (Saturdays, Sundays and public holidays excepted). Items (c) to (f) below are available for inspection at the registered office of the Company, and items (d), (e) and (f) are available at the offices of Freshfields Bruckhaus Deringer, 65 Fleet Street, London EC4Y 1HS, during normal business hours on any weekday (Saturdays, Sundays and public holidays excepted) from, in the case of item (c) and (e), the date of this Notice until (and including) the date of the Annual General Meeting and, in the case of items (d) and (f) from Monday, 11 April 2005 until (and including) the date of the Annual General Meeting. In addition all of the following will be available at the Marriott Gosforth Park Hotel,

Notes (continued)

High Gosforth Park from 10.30 am on the day of the Annual General Meeting and during the Meeting:

(a) copies of the Directors' service contracts;

(b) the register of the interests of the Directors and connected persons in the share capital of the Company;

(c) a statement containing particulars of loans and quasi-loans made by the Company in favour of the Directors and connected persons;

(d) the rules of the Northern Rock Bonus Matching Plan and the Northern Rock Deferred Bonus Plan, as proposed to be amended pursuant to Resolution 12 set out in this Notice;

(e) a copy of the existing Articles of Association of the Company together with a copy of the new Articles of Association proposed to be adopted by the Company pursuant to Resolution 18 set out in this Notice;

(f) a draft of the contract proposed to be entered into between the Company and The Northern Rock Foundation referred to in Resolution 20 set out in this Notice and relating to the purchase of Foundation Shares by the Company from The Northern Rock Foundation; and

(g) copies of the terms and conditions of appointment of the Non-Executive Directors.

3. Only those shareholders on the register of members as at 11 pm on 24 April 2005 shall be entitled to attend or vote at the Annual General Meeting in respect of the number of shares registered in their name at that time. Changes to entries on the register of members after 11 pm on 24 April 2005 will be disregarded in determining the rights of any person to attend or vote at the Meeting.

Explanatory Notes

Resolution No. 1: Report and Accounts
The Directors must present to shareholders at the Annual General Meeting the Report of the Directors and the Accounts of the Company for the year ended 31 December 2004. The Report of the Directors, the Accounts, and the Report of the Company's Auditors on the Accounts are contained within the Annual Report and Accounts and, in an abbreviated form, in the Summary Financial Statement.

Resolution No. 2: Declaration of final dividend
Final dividends must be declared by shareholders, but must not exceed the amount recommended by the Directors. By passing this Resolution, shareholders may declare the final dividend of 18.0 pence per ordinary share recommended by the Directors.

Resolution Nos. 3 to 9: Election and re-election of Directors
The Company's Articles of Association require that all Directors should be subject to re-election at intervals of no more than three years. In accordance with the Articles of Association, David Frank Baker, Robert Frederick Bennett and Dr Matthew White Ridley are retiring by rotation.

All the retiring Directors offer themselves for re-election.

The Senior Independent Director confirms that following rigorous formal performance evaluation, Dr Matthew White Ridley's performance continues to be effective and he continues to demonstrate commitment to the role.

In addition Michael James Queen and Rosemary Anne Radcliffe have been appointed to the Board as additional Non-Executive Directors since the date of the last Annual General Meeting and are also seeking election at the Meeting. Michael James Queen and Rosemary Anne Radcliffe have an appropriate range of skills and experience to make an effective contribution to the activities of the Company.

Keith McCallum Currie and Andy Menze Kuipers have also been appointed to the Board as additional Executive Directors since the date of the last Annual General Meeting and are also seeking election at the Meeting.

Information on the Directors seeking election and re-election at the Meeting is to be found in the Appendix to this Notice.

Resolution Nos. 10 and 11: Re-appointment and Remuneration of auditors
It is a requirement that the auditors of a company are re-appointed at each general meeting at which accounts are presented. Following a formal recommendation by the Audit Committee that PricewaterhouseCoopers LLP should be re-appointed, Resolution 10 therefore, proposes their re-appointment as the Company's auditors for a further year. In accordance with standard practice, Resolution 11 proposes that the Directors be authorised to determine the auditors' remuneration.

Resolution No. 12: Approval of a performance condition for the Bonus Matching Plan and Deferred Bonus Plan
Resolution 12 seeks shareholder approval for the imposition of a corporate performance condition on the release of awards under two of the Company's employee share schemes – the Bonus Matching Plan and the Deferred Bonus Plan. The performance condition will require the Company to achieve average real earnings per share growth of at least 3% per annum over the three financial years prior

to release of awards. If this Resolution is approved, awards under these schemes in 2005 and future years will be subject to this performance condition. The Remuneration Committee, which operates both schemes, has concluded that the imposition of this performance condition is appropriate in light of developments in best practice and institutional shareholder guidelines.

Under the Bonus Matching Plan Executive Directors, and other senior executives invited by the Remuneration Committee to participate, are entitled to elect for all or part of the after-tax amount of their annual cash bonus to be used to acquire ordinary shares in the Company (*shares*) which will be held for a period of three years; alternatively they may elect to deposit their own shares with an aggregate value not exceeding the cash amount of the after-tax bonus. The shares acquired or deposited will be eligible for additional "matched" shares at the end of the three-year period, provided the participant has remained an employee of the Northern Rock Group. The plan is designed to achieve one-for-one matching on an after-tax basis. As the participant's shares are invested in the plan on an after-tax basis, but the matched shares only attract income tax if and when they are released from the plan, the number of matched shares is increased (by reference to income tax rates at the time the matching shares are initially awarded) to reflect the fact that they will attract tax if and when they are released. The beneficial ownership of the matched shares transfers to the participant on the grant of an award, but they will be forfeited if the participant ceases to be entitled to these shares except in certain "good leaver" circumstances. The participant will be entitled to any dividends paid on his matched shares during the restricted period. Subject to Resolution 12 being duly passed, for 2005 and future years, the release of matched shares will be subject to the performance condition described above.

Under the Deferred Bonus Plan (which is an element of the short term bonus scheme), the Remuneration Committee may grant to Executive Directors and other executives who receive a cash bonus under that scheme an award of shares with a pre-tax value equal to the pre-tax value of his cash bonus. A participant who is granted an award must normally continue to hold these shares and remain an employee of the Northern Rock Group for a period of three years from the date of the award in order to retain the full number of shares so granted to him, although shares will be released earlier in certain "good leaver" circumstances. Subject to Resolution 12 being duly passed, for 2005 and future years, the release of any deferred share awards will be subject to the performance condition described above.

Under both schemes, the performance condition will not apply where awards are released automatically on a participant's death. In other circumstances where awards are released before the end of the three year period (notably on a change of control of the Company and in certain "good leaver" circumstances), the performance condition will be applied at the earlier time, but the Remuneration Committee will have discretion to adjust the vesting level if it considers that the performance condition would have been met to a greater or lesser extent at the end of the full three year period.

The rules of both schemes are available for inspection as described above.

Explanatory Notes (continued)

Resolution No. 13: Approval of the Directors' Remuneration Report

The Directors' Remuneration Report Regulations 2002 require that the Directors' Remuneration Report of listed companies be put to a shareholder vote each year. The shareholder vote will be advisory only.

The Board is therefore asking shareholders to approve the Directors' Remuneration Report as set out on pages 18 to 31 of the 2004 Report and Accounts of the Company at the Annual General Meeting this year.

Resolution No. 14: Non-Executive Directors' fees

This resolution relates to the remuneration of the Non-Executive Directors and the Chairman and does not include remuneration of Executive Directors, who have a salaried employment. The Articles of Association stipulate that the remuneration payable to Non-Executive Directors for their services as Directors is to be determined by ordinary resolution of the Company. The Company approved an aggregate limit for Non-Executive Directors' fees of £500,000 per annum in 1997. Since that date and in accordance with the authority then given, the Directors have determined annually the remuneration of the Non-Executive Directors. This Resolution continues that process subject to an increased limit of £1 million per annum to facilitate the appointment of additional Non-Executive Directors as part of the process of board succession outlined in the Annual Report and Accounts on page 15 and to ensure that fees payable to Non-Executive Directors going forward are commensurate with the workload expected of them.

Resolution No. 15: Preference Shares

Preference Shares are a form of share capital which carry an entitlement to the payment of a dividend at a specified fixed or floating rate and rank in priority to ordinary shares for the payment of such dividends and the repayment of capital. At present, the Company only has ordinary shares and Foundation Shares in issue. The resolution provides for the creation of £25,000,000 nominal of undesignated sterling Preference Shares and €25,000,000 nominal of undesignated euro Preference Shares.

The Financial Services Authority requires that banks maintain a certain level of capital backing for their operations. The Company is well capitalised, but as it grows and expands, further capital will be required. The Preference Shares will only be issued on terms that qualify them as capital for Financial Services Authority purposes. Accordingly, an issue of Preference Shares has the advantage for the Company and shareholders of enabling the Company to raise capital without significantly diluting the interests of ordinary shareholders.

The Directors will consider issuing up to £1,000 of Preference Shares to enable the re-classification of Upper Tier 2 capital as debt under newly introduced International Financial Reporting Standards. Otherwise, the Directors have no immediate plans to issue any other series of Preference Shares. However, it wishes to obtain the necessary approvals from shareholders so as to enable issues to be made (should it be desirable and should suitable market conditions arise) at short notice and without the need to convene an extraordinary general meeting of the Company which would be both costly and time consuming.

Accordingly, this Resolution will increase the share capital of the Company by a percentage of 23.6%, based on an exchange rate on 24 February 2005 of £1:€1.4388. Resolutions 15 and 16 grant to the Directors authority to issue

the Preference Shares for a period of five years and alter the Articles of Association of the Company so as to incorporate the Preference Share rights.

The detailed rights of the Preference Shares (including whether or not they will be redeemable) will be decided by the Board at the time of issue, having regard to the Company's requirements and the prevailing market conditions. The Preference Shares may be issued in a number of series which may have similar or different rights.

However, the Preference Shares will only have the right to participate in dividends and the capital of the Company to a specified extent. The preference shareholders' dividend entitlement may be either to a fixed rate dividend or to a dividend which is periodically reset, depending on market conditions, and may be either cumulative or non-cumulative. The preference shareholders will have the right, in the event of a winding up of the Company, to have the capital they invested repaid in priority to ordinary shareholders. If a particular series of Preference Shares are redeemable, then they will be redeemable for an amount equal to the amount paid for them on issue.

As is customary in the case of Preference Shares, the new shares will carry no right to vote at general meetings of the Company except in special circumstances, for example when their preferential dividend is in arrears. The number of votes attaching to Preference Shares in these circumstances will be fixed by the Directors at the time of their allotment. In addition, the holders will have the usual right to vote at class meetings on matters affecting their class rights.

The Board strongly believes that it is in the interests of the Company that the Preference Shares be authorised and recommends shareholders to approve the proposal.

Resolution No. 16: Allotment of shares

Under the Companies Act 1985, the Directors of the Company may only allot unissued shares of the Company or certain rights to acquire such shares (*relevant securities*) if authorised to do so by the members in general meeting. There are concerns that the existing authority (the *existing section 80 authority*), which was conferred on 29 April 2003, will be revoked by implication by the adoption of new articles of association under Resolution 18. Therefore, for the avoidance of doubt, the Board is seeking to replace the existing section 80 authority with a new authority to allot relevant securities up to an aggregate nominal amount of £41,296,625. This amount represents the aggregate amount required to allot (a) relevant securities equivalent to a further one-third of the Company's total ordinary share capital in issue as at 24 February 2005, and (b) the number of additional Foundation Shares which the Company may be required to issue consequent upon the allotment referred to in (a). The authority sought by this Resolution will last for a period of 5 years. The Directors intend to seek renewal of this authority, as appropriate, at subsequent Annual General Meetings. The Directors will consider issuing up to £1,000 of Preference Shares to enable the re-classification of Upper Tier 2 capital as debt under newly introduced International Financial Reporting Standards. The Directors also intend to issue relevant securities under the employee share scheme, which are not subject to the above statutory restrictions. Otherwise, there are presently no plans to allot any other relevant securities.

Resolution No. 17: Disapplication of pre-emption rights

The Directors were empowered on 29 April 2003 to make limited allotments of unissued equity shares of the Company or certain rights to acquire such shares (*equity securities*) for cash other than in accordance with the statutory pre-emption rights, which require a company to offer all allotments of equity securities for cash proportionately to existing shareholders first (the *existing section 89 disapplication*). By revoking the existing section 80 authority, the existing section 89 disapplication will automatically be revoked. Therefore, the Directors are seeking to renew this power. This will continue to provide the Directors with the flexibility to act in the best interests of shareholders when opportunities arise, so that:

(a) the Company can follow normal practices in the event of a rights issue, and

(b) equity securities may be issued wholly for cash (other than pursuant to a rights issue) up to a maximum of 5 per cent of the Company's total ordinary share capital in issue as at 24 February 2005.

There are presently no plans to allot equity securities wholly for cash otherwise than in connection with the employee share schemes. Shares allotted under an employee share scheme are not subject to statutory pre-emption rights.

The power sought by this Resolution will last until the expiry or termination of the authority conferred on the Directors pursuant to Resolution 16 above. The Directors intend to seek renewal of this power, as appropriate, at subsequent Annual General Meetings.

Resolution No. 18: Amendments to the Articles of Association

Three amendments to the Articles of Association are proposed:

i) Article 8A—Preference Shares
As described in Resolution 15 the new Articles of Association will contain an Article 8A which reflects the creation of Preference Shares.

ii) Article 117—Non-Executive Directors' remuneration.
As described in Resolution 14 the new Articles of Association will contain an amended Article 117 which reflects the increase in the authorisation of Non-Executive Directors' fees from £500,000 per annum to £1,000,000 per annum.

iii) Article 117A—Non-Executive Directors.
Since the Company's current Articles of Association were revised in 2002 there have been changes to the law which have relaxed the restrictions on companies from giving indemnities to their directors. The introduction of the new article 117A is necessary to allow the Company the flexibility to take advantage of this amendment in the law, by allowing the Board the authority to execute direct contractual arrangements with Non-Executive Directors, including the provision of indemnities for Non-Executive Directors in respect of liabilities incurred in the performance of their duties, without the need to convene an extraordinary general meeting of the Company which would be both costly and time consuming.

Copies of the proposed new Articles and the existing Articles are available for inspection as described in the Notes on page 7 of this Notice.

Resolution No. 19: Authority to purchase own ordinary shares

This Resolution, which will be proposed as a special resolution, renews the authority granted at last year's Annual General Meeting which expires on the date of the Company's forthcoming Annual General Meeting. The Resolution seeks to give the Company authority to make market purchases of up to an

aggregate of 42,122,600 ordinary shares of 25 pence each (10% of the issued ordinary shares at 31 December 2004) at a price not exceeding 105% of the middle market quotation of the ordinary shares in the 5 business days preceding such purchase, but at a price not below 25 pence per ordinary share.

Purchases will only be made on the London Stock Exchange and only in circumstances where they are, in the opinion of the Directors, in the best interests of the Company. Such purchases will be financed out of distributable profits and will only be made in circumstances which, in the opinion of the Directors, should result in an improvement in earnings per share. Any ordinary shares purchased in this way will be cancelled and the number of ordinary shares in issue will be accordingly reduced.

As at 31 December 2004 no market purchases of shares had been made under the authority given at last year's Annual General Meeting pursuant to which the Company was authorised to purchase up to 42,122,600 ordinary shares. If Resolution 19 is approved, the Company will be authorised to purchase up to 42,122,600 ordinary shares. Your Directors do not have any current intention of invoking the authority to purchase these shares. If given, this authority will expire at the conclusion of the Company's next Annual General Meeting or 18 months from the date of passing of this Resolution, if earlier. The Directors intend to seek renewal of this power at subsequent Annual General Meetings.

The total number of options and warrants to subscribe for ordinary shares that are outstanding at 24 February 2005 (being the latest practicable date prior to publication of this document) is 11,990,664 representing approximately 2.85% of the existing issued share capital of the Company. If the Company fully exercises the current authority to purchase its own ordinary shares, this will increase the proportion of options and warrants to subscribe for ordinary shares that are outstanding at the date given above as a percentage of issued capital to 3.16%. If the renewal of the authority for the Company to purchase its own ordinary shares which is being sought at the Annual General Meeting is approved by shareholders and that authority is also fully exercised, this will also increase the proportion of options and warrants to subscribe for ordinary shares that are outstanding at the date given above as a percentage of issued capital to approximately 3.16%.

Resolution No. 20: Approval of a contingent share purchase contract and authority to purchase Foundation Shares

This Resolution authorises and approves the execution of the contingent share purchase contract proposed to be entered into between the Company and The Northern Rock Foundation (the *Foundation*) in relation to the off-market sale and purchase of Foundation Shares. Any such sales and purchases will only be made after the Company has made market purchases of ordinary shares and in order to maintain the Foundation's shareholding at just under 15% of the issued share capital of the Company

This Resolution proposes the approval of a contingent share purchase contract with the Foundation to permit purchases of a proportionate number of Foundation Shares at a price per share equal to the average price paid for any ordinary shares acquired by the Company. The Company nevertheless reserves the right to proceed with a purchase of ordinary shares even if no Foundation Shares are purchased.

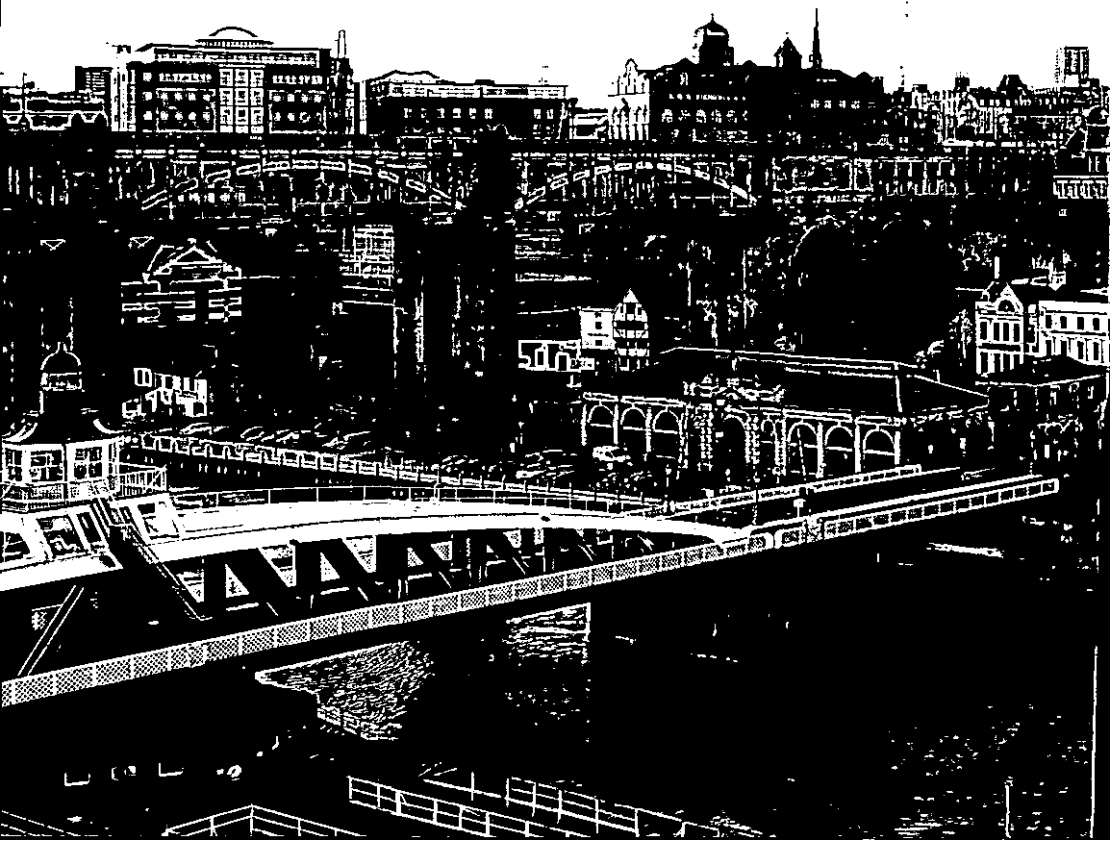
Appendix

Information about Directors proposed by the Board for election and re-election.

Dr Matthew White Ridley, BA, D.Phil
Matt Ridley (aged 47), was appointed Chairman of the Company on 27 April 2004. He was appointed as a Non-Executive Director of Northern Rock plc in November 1996 having previously joined the Board of Northern Rock Building Society on 1 June 1994. Dr Ridley is an author and businessman who also holds other Non-Executive Directorships which include Northern Investors Company PLC, Northern 2 VCT plc and P A Holdings Limited. He is Chairman of both the Nominations and Chairman's Committees.

David Frank Baker, BSc, FCIB
David Baker (aged 51) was appointed as the Company's Chief Operating Officer in January 2001. He became an Executive Director of Northern Rock Building Society in January 1996 and was appointed as an Executive Director of Northern Rock plc in October 1996. He is a Fellow of the Chartered Institute of Bankers. In his present role he is responsible for the direction and management of the Company's operations and in particular, Retail Savings, Credit, Customer Services, Personnel, Premises and Legal and Compliance. Mr Baker is Chairman of The Newcastle Employment Bond Limited and a Trustee of the University of Newcastle upon Tyne Development Trust. Mr Baker is a Member of both the Chairman's and Risk Committees.

Robert Frederick Bennett, FCA, ACMA, IPFA
The Group Finance Director, Bob Bennett (aged 57), is a Chartered Accountant. He became an Executive Director of Northern Rock Building Society in November 1993 and was appointed as an Executive Director of Northern Rock plc in November 1996. In his present role, he is responsible for Finance, Treasury, Securitisation, Internal Audit, Risk Management and Institutional Relations. Mr Bennett is also a Trustee of the Northern Rock Pension Scheme and a Non-Executive Director of Greggs plc. Mr Bennett is a Member of both the Chairman's and Risk Committees.



Keith McCallum Currie
Keith Currie, (aged 48) was appointed to the Board as an Executive Director in January 2005. Mr Currie is responsible for the management of the Company's Group Treasury function including liquidity, wholesale funding, derivative portfolios and the management of the Company's securitisation funding and covered bond programmes. Mr Currie is a Member of the Chairman's Committee.

Andy Menze Kuipers
Andy Kuipers (aged 47), was appointed to the Board as an Executive Director in January 2005. He is responsible for the Group's sales, marketing, products and new mortgage loans processing. Mr Kuipers is a Member of the Chairman's Committee.

Michael James Queen, BA, FCA
Michael Queen (aged 43) is the Finance Director of 3i Group PLC. He was appointed to the Board as a Non-Executive Director in January 2005. Mr Queen is a Member of both the Audit and Remuneration Committees.

Rosemary Anne Radcliffe, CBE, MA, MPhil, FIMC
Rosemary Radcliffe (aged 60) was appointed to the Board as a Non-Executive Director on 1 March 2005. She is currently the Chairman of NIAL Holdings PLC and Newcastle International Airport Limited. Until July 2001, she was PricewaterhouseCooper's Chief Economist, and served as a member of PwC's Global Board. She also acted as the first independent Complaints Commissioner for the Financial Services Authority. Miss Radcliffe is currently a member of the Remuneration and Risk Committees.

Kindly Note: This form is issued only to the addressee(s) and is specific to the unique Investor Code printed hereon. This form is not transferable between different shareholders. Neither the Company nor Capita IRG Plc accept any liability for any instruction that does not comply with these conditions.

If you wish to attend in person or have appointed a proxy to attend on your behalf please retain the enclosed attendance card for inspection.

Please fold this form once only along the mark indicated and return, using the pre-paid envelope provided. Alternatively you may choose to appoint your proxy electronically (see note 9 overleaf).

NORTHERN ROCK PLC
BONUS MATCHING PLAN

RECEIVED
2006 SEP 21 A 8:28
INTERNATIONAL
CORPORATE FINANCE

RULES

This Bonus Matching Plan is intended to encourage Participants to stay with the Group and to identify with the interests of shareholders by investing some of their own funds in the Company. An individual who receives a Bonus under the Company's short term cash bonus scheme may elect for all or part of the after-tax amount of his Bonus to be used to acquire Shares which will be deposited for a period of three years under the terms of this Plan as set out below. Alternatively, the Participant may deposit Shares of equivalent value. On joining the Plan the Participant will also become conditionally entitled to a number of additional Shares. At the end of the three-year period, provided the Participant has remained an employee of the Group, the deposited Shares will be released to the Participant together with the additional Shares.

For Bonus Matched Awards granted in or after 2005, entitlement to Shares under the Award will be dependent on the satisfaction of a performance condition, as set out in the Schedule to these rules.

1. DEFINITIONS

1.1 In these rules, unless the context otherwise requires, the following expressions shall have the following meanings respectively:

Award shall mean a Bonus Matching Award and the Bonus Matched Award linked to that Bonus Matching Award;

Bonus shall mean a cash bonus payable under the Scheme;

Bonus Matched Award shall mean a conditional award of additional Shares linked to a Bonus Matching Award, made under rule 2.3 and, subject to rules 3.1(f) and (g), released in accordance with rule 3.1(e) of the Plan;

Bonus Matching Award shall mean an award of Shares made under rule 2.1 of this Bonus Matching Plan;

Committee shall mean the remuneration committee of the Company or another appropriate committee of the board of the Company;

Company shall mean Northern Rock plc;

Control shall have the meaning given to it by section 840 of the Income and Corporation Taxes Act 1988;

Custodian means, in respect of Shares held in uncertificated form, the nominee holder appointed by the Company from time to time;

Employees' Share Scheme shall have the meaning given to it by section 743 of the Companies Act 1985 (being a scheme for encouraging or facilitating the holding of Shares by employees of the Group);

Grant Date shall mean the date on which an Award is made by the Committee under rule 2.6;

Grant Letter shall mean the notification to a Participant setting out the terms of an Award;

Gross Amount of Bonus shall mean the amount of Bonus elected by a Participant under rule 2.1 to be received as a Bonus Matching Award (prior to the deduction of tax thereon);

Group shall mean the Company and the Subsidiaries, and ***member of the Group*** shall be construed accordingly;

Participant shall mean an individual participating in the Plan;

Performance Condition means the performance condition in relation to Bonus Matched Awards as set out in the Schedule to these rules;

Performance Period means, in respect of any Bonus Matched Award (granted in or after 2005), the period of three years commencing on the first day of the financial year in which the Grant Date falls;

Plan shall mean the Northern Rock Bonus Matching Plan;

Restricted Period in relation to a Bonus Matching Award, shall mean the period specified in rule 3.1(b);

the Scheme shall mean the short term cash bonus scheme operated by the Company (but excluding for these purposes the Northern Rock plc Deferred Bonus Plan);

the Secretary shall mean the Secretary of the Company, or some other person nominated by the Committee;

Share shall mean an ordinary share in the capital of the Company (or any other shares representing those shares following any reorganisation of the share capital of the Company);

Subsidiary shall mean any company which at the time qualifies as a subsidiary of the Company under section 736 of Companies Act 1985; and

Trustee shall mean Carey Trustees Limited or other trustee or trustees from time to time of the Northern Rock Employee Trust.

1.2 References to any statute or statutory instrument or to any part or parts thereof include any modification, amendment or re-enactment thereof for the time being in force.

1.3 Words of the masculine gender shall include the feminine and vice versa and words in the singular shall include the plural and vice versa unless in either case the context otherwise requires or is otherwise stated.

Bonus Matching Awards

2.1 Following the notification of the amount of any cash Bonus payable under the Scheme, each Participant may be invited by the Committee to elect (in such proportions as the Participant selects) to:

(a) receive all or part of the cash amount of Bonus (after deduction of income tax at the Participant's marginal rate and employees' national insurance contributions, if any) as a Bonus Matching Award; and/or

(b) provide his own Shares with an aggregate value no greater than the cash amount of Bonus (after deduction of income tax at the Participant's marginal rate and employees' national insurance contributions, if any) to comprise a Bonus Matching Award.

2.2 To the extent that:

(a) a Participant elects to receive a Bonus Matching Award using his cash Bonus, the Committee shall arrange to purchase on the London Stock Exchange that number of Shares which can be purchased with the after-tax cash amount available under rule 2.1. For this purpose:

(i) the Committee shall, subject to rule 2.6, have absolute discretion as to when the Shares to comprise a Bonus Matching Award are purchased (and the Committee shall consult with the Company's Brokers and the Group Finance Director or Secretary on the timing of purchases) PROVIDED THAT, unless impracticable, all the Shares required to satisfy Bonus Matching Awards for all Participants shall be purchased on the same dealing day; and

(ii) the Bonus Matching Award shall comprise the nearest whole number of Shares that can be acquired with the amount in rule 2.1 above. Any sum remaining following the acquisition of the Shares shall be paid in cash to the Participant.

(b) a Participant elects to provide his own Shares, the number of Shares that shall comprise the Bonus Matching Award shall be determined by the Committee by reference to the closing price of a Share on the London Stock Exchange on the Grant Date. Shares registered in the name of a Participant's spouse or minor child or in the name of the trustees of a trust of which the Participant, his spouse or minor children are amongst the beneficiaries may, subject to the consent of the Remuneration Committee, also be used by a Participant to comprise his Bonus Matching Award.

Bonus Matched Awards

2.3 Whenever the Committee grants a Bonus Matching Award, it shall also grant a Bonus Matched Award to acquire such maximum number of Shares, subject to these rules, as the Committee shall specify at the time of grant. Such maximum shall not exceed that number of Shares which could be acquired (by reference to their market value at the Grant Date) with the amount (before deduction of tax) of the Bonus elected by the Participant to be used to acquire Bonus Matching Award Shares. Save to the extent that the Committee arranges to satisfy Awards with Shares held by the Trustee, the Committee shall arrange to purchase on the London Stock Exchange the number of Shares required to satisfy Bonus Matched Awards, and any Shares so acquired shall be beneficially owned by the Participant subject to these rules. For this purpose the Committee shall have absolute discretion as to when the Shares to comprise Bonus Matched Awards are purchased (and the Committee shall consult with the Company's Brokers and the Group Finance Director or Secretary on the timing of purchases). Any member of the Group may provide money for the purpose of acquiring Shares to satisfy Bonus Matched Awards. All necessary Shares shall be purchased prior to the grant of Bonus Matched Awards.

2.4 The making of a Bonus Matched Award shall constitute a transfer of beneficial ownership to the Participant of the Shares comprised in that Bonus Matched Award.

2.5 Except as otherwise provided in these rules, the Shares which the Participant may acquire under the Bonus Matched Award will only be released to the Participant at the end of the Retention Period if the Performance Condition as set out in the Schedule to these rules has been satisfied.

Grant Procedure

2.6 As a condition of receiving a Bonus Matched Award, each Participant shall be deemed to have authorised the Company to take such steps with the nominee holder as are necessary to ensure the Participant's Shares are not disposed of until the end of the Restricted Period.

2.7 The Award shall be granted by the Committee within 28 days of the Participant's election to receive the Award unless the making of the Award would be prohibited by law or the Model Code for Securities Transactions by Directors of Listed Companies (or the Company's dealing rules). If at the end of the 28-day period such prohibition remains in force, the Committee shall invite the Participant to reconsider whether he wishes to elect to receive an Award or whether he wishes to receive all of his Bonus in cash.

2.8 Each Award shall be evidenced by a Grant Letter which shall be signed on behalf of the Company.

2.9 Nothing in these rules or in a Participant's contract of employment shall be construed as giving to any Participant a right to receive, or be considered for, an Award. Neither an Award nor the Shares to which it relates shall be pensionable for any purpose.

3. TERMS OF AWARDS

3.1 The main terms of each Award (which shall be set out or referred to in the Grant Letter) shall be as follows:

(a) **Number of Shares** - The Grant Letter shall state the number of Shares comprised in the Bonus Matching Award and the Bonus Matched Award. The Grant Letter will set out the Performance Condition to which the Bonus Matched Award will be subject.

(b) **Restricted Period** - The Restricted Period in relation to a Bonus Matching Award and Bonus Matched Award shall commence on the Grant Date and shall (unless foreshortened pursuant to these rules) expire on the third anniversary thereof (or, in relation to the Bonus Matched Award, such later date on which the result of the Performance Condition can be determined). During the Restricted Period, the Participant shall not sell, transfer, pledge, assign or otherwise dispose of all or any Shares comprised in the Bonus Matching Award or Bonus Matched Award unless (in relation to his Bonus Matching Award only) he gives written notice to the Secretary that (i) he wishes to have all or any of such Shares transferred to him or sold on his behalf (and in that event the Shares comprised in the corresponding Bonus Matched Award shall be automatically forfeited on a pro rata basis), or (ii) he wishes to use all or any of such Shares as security for a loan (and in that event the Committee may consent to such use of the Shares, on terms that the corresponding Bonus Matched Award shall be forfeited on a pro rata basis in the event that the lender realises its security over the Shares). Save as provided, any attempt by the Participant to sell, transfer, pledge, assign or otherwise dispose of such Shares or any interest therein shall result in the automatic forfeiture of the Shares comprised in the corresponding Bonus Matched Award.

(c) **Rights of Participant during Restricted Period** - The beneficial interest in the Shares comprised in a Bonus Matching Award and Bonus Matched Award shall pass to the Participant on the Grant Date. During the Restricted Period, the Participant shall be entitled to receive all dividends payable in respect of the Shares comprised in a Bonus Matching Award and Bonus Matched Award, and shall have the rights commonly enjoyed by a beneficial owner of Shares irrespective of the subsequent forfeiture of Shares comprised in a Bonus Matched Award.

(d) **Registration and Custody of Shares** - The Participant will be registered as the beneficial owner of the Shares comprised in a Bonus Matching Award and Bonus Matched Award (or, subject to the consent of the Remuneration Committee, the beneficial owner shall be registered as his spouse or minor child or the trustees of a trust of which the Participant, his spouse or minor children are amongst the beneficiaries, and where Shares are so

registered the definition of ***Participant*** shall be construed accordingly).

(e) **Lapse of Restrictions** - Within 14 days following the expiry of the Restricted Period, the Company shall take such steps as are necessary (including notification of the Custodian and the Participant) to ensure that the Shares cease to be subject to any restrictions.

(f) **Termination of Employment** - In the event that the Participant ceases to be an employee of a member of the Group during the Restricted Period, and subject to the satisfaction of the Performance Conditions in relation to the Bonus Matched Award (unless the Committee determines otherwise):

(i) by reason of death, the Shares comprised in the Bonus Matching Award and the Bonus Matched Award shall be released in full to the Participant's personal representatives;

(ii) by reason of injury, disability, ill-health or retirement on or after normal retirement age (or early retirement with the consent of the Board), (aa) the Bonus Matching Award shall continue in force until the end of the Restricted Period, at which time the Shares comprised therein shall be released in full, and (bb) the Bonus Matched Award shall continue (as though the Participant had remained in employment) until the end of the Restricted Period at which time the Shares comprised therein shall be released; and

(iii) for any other reason than in (i) or (ii) above, the Shares comprised in the Bonus Matching Award shall be released to the Participant (and the Shares comprised in the Bonus Matched Award shall automatically be forfeited) unless the Committee determines in its absolute discretion that the Award should be treated in accordance with (ii) above.

(g) **Change of Control** - If any person:

(i) obtains Control of the Company as a result of making an offer to acquire Shares which is either unconditional or is made on a condition such that if it is satisfied the person making the offer will have Control of the Company;

(ii) becomes bound or entitled to acquire Shares under sections 428 to 430F of the Companies Act 1985; or

(iii) obtains Control of the Company in pursuance of a compromise or arrangement sanctioned by the Court under section 425 of the Companies Act 1985, then the Shares comprised in the Bonus Matching Award (or the proceeds of sale thereof if the Committee thinks fit) shall be released within 30 days of the relevant event. The Performance Condition applying to Matched Awards shall be tested as at such date prior to the change of Control as the Committee concludes to be appropriate. The number of Shares subject to a Bonus Matched Award to be released will be determined accordingly ***provided that*** the Committee shall have discretion to adjust the vesting level if it believes that the Performance Condition would have been met to a greater or lesser extent at the end of the Performance Period.

(h) **Forfeiture of Shares comprised in the Bonus Matched Award** – In the event of all or some of the Shares comprised in a Bonus Matched Award being forfeited under the rules of the Plan, such Shares shall be transferred, pursuant to the authority contained in rule 2.5, to the Trustee or such other person as the Company shall nominate.

4. ADJUSTMENTS

4.1 In the event of any capitalisation issue, rights issue or sub-division or consolidation of or other variation in the ordinary share capital of the Company the Participant shall, in respect of both his Bonus Matching Award and Bonus Matched Award be treated in the same manner as any other holder of Shares, save that (unless the Committee determines otherwise):

(a) in the event of a rights issue in respect of Shares, the Participant shall be required to sell sufficient rights nil-paid (at such time during the rights issue as the Committee thinks fit) as will enable the Participant to acquire with the proceeds of sale the remainder of his rights entitlement PROVIDED THAT the Participant may elect to take up in a personal capacity the rights that would have been sold (and such Shares shall not be subject to this Plan) subject to the Participant providing sufficient funds to give effect to his obligation under the first part of this sub-paragraph (a);

(b) in the event of receipt of cash (other than dividends paid in the normal course) or securities (other than Shares) in respect of Shares (on a demerger or other reorganisation of the share capital of the Company), the Participant shall be required to apply that cash (or the proceeds of sale of such securities), after allowing for tax thereon, in the purchase of further Shares; and

(c) the Participant shall deposit with the Secretary for the remainder of the Restricted Period the certificates in respect of Shares or other securities received in connection with the relevant event.

5. SOURCE OF SHARES

5.1 Unless the Committee invokes this rule, Shares required to satisfy the rights of Participants with respect to Awards shall be purchased on the London Stock Exchange. However, notwithstanding rule 2.2, the Committee may permit subscriptions of Shares to satisfy the rights of Participants with respect to Awards. The aggregate number of Shares which may be issued for such purposes, when added to the number of Shares issued or issuable pursuant to subsisting rights to subscribe for Shares granted under any other Employees' Share Scheme established by the Company, shall not exceed on the date of subscription:

(a) 5% of the issued ordinary share capital of the Company at that date in respect of rights under this Plan and any other Employees' Share Schemes granted in the preceding 10 years; or

(b) 3% of the issued ordinary share capital of the Company at that date in respect of rights under this Plan and any other Employees' Share Schemes granted in the preceding 3 years.

References to issues of Shares shall, for the avoidance of doubt, only include arrangements under which Shares are newly allotted and issued.

6. ADMINISTRATION

6.1 The rights and obligations of any Participant under the terms of his office or employment shall not be affected by his participation in the Plan, and each Participant shall be deemed to waive all and any rights to compensation or damages in consequence of the termination of his office or employment for any reason whatsoever insofar as those rights arise or may arise from his ceasing to have rights hereunder as a result of such termination or from the loss or diminution in value of such rights or entitlements.

6.2 All Share certificates and other communications relating to the Plan shall be sent at the Participant's risk.

6.3 Any liability of a Participant to taxation (including, without limitation, income tax and National Insurance Contributions) in respect of an Award shall be for the account of the relevant Participant, and the Participant shall comply with any arrangements specified by the Company for the payment of taxation (including, without limitation, the sale of sufficient Shares to enable the Company to satisfy its obligations in respect of deduction of taxation at source).

7. GENERAL

7.1 The Company reserves the right to terminate the Plan or amend these rules at any time PROVIDED THAT no amendment shall operate to affect adversely any right already acquired by a Participant.

7.2 The Plan shall constitute an Employees' Share Scheme so that financial assistance provided by the Company or its subsidiaries for those purposes shall be lawful by reason of section 153(4)(b) of the Act.

7.3 The Company shall bear all dealing costs and stamp duty relating to the purchase of Shares under the Plan.

7.4 These rules shall be governed by and construed in accordance with English law.

Performance Condition for Bonus Matched Awards

1.1 Save as otherwise permitted under these rules, a Bonus Matched Award shall not be released to a Participant unless the Performance Condition as set out in paragraph 1.2 below is satisfied.

1.2 The Performance Condition is that the Company's average real earning per share growth (***EPS***) is at least 3% per annum over the relevant Performance Period.

1.3 For the purposes of paragraph 1.2, EPS shall be calculated on any basis as the Committee may decide from time to time. The Committee may make any adjustments to the method of calculating EPS or any other feature of this Schedule as it considers appropriate to take account of any change to accounting standards or practices affecting the calculation of EPS, or any other factors considered by the Committee to be relevant.

1.4 If the Performance Condition in 1.2 above is satisfied then the Shares under a Bonus Matched Award shall be released to the Participant.

NORTHERN ROCK PLC
DEFERRED BONUS PLAN

RECEIVED
2006 SEP 21 A 8:28
OFFICE OF INTERNATIONAL

RULES

The Plan is intended to encourage Participants to stay with the Group and to identify with the interests of shareholders by holding Shares. An Executive who receives a bonus under the Company's short term cash bonus scheme may, at the absolute discretion of the Committee, be granted an Award of Shares under the Plan with a pre-tax value equal to the pre-tax value of his bonus under the Bonus Scheme. Executives who are Executive Directors of the Company shall be entitled to receive such an Award in any year in which the Committee operates the Plan. An Executive who is granted an Award pursuant to the Plan must normally continue to hold these Shares and remain an employee of the Group for a period of three years from the Grant Date in order to retain the full number of the Shares so granted to him.

For Awards granted in or after 2005, entitlement to Shares under the Award will be dependent on the satisfaction of a performance condition, as set out in the Schedule to these rules.

DEFINITIONS

1.1 In these rules, unless the context otherwise requires, the following expressions shall have the following meanings respectively:

Award shall mean an award of Shares made under rule 2 of this Plan;

Board shall mean the board of directors of the Company;

Bonus Scheme shall mean the short term cash bonus scheme operated by the Company;

Committee shall mean the remuneration committee of the Company or another appropriate committee of the board of the Company;

Company shall mean Northern Rock plc;

Control shall have the meaning given to it by section 840 of the Income and Corporation Taxes Act 1988;

Custodian means, in respect of Shares held in uncertificated form, the nominee holder appointed by the Company from time to time;

Employees' Share Scheme shall have the meaning given to it by section 743 of the Companies Act 1985 (being a scheme for encouraging or facilitating the holding of Shares by employees of the Group);

Executive shall mean an executive of the Company receiving a bonus under the Bonus Scheme;

Grant Date shall mean the date on which an Award is made by the Committee;

Grant Letter shall mean the notification to a Participant setting out the terms of an Award;

Group shall mean the Company and the Subsidiaries, and ***member of the Group*** shall be construed accordingly;

Participant shall mean an individual participating in the Plan;

Performance Condition shall mean the performance condition in relation to Awards as set out in the Schedule to these rules;

Performance Period shall mean, in respect of any Award (granted in or after 2005), the period of three years commencing on the first day of the financial year in which the Grant Date falls;

Plan shall mean the Northern Rock Deferred Bonus Plan;

Restricted Period shall mean the period specified in rule 3.1(b);

the Secretary shall mean the Secretary of the Company, or some other person nominated by the Committee;

Share shall mean an ordinary share in the capital of the Company (or any other shares representing those shares following any reorganisation of the share capital of the Company);

Subsidiary shall mean any company which at the time qualifies as a subsidiary of the Company under section 736 of Companies Act 1985; and

Trustee shall mean Carey Trustees Limited or other trustee or trustees from time to time of the Northern Rock Employee Trust.

1.2 References to any statute or statutory instrument or to any part or parts thereof include any modification, amendment or re-enactment thereof for the time being in force.

1.3 Words of the masculine gender shall include the feminine and vice versa and words in the singular shall include the plural and vice versa unless in either case the context otherwise requires or is otherwise stated.

GRANT OF AWARDS

2.1 Following the notification of the amount of cash bonus payable to an Executive under the Bonus Scheme in respect of any year, the Committee may, at its absolute discretion, make an Award of Shares to such Executive having a pre-tax value equal to the pre-tax amount of such cash bonus. Executives who are Executive Directors of the Company shall be entitled to receive such an Award in any year in which the Committee operates the Plan.

2.2 The making of an Award shall constitute a transfer of beneficial ownership to the Participant of the Shares comprised in that Award. The shares under the Award shall be forfeited if the conditions in the rules relating to the release of

shares are not satisfied (including those relating to the Performance Conditions).

2.3 Save to the extent that the Committee arranges to satisfy Awards with Shares held by the Trustee, the Committee shall arrange to purchase on the London Stock Exchange the number of Shares required to satisfy Awards. For this purpose the Committee shall have absolute discretion as to when the Shares to comprise an Award are purchased (and the Committee shall consult with the Company's Brokers and the Group Finance Director or Secretary on the timing of purchases).

2.4 As a condition of receiving an Award, each Participant shall be deemed to have authorised the Company to take such steps with the nominee holder as are necessary to ensure the Participant's Shares are not disposed of until the end of the Restricted Period.

2.5 Each Award shall be evidenced by a Grant Letter which shall be signed on behalf of the Company.

2.6 Nothing in these rules or in an Executive's contract of employment shall be construed as giving to any Executive a right to receive, or be considered for, an Award, save that Executive Directors of the Company shall be entitled to receive an Award in any year in which the Committee operates the Plan. Neither an Award nor the Shares to which it relates shall be pensionable for any purpose.

TERMS OF AWARDS

3.1 The main terms of each Award (which shall be set out or referred to in the Grant Letter) shall be as follows:

(a) **Number of Shares** - The Grant Letter shall state the number of Shares comprised in the Award and the Performance Conditions to which they are subject.

(b) **Restricted Period for the Award** - The Restricted Period in relation to an Award shall commence on the Grant Date and shall (unless foreshortened pursuant to these rules) expire on the third anniversary thereof (or such later date on which the result of the Performance Condition can be determined). During the Restricted Period, the Participant shall not sell, transfer, pledge, assign or otherwise dispose of all or any Shares comprised in the Award. Any attempt by the Participant to sell, transfer, pledge, assign or otherwise dispose of such Shares or any interest therein shall result in the forfeiture of the Award.

(c) **Rights of Participant during Restricted Period** - The beneficial ownership of the Shares comprised in an Award shall pass to the Participant on the Grant Date. During the Restricted Period, the Participant shall be entitled to receive all dividends payable in respect of the Shares and shall have the rights commonly enjoyed by a beneficial owner of Shares.

(d) **Registration and Custody of Shares** - The Participant will be registered as the beneficial owner of the Shares comprised in an Award (or the beneficial owner shall be registered as his spouse, subject to (i) the consent of the Remuneration Committee and (ii) the spouse entering into such documentation as the Remuneration Committee requires in order to give effect to rule 2.4; where Shares are so registered, the definition of ***Participant*** shall be construed accordingly).

(e) **Lapse of Restrictions** - Within 14 days following the expiry of the Restricted Period (or earlier release of Shares hereunder), the Company shall take such steps as are necessary (including notification of the Custodian and the Participant) to ensure that the Shares cease to be subject to any restrictions.

(f) **Termination of Employment** - In the event that the Participant ceases to be an employee of a member of the Group during the Restricted Period and subject to the satisfaction of the Performance Condition (unless the Remuneration Committee determines otherwise):

(i) by reason of death, the Shares comprised in the Award shall be immediately released in full to the Participant's personal representatives;

(ii) by reason of injury, disability, ill-health or retirement on or after normal retirement age (or early retirement with the consent of the Board), the Shares comprised in the Award shall be immediately released in full to the Participant unless the Committee determines that such Shares should only be released at the expiry of the Restricted Period;

(iii) by reason of early retirement as permitted under the rules of the Northern Rock Pension Scheme (but without the consent of the Board), *N*/36ths of the Shares comprised in the Award shall be treated in accordance with (ii) above (where *N* is the number of completed months between the Grant Date and the date of cessation of employment), and the balance of the Shares comprised in the Award shall be forfeited unless the Committee determines in its absolute discretion that such balance should also be treated in accordance with (ii) above;

(iv) for any other reason than in (i) to (iii) above, the Shares comprised in the Award shall be forfeited unless (aa) the Committee determines in its absolute discretion that the Award should be treated in accordance with (ii) above, or (bb) in the case of a Participant who is dismissed by the Company in breach of the notice period contained in his employment contract, such notice would (if given on the date of termination) have expired following the end of the Restricted Period.

(g) **Change of Control** - If any person:

(i) obtains Control of the Company as a result of making an offer to acquire Shares which is either unconditional or is made on a condition such that if it is satisfied the person making the offer will have Control of the Company;

(ii) becomes bound or entitled to acquire Shares under sections 428 to 430F of the Companies Act 1985; or

(iii) obtains Control of the Company in pursuance of a compromise or arrangement sanctioned by the Court under section 425 of the Companies Act 1985, the Performance Condition applying to Awards shall be tested as at such date prior to the change of Control as the Committee concludes to be appropriate. The number of Shares subject to an Award to be released will be determined accordingly ***provided that*** the Committee shall have discretion to adjust the vesting level if it believes that the Performance Condition would have been met to a greater or lesser extent at the end of the Performance Period.

(h) **Forfeiture of Shares comprised in the Award** – In the event of all or some of the Shares comprised in an Award being forfeited under the rules of the Plan, such Shares shall be transferred, pursuant to the authority contained in rule 2.4, to the Trustee or such other person as the Company shall nominate.

ADJUSTMENTS

4.1 In the event of any capitalisation issue, rights issue or sub-division or consolidation of or other variation in the ordinary share capital of the Company the Participant shall, in respect of the Shares comprised in his Award, be treated in the same manner as any other holder of Shares, save that (unless the Committee determines otherwise):

(i) in the event of a rights issue in respect of Shares, the Participant shall be required to sell sufficient rights nil-paid (at such time during the rights issue as the Committee thinks fit) as will enable the Participant to acquire with the proceeds of sale the remainder of his rights entitlement PROVIDED THAT the Participant may elect to take up in a personal capacity the rights that would have been sold (and such Shares shall not be subject to this Plan) subject to the Participant providing sufficient funds to give effect to his obligation under the first part of this sub-paragraph (i);

(ii) in the event of receipt of cash (other than dividends paid in the normal course) or securities (other than Shares) in respect of Shares (on a demerger or other reorganisation of the share capital of the Company), the Participant shall be required to apply that cash (or the proceeds of sale of such securities), after allowing for tax thereon, in the purchase of further Shares; and

(iii) the Participant shall deposit with the Secretary for the remainder of the Restricted Period the certificates in respect of Shares or other securities received in connection with the relevant event.

SOURCE OF SHARES

5.1 All Shares required to satisfy the rights of Participants with respect to Awards shall be purchased on the London Stock Exchange (save to the extent that the Trustee makes available such Shares). No new issues of Shares shall be made under the Plan.

ADMINISTRATION

6.1 The rights and obligations of any Participant under the terms of his office or employment shall not be affected by his participation in the Plan, and each Participant shall be deemed to waive all and any rights to compensation or damages in consequence of the termination of his office or employment for any reason whatsoever insofar as those rights arise or may arise from his ceasing to have rights hereunder as a result of such termination or from the loss or diminution in value of such rights or entitlements.

6.2 All Share certificates and other communications relating to the Plan shall be sent at the Participant's risk.

6.3 Any liability of a Participant to taxation (including, without limitation, income tax and National Insurance contributions) in respect of an Award shall be for the account of the relevant Participant, and the Participant shall comply with any arrangements specified by the Company for the payment of such taxation (including, without limitation, the sale on behalf of the Participant of sufficient Shares (on the date Shares are released hereunder, or within 10 days thereof) to enable the Company to satisfy its obligations in respect of deduction of taxation at source). The Participant shall, if the Committee thinks fit, be given the opportunity to put the Company in funds from a separate source to enable it to pay such taxation, thus enabling the Participant to retain the full number of Shares under the Award. The Participant shall be required to put the Company in funds to pay such taxation liability if a prohibition on dealing in Shares prevents the Participant effecting a sale prior to the date on which the Company is required to account to the Inland Revenue for the taxation due.

GENERAL

7.1 The Company reserves the right to terminate the Plan or amend these rules at any time PROVIDED THAT no amendment shall operate to affect adversely any right already acquired by a Participant.

7.2 The Plan shall constitute an Employees' Share Scheme so that financial assistance provided by the Company or its subsidiaries for those purposes shall be lawful by reason of section 153(4)(b) of the Act.

7.3 The Company shall bear all dealing costs and stamp duty relating to the purchase of Shares under the Plan.

7.4 These rules shall be governed by and construed in accordance with English law.

SCHEDULE

Performance Condition for Awards

1.1 Save as otherwise permitted under these rules, an Award shall not be released to a Participant unless the Performance Condition as set out in paragraph 1.2 below is satisfied.

1.2 The Performance Condition is that the Company's average real earning per share growth (***EPS***) is at least 3% per annum over the relevant Performance Period.

1.3 For the purposes of paragraph 1.2, EPS shall be calculated on any basis as the Committee may decide from time to time. The Committee may make any adjustments to the method of calculating EPS or any other feature of this Schedule as it considers appropriate to take account of any change to accounting standards practices affecting the calculation of EPS, or any other factors considered by the Committee to be relevant.

1.4 If the Performance Condition in paragraph 1.2 above is satisfied then the Shares under the Award shall be released to the Participant.

Table A

1. The regulations in Table A as in force at the date of the incorporation of the Company shall not apply to the Company.

Definitions

2. In these Articles, except where the subject or context otherwise requires:

Act means the Companies Act 1985;

address in relation to electronic communications, includes any number or address used for the purposes of electronic communications;

Articles means these articles of association as altered from time to time by special resolution;

auditors means the auditors of the Company;

board means the directors or any of them acting as the board of directors of the Company;

BSA means the Building Societies Act 1986 as amended by the Building Societies Act 1997 (and, where the context requires, subordinate legislation made thereunder);

certificated share means a share in the capital of the Company that is not an uncertificated share and references in these Articles to a share being held in certificated form shall be construed accordingly;

clear days in relation to the sending of a notice means the period excluding the day on which a notice is sent or deemed to be sent and the day for which it is sent or on which it is to take effect;

Companies Acts has the meaning given by section 744 of the Act and includes any enactment passed after those Acts which may, by virtue of that or any other such enactment, be cited together with those Acts as the "Companies Acts" (with or without the addition of an indication of the date of any such enactment);

core business means that part of the business of the Company and its subsidiaries which requires authorisation under the Banking Act 1987;

director means a director of the Company;

dividend means dividend or bonus;

electronic signature has the meaning given by section 7(2) of the Electronic Communications Act 2000;

employees' share scheme has the meaning given by section 743 of the Act;

entitled by transmission means, in relation to a share or debenture, entitled as a consequence of the death or bankruptcy of the holder or otherwise by operation of law;

Foundation means The Northern Rock Foundation, a private company limited by guarantee incorporated in England and Wales with registered number 3416658;

FSA means the Financial Services Authority;

holder in relation to a share in the capital of the Company means the member whose name is entered in the register as the holder of that share;

Junior Obligations means in respect of any Relevant Series:

(a) the ordinary shares of the Company;

(b) any other series of Preference Shares issued by the Company ranking junior as to dividends with the Relevant Series; or

(c) any Preference Share issued by a subsidiary undertaking of the Company which benefits from a guarantee or other contractual support undertaking of the Company which guarantee or contractual support undertaking ranks junior as to payments with the Relevant Series; or

(d) any other instrument issued by the Company ranking junior as to dividends with the Relevant Series.

London Stock Exchange means the London Stock Exchange plc;

member means a member of the Company;

Memorandum means the memorandum of association of the Company as amended from time to time;

office means the registered office of the Company;

paid means paid or credited as paid;

Parity Obligations means in respect of any Relevant Series:

(a) any other series of Preference Shares issued by the Company ranking pari passu as to dividends with the Relevant Series; or

(b) any Preference Share issued by a subsidiary undertaking of the Company which benefits from a guarantee or other contractual support undertaking of the Company which guarantee or contractual support undertaking ranks pari passu as to payments with the Relevant Series; or

(c) any other instrument issued by the Company ranking pari passu as to dividends with the Relevant Series.

recognised person means a recognised clearing house or a nominee of a recognised clearing house or of a recognised investment exchange, each of which terms has the meaning given to it by section 185(4) of the Act;

register means either or both of the issuer register of members and the Operator register of members of the Company;

Regulations means the Uncertificated Securities Regulations 2001;

seal means the common seal of the Company and includes any official seal kept by the Company by virtue of section 39 or 40 of the Act;

secretary means the secretary of the Company and includes a joint, assistant, deputy or temporary secretary and any other person appointed to perform the duties of the secretary;

Society means Northern Rock Building Society;

Transfer Agreement means the agreement required by section 97(4)(b) of the BSA pursuant to which the business of the Society is vested in the Company;

Transfer Document means the document dated 17 February 1997 circulated to members of the Society prior to Vesting, including details of the arrangements for the vesting of the business of the Society in the Company;

uncertificated share means (subject to Regulation 42(ii)(a) of the Regulations) a share in the capital of the Company title to which is recorded on the Operator register of members of the Company and which may, by virtue of the Regulations, be transferred by means of a relevant system and references in these Articles to a share being held in uncertificated form shall be construed accordingly;

United Kingdom means Great Britain and Northern Ireland; and

Vesting Date means the date specified in or determined under the Transfer Agreement as the vesting date for the purpose of section 97(6) of the BSA.

Construction

3. References to a ***document*** include, unless the context otherwise requires, references to an electronic communication.

References to an ***electronic communication*** mean, unless the contrary is stated, an electronic communication (as defined in the Act) comprising writing.

References to a document being ***executed*** include references to its being executed under hand or under seal or, in the case of an electronic communication, by electronic signature.

References to an ***instrument*** mean, unless the contrary is stated, a written document having tangible form and not comprised in an electronic communication (as defined in the Act).

References to a notice or other document being ***sent*** to or by a person include references to such notice or other document, or a copy of such notice or other document, being sent, given, delivered, issued or made available to, or served on, that person by any method authorised or contemplated by these Articles, and ***sending*** shall be construed accordingly.

References to ***writing*** mean the representation or reproduction of words, symbols or other information in a visible form by any method or combination of methods, whether comprised in an electronic communication (as defined in the Act) or otherwise, and ***written*** shall be construed accordingly.

Words denoting the singular number include the plural number and vice versa; words denoting the masculine gender include the feminine gender; and words denoting persons include corporations.

Words or expressions contained in these Articles which are not defined in these Articles but are defined in the Act have the same meaning as in the Act (but excluding any modification of the Act not in force at the date of adoption of these Articles) unless inconsistent with the subject or context.

Words or expressions contained in these Articles which are not defined in these Articles but are defined in the Regulations have the same meaning as in the Regulations (but excluding any modification of the Regulations not in force at the date of adoption of these Articles) unless inconsistent with the subject or context.

Subject to the preceding two paragraphs, and save in the case of references to the BSA unless otherwise expressly provided, references to any provision of any enactment or of any subordinate legislation (as defined by section 21(1) of the Interpretation Act 1978) include any modification or re-enactment of that provision for the time being in force.

Headings and marginal notes are inserted for convenience only and do not affect the construction of these Articles.

In these Articles, (a) powers of delegation shall not be restrictively construed but the widest interpretation shall be given to them; (b) the word ***board*** in the context of the exercise of any power contained in these Articles includes any committee consisting of one or more directors, any director holding executive office and any local or divisional board, manager or agent of the Company to which or, as the case may be, to whom the power in question has been delegated; (c) no power of delegation shall be limited by the existence or, except where expressly provided by the terms of delegation, the exercise of that or any other power of delegation; and (d) except where expressly provided by the terms of delegation, the delegation of a power shall not exclude the concurrent exercise of that power by any other body or person who is for the time being authorised to exercise it under these Articles or under another delegation of the power.

Where, in relation to a share, these Articles refer to a relevant system, the reference is to the relevant system in which that share is a participating security at the relevant time.

PROTECTIVE PROVISIONS

Special quorum and special resolution

4. Notwithstanding any provision in these Articles to the contrary (including, without limitation, the provision relating to the quorum at general meetings), a resolution relating to any of the following matters shall only be effective if it is approved as a special resolution passed at a general meeting of the Company at which the quorum shall be 5 per cent. of the total number of members eligible to vote at a general meeting of the Company present in person or by proxy:

(a) a proposal for the voluntary winding up or dissolution of the Company; or

(b) the amendment, removal or alteration of the effect of this Article; or

(c) a proposal (howsoever described) for the disposal, either in a single transaction or a series of transactions (whether related or not and whether by way of sale, transfer, lease or otherwise), of all or any substantial part of the core business of the Company except for a disposal to a holding company of the Company (as defined in section 736 of the Act) the articles of association of which contain the same restrictions as are contained in this Article and Articles 5 and 6.

This Article shall remain in force until the expiry of the protective period notwithstanding anything to the contrary in these Articles, after which this Article shall be deemed to be of no effect. The validity of anything done under this Article before that date shall not be affected and any action taken under this Article before that date shall not be open to challenge on any grounds whatsoever.

Limitations on shareholders

5.1 Without prejudice to any further restrictions which may be imposed by any addition to or amendment of these Articles (and subject always to the provisions of

section 101 of the BSA as modified or re-enacted from time to time), the Company shall not, at any time during the protective period:

(a) offer for sale or invite subscription for any shares in the Company, or allot or agree to allot any such shares with a view to their being offered for sale; or

(b) allot or agree to allot any share in the Company; or

(c) register a transfer of shares in the Company,

if the effect of the offer, the invitation, the allotment or the registration of the transfer would be that more shares than the permitted proportion would be held by any one person (other than the Society), or by any two or more persons who are parties to a concert party agreement which relates to shares in the Company.

5.2 Any provision (including any altered provision) of these Articles which is to any extent inconsistent with this Article or section 101(1) of the BSA (as modified or re-enacted from time to time) shall, to that extent, be void and any allotment or registration of a transfer of shares in contravention of this Article or section 101(1) of the BSA (as modified or re-enacted from time to time) shall be void.

5.3 This Article shall cease to apply:

(a) if a financial institution becomes a subsidiary undertaking of the Company, or the Company or such an undertaking acquires the whole, or substantially the whole, of the business of such an institution; or

(b) if a special resolution to the effect that section 101 of the BSA shall cease to apply to the Company is passed by the requisite majority of the members of the Company; or

(c) if the Bank of England, in accordance with section 101(4)(c) of the BSA, directs by notice to the Company that section 101 of the BSA shall cease to apply to the Company.

5.4 For the purposes of this Article 5:

(a) shares held by a person in a fiduciary capacity shall be treated as not held by him;

(b) shares held by a person as a nominee for another shall be treated as held by the other; and

(c) shares shall be regarded as being held by a person as a nominee for another if any voting rights attaching to them are exercisable only on the instructions or with the consent or concurrence of that other person.

5.5 Any reference in this Article 5 to shares includes a reference to:

(a) any warrant or other instrument entitling the holder to subscribe for shares; and

(b) any certificate or other instrument issued by or on behalf of the Company and conferring a right to acquire shares otherwise than by subscription;

and for the purposes of Article 5.1 any shares to which any such instrument relates shall be deemed to be held by the holder of the instrument.

5.6 In Articles 4 and 5 and, in the case of paragraphs (c) and (d), in Articles 4, 5 and 6 the expressions:

(a) ***concert party agreement***;

(b) ***financial institution***;

(c) ***the permitted proportion***;

(d) ***the protective period***;

(e) ***the requisite majority***; and

(f) ***transfer***,

shall have the same meaning as in the BSA.

No person other than a Permitted Person to hold more than 15 per cent. of votes

6.1 The purpose of this Article is to prevent until the expiry of the protective period any person other than a Permitted Person from retaining an Interest in Relevant Share Capital which carries more than 15 per cent. of the total votes attaching to Relevant Share Capital of all classes taken as a whole and capable of being cast on a poll.

This Article shall remain in force until the expiry of the protective period notwithstanding anything to the contrary in these Articles. Thereafter this Article shall be deemed to be of no effect, the separate register required under Article 6.2 shall no longer be maintained and any notice calling for a Required Disposal and the powers of the board under this Article in respect of a Required Disposal shall cease to have effect. The validity of anything done under this Article before the expiry of the protective period shall not be affected and any action taken under this Article before that date shall not be open to challenge on any grounds whatsoever.

For the purposes of this Article:

> ***Nominee*** means a person who holds shares in the Company within a relevant system or otherwise pursuant to a written agreement with the Company on behalf of a third party or a number of third parties;
>
> ***Disclosure Notice*** means a notice served pursuant to Article 6.6(a);

Interest means an interest (of any size) in the Relevant Share Capital which would be taken into account in deciding whether a notification to the Company would be required under Part VI of the Original Act but shall for all purposes include (the ***Included Interests***):

(i) rights to subscribe for or convert into, or entitlements to acquire rights to subscribe for or convert into, shares which would on issue or conversion (as the case may be) be comprised in the Relevant Share Capital;

(ii) the interests referred to in section 209(1)(a), (b), (c), (d), (e), (f), (g) or (h) of the Original Act (except those of a bare trustee under the laws of England and Wales and of a simple trustee under the laws of Scotland) or mentioned in section 208(4)(b) of the Original Act (but on the basis that the entitlement there referred to could arise under an agreement within the meaning of sections 204(5) and (6) of the Original Act); and

(iii) any deemed voting concert party interest consequent upon a resolution of the board pursuant to Article 6.5,

and ***Interested*** shall be construed accordingly;

Original Act means the Companies Act 1985 as in force at the date of adoption of this Article and notwithstanding any repeal, modification or re-enactment thereof after that date (including, for the avoidance of doubt, any amendment, replacement or repeal by regulations made by the Secretary of State pursuant to section 210A of that Act to the definition of relevant share capital in section 198(2) or to the provisions as to what is taken to be an interest in shares in section 208 or as to what interests are to be disregarded in section 209) other than any amendment by regulations made by the Secretary of State pursuant to section 210A thereof to the percentage giving rise to a notifiable interest in section 199(2);

Permitted Person means:

(a) the chairman of a meeting of the Company or of a meeting of the holders of Relevant Share Capital or of any class thereof when exercising the voting rights conferred on him under Article 6.10; or

(b) a trustee (acting in that capacity) of any employees' share scheme of the Company; or

(c) any person who has an Interest but who, if his Interest were governed by the laws of England and Wales, would in the opinion of the board be regarded as a bare trustee of that Interest to the extent of that Interest; or

(d) a Stock Exchange Nominee; or

capacity as such on behalf of third parties and not on his own account; or

(f) a person in respect of, and to the extent only of, Interests which exist only by virtue of an obligation (contingent or otherwise) to take up Shares or shares which would be comprised in the Relevant Share Capital on issue or the acquisition of Shares pursuant to an underwriting agreement or subscription agreement or other similar agreement in each case approved by the board (provided that where any such person disposes of any Shares at any time after acquiring an Interest by virtue of an obligation (contingent or otherwise) pursuant to such an agreement, it shall be deemed to be a Permitted Person in respect of only that number of Shares or shares in which it was Interested pursuant to such agreement less the number of Shares or shares of which it has so disposed); or

(g) the Foundation; or

(h) until the Vesting Date, the Society;

Relevant Person means any person (whether or not identified) who has, or who appears to the board to have, an Interest in Shares (or shares which would be comprised in the Relevant Share Capital on issue or conversion) which carry (or would on issue or conversion carry) more than 15 per cent. of the total votes attaching to Relevant Share Capital of all classes taken as a whole and capable of being cast on a poll (calculated in accordance with Article 6.3). For the purposes of this Article, where (i) the board resolves, pursuant to Article 6.11, that it has made reasonable enquiries and that it is unable to determine whether or not a person has an Interest in any particular Shares or shares comprised (or which would on issue or conversion be comprised) in Relevant Share Capital, or (ii) there is failure to comply with a Disclosure Notice as required by Article 6.6 and the board resolves (as provided in such Article) that such Shares be deemed to be Relevant Shares, then the Shares concerned shall be deemed to be Relevant Shares and all persons Interested in them to be Relevant Persons;

Relevant Share Capital means the relevant share capital of the Company (as that expression is defined in section 198(2) of the Original Act);

Relevant Shares means all Shares in which a Relevant Person has or appears to the board to have or is deemed to have an Interest; and, for the purposes of this Article, where the Interest in question falls within section (i) of the definition of ***Included Interests***, the rights or entitlements referred to in such section (and not the shares which are the subject of the rights or entitlements referred to therein) shall (until such right is exercised) be deemed to be Relevant Shares;

Required Disposal means a disposal or disposals of, or of interests in, such number of Relevant Shares as will cause a Relevant Person to cease to be a Relevant Person, not being a disposal to another Relevant Person (other than a Permitted Person) or a disposal which constitutes any other person (other than a Permitted Person) a Relevant Person;

Share means any share comprised in Relevant Share Capital; and

Stock Exchange Nominee means a person in respect of whom, by virtue of section 185(4) of the Act, the Company is not required to comply with section 185(1) of the Act.

6.2 The provisions of Part VI of the Original Act shall apply as if such provisions extended to the Included Interests, and accordingly the Company, its members and all persons Interested in Shares (or shares which would on issue or conversion be comprised in Relevant Share Capital) shall have the rights and obligations referred to in Part VI of the Original Act (including in relation to Included Interests therein), but so that Included Interests shall, when disclosed to the Company, be entered in a separate register which shall be kept by the Company for that purpose and the provisions of sections 210(3) to (6) (inclusive), 211(10), 213(3) (so far as it relates to section 211(10)), 214(5), 215(8), 216 (other than subsection (5)), 217(7), 218(3), 219, 454, 455, 732 and 733 of the Original Act shall not apply in respect of Included Interests.

6.3(a) In calculating (for the purposes of ascertaining whether a person is a Relevant Person) the total votes attaching to Relevant Share Capital (or to shares which would on issue or conversion be comprised in the Relevant Share Capital) of all classes taken as a whole and capable of being cast on a poll at any meeting, there shall be disregarded any votes which, by virtue of this Article, Article 79 or any court order, are precluded (whether temporarily or not) from being cast on a poll at the meeting.

(b) In calculating (for the purposes of ascertaining whether a person is a Relevant Person) the total votes attaching to Relevant Share Capital (or to shares which would on issue or conversion be comprised in the Relevant Share Capital) and in calculating (for the purposes of determining whether an Interest is notifiable pursuant to Article 6.4) the notifiable percentage, where some or all of the Interest in question falls within section (i) of the definition of ***Included Interests***, there shall only be taken into account the Relevant Share Capital and the shares to which the Included Interest in question relates as if all those shares were in issue or conversion in full had been effected.

6.4 Notwithstanding any amendment by regulations made by the Secretary of State pursuant to section 210A of the Original Act to the percentage giving rise to a notifiable interest in section 199(2) of the Original Act, if the notifiable percentage referred to in section 199 of the Act shall exceed three per cent., the rights and obligations referred to in this Article and the rights and obligations referred to in

Part VI of the Original Act, except sections 210(3) to (6) (inclusive), 211(10), 213(3) (so far as it relates to section 211(10)), 214(5), 215(8), 216 (other than subsection (5)), 217(7), 218(3), 219, 454, 455, 732 and 733 of the Original Act, shall apply as though such notifiable percentage were three per cent. and as if such provisions extended to Included Interests. If the notifiable percentage referred to in section 199 of the Act shall be less than three per cent., the rights and obligations referred to in this Article shall apply with the substitution of such lesser notifiable percentage for three per cent. and as if such provisions extended to Included Interests. The rights and obligations created by this Article 6 are in addition to and separate from those arising under Part VI of the Original Act or under the Companies Acts.

6.5(a) Without prejudice to the application of section 204 of the Original Act to the definition of ***Interest*** in Article 6.1, where it appears to the board that:

(i) there is an agreement or arrangement between two or more persons with respect to, or to the exercise of, voting rights attaching to Shares; and

(ii) the agreement or arrangement is likely to result in those rights being exercised to a material extent in the same way or for the same purpose with a view to the persons being the parties to the agreement or arrangement being able materially to influence or to control the policy of the Company or the management of its affairs,

the board may at its absolute discretion resolve that a voting concert party exists and if it so resolves each of the persons who is party to such agreement or arrangement shall be deemed (for the purposes of this Article) to be Interested in all the Shares to which the voting rights in question are attached.

(b) In this Article 6.5, references to an arrangement include references to an understanding or mutual expectation, whether formal or informal, and whether or not legally binding.

(c) Where the board resolves that a voting concert party exists pursuant to Article 6.5(a) above, it shall (if it is so able), within 21 days after the date of such resolution, send to each of the persons who is party to such agreement or arrangement notice of the resolution.

6.6(a) The board may by notice in writing require any member, or other person appearing to be Interested or appearing to have been Interested in Shares or in shares which would be comprised in the Relevant Share Capital on conversion or issue, to disclose to the Company in writing such information as the board shall require relating to the ownership of or interests (including, without prejudice to the generality of the foregoing, Interests) in the Shares or shares in question as lies within the knowledge of such member or other person (supported if the board so requires by a statutory declaration and/or by independent evidence) including (without limitation):

(i) any information which the Company is entitled to seek pursuant to section 212 of the Original Act;

(ii) any information which the board shall in its absolute discretion deem necessary or desirable in order to determine whether any Shares or rights to subscribe for, or convert into, Shares are Relevant Shares; and

(iii) any information which the board shall in its absolute discretion deem necessary or desirable in order to determine whether any person is or is deemed to be a Relevant Person or otherwise in relation to the application or potential application of this Article.

(b) The board may give a Disclosure Notice pursuant to Article 6.6(a) at any time and the board may give one or more than one such notice to the same member or other person in respect of the same Shares or shares.

(c) Where the holder of any Shares or rights to subscribe for, or convert into, Shares, or any person appearing to be Interested in such Shares or rights, fails to comply with a Disclosure Notice within 21 days (or such lesser period as the board in its absolute discretion considers appropriate in the circumstances) of service of such Disclosure Notice, the board may (in addition to any other remedy it may have under any provision of these Articles, the Companies Acts or otherwise) resolve that such Shares or rights be deemed to be Relevant Shares and/or that all persons Interested in such Shares or rights be deemed to be Relevant Persons.

6.7 If to the knowledge of the board any person other than a Permitted Person becomes or is deemed to be a Relevant Person, the board shall serve a written notice on the registered holder(s) of the Relevant Shares and on any other person or persons who appears to it to be a Relevant Person in relation to those Shares or the relevant rights or entitlements. Such notice shall set out the restrictions referred to in Article 6.10 and call for a Required Disposal to be made within 21 days (or such lesser period as the board in its absolute discretion considers appropriate in the circumstances) of the service of such notice on the registered holder or other such person. The board may extend the period in which such notice is required to be complied with and may withdraw any such notice (whether before or after the expiration of the period referred to) if it appears to it that there is no Relevant Person in relation to the Shares or rights or entitlements concerned. Upon the giving of such notice, and save for the purpose of a Required Disposal under this Article 6.7 or Article 6.8, no transfer of any of the Relevant Shares may be registered until either such notice is withdrawn or a Required Disposal has been made to the satisfaction of the board and registered.

6.8 If a notice served under Article 6.7 has not been complied with in all respects to the satisfaction of the board and has not been withdrawn, the board shall, so far as it is able, make a Required Disposal and shall, so far as it is able, give written notice of such disposal to those persons on whom such notice was

served. The Relevant Person(s) and the registered holder(s) of the Shares or other rights or entitlements disposed of shall be deemed to have irrevocably and unconditionally authorised the board to make such Required Disposal. The manner, timing and terms of any such Required Disposal made or sought to be made by the board (including but not limited to the price or prices at which the same is made and the extent to which assurance is obtained that no transferee (with the exception of a Permitted Person) is or would become a Relevant Person) shall be such as the board determines, based upon advice from such bankers, brokers or other persons consulted by the board for the purpose as the board considers appropriate, to be reasonably practicable having regard to all the circumstances including but not limited to the number of Shares or other rights or entitlements to be disposed of and the requirement that the disposal be made without delay; and the board shall not be liable to any person for any of the consequences of reliance on such advice.

6.9 For the purpose of effecting any Required Disposal in the case of certificated shares or other Interests or rights evidenced by a certificate or other document of title (***certificated securities***), the board may authorise any person to transfer the Shares, Interests or rights in question and may enter the name of the transferee in respect of the transferred Shares, Interests or rights in the appropriate register notwithstanding the absence of any share or other relevant certificate being lodged in respect thereof and may issue a new certificate to the transferee and an instrument of transfer executed by such person shall be as effective as if it had been executed by the registered holder of the Shares, Interests or rights and the title of the transferee shall not be affected by any irregularity or invalidity in the proceedings relating thereto. In the case of uncertificated shares or other Interests or rights which are permitted to be held or transferred in uncertificated form pursuant to the Regulations, the board may do all acts and things it considers necessary or expedient to effect the transfer of the securities to, or in accordance with, the transferee's directions. The net proceeds of such disposal shall be received by the Company whose receipt shall be a good discharge for the purchase money, and shall be paid (together with interest at such rate as the board considers appropriate and after deduction of any expenses incurred by the board in connection with the sale) to the former registered holder (or, in the case of joint holders, the first named joint holder thereof in the register for the purpose), together with, if appropriate, a new certificate in respect of the balance of any certificated securities to which he is entitled, upon surrender by him or on his behalf of any certificates in respect of the Relevant Shares (or Interests or rights, as the case may be) sold and formerly held by him.

6.10 A registered holder of a Relevant Share on whom a notice has been served under Article 6.7 shall not in respect of such Relevant Share be entitled, until such time as such notice has been withdrawn or the notice has been complied with to the satisfaction of the board, to attend or vote at any general meeting of the Company or meeting of the holders of any class of share capital of the Company and the rights to attend (whether in person or by proxy), to speak and to demand and vote on a poll which would have attached to such Relevant Share had it not been a Relevant Share shall vest in the chairman of any such meeting. The manner in

entirely at his discretion. The board shall inform the chairman of any such meeting as aforesaid of any Share or other right or entitlement becoming or being deemed to be a Relevant Share.

6.11 Without prejudice to the provisions of the Original Act and subject to the provisions of this Article, the board may assume without enquiry that a person is not a Relevant Person unless the information contained in the registers kept by the Company under Article 6.2 appears to the board to indicate to the contrary or the board has reason to believe otherwise, in which circumstances the board shall make reasonable enquiries to discover whether, and the extent to which, any person is Interested in Relevant Shares. If the board resolves that it has made reasonable enquiries and is unable to determine whether or not a person is Interested in any particular Shares (or shares which would on issue or conversion be comprised in Relevant Share Capital) then that person shall be deemed to be a Relevant Person and those particular Shares (or, as the case may be, the relevant rights or entitlements) shall be deemed to be Relevant Shares.

6.12 The board shall not be obliged to serve any notice required under this Article to be served upon any person if it does not know either his identity or his address. The absence of service of such a notice in such circumstances as aforesaid and any accidental error in or failure to give any notice to any person upon whom notice is required to be served under this Article shall not prevent the implementation of or invalidate any procedure or act under this Article.

6.13 The provisions of Articles 157 to 162 inclusive shall apply to the service upon a member of any notice required by this Article to be served. Any notice required by this Article to be served upon a person who is not a member or to a person who is a member but whose registered address is not within the United Kingdom and who has not given to the Company an address within the United Kingdom for service of notices shall be deemed validly served if it is sent through the post in a pre-paid cover addressed to that person at the address (or, if more than one, at one of the addresses), if any, at which the board believes him to be resident or carrying on business or to his last known address as shown on the register of members. Service shall in such a case be deemed to be effected in accordance with the provisions of Article 161.

6.14 Any resolution or determination of, or decision or exercise of any discretion or power by, the board or any director or by the chairman of any meeting under or pursuant to the provisions of this Article 6 (including, without limitation, as to what constitutes reasonable enquiries or as to the manner, timing and terms of any Required Disposal made by the board under Article 6.8) shall be final and conclusive and any disposal or transfer made, or other things done, by or on behalf of, or on the authority of, the board or any director pursuant to the foregoing provisions of this Article shall be conclusive and binding on all persons concerned and shall not be open to challenge, whether as to its validity or otherwise on any ground whatsoever. The board shall not be required to give any reasons for any

decision, determination or declaration taken or made in accordance with this Article 6.

6.15 The Company shall ensure (and shall, so far as it is able, procure that every other company shall ensure) that any securities which are issued having rights to subscribe for, or convert into, shares which would on issue or conversion (as the case may be) be comprised in Relevant Share Capital shall be so issued on terms that such rights are subject to the provisions of this Article.

SHARE CAPITAL

Share capital

7.1 The share capital of the Company on the adoption of these Articles is £204,625,000 and €25,000,000, divided into 614,000,000 Ordinary Shares of £0.25 each (as consolidated or sub-divided from time to time, ***Ordinary Shares***), 104,469,920 Foundation Shares of £0.25 each (as consolidated or sub-divided from time to time, ***Foundation Shares***), having the rights set out in Article 8 below, and 100,000,000 undesignated sterling preference shares of £0.25 each, and 100,000,000 undesignated euro preference shares of €0.25 euros each (in each case as consolidated or sub-divided from time to time, respectively the ***Sterling Preference Shares***, and the ***Euro Preference Shares*** and together, the ***Preference Shares***), having, subject to the provisions of Articles 7.2 and 7.3 below, the rights set out in Article 8A below.

7.2 The Sterling Preference Shares shall be comprised of two classes of share:

(a) redeemable Sterling Preference Shares (the ***Redeemable Sterling Preference Shares***); and

(b) non-redeemable Sterling Preference Shares (the ***Non-redeemable Sterling Preference Shares***);

In the case of Sterling Preference Shares that are initially created as undesignated Sterling Preference Shares the board shall upon allotment determine whether they are to be allotted as Redeemable Sterling Preference Shares or Non-redeemable Sterling Preference Shares.

7.3 The Euro Preference Shares shall be comprised of two classes of share:

(c) redeemable Euro Preference Shares (the ***Redeemable Euro Preference Shares***); and

(d) non-redeemable Euro Preference Shares (the ***Non-redeemable Euro Preference Shares***);

In the case of Euro Preference Shares that are initially created as undesignated Euro Preference Shares the board shall upon allotment determine whether they are to be allotted as Redeemable Euro Preference Shares or Non-redeemable Euro Preference Shares.

FOUNDATION SHARES

Ownership

8.1 The Foundation Shares may be held only by one or both of the Society and the Foundation and shall not be transferable by the Foundation.

Rights

8.2 The Foundation Shares shall rank pari passu in all respects with the Ordinary Shares save as otherwise provided in these Articles or in the terms of issue of the Foundation Shares.

Right to participate in profits

8.3 Prior to conversion in accordance with Article 8.6, the Foundation Shares shall not, save as set out in Articles 8.4 to 8.25, carry any right to participate in the profits of the Company.

Rights on winding up

8.4 On a return of capital on the winding up of the Company, the Foundation shall be treated for the purposes of any distribution of the assets of the Company as if the Foundation Shares had been converted into Ordinary Shares immediately prior to the date of commencement of the winding up as determined in accordance with section 129 of the Insolvency Act 1986.

Voting rights

8.5 Subject to Article 15.1, prior to conversion in accordance with Article 8.6, the Foundation Shares shall not carry any right to attend or vote at any general meeting of the Company.

Conversion events

8.6.1 Each issued and unissued Foundation Share shall ipso facto be converted into and redesignated as (and references in these Articles to the conversion of the Foundation Shares shall be construed accordingly) one Ordinary Share:

(a) on the date specified by not less than three years' notice in writing given by the Company to the Foundation at any time at least ten years after the Vesting Date; or

(b) if an offer (the ***Offer***) is made to some or all of the ordinary shareholders (other than by way of a Scheme, as defined in Article 8.7) of the Company which is a takeover offer within the meaning of section 428(1) of the Act to acquire the whole or any part of the issued ordinary share capital of the Company and the right to cast more than 50 per cent. of the votes which may ordinarily be cast on a poll at a general meeting of the Company (prior to the conversion of the Foundation Shares) becomes unconditionally vested in the offeror, on the date such right becomes unconditionally vested in the offeror.

8.6.2 Following a conversion in accordance with Article 8.6.1(b), the Foundation shall be bound to accept the Offer in respect of all of the Ordinary Shares into which the Foundation Shares have been converted, provided that the Offer is expressed to extend to such Ordinary Shares.

to shares resulting from conversion

receive all dividends and (unless an adjustment shall have been made in respect thereof) other distributions declared, made or paid on the ordinary share capital of the Company in or in respect of the accounting period in which the conversion occurs (and whether or not they have been paid prior to such conversion), not being dividends in respect of any earlier accounting period, and shall rank pari passu in all other respects and form one class with the Ordinary Shares then in issue and fully paid.

Schemes of Arrangement

8.7 The Company shall not, while any Foundation Shares remain outstanding, without the Foundation's prior written consent approve (either by a board resolution or by an ordinary resolution of the members of the Company in general meeting) any scheme of arrangement under the Companies Acts in relation to the Ordinary Shares unless the scheme of arrangement extends to the Foundation Shares on the same terms as apply in relation to the Ordinary Shares, and such that the Foundation will receive no less favourable consideration than it would have received had the Foundation Shares converted into Ordinary Shares immediately prior to the scheme of arrangement becoming effective in accordance with section 425(3) of the Act (a ***Scheme***). The Foundation shall be bound to consent to such a Scheme.

Consolidation or sub-division

8.8 The Company shall not, while any Foundation Shares remain outstanding, effect any alteration in the nominal value of the Ordinary Shares by means of a consolidation or sub-division, unless the Foundation Shares are at the same time consolidated or sub-divided in like manner and to like extent.

Capitalisation issues

8.9 The Company shall not, while any Foundation Shares remain outstanding, make any issue of Ordinary Shares credited as fully paid to the holders of Ordinary Shares in their capacity as such (not being an issue which results from (a) the exercise by a shareholder of an option to take a share or shares in lieu of a cash dividend in accordance with Article 147 or (b) the application of Article 153.2 (in which case the provisions of Article 8.12.2 shall apply)) by way of capitalisation of profits or reserves (including any share premium account and capital redemption reserve) unless at the same time the Company makes a bonus issue of Foundation Shares to the Foundation in the same proportions as the bonus issue of Ordinary Shares.

Rights issues

8.10.1 The Company shall not, while any Foundation Shares remain outstanding, offer or grant by way of rights to holders of Ordinary Shares (i) any new Ordinary Shares, (ii) any options, rights or warrants to subscribe for or purchase new Ordinary Shares, (iii) any convertible loan stock of the Company or (iv) any convertible loan stock issued by a subsidiary of the Company which carries rights to subscribe or exchange for or convert into Ordinary Shares, unless the Company either (as the board may in its absolute discretion, subject to Article 8.13, determine):

(a) in the case of any such offer or grant, makes a like offer or grant at the same time to the Foundation as if the Foundation Shares had been converted in

accordance with Article 8.6, such that the Foundation has the right to acquire the relevant number of new Ordinary Shares, options, rights or warrants, or the relevant nominal amount of convertible loan stock on the same terms as any holder of Ordinary Shares in the Company; or

(b) in the case of any offer of new Ordinary Shares in the Company or of convertible loan stock for which the final conversion date is less than 12 months from the date of the offer (together, the ***Securities***), increases the number of Foundation Shares in the manner specified in Article 8.19 by:

$$\frac{A \times C}{B + C}$$ Foundation Shares

where:

A equals the number of Securities which would have been offered to the Foundation had the Foundation Shares been converted immediately before the record date of that offer;

B equals:

(i) in the case of an offer of Ordinary Shares, the price per Ordinary Share at which the new Ordinary Shares are being offered to the holders of the Ordinary Shares; or

(ii) in the case of an offer of convertible loan stock, the price per unit of loan stock divided by the number of Ordinary Shares into which a unit of loan stock will convert once fully paid; and

C equals the average of the middle market quotations (derived from the Daily Official List of the London Stock Exchange) for:

(i) in the case of an offer of Ordinary Shares, nil paid rights to an Ordinary Share for all dealing days during the Reference Period; or

(ii) in the case of an offer of convertible loan stock, nil paid rights to a unit of loan stock for all dealing days during the Reference Period divided by the number of Ordinary Shares into which a unit of loan stock will convert once fully paid

where ***Reference Period*** means all the dealing days on which such rights are dealt in on the London Stock Exchange.

8.10.2 Any adjustment made in accordance with Article 8.10.1(b) shall become effective, in the case of an offer of Ordinary Shares, on the date on which the new Ordinary Shares are unconditionally allotted or, in the case of an offer of convertible loan stock, on the date on which such loan stock is converted into Ordinary Shares.

Other offers

8.11 The Company shall not, while any Foundation Shares remain outstanding, make any offer of new Ordinary Shares to holders of Ordinary Shares in their capacity as such, other than by way of rights, unless either (as the board may in its absolute discretion, subject to Article 8.13, determine):

(a) the Company makes a like offer to the Foundation as if the Foundation Shares had been converted in accordance with Article 8.6, such that the Foundation has the right to acquire the relevant number of new Ordinary Shares on the same terms as any holder of Ordinary Shares in the Company; or

(b) the number of Foundation Shares is increased in the manner specified in Article 8.19 with effect from the date on which the new Ordinary Shares are unconditionally allotted by the number of new Foundation Shares which in the opinion of the board is fair and reasonable (taking into account in particular the dilution of the conversion rights then applicable as a result of the issue of the new Ordinary Shares and the price at which the new Ordinary Shares are offered).

Vesting Date

8.12.1 The provisions of Article 8.10.1 and Article 8.11 shall not apply on or before the Vesting Date.

Issue of Free Shares after the Vesting Date

8.12.2 The Company shall not, while any Foundation Shares remain outstanding, allot or issue any Ordinary Shares credited as fully paid to any person in accordance with the provisions of Article 153.2 unless the Company at the same time issues to the Foundation:

$$\frac{A}{85} \times 15 \text{ Foundation Shares}$$

where A equals the number of Ordinary Shares allotted and issued in accordance with Article 153.2.

Offer during final 12 months notice period

8.13 If the Company makes any offer or grant of a kind contemplated by Articles 8.10 and 8.11 during the period of twelve months before the date specified in the notice given by the Company to the Foundation pursuant to Article 8.6.1(a), only the provisions of Articles 8.10.1(a) and 8.11(a) respectively shall apply, and no increase in the number of Foundation Shares will be made without the prior written consent of the Foundation.

Special dividends

8.14.1 The Company shall not, while any Foundation Shares remain outstanding, make any special dividend to holders of Ordinary Shares in their capacity as such (whether on a reduction of capital or otherwise, and unless and to the extent that Articles 8.10 and 8.11 apply), unless a corresponding distribution of an amount determined to be appropriate by the board is made to the Foundation at the same time as if the Foundation Shares had been converted at the record date for such special dividend.

8.14.2 For the purposes of this Article 8.14, ***special dividend*** shall mean any cash dividend or distribution of any kind which the board reasonably determines is "special" or is not paid or made in the ordinary course. If any cash dividend or other distribution is declared, paid or made which is "special" or is not paid in the ordinary course, but if paid or made in a lesser amount would not be a special dividend, only the excess shall be a special dividend for the purposes of this Article. If any dispute arises as to whether or the extent to which a cash dividend or distribution is "special" or not paid or made in the ordinary course, the matter will be referred to the auditors, acting as experts and not as arbitrators, whose certificate shall be conclusive and binding on all concerned in the absence of any manifest error.

Demergers and other dividends *in specie*

8.15 On any distribution *in specie* prior to the conversion of the Foundation Shares, the Foundation Shares shall carry the right to be treated, for the purposes of such distribution, as if the Foundation Shares had been converted into Ordinary Shares as at the record date or time for the distribution.

Reduction of share capital

8.16.1 The Company shall not, while any Foundation Shares remain outstanding, make a reduction of any of the following (otherwise than by way of a Scheme to which Article 8.7 applies) which involves the repayment to any shareholder of any amount paid up on any of its shares or the diminution of any liability in respect of unpaid share capital:

(a) its share capital; or

(b) its share premium account; or

(c) its capital redemption reserve,

unless the reduction is a permitted reduction as defined in Article 8.16.2 or the Company makes at the same time a proportionate reduction in the amount paid up on the Foundation Shares.

8.16.2 A ***permitted reduction*** (whether or not it involves the repayment to any shareholder of any amount paid up on any of the shares of the Company or the diminution of any liability in respect of unpaid share capital) means a reduction:

(a) of the Company's share capital on conversion or redemption or purchase of any of its shares; or

(b) of the Company's share capital as authorised by section 146(2) of the Act; or

(c) of the Company's share premium account as authorised by sections 130(2) and 160(2) of the Act; or

(d) of the Company's capital redemption reserve as a result of its application in paying up unissued shares in the capital of the Company to be allotted to

the members of the Company as fully paid bonus shares, as authorised under section 170(4) of the Act.

Other variations

8.17 If the board determines that any other event (not being an event specified in Articles 8.7 to 8.16) has occurred which has a dilutive, concentrative or other effect on the Foundation Shares which in the opinion of the board is inappropriate, then following each such event the board may determine to make such adjustments to the number of Foundation Shares in issue as, in the opinion of the board, are appropriate to account for the dilutive, concentrative or other effect of the relevant event and which adjustments shall be conclusive and binding on all concerned in the absence of any manifest error and shall be effective as of the date determined by the board.

Certification and notice of adjustment

8.18 If and whenever any one or more of the events or circumstances specified in Articles 8.7 to 8.17 above shall occur or exist, any adjustment shall be such as shall be determined by the board and notified to the Foundation. In the case of any dispute, the adjustment shall be such as shall be certified by the auditors, acting as experts and not as arbitrators, to be fair and reasonable to take account of the relevant event or circumstances. This determination shall be conclusive and binding on all concerned in the absence of any manifest error.

Issue of additional Foundation Shares

8.19 If, as a result of any of the provisions set out in Articles 8.7 to 8.17, the number of Foundation Shares is to be increased, the Company shall issue, by way of a bonus issue to be paid up out of such reserves as the board may determine, additional Foundation Shares to the Foundation. Fractions of Foundation Shares shall not be allotted, but shall be taken into account in any subsequent adjustment.

Purchase of Foundation Shares

8.20 If, as a result of any of the provisions set out in Articles 8.7 to 8.17 above, the number of Foundation Shares held by the Foundation is to be reduced, the Company shall re-purchase such shares from the Foundation at a price of 1p per Foundation Share, to be paid out of such reserves as the board may determine.

Protective provisions

8.21 For so long as the provisions of Article 5 (the ***protective provisions***) apply, shares in the Company will not be offered or allotted to the Foundation and the Foundation shall not be invited to subscribe for shares in the Company (whether pursuant to Articles 8.9, 8.10, 8.11, 8.12.2, 8.16, 8.17 and 8.19 or otherwise) if, and to the extent that, such offer or allotment or subscription would give rise to a breach of the protective provisions, but such shares shall be offered or allotted to the Foundation or the Foundation shall be invited to subscribe for the same, as the case may be, as soon as such allotment is possible without breaching the protective provisions unless the Final Date (as determined in accordance with the provisions of the Deed of Covenant to be entered into between the Foundation and the Company on or before the Vesting Date) has passed, in which case no offer, allotment or invitation to subscribe shall be made to the Foundation.

Procedure on conversion

8.22 The directors shall forthwith upon conversion in accordance with Article 8.6 direct that appropriate entries be made in the register and that written notice of such conversion be sent within 14 days after the date of such conversion to the

Foundation. Forthwith upon receipt by the Company from the Foundation of a certificate or certificates for the Foundation Shares held by it on the date of conversion the Company shall deliver to the Foundation free of charge a new certificate for the Ordinary Shares to which the Foundation shall then have become entitled. In the meantime transfers will be certified against the register.

Application to list following conversion

8.23 If the Ordinary Shares in issue on the date of conversion are listed on the London Stock Exchange or any other recognised stock exchange the Company shall forthwith on conversion make application and take such other action as may be required to list on such exchange the Ordinary Shares arising on conversion of the Foundation Shares.

No deemed variation of rights

8.24 Neither the passing of a resolution of the Company to disapply the requirements of section 89 of the Act or to authorise the allotment of any class of shares in or other securities of the Company, nor the allotment or issue of any such shares or securities, shall constitute a deemed variation of the rights of the Foundation Shares.

Authorities to make necessary adjustments

8.25 The board shall not take any action which will give rise to an adjustment to the number of Foundation Shares held by the Foundation unless the requisite shareholder authorities to give effect to such adjustment are already in place or are granted simultaneously with such action, and it is otherwise lawful for such adjustment to be effected.

Preference Shares

8A.1 All of the Preference Shares shall rank pari passu inter se to the extent that they are expressed so to rank and shall confer the rights and be subject to the limitations set out in this Article 8A. They shall also confer such further rights (not being inconsistent with the rights set out in this Article 8A) as may be attached by the board to any Series (as defined below) of such shares prior to allotment of such series and in particular (but without prejudice to the generality of the foregoing) the board may, pursuant to the authority given by the passing of the resolution to adopt this Article, consolidate and divide and/or sub-divide any Preference Shares into shares of larger or smaller amount (and so that the provisions of Articles 50 and 51 shall, where relevant, apply to any such consolidation, division or sub-division). Whenever the board has the power under this article to determine any of the rights to be attached to any Series of the Preference Shares, the rights so determined need not be the same as those attached to the Preference Shares which have then been allotted or issued. The Preference Shares, including any class of Preference Shares, may be issued in one or more separate series (each, a ***Series***) and each Series shall be identified in such manner as the board may determine without any such determination or identification requiring any alteration to these Articles. Each of the Preference Shares shall, subject to the terms and conditions of issue as the board may determine prior to the issue of any relevant Series of Preference Shares, confer the following rights as to participation in the profits and assets of the Company, attendance at meetings, voting and, in the case of Redeemable Preference Shares, redemption:

(a) Preference Shares shall (subject to the further provisions described below) entitle the members holding the same to receive a preferential dividend (hereinafter called the ***Preference Dividend***), payable at such rate or rates (whether fixed or variable) and on such dates (***Preference Dividend Payment Dates***) to be determined by the board before allotment on the amounts from time to time paid up or credited as paid up thereon and on such other terms and conditions as may be determined by the board prior to allotment thereof and in particular (but without prejudice to the foregoing) the board may determine whether the rights of such shares as regards participation in profits are cumulative or non-cumulative. Unless otherwise determined by the directors prior to allotment, any Preference Dividends on Sterling Preference Shares shall be payable in sterling, and any Preference Dividends on Euro Preference Shares shall be payable in euros. Subject to sub-paragraph (f) below, Preference Shares shall carry no further right to participate in the profits and reserves of the Company other than the Preference Dividend;

(b) Unless otherwise determined by the board prior to allotment thereof, Preference Shares shall rank as regards participation in profits pari passu inter se and with any other shares that are expressed to rank pari passu therewith as regards participation in profits and otherwise in priority to any other shares of the Company.

(c) If it shall subsequently appear that any dividend which has been paid to holders of Preference Shares should not have been so paid, then provided the board shall have acted in good faith, the directors shall not incur any liability for any loss which any shareholder may suffer in consequence of such payment having been made.

(d) The following provisions of this paragraph (d) shall apply in relation to any particular Series of Preference Shares (a ***Relevant Series***) if so determined by the board prior to the allotment thereof:

(i) if the board determines prior to the allotment of a Relevant Series that this Article 8.1.1(d)(i) shall apply to that Relevant Series then dividends shall only be payable on the Preference Shares of such series, when, as and if declared by the board, but without prejudice to paragraph (e) below; or

(ii) if the board determines prior to the allotment of a Relevant Series that this Article 8.1.1(d)(ii) shall apply to that Relevant Series then the following provisions shall apply to that Relevant Series:

(A) if, in the opinion of the board, the distributable profits and distributable reserves of the Company are sufficient to cover the Preference Dividend in respect of the Relevant Series (including any arrears or deficiency of dividend that are cumulative in form) and also the payment in full of all other dividends stated to be payable on such date on any other Series (including any arrears or deficiency of dividend on

any such other shares that are in cumulative form) expressed to rank pari passu as regards participation in profits, then, subject to sub-paragraph (D) below, the Preference Dividend on all such Series shall be declared and paid in full;

(B) if, on any Preference Dividend Payment Date the distributable profits and distributable reserves of the Company are, in the opinion of the board, sufficient only to enable partial payment of the Preference Dividend in respect of the Relevant Series (including any arrears or deficiency of dividend that are cumulative in form) and, if applicable, of any dividends payable on such date on any other Series (including any arrears or deficiency of dividend on any such other Series that are in cumulative form) ranking pari passu with the Relevant Series as regards participation in profits (together, the ***Participating Shares***), then, subject to sub-paragraph (D) below, the directors shall apply such distributable profits and distributable reserves in paying dividends to the holders of the Participating Shares pro rata to the amount of dividend on the Participating Shares accrued and payable (including any arrears or deficiency of dividend that are in cumulative form) on or before the relevant Preference Dividend Payment Date.

(C) if, on any Preference Dividend Payment Date, the distributable profits and distributable reserves of the Company are, in the opinion of the board, insufficient to enable payment to be made of any of the Preference Dividend in respect of the Relevant Series (including any arrears or deficiency of dividend that are cumulative in form) and, if applicable, of any dividends payable on such date on any other Series (including any arrears or deficiency of dividend that are cumulative in form) ranking pari passu with the Relevant Series as regards participation in profits, then the Company shall not pay the Preference Dividend in respect of either Series;

(D) if, pursuant to the provisions of sub-paragraphs (B) and (C) above, on any occasion a Preference Dividend in respect of a Relevant Series which is not expressed to have a cumulative right as regards participation in profits (or any part thereof) is not paid, the holders of shares of the Relevant Series shall have no claim in respect of such shortfall;

(E) if a Preference Dividend due on any Preference Dividend Payment Date in respect of any Relevant Series which is expressed to have a cumulative right as regards participation in profits is not paid in full (a ***Preference Dividend***

Shortfall) (or a sum is not set aside to provide for its payment in full), and no additional preference shares have been allotted pursuant to sub-paragraph (G), the Company may not (without the written consent of three-fourths in nominal value of, or the sanction of an extraordinary resolution passed at a separate general meeting of, the holders of shares of the Relevant Series) thereafter:

(I) redeem, reduce, purchase or otherwise acquire for any consideration any Parity Obligations or Junior Obligations (and may not set aside or establish any sinking fund for any such redemption, reduction, purchase or other acquisition); or

(II) subject to the provisions of sub-paragraph (f) below, pay or declare any dividend on any Parity Obligations or Junior Obligations,

until such time as the Preference Dividend Shortfall has been paid or a sum has been set aside for its payment in full.

(F) if a Preference Dividend due on any Preference Dividend Payment Date in respect of any Relevant Series which is not expressed to have a cumulative right as regards participation in profits is not paid in full (or a sum is not set aside to provide for its payment in full), and no additional preference shares have been allotted pursuant to sub-paragraph (G), the Company may not (without the written consent of three-fourths in nominal value of, or the sanction of an extraordinary resolution passed at a separate general meeting of, the holders of shares of the Relevant Series) thereafter:

(I) redeem, reduce, purchase or otherwise acquire for any consideration any Parity Obligations or Junior Obligations (and may not set aside or establish any sinking fund for any such redemption, reduction, purchase or other acquisition); or

(II) subject to the provisions of sub-paragraph (f) below, pay or declare any dividend on any other Parity Obligations or Junior Obligations,

for such period following the relevant Preference Dividend Payment Date as may be designated by the board prior to issue.

(G) the provisions described in this sub-paragraph shall apply if determined by the board prior to allotment of the Relevant Series and then only where the Preference Dividend

(including any arrears or deficiency of dividend that are in cumulative form) due on any Preference Dividend Payment Date in respect of any Relevant Series is not paid in its entirety pursuant to sub-paragraph (C) (the ***Relevant Dividend***) and the amounts (if any) standing to the credit of the profit and loss account of the Company together with the amount of the reserves of the Company available for the purpose are sufficient to enable the allotments of additional preferences shares referred to in the further provisions of this sub-paragraph to be made in full:

(I) provided that the Company has sufficient authorised but unissued share capital and that the directors are authorised in accordance with section 80 of the Companies Act 1985 to allot the appropriate amount of relevant securities (for which purposes the directors shall, if necessary, call as soon as practicable a general meeting of the Company at which the appropriate resolutions to create such share capital and to obtain such authority are proposed), each holder of shares of the Relevant Series shall, on the date for payment of the Relevant Dividend had such dividend been paid in cash, be allotted such additional nominal amount of preference shares of the same class, denominated in the same currency and carrying identical rights and limitations as the Relevant Series in question, credited as fully paid, as is equal to an amount determined by multiplying the cash amount of the Relevant Dividend (exclusive of any associated tax credit) that would have been payable to him had such dividend been payable in cash by a factor to be determined by the board prior to allotment of the Relevant Series and rounding the resulting sum down to the nearest integral multiple of £1 (in the case of Sterling Preference Shares) and of €1 (in the case of Euro Preference Shares). A holder of Preference Shares receiving an allotment of additional preference shares in accordance with this sub-paragraph shall not be entitled to receive any part of the Relevant Dividend relating to Relevant Series in cash;

(II) subject to the provisos in sub-paragraph (G)(II) above, for the purpose of paying up preference shares to be allotted on any occasion pursuant to this sub-paragraph, the directors shall capitalise out of the sums standing to the credit of the profit and loss account of the Company and/or to the credit of the

Company's reserve accounts (including share premium account) available for the purpose, as the directors may determine, a sum equal to the aggregate nominal amount of the additional preference shares then to be allotted and apply the same in paying up in full the appropriate amount of unissued preference shares of that class or classes in question;

(III) the additional preference shares so allotted shall rank pari passu in all respects with the Relevant Series in respect of which the additional preference shares were so allotted, save only as regards participation in the Relevant Dividend; and

(IV) the board may undertake and do such acts and things as it may consider necessary or expedient for the purpose of giving effect to the provisions described in this sub-paragraph (G).

(e) if, in the opinion of the board, the payment of any Preference Dividend would breach or cause a breach of capital adequacy requirements from time to time applicable to the Company under the UK capital adequacy regime then none of such Preference Dividend shall be declared or paid;

(f) In any calendar year, whether or not any Preference Dividend on any particular Preference Shares has been paid in full and notwithstanding any other provision of these Articles, the board may, if it so resolves, pay (or set aside a sufficient sum for payment of) a special dividend (a ***Special Dividend***) not exceeding (in the case of Sterling Preference Shares) one penny per share or (in the case of Euro Preference Shares) one cent per share on any shares in the capital of the Company in respect of which no dividend has previously been paid in that calendar year. References elsewhere in this article 8A to any dividend payable on any Preference Shares shall not be treated as including a reference to any Special Dividend paid on any particular Preference Shares pursuant to this sub-paragraph (f).

8A.1.2 Capital

(a) On a distribution of assets on a winding-up of the Company or return of capital (other than on a redemption or purchase by the Company of any of its share capital), members holding Preference Shares shall in respect thereof be entitled to receive, out of the surplus assets remaining after payment of the Company's liabilities, an amount equal to the amount paid up or credited as paid up on the Preference Shares together with such premium (if any) as may be determined by the board prior to allotment thereof (and so that the board may determine that such premium is payable only in specified circumstances). Unless otherwise determined by the board prior to allotment, such amount in respect of Sterling Preference

Shares shall be payable in sterling, and such amount in respect of Euro Preference Shares shall be payable in euros.

(b) In addition to the amount repayable on the Preference Shares in accordance with sub-paragraph (a) above there shall be payable a sum equal to the Preference Dividend which would have been payable by the Company in accordance with paragraph (1) above (together, in the case of Preference Shares which are expressed to have a cumulative right as regards participation in profits, with any arrears or deficiency of Preference Dividend), calculated at the annual rate determined by the board before allotment of the Preference Shares in question, in respect of the number of days included in the period commencing with the day following whichever Preference Dividend Payment Date shall most recently have occurred prior to the date of commencement of the winding-up of the Company or return of capital and ending with such date of commencement of winding-up or return of capital, as though such period had been one in relation to which a Preference Dividend would have been payable pursuant to the provisions described in paragraph (1)(a) above and the terms of issue of the Preference Shares in question, but subject always to the provisions described in paragraph (1)(d)(i), (ii) and (iv) above and to the terms on which any particular Preference Shares are issued.

(c) With respect to the amounts payable or repayable under sub-paragraphs (a) and (b) of this paragraph in the event of a winding-up of the Company or return of capital, Preference Shares shall rank pari passu inter se and with any other shares that are expressed to rank pari passu therewith as regards participation in surplus assets and otherwise in priority to any other share capital of the Company. Save as may be determined by the board prior to the issue of any particular series of Preference Shares, the holders of Preference Shares shall not be entitled in respect thereof to any further or other right of participation in the assets of the Company upon a winding-up or return of capital.

8A.1.3 Voting

The holders of any series of Preference Shares will only be entitled to receive notice of and to attend any general meeting of the Company:

(1) if the Preference Dividend on the Preference Shares of such series has not, at the date of the notice of the general meeting, been paid in full in respect of such dividend periods as the board may prior to allotment determine, in which case the holders of the Preference Shares of such series will be entitled to speak and/or vote upon any resolution proposed thereat; or

(2) if a resolution is proposed at the general meeting:

(i) for, or in relation to, the winding-up of the Company; or

(ii) varying, altering or abrogating any of the rights, privileges, limitations or restrictions attached to the Preference Shares of such series,

speak and/or vote only upon such resolution; or

(3) in such other circumstances, and upon and subject to such terms, as the board may determine prior to allotment.

On a show of hands every holder of Preference Shares who is entitled to vote and who (being an individual) is present in person or (being a corporation) is present by representative shall have one vote. On a poll each holder of Preference Shares present in person or by proxy and entitled to vote shall have such number of votes in respect of each Preference Share as the board may determine prior to the allotment of such shares.

8A.1.4 Redemption of Redeemable Preference Shares

(a) The Redeemable Sterling Preference Shares and the Redeemable Euro Preference Shares (together, the ***Redeemable Preference Shares***) shall, subject to the provisions of the Companies Acts and to the other provisions of this paragraph (4), be redeemable at the option of the Company in whole or in part on any day by the Company giving to each of the holders of the Redeemable Preference Shares to be redeemed not less than fourteen days' prior notice in writing (a ***Notice of Redemption***) and by the Company complying with the other requirements of this paragraph (4).

(b) In the case of a partial redemption under sub-paragraph (a) of this paragraph (4) of this article 8A, the Company shall for the purposes of ascertaining the particular Redeemable Preference Shares to be redeemed cause a lot to be drawn at the office (or at such other place as the board may determine) in the presence of the auditors.

(c) A Notice of Redemption shall specify the particular Redeemable Preference Shares to be redeemed, the date fixed for redemption (the ***Redemption Date***), the amount payable in respect of each such Redeemable Preference Share on redemption and the place in the United Kingdom at which documents of title in respect of such Redeemable Preference Shares are to be presented and surrendered for redemption and payment of redemption moneys is to be effected. Upon such presentation and surrender and against the receipt of such holder for the redemption moneys payable in respect of such Redeemable Preference Shares, the Company shall pay to such holder the amount due to him in respect of such redemption and shall cancel the documents of title so delivered. No defect in the Notice of Redemption or in the giving thereof shall affect the validity of the redemption procedure.

(d) There shall be paid on each Redeemable Preference Share so redeemed the amount paid up or credited as paid up thereon, together (to the extent permitted by the Companies Acts) with any premium paid on issue.

(e) The provisions of this sub-paragraph (e) and the following sub-paragraphs (f) and (h) shall have effect in relation to Redeemable Preference Shares for the

and represented by certificates (***Certificates***) and in relation to Redeemable Preference Shares which, in accordance with Article 9, are for the time being issued and represented by a warrant (***Bearer Shares***). Payment by the Company in respect of the amount due on redemption shall be made, in the case of a Redeemable Sterling Preference Share, by a sterling cheque drawn on a bank in London, and, in the case of a Redeemable Euro Preference Share, by a euro cheque drawn on a bank in England or Frankfurt, or, upon the request of the holder or joint holders not later than the date specified for the purpose in the Notice of Redemption, by transfer to in the case of a Redeemable Sterling Preference Share, a sterling account maintained by the payee with a bank in London, or in the case of a Redeemable Euro Preference Share, a euro account maintained by the payee with a bank in London or Frankfurt. Such payment will, in the case of a Registered Share, be against presentation and surrender of the relative Certificate at the place or on one of the places specified in the Notice of Redemption and if any Certificate so surrendered includes Redeemable Preference Shares not to be redeemed on the relevant Redemption Date the Company shall within fourteen days thereafter issue to the holder, free of charge, a fresh Certificate in respect of such Redeemable Preference Shares. Such payments will, in the case of a Bearer Share, be made against presentation and surrender of the Warrant and all unmatured dividend coupons and talons (if any) at the place or places specified in the Notice of Redemption. Upon the relevant Redemption Date all unmatured dividend coupons and any talon for additional dividend coupons appertaining thereto (whether or not returned) shall become void and no payment will be made in respect thereof. If the Warrant so surrendered represents any Redeemable Preference Shares not to be redeemed on the relevant Redemption Date the Company shall issue, free of charge, a fresh Warrant representing such Bearer Shares which are not to be redeemed on such Redemption Date. All payments in respect of redemption monies will in all respects be subject to any applicable fiscal or other laws.

(f) As from the relevant Redemption Date the dividend on the Redeemable Preference Shares due for redemption shall cease to accrue except on any such Redeemable Preference Shares in respect of which, upon the due delivery of the Certificate or, as the case may be, the Warrant and all unmatured dividend coupons and talons (if any) in respect thereof, in accordance with sub-paragraphs (c) and (e) above, payment of the redemption moneys due on such Redemption Date shall be improperly withheld or refused in which case the said dividend, at the rate then applicable, shall be deemed to have continued and shall accordingly continue to accrue from the relevant Redemption Date to the date of payment of such redemption moneys. Such Redeemable Preference Shares shall not be treated as having been redeemed until the redemption moneys in question together with the accrued dividend thereon have been paid whereupon such Redeemable Preference Shares shall be treated as having been redeemed.

(g) If the Redemption Date for any Redeemable Preference Share is not, in the case of a Redeemable Sterling Preference Share, a day on which banks in London are open for business and on which foreign exchange dealings may be conducted in

London (a ***Sterling Business Day***), or, in the case of a Redeemable Euro Preference Share, a day in which banks in London and Frankfurt are open for business and on which foreign exchange dealings may be conducted in such cities (a ***Euro Business Day***), then payment of the amount payable on redemption will be made on the next succeeding Sterling Business Day or Euro Business Day as the case may be, and without any interest or other payment in respect of such delay unless such day shall fall within the next calendar month, whereupon such payment will be made on the preceding Sterling Business Day or Euro Business Day, as the case may be.

(h) The receipt of the holder for the time being of any Registered Share (or, in the case of joint registered holders, the receipt of any one of them) and the receipt of the person delivering any Warrant to the place or one of the places specified pursuant to sub-paragraph (c) above in respect of the monies payable on redemption on such Registered Share or, as the case may be, such Bearer Share, shall constitute an absolute discharge to the Company in respect thereof.

(i) Upon the redemption or purchase of any Redeemable Preference Shares, the directors may (pursuant to the authority given by the passing of the resolution to adopt this article) consolidate and divide and/or sub-divide the authorised, but unissued, Redeemable Preference Share capital existing as a consequence of such redemption or purchase into shares of a larger or smaller amount (and so that the provisions of articles 50 and 51 shall, where relevant, apply to any such consolidation, division or sub-division).

8A.1.5 Further Shares

(a) Save as provided by the terms of issue of any particular Preference Shares, the Company shall not create or issue any further shares ranking as regards participation in the profits and assets of the Company in priority to the Preference Shares.

(b) Any series of Preference Shares or other shares ranking pari passu in some or all respects with the Preference Shares then in issue may (unless otherwise provided by the terms of issue of the Preference Shares then in issue), without their creation or issue being deemed to vary the special rights attached to any Preference Shares then in issue, either carry rights identical in all respects with such Preference Shares or any of them or carry rights differing therefrom in any respect. Unless otherwise provided by the terms of issue, the rights attaching to any Preference Shares shall not be deemed to be varied or abrogated by the purchase, redemption or cancellation by the Company of any of its shares ranking as regards participation in the profits or assets of the Company pari passu with or after such Preference Shares.

SHARE RIGHTS

Shares with special rights

9.1 Subject to the provisions of the Companies Acts and without prejudice to any rights attached to any existing shares or class of shares, any share may be issued with such rights or restrictions as the Company may by ordinary resolution

determine or, subject to and in default of such determination, as the board shall determine.

Share warrants to bearer

9.2 The board may issue share warrants to bearer in respect of any fully paid up shares under a seal of the Company, or in any other manner authorised by the board. Any share while represented by such a warrant shall be transferable by delivery of the warrant relating to it. In any case in which a warrant is so issued, the board may provide for the payment of dividends or other moneys on the shares represented by the warrant by coupons or otherwise. The board may decide, either generally or in any particular case or cases, that any signature on any such warrant may be applied by mechanical means or printed on it or that the warrant need not be signed by any person.

Conditions of issue of share warrants

9.3 The board may determine, and from time to time vary, the conditions on which share warrants to bearer shall be issued and, in particular, the conditions on which:

(a) a new warrant or coupon shall be issued in place of one worn-out, defaced, lost or destroyed (but no new warrant shall be issued unless the Company is satisfied beyond reasonable doubt that the original has been destroyed); or

(b) the bearer shall be entitled to attend and vote at general meetings; or

(c) a warrant may be surrendered and the name of the bearer entered in the register in respect of the shares specified in the warrant.

The bearer of such a warrant shall be subject to the conditions for the time being in force in relation to the warrant, whether made before or after the issue of the warrant. Subject to those conditions and to the provisions of the Companies Acts, the bearer shall be deemed to be a member of the Company and shall have the same rights and privileges as he would have if his name had been included in the register as the holder of the shares comprised in the warrant.

No right in relation to share

9.4 The Company shall not be bound by or be compelled in any way to recognise any right in respect of the share represented by a share warrant other than the bearer's absolute right to the warrant.

Section 80 authority

10.1 The board has general and unconditional authority to exercise all the powers of the Company to allot relevant securities up to an aggregate nominal amount equal to the section 80 amount, for each prescribed period.

Section 89 disapplication

10.2 The board is empowered for each prescribed period to allot equity securities for cash pursuant to the authority conferred by Article 10.1 as if section 89(1) of the Act did not apply to any such allotment, provided that its power shall be limited to:

(a) the allotment of equity securities in connection with an issue in favour of the holders of relevant shares where the equity securities respectively attributable to the interests of all the holders of relevant shares are

proportionate (as nearly as practicable) to the respective numbers of relevant shares held by them, but subject to such exclusions or other arrangements as the board may deem necessary or expedient in relation to fractional entitlements or any legal, regulatory or practical problems under the laws or regulations of any overseas territory or the requirements of any regulatory body or stock exchange; and

(b) the allotment (otherwise than pursuant to Article 10.2(a)) of equity securities up to an aggregate nominal amount equal to the section 89 amount.

Allotment after expiry

10.3 Before the expiry of a prescribed period the Company may make an offer or agreement which would or might require equity securities or other relevant securities to be allotted after such expiry. The board may allot equity securities or other relevant securities in pursuance of that offer or agreement as if the prescribed period during which that offer or agreement was made had not expired.

Definitions

10.4 In this Article:

prescribed period means any period for which the authority conferred by Article 10.1 is given by ordinary or special resolution stating the section 80 amount and/or the power conferred by Article 10.2 is given by special resolution stating the section 89 amount;

section 80 amount means, for any prescribed period, the amount stated in the relevant ordinary or special resolution; and

section 89 amount means, for any prescribed period, the amount stated in the relevant special resolution.

Residual allotment powers

11. Subject to the provisions of the Companies Acts relating to authority, pre-emption rights or otherwise and of any resolution of the Company in general meeting passed pursuant to those provisions, and, in the case of redeemable shares, the provisions of Article 12:

(a) all unissued shares for the time being in the capital of the Company shall be at the disposal of the board; and

(b) the board may allot (with or without conferring a right of renunciation), grant options over, or otherwise dispose of them to such persons on such terms and conditions and at such times as it thinks fit.

Redeemable shares

12. Subject to the provisions of the Companies Acts, and without prejudice to any rights attached to any existing shares or class of shares, shares may be issued which are to be redeemed or are to be liable to be redeemed at the option of the Company or the holder on such terms and in such manner as may be provided by these Articles.

Commissions

13. The Company may exercise all powers of paying commissions or brokerage conferred or permitted by the Companies Acts. Subject to the provisions of the Companies Acts, any such commission or brokerage may be satisfied by the payment of cash or by the allotment of fully or partly paid shares or partly in one way and partly in the other.

Trusts not recognised

14. Except as required by law and except to the extent expressly provided in Articles 150 and 164 in relation to the trustee to whom shares may be issued in accordance with the terms of the transfer of the business of the Society to the Company, the Company shall recognise no person as holding any share on any trust and (except as otherwise provided by these Articles or by law) the Company shall not be bound by or recognise any interest in any share (or in any fractional part of a share) except the holder's absolute right to the entirety of the share (or fractional part of the share).

VARIATION OF RIGHTS

Method of varying rights

15.1 Subject to the provisions of the Companies Acts, if at any time the capital of the Company is divided into different classes of shares, the rights attached to any class may (unless otherwise provided by the terms of allotment or issue of the shares of that class) be varied or abrogated, whether or not the Company is being wound up, either:

(a) with the consent in writing of the holders of three-quarters in nominal value of the issued shares of the class, which consent shall be by means of one or more instruments or contained in one or more electronic communications sent to such address (if any) for the time being notified by or on behalf of the Company for that purpose or a combination of both; or

(b) with the sanction of an extraordinary resolution passed at a separate general meeting of the holders of the shares of the class,

(but not otherwise).

When rights deemed to be varied

15.2 For the purposes of this Article, unless otherwise expressly provided by the rights attached to any share or class of shares, those rights shall be deemed to be varied by:

(a) the reduction of the capital paid up on that share or class of shares otherwise than by a purchase or redemption by the Company of its own shares; and

(b) the allotment of another share ranking in priority for payment of a dividend or in respect of capital or which confers on its holder voting rights more favourable than those conferred by that share or class of shares,

but shall not be deemed to be varied by:

(c) the creation or issue of another share ranking equally with, or subsequent to, that share or class of shares or by the purchase or redemption by the Company of its own shares; or

(d) the Company permitting, in accordance with the Regulations, the holding and transfer of title to shares of that or any other class in uncertificated form by means of a relevant system.

UNCERTIFICATED SHARES

Uncertificated shares

16.1 Subject to the provisions of the Regulations, the board may permit the holding of shares in any class of shares in uncertificated form and the transfer of title to shares in that class by means of a relevant system and may determine that any class of shares shall cease to be a participating security.

Not separate class of shares

16.2 Shares in the capital of the Company that fall within a certain class shall not form a separate class of shares from other shares in that class because any share in that class:

(a) is held in uncertificated form; or

(b) is permitted in accordance with the Regulations to become a participating security.

Exercise of Company's entitlements in respect of uncertificated shares

16.3 Where any class of shares is a participating security and the Company is entitled under any provision of the Companies Acts, the Regulations or the Articles to sell, transfer or otherwise dispose of, forfeit, re-allot, accept the surrender of or otherwise enforce a lien over a share held in uncertificated form, the Company shall be entitled, subject to the provisions of the Companies Acts, the Regulations, the Articles and the facilities and requirements of the relevant system:

(a) to require the holder of that uncertificated share by notice to change that share into certificated form within the period specified in the notice and to hold that share in certificated form so long as required by the Company;

(b) to require the holder of that uncertificated share by notice to give any instructions necessary to transfer title to that share by means of the relevant system within the period specified in the notice;

(c) to require the holder of that uncertificated share by notice to appoint any person to take any step, including without limitation the giving of any instructions by means of the relevant system, necessary to transfer that share within the period specified in the notice; and

(d) to take any action that the board considers appropriate to achieve the sale, transfer, disposal, forfeiture, re-allotment or surrender of that share or otherwise to enforce a lien in respect of that share.

Members' rights to certificates

17. Every member, on becoming the holder of any certificated share (except a recognised person in respect of whom the Company is not required by law to complete and have ready for delivery a certificate) shall be entitled, without payment, to one certificate for all the certificated shares of each class held by him (and, on transferring a part of his holding of certificated shares of any class, to a certificate for the balance of his holding of certificated shares). He may elect to receive one or more additional certificates for any of his certificated shares if he pays for every certificate after the first a reasonable sum determined from time to time by the board. Every certificate shall:

(a) be executed under the seal or in accordance with Article 138 or in such other manner as the board may approve; and

(b) specify the number, class and distinguishing numbers (if any) of the shares to which it relates and the amount or respective amounts paid up on the shares.

The Company shall not be bound to issue more than one certificate for certificated shares held jointly by more than one person and delivery of a certificate to one joint holder shall be a sufficient delivery to all of them. Shares of different classes may not be included in the same certificate.

Replacement certificates

18. If a share certificate is defaced, worn out, lost or destroyed, it may be renewed on such terms (if any) as to evidence and indemnity and payment of any exceptional out-of-pocket expenses reasonably incurred by the Company in investigating evidence and preparing the requisite form of indemnity as the board may determine but otherwise free of charge, and (in the case of defacement or wearing out) on delivery up of the old certificate.

LIEN

Company to have lien on shares

19. The Company shall have a first and paramount lien on every share (not being a fully paid share) for all moneys payable to the Company (whether presently or not) in respect of that share. The board may at any time (generally or in particular cases) waive any lien or declare any share to be wholly or in part exempt from the provisions of this Article. The Company's lien on a share shall extend to any amount (including without limitation dividends) payable in respect of it.

Enforcement of lien by sale

20.1 The Company may sell, in such manner as the board determines, any share on which the Company has a lien if a sum in respect of which the lien exists is presently payable and is not paid within 14 clear days after notice has been sent to the holder of the share, or to the person entitled to it by transmission, demanding payment and stating that if the notice is not complied with the share may be sold.

Giving effect to sale

20.2 To give effect to that sale the board may, if the share is a certificated share, authorise any person to execute an instrument of transfer in respect of the share sold to, or in accordance with the directions of, the buyer. If the share is an

uncertificated share, the board may exercise any of the Company's powers under Article 16.3 to effect the transfer of the share to, or in accordance with the directions of, the buyer. The buyer shall not be bound to see to the application of the purchase money and his title to the share shall not be affected by any irregularity in or invalidity of the proceedings in relation to the sale.

Application of proceeds

20.3 The net proceeds of the sale, after payment of the costs, shall be applied in or towards payment or satisfaction of so much of the sum in respect of which the lien exists as is presently payable. Any residue shall (if the share sold is a certificated share, on surrender to the Company for cancellation of the certificate in respect of the share sold and, whether the share sold is a certificated share or uncertificated share, subject to a like lien for any moneys not presently payable as existed on the share before the sale) be paid to the person entitled to the share at the date of the sale.

CALLS ON SHARES

Power to make calls

24. Subject to the terms of allotment, the board may from time to time make calls on the members in respect of any moneys unpaid on their shares (whether in respect of nominal value or premium). Each member shall (subject to receiving at least 14 clear days' notice specifying when and where payment is to be made) pay to the Company the amount called on his shares as required by the notice. A call may be required to be paid by instalments. A call may be revoked in whole or part and the time fixed for payment of a call may be postponed in whole or part as the board may determine. A person on whom a call is made shall remain liable for calls made on him even if the shares in respect of which the call was made are subsequently transferred.

Time when call made

25. A call shall be deemed to have been made at the time when the resolution of the board authorising the call was passed.

Liability of joint holders

26. The joint holders of a share shall be jointly and severally liable to pay all calls in respect of it.

Interest payable

27. If a call or any instalment of a call remains unpaid in whole or in part after it has become due and payable the person from whom it is due and payable shall pay interest on the amount unpaid from the day it became due and payable until it is paid. Interest shall be paid at the rate fixed by the terms of allotment of the share or in the notice of the call or, if no rate is fixed, the rate determined by the board, not exceeding 15 per cent. per annum or, if higher, the appropriate rate (as defined by the Act) but the board may in respect of any individual member waive payment of such interest wholly or in part.

Deemed calls

28. An amount payable in respect of a share on allotment or at any fixed date, whether in respect of nominal value or premium or as an instalment of a call, shall be deemed to be a call duly made and notified and payable on the date so fixed or in accordance with the terms of the allotment. If it is not paid the provisions of these Articles shall apply as if that amount had become due and payable by virtue of a call duly made and notified.

Differentiation on calls

29. Subject to the terms of allotment, the board may make arrangements on the issue of shares for a difference between the allottees or holders in the amounts and times of payment of calls on their shares.

Payment of calls in advance

30. The board may, if it thinks fit, receive from any member all or any part of the moneys uncalled and unpaid on any share held by him. Such payment in advance of calls shall extinguish the liability on the share in respect of which it is made to the extent of the payment. The Company may pay on all or any of the moneys so advanced (until they would but for such advance become presently payable) interest at such rate agreed between the board and the member not exceeding (unless the Company by ordinary resolution otherwise directs) 15 per cent. per annum or, if higher, the appropriate rate (as defined in the Act).

FORFEITURE AND SURRENDER

Notice requiring payment of call

31. If a call or any instalment of a call remains unpaid in whole or in part after it has become due and payable, the board may give to the person from whom it is due not less than 14 clear days' notice requiring payment of the amount unpaid together with any interest which may have accrued and any costs, charges and expenses incurred by the Company by reason of such non-payment. The notice shall name the place where payment is to be made and shall state that if the notice is not complied with the shares in respect of which the call was made will be liable to be forfeited.

Forfeiture for non-compliance

32. If that notice is not complied with, any share in respect of which it was sent may, at any time before the payment required by the notice has been made, be forfeited by a resolution of the board. The forfeiture shall include all dividends or other moneys payable in respect of the forfeited share which have not been paid before the forfeiture. When a share has been forfeited, notice of the forfeiture shall be sent to the person who was the holder of the share before the forfeiture. Where the forfeited share is held in certificated form, an entry shall be made promptly in the register opposite the entry of the share showing that notice has been sent, that the share has been forfeited and the date of forfeiture. No forfeiture shall be invalidated by the omission or neglect to send that notice or to make those entries.

Sale of forfeited shares

33. Subject to the provisions of the Companies Acts, a forfeited share shall be deemed to belong to the Company and may be sold, re-allotted or otherwise disposed of on such terms and in such manner as the board determines, either to the person who was the holder before the forfeiture or to any other person. At any time before sale, re-allotment or other disposal, the forfeiture may be cancelled on such terms as the board thinks fit. Where, for the purposes of its disposal, a forfeited share held in certificated form is to be transferred to any person, the board may authorise any person to execute an instrument of transfer of the shares to that person. Where, for the purposes of its disposal, a forfeited share held in uncertificated form is to be transferred to any person, the board may exercise any of the Company's powers under Article 16.3 to effect the transfer of the share to that person. The Company may receive the consideration given for the share on its disposal and may register the transferee as holder of the share.

following forfeiture

forfeited and shall, if the share is a certificated share, surrender the certificate for any forfeited share to the Company for cancellation. The person shall remain liable to the Company for all moneys which at the date of forfeiture were presently payable by him to the Company in respect of that share with interest on that amount at the rate at which interest was payable on those moneys before the forfeiture or, if no interest was so payable, at the rate determined by the board, not exceeding 15 per cent. per annum or, if higher, the appropriate rate (as defined in the Act), from the date of forfeiture until payment. The board may waive payment wholly or in part or enforce payment without any allowance for the value of the share at the time of forfeiture or for any consideration received on its disposal.

Surrender

35. The board may accept the surrender of any share which it is in a position to forfeit on such terms and conditions as may be agreed. Subject to those terms and conditions, a surrendered share shall be treated as if it had been forfeited.

Extinction of rights

36. The forfeiture of a share shall involve the extinction at the time of forfeiture of all interest in and all claims and demands against the Company in respect of the share and all other rights and liabilities incidental to the share as between the person whose share is forfeited and the Company, except only those rights and liabilities expressly saved by these Articles, or as are given or imposed in the case of past members by the Companies Acts.

Evidence of forfeiture or surrender

37. A statutory declaration by a director or the secretary that a share has been duly forfeited or surrendered on a specified date shall be conclusive evidence of the facts stated in it as against all persons claiming to be entitled to the share. The declaration shall (subject, if necessary, to the execution of an instrument of transfer or transfer by means of the relevant system, as the case may be) constitute a good title to the share. The person to whom the share is disposed of shall not be bound to see to the application of the purchase money, if any, and his title to the share shall not be affected by any irregularity in, or invalidity of, the proceedings in reference to the forfeiture, surrender, sale, re-allotment or disposal of the share.

TRANSFER OF SHARES

Form and execution of transfer of certificated shares

38. The instrument of transfer of a certificated share may be in any usual form or in any other form which the board may approve. An instrument of transfer shall be signed by or on behalf of the transferor and, unless the share is fully paid, by or on behalf of the transferee. An instrument of transfer need not be under seal.

Transfers of partly paid certificated shares

39. The board may, in its absolute discretion and without giving any reason, refuse to register the transfer of a certificated share which is not fully paid, provided that the refusal does not prevent dealings in shares in the Company from taking place on an open and proper basis.

Invalid transfers

40.1 The board may also refuse to register the transfer of a certificated share unless the instrument of transfer:

(a) is lodged, duly stamped (if stampable), at the office or at another place appointed by the board accompanied by the certificate for the share to which it relates and such other evidence as the board may reasonably require to show the right of the transferor to make the transfer;

(b) is in respect of only one class of shares; and

(c) is in favour of not more than four transferees.

Transfers by recognised persons

40.2 In the case of a transfer of certificated shares by a recognised person, the lodging of a share certificate will only be necessary if and to the extent that a certificate has been issued in respect of the share in question.

41. The board may refuse to register the transfer of an uncertificated share in any circumstances permitted by the London Stock Exchange, the Regulations and the rules and practices of the Operator of the relevant system. Without prejudice to the generality of the foregoing, the directors shall have the right to refuse to register any transfer which would give rise to a breach of the protective provisions set out in Articles 5 and 6.

Notice of refusal to register

42. If the board refuses to register a transfer of a share in certificated form it shall send to the transferee notice of the refusal within two months after the date on which the transfer was lodged with the Company.

Suspension of registration

43. The registration of transfers of shares or of transfers of any class of shares may be suspended at such times and for such periods (not exceeding 30 days in any year) as the board may determine, except that the board may not suspend the registration of transfers of any participating security without the consent of the Operator of the relevant system.

No fee payable on registration

44. No fee shall be charged for the registration of any transfer or other document relating to or affecting the title to a share.

Retention of transfers

45. The Company shall be entitled to retain an instrument of transfer which is registered, but an instrument of transfer which the board refuses to register shall be returned to the person lodging it when notice of the refusal is sent.

TRANSMISSION OF SHARES

Transmission

46. If a member dies, the survivor, or survivors where he was a joint holder, and his personal representatives, where he was a sole holder or the only survivor of joint holders, shall be the only persons recognised by the Company as having any title to his interest. Nothing in these Articles shall release the estate of a deceased member (whether a sole or joint holder) from any liability in respect of any share held by him.

Elections permitted

47.1 A person becoming entitled by transmission to a share may, on production of any evidence as to his entitlement properly required by the board, elect either to become the holder of the share or to have another person nominated by him

the Company to that effect. If he elects to have another person registered and the share is a certificated share, he shall execute an instrument of transfer of the share to that person. If he elects to become holder or to have another person registered and the share is an uncertificated share, he shall take any action the board may require (including without limitation the execution of any document and the giving of any instruction by means of a relevant system) to enable himself or that person to be registered as the holder of the share. All the provisions of these Articles relating to the transfer of shares apply to that notice or instrument of transfer as if it were an instrument of transfer executed by the member and the death or bankruptcy of the member or other event giving rise to the transmission had not occurred.

Elections required

47.2 The board may at any time send a notice requiring any such person to elect either to be registered himself or to transfer the share. If the notice is not complied with within 60 days, the board may after the expiry of that period withhold payment of all dividends or other moneys payable in respect of the share until the requirements of the notice have been complied with.

Rights of persons entitled by transmission

48. A person becoming entitled by transmission to a share shall, on production of any evidence as to his entitlement properly required by the board and subject to the requirements of Article 47, have the same rights in relation to the share as he would have had if he were the holder of the share, subject to Article 148. That person may give a discharge for all dividends and other moneys payable in respect of the share, but he shall not, before being registered as the holder of the share, be entitled in respect of it to receive notice of, or to attend or vote at, any meeting of the Company or to receive notice of or to attend or vote at any separate meeting of the holders of any class of shares in the capital of the Company.

ALTERATION OF SHARE CAPITAL

Alterations by ordinary resolution

49. Subject to the provisions of Article 8, the Company may by ordinary resolution:

(a) increase its share capital by such sum to be divided into shares of such amount as the resolution prescribes;

(b) consolidate and divide all or any of its share capital into shares of larger amount than its existing shares;

(c) subject to the provisions of the Companies Acts, sub-divide its shares, or any of them, into shares of smaller amount than is fixed by the Memorandum and the resolution may determine that, as between the shares resulting from the sub-division, any of them may have any preference or advantage as compared with the others; and

(d) cancel shares which, at the date of the passing of the resolution, have not been taken or agreed to be taken by any person and diminish the amount of its share capital by the amount of the shares so cancelled.

subject to these Articles

(a) subject to all the provisions of these Articles including, without limitation, provisions relating to payment of calls, lien, forfeiture, transfer and transmission; and

(b) unclassified, unless otherwise provided by these Articles, by the resolution creating the shares or by the terms of allotment of the shares.

Fractions arising

51. Whenever any fractions arise as a result of a consolidation or sub-division of shares, the board may on behalf of the members deal with the fractions as it thinks fit. In particular, without limitation, the board may sell shares representing fractions to which any members would otherwise become entitled to any person (including, subject to the provisions of the Companies Acts, the Company) and distribute the net proceeds of sale in due proportion among those members. Where the shares to be sold are held in certificated form, the board may authorise some person to execute an instrument of transfer of the shares to, or in accordance with, the buyer's directions. Where the shares to be sold are held in uncertificated form, the board may do all acts and things it considers necessary or expedient to effect the transfer of the shares to, or in accordance with, the buyer's directions. The buyer shall not be bound to see to the application of the purchase moneys and his title to the shares shall not be affected by any irregularity in, or invalidity of, the proceedings in relation to the sale.

Power to reduce capital

52. Subject to the provisions of the Companies Acts, the Company may by special resolution reduce its share capital, capital redemption reserve and share premium account in any way.

PURCHASE OF OWN SHARES

Power to purchase own shares

53. Subject to and in accordance with the provisions of the Companies Acts and without prejudice to any relevant special rights attached to any class of shares, the Company may purchase any of its own shares of any class (including without limitation redeemable shares) in any way and at any price (whether at par or above or below par).

GENERAL MEETINGS

Types of general meeting

54. All general meetings of the Company other than annual general meetings shall be called extraordinary general meetings. The board shall convene and the Company shall hold general meetings as annual general meetings in accordance with the requirements of the Companies Acts.

Class meetings

55. All provisions of these Articles relating to general meetings of the Company shall, mutatis mutandis, apply to every separate general meeting of the holders of any class of shares in the capital of the Company, except that:

(a) the necessary quorum shall be two persons or, in the case of a meeting of the holders of Foundation Shares, one person holding or representing by

at any adjourned meeting of such holders, one holder present in person or by proxy, whatever the amount of his holding, who shall be deemed to constitute a meeting;

(b) any holder of shares of the class present in person or by proxy may demand a poll; and

(c) each holder of shares of the class shall, on a poll, have one vote in respect of every share of the class held by him.

Convening general meetings

56. The board may call general meetings whenever and at such times and places as it shall determine. On the requisition of members pursuant to the provisions of the Companies Acts, the board shall promptly convene an extraordinary general meeting in accordance with the requirements of the Companies Acts. If there are insufficient directors in the United Kingdom to call a general meeting, any director of the Company may call a general meeting, but where no director is willing or able to do so, any two members of the Company may summon a meeting for the purpose of appointing one or more directors.

NOTICE OF GENERAL MEETINGS

Period of notice

57.1 An annual general meeting and an extraordinary general meeting called for the passing of a special resolution shall be called by at least 21 clear days' notice. All other extraordinary general meetings shall be called by at least 14 clear days' notice.

Recipients of notice

57.2 Subject to the provisions of the Companies Acts, to the provisions of these Articles and to any restrictions imposed on any shares, the notice shall be sent to all the members, to each of the directors and to the auditors.

Contents of notice: general

58.1 The notice shall specify the time and place of the meeting (including without limitation any satellite meeting place arranged for the purposes of Article 59.3, which shall be identified as such in the notice) and, in the case of special business, the general nature of that business. All business that is transacted at an extraordinary general meeting shall be deemed special. All business transacted at an annual general meeting shall be deemed special except:

(a) the declaration of dividends;

(b) the consideration and adoption of the accounts and balance sheet and the reports of the directors and auditors and other documents required to be annexed to the accounts;

(c) the appointment and re-appointment of directors;

(d) the appointment of auditors where special notice of the resolution for such appointment is not required by the Companies Acts; and

(c) the filling of, or the determining of the number of, the maximum number of the directors or auditors.

Contents of notice: additional requirements

58.2 In the case of an annual general meeting, the notice shall specify the meeting as such. In the case of a meeting to pass a special or extraordinary resolution, the notice shall specify the intention to propose the resolution as a special or extraordinary resolution, as the case may be.

Article 59.3 arrangements

58.3 The notice shall include details of any arrangements made for the purpose of Article 59.3 (making clear that participation in those arrangements will not amount to attendance at the meeting to which the notice relates).

General meetings at more than one place

59.1 The board may resolve to enable persons entitled to attend a general meeting to do so by simultaneous attendance and participation at a satellite meeting place anywhere in the world. The members present in person or by proxy at satellite meeting places shall be counted in the quorum for, and entitled to vote at, the general meeting in question, and that meeting shall be duly constituted and its proceedings valid if the chairman of the general meeting is satisfied that adequate facilities are available throughout the general meeting to ensure that members attending at all the meeting places are able to:

(a) participate in the business for which the meeting has been convened;

(b) hear and see all persons who speak (whether by the use of microphones, loudspeakers, audio-visual communications equipment or otherwise) in the principal meeting place and any satellite meeting place; and

(c) be heard and seen by all other persons so present in the same way.

The chairman of the general meeting shall be present at, and the meeting shall be deemed to take place at, the principal meeting place.

Interruption or adjournment where facilities inadequate

59.2 If it appears to the chairman of the general meeting that the facilities at the principal meeting place or any satellite meeting place have become inadequate for the purposes referred to in Article 59.1, then the chairman may, without the consent of the meeting, interrupt or adjourn the general meeting. All business conducted at that general meeting up to the time of such adjournment shall be valid. The provisions of Article 65.2 shall apply to any such adjournment.

Other arrangements for viewing/hearing proceedings

59.3 The board may make arrangements for persons entitled to attend a general meeting or an adjourned general meeting to be able to view and hear the proceedings of the general or adjourned general meeting and to speak at the meeting (whether by the use of microphones, loudspeakers, audio-visual communications equipment or otherwise), by attending a venue anywhere in the world not being a satellite meeting place. Those attending at any such venue shall not be regarded as present at the general meeting or adjourned general meeting and shall not be entitled to vote at the meeting at or from that venue. The inability for any reason of any member present in person or by proxy at such a venue to view or

not in any way affect the validity of the proceedings of the meeting.

Controlling level of attendance

59.4 The board may from time to time make any arrangements for controlling the level of attendance at any venue for which arrangements have been made pursuant to Article 59.3 (including, without limitation, the issue of tickets or the imposition of some other means of selection) which it in its absolute discretion considers appropriate, and may from time to time change those arrangements. If a member who, pursuant to those arrangements, is not entitled to attend in person or by proxy at any particular venue, he shall be entitled to attend in person or by proxy at any other venue for which arrangements have been made pursuant to Article 59.3. The entitlement of any member to be present at such venue in person or by proxy shall be subject to any such arrangements then in force and stated by the notice of meeting or adjourned meeting to apply to the meeting.

Change in place and/or time of meeting

59.5 If, after the sending of notice of a general meeting but before the meeting is held, or after the adjournment of a general meeting but before the adjourned meeting is held (whether or not notice of the adjourned meeting is required), the board decides that it is impracticable or unreasonable to hold the meeting at the declared place and/or time, it may change the place and/or postpone the time at which the meeting is to be held. If such a decision is made, the board may then change the place and/or postpone the time again if it decides that it is reasonable to do so. In either case:

(a) no new notice of the meeting need be sent, but the board shall, if practicable, advertise the date, time and place of the meeting in at least two newspapers having a national circulation and shall make arrangements for notices of the change of place and/or postponement to appear at the original place and/or at the original time; and

(b) a proxy appointment in relation to the meeting may, if by means of an instrument, be delivered to the office or to such other place within the United Kingdom as may be specified by or on behalf of the Company in accordance with Article 86.1(a) or, if contained in an electronic communication, be received at the address (if any) specified by or on behalf of the Company in accordance with Article 86.1(b) at any time not less than 48 hours before any new time appointed for holding the meeting.

Meaning of participate

59.6 For the purposes of this Article 59, the right of a member to participate in the business of any general meeting shall include, without limitation, the right to speak, vote on a show of hands, vote on a poll, be represented by a proxy and have access to all documents which are required by the Companies Acts and these Articles to be made available at the meeting.

Accidental omission to send notice

60.1 The accidental omission to send a notice of a meeting, or to send any notification where required by the Companies Acts or the Articles in relation to the publication of a notice of meeting on a website, or to send a form of proxy where required by these Articles, to any person entitled to receive it, or the non-receipt for

any reason of any such notice or notification or form of proxy by that person, whether or not the Company is aware of such omission or non-receipt, shall not invalidate the proceedings at that meeting.

Security

60.2 The board and, at any general meeting, the chairman may make any arrangement and impose any requirement or restriction it or he considers appropriate to ensure the security of a general meeting including, without limitation, requirements for evidence of identity to be produced by those attending the meeting, the searching of their personal property and the restriction of items that may be taken into the meeting place. The board and, at any general meeting, the chairman are entitled to refuse entry to a person who refuses to comply with these arrangements, requirements or restrictions.

PROCEEDINGS AT GENERAL MEETINGS

Quorum

61. No business shall be transacted at any general meeting unless a quorum is present, but the absence of a quorum shall not preclude the choice or appointment of a chairman, which shall not be treated as part of the business of the meeting. Save as otherwise provided by these Articles, two persons present in person or by proxy and entitled to vote on the business to be transacted shall be a quorum.

If quorum not present

62. If such a quorum is not present within five minutes (or such longer time not exceeding 30 minutes as the chairman of the meeting may decide to wait) from the time appointed for the meeting, or if during a meeting such a quorum ceases to be present, the meeting, if convened on the requisition of members, shall be dissolved, and in any other case shall stand adjourned to such time and place as the chairman of the meeting may determine. The adjourned meeting shall be dissolved if a quorum is not present within 15 minutes after the time appointed for holding the meeting.

Chairman

63. The chairman, if any, of the board or, in his absence, any deputy chairman of the Company or, in his absence, some other director nominated by the board, shall preside as chairman of the meeting. If neither the chairman nor any deputy chairman nor such other director (if any) is present within five minutes after the time appointed for holding the meeting or is not willing to act as chairman, the directors present shall elect one of their number to be chairman. If there is only one director present and willing to act, he shall be chairman. If no director is willing to act as chairman, or if no director is present within five minutes after the time appointed for holding the meeting, the members present and entitled to vote shall choose one of their number to be chairman.

Directors entitled to speak

64. A director shall, notwithstanding that he is not a member, be entitled to attend and speak at any general meeting and at any separate meeting of the holders of any class of shares in the capital of the Company.

Adjournments: chairman's powers

65.1 The chairman may, with the consent of a meeting at which a quorum is present (and shall if so directed by the meeting), adjourn the meeting from time to time and from place to place. No business shall be transacted at an adjourned meeting other than business which might properly have been transacted at the

meeting had the adjournment not taken place. In addition (and without prejudice to the chairman's power to adjourn a meeting conferred by Article 59.2), the chairman may adjourn the meeting to another time and place without such consent if it appears to him that:

(a) it is likely to be impracticable to hold or continue that meeting because of the number of members wishing to attend who are not present; or

(b) the unruly conduct of persons attending the meeting prevents or is likely to prevent the orderly continuation of the business of the meeting; or

(c) an adjournment is otherwise necessary so that the business of the meeting may be properly conducted.

Adjournments: procedures

65.2 Any such adjournment may be for such time and to such other place (or, in the case of a meeting held at a principal meeting place and a satellite meeting place, such other places) as the chairman may, in his absolute discretion, determine, notwithstanding that by reason of such adjournment some members may be unable to be present at the adjourned meeting. Any such member may nevertheless appoint a proxy for the adjourned meeting either in accordance with Article 86 or by means of an instrument which, if delivered by him at the meeting which is adjourned to the chairman or the secretary or any director, shall be valid even though it is given at less notice than would otherwise be required by Article 86. When a meeting is adjourned for 30 days or more or for an indefinite period, notice shall be sent at least seven clear days before the date of the adjourned meeting specifying the time and place (or places, in the case of a meeting to which Article 59.1 applies) of the adjourned meeting and the general nature of the business to be transacted. Otherwise it shall not be necessary to send any notice of an adjournment or of the business to be transacted at an adjourned meeting.

Amendments to resolutions

66. If an amendment is proposed to any resolution under consideration but is in good faith ruled out of order by the chairman, the proceedings on the substantive resolution shall not be invalidated by any error in such ruling. With the consent of the chairman, an amendment may be withdrawn by its proposer before it is voted on. No amendment to a resolution duly proposed as a special or extraordinary resolution may be considered or voted on (other than a mere clerical amendment to correct a patent error). No amendment to a resolution duly proposed as an ordinary resolution may be considered or voted on (other than a mere clerical amendment to correct a patent error) unless either (a) at least 48 hours before the time appointed for holding the meeting or adjourned meeting at which the ordinary resolution is to be considered, notice of the terms of the amendment and the intention to move it has been delivered by means of an instrument to the office, or to such other place as may be specified by or on behalf of the Company for that purpose, or received in an electronic communication at such address (if any) for the time being notified by or on behalf of the Company for that purpose or (b) the chairman in his absolute discretion decides that the amendment may be considered and voted on.

Methods of voting

67. A resolution put to the vote of a general meeting shall be decided on a show of hands unless, before or on the declaration of the result of a vote on the show of hands or on the withdrawal of any other demand for a poll, a poll is duly demanded. Subject to the provisions of the Companies Acts, a poll may be demanded by:

(a) the chairman of the meeting; or

(b) at least five members (including proxies) who are present and who have the right to vote at the meeting; or

(c) any member or members (including a proxy or proxies) who are present and who represent not less than one-tenth of the total voting rights of all the members (including proxies) having the right to vote at the meeting; or

(d) any member or members (including a proxy or proxies) who are present and who hold shares (or who have been appointed to represent a member or members in respect of shares) conferring a right to vote at the meeting being shares on which an aggregate sum has been paid up equal to not less than one-tenth of the total sum paid up on all the shares conferring that right.

A demand by a person as proxy for a member shall be the same as a demand by the member.

Declaration of result

68. Unless a poll is duly demanded (and the demand is not withdrawn before the poll is taken) a declaration by the chairman that a resolution has been carried or carried unanimously, or by a particular majority, or lost, or not carried by a particular majority shall be conclusive evidence of the fact without proof of the number or proportion of the votes recorded in favour of or against the resolution.

Chairman's casting vote

69. In the case of an equality of votes, whether on a show of hands or on a poll, the chairman shall be entitled to a casting vote in addition to any other vote he may have.

Withdrawal of demand for poll

70. The demand for a poll may be withdrawn before the poll is taken, but only with the consent of the chairman. A demand so withdrawn shall not be taken to have invalidated the result of a show of hands declared before the demand was made. If the demand for a poll is withdrawn, the chairman or any other member entitled may demand a poll.

Conduct of poll

71. Subject to Article 72 a poll shall be taken as the chairman directs and he may, and shall if required by the meeting, appoint scrutineers (who need not be members) and fix a time and place for declaring the result of the poll. The result of the poll shall be deemed to be the resolution of the meeting at which the poll was demanded.

When poll to be taken

72. A poll demanded on the election of a chairman or on a question of adjournment shall be taken at the meeting at which it is demanded. A poll

demanded on any other question shall be taken either at the meeting or at such time and place as the chairman directs not being more than 30 days after the poll is demanded. The demand for a poll shall not prevent the continuance of a meeting for the transaction of any business other than the question on which the poll was demanded. If a poll is demanded before the declaration of the result of a show of hands and the demand is duly withdrawn, the meeting shall continue as if the demand had not been made.

Notice of poll

73. No notice need be sent of a poll not taken at the meeting at which it is demanded if the time and place at which it is to be taken are announced at the meeting. In any other case notice shall be sent at least seven clear days before the taking of the poll specifying the time and place at which the poll is to be taken.

Effectiveness of special and extraordinary resolutions

74. Where for any purpose an ordinary resolution of the Company is required, a special or extraordinary resolution shall also be effective. Where for any purpose an extraordinary resolution is required, a special resolution shall also be effective.

VOTES OF MEMBERS

Right to vote

75. Subject to any rights or restrictions attached to any shares, on a show of hands every member who is present in person shall have one vote. A proxy appointed, in respect of all or part of such shareholding, by a member who holds shares in the Company pursuant to a written agreement with the Company on behalf of a third party or a number of third parties (a ***Nominee Proxy***) shall on a show of hands also have one vote (and, for the avoidance of doubt, any such proxy will, on a show of hands, be entitled to one vote only, even if that proxy is himself a member or is acting as proxy for more than one member). Subject to any rights or restrictions attached to any shares, on a poll every member present in person or by proxy shall have one vote for every share of which he is the holder.

Votes of joint holders

76. In the case of joint holders of a share, the vote of the senior who tenders a vote, whether in person or by proxy, shall be accepted to the exclusion of the votes of the other joint holders. For this purpose seniority shall be determined by the order in which the names of the holders stand in the register.

Member under incapacity

77. A member in respect of whom an order has been made by a court or official having jurisdiction (whether in the United Kingdom or elsewhere) in matters concerning mental disorder may vote, whether on a show of hands or on a poll, by his receiver, curator bonis or other person authorised for that purpose appointed by that court or official. That receiver, curator bonis or other person may, on a poll, vote by proxy. The right to vote shall be exercisable only if evidence satisfactory to the board of the authority of the person claiming to exercise the right to vote has been deposited at the office, or at another place specified in accordance with these Articles for the delivery of proxy appointments, not less than 48 hours before the time appointed for holding the meeting or adjourned meeting at which the right to vote is to be exercised.

Calls in arrears

78. No member shall be entitled to vote at a general meeting or at a separate meeting of the holders of any class of shares in the capital of the Company, either

in person or by proxy, in respect of any share held by him unless all moneys presently payable by him in respect of that share have been paid.

Section 212 of the Act, restrictions if in default

79.1 If at any time the board is satisfied that any member, or any other person appearing to be interested in shares held by such member, has been duly served with a notice under section 212 of the Act (a ***section 212 notice***) and is in default for the prescribed period in supplying to the Company the information thereby required, or, in purported compliance with such a notice, has made a statement which is false or inadequate in a material particular, then the board may, in its absolute discretion at any time thereafter by notice (a ***direction notice***) to such member direct that:

(a) in respect of the shares in relation to which the default occurred (the ***default shares***, which expression includes any shares issued after the date of the section 212 notice in respect of those shares) the member shall not be entitled to attend or vote either personally or by proxy at a general meeting or at a separate meeting of the holders of that class of shares or on a poll; and

(b) where the default shares represent at least ¼ of one per cent. in nominal value of the issued shares of their class, then the direction notice may additionally direct that in respect of the default shares:

(i) no payment shall be made by way of dividend and no share shall be allotted pursuant to Article 147;

(ii) no transfer of any default share shall be registered unless:

(A) the member is not himself in default as regards supplying the information requested and the instrument of transfer when presented for registration is accompanied by a certificate by the member in such form as the board may in its absolute discretion require to the effect that after due and careful enquiry the member is satisfied that no person in default as regards supplying such information is interested in any of the shares the subject of the transfer; or

(B) the transfer is an approved transfer; or

(C) registration of the transfer is required by the Regulations.

Copy of notice to interested persons

79.2 The Company shall send a copy of the direction notice to each other person appearing to be interested in the default shares, but the failure or omission by the Company to do so shall not invalidate such notice.

When restrictions cease to have effect

79.3 Any direction notice shall cease to have effect not more than seven days after the earlier of receipt by the Company of:

(a) a notice of an approved transfer, but only in relation to the shares transferred; or

(b) all the information required by the relevant section 212 notice, in a form satisfactory to the board.

Board may cancel restrictions

79.4 The board may at any time send a notice cancelling a direction notice.

Conversion of uncertificated shares

79.5 The Company may exercise any of its powers under Article 16.3 in respect of any default share that is held in uncertificated form.

Provisions supplementary to Article 81

80.1 For the purposes of Article 79:

(a) a person shall be treated as appearing to be interested in any shares if the member holding such shares has given to the Company a notification under section 212 of the Act which either (i) names such person as being so interested or (ii) fails to establish the identities of all those interested in the shares and (after taking into account the said notification and any other relevant section 212 notification) the Company knows or has reasonable cause to believe that the person in question is or may be interested in the shares;

(b) the prescribed period is 14 days from the date of service of the section 212 notice; and

(c) a transfer of shares is an approved transfer if:

(i) it is a transfer of shares pursuant to an acceptance of a takeover offer (within the meaning of section 428(1) of the Act); or

(ii) the board is satisfied that the transfer is made pursuant to a sale of the whole of the beneficial ownership of the shares the subject of the transfer to a party unconnected with the member and with any other person appearing to be interested in the shares; or

(iii) the transfer results from a sale made through a recognised investment exchange as defined in the Financial Services and Markets Act 2000 or any other stock exchange outside the United Kingdom on which the Company's shares are normally traded.

Section 216 of the Act

80.2 Nothing contained in Article 79 limits the power of the Company under section 216 of the Act.

Errors in voting

81. If any votes are counted which ought not to have been counted, or might have been rejected, the error shall not vitiate the result of the voting unless it is pointed out at the same meeting, or at any adjournment of the meeting, and, in the opinion of the chairman, it is of sufficient magnitude to vitiate the result of the voting.

Objection to voting

82. No objection shall be raised to the qualification of any voter except at the meeting or adjourned meeting or poll at which the vote objected to is tendered. Every vote not disallowed at such meeting shall be valid and every vote not counted which ought to have been counted shall be disregarded. Any objection made in due time shall be referred to the chairman whose decision shall be final and conclusive.

Supplementary provisions on voting

83. On a poll, votes may be given either personally or by proxy. A member entitled to more than one vote need not, if he votes, use all his votes or cast all the votes he uses in the same way.

PROXIES AND CORPORATE REPRESENTATIVES

Appointment of proxy: execution

84. The appointment of a proxy, whether by means of an instrument or contained in an electronic communication, shall be executed in such manner as the board may approve. Subject thereto, the appointment of a proxy shall be executed by the appointor or his attorney or, if the appointor is a corporation, executed by a duly authorised officer, attorney or other authorised person or under its common seal. For the purpose of this Article and Articles 85 and 86, an electronic communication which contains a proxy appointment need not comprise writing if the board so determines and in such a case, if the board so determines, the appointment need not be executed but shall instead be subject to such conditions as the board may approve.

Method of proxy appointment

85. The appointment of a proxy shall be in any usual form or in any other form which the board may approve. Subject thereto, the appointment of a proxy may be:

(a) by means of an instrument; or

(b) contained in an electronic communication sent to such address (if any) for the time being notified by or on behalf of the Company for that purpose, provided that the electronic communication is received in accordance with Article 86 not less than 48 hours before the time appointed for holding the meeting or adjourned meeting (or any postponed time appointed for holding the meeting pursuant to Article 59.5) or, where a poll is taken more than 48 hours after it is demanded, after the poll has been demanded and not less than 24 hours before the time appointed for the taking of the poll.

The board may, if it thinks fit, but subject to the provisions of the Act, at the Company's expense, send forms of proxy for use at the meeting and issue invitations contained in electronic communications to appoint a proxy in relation to the meeting in such form as may be approved by the board. The appointment of a proxy shall not preclude a member from attending and voting in person at the meeting or poll concerned. Subject to Article 87.2, a member may appoint more than one proxy to attend on the same occasion, provided that, in any such case, the member must state in the appointment of each such proxy the number of shares in respect of which the appointment of that proxy is made.

of proxy appointment

the appointment of a proxy shall:

(a) in the case of an appointment contained in an instrument, be delivered personally, by post or facsimile transmission to the office or such other place within the United Kingdom as may be specified by or on behalf of the Company for that purpose:

(i) in the notice convening the meeting, or

(ii) in any form of proxy sent by or on behalf of the Company in relation to the meeting,

not less than 48 hours before the time appointed for holding the meeting or adjourned meeting (or any postponed time appointed for holding the meeting pursuant to Article 59.5) at which the person named in the appointment proposes to vote; or

(b) in the case of an appointment contained in an electronic communication, where an address has been specified by or on behalf of the Company for the purpose of receiving electronic communications:

(i) in the notice convening the meeting, or

(ii) in any form of proxy sent by or on behalf of the Company in relation to the meeting, or

(iii) in any invitation contained in an electronic communication to appoint a proxy issued by or on behalf of the Company in relation to the meeting,

be received at that address not less than 48 hours before the time appointed for holding the meeting or adjourned meeting (or any postponed time appointed for holding the meeting pursuant to Article 59.5) at which the person named in the appointment proposes to vote; or

(c) in the case of an appointment contained in an instrument or of an appointment contained in an electronic communication, where a poll is taken more than 48 hours after it is demanded, be delivered or received as aforesaid after the poll has been demanded and not less than 24 hours before the time appointed for the taking of the poll; or

(d) in the case only of an appointment contained in an instrument, where a poll is not taken forthwith but is taken not more than 48 hours after it was demanded, be delivered at the meeting at which the poll was demanded to the chairman or to the secretary or to any director.

Receipt of authority

86.2 Any power of attorney or other written authority under which a proxy appointment is executed or an office or notarially certified copy or a copy certified

in accordance with the Powers of Attorney Act 1971 of such power or written authority shall be:

(a) delivered personally, by post or facsimile transmission to the office or to such other place within the United Kingdom as may be specified by or on behalf of the Company in accordance with Article 86.1(a) not less than 48 hours before the time appointed for holding the meeting or adjourned meeting (or any postponed time appointed for holding the meeting pursuant to Article 59.5) at which the person named in the appointment proposes to vote; or

(b) where a poll is taken more than 48 hours after it is demanded, be deposited as aforesaid after the poll has been demanded and not less than 24 hours before the time appointed for the taking of the poll; or

(c) where a poll is not taken forthwith but is taken not more than 48 hours after it was demanded, be delivered at the meeting at which the poll was demanded to the chairman or to the secretary or to any director together with the proxy appointment to which it relates.

86.3 A proxy appointment which is not delivered or received in accordance with Article 86.1, or in respect of which Article 86.2 has not been complied with, shall be invalid. No proxy appointment shall be valid more than twelve months after the date stated in it as the date of its execution. When two or more valid proxy appointments are delivered or received in respect of the same share for use at the same meeting, the one which was executed last shall be treated as replacing and revoking the others as regards that share; if the Company is unable to determine which was executed last, none of them shall be treated as valid in respect of that share.

Validity of proxy appointment

87.1 A proxy appointment shall be deemed to include the right to demand, or join in demanding, a poll and, in the case of a Nominee Proxy only, to confer the right to speak at a meeting. A proxy who is not a Nominee Proxy shall not, except with the permission of the chairman, have any right to speak at a meeting. The proxy appointment shall also be deemed to confer authority to vote on any amendment of a resolution put to the meeting for which it is given as the proxy thinks fit. The proxy appointment shall, unless it provides to the contrary, be valid for any adjournment of the meeting as well as for the meeting to which it relates.

87.2 If a member appoints more than one proxy and the proxy appointments purport, in aggregate, to confer on those proxies the authority to vote at a general meeting more shares than are at the relevant time held by that member, each of those proxy appointments shall be invalid and none of the proxies so appointed by that member shall be entitled to attend, speak (if relevant) or vote at that general meeting.

Corporate representatives

88. Any corporation or corporation sole which is a member of the Company (in this Article the ***grantor***) may (in the case of a corporation, by resolution of its directors or other governing body or by authority to be given under seal or under

act as its representative at any meeting of the Company or at any separate meeting of the holders of any class of shares. A person so authorised shall be entitled to exercise the same power on behalf of the grantor as the grantor could exercise if it were an individual member of the Company, save that a director, the secretary or other person authorised for the purpose by the secretary may require such person to produce a certified copy of the resolution of authorisation or other authority before permitting him to exercise his powers. The grantor shall for the purposes of these Articles be deemed to be present in person at any such meeting if a person so authorised is present at it.

Revocation of authority

89. A vote given or poll demanded by a proxy or by the duly authorised representative of a corporation shall be valid notwithstanding the previous determination of the authority of the person voting or demanding the poll unless notice of the determination was received by the Company as mentioned in the following sentence at least three hours before the start of the meeting or adjourned meeting at which the vote is given or the poll demanded or (in the case of a poll taken otherwise than on the same day as the meeting or adjourned meeting) the time appointed for taking the poll. Such notice of determination shall be either by means of an instrument received by the Company at the office or at such other place within the United Kingdom as may have been specified by or on behalf of the Company for the purpose of receiving proxy appointments in accordance with Article 86.1(a) or contained in an electronic communication received at the address (if any) specified by or on behalf of the Company for the purpose of receiving proxy appointments in accordance with Article 86.1(b), regardless of whether any relevant proxy appointment was effected by means of an instrument or contained in an electronic communication. For the purpose of this Article, an electronic communication which contains such notice of determination need not comprise writing if the board has determined that the electronic communication which contains the relevant proxy appointment need not comprise writing.

NUMBER OF DIRECTORS

Limits on number of directors

90. Unless otherwise determined by ordinary resolution, the number of directors (other than alternate directors) shall be not less than two but shall not be subject to any maximum in number.

APPOINTMENT AND RETIREMENT OF DIRECTORS

Number of directors to retire

91. At every annual general meeting one-third of the directors who are subject to retirement by rotation or, if their number is not three or a multiple of three, the number nearest to one-third shall retire from office; but:

(a) if any director has at the start of the annual general meeting been in office for more than three years since his last appointment or re-appointment, he shall retire; and

(b) if there is only one director who is subject to retirement by rotation, he shall retire.

Which directors to retire

92. Subject to the provisions of the Companies Acts and these Articles, directors to retire by rotation shall be those who have been longest in office since their last appointment or re-appointment. As between persons who became or were last re-appointed directors on the same day those to retire shall (unless they otherwise agree among themselves) be determined by lot. The directors to retire on each occasion (both as to number and identity) shall be determined by the composition of the board at the date of the notice convening the annual general meeting. No director shall be required to retire or be relieved from retiring or be retired by reason of any change in the number or identity of the directors after the date of the notice but before the close of the meeting.

When director deemed to be re-appointed

93. If the Company does not fill the vacancy at the meeting at which a director retires by rotation or otherwise, the retiring director shall, if willing to act, be deemed to have been re-appointed unless at the meeting it is resolved not to fill the vacancy or unless a resolution for the re-appointment of the director is put to the meeting and lost.

Eligibility for election

94. No person other than a director retiring by rotation shall be appointed a director at any general meeting unless:

(a) he is recommended by the board; or

(b) not less than seven nor more than 42 days before the date appointed for the meeting, notice executed by a member qualified to vote at the meeting (not being the person to be proposed) has been received by the Company of the intention to propose that person for appointment stating the particulars which would, if he were so appointed, be required to be included in the Company's register of directors, together with notice executed by that person of his willingness to be appointed.

Separate resolutions on appointment

95. Except as otherwise authorised by the Companies Acts, the appointment of any person proposed as a director shall be effected by a separate resolution.

Additional powers of the Company

96. Subject as aforesaid, the Company may by ordinary resolution appoint a person who is willing to act to be a director either to fill a vacancy or as an additional director and may also determine the rotation in which any additional directors are to retire. The appointment of a person to fill a vacancy or as an additional director shall take effect from the end of the meeting.

Appointment by board

97. The board may appoint a person who is willing to act to be a director, either to fill a vacancy or as an additional director and in either case whether or not for a fixed term, provided that the appointment does not cause the number of directors to exceed the number, if any, fixed by or in accordance with these Articles as the maximum number of directors. Irrespective of the terms of his appointment, a director so appointed shall hold office only until the next following general meeting and shall not be taken into account in determining the directors who are to retire by rotation at the meeting. If not re-appointed at such general meeting, he shall vacate office at its conclusion.

Position of retiring directors

98. A director who retires at an annual general meeting may, if willing to act, be re-appointed. If he is not re-appointed, he shall retain office until the meeting appoints someone in his place, or if it does not do so, until the end of the meeting.

Age limit

99. No person shall be disqualified from being appointed or re-appointed a director, and no director shall be required to vacate that office, by reason only of the fact that he has attained the age of 70 or any other age nor shall it be necessary by reason of his age to give special notice under the Companies Acts of any resolution. Where the board convenes any general meeting of the Company at which (to the knowledge of the board) a director will be proposed for appointment or re-appointment who at the date for which the meeting is convened will have attained the age of 70 or more, the board shall give notice of his age in years in the notice convening the meeting or in any document sent with the notice, but the accidental omission to do so shall not invalidate any proceedings, or any appointment or re-appointment of that director, at that meeting.

No share qualification

100. A director shall not be required to hold any shares in the capital of the Company by way of qualification.

ALTERNATE DIRECTORS

Power to appoint alternates

101. Any director (other than an alternate director) may appoint any other director, or any other person approved by resolution of the board and willing to act, to be an alternate director and may remove from office an alternate director so appointed by him.

Alternates entitled to receive notice

102. An alternate director shall be entitled to receive notice of all meetings of the board and of all meetings of committees of the board of which his appointor is a member, to attend and vote at any such meeting at which his appointor is not personally present, and generally to perform all the functions of his appointor (except as regards power to appoint an alternate) as a director in his absence. It shall not be necessary to send notice of such a meeting to an alternate director who is absent from the United Kingdom.

Alternates representing more than one director

103. A director or any other person may act as alternate director to represent more than one director, and an alternate director shall be entitled at meetings of the board or any committee of the board to one vote for every director whom he represents (and who is not present) in addition to his own vote (if any) as a director, but he shall count as only one for the purpose of determining whether a quorum is present.

Expenses and remuneration of alternates

104. An alternate director may be repaid by the Company such expenses as might properly have been repaid to him if he had been a director but shall not be entitled to receive any remuneration from the Company in respect of his services as an alternate director except such part (if any) of the remuneration otherwise payable to his appointor as such appointor may by notice to the Company from time to time direct. An alternate director shall be entitled to be indemnified by the Company to the same extent as if he were a director.

appointment

(a) if his appointor ceases to be a director; but, if a director retires by rotation or otherwise but is re-appointed or deemed to have been re-appointed at the meeting at which he retires, any appointment of an alternate director made by him which was in force immediately prior to his retirement shall continue after his re-appointment; or

(b) on the happening of any event which, if he were a director, would cause him to vacate his office as director; or

(c) if he resigns his office by notice to the Company.

Method of appointment and revocation

106. Any appointment or removal of an alternate director shall be by notice to the Company signed by the director making or revoking the appointment and shall take effect in accordance with the terms of the notice (subject to any approval required by Article 101) on receipt of such notice by the Company at, in the case of a notice contained in an instrument, the office or, in the case of a notice contained in an electronic communication, such address (if any) as may for the time being be notified by or on behalf of the Company for that purpose.

Alternate not an agent of appointor

107. Except as otherwise expressly provided in these Articles, an alternate director shall be deemed for all purposes to be a director. Accordingly, except where the context otherwise requires, a reference to a director shall be deemed to include a reference to an alternate director. An alternate director shall alone be responsible for his own acts and defaults and he shall not be deemed to be the agent of the director appointing him.

POWERS OF THE BOARD

Business to be managed by board

108. Subject to the provisions of the Companies Acts, the Memorandum and these Articles and to any directions given by special resolution, the business of the Company shall be managed by the board which may pay all expenses incurred in forming and registering the Company and may exercise all the powers of the Company whether relating to the management of the business of the Company or not. No alteration of the Memorandum or Articles and no such direction shall invalidate any prior act of the board which would have been valid if that alteration had not been made or that direction had not been given. The powers given by this Article shall not be limited by any special power given to the board by these Articles. A meeting of the board at which a quorum is present may exercise all powers exercisable by the board.

Exercise by Company of voting rights

109. The board may exercise the voting power conferred by the shares in any body corporate held or owned by the Company in such manner in all respects as it thinks fit (including without limitation the exercise of that power in favour of any resolution appointing its members or any of them directors of such body corporate, or voting or providing for the payment of remuneration to the directors of such body corporate).

DELEGATION OF POWERS OF THE BOARD

Committees of the board

110. The board may delegate any of its powers to any committee consisting of one or more directors. The board may also delegate to any director holding any executive office such of its powers as the board considers desirable to be exercised by him. Any such delegation shall, in the absence of express provision to the contrary in the terms of delegation, be deemed to include authority to sub-delegate to one or more directors (whether or not acting as a committee) or to any employee or agent of the Company all or any of the powers delegated and may be made subject to such conditions as the board may specify, and may be revoked or altered. The board may co-opt on to any such committee persons other than directors, who may enjoy voting rights in the committee. The co-opted members shall be less than one-half of the total membership of the committee and a resolution of any committee shall be effective only if a majority of the members present are directors. Subject to any conditions imposed by the board, the proceedings of a committee with two or more members shall be governed by these Articles regulating the proceedings of directors so far as they are capable of applying.

Local boards, etc.

111. The board may establish local or divisional boards or agencies for managing any of the affairs of the Company, either in the United Kingdom or elsewhere, and may appoint any persons to be members of the local or divisional boards, or any managers or agents, and may fix their remuneration. The board may delegate to any local or divisional board, manager or agent any of the powers, authorities and discretions vested in or exercisable by the board, with power to sub-delegate, and may authorise the members of any local or divisional board, or any of them, to fill any vacancies and to act notwithstanding vacancies. Any appointment or delegation made pursuant to this Article may be made on such terms and subject to such conditions as the board may decide. The board may remove any person so appointed and may revoke or vary the delegation but no person dealing in good faith and without notice of the revocation or variation shall be affected by it.

Agents

112. The board may, by power of attorney or otherwise, appoint any person to be the agent of the Company for such purposes, with such powers, authorities and discretions (not exceeding those vested in the board) and on such conditions as the board determines, including without limitation authority for the agent to delegate all or any of his powers, authorities and discretions, and may revoke or vary such delegation.

Offices including the title "director"

113. The board may appoint any person to any office or employment having a designation or title including the word "director" or attach to any existing office or employment with the Company such a designation or title and may terminate any such appointment or the use of any such designation or title. The inclusion of the word "director" in the designation or title of any such office or employment shall not imply that the holder is a director of the Company, and the holder shall not thereby be empowered in any respect to act as, or be deemed to be, a director of the Company for any of the purposes of these Articles.

Power to borrow

114. The board may exercise all the powers of the Company to borrow money, to guarantee, to indemnify, to mortgage or charge its undertaking, property, assets (present and future) and uncalled capital, and to issue debentures and other securities whether outright or as collateral security for any debt, liability or obligation of the Company or of any third party.

DISQUALIFICATION AND REMOVAL OF DIRECTORS

Disqualification as a director

115. The office of a director shall be vacated if:

(a) he ceases to be a director by virtue of any provisions of the Companies Acts or these Articles or he becomes prohibited by law from being a director; or

(b) he becomes bankrupt or makes any arrangement or composition with his creditors generally or shall apply to the court for an interim order under section 253 of the Insolvency Act 1986 in connection with a voluntary arrangement under that Act; or

(c) he is, or may be, suffering from mental disorder and either:

(i) he is admitted to hospital in pursuance of an application for admission for treatment under the Mental Health Act 1983 or, in Scotland, an application for admission under the Mental Health (Scotland) Act 1984; or

(ii) an order is made by a court having jurisdiction (whether in the United Kingdom or elsewhere) in matters concerning mental disorder for his detention or for the appointment of a receiver, curator bonis or other person to exercise powers with respect to his property or affairs; or

(d) he resigns his office by notice to the Company or, having been appointed for a fixed term, the term expires or his office as a director is vacated pursuant to Article 97; or

(e) he has been absent for more than six consecutive months without permission of the board from meetings of the board held during that period and his alternate director (if any) has not attended in his place during that period and the board resolves that his office be vacated; or

(f) he is requested to resign in writing by not less than three-quarters of the other directors. In calculating the number of directors who are required to make such a request to the director, (i) an alternate director appointed by him acting in his capacity as such shall be excluded; and (ii) a director and any alternate director appointed by that director and acting in his capacity as such shall constitute a single director for this purpose, so that the signature of either shall be sufficient.

Power of Company to remove director

Acts, by ordinary resolution remove any director from office (notwithstanding any provision of these Articles or of any agreement between the Company and such director, but without prejudice to any claim he may have for damages for breach of any such agreement). No special notice need be given of any resolution to remove a director in accordance with this Article and no director proposed to be removed in accordance with this Article has any special right to protest against his removal. The Company may, by ordinary resolution, appoint another person in place of a director removed from office in accordance with this Article. Any person so appointed shall, for the purpose of determining the time at which he or any other director is to retire by rotation, be treated as if he had become a director on the day on which the director in whose place he is appointed was last elected a director. In default of such appointment the vacancy arising on the removal of a director from office may be filled as a casual vacancy.

REMUNERATION OF NON-EXECUTIVE DIRECTORS

Ordinary remuneration

117. The ordinary remuneration of the directors who do not hold executive office for their services (excluding amounts payable under any other provision of these Articles) shall not exceed in aggregate £1,000,000 per annum or such higher amount as the Company may from time to time by ordinary resolution determine. Subject thereto, each such director shall be paid a fee (which shall be deemed to accrue from day to day) at such rate as may from time to time be determined by the board.

117A. Subject to the provisions of the Companies Acts, the board may enter into, vary and terminate an agreement or arrangement with any director who does not hold executive office for the provision of his services to the Company. Subject to Article 117 and 118, any such agreement or arrangement may be made on such terms as the board determines.

Additional remuneration for special services

118. Any director who does not hold executive office and who serves on any committee of the board, and by the request of the board goes or resides abroad for any purpose of the Company or otherwise performs special services which in the opinion of the board are outside the scope of the ordinary duties of a director, may (without prejudice to the provisions of Article 117) be paid such extra remuneration by way of salary, commission or otherwise as the board may determine.

DIRECTORS' EXPENSES

Directors may be paid expenses

119. The directors may be paid all travelling, hotel, and other expenses properly incurred by them in connection with their attendance at meetings of the board or committees of the board, general meetings or separate meetings of the holders of any class of shares or of debentures of the Company or otherwise in connection with the discharge of their duties.

Appointment to executive office

120. Subject to the provisions of the Companies Acts, the board may appoint one or more of its body to be the holder of any executive office (except that of auditor) in the Company and may enter into an agreement or arrangement with any director for his employment by the Company or for the provision by him of any services outside the scope of the ordinary duties of a director. Any such appointment, agreement or arrangement may be made on such terms, including without limitation terms as to remuneration, as the board determines. The board may revoke or vary any such appointment but without prejudice to any rights or claims which the person whose appointment is revoked or varied may have against the Company because of the revocation or variation.

Termination of appointment to executive office

121. Any appointment of a director to an executive office shall terminate if he ceases to be a director but without prejudice to any rights or claims which he may have against the Company by reason of such cessation. A director appointed to an executive office shall not cease to be a director merely because his appointment to such executive office terminates.

Emoluments to be determined by the board

122. The emoluments of any director holding executive office for his services as such shall be determined by the board, and may be of any description, including without limitation admission to, or continuance of, membership of any scheme (including any share acquisition scheme) or fund instituted or established or financed or contributed to by the Company for the provision of pensions, life assurance or other benefits for employees or their dependants, or the payment of a pension or other benefits to him or his dependants on or after retirement or death, apart from membership of any such scheme or fund.

DIRECTORS' INTERESTS

Directors may contract with the Company

123.1 Subject to the provisions of the Companies Acts, and provided that he has disclosed to the board the nature and extent of any material interest of his, a director notwithstanding his office:

(a) may be a party to, or otherwise interested in, any transaction or arrangement with the Company or in which the Company is otherwise interested;

(b) may act by himself or his firm in a professional capacity for the Company (otherwise than as auditor) and he or his firm shall be entitled to remuneration for professional services as if he were not a director;

(c) may be a director or other officer of, or employed by, or a party to any transaction or arrangement with, or otherwise interested in, any body corporate promoted by the Company or in which the Company is otherwise interested; and

(d) shall not, by reason of his office, be accountable to the Company for any benefit which he derives from any such office or employment or from any such transaction or arrangement or from any interest in any such body

avoided on the ground of any such interest or benefit.

Notification of interests

123.2 For the purposes of this Article:

(a) a general notice given to the board that a director is to be regarded as having an interest of the nature and extent specified in the notice in any transaction or arrangement in which a specified person or class of persons is interested shall be deemed to be a disclosure that the director has an interest in any such transaction of the nature and extent so specified; and

(b) an interest of which a director has no knowledge and of which it is unreasonable to expect him to have knowledge shall not be treated as an interest of his.

GRATUITIES, PENSIONS AND INSURANCE

Gratuities and pensions

124.1 The board may (by establishment of, or maintenance of, schemes or otherwise) provide benefits, whether by the payment of gratuities or pensions or by insurance or otherwise, for any past or present director or employee of the Company or any of its subsidiary undertakings or any body corporate associated with, or any business acquired by, any of them, and for any member of his family (including a spouse and a former spouse) or any person who is or was dependent on him, and may (as well before as after he ceases to hold such office or employment) contribute to any fund and pay premiums for the purchase or provision of any such benefit.

Insurance

124.2 Without prejudice to the provisions of Article 166, the board may exercise all the powers of the Company to purchase and maintain insurance for or for the benefit of any person who is or was:

(a) a director, officer or employee of the Company, or any body which is or was the holding company or subsidiary undertaking of the Company, or in which the Company or such holding company or subsidiary undertaking has or had any interest (whether direct or indirect) or with which the Company or such holding company or subsidiary undertaking is or was in any way allied or associated; or

(b) a trustee of any pension fund in which employees of the Company or any other body referred to in Article 124.2(a) is or has been interested,

including without limitation insurance against any liability incurred by such person in respect of any act or omission in the actual or purported execution or discharge of his duties or in the exercise or purported exercise of his powers or otherwise in relation to his duties, powers or offices in relation to the relevant body or fund.

Directors not liable to account

124.3 No director or former director shall be accountable to the Company or the members for any benefit provided pursuant to this Article. The receipt of any such

Company.

Section 719 of the Act

125. Pursuant to section 719 of the Act, the board is hereby authorised to make such provision as may seem appropriate for the benefit of any persons employed or formerly employed by the Company or any of its subsidiary undertakings in connection with the cessation or the transfer of the whole or part of the undertaking of the Company or any subsidiary undertaking. Any such provision shall be made by a resolution of the board in accordance with section 719.

PROCEEDINGS OF THE BOARD

Convening meetings

126. Subject to the provisions of these Articles, the board may regulate its proceedings as it thinks fit. A director may, and the secretary at the request of a director shall, call a meeting of the board. Notice of a board meeting shall be deemed to be properly sent to a director if it is given to him personally or by word of mouth or sent by instrument to him at his last known address or such other address (if any) for the time being notified by him or on his behalf to the Company for that purpose or sent using electronic communication to such address (if any) for the time being notified by him or on his behalf to the Company for that purpose. A director absent or intending to be absent from the United Kingdom may request the board that notices of board meetings shall during his absence be sent by instrument to him at such address (if any) for the time being notified by him or on his behalf to the Company for that purpose, or sent using electronic communication to such address (if any) for the time being notified by him or on his behalf to the Company for that purpose, but such notices need not be given any earlier than notices given to directors not so absent and, if no such request is made to the board, it shall not be necessary to send notice of a board meeting to any director who is for the time being absent from the United Kingdom. No account is to be taken of directors absent from the United Kingdom when considering the adequacy of the period of notice of the meeting. Questions arising at a meeting shall be decided by a majority of votes. In the case of an equality of votes, the chairman shall have a second or casting vote. Any director may waive notice of a meeting and any such waiver may be retrospective. Any electronic communication pursuant to this Article need not comprise writing if the board so determines.

Quorum

127. The quorum for the transaction of the business of the board may be fixed by the board and unless so fixed at any other number shall be two. A person who holds office only as an alternate director shall, if his appointor is not present, be counted in the quorum. Any director who ceases to be a director at a board meeting may continue to be present and to act as a director and be counted in the quorum until the termination of the board meeting if no director objects.

Powers of directors if number falls below minimum

128. The continuing directors or a sole continuing director may act notwithstanding any vacancies in their number, but, if the number of directors is less than the number fixed as the quorum, the continuing directors or director may act only for the purpose of filling vacancies or of calling a general meeting.

deputy chairmen

two of their number to be deputy chairmen, of the board and may at any time remove any of them from such office. Unless he is unwilling to do so, the director appointed as chairman, or in his stead any director appointed as deputy chairman, shall preside at every meeting of the board at which he is present. If there is no director holding either of those offices, or if neither the chairman nor any deputy chairman is willing to preside or none of them is present within five minutes after the time appointed for the meeting, the directors present may appoint one of their number to be chairman of the meeting.

Validity of acts of the board

130. All acts done by a meeting of the board, or of a committee of the board, or by a person acting as a director or alternate director, shall, notwithstanding that it be afterwards discovered that there was a defect in the appointment of any director or any member of the committee or alternate director or that any of them were disqualified from holding office, or had vacated office, or were not entitled to vote, be as valid as if every such person had been duly appointed and was qualified and had continued to be a director or, as the case may be, an alternate director and had been entitled to vote.

Resolutions in writing

131. A resolution in writing signed by all the directors entitled to receive notice of a meeting of the board or of a committee of the board (not being less than the number of directors required to form a quorum of the board) shall be as valid and effectual as if it had been passed at a meeting of the board or (as the case may be) a committee of the board duly convened and held. For this purpose:

(a) a resolution may be by means of an instrument or contained in an electronic communication sent to such address (if any) for the time being notified by the Company for that purpose;

(b) a resolution may consist of several instruments or several electronic communications each executed by one or more directors, or a combination of both;

(c) a resolution executed by an alternate director need not also be signed by his appointor; and

(d) a resolution executed by a director who has appointed an alternate director need not also be signed by the alternate director in that capacity.

Meetings by telephone, etc.

132. Without prejudice to the first sentence of Article 126, a person entitled to be present at a meeting of the board or of a committee of the board shall be deemed to be present for all purposes if he is able (directly or by telephonic communication) to speak and be heard by all those present or deemed to be present simultaneously. A director so deemed to be present shall be entitled to vote and be counted in a quorum accordingly. Such a meeting shall be deemed to take place where it is convened to be held or (if no director is present in that place) where the largest group of those participating is assembled, or, if there is no such group, where the chairman of the meeting is. The word ***meeting*** in these Articles shall be construed accordingly.

Directors' power to vote on contracts in which they are interested

133.1 Except as otherwise provided by these Articles, a director shall not vote at a meeting of the board or a committee of the board on any resolution of the board concerning a matter in which he has an interest (other than by virtue of his interests in shares or debentures or other securities of, or otherwise in or through, the Company) which (together with any interest of any person connected with him) is to his knowledge material unless his interest arises only because the resolution concerns one or more of the following matters:

(a) the giving of a guarantee, security or indemnity in respect of money lent or obligations incurred by him or any other person at the request of, or for the benefit of, the Company or any of its subsidiary undertakings;

(b) the giving of a guarantee, security or indemnity in respect of a debt or obligation of the Company or any of its subsidiary undertakings for which the director has assumed responsibility (in whole or part and whether alone or jointly with others) under a guarantee or indemnity or by the giving of security;

(c) a contract, arrangement, transaction or proposal concerning an offer of shares, debentures or other securities of the Company or any of its subsidiary undertakings for subscription or purchase, in which offer he is or may be entitled to participate as a holder of securities or in the underwriting or sub-underwriting of which he is to participate;

(d) a contract, arrangement, transaction or proposal concerning any other body corporate in which he or any person connected with him is interested, directly or indirectly, and whether as an officer, shareholder, creditor or otherwise, if he and any persons connected with him do not to his knowledge hold an interest (as that term is used in sections 198 to 211 of the Act) representing one per cent. or more of either any class of the equity share capital of such body corporate (or any other body corporate through which his interest is derived) or of the voting rights available to members of the relevant body corporate (any such interest being deemed for the purpose of this Article to be a material interest in all circumstances);

(e) a contract, arrangement, transaction or proposal for the benefit of employees of the Company or of any of its subsidiary undertakings which does not award him any privilege or benefit not generally accorded to the employees to whom the arrangement relates; and

(f) a contract, arrangement, transaction or proposal concerning any insurance which the Company is empowered to purchase or maintain for, or for the benefit of, any directors of the Company or for persons who include directors of the Company.

connected person and alternate director

purpose of the Companies Acts (excluding any statutory modification of the Companies Acts not in force when this Article is adopted), connected with a director shall be treated as an interest of the director and, in relation to an alternate director, an interest of his appointor shall be treated as an interest of the alternate director without prejudice to any interest which the alternate director has otherwise.

133.3 The Company may by ordinary resolution suspend or relax to any extent, either generally or in respect of any particular matter, any provision of the Articles prohibiting a director from voting at a meeting of directors or of a committee of directors.

Division of proposals

134. Where proposals are under consideration concerning the appointment (including without limitation fixing or varying the terms of appointment) of two or more directors to offices or employments with the Company or any body corporate in which the Company is interested, the proposals may be divided and considered in relation to each director separately. In such cases each of the directors concerned shall be entitled to vote in respect of each resolution except that concerning his own appointment.

Decision of chairman final and conclusive

135. If a question arises at a meeting of the board or of a committee of the board as to the entitlement of a director to vote, the question may, before the conclusion of the meeting, be referred to the chairman of the meeting and his ruling in relation to any director other than himself shall be final and conclusive except in a case where the nature or extent of the interests of the director concerned have not been fairly disclosed. If any such question arises in respect of the chairman of the meeting, it shall be decided by resolution of the board (on which the chairman shall not vote) and such resolution will be final and conclusive except in a case where the nature and extent of the interests of the chairman have not been fairly disclosed.

SECRETARY

Appointment and removal of secretary

136. Subject to the provisions of the Companies Acts, the secretary shall be appointed by the board for such term, at such remuneration and on such conditions as it may think fit. Any secretary so appointed may be removed by the board, but without prejudice to any claim for damages for breach of any contract of service between him and the Company.

MINUTES

Minutes required to be kept

137.1 The board shall cause minutes to be made in books kept for the purpose of:

(a) all appointments of officers made by the board; and

(b) all proceedings at meetings of the Company, the holders of any class of shares in the capital of the Company, the board, and committees of the board, including the names of the directors present at each such meeting.

of minutes

meeting to which they relate or of the meeting at which they are read, shall be sufficient evidence of the proceedings of the meeting without any further proof of the facts stated in them.

THE SEAL

Authority required for use of seal

138. The seal shall only be used by the authority of a resolution of the board or of a committee of the board. The board may determine who shall sign any instrument executed under the seal. If they do not, it shall be signed by at least one director and the secretary or by at least two directors. Any instrument may be executed under the seal by impressing the seal by mechanical means or by printing the seal or a facsimile of it on the instrument or by applying the seal or a facsimile of it by any other means to the instrument. An instrument executed with the authority of a resolution of the board, by a director and the secretary or by two directors and expressed (in whatever form of words) to be executed by the Company, has the same effect as if executed under the seal. For the purpose of the preceding sentence only, ***secretary*** shall have the same meaning as in the Act and not the meaning given to it by Article 2.

Certificates for shares and debentures

139. The board may by resolution determine either generally or in any particular case that any certificate for shares or debentures or representing any other form of security may have any signature affixed to it by some mechanical or electronic means, or printed on it or, in the case of a certificate executed under the seal, need not bear any signature.

Official seal for use abroad

140. The Company may exercise the powers conferred by section 39 of the Act with regard to having an official seal for use abroad.

REGISTERS

Overseas and local registers

141. Subject to the provisions of the Companies Acts and the Regulations, the Company may keep an overseas or local or other register in any place, and the board may make, amend and revoke any regulations it thinks fit about the keeping of that register.

Authentication and certification of copies and extracts

142. Any director or the secretary or any other person appointed by the board for the purpose shall have power to authenticate, and certify as true, copies of and extracts from:

(a) any document comprising or affecting the constitution of the Company, whether in physical form or electronic form;

(b) any resolution passed by the Company, the holders of any class of shares in the capital of the Company, the board or any committee of the board whether in physical form or electronic form; and

(c) any book, record or document relating to the business of the Company whether in physical form or electronic form (including without limitation the accounts).

If certified in this way, a document purporting to be a copy of a resolution, or the minutes, or an extract from the minutes, of a meeting of the Company, the holders of any class of shares in the capital of the Company, the board or a committee of the board, whether in physical form or electronic form, shall be conclusive evidence in favour of all persons dealing with the Company in reliance on it or them that the resolution was duly passed or that the minutes are, or the extract from the minutes is, a true and accurate record of proceedings at a duly constituted meeting.

DIVIDENDS

Declaration of dividends

143. Subject to the provisions of the Companies Acts and of these Articles, the Company may by ordinary resolution declare dividends in accordance with the respective rights of the members, but no dividend shall exceed the amount recommended by the board.

Interim dividends

144. Subject to the provisions of the Companies Acts, the board may pay interim dividends if it appears to the board that they are justified by the profits of the Company available for distribution. If the share capital is divided into different classes, the board may pay interim dividends on shares which confer deferred or non-preferred rights with regard to dividend as well as on shares which confer preferential rights with regard to dividend, but no interim dividend shall be paid on shares carrying deferred or non-preferred rights if, at the time of payment, any preferential dividend is in arrears. The board may also pay at intervals settled by it any dividend payable at a fixed rate if it appears to the board that the profits available for distribution justify the payment. If the board acts in good faith it shall not incur any liability to the holders of shares conferring preferred rights for any loss they may suffer by the lawful payment of an interim dividend on any shares having deferred or non-preferred rights.

Apportionment of dividends

145. Except as otherwise provided by the rights attached to shares, all dividends shall be declared and paid according to the amounts paid up on the shares on which the dividend is paid; but no amount paid on a share in advance of the date on which a call is payable shall be treated for the purpose of this Article as paid on the share. All dividends shall be apportioned and paid proportionately to the amounts paid up on the shares during any portion or portions of the period in respect of which the dividend is paid; but, if any share is allotted or issued on terms providing that it shall rank for dividend as from a particular date, that share shall rank for dividend accordingly.

Dividends in specie

146. A general meeting declaring a dividend may, on the recommendation of the board, by ordinary resolution direct that it shall be satisfied wholly or partly by the distribution of assets, including without limitation paid up shares or debentures of another body corporate. The board may make any arrangements it thinks fit to

limitation (a) the fixing of the value for distribution of any assets, (b) the payment of cash to any member on the basis of that value in order to adjust the rights of members, and (c) the vesting of any asset in a trustee.

Scrip dividends: authorising resolution

147.1 The board may, if authorised by an ordinary resolution of the Company (the ***Resolution***), offer any holder of shares the right to elect to receive shares, credited as fully paid, instead of cash in respect of the whole (or some part, to be determined by the board) of all or any dividend specified by the Resolution. The offer shall be on the terms and conditions and be made in the manner specified in Article 147.2 or, subject to those provisions, specified in the Resolution.

Scrip dividends: procedures

147.2 The following provisions shall apply to the Resolution and any offer made pursuant to it and Article 147.1.

(a) The Resolution may specify a particular dividend, or may specify all or any dividends declared within a specified period.

(b) Each holder of shares shall be entitled to that number of new shares as are together as nearly as possible equal in value to (but not greater than) the cash amount (disregarding any tax credit) of the dividend that such holder elects to forego (each a ***new share***). For this purpose, the value of each new share shall be:

(i) equal to the *average quotation* for the Company's ordinary shares, that is, the average of the middle market quotations for those shares on the London Stock Exchange, as derived from the Daily Official List, on the day on which such shares are first quoted *ex* the relevant dividend and the four subsequent dealing days; or

(ii) calculated in any other manner specified by the Resolution,

but shall never be less than the par value of the new share.

A certificate or report by the auditors as to the value of a new share in respect of any dividend shall be conclusive evidence of that value.

(c) On or as soon as practicable after announcing that any dividend is to be declared or recommended, the board, if it intends to offer an election in respect of that dividend, shall also announce that intention. If, after determining the basis of allotment, the board decides to proceed with the offer, it shall give notice to the holders of shares of the terms and conditions of the right of election offered to them, specifying the procedure to be followed and place at which, and the latest time by which, elections or notices amending or terminating existing elections must be lodged in order to be effective.

(d) The board shall not proceed with any election unless the Company has sufficient unissued shares authorised for issue and sufficient reserves or

funds that may be appropriated to give effect to it after the basis of allotment is determined.

(e) The board may exclude from any offer any holders of shares where the board believes the making of the offer to them would or might involve the contravention of the laws of any territory or that for any other reason the offer should not be made to them.

(f) The dividend (or that part of the dividend in respect of which a right of election has been offered) shall not be payable in cash on shares in respect of which an election has been made (the ***elected shares***) and instead such number of new shares shall be allotted to each holder of elected shares as is arrived at on the basis stated in Article 147.2(b). For that purpose the board shall appropriate out of any amount for the time being standing to the credit of any reserve or fund (including without limitation the profit and loss account), whether or not it is available for distribution, a sum equal to the aggregate nominal amount of the new shares to be allotted and apply it in paying up in full the appropriate number of new shares for allotment and distribution to each such holder of elected shares as is arrived at on the basis stated in Article 147.2(b).

(g) The new shares when allotted shall rank equally in all respects with the fully paid shares of the same class then in issue except that they shall not be entitled to participate in the relevant dividend.

(h) No fraction of a share shall be allotted. The board may make such provision as it thinks fit for any fractional entitlements including without limitation payment in cash to holders in respect of their fractional entitlements, provision for the accrual, retention or accumulation of all or part of the benefit of fractional entitlements to or by the Company or to or by or on behalf of any holder or the application of any accrual, retention or accumulation to the allotment of fully paid shares to any holder.

(i) The board may do all acts and things it considers necessary or expedient to give effect to the allotment and issue of any share pursuant to this Article or otherwise in connection with any offer made pursuant to this Article and may authorise any person, acting on behalf of the holders concerned, to enter into an agreement with the Company providing for such allotment or issue and incidental matters. Any agreement made under such authority shall be effective and binding on all concerned.

(j) The board may, at its discretion, amend, suspend or terminate any offer pursuant to this Article.

Permitted deductions and retentions

148. The board may deduct from any dividend or other moneys payable to any member in respect of a share any moneys presently payable by him to the Company in respect of that share. Where a person is entitled by transmission to a share, the board may retain any dividend payable in respect of that share until that person (or that person's transferee) becomes the holder of that share.

Interest not payable

149. No dividend or other moneys payable in respect of a share shall bear interest against the Company unless otherwise provided by the rights attached to the share.

Payment procedures

150.1 Any dividend or other sum payable by the Company in respect of a share may be paid by crediting any account which the holder, or in the case of joint holders, the holder whose name stands first in the register, has with the Company, whether in the sole name of such holder or the joint names of such holder and another person or persons, unless the Company has received not less than one month's notice in writing from such holder or joint holders directing that payment be made in another manner permitted by this Article. Any such dividend or other sum which has been paid by crediting such an account shall be treated as having been paid upon such account having been credited with the amount of such dividend or other sum. Any such dividend or other sum may also be paid by cheque or warrant sent by post addressed to the holder at his registered address or, in the case of joint holders, addressed to the holder whose name stands first in the register in respect of the shares at his address as appearing in the register or addressed to such person and at such address as the holder or joint holders may in writing direct. Every cheque or warrant shall, unless the holder or joint holders otherwise direct, be payable to the order of the holder, or in the case of joint holders, to the order of the holder whose name stands first in the register in respect of the shares, and shall be sent at his or their risk and payment of the cheque or warrant by the bank on which it is drawn shall constitute a good discharge to the Company. In addition, any such dividend or other sum may be paid by any bank or other funds transfer system or, if agreed by the Company, such other means and to or through such person as the holder or joint holders may in writing direct, and the Company shall have no responsibility for any sums lost or delayed in the course of any such transfer or where it has acted on any such directions. Any one of two or more joint holders may give effectual receipts for any dividends or other moneys payable or property distributable in respect of the shares held by them. Where a person is entitled by transmission to a share, any dividend or other sum payable by the Company in respect of the share may be paid as if he was a holder of the share and his address noted in the register was his registered address. In respect of an uncertificated share, the making of payment in accordance with the facilities and requirements of the relevant system (which, if the relevant system is CREST, shall be the creation of an assured payment obligation in respect of the dividend or other moneys payable in favour of the settlement bank of the member or other person concerned) shall be a good discharge to the Company.

150.2 Dividends payable in respect of shares transferred by the Society to holders as a consequence of the transfer of the business of the Society to the Company in respect of which satisfactory registration details have not been received by the Company from such holders or any persons entitled by transmission to such shares, and dividends payable in respect of shares transferred by the Society to a trustee in accordance with the terms of the transfer of the business of the Society to the Company, shall be paid into a separate account in the name of the Company and shall not be paid to such holders, or persons entitled by transmission to such shares, unless and until the Company has received such details from them or, in the case of

any such shares transferred by the Society to a trustee as aforesaid, from the person entitled to such shares under the terms of the trust. Pending the receipt of satisfactory registration details as aforesaid, each dividend paid into such separate account in the name of the Company shall be treated as unclaimed and unsatisfied for the purposes of these Articles. No trust shall be created in relation to the amount from time to time standing to the credit of this account and no interest shall be payable in respect of it and the Company shall not be required to account for any moneys earned therefrom, which may be employed in the business of the Company or as it thinks fit.

Forfeiture of unclaimed dividends

151. Any dividend unclaimed after a period of twelve years from the date when it became due for payment shall be forfeited and shall revert to the Company and the payment by the board of any unclaimed dividend or other sum payable on or in respect of a share into a separate account shall not constitute the Company a trustee in respect of it.

Cessation of payment of dividends

152. The Company may cease to send any cheque or warrant through the post or employ any other means of payment for any dividend payable on any shares in the Company which is normally paid in that manner on those shares if either (a) in respect of at least two consecutive dividends payable on those shares the cheques or warrants have been returned undelivered or remain uncashed or that means of payment has failed, or (b) following one such occasion reasonable enquiries have failed to establish any new address of the registered holder. Subject to the provisions of these Articles, the Company may recommence sending cheques or warrants or employing such means in respect of dividends payable on those shares if the holder or person entitled by transmission requests such recommencement by notice to the Company and provides such new or corrected information as the Company shall reasonably require.

CAPITALISATION OF PROFITS AND RESERVES

General power to capitalise

153.1 Subject to the provisions of Article 8 and without prejudice to the authority contained in Article 8.19, the board may with the authority of an ordinary resolution of the Company:

(a) subject to the provisions of this Article 153.1, resolve to capitalise any undistributed profits of the Company not required for paying any preferential dividend (whether or not they are available for distribution) or any sum standing to the credit of any reserve or other fund, including without limitation the Company's share premium account and capital redemption reserve, if any;

(b) appropriate the sum resolved to be capitalised to the members or any class of members on the record date specified in the relevant resolution who would have been entitled to it if it were distributed by way of dividend and in the same proportions;

(c) apply that sum on their behalf either in or towards paying up the amounts, if any, for the time being unpaid on any shares held by them respectively, or

Company of a nominal amount equal to that sum but the share premium account, the capital redemption reserve, and any profits which are not available for distribution may, for the purposes of this Article, only be applied in paying up unissued shares to be allotted to members credited as fully paid;

(d) allot the shares, debentures or other obligations credited as fully paid to those members, or as they may direct, in those proportions, or partly in one way and partly in the other;

(e) where shares or debentures become, or would otherwise become, distributable under this Article in fractions, make such provision as the board thinks fit for any fractional entitlements including without limitation authorising their sale and transfer to any person, resolving that the distribution be made as nearly as practicable in the correct proportion but not exactly so, ignoring fractions altogether or resolving that cash payments be made to any members in order to adjust the rights of all parties;

(f) authorise any person to enter into an agreement with the Company on behalf of all the members concerned providing for either:

(i) the allotment to the members respectively, credited as fully paid, of any shares, debentures or other obligations to which they are entitled on the capitalisation; or

(ii) the payment up by the Company on behalf of the members of the amounts, or any part of the amounts, remaining unpaid on their existing shares by the application of their respective proportions of the sum resolved to be capitalised,

and any agreement made under that authority shall be binding on all such members; and

(g) generally do all acts and things required to give effect to the ordinary resolution.

Vesting claims

153.2 Subject to the provisions of Article 8 and without prejudice to the authority contained in Article 8.19, and notwithstanding the provisions of Article 153.1 (which shall not apply to any capitalisation pursuant to this Article 153.2), and subject to compliance with Article 8.12.2, the board may:

(a) subject to Article 10.1, allot and issue Ordinary Shares credited as fully paid at any time in order to satisfy a claim for shares by a person whom the board considers to be entitled thereto under the terms of the Transfer Agreement or, if that person has died, to such person to whom the board considers the right to such shares has been transmitted by operation of law; and

undistributed profits of the Company (whether or not they are available for distribution) or any sum standing to the credit of any reserve or other fund, including without limitation the Company's share premium account and capital redemption reserve, if any, and apply that sum in paying up in full the requisite number of unissued Ordinary Shares of a nominal amount equal thereto.

RECORD DATES

Record dates for dividends, etc.

154. Notwithstanding any other provision of these Articles, the Company or the board may fix any date as the record date for any dividend, distribution, allotment or issue, which may be on or at any time before or after any date on which the dividend, distribution, allotment or issue is declared, paid or made.

ACCOUNTS

Rights to inspect records

155. No member shall (as such) have any right to inspect any accounting records or other book or document of the Company except as conferred by statute or authorised by the board or by ordinary resolution of the Company or order of a court of competent jurisdiction.

Sending of annual accounts

156.1 Subject to the Companies Acts, a copy of the Company's annual accounts, together with a copy of the directors' report for that financial year and the auditors' report on those accounts shall, at least 21 clear days before the date of the meeting at which copies of those documents are to be laid in accordance with the provisions of the Companies Acts, be sent to every member and to every holder of the Company's debentures of whose address the Company is aware, and to every other person who is entitled to receive notice of meetings from the Company under the provisions of the Companies Acts or of these Articles or, in the case of joint holders of any share or debenture, to one of the joint holders.

Summary financial statements

156.2 Subject to the Companies Acts, the requirements of Article 156.1 shall be deemed satisfied in relation to any person by sending to the person, instead of such copies, a summary financial statement derived from the Company's annual accounts and the directors' report, which shall be in the form and containing the information prescribed by the Companies Acts and any regulations made under the Companies Acts.

NOTICES

When notice required to be in writing; use of electronic communications

157. Any notice to be sent or given to or by any person pursuant to these Articles (other than a notice calling a meeting of the board) shall be in writing. Any such notice may be sent using electronic communication to such address (if any) for the time being notified for that purpose to the person sending the notice by or on behalf of the person to whom the notice is sent.

sending notice

158.1 The Company may send a notice or other document pursuant to these Articles to a member by whichever of the following methods it may in its absolute discretion determine:

(a) personally; or

(b) by posting the notice or other document in a prepaid envelope and addressed to his registered address; or

(c) by leaving the notice or other document at that address; or

(d) by sending the notice or other document using electronic communication to such address (if any) for the time being notified to the Company by or on behalf of the member for that purpose; or

(e) in accordance with Article 158.2; or

(f) by any other method approved by the board.

Website publications by Company

158.2 Subject to the Companies Acts, the Company may send any notice or other document pursuant to these Articles to a member by publishing that notice or other document on a website where:

(a) the Company and the member have agreed to him having access to the notice or document on a website (instead of it being sent to him);

(b) the notice or document is one to which that agreement applies;

(c) the member is notified, in a manner for the time being agreed between him and the Company for this purpose, of:

(i) the publication of the notice or document on a website;

(ii) the address of that website; and

(iii) the place on that website where the notice or document may be accessed, and how it may be accessed; and

(d) the notice or document is published on that website throughout the publication period, provided that, if the notice or document is published on that website for a part, but not all of, the publication period, the notice or document shall be treated as being published throughout that period if the failure to publish that notice or document throughout the publication period is wholly attributable to circumstances which it would not be reasonable to have expected the Company to prevent or avoid.

In this Article 158.2, ***publication period*** means:

(i) in the case of a notice of an adjourned meeting pursuant to Article 65.2, a period of not less than seven clear days before the date of the adjourned

referred to in sub-paragraph (c) above is sent or (if later) is deemed sent;

(ii) in the case of a notice of a poll pursuant to Article 73, a period of not less than seven clear days before the taking of the poll, beginning on the day following that on which the notification referred to in sub-paragraph (c) above is sent or (if later) is deemed sent; and

(iii) in any other case, a period of not less than 21 days, beginning on the day following that on which the notification referred to in sub-paragraph (c) above is sent or (if later) is deemed sent.

Methods of member etc. sending notice

158.3 Unless otherwise provided by these Articles, a member or a person entitled by transmission to a share shall send any notice or other document pursuant to these Articles to the Company by whichever of the following methods he may in his absolute discretion determine:

(a) by posting the notice or other document in a prepaid envelope addressed to the office; or

(b) by leaving the notice or other document at the office; or

(c) by sending the notice or other document using electronic communication to such address (if any) for the time being notified by or on behalf of the Company for that purpose and referring to this Article 158.3.

Notice to joint holders

158.4 In the case of joint holders of a share, all notices or other documents shall be sent to the joint holder whose name stands first in the register in respect of the joint holding. Any notice or other document so sent shall be deemed for all purposes to have been sent to all the joint holders.

Registered address outside UK

158.5 A member whose registered address is not within the United Kingdom and who gives to the Company an address within the United Kingdom at which a notice or other document may be sent to him by instrument or an address to which a notice or other document may be sent to him using electronic communication shall (provided that, in the case of electronic communication, the Company so agrees) be entitled to have notices or other documents sent to him at that address, but otherwise:

(a) no such members shall be entitled to receive any notice or other document from the Company; and

(b) without prejudice to the generality of the foregoing, any notice of a general meeting of the Company which is in fact sent or purports to be sent to such members shall be ignored for the purpose of determining the validity of the proceedings at such general meeting.

Deemed receipt of notice

158.6 A member present, either in person or by proxy, at any meeting of the Company or of the holders of any class of shares in the capital of the Company

shall be deemed to have received notice of the meeting and, where requisite, of the purposes for which it was called.

Terms and conditions for electronic communications

158.7 The board may from time to time issue, endorse or adopt terms and conditions relating to the use of electronic communications for the sending of notices, other documents and proxy appointments by the Company to members or persons entitled by transmission and by members or persons entitled by transmission to the Company.

Notice includes website notification

158.8 In this Article (except for Article 158.2) and in Articles 159, 160, 161 and 162, references to a notice include without limitation references to any notification required by the Companies Acts or these Articles in relation to the publication of any notices or other documents on a website.

Notice to persons entitled by transmission

159. A notice or other document may be sent by the Company to the person or persons entitled by transmission to a share by sending it in any manner authorised or contemplated by these Articles for the sending of a notice or other document to a member, addressed to them by name, or by the title of representatives of the deceased, or trustee of the bankrupt or by any similar description at the address, if any, in the United Kingdom supplied for that purpose by or on behalf of the person or persons claiming to be so entitled. Until such an address has been supplied, a notice or other document may be sent in any manner in which it might have been sent if the death or bankruptcy or other event giving rise to the transmission had not occurred.

Transferees etc. bound by prior notice

160. Every person who becomes entitled to a share shall be bound by any notice in respect of that share which, before his name is entered in the register, has been sent to a person from whom he derives his title, provided that no person who becomes entitled by transmission to a share shall be bound by any direction notice sent under Article 79.1 to a person from whom he derives his title.

Proof of sending/when notices etc. deemed given by post

161. Proof that an envelope containing a notice or other document was properly addressed, prepaid and posted shall be conclusive evidence that the notice was given. A notice or other document sent by post shall be deemed to be given to the member on the day following that on which the envelope containing it was posted. Proof that a notice or other document contained in an electronic communication was sent in accordance with guidance issued by the Institute of Chartered Secretaries and Administrators current at the date of adoption of these Articles, or, if the board so resolves, any subsequent guidance so issued, shall be conclusive evidence that the notice or document was given.

When notices etc. deemed given by electronic communication

162. A notice or other document sent by the Company to a member contained in an electronic communication shall be deemed given to the member on the day following that on which the electronic communication was sent to the member. Such a notice or other document shall be deemed given by the Company to the member on that day notwithstanding that the Company becomes aware that the member has failed to receive the relevant notice or other document for any reason

other document by post to the member.

Notice during disruption of postal services

163. If at any time the Company is unable effectively to convene a general meeting by notices sent through the post in the United Kingdom as a result of the suspension or curtailment of postal services, notice of such general meeting may be sufficiently given by advertisement in the United Kingdom. Any notice given by advertisement for the purpose of this Article shall be advertised in at least one newspaper having a national circulation. If advertised in more than one newspaper, the advertisements shall appear on the same date. Such notice shall be deemed to have been served on all persons who are entitled to have notice of meetings sent to them at noon on the day when the advertisement appears. In any such case the Company shall send confirmatory copies of the notice by post if at least seven days before the meeting the posting of notices to addresses throughout the United Kingdom again becomes practicable.

DESTRUCTION OF DOCUMENTS

Power of Company to destroy documents

164.1 The Company shall be entitled to destroy:

(a) all instruments of transfer of shares which have been registered, and all other documents on the basis of which any entry is made in the register, at any time after the expiration of six years from the date of registration;

(b) all dividend mandates, variations or cancellations of dividend mandates, and notifications of change of address at any time after the expiration of two years from the date of recording;

(c) all share certificates which have been cancelled at any time after the expiration of one year from the date of the cancellation;

(d) all paid dividend warrants and cheques at any time after the expiration of one year from the date of actual payment;

(e) all proxy appointments which have been used for the purpose of a poll at any time after the expiration of one year from the date of use; and

(f) all proxy appointments which have not been used for the purpose of a poll at any time after one month from the end of the meeting to which the proxy appointment relates and at which no poll was demanded.

Presumption in relation to destroyed documents

164.2 It shall conclusively be presumed in favour of the Company that:

(a) every entry in the register purporting to have been made on the basis of an instrument of transfer or other document destroyed in accordance with Article 164.1 was duly and properly made;

(b) every instrument of transfer destroyed in accordance with Article 164.1 was a valid and effective instrument duly and properly registered;

valid and effective certificate duly and properly cancelled; and

(d) every other document destroyed in accordance with Article 164.1 was a valid and effective document in accordance with its recorded particulars in the books or records of the Company,

but:

(e) the provisions of this Article apply only to the destruction of a document in good faith and without notice of any claim (regardless of the parties) to which the document might be relevant;

(f) nothing in this Article shall be construed as imposing on the Company any liability in respect of the destruction of any document earlier than the time specified in Article 164.1 or in any other circumstances which would not attach to the Company in the absence of this Article; and

(g) any reference in this Article 164 to the destruction of any document includes a reference to its disposal in any manner.

UNTRACED SHAREHOLDERS

Power to dispose of shares

165.1 The Company may sell any shares in the Company on behalf of the holder of, or person entitled by transmission to, the shares if:

(a) the shares have been in issue throughout the qualifying period and at least three cash dividends have become payable on the shares during the qualifying period; and

(b) no cash dividend payable on the shares has either been claimed by presentation to the paying bank of the relative cheque or warrant or been satisfied by the crediting of any account which the holder of such shares has with the Company, whether in the sole name of such holder or jointly with another person or persons at any time during the relevant period; and

(c) the Company has not at any time during the relevant period received:

(i) in the case of holders of shares transferred by the Society as a consequence of the transfer of the business of the Society to the Company, satisfactory registration details from the holder of, or person entitled by transmission to, the shares or, in the case of such shares transferred by the Society to a trustee in accordance with the terms of the transfer of the business of the Society to the Company, from the person entitled to such shares under the terms of the trust; or

(ii) in the case of holders of shares to whom sub-paragraph (i) above does not apply, so far as the Company at the end of the relevant

person entitled by transmission to, the shares; and

(d) the Company has caused advertisements giving notice of its intention to sell the shares to be published (i) (in the case of shares transferred by the Society as a consequence of the transfer of the business of the Society to the Company other than shares in respect of which satisfactory registration details have been received by the Company) in two daily newspapers with a national circulation, and (ii) (in any other case) one in a daily newspaper with a national circulation and another in a newspaper circulating in the area of the address shown in the register of the holder of, or person entitled by transmission to, the shares, and (in either such case) a period of three months has elapsed from the date of publication of the advertisements or of the last of the two advertisements to be published if they are published on different dates; and

(e) the Company has given notice to the London Stock Exchange of its intention to make the sale,

and any shares which are proposed to be sold under this Article may be selected by the Company at its discretion and any advertisements published by the Company need not refer to the individual names of the holders or individually identify the shares in question.

For the purposes of this Article:

the qualifying period means the period of twelve years immediately preceding the date of publication of the relevant advertisements referred to in sub-paragraph (d) above or of the first of the two advertisements to be published if they are published on different dates except that, in relation to shares transferred by the Society as a consequence of the transfer of the business of the Society to the Company (other than shares in respect of which satisfactory registration details have been received by the Company), such phrase shall have the foregoing meaning but with the substitution of the period of three years for that of twelve years; and

the relevant period means the period beginning at the commencement of the qualifying period and ending on the date when all the requirements of sub-paragraphs (a) to (e) above have been satisfied.

For the purpose of (i) sub-paragraph (c)(i) above, a statutory declaration that the declarant is a director of the Company or the secretary and that the Company had not, at any time during the relevant period, received satisfactory registration details in respect of the shares from the holder of, or person entitled by transmission to, the shares or, in the case of any such shares transferred by the Society to a trustee in accordance with the terms of the transfer of the business of the Society to the Company, from the person entitled to such shares under the terms of the trust, shall be conclusive evidence of the facts stated in that declaration as against all persons claiming to be entitled to the shares, and (ii) sub-paragraph (c)(ii) above, a statutory declaration that the declarant is a director of the Company or the secretary and that

during the relevant period received any communication from the holder of, or person entitled by transmission to, the shares shall be conclusive evidence of the facts stated in that declaration as against all persons claiming to be entitled to the shares.

If, after the publication of either or both of the advertisements referred to in sub-paragraph (d) above but before the Company has become entitled to sell the shares pursuant to this Article, the requirements of sub-paragraph (b) or (c) above cease to be satisfied, the Company may nevertheless sell those shares after the requirements of sub-paragraphs (a) to (e) above have been satisfied afresh in relation to them.

If during any relevant period further shares have been issued in right of those held at the beginning of that relevant period or of any previously so issued during that relevant period and all the requirements of sub-paragraphs (b) to (e) above have been satisfied in regard to the further shares, the Company may also sell the further shares.

165.2 The manner, timing and terms of any sale of shares pursuant to Article 165.1 (including but not limited to the price or prices at which the same is made) shall be such as the board determines (and may, without limitation, include a term that the price is payable in instalments), based upon advice from such bankers, brokers or other persons as the board considers appropriate which are consulted by it for the purposes, to be reasonably practicable having regard to all the circumstances including the number of shares to be disposed of and the requirement that the disposal be made without delay; and the board shall not be liable to any person for any of the consequences of reliance on such advice. Provided that a sale is made in accordance with this Article, the validity of the sale shall not, for any purpose, be affected by the fact that the method of sale may confer a benefit on the Company or any of its subsidiary undertakings.

Transfer on sale

165.3 To give effect to any sale of shares pursuant to Article 165.1 the board may:

(a) when the shares are held in certificated form, authorise any person to execute an instrument of transfer of the shares to, or in accordance with the directions of, the buyer; or

(b) when the shares are held in uncertificated form, exercise any of the Company's powers under Article 16.3 to effect the transfer of the shares to, or in accordance with the directions of, the buyer.

An instrument of transfer executed by that person in accordance with paragraph (a) above shall be as effective as if it had been executed by the holder of, or person entitled by transmission to, the shares. An exercise by the Company of its powers in accordance with paragraph (b) above shall be as effective as if exercised by the registered holder of, or person entitled by transmission to, the shares. The transferee shall not be bound to see to the application of the purchase moneys nor

proceedings relating to the sale.

Proceeds of sale

165.4 The net proceeds of sale shall belong to the Company and, upon their receipt, the Company shall become indebted (the debt being payable not earlier than the date or dates on which the proceeds of sale are received by the Company) to the former holder of, or person entitled by transmission to, the shares or, in the case of shares transferred by the Society to a trustee in accordance with the terms of the transfer of the business of the Society to the Company, to the person entitled to such shares under the terms of the trust for an amount equal to the net proceeds. No trust shall be created in respect of the debt and no interest shall be payable in respect of it and the Company shall not be required to account for any moneys earned from the net proceeds which may be employed in the business of the Company or as it thinks fit. For the purposes of calculating the ***net proceeds***, the Company shall be entitled (i) to deduct any costs or expenses incurred by it in connection with the sale and to charge for any services (including, without limitation, the provisions of any guarantee, indemnity, other assurance or support) provided by the Company or any of its subsidiary undertakings in connection with the sale; (ii) to make provision for any taxation which may arise in relation to the sale; and (iii) to deduct any other amounts to which the trustee referred to above may be entitled or for which it may be required to account under the terms of the trust.

WINDING UP

Liquidator may distribute in specie

166.1 If the Company is wound up, the liquidator may, with the sanction of an extraordinary resolution of the Company and any other sanction required by the Insolvency Act 1986:

(a) divide among the members in specie the whole or any part of the assets of the Company and may, for that purpose, value any assets and determine how the division shall be carried out as between the members or different classes of members;

(b) vest the whole or any part of the assets in trustees for the benefit of the members; and

(c) determine the scope and terms of those trusts,

but no member shall be compelled to accept any asset on which there is a liability.

Disposal of assets by liquidator

166.2 The power of sale of a liquidator shall include a power to sell wholly or partially for shares or debentures or other obligations of another body corporate, either then already constituted or about to be constituted for the purpose of carrying out the sale.

Indemnity to directors and officers

167. Subject to the provisions of the Companies Acts but without prejudice to any indemnity to which a director may otherwise be entitled, every director or other officer of the Company shall be indemnified out of the assets of the Company against any liability incurred by him in:

(a) defending any proceedings, whether civil or criminal, in which judgment is given in his favour (or the proceedings are otherwise disposed of without any finding or admission of any material breach of duty on his part) or in which he is acquitted; or

(b) in connection with any application in which relief is granted to him by the court from liability for negligence, default, breach of duty or breach of trust in relation to the affairs of the Company.

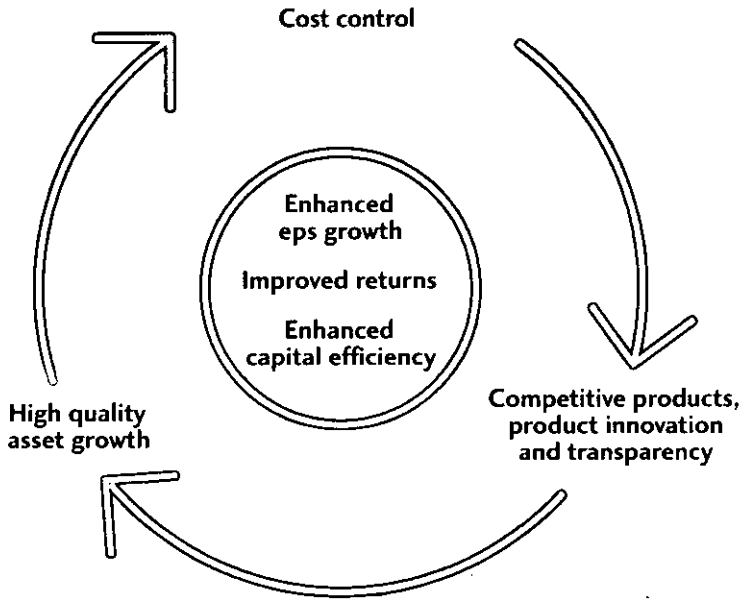
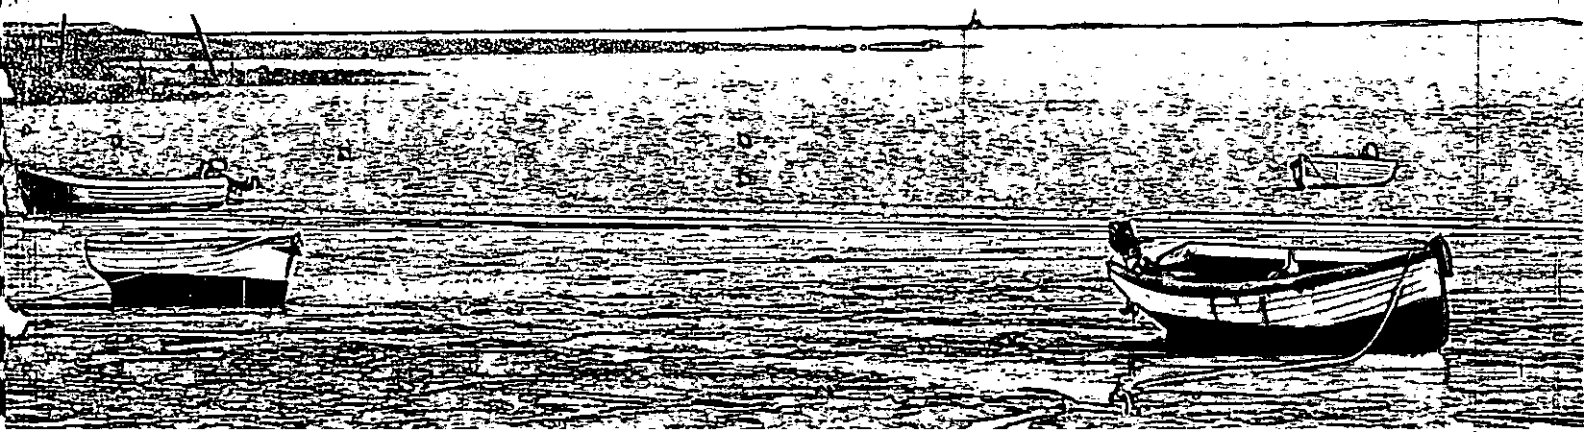
MISSION STATEMENT

Northern Rock is a specialised lending and savings bank which aims to deliver superior value to customers and shareholders through excellent products, efficiency and growth.

COMPANY STRATEGY



Northern Rock is a specialised lender providing funds for residential mortgages, secured commercial lending and personal finance. We obtain funds from both on-shore and off-shore personal savings, wholesale money markets and from the securitisation of mortgage assets.



The Northern Rock strategy encompasses efficiency, growth and value for both customers and shareholders.

Efficiency is paramount to the Northern Rock business strategy. Cost efficiency is enhanced by low cost, effective distribution and enables competitive pricing. Capital efficiency is achieved by optimising the use of debt and equity capital.

By growing lending and improving the mix of higher margin products, Northern Rock aims to grow earnings and improve returns to shareholders, at the same time as providing innovative and consumer friendly products to our customers.

THE VIRTUOUS CIRCLE

Dr M W Ridley

CHAIRMAN'S STATEMENT

I took on the chair of Northern Rock in April 2004 from Sir John Riddell, whose four years as Chairman saw not only significant growth in assets under management, but also a near doubling of the share price. That record speaks for itself, and I pay tribute to the skill and good humour with which he ran the Board of Northern Rock. He will be a hard act to follow.

Northern Rock once again hit its strategic targets in 2004 despite intense competition, expensive regulation and a sharply slowing market. We grew both assets and profits to record levels. We achieved this by sticking to the markets we know best, maintaining our position as the most cost-effective mortgage lender in the UK and continually adjusting our products to attract profitable business.

This performance has not come at the expense of service to customers, where Northern Rock remains committed to continually improving efficiency, transparency and fairness. Our customers benefit from our "Open Book" policy of making our new mortgage products available to existing borrowers as well as new customers.

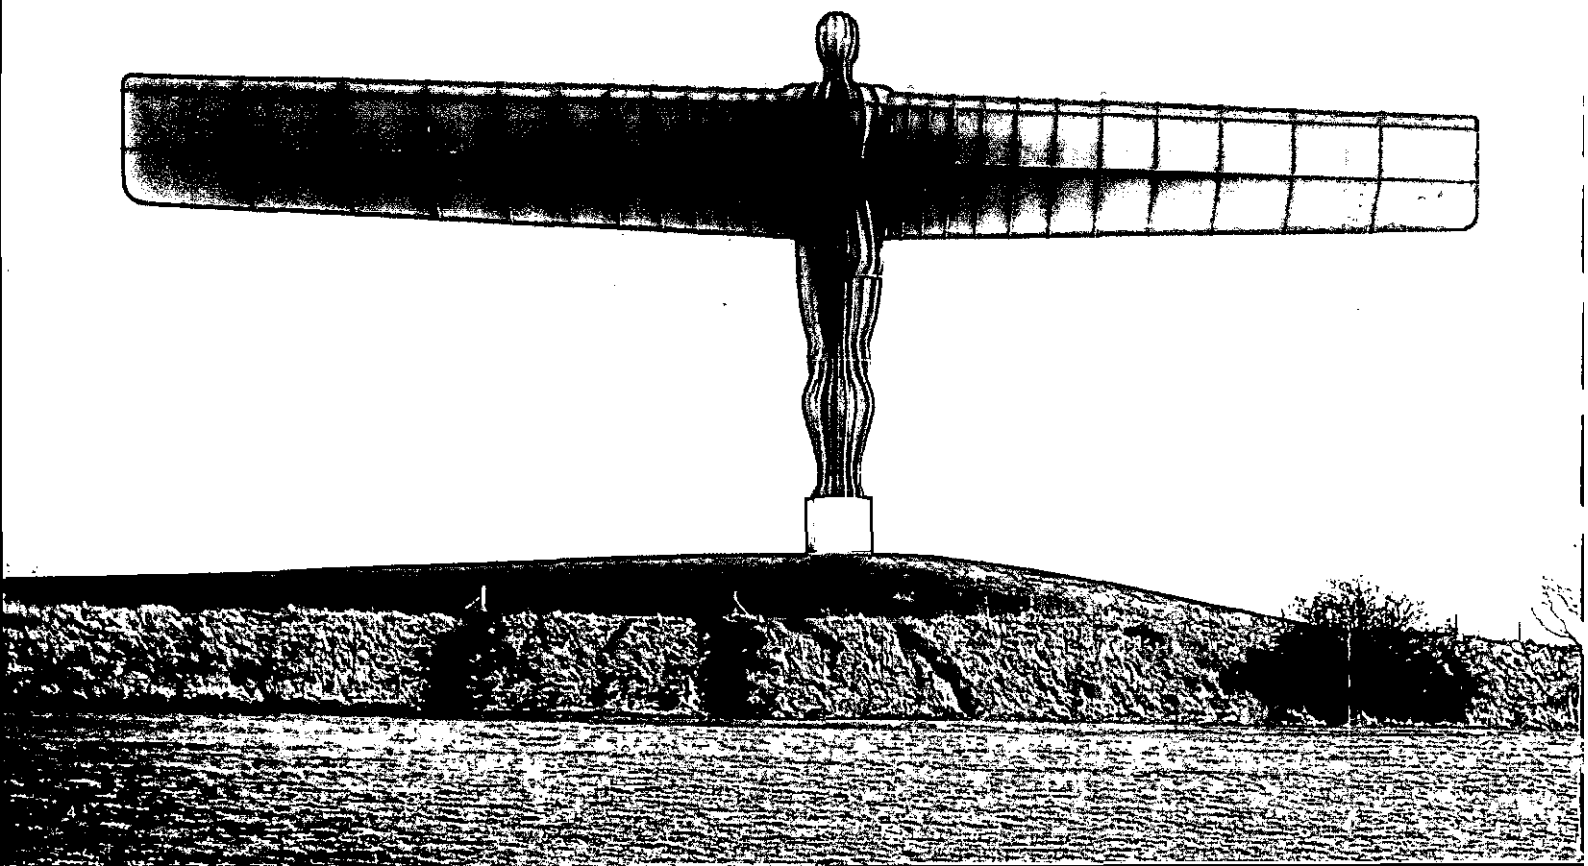
Statutory mortgage regulation became effective on 31 October 2004. Extra regulation has plainly added to costs and erected barriers to entry. This may in the long run hamper competition, which has been the most powerful force in getting customers value for money in the mortgage market. None the less, we were compliant with the new regime from the first day.

Northern Rock is a global company in terms of where it raises funds, a national company in terms of where it lends and a regional company in terms of where it employs people: most of our employees are in the North-East of England. During 2004 we created over 1,000 new jobs based in the North-East. The latest stage of our Head Office expansion, which neared completion in 2004, will add capacity for a further 1,000 jobs. We also have plans to redevelop part of our Head Office accommodation to provide facilities for another 1,400 staff.

CHAIRMAN'S STATEMENT (continued)

ECONOMIC AND MARKET BACKGROUND

The British economy remains in reasonable shape in 2005. With the Bank of England Base Rate still low by historical standards, continued low unemployment, well controlled inflation and stable economic growth, the UK continues to offer an attractive environment for home ownership, especially given the limited supply of rented accommodation.



House price inflation has eased, and we expect it to be in line with earnings growth for the next few years. Barring surprises, we see little prospect of a crash, given that mortgages are still comparatively affordable and that credit quality remains good.

We fund our lending from retail deposits, wholesale funding, securitisation and covered bonds. All four funding arms are important to us, and give us access to large international markets where we work to ensure that the supply of affordable funding does not constrain the growth of profitable lending.

SOCIAL RESPONSIBILITY

Northern Rock's primary social responsibility is to prosper. By offering competitive rates to both savers and borrowers, we benefit them. In growing, we benefit our employees by providing new jobs and better working conditions. By meeting our targets, we benefit our shareholders and other key stakeholders.

Likewise, in order to do well it pays us to be a socially responsible business. By that I mean that Northern Rock will prosper if we recruit from all sections of the community, if we find flexible employment practices that suit those who want to work appropriate hours to balance life and work, if we provide good facilities for staff and if we minimise harmful impacts on the environment from our activities. There is, in other words, no conflict between creating shareholder value and being socially responsible. To ensure that we set the highest possible standards of personal and corporate ethics, provide good customer service and give employees a good working environment, we encourage assessments by Ethical Investments

Research Services, support the Work-Life Balance Initiative and maintain a high position in the Business in The Environment Index. But we do not mistake such commitments for action.

On top of the good we can do by doing well, we also remember those not benefiting directly from our prosperity. Northern Rock is consistently one of the top UK companies for corporate giving, because of its donation of 5% of pre-tax profits to The Northern Rock Foundation. In 2004 this amounted to £21.6m.
The Foundation supports local charities and community causes mainly in the North-East of England, a region that is comparatively under-served by charities. I am particularly pleased that our staff continue to take part in voluntary initiatives, fund-raising, mentoring and secondment programmes.

CORPORATE GOVERNANCE

This year has seen substantial changes to the Combined Code on Corporate Governance, with which the Board is obliged to comply or explain. We are in a position to comply with the code in full. The Board's procedures and practices ensure that it identifies and controls risks to the business in a transparent and accountable way. The results of our Board evaluation and appraisal process are summarised in the Corporate Governance statement.

I am pleased that since the year-end, we have strengthened the Board with four new appointments. Two senior executives, Keith Currie, our treasurer, and Andy Kuipers, our sales and marketing director, both joined the Board from 5 January 2005. Michael Queen, an executive director of 3i Group plc, joined the board as a Non-Executive Director on the same date. Furthermore, Rosemary Radcliffe, former complaints commissioner of the FSA and former chief economist of PricewaterhouseCoopers, will also join the Board as a Non-Executive Director, with effect from 1 March 2005.

DIVIDEND

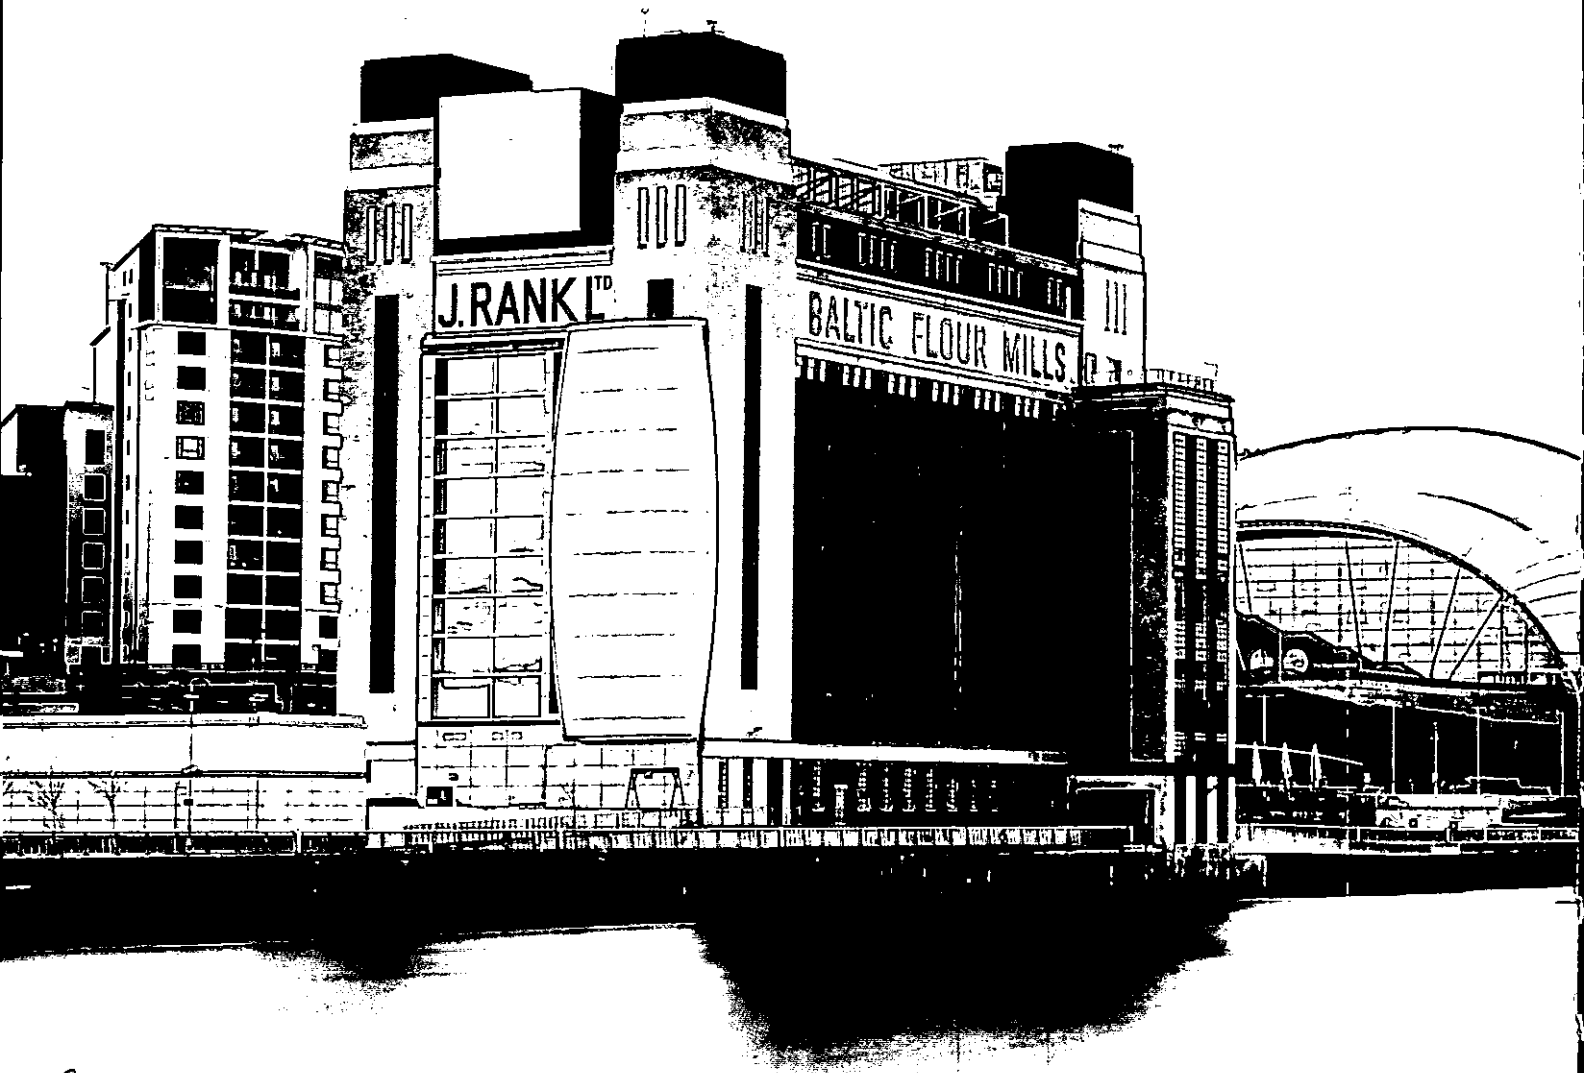
Your board is recommending a final dividend of 18 pence per share making a total for the year 26.5 pence – an increase of 13.7 % on 2003.

CONCLUSION

In highly competitive markets we have once again risen to the challenge and hit strategic targets in 2004. Our business model remains robust: we keep costs low, invest in product and process innovation, give our customers transparency and so add low-risk assets to our balance sheet to provide attractive returns to our shareholders. We fund this growth through retail, wholesale and securitised channels.

We have always told shareholders that we can perform well in a weak housing market as well as a strong one. Our results differentiate us from our competitors and if, as expected, the housing market slows further in the coming year it will remain sufficiently large to enable us to achieve our targets without compromising on credit quality.

I am grateful to my Board colleagues, to management and all Northern Rock staff for their ingenuity, hard work and success in 2004.



CHIEF EXECUTIVE'S REPORT

Adam J Applegarth

In 2004 Northern Rock delivered excellent results including:

- RECORD PRE TAX PROFITS OF £431.2 MILLION - A LIKE-FOR-LIKE INCREASE OF 13.0%
- ASSETS UNDER MANAGEMENT OF £64.9 BILLION - AN INCREASE OF 24.9%
- RECORD NET LENDING OF £12.9 BILLION - AN INCREASE OF 51.9% AND A MARKET SHARE OF 11.2%
- RATIO OF COSTS TO ASSETS UNDER MANAGEMENT IMPROVED TO 0.38% (2003 UNDERLYING - 0.41%)
- RETURN ON EQUITY OF 21.3%
- TOTAL DIVIDEND PER SHARE 26.5P - AN INCREASE OF 13.7%
- THE NORTHERN ROCK FOUNDATION - SUPPORTING CHARITABLE CAUSES - TO RECEIVE £21.6 MILLION

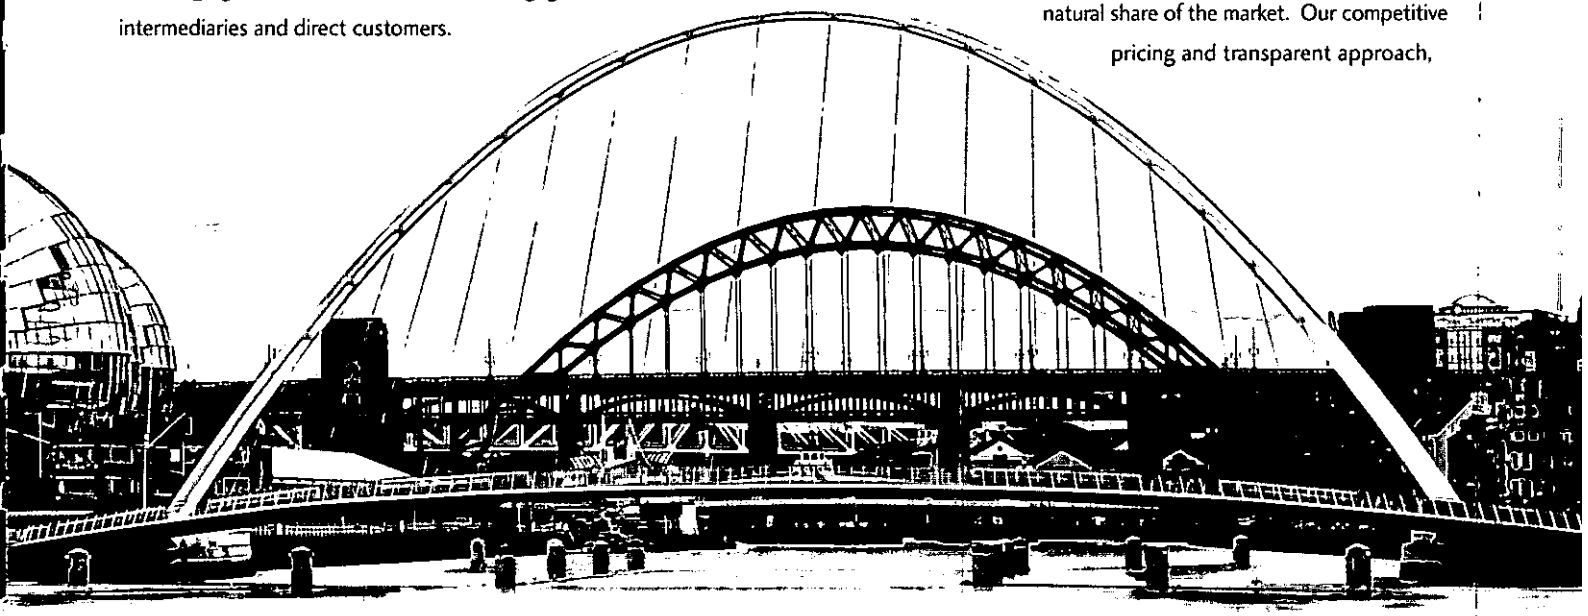
2004 has been a very challenging year and so I am delighted to announce results that show record growth, record profits and further improvement in earnings per share.

High quality asset growth and cost efficiency form the essence of our strategy. Through a combination of being a small stock player, having a unit cost advantage and retaining customers, whilst attracting new borrowers and savers, we are able to grow our assets under management strongly, leveraging our equity capital to enhance shareholder returns. Cost efficiency is key to our strategy, as this allows profitable growth of the business and the manufacture of competitive products for our customers.

Our core products of mortgages, savings and personal loans all performed well in 2004. They were complemented by general insurance and protection products offered in conjunction with our partners, providing our customers with both choice and peace of mind.

During 2004 we invested significantly in our infrastructure, both in terms of technology and commencement of the latest phase of planned building expansion at our Head Office site. The demands of regulation show no signs of abating and our cost base also absorbed an extra £3.6 million from increased regulatory requirements. However, growth in operating expenses was well contained.

We continue to pursue a multi-channel distribution strategy and have opened several specialist mortgage branches in key areas around the country. These additions further strengthen our franchise and provide a logical extension to complement our existing network. In addition to this important investment, we continue to invest in other channels, encouraging e-business links with both mortgage intermediaries and direct customers.



LENDING

During 2004 we once again delivered record levels of low risk lending. Gross lending was £23,342 million, an increase of 34.8% over the previous year, with net lending of £12,932 million, an increase of 51.9%. We achieved gross residential lending of £20,051 million, an increase of 31.8% over 2003 and net residential lending of £11,383 million, an increase of 44.8%, which represented 11.2% of the UK market.

Our mix of new residential lending during the first half of 2004 reflected the shift in customer preferences towards discounted products. In the second half, as interest rates moved closer to their cyclical peak and the price of fixed rate products reduced, short term fixed rate lending was more prevalent. Our lifestyle range of products, including our credit bundling product, "together", residential Buy to Let and Lifetime Home Equity Release Mortgages (HERM), which allow older borrowers to withdraw equity from their home to aid retirement income, continued to be popular. We remain at the forefront of providing a competitive choice of products for homeowners and homebuyers, whether they are new or existing customers.

With the Bank Base Rate remaining low by historical standards, continued low unemployment, inflation well controlled and stable UK economic growth rates, fundamentals will remain supportive to home ownership. The remortgage market, which accounted for around 40% of UK gross lending in 2004, will also remain strong, particularly as interest rates appear close to their cyclical peak and the incidence of overhanging redemption charges has diminished.

Due to our relative size and focus on the retention of existing customers our net lending figures are higher than our natural share of the market. Our competitive pricing and transparent approach,

combined with our Mortgage Review Service support our retention performance and limit the impact of redemptions from our portfolios. Consequently our net lending is very strong with volume growth of gross lending being leveraged further by low redemptions.

As borrowers seek to refinance to obtain better deals, Northern Rock, with its unit cost advantage and transparent policy, remains well placed to deliver its growth objectives. As a result Northern Rock should not be considered as a proxy for either the housing market or the industry's net lending figures. We are a major player in the wider mortgage market, which importantly includes remortgaging and remains a key part of our growth plans.

We have grown our commercial lending and personal unsecured lending portfolios steadily, maintaining our emphasis on quality. We maintain an appropriate balance in these books relative to our overall assets under management.

FUNDING

Funding remained strong during 2004. All three traditional funding arms – retail funding, wholesale funding and securitisation – continued to perform well. We added a fourth stream by completing an inaugural covered bond issue in April 2004. Our funding platform is flexible, diverse and robust.

Our retail funding franchise remains an important part of our funding strategy. Retail funding inflows were restrained during the first half of the year following successful non-retail activities. During the second half, however, we funded strongly attracting over £1 billion of new funds, representing our strongest ever half-year performance. The overall increase in retail balances during 2004 was £896 million resulting in total retail balances under management of £17.2 billion at the year-end.

We have a broad distribution platform of branch, postal, telephone and on-line accounts, as well as off-shore and Ireland operations, which we will continue to develop. In particular we have seen strong inflows in our Silver Savings account, for over 50's, which attracted balances of over £1.25 billion, following its launch in September 2004. We also funded strongly in fixed rate bonds where contractual guarantees provided customers with added confidence.

Our Treasury operation continues to raise wholesale funds, manage interest rate and currency risks, and manage a portfolio of investments primarily for liquidity purposes. It is not a separate profit centre and does not operate trading portfolios. We have continued to develop our non-retail funding in international markets with further funding diversification in Continental Europe, North America and Asia. By diversifying our funding geographically and by mixing the term of funding appropriately over short, medium and long term horizons we are able to underpin our growth aspirations, whilst reducing the risk to our platform. During the year net new wholesale funding totalled £2.77 billion, increasing balances to £19.7 billion.

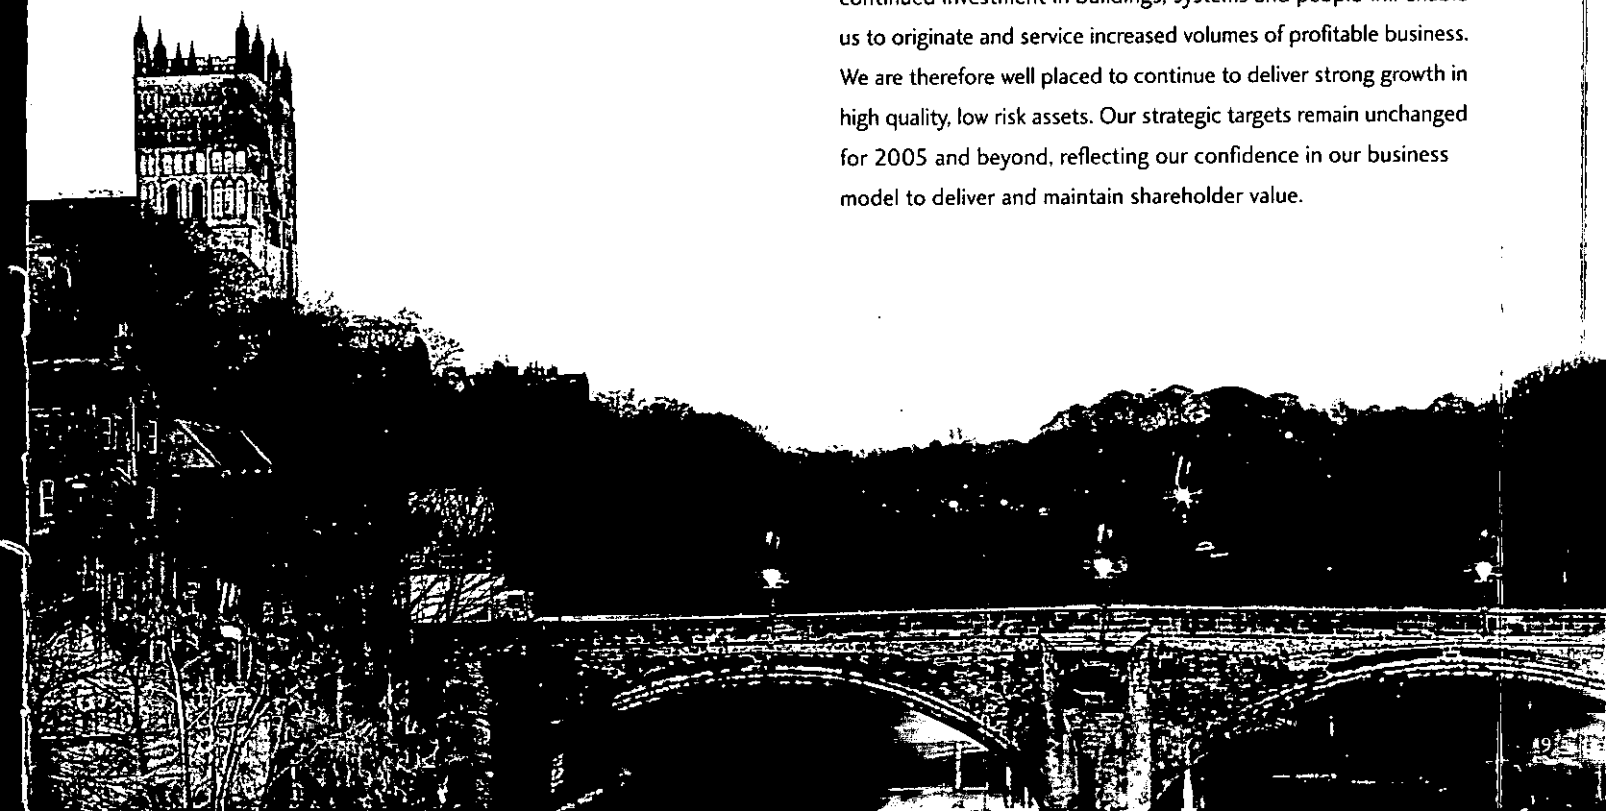
Our residential securitisation programme is firmly established as a reliable source of funding, a reflection of the high credit quality of Northern Rock's loan book and the huge investor appetite for this type of financial instrument. During 2004, we issued £11.1 billion of securitised notes. Assets under management subject to securitisation now amount to £22.3 billion, representing 40% of our lending portfolios. Securitisation, with increasing diversification, will continue to play an important role in funding our future growth plans as well as contributing to capital efficiency.

Already in 2005 we have raised a further US$1.75 billion under our US Medium Term Note programme and £4.5 billion from our fourteenth residential securitisation transaction further strengthening the split between short term and medium term funding.

CREDIT QUALITY

The credit quality of our assets remains very strong. We do not attract volume growth at the expense of quality. The credit quality of our lending is excellent and continues to be tightly monitored and controlled. We operate rigorous underwriting processes that include credit checking and affordability tests. Our monthly behavioural scoring system confirmed during 2004 that there were no early warning signs of significant credit deterioration. Even though mortgage balances have grown significantly, we have not increased our appetite for risk.

The arrears performance of our residential lending book improved further during 2004 with only 0.37% of accounts three months or more in arrears compared with 0.45% the year before. Once again, despite significant growth in mortgages under management we have been able to reduce the percentage of loans in arrears. Overall our residential arrears remain below half the industry average.



Commercial loan arrears and standalone personal unsecured loan arrears are also significantly better than industry average, reflecting our policy of attracting high quality lending. Our provisioning policies remain prudent and we have no loan exposure outside the UK, nor exposure to unsecured commercial lending or leasing.

OUTLOOK

Our strategy of combining competitive products, effective distribution and efficient customer service, driven off a low unit cost base works well. We will continue to develop our business so that it is highly focussed, resilient and scalable to meet our growth aspirations. By continuing to deliver our strategic targets and maintaining our responsible approach to lending we will continue to enhance value for our customers and our shareholders in the future.

We expect the housing market to slow but activity will be underpinned by relatively low interest rates, continuing low levels of unemployment and a restricted supply of new housing stock. The attractive pricing for new customers and the further erosion of overhanging redemption charges should ensure that levels of remortgaging will more than offset the level of slowdown in the housing market. Our small market share allows us significant room for growth regardless of overall market performance. This should enable us to achieve our strategic growth range of 20% +/– 5% in high quality, low risk, assets under management.

We are relatively small, have a unit cost advantage, retain existing customers well and are increasingly good at attracting new loans. Our broad funding platform, efficient distribution network and continued investment in buildings, systems and people will enable us to originate and service increased volumes of profitable business. We are therefore well placed to continue to deliver strong growth in high quality, low risk assets. Our strategic targets remain unchanged for 2005 and beyond, reflecting our confidence in our business model to deliver and maintain shareholder value.

THE BOARD

During 2004, the number of meetings attended by each Director was as follows:

Dr M W Ridley, BA, D.Phil

Matt Ridley (aged 47), was appointed Chairman of the Company on 27 April 2004. He was appointed as a Non-Executive Director of Northern Rock plc in November 1996 having previously joined the Board of Northern Rock Building Society on 1 June 1994.
Dr Ridley is an author and businessman who also holds other Non-Executive Directorships which include Northern Investors Company PLC, Northern 2 VCT plc and P A Holdings Limited. He is Chairman of both the Nominations and Chairman's Committees.

A J Applegarth, BA

Adam Applegarth (aged 42) has worked for Northern Rock for 21 years. He became an Executive Director of Northern Rock Building Society in January 1996, was appointed as an Executive Director of Northern Rock plc in October 1996 and subsequently became the Company's Chief Executive in March 2001. Mr Applegarth is a governor of the Royal Grammar School, Newcastle upon Tyne. Mr Applegarth is a Member of both the Chairman's and Risk Committees.

D F Baker, BSc, FCIB

David Baker (aged 51) was appointed as the Company's Chief Operating Officer in January 2001. He became an Executive Director of Northern Rock Building Society in January 1996 and was appointed as an Executive Director of Northern Rock plc in October 1996. He is a Fellow of the Chartered Institute of Bankers. In his present role he is responsible for the direction and management of the Company's operations and in particular, Retail Savings, Credit, Customer Services, Personnel, Premises and Legal and Compliance. Mr Baker is Chairman of The Newcastle Employment Bond Limited and a Trustee of the University of Newcastle upon Tyne Development Trust. Mr Baker is a Member of both the Chairman's and Risk Committees.

R F Bennett, FCA, ACMA, IPFA

The Group Finance Director, Bob Bennett (aged 57), is a Chartered Accountant. He became an Executive Director of Northern Rock Building Society in November 1993 and was appointed as an Executive Director of Northern Rock plc in November 1996. In his present role, he is responsible for Finance, Treasury, Securitisation, Internal Audit, Risk Management and Institutional Relations. Mr Bennett is also a Trustee of the Northern Rock Pension Scheme and a Non-Executive Director of Greggs plc. Mr Bennett is a Member of both the Chairman's and Risk Committees.

K M Currie

Keith Currie, (aged 48) was appointed to the Board as an Executive Director in January 2005. Mr Currie is responsible for the management of the Company's Group Treasury function including liquidity, wholesale funding, derivative portfolios and the management of the Company's securitisation funding and covered bond programmes. Mr Currie is a Member of the Chairman's Committee.

N A H Fenwick, MA

Adam Fenwick (aged 44), was appointed to the Board as a Non-Executive Director in November 2003. He is an Executive Director of Fenwick Limited and a Non-Executive Director of John Swire and Sons Limited. He is also a Trustee of Newcastle Theatre Royal Trust Limited. Mr Fenwick is a Member of both the Audit and Remuneration Committees.

Sir Ian Gibson, CBE

Sir Ian Gibson (aged 58), was appointed to the Board as a Non-Executive Director in September 2002. He is Chairman of BPB plc and a Non-Executive Director of GKN plc and Chelys Limited. He was also a member of the Court of the Bank of England from 1999 to 2004. Sir Ian is a Member of the Audit, Nominations, Risk, and Remuneration Committees.

A M Kuipers

Andy Kuipers (aged 47), was appointed to the Board as an Executive Director in January 2005. He is responsible for the co-ordination and direction of the Group's sales, marketing, products and new mortgage loans processing activities. Mr Kuipers is a Member of the Chairman's Committee.

N Pease, BA

Nichola Pease (aged 43), is Chief Executive of J O Hambro Capital Management Limited and a Non-Executive Director of Grainger Trust PLC. She was appointed as a Non-Executive Director of Northern Rock plc in February 1999. Ms Pease is Chairman of the Remuneration Committee and is a Member of the Audit Committee.

M J Queen, BA, FCA

Michael Queen (aged 43) is the Finance Director of 3i Group PLC. He was appointed to the Board as a Non-Executive Director in January 2005. Mr Queen is a Member of both the Audit and Remuneration Committees.

Sir George Russell, CBE, D.Eng., BA

The Senior Independent Director, Sir George Russell (aged 69), was appointed a Non-Executive Director of Northern Rock plc in November 1996 having previously joined the Board of Northern Rock Building Society as a Non-Executive Director in 1985. He is also Deputy Chairman of ITV plc. Sir George is a Member of both the Remuneration and Risk Committees.

Sir Derek Wanless, MA, FCIB, MIS

Sir Derek Wanless (aged 57), joined the Board as a Non-Executive Director in March 2000. He was previously Group Chief Executive of National Westminster Bank plc from 1992-1999. He is also a Non-Executive Director of Northumbrian Water Group plc. Sir Derek is Vice Chairman of the Statistics Commission and a Trustee of the National Endowment for Science, Technology and the Arts. Sir Derek is Chairman of both the Audit and Risk Committees and a Member of the Nominations and Remuneration Committees.

Note: On 27 April 2004 Sir John Riddell and Sir David Chapman retired from the Board of Directors.

CORPORATE GOVERNANCE

Northern Rock plc (the Company) regards adherence to the principles of good corporate governance to be of the utmost importance. The Board is accountable to the Company's shareholders for corporate governance, and the following describes how the Company applies the principles and provisions contained in the Combined Code of Corporate Governance published in July 2003 (the Combined Code). The Listing Rules of the United Kingdom Listing Authority require listed companies to disclose how they comply with the Combined Code and, where they do not do so, to provide a clear explanation of why they do not comply. For the period 1 January 2004 to 31 December 2004, the Company complied with all aspects of the Combined Code.

THE BOARD OF DIRECTORS

The Board of Directors meets regularly throughout the year, retains full and effective control over the Company and its subsidiaries (the Group), is collectively responsible for the success of the Group and determines its strategy and policies whilst monitoring performance. The Board met eleven times during 2004 and, after the retirement of Sir John Riddell and Sir David Chapman on 27 April 2004, comprised the Chairman, the Senior Independent Director, four other Non-Executive Directors, the Chief Executive and two other Executive Directors.

The Board has a formal written schedule of matters reserved for its review and approval and has adopted a detailed procedures manual which covers the responsibilities and procedures of the Board, its Committees and its officers. This includes setting policies for Balance Sheet structural risk management, the raising of Non Retail Funds, Liquidity and Credit Risk, the setting of capital expenditure budgets, the declaration of dividends and the approval of the Annual Report and Accounts.

Authority for the execution of approved policies has been delegated by the Board to the Company's Executive Committee and the Chief Executive. The Executive Committee comprises the Chief Executive, the other Executive Directors and the Company Secretary.

Within the parameters set out in the Committee's terms of reference, the Executive Committee has responsibility for facilitating the Company's effective operation to ensure that it meets its objectives through the implementation of the Strategic and Operational Plans. The Committee also monitors developments in the Company's core markets, and examines, appraises and reviews defence initiatives, potential acquisitions and corporate finance initiatives. It also establishes processes to control, appraise and review the implementation of any new procedures that are agreed upon.

The Management Board Asset and Liability Committee is responsible for overseeing the management and review of the Company's balance sheet risk profile and processes together with the Company's balance sheet, profit and loss and liquidity profiles. In addition, the Committee has authority to authorise use by the Company of structured financial products and private equity investments in accordance with the polices and procedures set down in the Corporate Finance and Structured Financial Policy statement approved by the Board.

A clear division of responsibility exists between the Chairman, who is responsible for running the Board, and the Chief Executive who has responsibility for running the business. This division is clearly set out in the Chairman's letter of appointment and the Chief Executive's job description.

APPOINTMENTS TO THE BOARD

The Company's Articles of Association require that each Director stands for re-election at least every three years and that Directors appointed by the Board should be subject to election by shareholders at the first opportunity after their appointment. The Directors to retire by rotation will be those in office longest since their previous re-election. Non-Executive Directors are appointed for a specified term subject to re-election.

The Company's policy is that Non-Executive Directors will stand down from office at the conclusion of the next Annual General Meeting following their seventieth birthday.

DIRECTORS

More than half of the Board comprises Non-Executive Directors all of whom have experience in a wide range of commercial and banking activities. The Board considers all of the Non-Executive Directors to be independent for the purposes of the definition in the Combined Code. This requires the Board to determine whether each Director is independent in character and judgement and whether there are relationships or circumstances which are likely to affect, or could appear to affect, the Director's judgement.

Sir George Russell, who was appointed Senior Independent Director of the Company on 27 April 2004, was first elected to the Board as a Non-Executive Director in September 1997 immediately prior to demutualisation, having served as a Director of Northern Rock Building Society between 1985 and 1997. The Board has no hesitation in confirming Sir George's independence for Combined Code purposes, and is satisfied that his period of service as a Director of Northern Rock Building Society should not be aggregated with his period of service as a Director of the Company in view of the different legal structure and business objectives of the two entities. The Board is also satisfied that Sir George's deferred membership of a Northern Rock Building Society pension scheme does not affect his independence. Sir George ceased to accrue pension benefits after 30 June 1997 and will become eligible to receive a pension on 25 October 2005 or on his earlier retirement from the Company. In accordance with the Company's policy Sir George Russell will retire from office at the conclusion of the 2006 AGM.

As a highly experienced company director, Sir George's sound judgement and challenging approach ensure that he makes a significant contribution to the work of the Board and its Committees. He and the other Non-Executive Directors also provide close scrutiny of the performance of management and the reporting of its performance.

It is the Company's policy that every Director should receive appropriate training on the first occasion that he or she is

appointed to the Board, and subsequently as necessary. A detailed induction process exists for new Directors and, to ensure that Directors are able to discharge their responsibilities effectively, this is supported by an ongoing training programme. As part of the annual appraisal process, Directors are asked to identify areas where additional training is required.

To enable the Board to function effectively, all Directors have full and timely access to all information which may be relevant to the discharge of their duties and obligations. The Company arranges additional, specific training or support for any Director who requests it.

The Chairman ensures that all Directors are properly briefed on issues to be discussed at Board meetings. All Directors are able to obtain further advice or seek clarity on issues raised at Board meetings from within the Company or from external professional sources. All Directors have access to the advice and services of the Company Secretary who is responsible for ensuring that Board procedures and applicable rules and regulations are observed. Additionally, the Company Secretary provides regular reports to the Board to ensure that it remains up to date on the latest regulatory, legal and governance developments relevant to the Company and its officers. Where necessary, the Directors are able to take independent professional advice at the Company's expense.

CHAIRMAN'S APPOINTMENT

As announced on 17 July 2003 Dr M W Ridley succeeded Sir John Riddell as Chairman of the Company on 27 April 2004. The selection process to identify Sir John's successor commenced in 2002 and was conducted by the Nominations Committee in accordance with governance standards and best practice in force prior to the publication of the revised Combined Code.

The Nominations Committee concluded that Dr Ridley was the best person for appointment as Chairman because of his exceptional leadership skills and business acumen. Additionally, the Committee concluded that Dr Ridley satisfied the important requirements of demonstrating experience of the way in which the Company operated and an understanding of how it developed so that he was best equipped to lead its continued evolution.

Dr Ridley was first elected to the Board in September 1997. In the opinion of the Board, Dr Ridley was independent (for the purposes of the revised Combined Code) on his appointment as Chairman. Dr Ridley's letter of appointment sets out his role and responsibilities and the time commitment expected of him. A copy of his letter of appointment will be available for inspection at the Annual General Meeting.

BOARD APPRAISAL

The Combined Code requires that Non-Executive Directors, the Board and its Committees should be subject to annual appraisal. Where a Non-Executive Director is proposed for re-election beyond six years, the proposal should be subject to a particularly rigorous review, and should take into account the need for progressive refreshing of the Board.

All Executive Directors, Non-Executive Directors and the Chairman were subject to an appraisal during the financial year under review to ensure that their contribution continued to be of the highest standard. The Chief Executive and all of the Non-Executive Directors were appraised by the Chairman whilst the appraisal of the Group Finance Director and Chief Operating Officer was completed by the Chief Executive. The Senior Independent Director conducted the appraisal of the Chairman, after meeting with the Non-Executive Directors in absence of the Chairman and having also canvassed the opinions of the Executive Directors.

For the year under review, the conclusion of the appraisal exercise was that each Non-Executive Director, Executive Director and the Chairman demonstrated a continued commitment and effective contribution to their position. The terms of appointment of each Non-Executive Director have been renewed for a further year with effect from 1 January 2005, subject to re-election where appropriate at the Annual General Meeting to be held in April 2005.

As part of the appraisal exercise, each individual also completed an evaluation of the Board and its Committees to enable the Secretary to report to the Board on how effective each was in discharging its responsibilities. The appraisal exercise was completed by the Board considering and debating the Secretary's report and reviewing the respective strengths and weaknesses of the Board, its members and its Committees. The Secretary reported to the Board that the evaluation of the Board and its Committees showed that they were discharging their responsibilities effectively and confirmed the process also provided useful feedback that would be used to improve current practice and procedures.

BOARD COMMITTEES

In accordance with the Combined Code and the best principles of corporate governance, the Board has established a number of Committees to assist it in the way that it deals with matters that are reserved for its consideration. The Chairman and membership of each Committee are set out on page 17.

Each Committee has detailed terms of reference clearly setting out its remit and authority. In accordance with the Combined Code, the terms of reference of the Audit, Nominations, Remuneration and Risk Committees are available on the Company's website and on request in writing from the Company Secretary.

In addition to the meetings of the Board and the Committees which took place throughout the year, the Chairman also held meetings with Non-Executive Directors in absence of the Executive Directors and Sir George Russell met with the Non-Executive Directors in absence of the Chairman and the Executives.

The following paragraphs set out details of the Committees and the particular work that they undertake.

AUDIT COMMITTEE

The Audit Committee comprises five independent Non-Executive Directors and met six times during 2004. It considers and, where appropriate, advises the Board on all matters relating to regulatory, prudential and accounting requirements

that may affect the Group. It also reports to the Board on both financial and non-financial controls. An important aspect of its role is to ensure that an objective and professional relationship is maintained with the external auditors.

The Audit Committee has responsibility for recommending the appointment, re-appointment and removal of the external auditors. In February 2004 the Audit Committee reviewed the effectiveness of the external auditors and made a recommendation that they be re-appointed for a further 12 months. The Board accepted this recommendation and an appropriate resolution was passed at the 2004 Annual General Meeting.

The Audit Committee reviews the scope and results of the annual external audit, its cost effectiveness, and the independence and objectivity of the external auditors. It also reviews the nature and extent of any non-audit services provided by the external auditors. The external auditors may attend all meetings and have direct access to the Audit Committee and its Chairman at all times. The Chief Internal Auditor provides further assurance that the significant risks identified by the business are properly managed. The Chief Internal Auditor has direct access to the Audit Committee and its Chairman. The Executive Directors are not members of the Audit Committee but attend meetings by invitation of the Audit Committee, as necessary, to facilitate its business.

The Audit Committee reviews the internal control system on behalf of the Board and is also responsible for reviewing the effectiveness of the Internal Audit function. At each meeting the Committee receives reports of reviews conducted throughout the Company by the Internal Audit and (periodically) Compliance functions.

The Combined Code requires the Board to be satisfied that at least one member of the Audit Committee has recent and relevant financial experience. The Board is satisfied in this regard and, in addition, in the opinion of the Board the qualifications of each of the Audit Committee members gives the Audit Committee the breadth of financial experience to discharge its responsibilities.

CHAIRMAN'S COMMITTEE

The principal function of the Chairman's Committee is to review the Company's strategy and to consider any major operational issues or proposals for significant new initiatives that may arise. The Committee only meets as a formal Committee in exceptional circumstances and its activities are reported to the Board. The Committee is made up of the Chairman, the Executive Directors and the Company Secretary.

NOMINATIONS COMMITTEE

The Nominations Committee is made up of the Chairman and two independent Non-Executive Directors. The Committee met three times during 2004. It monitors and reviews the membership of, and succession to, the Board of Directors and the Committee makes recommendations to the Board in this regard. One of its functions is to identify potential Executive and Non-Executive Directors taking into account the requirement for the members of the Board to have an appropriate range of skills and experience to understand the activities of Northern Rock and its subsidiary undertakings.

During 2004, the Nominations Committee assessed the size of the Board, the attributes of the Board members, the continued growth of the Company and its strategic aims. The Committee concluded that, whilst the Company placed an appropriate level of demand on its Directors, the performance of the Board and its Committees would be enhanced by the appointment of two further Non-Executive Directors and two further Executive Directors.

Spencer Stuart Recruitment Limited was retained by the Company to assist in the identification and recruitment of Non-Executive Directors who would add value to the Board and its Committees. An extensive search by Spencer Stuart Recruitment Limited led to Mr Queen and Miss Radcliffe being considered and recommended to the Board by the Nominations Committee. The Committee also recommended Mr Kuipers and Mr Currie as appropriate candidates for the position of Executive Director.

The Company announced on 5 January 2005 that with immediate effect Mr Queen would be joining the Board as a Non-Executive Director and that Mr Kuipers and Mr Currie would be joining the Board as Executive Directors. Brief biographies of the new appointees are detailed at page 12 of the Annual Report. Mr Queen will augment the Board's financial expertise and has joined the Board's Audit and Remuneration Committees, whilst the promotions of Mr Kuipers and Mr Currie reflect the importance of the Marketing and Treasury functions to the Company's strategy. In addition to these appointments the Company also announced on 5 January 2005 that Miss Radcliffe would join the Board as a Non-Executive Director with effect from 1 March 2005. As a former Independent Complaints Commissioner for the Financial Services Authority, Miss Radcliffe will increase the Board's regulatory expertise and will join the Board's Remuneration and Risk Committees.

The Company believes that the appointment of all four individuals is in the best interests of its shareholders. It should be noted that Spencer Stuart Recruitment Limited has no other connection with the Company.

REMUNERATION COMMITTEE

The Remuneration Committee comprises six independent Non-Executive Directors and met twice in 2004. It is responsible for considering and advising the Board on the remuneration policy for Executive Directors and the Chairman, and for determining their remuneration packages. In discharging its responsibilities the Remuneration Committee takes professional advice from within and outside the Company. It is the Board's responsibility to determine the remuneration policy for Non-Executive Directors within the limits set in the Articles of Association. The Remuneration Committee also determines the level of remuneration for the Company's Management Board Directors (comprising management at the level immediately below the Board).

In accordance with the requirements of the Directors' Remuneration Report Regulations 2002 further information may be found in the Company's Directors' Remuneration Report.

RISK COMMITTEE

The Risk Committee comprises three independent Non-Executive Directors plus Mr Applegarth, Mr Baker and Mr Bennett. The Risk Committee met four times during 2004. The main role of the Risk Committee is to review, on behalf of the Board, the key risks inherent in the business, the system of control necessary to manage such risks, and to present their findings to the Board.

This responsibility requires the Risk Committee to keep under review the effectiveness of the Group's system of internal controls, which includes financial, operational, compliance and risk management controls and to foster a culture that emphasises and demonstrates the benefits of a risk-based approach to internal control and management of the Group. The Risk Committee fulfils this remit by reinforcing management's control consciousness and making appropriate recommendations to the Board on all significant matters relating to the Group's risk strategy and policies.

Other responsibilities of the Risk Committee include keeping under review the effectiveness of the Group's risk management infrastructure. This involves an assessment of risk management procedures (for the identification, measurement and control of key risk exposures) in accordance with changes in the operating environment. It is also primarily responsible for considering the major findings of any of the Financial Services Authority or internal/external audit's risk management review and management's response.

To assist the Board in discharging its responsibilities for the setting of Risk policy, the Risk Committee periodically reviews the Group's credit risk, interest rate risk, liquidity risk and operational risk exposures in relation to the Board's risk appetite and the Group's capital adequacy. The Risk Committee also ensures that the public disclosure of information regarding the Group's risk management policies and key risk exposures is in accordance with the statutory requirements and financial reporting standards.

INTERNAL CONTROL

The Board of Directors is responsible for the Group's system of internal control and for annually reviewing its effectiveness. The system of internal control is designed to manage risk rather than eliminate it and in this regard, the Board considers that Northern Rock is a well-controlled, risk-averse business that continues to adopt a prudent stance in the management of risk. The Board has reviewed the effectiveness of the system of internal control and is satisfied that there is a sound system of internal control that safeguards shareholders' investments and the Company's assets.

In accordance with the guidance set out in the Turnbull Guidance on Internal Control, the Company has an ongoing process for identifying, evaluating and managing the significant risks faced by it. This process was in place for the period 1 January 2004 to 31 December 2004 and remained in place on the date that the 2004 Annual Report and Accounts was approved by the Board. As part of the Company's continuing evaluation of Internal Control, the Board has reviewed and (where necessary) updated the process for identifying and evaluating significant risks affecting the business and the policies and procedures by which these risks are managed.

The Company is committed to developing and maintaining a control-conscious culture in all areas. This is achieved through a well-defined organisational structure with clear reporting lines and a commitment to recruiting and training staff governed by appropriate codes of conduct. In addition, the Group maintains procedure manuals that detail the procedures to control physical and logical access, segregation of duties and credit, expenditure and other authorisation limits. There are well-established budgetary and strategic planning cycles, and the Board reviews the results monthly against budgets, forecasts and prior year actual results, together with other key business measures.

The Chief Executive reports to the Board on behalf of the Executive Committee on significant changes in the business and the external environment which affect significant risks. The Board also receives monthly financial information, which includes key performance and risk indicators. Where areas for improvement in the system are identified, the Board considers the recommendations made by the Executive Committee, the Risk Committee and the Audit Committee.

A detailed description of the Group's approach to financial risk management and the related use of derivatives is set out in note 37 to the accounts. Material risk exposures are subject to Board policy statements that set out the exposure limits of the risks and the hedges and control techniques to be utilised. In addition, regular reporting of all risk exposures is monitored throughout the Company by the Operational Risk Committee whose membership is drawn from each of the Company's departments within which operational risk may arise.

The Company's Internal Audit function provides a degree of assurance as to the operation and validity of the system of internal control and planned corrective actions are independently monitored for timely completion.

COMMUNICATIONS

A Summary Financial Statement is issued to all shareholders and a copy of the Annual Report and Accounts and The Northern Rock Foundation's report is available by written request to the Company Secretary or from the Northern Rock website: www.northernrock.co.uk. The Company communicates regularly with its shareholders who are given the opportunity to raise matters for discussion at the Annual General Meeting. The Company also deals with a number of written enquiries from shareholders throughout the year.

The Company regards communication with institutional shareholders as important. To ensure that concerns of major shareholders are addressed, the Company has incorporated a number of initiatives into its procedures during 2004. In October 2004 the Company held a governance day, to which the Company's major institutional investors were invited. The day was hosted by the Chairman and attended by the Chief Executive and the

Senior Independent Director. In addition, all of the other Non-Executive Directors were offered the opportunity to attend the presentation. The Company was pleased with the attendance of a number of its investors and found that the day provided an excellent opportunity to engage with shareholders on the Company's governance arrangements.

In addition to the governance day, the Company Secretary reports to the Board on feedback received from shareholders. Additionally, the Chief Executive and Group Finance Director have extensive ongoing contact with shareholders and feedback arising from this is also reported to the Board. Coupled with presentations from analysts and brokers throughout the year, these arrangements ensure that all Directors, both Executive and Non-Executive, remain up to date on the views of major shareholders.

As Senior Independent Director, Sir George Russell is available to shareholders if they have concerns which contact through the normal channels of Chairman, Chief Executive or Group Finance Director has failed to resolve or for which such contact is inappropriate.

To ensure that opportunities are offered to major shareholders to meet with members of the Board, a number of more informal lunches are also held throughout the year where investor feedback on strategy and governance is encouraged.

GOING CONCERN

The Directors are satisfied that the Group has adequate resources to continue in business for the foreseeable future. For this reason, they continue to adopt the going concern basis in preparing the accounts.

STATEMENT OF DIRECTORS' RESPONSIBILITIES

The Companies Act 1985 requires the Directors to prepare financial statements for each financial year that give a true and fair view of the state of affairs of the Company and Group as at the end of the year and of the profit or loss of the Group for the year.

The Directors consider that in preparing the financial statements on pages 46 to 77 appropriate accounting policies, consistently applied and supported by reasonable and prudent judgements and estimates, have been used and that applicable accounting standards have been followed.

The Directors are responsible for ensuring that the Company and Group keeps accounting records that disclose with reasonable accuracy at any time the Company and Group's financial position and that enable them to ensure that the financial statements comply with the Companies Act 1985. They are also responsible for safeguarding the assets of the Company and Group and hence for taking reasonable steps to prevent and detect fraud and other irregularities.

COMMITTEES

Membership of the Board's Committees is set out below.

AUDIT COMMITTEE

+ Sir Derek Wanless (Chairman) (appointed Chairman 27 April 2004)
+ N A H Fenwick
+ Sir Ian Gibson
+ N Pease
+ M J Queen (appointed 5 January 2005)

SUMMARY

The Directors' Remuneration Report is presented to shareholders by the Board and contains the following information:

- A description of the role of the Remuneration Committee;
- A summary of the Group's Remuneration Policy including a statement of the Company's policy on Directors' remuneration;
- Graphs illustrating the performance of the Company relative to the FTSE 100 Index and the FTSE 350 Index for the last five years;
- Details of the terms of the service contracts and the remuneration of each Director for the preceding financial year;
- Details of the share options and awards under long-term incentive schemes held by the Directors; and
- Details of each Director's interest in Ordinary Shares in the Company.

This Report complies with the Directors' Remuneration Report Regulations 2002 ("the Regulations"). This Report also sets out how the principles of the Combined Code relating to Executive Director remuneration are applied by the Group.

A resolution will be put to Shareholders at the Annual General Meeting on 26 April 2005 inviting them to consider and approve this Report.

THE REMUNERATION COMMITTEE

The Remuneration Committee consists entirely of independent Non-Executive Directors and comprises Ms N Pease (appointed Chairman on 27 April 2004), Sir George Russell, Mr N A H Fenwick, Sir Ian Gibson, Mr M J Queen (appointed 5 January 2005) and Sir Derek Wanless. Dr M W Ridley resigned from, and Sir David Chapman retired from, the Committee on 27 April 2004. Where appropriate, the Chairman and Chief Executive attend meetings of the Remuneration Committee by invitation of the Committee, save that they are absent when their own remuneration is under consideration. The Remuneration Committee operates within agreed terms of reference and has responsibility for making recommendations to the Board on the Group's general policy relating to executive remuneration. It also determines, on behalf of the Board, specific remuneration packages for the Chairman, the Executive Directors and the Management Board Directors, being the level of management immediately below the Board.

The Remuneration Committee meets regularly and takes advice from both inside and outside the Group on a range of matters, including the scale and composition of the total remuneration package payable in comparable financial institutions to people with similar qualifications, skills and experience.

The following persons provided advice or services that materially assisted the Remuneration Committee in its consideration of Directors' remuneration matters during the year:

- The Committee consulted the Chief Executive on matters relating to the remuneration of the other Executive Directors who report to him. The Chairman was also consulted in relation to the remuneration of all Executive Directors;
- Internal support was provided to the Remuneration Committee by the Company Secretary;
- Watson Wyatt LLP advised the Remuneration Committee on a range of issues including the benchmarking of Executive Directors' salaries and the Chairman's fee. In addition to providing this advice to the Remuneration Committee, Watson Wyatt LLP are consulting actuaries to the Company and advised on various pension issues;
- Inbucon Administration Ltd were responsible for preparing Total Shareholder Return calculations for the purposes of the Company's Long Term Incentive Plan and this Remuneration Report. Inbucon Administration Ltd did not provide other advice or services to the Company; and
- Freshfields Bruckhaus Deringer advised the Company on various share plan matters and compliance with the Directors' Remuneration Report Regulations. They are the Company's main legal advisor.

COMPLIANCE

The Group has complied with the Combined Code's provisions relating to Directors' remuneration throughout the year.

REMUNERATION POLICY FOR EXECUTIVE DIRECTORS

The Remuneration Committee believes that the continuing improvement in performance of Northern Rock depends on individual contributions made by the Executive Directors. For this reason, the remuneration policy is designed to provide competitive packages to motivate, reward and retain Executive Directors of high quality and to align their interests with those of shareholders.

The Board has adopted, on the recommendation of the Remuneration Committee, a remuneration policy with the objectives set out below. It is intended that this policy should continue to apply for 2005 and subsequent years:

(i) the remuneration packages for Executive Directors are designed to be competitive in terms of market practice;

(ii) performance-related remuneration should seek to align the interests of Executive Directors with those of the shareholders through the imposition of stretching corporate performance targets and the satisfaction of most short and longer term incentives in the form of shares; and

(iii) to motivate for future achievement, a significant proportion of remuneration should be based on operational and financial performance both in the short and long term together with the individual contribution made by the Executive Directors.

The Remuneration Committee regularly reviews all aspects of remuneration to ensure these remain appropriate. This report sets out the Company's policy on Executive Directors' remuneration for 2005 and, so far as practicable, for subsequent years. The inclusion in the report of remuneration policy in respect of years after 2005 is required by the Regulations. The Remuneration Committee is able to state its remuneration policy for 2005 with reasonable certainty, and this policy will continue in subsequent years unless changed by the Remuneration Committee. The Remuneration Committee considers that a successful remuneration policy needs to be sufficiently flexible to take account of future changes in the Company's business environment and in remuneration practice. Any changes in policy for years after 2005 will be described in future Directors' Remuneration Reports; such reports will continue to be subject to shareholder approval. All statements in this report in relation to remuneration policy for years after 2005 should be read in light of this paragraph.

ELEMENTS OF REMUNERATION

Remuneration comprises: basic salary, annual bonus, pension benefits and benefits in kind. In addition, Executive Directors and senior executives participate in certain share based incentive schemes, comprising the bonus matching plan, deferred share scheme and long term incentive plan. These share-based incentive schemes, and the annual bonus, are performance-related, and the Remuneration Committee regards them as a key element in the Executive Directors' remuneration package.

As a result of changes to the performance-related elements of remuneration in recent years (including, from 2005, the proposed imposition of a corporate performance condition on awards vesting under the bonus matching plan and deferred share scheme, and the increase in annual bonus potential as described below), the performance-related element of total potential remuneration has materially increased in recent years.

BASIC SALARY

The Committee's objective is that Executive Directors' basic salaries should be paid at an appropriate level to take account of both personal performance and of salaries within a comparator group of financial institutions. The Committee considers that exceptional performance, whether corporate or individual, should be rewarded through bonus and incentive schemes rather than basic salary.

Salaries are reviewed annually for each Executive Director, and revised salaries took effect from 1 January 2005 as follows:

A J Applegarth
£625,000 (2004 - £565,000)

D F Baker
£390,000 (2004 - £375,000)

R F Bennett
£390,000 (2004 - £375,000)

Mr A M Kuipers and Mr K M Currie were appointed to the Board on 5 January 2005, and their initial salaries were £270,000 each.

The revised salaries of the Executive Directors have been benchmarked against salaries paid for similar positions in banks in the FTSE 100 Index and for companies in positions 51 – 75 in the FTSE 100 Index.

During 2004 the Company's 13 Management Board Directors were paid salaries ranging from £90,000 to £215,000.

SHORT TERM BONUS SCHEME

Northern Rock operates a short term cash bonus scheme under which payments are made on an annual basis at the discretion of the Remuneration Committee. All of the Executive Directors and certain senior executives participate in this scheme.

This cash bonus scheme relates to year-on-year increases in the Group's pre-tax profit on ordinary activities, with increases in pre-tax profits generating a bonus payment equal to a percentage of salary. Only where there is an increase in adjusted like-for-like pre-tax profits will Executive Directors be eligible for a short term bonus. Every 1% increase in pre-tax profits generates a bonus payment equal to 5% of salary with a maximum of 75% of salary by way of bonus for 15% increase in profits (with a sliding scale between these points). Payment of one-third of the bonus will be subject to the Remuneration Committee's view of the participant's personal performance, and the remaining two-thirds relates to the performance of the business. The bonus payable is reduced by the value of shares appropriated under the all-employee Inland Revenue Approved Share Incentive Plan for the year, to the extent needed to ensure that the relevant bonus cap is not exceeded.

On this basis, the bonus earned in respect of 2004 was 65.15% of salary.

For 2005 the Remuneration Committee will continue to operate the cash bonus scheme on the basis described above however, following a careful review of bonus arrangements (and consideration of a review by Watson Wyatt LLP of comparator companies), whilst every 1% increase in pre-tax profits will continue to generate a bonus equal to 5% of salary, the bonus cap has been increased to 100% of salary for a 20% increase in profits.

BONUS MATCHING PLAN

Participants are also encouraged to identify with the interests of shareholders by investing some of their own funds in Northern Rock. Executive Directors (and other senior executives invited by the Remuneration Committee to participate) are entitled to elect for all or part of the after tax amount of their annual cash bonus to be used to acquire shares which will be held for a period of three years; alternatively they may elect to deposit their own shares with an aggregate value not exceeding the cash amount of the after tax bonus. The shares acquired or deposited will be eligible for additional "matched" shares at the end of the three-year period, provided the participant has remained an employee of the Group. The plan is designed to achieve one-for-one matching on an after tax basis. As the participant's shares are invested in the plan on an after-tax basis, but the matched shares only attract income tax and national insurance contributions if and when they are released from the plan, the number of matched shares is increased (by reference to tax rates at the time the matching shares are initially awarded) to reflect the fact that they will attract income tax and national insurance contributions if and when they are released. Entitlement to the matched shares will normally be lost if the participant leaves employment except in certain "good leaver" circumstances. For awards made in 2005 and in future years, the release of matched share awards will be dependent on the Group achieving average real EPS growth of 3% per annum over the three financial years pending their release. The imposition of this target is subject to shareholder approval at the Annual General Meeting on 26 April 2005.

For 2004 and previous years, the release of matched share awards was not dependent on satisfaction of a further performance condition because the value of matched share awards was derived from the annual bonus criteria and was therefore dependent on corporate performance.

The bonus matching plan was operated in respect of 2004, resulting in the share awards described on page 26. The Remuneration Committee will continue to operate it in respect of 2005 and future years.

The beneficial ownership of the matched shares transfers to the participant on the grant of an award. The matched shares will be forfeited if the participant ceases to be entitled to them except in certain "good leaver" circumstances. The participant will be entitled to any dividends paid on his matched shares during the restricted period.

DEFERRED SHARE SCHEME

Under a separate element of the short term bonus scheme, the Remuneration Committee may grant to Executive Directors and other executives who receive a cash bonus under that scheme an award of shares with a pre-tax value equal to the pre-tax value of his cash bonus. A participant who is granted an award must normally continue to hold these shares and remain an employee of the Group for a period of three years from the date of the award in order to retain the full number of shares so granted to him, although shares will be released earlier in certain "good leaver" circumstances. For awards made in 2005 and in future years, the release of any deferred share awards will be dependent on the Company achieving average real EPS growth of 3% per annum over the three financial years that the shares are held. The imposition of this target is subject to shareholder approval at the Annual General Meeting on 26 April 2005.

For 2004 and previous years, the release of deferred share awards was not dependent on satisfaction of a further performance condition because the value of deferred share awards was derived from annual bonus criteria and was therefore dependent on corporate performance.

This deferred share scheme was operated in respect of 2004 resulting in the share awards described on page 27. The Remuneration Committee will continue to operate the deferred share scheme in respect of 2005 and future years.

LONG TERM INCENTIVE PLAN

All Executive Directors and certain senior executives participate in a long term incentive plan ("LTIP"), which was approved by shareholders in 1998. Awards have been made in 1998 and each subsequent year thereafter. The plan involves the grant of share awards, which can only be released if demanding performance targets are achieved and if the participant remains in employment, except in certain "good leaver" circumstances. The number of shares comprised in an award is calculated by reference to a percentage of salary, with the maximum award of shares being 100% of salary.

Performance is measured over a three year period on the basis of total shareholder return ("TSR"), comparing the Company's performance to that of the companies in an appropriate index at the date of an award. The Remuneration Committee has decided that, for awards in 2005 and future years, the FTSE 100 Index will be used. For previous awards, the FTSE 350 Index was used because at the time the LTIP was approved in 1998, the Company's market capitalisation placed it around the mid-point of the constituents of that index. The Company joined the FTSE 100 Index in September 2001. The extent to which an award is realisable depends on the Company's ranking in this comparison. Awards are released on a sliding scale between median and top quartile performance with 25 per cent of an award being released for median performance and 100 per cent of the award being released for a ranking within the top quartile. If the Group's performance is below the median, none of the shares in an award will vest. There is no re-testing of targets.

There is also an earnings per share threshold, which requires that the Group's earnings per share growth over the three year period must exceed the growth in the UK Retail Prices Index by an average of at least 3% per annum. This performance condition is designed to ensure that the vesting level of LTIP awards is dependent on satisfactory year-on-year financial performance as well as above-median TSR ranking.

The LTIP was operated in 2004, resulting in the share awards set out in the table on page 28. The Remuneration Committee will continue to operate it for Executive Directors in 2005 and future years. A separate share scheme, in substantially the same terms as the LTIP, has been adopted by the Remuneration Committee and is extended to 33 executives. This is also now subject to the FTSE 100 performance target. Executive Directors are not eligible to participate in this scheme, and awards under it will be satisfied with existing shares only.

ALL-EMPLOYEE SHARE SCHEMES

Executive Directors are eligible to participate in the Company's all-employee share schemes on the same terms as other employees. These schemes comprise:

(i) the Sharesave Scheme, a savings-related share option scheme available to all employees. This scheme operates within specific tax legislation (including a requirement to finance exercise of the option using the proceeds of a monthly savings contract), and exercise of the option is not subject to satisfaction of a performance target;

(ii) the Employee Share Option Scheme, an Inland Revenue approved share option scheme under which options have been granted to substantially all employees. Under this scheme the aggregate exercise value of unexercised options may not exceed £30,000. Options under this scheme may not be exercised unless real earnings per share of the Company has grown by more than 2% over the life of the option. This performance condition is designed to ensure that the exercisability of options is dependent on satisfactory year-on-year financial performance on a sustained basis; and

(iii) the Share Incentive Plan ("SIP"), under which the maximum value of free shares awarded to employees cannot exceed £3,000. The value of share awards under this scheme is dependent on the Group's profits. The SIP operates within specific tax legislation. Any payment made under the SIP together with any amount payable under the short term cash bonus scheme may not exceed the overall bonus cap from time to time.

The Remuneration Committee is satisfied that these schemes constitute a well considered overall plan for Executive Directors' and senior executives' long-term remuneration. These schemes are kept under regular review, to take account of changing circumstances. Bonus and share incentive scheme payments are not taken into account for pension purposes. It should be noted that the Executive Directors elected not to participate in the last two grants made under the Employee Share Option Scheme, namely those made in 2002 and 2005.

PENSION BENEFITS

The following section describes the pension arrangements currently in force for the Executive Directors. These arrangements will be affected by changes to the tax treatment of the current UK pension regime contained in the Finance Act 2004. The Remuneration Committee is currently reviewing appropriate actions to take in response to these changes and will report on the outcome next year.

It is the intention of the Committee that changes in pensions legislation expected to commence in 2006 will not increase the Directors' actuarial pension cost.

Each of the Executive Directors currently participates in the Northern Rock Pension Scheme, a contributory pension scheme which provides a pension of up to two-thirds of pensionable salary on retirement, dependent upon service. On death in service the scheme also provides for a dependent's pension and a lump sum of four times basic salary. This pension and life assurance is provided from the scheme (to the extent permitted by legislation) and otherwise from separate arrangements.

The normal retirement age under the pension scheme is 60 which enables members to achieve the maximum pension of 2/3rds of their salary at normal retirement age after 40 years service.

For death before retirement whilst in service, a capital sum equal to four times the annual rate of basic earnings, excluding Director's fees, is payable, plus a return of member's contributions. In addition, a pension of 50% of the member's prospective pension at the age of 60, based on pensionable earnings at death, is payable to a surviving spouse providing the couple were married before retirement. On death before retirement after leaving the scheme, a benefit of 50% of the member's deferred pension, re-valued to the date of death, is payable to a surviving spouse. For death in retirement, a spouse's pension of 50% of the member's pre-commutation pension is payable. In certain circumstances a children's allowance is payable, usually up to the age of 18 (or up to the age of 21 if they are in full-time education).

Subject to the Trustees' approval, early retirement may be granted from the age of 50, or at any age due to ill-health. The pension is calculated at the date of retirement based on accrued pensionable service and final pensionable earnings at that date. The pension will then be actuarially reduced to take account of early payment by an amount of 0.25% for each complete month before normal retirement date. The Company and the Trustees have agreed that if Mr A J Applegarth or Mr D F Baker (having attained age 55) retire with the consent of the Company they will receive immediate payment of their accrued pension without the application of an actuarial reduction. If Mr Applegarth or Mr Baker elect to retire after attaining the age of 55 without the consent of the Company they will receive an immediate pension being the accrued deferred pension reduced by 3% for each year or proportionate part thereof by which retirement precedes age 60.

Post retirement increases to pensions arising from membership of the defined benefit scheme are guaranteed each year at the rate of 3% per annum compound, subject to any guaranteed minimum pension. Pension benefits accrued after 5 April 1997 are guaranteed to increase in line with inflation, to a maximum of 5% per annum.

In addition to the normal scheme increases, and subject to the defined benefit scheme fund having adequate resources, the Trustees may award further discretionary increases each April.

Members of the scheme have the option to pay additional voluntary contributions to secure additional benefits within regulatory limits, to which the Company does not contribute.

The Company also operates an unapproved unfunded arrangement for Mr Bennett (which is provided for in the Company's accounts and maintains pension entitlement from previous employment) to provide additional benefits to the main scheme. The unfunded arrangement is designed to ensure that the individual (or his spouse) will receive the level of pension benefit in respect of his eligible earnings in excess of the pensions "earnings cap", currently £102,000 (2003/04 - £99,000) per annum, which are not pensioned by the Northern Rock Pension Scheme. Mr Bennett contributes 5% of his basic salary including those earnings in excess of the earnings cap. Mr Bennett's pension will accrue at the rate of 1/36th of pensionable earnings for each year (and pro rata for each part year) of pensionable service from 1 November 1993 (date joined pension scheme). In addition, all pension calculations shall include pensionable service brought forward from previous employers of 19 years 5 months at a rate of accrual of 1/60th per annum and 5 years 1 month at a rate of accrual of 1/36th per annum.

The total of the pension provided for Mr Bennett at normal retirement date or at any age after his 55th birthday, where the retirement is by mutual consent or at the Company's request, shall be the maximum of two thirds of his uncapped final pensionable earnings. If retirement occurs prior to age 60 without the consent of the Company, he may elect to receive an immediate pension being the accrued deferred pension with a maximum of two thirds of his uncapped final pensionable earnings reduced by 3% for each year (and proportionate for each part thereof) by which retirement precedes age 60. The aggregate of pension increases to be provided whether in deferment or in payment shall be the greater of 5% per annum or RPI, subject to any guaranteed minimum pension and the increases as granted by the Trustees of the scheme inclusive of any discretionary increases.

Should Mr Bennett die in service or in receipt of benefits under the Company's Permanent Health Insurance Scheme prior to age 60, a lump sum shall be paid of four times his earnings at death plus a return of his contributions. In addition, if he leaves a surviving spouse she shall receive a pension of four ninths of his uncapped final pensionable earnings. Any child or children under the age of 25 receiving full-time education would receive an allowance of one half of the entitlement of the surviving spouse. Should Mr Bennett die whilst in receipt of a pension prior to age 60, a lump sum of four times his earnings at retirement shall be payable. On death in receipt of a pension, any surviving spouse would receive a pension of two thirds of the pension Mr Bennett would have been receiving at death, ignoring any pension commuted for a tax free cash sum.

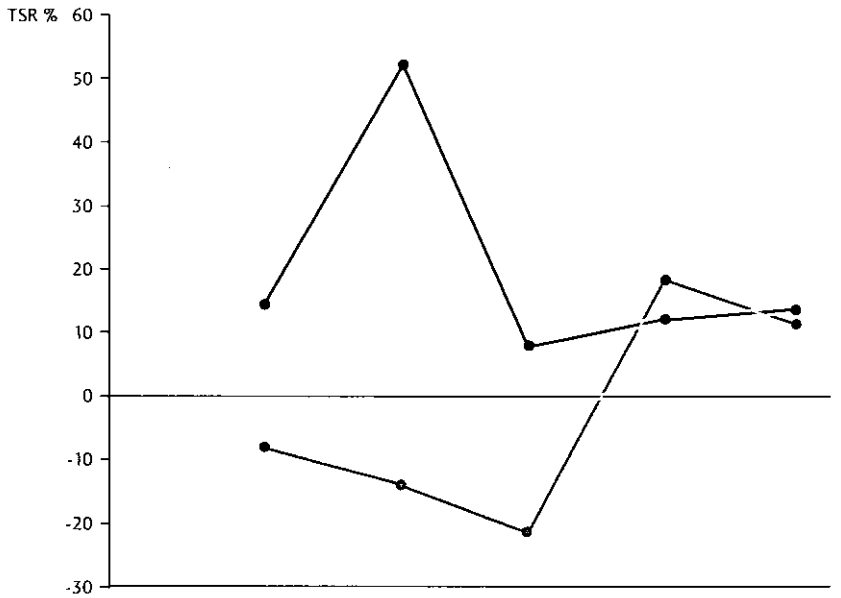
Any income tax or other related tax due on the Company's contribution to the unfunded arrangement which, under an uncapped arrangement, would not have been paid by Mr Bennett, will be borne by the Company up to two thirds of the contribution amount. In addition, any income tax or related tax due on the cash sum commutation will be borne by the Company up to two thirds of the commutation amount.

BENEFITS IN KIND

Each Executive Director is provided with company car and medical insurance benefits. The Executive Directors had as employees of Northern Rock Building Society (or in the case of Mr K M Currie and Mr A M Kuipers as employees of the Company prior to their appointment as Directors), entitlement to participate in a concessionary mortgage scheme at the discretion of the Board. No further new loans may be made under the scheme following conversion to plc status, but existing loans are not affected.

POLICY ON EXECUTIVE DIRECTORS' SERVICE CONTRACTS

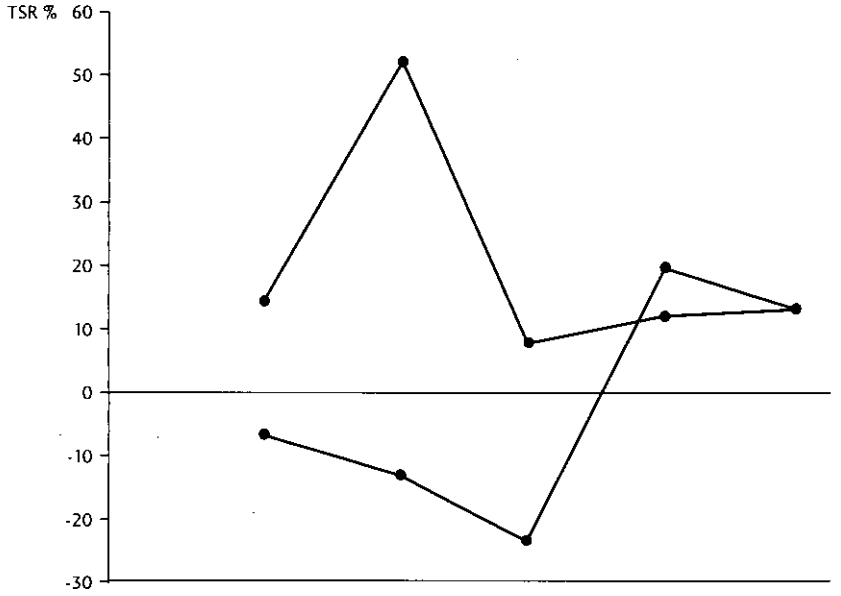
It is the policy of the Company that Executive Directors' service contracts can be terminated by 12 months' notice given to an Executive Director at any time. Each Executive Director can terminate his employment by giving 6 months' notice. All of the Executive Directors' contracts may be terminated immediately by Northern Rock either with (for Mr D F Baker and Mr R F Bennett) the payment of liquidated damages equal to 12 months' salary and the value of annual bonus and benefits or (for Mr A J Applegarth, Mr A M Kuipers and Mr K M Currie) a payment in lieu of notice equal to such amount. Mr Applegarth, Mr Baker and Mr Bennett would, in the event of a change of control of Northern Rock, be entitled to terminate employment and receive a liquidated damages payment calculated on the same basis. The terms of reference of the Remuneration Committee make it clear that the Remuneration Committee seeks, in appropriate circumstances to mitigate the amount of termination payments made to Executive Directors.



POLICY ON EXTERNAL NON-EXECUTIVE DIRECTORSHIPS HELD BY EXECUTIVE DIRECTORS

Executive Directors are permitted to hold one external non-executive directorship unrelated to the Company's business, provided that the time commitment is not material. Executive Directors are permitted to retain any fees arising from such a non-executive directorship. On this basis, Mr R F Bennett is a Non-Executive Director of Greggs plc, and Mr Bennett was entitled to fees of £28,000 from that company in respect of 2004.

PERFORMANCE GRAPHS



The performance graphs set out below illustrate the Group's Total Shareholder Return ("TSR") performance over the preceding five years, 2000 to 2004, compared with that of the FTSE 100 Index of which Northern Rock has been a constituent since September 2001, and that of the FTSE 350 Index of which Northern Rock was a constituent prior to September 2001. The FTSE 350 Index has been included because members of this index comprise the comparator group for long term incentive plan purposes for 2004 and prior. The performance graphs have been prepared in accordance with the Regulations.

FTSE 100

	2000 (%)	2001 (%)	2002 (%)	2003 (%)	2004(%)
Northern Rock	+14	+51	+8	+12	+13

FTSE 350

	2000 (%)	2001 (%)	2002 (%)	2003 (%)	2004(%)
Northern Rock	+14	+51	+8	+12	+13
FTSE 350	-6	-13	-23	+20	+13

SERVICE CONTRACTS

Mr A J Applegarth is employed under a service contract with the Company dated 1 March 2001. Mr Applegarth's current annual salary is £625,000, and he is entitled under the contract to participation in the Company's bonus scheme, a company car (or allowance in lieu), membership of the Company's pension scheme, life assurance cover equal to four times salary, permanent health insurance, private medical insurance cover and the continuation of a mortgage at a concessionary rate (which was granted before the Company's conversion to plc status). Mr Applegarth's contract is for an indefinite term ending automatically on his retirement date (age 60), but may be terminated by 12 months notice given by the Company and 6 months notice given by Mr Applegarth. The Company may at its discretion elect to terminate the contract by making a payment in lieu of notice equal to:

(i) 100 per cent of basic annual salary;

(ii) the amount of annual bonus paid in respect of the preceding financial year; and

(iii) the annual cost to the Company of providing pension and all other benefits to which Mr Applegarth is entitled under his contract.

In addition, Mr Applegarth may elect to terminate the contract on one month's notice given within six months following a change of control of the Company. In these circumstances, Mr Applegarth would become entitled to a lump sum payment equal to the aggregate of:

(i) 100 per cent of basic annual salary;

(ii) the amount of annual bonus paid in respect of the preceding financial year; and

(iii) the annual cost to the Company of providing pension and all other benefits specified in his service contract.

Mr R F Bennett is employed under a service contract with the Company dated 26 August 1997, which was amended by a

supplemental agreement dated 12 March 1998. Mr Bennett's current annual salary is £390,000. He is entitled to the same benefits as those specified above in relation to Mr Applegarth, save that Mr Bennett is entitled to special pension arrangements which are described on page 22.
Mr Bennett's contract is for an indefinite term ending automatically on his retirement date (age 60), but may be terminated by 12 months' notice given by the Company and 6 months' notice given by Mr Bennett. The Company may at its discretion elect to terminate the contract early by making a payment of liquidated damages calculated in the manner set out above in relation to Mr Applegarth's post-change of control liquidated damages entitlement.

In the event of a change of control of the Company, Mr Bennett may elect to terminate the contract and receive a lump sum payment calculated in the manner set out above in relation to Mr Applegarth.

Mr D F Baker is employed under a service contract with the Company dated 26 August 1997, which was amended by supplemental agreements dated 12 March 1998 and 1 July 1999. Mr Baker's current annual salary is £390,000. He is entitled to the same benefits as those specified above in relation to Mr Applegarth (save that Mr Baker has repaid the mortgage awarded to him before the Company's conversion to plc status, and is not entitled to a further mortgage on concessionary terms).
Mr Baker's contract is for an indefinite term ending automatically on his retirement date (age 60), but may be terminated by 12 months' notice given by the Company and 6 months' notice given by Mr Baker.
The Company may elect to terminate the contract by making a payment of liquidated damages calculated in the manner set out above in relation to Mr Bennett. In the event of a change of control of the Company, Mr Baker may elect to terminate the contract and receive a lump sum payment calculated in the manner set out above in relation to Mr Applegarth.

Mr K M Currie and Mr A M Kuipers are each employed under service contracts with the Company, dated 5 January 2005. Their current annual salaries are £270,000, and they are entitled under the terms of their contracts to participate in the Company's bonus scheme, to receive a company car and expenses (or a monthly car allowance), membership of the Company's pension scheme, life assurance cover equal to four times basic salary and the continuation of a concessionary mortgage (which was granted to them before they became directors of the Company). Their contracts are for an indefinite term ending automatically on their retirement (age 60). The contracts may however be terminated by 12 months' notice given by the Company and six months' notice given by the Directors.

The Company may at its discretion elect to terminate Mr Currie's and Mr Kuipers' contracts by making a payment in lieu of notice equal to:

(i) 100 per cent of basic salary;

(ii) the amount of annual bonus paid in respect of the preceding financial year; and

(iii) the annual cost to the Company of providing pension and all other benefits to which they are entitled under their contracts.

The payment in lieu of notice payments may be made in phased instalments at the Company's discretion.

REMUNERATION OF THE CHAIRMAN AND NON-EXECUTIVE DIRECTORS

The remuneration of the Chairman is determined by the Remuneration Committee and that of the other Non-Executive Directors is determined by the Board as a whole, on the basis of external independent advice.

The Chairman's annual fee is £150,000. The Senior Independent Non-Executive Director's annual fee is £49,500. Non-Executive Directors receive an annual fee of £28,500. The fee payable for membership of each of the Audit, Nomination, Risk and Remuneration Committees is £2,500 or, where a Non-Executive Director is chairman of a Board Committee, the additional annual fee payable to them is £12,500.

Subject to shareholder approval at the Annual General Meeting of an increase in the aggregate cap on fees payable to Non-Executive Directors, with effect from 26 April 2005:

(a) the Chairman's annual fee will be increased to £250,000;

(b) the Senior Independent Non-Executive Director's annual fee will be increased to £55,000;

(c) the Non-Executive Directors' annual fee will be increased to £40,000;

(d) the annual fee payable for membership of each of the Audit, Nomination, Risk and Remuneration Committees will be increased to £3,500; and

(e) where a Non-Executive Director is chairman of a Board Committee, the additional annual fee payable will be increased to £13,000.

These proposed revised fees for the Chairman and Non-Executive Directors were determined after consideration of a report by Watson Wyatt LLP on the fees paid for similar roles at banks in the FTSE 100 Index, and for Companies positioned 51-75 in the FTSE 100 Index.

The Chairman and Non-Executive Directors serve the Company under letters of appointment, which are terminable by the Company at any time without liability for compensation; they do not have service contracts. The Chairman and Non-Executive Directors are entitled to fees from the Group and it is the Group's policy that they do not participate in bonus, incentive or pension schemes. However, Sir George Russell, who also served on the Board of Northern Rock Building Society, (see page 25) is a deferred member of a non-contributory pension scheme established by Northern Rock Building Society under which pension entitlement accrued for each complete year of qualifying service subject to a maximum of 60% of qualifying fees. This scheme ceased to accrue benefits after 30 June 1997.

INFORMATION SUBJECT TO AUDIT

The information set out below in the remainder of the Directors' Remuneration Report has been subject to audit as required by Part 3 of Schedule 7A of the Companies Act 1985.

DIRECTORS' INDIVIDUAL REMUNERATION

Details of Directors' individual remuneration is set out below:

Non-Executive Directors	**2004**	2003
	£000	£000
Dr M W Ridley (Chairman)	**127**	77
N A H Fenwick	**36**	5
Sir Ian Gibson	**38**	36
N Pease	**43**	36
Sir George Russell*	**53**	46
Sir Derek Wanless	**51**	36
Sir John Riddell, Bt.(retired 27 April 2004)	**50**	150
Sir David Chapman, Bt. (retired 27 April 2004)	**12**	36
	410	422

*Sir George Russell is a deferred member of the Northern Rock Building Society non-contributory pension scheme, which ceased to accrue benefits after 30 June 1997. This deferred pension commences on retirement as a Non-Executive Director or 25 October 2005, whichever is earlier and for 2004 was valued at £11,470 (2003 £10,771). In line with the scheme rules this will increase to £12,229 per annum in October 2005.

Executive Directors	**Chief Executive**	**Chief Operating Officer**	**Group Finance Director**	
	A J Applegarth	**D F Baker**	**R F Bennett**	**Total**
	£000	**£000**	**£000**	**£000**

Total remuneration	919	613	613	2,145
Non cash benefits	13	10	17	40
Total emoluments	932	623	630	2,185

There were no payments by the Company during the financial year for compensation for loss of office or payments in connection with the termination of qualifying services.

There were no amounts paid to the Executive Directors in respect of their qualifying services by way of expenses allowance that was chargeable to UK income tax.

The nature of the non-cash benefits is set out on page 22.

BONUS MATCHING PLAN

Details of the Ordinary Shares over which the Directors have conditional rights under the bonus matching plan by year of grant are as follows:

Rights under bonus matching plan

	Date granted	Rights held under plan at 31 Dec 03	Rights granted during 2004	Market price of each share on date of grant £	Rights released during 2004	Rights held under plan at 31 Dec 04	Date of end of qualifying period
A J Applegarth	Feb 01	18,663	-	4.65	(18,663)	-	-
	Jan 02	23,723	-	6.66	-	23,723	Jan 05
	Jan 03	52,253	-	6.10	-	52,253	Jan 06
	Jan 04	-	53,208	7.40	-	53,208	Jan 07
D F Baker	Feb 01	19,658	-	4.65	(19,658)	-	-
	Jan 02	21,621	-	6.66	-	21,621	Jan 05
	Jan 03	38,728	-	6.10	-	38,728	Jan 06
	Jan 04	-	35,472	7.40	-	35,472	Jan 07
R F Bennett	Feb 01	22,273	-	4.65	(22,273)	-	-
	Jan 02	21,621	-	6.66	-	21,621	Jan 05
	Jan 03	38,728	-	6.10	-	38,728	Jan 06

L P Finn (former Director)	Feb 01	35,433	-	4.65	(35,433)	-	-

The value of these awards is being charged to the profit and loss account over the three year period to which they relate. In 2004 £718,646 was charged to the profit and loss account (2003 £561,246).

Further awards were granted on 28 January 2005 at £7.73 per share as follows:

A J Applegarth	47,618
D F Baker	31,605
R F Bennett	31,605
K M Currie (appointed 5 January 2005)	18,120
A M Kuipers (appointed 5 January 2005)	18,120

Rights vested under bonus matching plan during 2004

	Number of ordinary shares	Date on which rights awarded	Market price of each share at award date £	Vesting date	Market price of each share at vesting date £
A J Applegarth	18,663	Feb 01	4.65	Feb 04	7.40
D F Baker	19,658	Feb 01	4.65	Feb 04	7.40
R F Bennett	22,273	Feb 01	4.65	Feb 04	7.40
L P Finn (former Director)	35,433	Feb 01	4.65	Feb 04	7.40

Rights were released in January 2005 at £7.73 per share as follows:

A J Applegarth	23,723
D F Baker	21,621
R F Bennett	21,621
K M Currie (appointed 5 January 2005)	9,383
A M Kuipers (appointed 5 January 2005)	9,383

There were no variations made in the terms and conditions of the Scheme interests during 2004.

The value of the bonus matching award is derived from the annual bonus criteria (relating to the year on year increases in the Group's pre-tax profits on like-for-like ordinary activities) and is therefore dependent on corporate performance. The release of bonus matching share awards at the end of the three year restricted period is not dependent on satisfaction of a further performance condition. For awards in 2005 and subsequent years, subject to shareholder approval at the 2005 AGM, the value of any bonus matching share awards will be dependent on the Group achieving real EPS growth of 3% per annum over the three years prior to their release.

DEFERRED SHARE SCHEME

Details of the Ordinary Shares over which the Directors have conditional rights under the deferred share scheme by year of grant are as follows:

	Date of grant	Rights held under the plan at 31 Dec 03	Rights granted during 2004	Market price of each share on date of grant £	Rights released during 2004	Rights held under the plan at 31 Dec 04	Date of end of qualifying period
A J Applegarth	Feb 01	19,658	-	4.65	(19,658)	-	-
	Jan 02	27,778	-	6.66	-	27,778	Jan 05
	Jan 03	52,254	-	6.10	-	52,254	Jan 06
	Jan 04	-	53,208	7.40	-	53,208	Jan 07
D F Baker	Feb 01	19,658	-	4.65	(19,658)	-	-
	Jan 02	21,622	-	6.66	-	21,622	Jan 05
	Jan 03	38,730	-	6.10	-	38,730	Jan 06
	Jan 04	-	35,472	7.40	-	35,472	Jan 07
R F Bennett	Feb 01	22,273	-	4.65	(22,273)	-	-
	Jan 02	21,622	-	6.66	-	21,622	Jan 05
	Jan 03	38,730	-	6.10	-	38,730	Jan 06
	Jan 04	-	35,472	7.40	-	35,472	Jan 07

The value of these awards is being charged to the profit and loss account over the three year period to which they relate. In 2004 £727,662 was charged to the profit and loss account (2003 £571,805).

Further awards were granted on 28 January 2005 at £7.73 per share as follows:

A J Applegarth	47,618
D F Baker	31,605
R F Bennett	31,605
K M Currie (appointed 5 January 2005)	18,120
A M Kuipers (appointed 5 January 2005)	18,120

Rights vested under deferred share scheme during 2004

	Number of ordinary shares	Date on which rights awarded	Market price of each share at award date £	Vesting date	Market price of each share at vesting date £
A J Applegarth	19,658	Feb 01	4.65	Feb 04	7.40
D F Baker	19,658	Feb 01	4.65	Feb 04	7.40
R F Bennett	22,273	Feb 01	4.65	Feb 04	7.40

There were no variations in the terms and conditions of the scheme interests during 2004.

Rights were released in January 2005 at £7.73 per share as follows:

A J Applegarth	27,778
D F Baker	21,622
R F Bennett	21,622
K M Currie (appointed 5 January 2005)	9,384
A M Kuipers (appointed 5 January 2005)	9,384

The value of any deferred share award is derived from annual bonus criteria (relating to year on year increases in the Group's pre-tax profits on like-for-like ordinary activities) and is therefore dependent on corporate performance. The release of deferred share awards at the end of the three year restricted period is not dependent on satisfaction of a further performance condition. For awards in 2005 and subsequent years, subject to shareholder approval at the 2005 AGM, the value of any deferred share awards will be dependent on the Group achieving average real EPS growth of 3% per annum over the three years prior to their release.

LONG TERM INCENTIVE PLAN

Details of the Ordinary Shares over which the Directors have conditional rights under the long term incentive plan by year of grant are as follows:

Rights under long term incentive plan

	Date granted	Rights held under plan at 31 Dec 03	Rights granted during 2004	Market price of each share on date of grant £	Rights released during 2004	Rights held under plan at 31 Dec 04	Date of end of performance period

	Jan 04	-	50,676	7.40	-	50,676	Jan 07
L P Finn (former Director)	Feb 01	26,746	-	4.65	(26,746)	-	-

Rights vested during 2004

	Number of ordinary shares	Date on which rights awarded	Market price of each share at award date £	Vesting date	Market price of each share at vesting date £
A J Applegarth	44,516	Feb 01	4.65	Feb 04	7.40
D F Baker	44,516	Feb 01	4.65	Feb 04	7.40
R F Bennett	50,436	Feb 01	4.65	Feb 04	7.40
L P Finn (former Director)	26,746	Feb 01	4.65	Feb 04	7.40

The value of conditional awards is charged to the profit and loss account over the three year performance period to which they relate after taking account of the probability of performance criteria being met. In 2004 £879,251 was charged to the profit and loss account (2003 £874,716).

The gross awards granted in 2002 shown above, matured in January 2005 and led to the release at £7.73 per share of 72.7% of shares originally awarded. Subject to the performance criteria being met, other awards may be exercised during the three month period commencing on the third anniversary of the award dates. The awards will lapse if they are not exercised during these times.

Further awards were granted on 28 January 2005 at £7.73 per share as follows:

A J Applegarth	80,854
D F Baker	50,453
R F Bennett	50,453
K M Currie (appointed 5 January 2005)	34,929
A M Kuipers (appointed 5 January 2005)	34,929

There were no variations made in the terms and conditions of the plan interests during 2004. The number of shares comprised in an award is calculated by reference to a percentage of salary, up to a maximum of 100% of salary. Shares may only be released if demanding performance targets are achieved and if the participant remains in employment, except in certain "good leaver" circumstances. In relation to awards granted in 2004 and previous years, performance is measured over a three year period on the basis of Total Shareholder Return, comparing the Company's performance to that of the other companies in the FTSE 350 Index at the date of the award. For awards in 2005 and subsequent years, the Company's Total Shareholder Return will be compared to that of other companies in the FTSE 100 Index at the date of the award. See page 20 for further details.

PENSIONS

Set out below are details of the pension benefits to which each of the Executive Directors is entitled.

	Age at 31 Dec 04	Years & months of service at 31 Dec 04	Accrued pension entitlement at 31 Dec 04 (Per Annum) £	Accrued pensiom entitlement at 31 Dec 03 (Per Annum) £	Additional pension entitlement earned in year £	Additional pension entitlement earned in year (in excess of inflation) £
A J Applegarth	42	21 years 2 months	199,319	176,458	22,861	17,920
D F Baker	51	27 years 7 months	195,833	176,458	19,375	14,434
R F Bennett	57	11 years 2 months	250,000	233,333	16,667	10,133

	Transfer value of accrued pension entitlement at 31 Dec 04 £	Transfer value of accrued pension entitlement at 31 Dec 03 £	Increase in transfer value less Directors' contributions £	Transfer value of increase in accrued pension entitlement in excess of inflation (less Directors' contributions) £
A J Applegarth	1,471,285	1,216,374	226,661	103,438
D F Baker	2,368,096	1,979,205	370,141	155,450
R F Bennett	4,415,009	3,789,807	606,452	160,582

The accrued pension entitlement is the amount that the Director would receive if he retired at the end of the year. The increase in the accrued pension entitlement is the difference between the accrued pension entitlement at the year end and that at the previous year end. The Listing Rules also require this to be disclosed excluding inflation.

All transfer values have been calculated on the basis of actuarial advice in accordance with Actuarial Guidance Note GN11. The transfer values of the accrued pension entitlement represent the value of assets that the pension scheme would need to transfer to another pension provider on transferring the scheme's liability in respect of the Directors' pension benefits. They do not represent the sums payable to individual Directors and, therefore, cannot be added meaningfully to annual remuneration.

The increase in the transfer value less Directors' contributions is the increase in the transfer value of the accrued pension entitlement during the year after deducting the Director's personal contributions to the scheme.

The transfer value of the increase in accrued pension entitlement, required by the Listing Rules, discloses the current value of the increase in accrued pension entitlement (excluding inflation) that the Director has earned in the period, whereas the change in his transfer value, required by the Companies Act, discloses the absolute increase or decrease in transfer values and thus includes the change in value of the accrued pension entitlement that results from market volatility affecting the transfer value over the year, as well as the value of the additional accrued pension entitlement earned in the year.

Including Mr R F Bennett's unfunded arrangement he has an estimated accrued annual pension entitlement at 31 December 2004 of £250,000. This is based on his total pensionable service of 11 years 2 months and his pensionable service of 19 years 5 months at the rate of accrual of 1/60th per annum and 5 years 1 month at the rate of accrual of 1/36th and his pensionable earnings above the earnings cap. The contributions cost during the year in respect of this unfunded arrangement amounted to £84,862 for the Company and £13,688 for Mr Bennett.

DIRECTORS' INTERESTS IN SHARES

The following Directors held a beneficial interest in the Company's Ordinary Shares:

				Contingent interests		
	At 22 Feb 05	At 31 Dec 04 (or date of appointment)	At 31 Dec 03	At 22 Feb 05	At 31 Dec 04 (or date of appointment)	At 31 Dec 03

A M Kuipers (appointed 5 January 2005)	37,641	31,678		217,811	187,031	

Contingent interests represent Ordinary Shares over which the Directors have conditional rights under the bonus matching plan, the deferred share scheme and the long term incentive plan which is subject to stringent performance criteria being met as described above. Contingent interests on 22 February 2005 includes awards made since 31 December 2004 under the bonus matching plan, the deferred share scheme and the long term incentive plan for periods commencing on or after 1 January 2004.

DIRECTORS' SHARE OPTIONS

Movements in options to subscribe for Ordinary Shares in the Company in which the Directors have an interest during the period 1 January 2004 to 31 December 2004 are as follows:

	Option type	At 31 Dec 03	Exercised in 2004	Exercise price £	At 31 Dec 04 (or date of appointment)	Date from which first exercisable	Expiry date
A J Applegarth	Sharesave 2	7,848	-	2.15	7,848	1 May 05	1 Nov 05
	Share Option Scheme	4,854	(4,854)	6.18	-	-	-
D F Baker	Sharesave 2	7,848	-	2.15	7,848	1 May 05	1 Nov 05
	Share Option Scheme	4,854	(4,854)	6.18	-	-	-
R F Bennett	Sharesave 3	1,580	-	5.98	1,580	1 May 06	1 Nov 06
K M Currie	Sharesave 2			2.15	7,848	1 May 05	1 Nov 05
(appointed	Share Option Scheme			6.18	4,854	1 Jun 01	1 Jun 08
5 January 2005)							
A M Kuipers	Sharesave 2			2.15	8,546	1 May 07	1 Nov 07
(appointed							
5 January 2005)							

For each unexercised option at the end of the year, the market price of each share at 31 December 2004 was £7.815, the highest market price during the year was £7.94 (20 December 2004) and the lowest market price during the year was £6.865 (11 August 2004).

On 30 January 2004 A J Applegarth and D F Baker each exercised and sold 4,854 Share Option Scheme shares at a price of £7.40.

The specific individual interests of Executive Directors are shown in the tables above. In addition the Directors are deemed to have an interest in shares held by Trusts for various executive and other employee share schemes at 31 December 2004 as follows:

(i) Northern Rock Employee Trust holds 5,779,139 shares (31 December 2003 – 6,433,225 shares);

(ii) Northern Rock Qualifying Employee Share Ownership Trust holds 2,054,261 shares (31 December 2003 – 2,056,063 shares); and

(iii) Northern Rock Trustees Limited holds 511,241 shares (31 December 2003 – 749,729 shares).

No Executive Director option terms were varied during 2004 and no price was paid for any of the options in the table, other than the all employee Sharesave Scheme, where each Director paid £250 per month.

Options listed in the table above are Inland Revenue approved schemes. The Employee Share Option Scheme was subject to an EPS target which was met in 2004. Options under the Sharesave Scheme do not have any performance conditions.

Nichola Pease
Chairman, Remuneration Committee
22 February 2005

REPORTING

The Company's website contains detailed information on corporate, social and environmental activities and is our main reporting medium. Updated quarterly, the website contains reports from current and previous years. A hard copy summary of significant events and achievements during 2004 has been produced and is available on request from the Company Secretary. Northern Rock's approach to managing Corporate Social Responsibility (CSR) issues and some notable aspects of 2004 performance are outlined here.

MANAGEMENT OF CSR

The Chief Operating Officer provides Board level representation and leadership of CSR.

Development and implementation of our CSR Policy is now carried out by six working groups made up of senior staff from across the Company. A launch event was held on formation of the groups, led by the Chief Operating Officer, setting out the corporate approach and aims for CSR.

A CSR Department co-ordinates and monitors operational activities and reporting on CSR.

ENGAGEMENT

We continued our engagement with stakeholders and research organisations although this is an area where we need to be selective to ensure effective use of resources.

Contractor evaluation systems were developed further to ensure that our working partners operate to acceptable standards.

GOVERNANCE AND ACCOUNTABILITY

Northern Rock's approach to compliance with the Combined Code was delivered in a presentation to shareholders by the Chairman which was broadcast on our website.

CSR risks were reviewed as part of the formal corporate risk management process and are included in our operational risk monitoring and reporting systems.

BUSINESS ETHICS AND HUMAN RIGHTS

Our Code of Conduct was reviewed and the revised version published on the Company's website.

Existing training on awareness and prevention of money laundering was supplemented by refresher training for senior management.

The Company reviewed its obligations under public interest disclosure, strengthening the policy to protect staff in the event of 'whistle blowing'.

WORKPLACE

We continued to demonstrate pro-active and sustained commitment to equality in employment, working with various organisations to provide opportunities for individuals from diverse groups and ensure our workforce is representative of the community. Specific initiatives included increasing the numbers of disabled staff, assisting the long-term unemployed to find work, support for refugee programmes, ensuring best practice in diversity and racial equality and support for the Age Positive Campaign.

Worklife Balance activities were geared towards improved flexibility and the move away from core hours. Lifestyle working extends to all graded staff, including managers.

Training and education remain key features of staff development and in 2004 we carried out the largest training exercise we have ever undertaken, delivering a Customer Service training programme to all staff, led by the Chief Executive and Chief Operating Officer.

We supported the Government sponsored National Learning Day by holding our own Learning Week, with activities available to all staff. Personal development was further encouraged through wider availability of e-learning materials.

In Health and Safety, we implemented a new management system, focusing on key risk areas. Progress was tested by participation in the Corporate Health and Safety Performance Index (CHASPI) pilot exercise, where we recorded sector-leading results.

MARKETPLACE

Affordability of loans for customers is a key aspect of responsible lending. Enhanced procedures for the certification of affordability were introduced and are followed by our sales force and intermediaries.

A programme of work continued to ensure that we comply with all relevant aspects of the Disability Discrimination Act.

Surveys of customers who transferred to Northern Rock on our acquisition of Legal & General Bank in 2002, continued in 2004, with positive results recorded.

More detailed information on our Marketplace activities is set out in the Operating and Financial Review.

COMMUNITY

The annual donation of 5% of pre-tax profits to The Northern Rock Foundation is the biggest single contribution we make to the communities in which we operate. In 2004, this amounted to £21.6 million.

Northern Rock staff contribute to many charitable causes and community activities, notably the corporate charity which is chosen by staff on an annual basis. In 2004, the Children's Wish Foundation was selected and staff raised over £100,000, matched by The Northern Rock Foundation.

ENVIRONMENT

Positive recognition for our well-developed environmental management systems included retention of our Premier League status in the Business in The Environment Index.

Our largest sites operated on renewable energy until contracts ended in October. When renewing our energy contracts, we were unable to obtain renewable energy but secured energy exempt from climate change levy for the whole portfolio.

A review of secure paper recycling methods yielded significant cost savings whilst maintaining data protection compliance.

A transport survey of all staff working at our Gosforth Head Office showed that use of alternative forms of transport had increased in recent years, whilst driver-only car journeys had reduced. Further development and promotion of travel plans for Head Office were carried out using feedback from the survey.

THE NORTHERN ROCK FOUNDATION

Since 1997 Northern Rock plc has donated nearly £120 million to The Northern Rock Foundation, which was established following Northern Rock Building Society's conversion to a public limited company. The Company covenants 5% of its pre-tax profit each year to the Foundation. By percentage of profits Northern Rock is the UK's 3rd biggest corporate donor (as reported in 'The Giving List', the Guardian, November 2004).

The Foundation is an independent grant-making trust supporting charitable causes in Cumbria, Northumberland, Tyne and Wear, Durham and the Tees Valley. Its primary aim is to help improve the conditions of those disadvantaged in society. 2004 was the Foundation's seventh year of operation. During the year its Trustees awarded 329 grants worth £17.3 million and invested a further £8.2 million in two special initiatives: tackling domestic violence and reducing re-offending. Since 1997 the Foundation has awarded grants worth more than £92.6 million.

In 2004 the Foundation's Trustees continued the grant programmes introduced in the previous year, and maintained their policy of funding activities exclusively in the North East and Cumbria. The majority of the Foundation's grants targeted social and economic disadvantage. The Prevention, Regeneration and Basics programmes dealt with a broad range of issues, including prejudice and discrimination, the decline of decent community facilities, youth disaffection, tackling economic inactivity, development of social enterprises, mental ill-health and welfare advice.

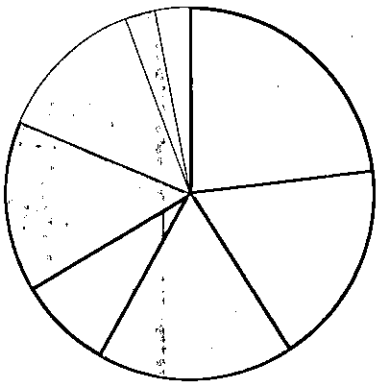
During the year the Foundation maintained its role as a major funder of cultural activity in the region. Through its Aspiration and Capital programmes it made grants worth £4.8 million for high profile arts, heritage, environment and sport organisations. The Foundation also became a key partner in the Culture 10 initiative, a ten-year programme of high profile cultural activity focused on Newcastle Gateshead, but including other parts of the North East. The Foundation has committed £2 million from its existing Aspiration programme to projects brought forward under the Culture 10 banner up to 2006.

In 2004 the Foundation made its third Writer's Award, one of the largest literary prizes in the UK, which it runs in partnership with New Writing North. The 2004 winner was Newcastle-based poet Tony Harrison. Tony said:

"The Northern Rock Foundation Writer's Award could not have come at a better time in my career. I need to look back on my poetic ventures, make sense of them as a whole and move forward... and to experiment without external demands. The award makes all this finally possible and I am extremely grateful to The Northern Rock Foundation."

The Foundation continued to play a key role in regional and national developments in the grant-making world. It was a founder member of a campaign to raise awareness of, and seek solutions to the problems arising from the decline and disappearance of a number of national funding streams that have supported social and economic regeneration in the region. Under its loan scheme, introduced in 2003, the Foundation invested £968,000 in organisations to provide working capital, and to purchase assets. The Foundation also played a lead role in the consortium running the Government's £125 million Futurebuilders fund, designed to strengthen the capacity of voluntary organisations to deliver public services. The Foundation's Director is Vice-Chair of the Futurebuilders' Board, a Trustee sits on its investment committee and a member of staff is seconded to manage its investment team.

The Foundation also runs a scheme to match every pound donated to charities by Northern Rock employees. Some of the money comes from the Give as You Earn (GAYE) scheme through which employees donate a regular monthly sum from their salary, also attracting a small government subsidy. But by far the majority of the donations come from the fundraising efforts of staff members. In 2004 the seven-year total raised by staff when matched by the Foundation reached £2 million. The total raised and matched in 2004 was £264,000.



The Trustees expect to maintain the current grant programmes in 2005, although particular priorities within them may change.

More information about the Foundation is available from:

OVERVIEW

Profit before tax for the year increased by 11.5% to £431.2 million and profit after tax increased by 11.6% to £306.2 million. The 2003 results have been restated to reflect a change in accounting policy following the adoption of UITF 38 – Accounting for ESOP Trusts, resulting in an increase in staff costs and a decrease in profit of £0.2 million. On a like-for-like basis (excluding from the 2003 restated results, the £5.6 million non-recurring costs associated with the closure of certain branches, the £7.3 million surplus on the disposal of the credit card portfolio together with a £3.6 million contribution prior to its sale, and the effect on the covenant to The Northern Rock Foundation), both profit before tax and profit after tax increased by 13.0%. Return on equity in 2004 was 21.3% compared with a restated 21.9% in 2003. Reported earnings per share grew to 74.1p in 2004 (2003 - restated 66.6p), an increase of 11.3%.

		2003		
	2004	Reported (Restated)	Adjustments	Like-for-Like (Restated)

Profit retained for the period	196.2	178.1	(3.5)	174.6

Assets under management, including loans and advances subject to securitisation, at 31 December 2004 amounted to £64.9 billion, an increase of 24.9% (2003 – restated £51.9 billion). Net assets, including the securitised bonds (shown as a deduction from assets) grew by 15.3% to £42.8 billion (2003 - restated £37.1 billion).

TOTAL INCOME

	2004	2003
	£m	£m
Net interest income	466.9	450.7
Other income	264.0	201.7
Total underlying income	730.9	652.4
Surplus on sale of credit card portfolio	-	7.3
Total income	730.9	659.7
Total income : mean total assets (underlying)	1.83%	1.87%
Total income : mean total assets	1.83%	1.89%
Total income : mean assets under management (underlying)	1.25%	1.39%
Total income : mean assets under management	1.25%	1.41%

Total reported income in 2004 amounted to £730.9 million (2003 - £659.7 million), an increase of 10.8%. Underlying total income amounted to £730.9 million an increase of 12.0%. On the same basis, total income as a proportion of mean total assets at 1.83% shows only a slight reduction from 1.87% for 2003. The ratio of underlying total income to mean total assets under management at 1.25% remained unchanged compared with the first half of 2004, having eased from an underlying 1.39% in 2003.

INTEREST SPREAD AND MARGINS

	2004 £m	2003 £m
Interest receivable	2,989.4	2,153.8
Interest payable	(2,522.5)	(1,703.1)
	466.9	450.7
Average balances		
Interest bearing assets	57,071.3	46,435.1
Interest bearing liabilities	55,957.2	45,570.6
Interest margin	0.82%	0.97%
Interest spread	0.73%	0.90%

Interest receivable and payable represent amounts reported in the Profit and Loss account, adjusted to transfer securitisation interest payable to interest payable, and include income from equity shares and other variable yield securities in interest receivable. Interest bearing assets and liabilities have been adjusted for securitised assets and non-recourse finance and interest bearing assets include equity shares and other variable yield securities.

Interest margin has been calculated by reference to average interest earning assets. Interest spread represents the difference between interest receivable as a % of average interest earning assets and interest payable as a % of average interest bearing liabilities. Average balances have been calculated on a monthly basis.

In 2004 interest margin and spread were 0.82% and 0.73% respectively compared with 0.85% and 0.77% in the first half of the year (2003 full year - 0.97% and 0.90%). During the second half of 2004 spreads on lending were stable compared with the first half, consistent with the mix of lending volumes. Throughout 2004, liability spreads were, however, adversely affected by money market rates anticipating increases in bank base rate, resulting in a net increase in our cost of funding. The differential in rates is expected to return to more normal levels in 2005 as evidenced by the reduction in money market rates towards the end of 2004.

OPERATING EXPENSES

(excluding the covenant to The Northern Rock Foundation and amortisation of goodwill)

	2004 £m	2003 (Restated) £m
Staff costs	119.3	101.0
Other expenses	84.2	77.0
Depreciation	19.0	16.5
Total underlying expenses	222.5	194.5
Non-recurring costs	-	5.6
Total operating expenses	222.5	200.1

Non-recurring costs in 2003 represent costs incurred in relation to the closure of certain branches.

Total operating expenses amounted to £222.5 million representing an increase of 14.4% over 2003 underlying operating expenses of £194.5 million (excluding one off costs of £5.6 million relating to the closure of certain branches). The increase of 14.4% compares with an increase in assets under management of 24.9% and total income of 12.0% on an underlying basis, resulting in a cost to assets under management ratio of 0.38% (2003 underlying - 0.41%) and cost to income ratio of 30.4% (2003 underlying - 29.8%).

Included in 2004 operating expenses are £3.6 million incremental costs in relation to increased regulatory requirements. Excluding these additional costs, the cost to assets under management ratio would have been 0.37% and the cost to income ratio 29.9%.

The full impact of additional regulatory costs, which will affect all UK banks, will amount to around £10.0 million for Northern Rock in 2005. Our competitive advantage of cost efficiency remains in place as do our targets of improving our cost ratios by growing costs at less than the rate of growth of income and between one half and two thirds the growth in assets under management.

SOCIAL RESPONSIBILITY - THE NORTHERN ROCK FOUNDATION

Northern Rock donates 5% of pre-tax profit to The Northern Rock Foundation under a deed of covenant. Such donations are used to support community and charitable causes mainly in the North East of England and Cumbria. In addition, a £0.5 million donation is to be made by the Foundation to support the Asian tsunami aid relief. The donation from 2004 profits amounts to £21.6 million (2003 - £19.3 million), resulting in almost £120 million having been distributed since its inception in 1997 as an integral part of Northern Rock's conversion to a plc.

PROVISIONS FOR BAD AND DOUBTFUL DEBTS

The arrears position of our residential mortgage book has further improved despite the growth in mortgages under management. At 31 December 2004 there were 2,135 (2003 - 2,414) accounts three months or more in arrears representing only 0.37% (2003 - 0.45%) of all mortgage accounts, less than half the UK average at 31 December 2004 of 0.80%. The "together" secured advances default performance has also remained consistent, with three months plus arrears at 0.77% at 31 December 2004 (2003 - 0.77%). At 31 December 2004 181 properties, representing only 0.03% of all accounts were in possession compared with 179 (0.03%) at the end of 2003.

Standalone personal unsecured loan arrears are also significantly better than industry average, reflecting our policy of attracting high quality lending via our risk reward pricing. At 31 December 2004 only 1.04% of our standalone personal unsecured loans were three months or more in arrears (2003 - 0.98%) compared with an historic industry average of around 3%. Unsecured loans within the "together" brand continued to perform in line with the "together" secured advances and better than traditional personal unsecured loans with only 0.78% three months or more in arrears (2003 - 0.80%).

Our commercial loan portfolio also continued to perform well with only 0.31% of our commercial loans three months or more in arrears (2003 - 0.53%).

The charge for provisions for bad and doubtful debts amounted to £56.5 million for the year (2003 - £48.7 million) representing 0.18% of mean advances to customers (2003 - 0.19%). The combination of high quality lending, low interest rates, low arrears and strong house price inflation have continued to contain the levels of specific provisions required for residential mortgages. Provisions for the other secured lending portfolio have been maintained consistent with performance and expected economic conditions for this sector.

The growth in provision balances against our personal credit portfolios reflects growth in balances, the maturing nature of the portfolios and our continued prudent provisioning policy. As a result, general provisions are 47% (2003 - 51%) of total provision balances for these portfolios with total provision cover of 1.68% (2003 - 1.70%). Total provisions against our personal credit portfolios are considered appropriate given the quality and performance of our loans.

TAXATION

The tax charge for the year as a percentage of profit before tax was 29.0% (2003 - 29.0%). We anticipate, with a corporation tax rate of 30%, that the ongoing effective tax rate will be 29.0% to 30.0% in the medium term.

	%
Standard corporation tax rate for 2003	30.00
Effect of net non-taxable items	(0.33)
Adjustment to prior year tax provisions	(0.67)
Effective tax rate	29.00

LENDING

During 2004 Northern Rock has again achieved record levels of total lending. Total gross lending was £23,342 million, an increase of 34.8% (2003 - £17,315 million), with total net lending of £12,932 million, an increase of 51.9% (2003 - £8,514 million). Prospects for 2005 are good, with an opening pipeline of £5.1 billion, an increase of 31.8% (2004 opening - £3.9 billion). The opening residential lending pipeline at £4.7 billion represents an increase of 36.6% (2004 opening - £3.4 billion).

The UK residential lending market was particularly buoyant during the first half of 2004 with levels of both gross and net lending exceeding the equivalent period in 2003. Since then both gross and net lending and net awards have slowed, following the effect of 5 one quarter per cent increases in bank base rate since November 2003. By the end of 2004 annual house price inflation was at similar levels to that seen in 2003 although the second half of the year showed limited growth, providing clear evidence that house price inflation is slowing. With the level of housing transactions at the lower end of long term trends and house price inflation likely to be over for the time being, new residential lending is likely to show some contraction in 2005. Gross lending will, however, be supported by sustained levels of remortgage activity as customers seek to refinance to obtain better deals and to protect their personal budgets. Economic conditions remain supportive to the market with low inflation, low unemployment, low interest rates and consequently good affordability.

Against this background we achieved gross residential lending of £20,051 million (2003 - £15,212 million) and net residential lending of £11,383 million (2003 - £7,861 million), representing increases of 31.8% and 44.8% respectively. Our share of gross residential lending for the year was 6.8% and our market share of net residential lending was 11.2%. This compares with 5.8% and 8.2% respectively for the first half of 2004. Our share of redemptions was only 4.5%, again significantly lower than our closing share of mortgage stock of 5.5%. This was due to our pro-active customer retention process and our fair and transparent policy of allowing existing customers, subject to contractual terms, to transfer their loan to any product available to new borrowers.

The low risk profile of our new lending has continued despite strong growth in volumes. The proportion of lending to first time buyers reduced to 21% (2003 - 23%) with 79% of new customers having a proven payment track record. The average Loan to Value ratio ("LTV") of new lending in 2004 remained similar to 2003 at around 75% and new lending below 90% LTV was 75% (2003 - 71%) of completions. The average indexed LTV of our mortgage book is now 53% (2003 - 55%) providing strong cover in the event of default. We have minimal exposure to large loans with only around 3.5% of new loans over £500,000 and we maintained an excellent geographic spread of lending.

We offer customers a wide range of innovative and attractive products including lifestyle products and traditional price-led products. Our lifestyle products comprise our "together" family of products, Lifetime Home Equity Release Mortgages ("HERM") and residential Buy to Let mortgages. The "together" products combine a secured and unsecured loan at one interest rate and one monthly payment. Gross lending of "together" products amounted to £4.5 billion of which £3.8 billion were advances secured on residential property representing 20.7% of new residential lending, excluding further advances. Outstanding balances of "together" mortgages remained around one fifth of our mortgage portfolio throughout 2004.

Our HERM range is aimed at homeowners aged over 60 who wish to utilise equity in their homes to enhance their lifestyle. Such lending accounted for 1.8% of gross new residential lending (2003 - 3.4%), with outstanding HERM balances representing 3.1% (2003 - 3.0%) of our year end mortgage balances.

Residential Buy to Let lending is focussed on lending to private investors secured on good quality residential properties with low LTVs. Such lending accounted for 4.0% (2003 - 2.4%) of our year end mortgage portfolio and for 6.4% (2003 - 1.7%) of gross new residential lending. This type of lending is likely to remain a niche part of our overall portfolio of lending and will be supported by demand following changes in pension legislation allowing rental properties to be included within investors' pension plans.

In total, our lifestyle products, which are margin enhancing, represented 28.9% (2003 - 30.1%) of our gross new residential lending and 25.3% (2003 - 25.4%) of year end mortgage balances.

Of our traditional price-led mortgage products, fixed-rate mortgages remained the most popular with 46.4% (2003 - 45.5%) of total new lending accounted for by short term fixed products up to two years, and 7.5% (2003 - 10.1%) by longer term fixes normally up to a maximum of seven years. This demand reflected customers' preferences to obtain certainty of monthly repayments during a period of rising interest rates.

Our personal unsecured credit portfolios comprise the unsecured element of "together" lending and standalone unsecured loans not linked to a residential mortgage. During 2004 gross unsecured lending amounted to £2,792 million (2003 - £1,694 million) with net lending of £1,367 million (2003 - £569 million). Gross standalone unsecured lending amounted to £2,068 million (2003 - £1,130 million) with net lending of £1,104 million (2003 - £417 million). The increase in standalone unsecured lending over 2003 reflects the deliberate containment of such lending in the first half of 2003 with a return to the market in the second half of that year. At 31 December 2004 our unsecured lending balances were £4,669 million (2003 - £3,293 million) of which 40.3% (2003 - 48.7%) represented "together" unsecured advances.

We have continued to grow our commercial lending portfolio gradually, maintaining our emphasis on quality rather than volume of lending. Gross lending in the year amounted to £499 million (2003 - £409 million) with net lending of £182 million (2003 - £84 million).

The composition of our lending portfolios has continued to be low risk. At the year end 88.7% of our loans under management were residential (2003 - 89.1%), 2.9% commercial secured loans (2003 - 3.3%) and only 8.4% (2003 - 7.6%) within our personal unsecured portfolios. This mix is not expected to significantly change going forward.

RETAIL FUNDING

Total retail deposit balances for the year increased by £896 million to £17,239 million (2003 - £16,343 million), an increase of 5.5%. This increase comprised a net inflow of retail funds for the year of £489 million plus interest credited of £407 million. In the second half of the year we achieved a net inflow of over £1.0 billion of retail funds, following a net outflow of £163 million in the first half, representing our best ever half year performance and clearly demonstrating the strength and diversity of our retail franchise.

The funding during the year was largely into our Silver Savings account launched in September 2004 for the over 50s which had attracted balances of over £1,250 million by the year end. Fixed rate bonds also remained popular. Balances in our Ireland based operation rose by 18.3% to £628 million, with £1,871 million (2003 - £1,875 million) in our Guernsey based off-shore vehicle.

NON-RETAIL FUNDING

Total net non-retail funding for the year amounted to £2,770 million with balances at 31 December 2004 amounting to £19,746 million (2003 - £16,976 million). Our non-retail funding provides a balanced mixture of short and medium term funding with increasing diversification of our global investor base.

During 2004 we raised £3.4 billion medium term, wholesale funds from a variety of sources located globally, with specific emphasis on the US and Europe. A major feature was the increased utilisation of our US Medium Term Note programme from which we raised US$3.7 billion in both senior and subordinated form. Already in 2005 we have raised a further US$1.75 billion under this programme and in the remainder of the year plan to raise further non-retail funds, including possible issuances in Asia.

With regards to short term funding, key developments include the establishment of a €2.0 billion French Certificate of Deposit programme which provides access to domestic French investors. This programme had outstanding balances of €1.1 billion at the year end. Further diversification will be achieved in the current year with the intended establishment of a Canadian Commercial Paper programme.

SECURITISATION

Funding through securitisation has remained an integral part of Northern Rock's funding strategy. During 2004 three issues were completed raising £11.1 billion. Diversification of our investor base continued with over 70% of the securitised bonds in 2004 being issued in US dollars or euros. The characteristics of the mortgages securitised, in terms of product type, LTV and geographic distribution remain similar to those of our on-balance sheet mortgages, ensuring that we are maintaining the quality of our balance sheet.

At 31 December 2004 assets under management subject to securitisation amounted to £22.3 billion (2003 - £15.7 billion), representing 40% (2003 - 36%) of our total lending portfolios.

In 2005 we have already raised a very well received £4.5 billion securitisation of residential mortgages. Our programmes will continue to be developed with further issues during 2005.

COVERED BOND

In the first half of 2004 we raised €2.0 billion from an inaugural covered bond issue from a newly established €10 billion programme. The covered bond is secured by a pool of ring-fenced residential mortgages which remain on-balance sheet as Northern Rock retains substantially all the risks and rewards associated with the loans.

DIVIDENDS

The interim dividend paid in October 2004 was 8.5p per share. The proposed final dividend of 18.0p per share is payable on 27 May 2005 to shareholders on the register on 29 April 2005. This results in a total dividend payable for the year of 26.5p per share (2003 - 23.3p), an increase of 13.7%.

CAPITAL

At 31 December 2004 total capital amounted to £3,239 million resulting in a total capital ratio of 14.0%, comfortably above regulatory and internal requirements. Tier 1 capital was £2,015 million and the Tier 1 ratio 8.7%. The comparable ratios at 31 December 2003 were 14.3% and 9.0% respectively.

In the first half of 2004 we raised $700 million (£396 million equivalent) of Upper Tier 2 capital via our US Medium Term Note programme delivering an excellent diversification of capital from the US domestic market.

During 2004 we continued to embed our Basel II credit risk systems within our normal operational activities and remain on target to adopt the Retail Internal Ratings Based approach currently anticipated to commence on 1 January 2007. Significant investment is also being made in our Operational Risk management systems and in line with the FSA's expectations for the sector we intend to initially adopt the Standardised Approach to Operational Risk. We will closely examine the consultation paper from the FSA, issued at the end of January 2005, with a view to seeking approval for our proposed approaches as early as possible.

Our low risk balance sheet means that we expect to achieve significant reductions to the levels of our total regulatory risk weighted assets for credit exposures compared to current levels. This should result in future capital efficiencies subject to consultation with the FSA and credit rating agencies.

The table below analyses Northern Rock's capital resources at 31 December 2004 and 2003:

	2004	2003 (Restated)
	£m	£m
Tier 1		
Share capital	123.9	123.9
Share premium account	6.8	6.8
Capital redemption reserve	7.3	7.3
Profit and loss account	1,403.9	1,201.9
Reserve capital instruments	300.0	266.3
Tier one notes	200.0	200.0
Goodwill	(27.1)	(30.7)
Total Tier 1 capital	2,014.8	1,775.5
Upper Tier 2		
Perpetual subordinated debt	746.4	350.3
Reserve capital instruments	-	33.7
General provisions	83.1	75.4
Total Upper Tier 2 capital	829.5	459.4
Lower Tier 2 capital		
Term subordinated debt	769.3	769.2
Total Tier 2 capital	1,598.8	1,228.6
Deductions	(374.7)	(190.5)
Total capital	3,238.9	2,813.6
Risk weighted assets	23,099.2	19,690.5
Tier 1 ratio (%)	8.7%	9.0%
Total capital (%)	14.0%	14.3%

POTENTIAL IMPACT OF INTERNATIONAL FINANCIAL REPORTING STANDARDS

Northern Rock, along with all European Union listed companies will be required to prepare its financial statements under International Financial Reporting Standards ("IFRS") (sometimes referred to as International Accounting Standards) from 1 January 2005. In certain areas these standards represent a significant change from UK GAAP. A number of uncertainties currently exist concerning the adoption of the new standards and their impact on Northern Rock. In particular, the approach of the Financial Services Authority towards IFRS was outlined in Consultation Paper 04/17. The discussion period for this Consultation Paper ended on 31 January 2005. In addition, the tax treatment of certain aspects of IFRS has not yet been fully determined by the Inland Revenue and the effect of these uncertainties is under review. The combination may affect both the tax charge and our accounting and regulatory equity ratios.

IFRS includes a number of areas, principally financial instruments, where fair values are required to a far greater extent than under UK GAAP. This will create greater volatility in reported results and have an associated impact on other financial measures. However, the change to IFRS does not alter the cash flows of the business, but spreads the profitability throughout the life of the loan. The change to IFRS will not change the way Northern Rock does business.

The key changes and their anticipated effect on Northern Rock are set out below.

Issue	Effect on financial statements
Hedge accounting Northern Rock manages the financial risks arising from its business using a number of derivatives instruments such as interest rate swaps, interest rate options, forward rate agreements, interest rate and bond futures, currency swaps and forward exchange contracts. IAS 39 requires derivatives to be recognised at fair value, with changes in valuation impacting the profit and loss account, potentially resulting in significant earnings volatility. Hedge accounting permissibility is much more restricted under IAS 39 than at present under UK GAAP. Northern Rock has reviewed its underlying processes to ensure it maximises the natural offsets between assets and liabilities and designs compliant hedging strategies wherever possible for the remainder. However, the overriding objective continues to be to provide an economic hedge for the market risks arising from its underlying business.	To the extent that hedge effectiveness is not achieved for derivatives, the movements in fair value of the derivatives would impact on the profit and loss account increasing volatility in earnings.
Effective interest rate IAS 39 requires the inclusion of all origination fees, including prepayment penalties in the calculation of the effective interest rate. Only direct costs of origination may be included within the calculation of effective interest rate.	Income earned and introducer fees paid will be spread throughout the life of the loan, reducing the amount of income earned in early years and increasing the amount of income earned in later years.
Provisions IAS 39 will remove the split between specific and general provisions, and, in common with current UK GAAP, will only allow impairment allowances to be established where the loss has already been incurred based on whether objective evidence exists that the asset or group of assets is impaired. The impairment allowance must be calculated using the present value of future cash flows, using the financial asset's original effective interest rate.	Slight increase in volatility as provisions reflect the economic climate at the reporting date.
Pensions IAS 19 is broadly consistent with the existing UK standard on pensions, (FRS 17), with the fund valuation depending on market conditions at the year end. However, actuarial gains and losses may be recognised in full as they arise outside the profit and loss account in a statement of recognised income and expense.	As with FRS 17 the pension charge is likely to be higher than the present SSAP 24 charge. The equity impact will depend on market conditions.
Taxation IAS 12 (Income Taxes) is conceptually different to the previous accounting standard (FRS 19), however, little difference is expected in practice between the two standards.	The Group's effective tax rate is not expected to be materially different although there may be greater volatility in the current charge. It is expected that this would be broadly offset by compensating movements in deferred tax.

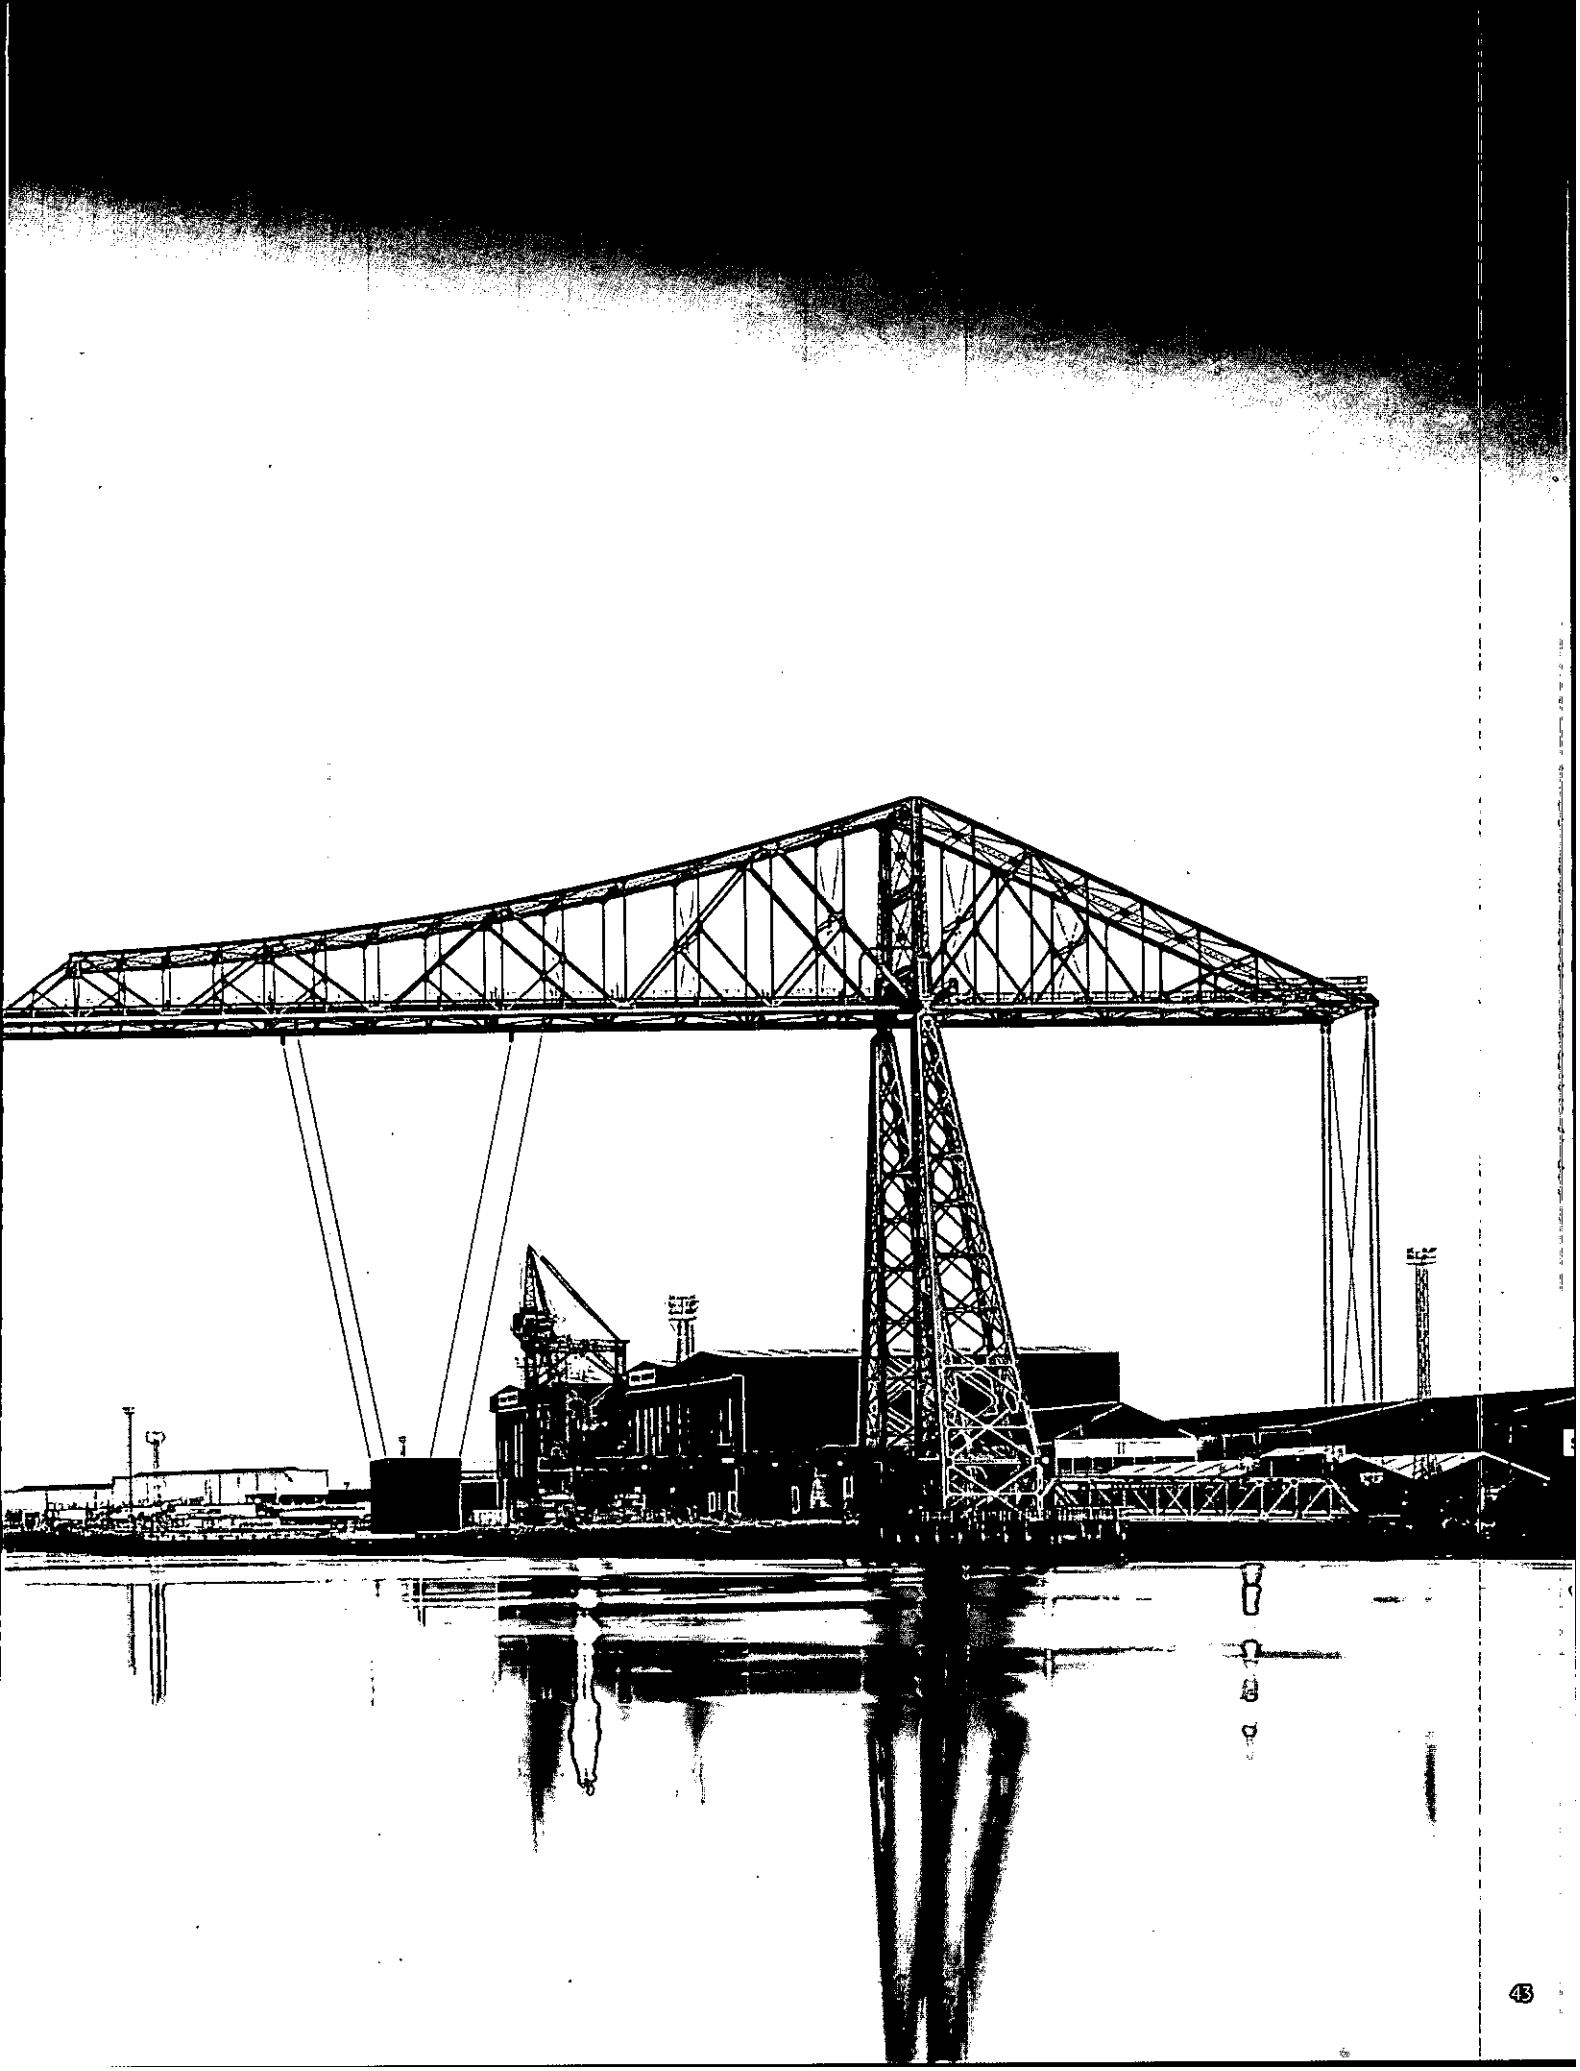
Issue	Effect on financial statements
Classification of debt versus equity Under IAS 32 certain financial instruments which are currently classified as debt instruments may be classified as equity instruments.	The coupon payable on such instruments would be classified as an equity distribution. This would increase profit before tax, but become a distribution of profit to investors.
Employee share schemes IFRS 2 requires that for all equity settled transactions with employees the fair value of the employee services should be measured by reference to the fair value of the instrument at the date of grant. This charge is spread over the vesting period. The standard applies to all share schemes and has no exemption for SAYE schemes.	The impact on Northern Rock will result in a small increase in employee costs.
Securitised assets A significant source of funding to Northern Rock is through the securitisation of residential and commercial mortgage assets. The structure of these funding vehicles results in the disclosure of these mortgage assets, and the related funding, through linked presentation in accordance with FRS 5. Under IFRS no such presentation exists, so all assets and liabilities will remain within their normal line items.	Both mortgage assets and liabilities will remain within their original line items. All profit and loss items will also remain within their usual captions.

OUTLOOK

The home moving market is expected to continue to remain at similar levels to 2004, at the lower end of longer term trends, for at least the next two years. Many first time buyers will continue to be excluded from the market as a result of higher house prices, the competition with Buy to Let investors for traditional first time buyer properties, especially in urban areas, and higher levels of indebtedness linked to the funding of higher education. In conjunction with subdued levels of house moving transactions we expect to see muted house price inflation with some price falls in areas that have seen excessive growth. We expect, however, given low unemployment, low interest rates and good affordability, house prices to be growing in line with average earnings by the end of 2005.

The UK's gross residential mortgage market, supported by remortgage activity, is anticipated to be £265 billion to £270 billion in 2005 and 2006 compared with over £290 billion in 2004. Such levels of gross lending remain conducive to Northern Rock achieving its lending targets for 2005.

A slower housing market, reduced inflationary pressures and a dampening in retail sales mean that the prospects for rising interest rates are significantly lower than in mid 2004, as a consequence the difference between LIBOR and Bank Base Rate is expected to return to more normal levels in 2005. Unemployment, the key driver of credit loss on home loans, looks set to remain benign giving a stable outlook for future provisioning levels.



These conditions, together with our continued focus on customer service, cost and capital efficiency and the strength of our opening pipeline enable us to view 2005 with confidence. We reaffirm our strategic targets of assets under management growth of 20% +/- 5%, profit growth of 15% +/- 5% and return on equity of 19% to 22%.

Our growth will continue to be supported by our four funding arms; retail, non-retail, securitisation and covered bonds. We intend to develop further each franchise in terms of flexibility and diversification to enhance our overall funding platform and investor base.

We remain confident of the continued success of the Northern Rock business model.

DIRECTORS' REPORT AND ACCOUNTS FOR THE YEAR ENDED 31 DECEMBER 2004

The Directors are pleased to present their report and the audited financial statements for the year ended 31 December 2004.

PRINCIPAL ACTIVITIES

The principal purpose of the Group is the provision of housing finance, savings and a range of related personal financial and banking services.

REVIEW OF BUSINESS AND FUTURE DEVELOPMENTS

A review of the business and future developments is given in the Chairman's Statement, the Chief Executive's Report and the Operating and Financial Review.

DIVIDENDS

An interim dividend of 8.5p per share (2003 - 7.5p per share) was paid on 29 October 2004. The Directors propose a final dividend of 18.0p per share (2003 - 15.8p per share) to be paid on 27 May 2005 to shareholders on the register at the close of business on 29 April 2005.

TANGIBLE FIXED ASSETS

Land and buildings, which are included in the balance sheet at cost less accumulated depreciation, amounted to £87 million at 31 December 2004. In the Directors' opinion, based on valuations carried out by the Group's qualified Chartered Surveyors, the total market value of these assets was not significantly different.

Details of changes to tangible fixed assets are provided in note 21 to the accounts.

POST BALANCE SHEET EVENTS

The Directors are of the opinion that there have been no significant events which have occurred since 1 January 2005 to the date of this report that are likely to have a material effect on the Group's financial position as disclosed in the accounts.

DIRECTORS

The current composition of the Board of Directors together with brief biographical details of each Director is shown on page 12. With the exception of the Directors noted below, all Directors have served on the Board throughout the year ended 31 December 2004.

On 27 April 2004 Sir John Riddell, Bt., and Sir David Chapman, Bt. retired from the Board. On 5 January 2005, Mr K M Currie, Mr A M Kuipers and Mr M J Queen were appointed to the Board. On 1 March 2005 Miss R Radcliffe will join the Board.

Mr K M Currie, Mr A M Kuipers, Mr M J Queen and Miss R A Radcliffe, having been appointed since the last Annual General Meeting, retire at the Annual General Meeting and offer themselves for re-election. Mr D F Baker, Mr R F Bennett and Dr M W Ridley retire by rotation at the Annual General Meeting and, being eligible, offer themselves for re-election. There are no service contracts in respect of the other Non-Executive Directors seeking re-election.

The interests of Directors in the shares of the Company at 31 December 2004 and 22 February 2005 are set out on page 30.

SHARES

The authorised and issued share capital of the Company are set out in note 32 to the accounts.

At the Annual General Meeting on 27 April 2004, a resolution was passed giving the Company the authority to make market purchases of Ordinary Shares up to a maximum of 10% of the issued share capital. A further resolution was passed providing for the Company to enter into a contingent share purchase contract with The Northern Rock Foundation to repurchase Foundation Shares in the same proportion and at the same price as the Ordinary Shares repurchased. These authorities expire at the Annual General Meeting in 2005 when a resolution will be proposed for their renewal.

SUBSTANTIAL SHAREHOLDINGS

At 22 February 2005, the following notifiable interest in the Company's Ordinary Shares had been reported to the Company:

Fidelity International Limited	4.95%
Legal & General Investment Management Limited	3.88%
Lloyds TSB Group plc	3.54%
Morgan Stanley Securities Ltd	4.09%

CREDITOR PAYMENT POLICY

The Company's policy with regard to the payment of suppliers is to negotiate and agree terms and conditions with all its suppliers, which include the giving of an undertaking to pay suppliers within an agreed payment period.

The average creditor payment period at 31 December 2004 was 21 days (2003 24 days).

EMPLOYEES

Northern Rock's desire to involve employees as financial stakeholders in the Company continued in 2004. Under the All Employee Share Ownership Plan, shares with a market value at the date of award of £1.8 million were given to employees during the year. In February 2005 a further grant of options under the Employee Share Option Scheme was made. A total of 4,477,000 options were granted at an exercise price of £7.73 per share.

Employee communications are vital to the success of the Company, and good staff relations are a key part of managerial responsibility at all levels. Employee consultation takes place with the national committee of UNIFI. The Company also issues a bi-monthly staff magazine and weekly news bulletins.

The Company is committed to equal employment opportunities for everyone, and treats applicants for work solely on their ability to do the job. In line with this policy, the Company will, wherever possible, retain employees who become disabled, either in the same job or, with the aid of retraining and provision for special needs, in a suitable alternative position.

CHARITABLE CONTRIBUTIONS

The Company is committed to a total contribution to The Northern Rock Foundation under a deed of covenant of £21.6 million based on its profits in 2004. Of this amount, it has already made a contribution of £10.0 million in October 2004 with a further contribution of £11.6 million to be paid in May 2005.

AUDITORS

The auditors, PricewaterhouseCoopers LLP, have indicated their willingness to continue in office and a resolution to re-appoint them will be proposed at the Annual General Meeting.

By order of the Board
C Taylor, Company Secretary
22 February 2005

We have audited the financial statements, which comprise the consolidated profit and loss account, the consolidated balance sheet, the company balance sheet, the consolidated cash flow statement, the statement of total recognised gains and losses and the related notes. We have also audited the disclosures required by Part 3 of Schedule 7A to the Companies Act 1985 contained in the Directors' Remuneration Report ("the auditable part").

RESPECTIVE RESPONSIBILITIES OF DIRECTORS AND AUDITORS

The Directors' responsibilities for preparing the Annual Report and the financial statements in accordance with applicable United Kingdom law and accounting standards are set out in the statement of Directors' responsibilities. The Directors are also responsible for preparing the Directors' Remuneration Report.

Our responsibility is to audit the financial statements and the auditable part of the Directors' Remuneration Report in accordance with relevant legal and regulatory requirements and United Kingdom Auditing Standards issued by the Auditing Practices Board. This report, including the opinion, has been prepared for and only for the Company's members as a body in accordance with Section 235 of the Companies Act 1985 and for no other purpose. We do not, in giving this opinion, accept or assume responsibility for any other purpose or to any other person to whom this report is shown or into whose hands it may come save where expressly agreed by our prior consent in writing.

We report to you our opinion as to whether the financial statements give a true and fair view and whether the financial statements and the auditable part of the Directors' Remuneration Report have been properly prepared in accordance with the Companies Act 1985. We also report to you if, in our opinion, the Directors' Report is not consistent with the financial statements, if the Company has not kept proper accounting records, if we have not received all the information and explanations we require for our audit, or if information specified by law regarding directors' remuneration and transactions is not disclosed.

We read the other information contained in the Annual Report and consider the implications for our report if we become aware of any apparent misstatements or material inconsistencies with the financial statements. The other information comprises only the Chairman's Statement, the Chief Executive's Report, the Corporate Governance statement, the Community and Environmental Report, the Northern Rock Foundation report, the unaudited part of the Directors' Remuneration Report, the Operating and Financial Review and the Directors' Report.

We review whether the Corporate Governance statement reflects the Company's compliance with the nine provisions of the 2003 FRC Combined Code specified for our review by the Listing Rules of the Financial Services Authority, and we report if it does not. We are not required to consider whether the Board's statements on internal control cover all risks and controls, or form an opinion on the effectiveness of the Company's or Group's corporate governance procedures or its risk and control procedures.

BASIS OF AUDIT OPINION

We conducted our audit in accordance with auditing standards issued by the Auditing Practices Board. An audit includes examination, on a test basis, of evidence relevant to the amounts and disclosures in the financial statements and the auditable part of the Directors' Remuneration Report. It also includes an assessment of the significant estimates and judgements made by the Directors in the preparation of the financial statements, and of whether the accounting policies are appropriate to the company's circumstances, consistently applied and adequately disclosed.

We planned and performed our audit so as to obtain all the information and explanations which we considered necessary in order to provide us with sufficient evidence to give reasonable assurance that the financial statements and the auditable part of the Directors' Remuneration Report are free from material misstatement, whether caused by fraud or other irregularity or error. In forming our opinion we also evaluated the overall adequacy of the presentation of information in the financial statements.

OPINION

In our opinion:

- the financial statements give a true and fair view of the state of affairs of the Company and the Group at 31 December 2004 and of the profit and cash flows of the Group for the year then ended;
- the financial statements have been properly prepared in accordance with the Companies Act 1985; and
- those parts of the Directors' Remuneration Report required by Part 3 of Schedule 7A to the Companies Act 1985 have been properly prepared in accordance with the Companies Act 1985.

STATEMENT OF TOTAL RECOGNISED GAINS AND LOSSES

For the year ended 31 December 2004

	2004	2003 (as restated)
	£m	£m
Profit retained	**196.2**	178.1
Total recognised gains and losses for the period	**196.2**	178.1
Prior year adjustment – UITF 38 (note 2)	**0.3**	
Total gains and losses recognised since the last annual accounts	**196.5**	

1. Principal accounting policies

Accounting convention

The accounts have been prepared under the historical cost convention and in accordance with the special provisions of Part VII of the Companies Act 1985 relating to banking companies and banking groups, applicable UK accounting standards and the Statements of Recommended Practice issued by the British Bankers' Association.

Accounting policies are unchanged from 2003, except that the Group has implemented the requirements of UITF 38 "Accounting for ESOP trusts". The impacts of this change are detailed in note 2 to the accounts.

Basis of consolidation

The consolidated accounts include the results of the Company and its subsidiary undertakings all of which have accounting periods ending 31 December. Unless otherwise stated, the acquisition method of accounting has been adopted.

Taxation

Corporation tax is charged in the accounts based on the profit for the year as adjusted for taxation purposes.

Deferred tax

Deferred tax is recognised in respect of all timing differences that have originated but not reversed at the balance sheet date where transactions or events that result in an obligation to pay more tax in the future or a right to pay less tax in the future have occurred at the balance sheet date. Deferred tax is provided on a non-discounted basis.

Tangible fixed assets and depreciation

Depreciation is provided in order to write down fixed assets, which are included at cost, to their estimated residual value over their anticipated useful lives as follows:

Freehold land and buildings	100 years
Long leasehold land and buildings	Over the period of the lease up to 100 years
Short leasehold land and buildings	Unexpired period of the lease
Plant, equipment, fixtures and fittings	
- plant	30 years
- furniture	10 years
- other	5 years
Computer equipment	
- PCs	3 years
- other	5 years
Motor vehicles	4 years

Where the cost of freehold land can be identified separately from buildings on acquisition, the land value is not depreciated. Provision is made for diminution in value of any fixed asset where an impairment is identified. Annual impairment reviews are carried out for fixed assets with an expected remaining life over 50 years. The resulting net book value is then written off over its remaining anticipated useful life.

Assets in the course of construction are not depreciated until they have been completed and transferred to the appropriate category of tangible fixed assets. The costs of financing assets in the course of construction are not included in the costs of the assets.

Goodwill

Goodwill arises on the acquisition of subsidiary and associated undertakings. It represents the excess of cost over fair value of the Group's share of net assets acquired. It is capitalised as an intangible fixed asset and is amortised through the profit and loss account on a straight line basis over its expected useful economic life. The expected useful economic life is determined at the time of acquisition by considering the nature of the business acquired and the period of time over which the value of the business is expected to exceed the value of its net assets. This period is ten years for recent acquisitions.

Goodwill is subject to impairment reviews in accordance with FRS 11 "Impairment of fixed assets and goodwill". The carrying value is written down by the amount of any impairment, and the loss is recognised in the profit and loss account in the period in which this occurs.

Leased assets

Rentals payable under operating leases are charged to administrative expenses as incurred over the lease term.

Securities

Debt securities and equity shares ("securities") are held with the intention of use on a continuing basis and are stated at cost, adjusted to exclude accrued interest at the date of purchase, less provision for any permanent diminution in value. A similar adjustment for accrued interest is made on realisation. Where the adjusted purchase price differs from the nominal value, the premium or discount is amortised or released on an effective yield basis over the period to maturity.

Securities sold subject to repurchase agreements are retained on the balance sheet where the Group retains the risks and rewards of ownership. Funds received under such agreements are included within deposits by banks or customer accounts. Securities purchased under a commitment to resell are treated as collateralised lending transactions where the Group does not acquire the risks and rewards of ownership, and the purchase price is included within either loans and advances to banks or loans and advances to customers. The difference between sale and repurchase prices for such transactions is reflected in the profit and loss account over the lives of the transactions, within interest receivable or interest payable as appropriate.

Pension costs

Northern Rock operates a Defined Benefit Scheme and a Defined Contribution Scheme. Contributions to the Northern Rock Defined Benefit Pension Scheme are charged to the profit and loss account with the objective of spreading the cost over the employees' working lives within the Scheme. Costs are based upon actuarial advice following the most recent valuation of the Scheme. The costs of the Defined Contribution Scheme are charged to the profit and loss account for the period in which they are incurred. The disclosure requirements of FRS17 "Retirement Benefits" are being adopted under transitional arrangements.

Further information on pension arrangements is set out in note 7 to the accounts.

Provisions for bad and doubtful debts

Provisions against loans and advances are based upon assessments of the losses that are anticipated on outstanding balances at the year-end. The amount charged to the profit and loss account comprises amounts written off during the year plus the net change in the amounts provided. Bad debts are written off in part or in whole when a loss has been confirmed. The loss provisioning methodology is as follows:

Advances secured on owner-occupied residential property

Specific provision

Where the collection of interest and/or principal on an individual loan is in doubt a specific provision is recorded. Specific provisions are calculated using a model which is used to evaluate losses based on historical default experience and other appropriate risk factors related to the delinquent loan portfolio at a given point in time. All loans which are three or more payments overdue are evaluated using the model to identify the need for a specific provision. Loans six or more payments overdue and properties in possession are evaluated on an individual basis to measure potential loss. Various factors are considered in this evaluation including, but not limited to, collateral valuations, expected recoveries from mortgage indemnity guarantees and estimated recovery costs.

1. Principal accounting policies (continued)

Provisions for bad and doubtful debts (continued)

General provision

A general provision is maintained to cover inherent losses in the loan portfolio related to loans that have not yet been specifically identified as impaired. A statistically based model is used to calculate the appropriate general provision for each completion year. The model considers appropriate risk factors specific to the loan portfolio and historical default experience. Other factors, including economic conditions, are also considered by management in determining the appropriate level of reserves required at a given point in time.

Interest in respect of all loans is credited to the profit and loss account as it becomes receivable. Once a property is taken into possession interest charges are suspended. If a property is sold at sufficient value, interest previously suspended is added back to the loan and released to the profit and loss account.

Other secured advances

Specific provision is made as appropriate in respect of loans and advances that are identified as impaired at the balance sheet date, based on payment history, loan balance and net realisable value. Interest is suspended on loans identified as impaired if its recovery is deemed unlikely. General provisions are recorded to cover losses inherent in the portfolio which have not yet been specifically identified.

Unsecured lending

Specific provision is made against all loans where three or more payments are overdue. In calculating the required provision an appropriate factor is applied based on the number of overdue payments, which is subject to periodic review to ensure its continuing applicability based on current experience, to reflect the probability that not all such loans will result in eventual losses. General provisions are recorded to cover losses inherent in the portfolio which have not yet been specifically identified.

Repairs and renewals

Repairs, renewals and refurbishments of a non-capital nature are charged to administrative expenses in the year in which the expenditure is incurred.

Deferred income

The Company has entered into insurance arrangements with Northern Rock Mortgage Indemnity Company Limited, a wholly owned subsidiary, to cover a proportion of future losses on certain residential secured loans with high loan to value ratios. In the Group accounts, income from risk charges paid by customers in relation to such loans is deferred and is included in the balance sheet under the heading "accruals and deferred income". The deferred income is released to the profit and loss account on a level yield basis over the life of the loan.

Derivatives

Derivatives comprise, mainly, currency and interest rate swaps, forward rate agreements, foreign exchange forwards and financial futures and options. All transactions are undertaken for hedging purposes.

Transactions are initially recorded at cost and are accounted for on an accruals basis in accordance with the item or items being hedged. Consequently, profits and losses on the hedges are recognised on a similar accounting basis as the profits or losses on the underlying item or items being hedged. They are therefore recognised in the financial statements as adjustments to the profit or loss of the item or items being hedged. To the extent necessary to achieve a consistent timing of income recognition on the item or items being hedged, deferred gains or losses are included in the balance sheet under the headings "accruals and deferred income" and "prepayments and accrued income". Profits and losses on early termination of contracts that modify the characteristics of designated items are deferred and amortised over the remaining lives of the hedged items. Income and expenses on hedges are recognised as adjustments to interest receivable and interest payable.

When a derivative no longer represents a hedge, because either the underlying asset, liability or position has been extinguished or derecognised, it is restated to market value. Any profit or loss is accounted for in interest income or expense. It is then either redesignated as a hedge of a different asset, liability or position, is disposed of, or the position is otherwise closed, and accounted for accordingly. Where a derivative is no longer a hedge because it ceases to be effective, it is restated to market value and any profit or loss arising is deferred and amortised into interest income or expense over the remaining life of the item previously being hedged.

Foreign currency transactions

Interest income and expense denominated in foreign currency is translated into sterling at the rate of exchange current on the date of the receipt or payment, unless it is hedged, in which case it is translated at the underlying rate of exchange inherent in the associated hedge contract. Assets and liabilities denominated in foreign currency that are hedged by means of matching foreign currency contracts are included in the balance sheet at the exchange rate inherent in those contracts.

Other assets and liabilities denominated in foreign currency are included at the rate of exchange current at the balance sheet date.

Exchange differences arising on currency conversion are dealt with in the profit and loss account.

Mortgage incentives

Incentive costs of discounts, fixed rate and other similar mortgage products are expensed in equal annual amounts over the effective incentive clawback period for early redemption of these products. Early repayment charges, designed to recover incentive costs, are normally charged to customers on prepayment of loans within contractually agreed periods of time, ie the clawback period. Other forms of incentives, such as valuation fees which are not directly linked to the interest rate on the mortgage, are expensed through the profit and loss account as they are incurred.

All incentives which are not subject to incentive clawback periods and any excess cost of an incentive over and above the cost recoverable by the clawback are written off as incurred. The costs of mortgage incentives are charged against interest receivable.

Securitisation

Securitisation transactions are reported in accordance with FRS 5 "Reporting the Substance of Transactions". Where assets are sold under securitisation, if there is no significant change to the Group's rights and benefits to those assets and its exposure is limited to a fixed monetary ceiling, linked presentation is used. Under linked presentation, only the net amount of the Group's interests in the assets is consolidated, and the related gross amounts are shown on the face of the balance sheet. The interest attributable to the Northern Rock Group is included in the profit and loss account under the heading "interest receivable". The other income and expenses are included within "other operating income". Where the conditions for linked presentation are not met, the transactions are accounted for by separate presentation of the gross assets and the related funding, and all profit and loss transactions are included within the appropriate captions in the profit and loss account. The special purpose vehicles used for these transactions are accounted for as quasi subsidiaries (see note 16).

Revenue recognition

Interest income is recognised in the profit and loss account on an accruals basis, except for income on loans taken into possession which is taken to income when it is received.

Fees receivable from customers to reimburse the Group for costs incurred are taken to the profit and loss account when due. Fees and commissions receivable relating to ongoing services are taken to income when the related service is performed, and fees in lieu of interest are taken to income on a level yield basis over the life of the loan.

2. Prior year adjustment

The Group has implemented the requirements of Urgent Issues Task Force ("UITF") Abstract 38 – "Accounting for ESOP Trusts" with effect from 1 January 2004. As a result, holdings of Ordinary Shares in Northern Rock plc owned by the Group's employee share ownership trusts are now shown as a deduction from shareholders' funds. Previously they were shown as part of other assets in the balance sheet. Purchases and sales of Northern Rock plc Ordinary Shares are now accounted for as movements in shareholders' funds and no gains and losses are reflected in the profit and loss account. UITF Abstract 38 also amends UITF Abstract 17 – "Employee Share Schemes" to reflect the consequences for the profit and loss account of the changes in the presentation of an entity's own shares held by an ESOP trust. The charge to the profit and loss account in respect of shares and share options granted to employees that are expected to be met from shares held by employee share trusts is now based on the difference between the value on the date of grant and the exercise price. Previously, where shares were purchased to meet these obligations, the charge was based on the carrying value of the shares.

The effect of this change in accounting policy, which has been accounted for as a prior year adjustment, is to increase staff costs and decrease profit for the year ended 31 December 2004 by £0.1m (year to 31 December 2003 – £0.2m). The effect on other assets, other liabilities, staff costs and shareholders' funds at the balance sheet dates is as follows:

	Group		Company	
	2004	2003	**2004**	2003
	£m	£m	**£m**	£m
Reduction in shareholders' funds – beginning of year (note 33)	**(48.0)**	(44.5)	**(47.3)**	(44.0)
Movement in relation to own shares (note 34)	**5.8**	(3.3)	**5.8**	(3.3)
Increase in staff costs during year	**(0.1)**	(0.2)	**(0.1)**	–
Reduction in shareholders' funds – end of year	**(42.3)**	(48.0)	**(41.6)**	(47.3)
The reduction in shareholders' funds comprises:				
Reduction in other assets	**(42.3)**	(48.8)	**(42.3)**	(48.8)
Reduction in other liabilities	**–**	0.8	**0.7**	1.5
	(42.3)	(48.0)	**(41.6)**	(47.3)

The cumulative difference in the amount credited through the Group profit and loss account in the period up to 31 December 2003 amounted to £0.3m.

3. Other interest receivable and similar income

	2004	2003
	£m	£m
On secured advances	**1,348.2**	983.3
On other lending	**412.1**	296.6
	1,760.3	1,279.9

4. Interest payable

	2004	2003
	£m	£m
On retail customer accounts	**689.7**	559.5
On other deposits and loans	**760.6**	514.6

On tier one notes	**13.0**	11.4
Total interest payable on subordinated liabilities	**118.3**	90.7
	1,568.6	1,164.8

5. Sale of credit card portfolio

On 30 May 2003, the Group sold its credit card portfolio to The Co-operative Bank. The surplus on sale amounted to £7.3m and is recorded in other income. The credit card portfolio comprised approximately 90,000 accounts with outstanding balances of £217m. As part of the agreement Northern Rock offers credit cards, issued by The Co-operative Bank, to Northern Rock customers under the Northern Rock brand.

6. Administrative expenses

Average number of staff (including Executive Directors) employed by the Group	**3,916**	**1,064**	3,448	952

7. Pension commitments

The Company operates the Northern Rock Pension Scheme (the "Scheme") to provide retirement benefits for staff. Staff who joined the Scheme before 1 July 1999 participate in the funded, contracted-out, defined benefit section of the Scheme unless they opt out. Other staff, including those employed at 1 July 1999 but not members of the defined benefit section of the Scheme at that date, together with staff employed from 1 July 1999, participate in the contracted-in defined contribution section of the Scheme unless they opt out. The assets of both sections of the Scheme are held in a trustee-administered fund separate from the assets of Northern Rock plc.

The Company has continued to account for pensions in accordance with SSAP 24. FRS 17 "Retirement Benefits" was issued in November 2000 but requires only phased transitional disclosures for the Company until the year ending 31 December 2005. These disclosures, to the extent not given in (a), are set out in (b) below.

(a) The most recent triennial valuation of the Scheme was performed as at 5 April 2003 by Watson Wyatt LLP, consulting actuaries, using the projected unit method. The principal actuarial assumptions adopted in that valuation were that, over the long term, the rate of return on existing and future investments will exceed pension increases by 3.50% per annum and increases in pensionable earnings by 2.25% per annum. At 5 April 2003, the market value of the fund was £158.6m which represented 97.3% of the market value of the benefits that had accrued to the valuation date. The next full actuarial valuation is due to be carried out as at 5 April 2006.

During 2004, the Company paid employer's contributions of 15.9% of basic pensionable earnings throughout the year (2003 14.8% until 5 April 2003 and 15.9% thereafter) in respect of the defined benefit section of the Scheme. In addition, members of the defined benefit section of the Scheme paid employee contributions of 5% (2003 5%). During 2004, the Company paid employer's contributions in respect of the defined contribution section of the Scheme at an average rate of 6.0% (2003 6.0%). Additional National Insurance costs were also incurred as a result of the defined contribution section of the Scheme being contracted-in to SERPS. In addition, members of the defined contribution section of the Scheme paid contributions at an average rate of 4.3% (2003 4.3%).

The total pensions charge to the Group profit and loss account for 2004, as calculated by Watson Wyatt LLP, independent qualified actuaries, in respect of employer's contributions to the Northern Rock Pension Scheme, was £8.9m (2003 £8.6m), of which £7.1m was in respect of the defined benefit scheme (2003 £7.0m) and £1.8m in respect of the defined contribution scheme (2003 £1.6m). The charge for the defined benefit scheme in 2004 includes £3.7m arising from the underfunding of the Scheme adjusted for the level of prepayment (2003 £3.6m). In accordance with SSAP 24, surpluses and deficiencies, adjusted for the level of prepayment, are being amortised over the average remaining service lives of the employees in the defined benefit scheme, estimated at 13 years.

The prepayment in relation to the Scheme at 31 December 2004 was £28.9m (2003 £30.6m).

(b) The valuation used for FRS 17 disclosures has been based on the most recent triennial actuarial valuation at 5 April 2003 and updated by Watson Wyatt LLP to take account of the requirements of FRS 17 in order to assess the liabilities of the Scheme at 31 December 2004. Scheme assets are stated at their market value at 31 December 2004.

The financial assumptions used to calculate Scheme liabilities under FRS 17 are:

	2004	2003	2002
Discount rate	**5.30%**	5.40%	5.60%
Inflation rate	**2.75%**	2.65%	2.30%
Pensions in payment increases	**3.10%**	3.00%	3.00%
Deferred pensions increases	**2.75%**	2.65%	2.30%
Salary increases	**4.50%**	4.40%	4.05%

7. Pension commitments (continued)

The assets in the Scheme and the expected rate of return were:

	Long-term rate of return expected at 31 Dec 2004	**Market value at 31 Dec 2004 £m**	Long-term rate of return expected at 31 Dec 2003	Market value at 31 Dec 2003 £m	Long-term rate of return expected at 31 Dec 2002	Market value at 31 Dec 2002 £m
Equities	**8.1%**	**106.2**	8.1%	96.0	8.6%	79.6
Bonds	**5.0%**	**80.4**	5.1%	74.9	4.5%	66.6
Property	**6.7%**	**12.0**	6.8%	7.4	6.5%	7.6
Cash	**4.8%**	**1.1**	3.8%	1.2	4.0%	0.4
Total	**6.7%**	**199.7**	6.8%	179.5	6.7%	154.2

	31 Dec 2004 £m	31 Dec 2003 £m
Scheme deficit:		
Total market value of assets	**199.7**	179.5
Present value of Scheme liabilities	**(251.4)**	(226.1)
Deficit in the Scheme	**(51.7)**	(46.6)
Related deferred tax asset	**15.5**	14.0
Net pension liability	**(36.2)**	(32.6)

Proforma reserves:	**31 Dec 2004 £m**	31 Dec 2003 (as restated) £m
Profit and loss reserve	**1,403.9**	1,201.9
Pension liability	**(36.2)**	(32.6)
Less SSAP24 pension fund prepayment net of related deferred tax asset of £8.7m (2003 £9.2m)	**(20.2)**	(21.4)
Proforma profit and loss reserve if FRS 17 adopted	**1,347.5**	1,147.9

The position shown represents the funded status of the Scheme based on market conditions at 31 December 2004. Market related calculations such as these are subject to daily variations. The deficit disclosed does not represent a debt on the employer. Contributions to the Scheme will continue to be determined in accordance with the Trustees' funding valuation, the next one being due in April 2006, or any interim valuations undertaken by the Trustees or the Company. The rules of the Northern Rock Pension Scheme (final salary section) permit both employer and employee pensions contributions to be increased to meet part of any deficit.

The following disclosures show the amounts that would have been chargeable to the profit and loss account and to the statement of total recognised gains and losses in respect of the non-money purchase benefits provided by the Scheme if FRS 17 had been fully implemented in 2004.

Analysis of the amount chargeable to administrative expenses

General provision	31.7	8.7	28.5	68.9
	34.8	10.6	60.0	105.4
At 31 December 2004:				
Specific provision	3.4	1.0	45.5	49.9
General provision	32.9	11.2	37.0	81.1
	36.3	12.2	82.5	131.0

9. Provisions for bad and doubtful debts (continued)

Interest has been suspended on impaired loans as follows:

	Group and Company		
	On advances secured on residential property £m	On other secured advances £m	Total £m
Interest suspended at 1 January 2004	1.9	3.9	5.8
Movement in suspended interest during the year:			
Interest suspended	1.3	0.6	1.9
Receipts of interest previously suspended	(0.6)	–	(0.6)
Amounts written off	(0.2)	(0.5)	(0.7)
Interest suspended at 31 December 2004	2.4	4.0	6.4

	Group and Company	
	2004 £m	2003 £m
Advances on which interest has been suspended totalled:		
Before provisions	**18.3**	17.8
After provisions	**15.4**	15.3

10. Tax on profit on ordinary activities

	2004 £m	2003 £m
The tax charge for the year comprises:		
UK corporation tax		
Current tax on profits for the year	**115.5**	102.4
Adjustments in respect of prior years	**(3.3)**	(5.8)
Total current tax	**112.2**	96.6
Increase in deferred taxation	**12.8**	15.6
	125.0	112.2

A reconciliation of current tax on profit on ordinary activities at the standard UK corporation tax rate to the Group's actual current tax charge for the years ended 31 December 2004 and 2003 is shown as follows:

	2004 £m	2003 £m
Profit on ordinary activities before tax multiplied by the standard rate of corporation tax in the UK of 30% (2003 30%)	**129.4**	116.0
Effects of:		
Net (non taxable income)/non deductible expenses for tax purposes	**(1.5)**	0.5
Current tax effect of timing differences	**(12.4)**	(14.1)
Adjustments to tax charge in respect of previous periods	**(3.3)**	(5.8)
Current tax charge for period	**112.2**	96.6

Note 38 discloses the book and fair values for some of the Group's financial instruments. The net deficit which would arise from recording these financial instruments at their fair value instead of their book value of £174.8m (2003 £65.4m) has not been recognised in the accounts. Accordingly no provision for the corresponding deferred tax asset of £52.4m (2003 £19.6m) has been made.

11. Profit on ordinary activities after taxation

Of the profit on ordinary activities after taxation attributable to ordinary shareholders, £262.7m (2003 £227.3m) has been dealt with in the accounts of the Company. As permitted by section 230 of the Companies Act 1985, the Company's profit and loss account has not been presented separately.

12. Dividends

	2004 pence per share	2003 pence per share	2004 £m	2003 £m
Ordinary Shares:				
Interim (paid)	**8.5**	7.5	**35.2**	31.6
Final (proposed)	**18.0**	15.8	**74.8**	66.2
less paid and payable to ESOP trusts (see note 34)			**–**	(1.5)
	26.5	23.3	**110.0**	96.3

13. Earnings per ordinary share

Earnings per Ordinary Share have been calculated by dividing the profit attributable to the holders of Ordinary Shares in Northern Rock plc of £306.2m (2003 (as restated) £274.4m) by the weighted average number of Ordinary Shares in issue of 413.0m (2003 412.3m).

The weighted average number of Ordinary Shares in issue has been determined after excluding shares held in trust for employee share schemes.

Fully diluted earnings per Ordinary Share have been calculated using the weighted average number of shares in issue together with 3.6m (2003 3.6m) potentially dilutive shares resulting from options granted under employee share schemes.

14. Loans and advances to banks

	Group		Company	
	2004 £m	2003 £m	**2004 £m**	2003 £m
Repayable:				
On demand	**268.9**	973.3	**255.8**	964.1
In not more than three months	**3,017.0**	2,469.9	**2,952.1**	2,366.7
In more than three months but not more than one year	**19.5**	7.0	**14.5**	7.0
	3,305.4	3,450.2	**3,222.4**	3,337.8

The Company is required to maintain balances with the Bank of England, which at 31 December 2004 amounted to £44.0m (2003 £36.3m).

15. Loans and advances to customers

	Group		Company	
	2004 £m	2003 £m	**2004 £m**	2003 £m
Advances secured on residential property	**27,000.7**	23,179.7	**27,000.3**	23,179.1
Other secured advances	**1,278.1**	939.5	**1,278.1**	939.5

	32,869.3	27,355.8	**32,900.9**	27,392.6

16. Securitisation

Loans and advances to customers include portfolios of residential and commercial mortgage loans which are subject to non-recourse financing arrangements. The loans have been purchased by special purpose vehicles, which have primarily issued mortgage backed fixed and floating rate notes to finance the purchases.

The Group is not obliged to support any losses in respect of these mortgages, except as described below, nor does it intend to do so. This is clearly stated in the agreements with noteholders.

Northern Rock plc has made interest bearing subordinated loans to the special purpose vehicles, the repayments of which are subordinated to the claims of the noteholders. In addition, mortgage indemnity guarantee (MIG) insurance is provided on certain loans to the vehicles purchasing residential mortgage loans by a subsidiary of Northern Rock plc. Since 1 January 2003, Northern Rock plc has not taken out MIG insurance in respect of new loans. Existing cover remains in force. Northern Rock plc does not guarantee the liabilities of this subsidiary. In the Group accounts, a separate presentation of assets and liabilities has been adopted to the extent of the insurance cover provided by the subsidiary.

16. Securitisation (continued)

Northern Rock plc has an option to sell further mortgage loans to the special purpose vehicles where at the end of any interest period the rate of repayment of principal in the vehicle exceeds the level agreed at the date of sale of the loans. Northern Rock plc has no right or obligation to repurchase the benefit of any securitised loan except to the extent that the loan breaches representations and warranties given at the date of sale. It does, however, have the option to repurchase loans from the vehicles, on being offered the opportunity to do so by the vehicles, where the borrower requests a further advance or a change in product type.

Northern Rock plc has entered into a number of interest rate swaps with the vehicles. These convert interest flows from the mortgage loans into LIBOR based interest flows to match the interest flows payable on the floating rate notes.

During the year, Northern Rock plc assigned portfolios of residential mortgage loans with a book value of £16.7 billion to Granite Finance Trustees Limited. Granite Finance Funding Limited acquired, at book value, an interest in the trust property vested in Granite Finance Trustees Limited. This beneficial interest was acquired in three separate transactions, the first on 28 January 2004 for £3.5 billion, the second on 26 May 2004 for £3.6 billion and the third on 22 September 2004 for £4.0 billion. Granite Finance Funding Limited funded its acquisitions through borrowings from its subsidiary companies, Granite Mortgages 04-1 plc, Granite Mortgages 04-2 plc and Granite Mortgages 04-3 plc. These companies principally funded their loans to Granite Finance Funding Limited through the issue of mortgage backed fixed and floating rate notes.

The balances of assets subject to securitisation and the associated non-recourse finance at 31 December 2004 are set out below.

Securitisation company	Date of securitisation	Gross assets securitised	Non-recourse finance	Subordinated loans made by the Group
Residential:		£m	£m	£m
Granite Mortgages 99-1 plc	1 October 1999	105.0	95.3	–
Granite Mortgages 00-1 plc	1 March 2000	280.1	267.0	–
Granite Mortgages 00-2 plc	25 September 2000	576.4	512.2	4.4

Total commercial		290.8	216.4	19.1
Maximum extent of insurance cover provided by subsidiary			(125.0)	
Total		22,339.2	22,103.7	327.2

[1] Represents the interest in the trust property at book value held by Granite Finance Funding Limited relating to the debt issued by these companies.

No subordinated debt was issued by Granite Mortgages 01-1 plc to Northern Rock plc in relation to the funding of a first loss reserve fund. However, Granite Mortgages 01-1 plc's parent company, Granite Finance Funding Limited, retained £20 million from the proceeds of debt issuance to fund this reserve. This amount is repayable only after full repayment of the notes.

Interest income earned by Northern Rock plc in respect of the retained interest in Granite Trustees Limited and Dolerite Trustees Limited is recorded in the profit and loss account within "other interest receivable and similar income".

Northern Rock plc does not own directly or indirectly any of the share capital of these companies or of their parent. The Group receives administration fees for servicing the mortgage portfolios together with any residual income arising after the claims of the bondholders and other creditors are met.

At 31 December 2004 the special purpose companies had cash deposits with Northern Rock plc amounting to £1,396.0m. At 31 December 2003 such deposits were held by other third party banks. As such the total gross assets securitised available to meet non-recourse finance amount to £23,735.2m (2003 £15,678.7m).

An aggregated summary of the results for the years ended 31 December 2004 and 2003, and summarised balance sheets as at 31 December 2004 and 2003 for the above companies are set out below.

16. Securitisation (continued)

	2004 £m	2003 £m
Interest receivable	**998.5**	696.0
Interest payable	**(953.9)**	(538.3)
Interest receivable on cash deposits with Northern Rock	**46.9**	–
Fixed rate swaps payable to Northern Rock	**(1.7)**	(65.4)
Other swaps and net interest payable to Northern Rock	**31.4**	(34.7)
Net interest receivable	**121.2**	57.6
Other income net of administrative and other expenses payable to third parties	**19.8**	9.0
Administrative expenses payable to Northern Rock	**(141.0)**	(66.6)
Profit for the financial period	**–**	–
Loans and advances to banks	**423.9**	1,200.4
Cash deposits held with Northern Rock	**1,396.0**	–
Loans and advances to customers	**21,021.1**	14,130.3
Amounts owed by Group companies	**18.6**	4.2
Other assets	**16.1**	–
Total assets	**22,875.7**	15,334.9
Debt securities in issue	**22,228.7**	14,983.3
Amounts owed to Group companies	**645.9**	338.3
Other liabilities	**1.1**	13.3
Total liabilities	**22,875.7**	15,334.9

The interest attributable to the Northern Rock Group is included in the Group profit and loss account under the heading, "Interest receivable". The other income and expenses are included within "Other operating income". The securitisation companies are accounted for as quasi subsidiaries (see note 1).

The balance sheets above reconcile to the linked presentation in the Group balance sheet as follows:

	2004 £m	2003 £m
Loans and advances to banks	**423.9**	1,200.4
Loans and advances to customers	**21,021.1**	14,130.3
Other assets	**16.1**	–
Other liabilities	**(1.1)**	(13.3)
Retained interest in Granite Trustees Limited and Dolerite Trustees Limited	**879.2**	361.3
	22,339.2	15,678.7
Debt securities in issue	**22,228.7**	14,983.3
Maximum extent of insurance cover provided by subsidiary (included in other creditors – note 27)	**(125.0)**	(150.9)
	22,103.7	14,832.4

In addition to the transactions above which are accounted for under linked presentation, Northern Rock assigned a portfolio of unsecured loans amounting to £749.7m to Flint Receivables Trustees Limited on 8 December 2003. Flint Consumer Loans No. 1 Limited purchased an interest amounting to £595.0m in the trust property on the same date, funded by the issue of asset backed notes. The noteholders have a proportionate interest in each balance in the portfolio, and at 31 December 2004 this interest amounted to £595.0m (2003 £595.0m). This securitisation does not qualify for linked presentation and therefore the total portfolio is included within unsecured loans as part of loans and advances to customers not subject to securitisation. The funding giving rise to the noteholders' interests is included within debt securities in issue.

Included within loans and advances to customers not subject to securitisation are £1,977.6m of mortgage advances assigned to a bankruptcy remote special purpose vehicle. These loans provide security to an issue of covered bonds of €2.0 billion (£1,340.8m equivalent) made by Northern Rock on 4 May 2004, which are included within debt securities in issue. Northern Rock retains substantially all the risks and rewards associated with these loans and therefore this transaction does not qualify for linked presentation or sale treatment.

17. Debt securities

Group	2004 Book value £m	2004 Market value £m	2003 Book value £m	2003 Market value £m
Investment securities				
Issued by public bodies:				
Government securities	**1,289.0**	**1,312.4**	1,143.2	1,162.6

Net book amount:		
At 31 December 2004	575.6	458.1
At 31 December 2003	410.8	319.9

All equity shares and other variable yield securities are held with the intention of use on a continuing basis in the Group's activities and are classified as financial fixed assets.

19. Shares in group undertakings

	Company £m
Cost:	
At 1 January 2004	217.2
Distribution from subsidiary	(92.4)
At 31 December 2004	124.8
Provisions:	
At 1 January 2004 and 31 December 2004	4.3
Net book amount:	
At 31 December 2004	120.5
At 31 December 2003	212.9

The Company's interest in subsidiary undertakings are analysed as follows:

	2004 £m	2003 £m
Credit institutions	**50.0**	50.0
Other	**70.5**	162.9
	120.5	212.9

The principal subsidiaries of Northern Rock plc at 31 December 2004 are listed below, all of which are directly held and wholly owned by the Company, and all of which operate in their country of incorporation or registration.

	Nature of business	Country of incorporation or registration
Northern Rock Mortgage Indemnity Company Limited	Provision of mortgage indemnity insurance	Guernsey
Northern Rock (Guernsey) Limited	Retail deposit taker	Guernsey

In addition, Granite Mortgages 99-1 plc, Granite Mortgages 00-1 plc, Granite Mortgages 00-2 plc, Granite Mortgages 01-1 plc , Granite Mortgages 01-2 plc, Granite Mortgages 02-1 plc, Granite Mortgages 02-2 plc, Granite Mortgages 03-1 plc, Granite Mortgages 03-2 plc, Granite Mortgages 03-3 plc, Granite Mortgages 04-1 plc, Granite Mortgages 04-2 plc, Granite Mortgages 04-3 plc and Dolerite Funding No. 1 plc, all companies incorporated in England and Wales, and Granite Finance Funding Limited, Granite Finance Trustees Limited and Dolerite Mortgages Trustee Limited, all companies incorporated in Jersey, have been accounted for as quasi-subsidiaries (see note 1).

Northern Rock acquired all the issued share capital of Legal & General Bank Limited (renamed Northern Rock Holdings No. 1 Limited) and Legal & General Mortgage Services Limited (renamed Northern Rock Holdings No. 2 Limited) on 1 August 2002. On 9 November 2002 the assets and undertakings of each of these companies were transferred to Northern Rock plc, and neither have any continuing operations. During 2003, Northern Rock Holdings No. 1 Limited surrendered its permission under Part IV, Financial Services and Markets Act 2000 to accept deposits and is therefore no longer regarded as a credit institution. During 2004 Northern Rock Holdings No. 1 Limited paid a capital distribution to Northern Rock plc of £92.4m.

At 31 December 2003	35.8	45.5	0.7	70.6	3.9	156.5

Net book amount of land and buildings occupied for own use: 2004 £83.0m (2003 £80.0m).

22. Other assets

	Group 2004 £m	Group 2003 (as restated) £m	Company 2004 £m	Company 2003 (as restated) £m
Deferred taxation	–	–	**18.4**	16.6
Dividends receivable	–	–	**6.9**	7.2
Other assets	**69.6**	76.6	**61.0**	61.5
	69.6	76.6	**86.3**	85.3

22. Other assets (continued)

The full movement on deferred taxation (payable)/recoverable was as follows:

	Group		Company	
	2004	2003	**2004**	2003
	£m	£m	**£m**	£m
At 1 January	**(19.0)**	(3.4)	**16.6**	13.3
(Charge)/credit for year	**(12.8)**	(15.6)	**1.8**	3.3
At 31 December	**(31.8)**	(19.0)	**18.4**	16.6

The amounts (payable)/recoverable in respect of deferred taxation relate to:

	Group		Company	
	2004	2003	**2004**	2003
	£m	£m	**£m**	£m
Excess of capital allowances over depreciation	**(9.3)**	(8.8)	**(8.9)**	(8.5)
Other timing differences	**(22.5)**	(10.2)	**27.3**	25.1
	(31.8)	(19.0)	**18.4**	16.6

23. Prepayments and accrued income

	Group		Company	
	2004	2003	**2004**	2003
	£m	£m	**£m**	£m
Deferred mortgage incentives	**279.3**	236.9	**279.3**	236.9
Accruals on derivatives	**163.1**	111.5	**163.1**	111.5
Accrued interest	**79.7**	65.5	**77.2**	63.2
Pension fund prepayment	**28.9**	30.6	**28.9**	30.6
Other	**195.9**	120.3	**291.0**	255.9
	746.9	564.8	**839.5**	698.1
Included above:				
Deferred mortgage incentives chargeable to the profit and loss account in more than one year	**114.3**	99.9	**114.3**	99.9

The movements on deferred mortgage incentives were as follows:

	Group and Company	
	2004	2003
	£m	£m
At 1 January	**236.9**	257.5
Additions	**482.5**	327.1
Amortisation	**(440.1)**	(347.7)
At 31 December	**279.3**	236.9

Additions to deferred mortgage incentives in the year is the amount that would have been charged to the profit and loss account for the year if incentives were not being amortised.

24. Deposits by banks

	Group		Company

Other accruals	**22.5**	29.4	**19.8**	24.4
	539.8	475.3	**544.9**	464.2

29. Subordinated liabilities

	Group and Company	
	2004 £m	2003 £m
Dated		
5.625% Subordinated bonds due 2015	**300.0**	300.0
11.734% Subordinated loan 2016	**20.0**	20.0
5.75% Subordinated bonds due 2017	**250.0**	250.0
10$\frac{3}{8}$% Subordinated bonds due 2018	**50.0**	50.0
9$\frac{3}{8}$% Subordinated bonds due 2021	**149.3**	149.2
Undated		
12$\frac{5}{8}$% Perpetual subordinated notes	**19.8**	19.8
8% Undated subordinated notes	**61.5**	61.5
6.75% Fixed rate step-up undated subordinated notes	**200.0**	200.0
Floating rate undated subordinated notes	**69.0**	69.0
5.6% Undated subordinated notes	**396.1**	–
	1,515.7	1,119.5

The 5.625% subordinated bonds due 2015 are not redeemable in the ordinary course of business before 13 January 2010.

The 11.734% subordinated loan 2016 is repayable in five equal annual instalments from 2012 to 2016.

The 5.75% subordinated bonds due 2017 are not redeemable in the ordinary course of business before 28 February 2012.

The 10$\frac{3}{8}$% subordinated bonds due 2018 are not redeemable in the ordinary course of business before 25 March 2018.

The 9$\frac{3}{8}$% subordinated bonds due 2021 are not redeemable in the ordinary course of business before 17 October 2021.

The 12$\frac{5}{8}$% perpetual subordinated notes were created on the transfer of business from Northern Rock Building Society and were issued to holders of Permanent Interest Bearing Shares of the Society.

The 8% undated subordinated notes are denominated in US dollars; the proceeds and coupon payments have been swapped into sterling. The notes became redeemable on 15 June 2004 and may subsequently be redeemed in the ordinary course of business on coupon dates which fall on 15 March, 15 June, 15 September and 15 December.

The 6.75% fixed rate step-up undated subordinated notes are not redeemable in the ordinary course of business before 17 June 2024.

The floating rate undated subordinated notes are denominated in US dollars; the proceeds and coupon payments have been swapped into sterling. They are not redeemable in the ordinary course of business before 23 February 2011. Interest is payable at 1% above 3 month US$ LIBOR.

The 5.6% undated subordinated notes are denominated in US dollars; the proceeds and coupon payments have been swapped into sterling. The notes are not redeemable in the ordinary course of business before 30 April 2014.

All subordinated liabilities, other than the 8% undated subordinated notes, the floating rate undated subordinated notes and the 5.6% undated subordinated notes are denominated in sterling. All are ranked equally between and within issues.

Redemptions of any dated subordinated notes prior to their final maturity date and any undated subordinated notes are subject to obtaining prior consent of the Financial Services Authority.

The rights of repayment of holders of subordinated liabilities are subordinated to the claims of other creditors.

The dated subordinated liabilities are repayable as follows:

	Group and Company	
	2004 £m	2003 £m
In more than five years	**769.3**	769.2

30. Reserve capital instruments

The reserve capital instruments were issued for a value of £200m on 21 September 2000 and are undated. A further £100m was issued in May 2001. They carry a coupon of 8.399% payable annually in arrears on 21 September each year. At each payment date Northern Rock will decide whether to declare or defer the coupon. If Northern Rock decides to declare the coupon, the holder will receive a cash payment equivalent to the coupon which, at Northern Rock's option, will be achieved either by the payment of cash directly, or by the issue of Ordinary Shares in Northern Rock which, when sold by a trustee in the market, will produce an amount equal to the cash payment. If Northern Rock elects to defer the coupon, it may not declare or pay a dividend on any share until the deferred coupons are satisfied. Deferred coupons and any interest accruing thereon can only be satisfied through the issue of shares. The coupon has been swapped into a variable rate payment.

Northern Rock has a call option after 15 years, which it can only exercise with the consent of the Financial Services Authority. If the issue is not called, the coupon resets to yield 4.725% above the prevailing 5-year benchmark Gilt rate.

The maximum amount of reserve capital instruments permitted to be included in Tier 1 for regulatory capital purposes is 15% of overall Tier 1 capital, as defined by the Financial Services Authority. Any excess is allocated to Upper Tier 2 capital

31. Tier one notes

The tier one notes were issued for a value of £200m on 21 August 2002 and are undated. They carry a coupon of 7.053% payable annually in arrears on 21 September each year. At each payment date Northern Rock will decide whether to declare or defer the coupon. If Northern Rock decides to defer the coupon, this can then only be satisfied upon the date on which the issue is redeemed. No interest will accrue on any deferred coupon. If Northern Rock defers the coupon, it may not pay a dividend on any share or pay any coupon on the reserve capital instruments, nor redeem or repurchase any of its share capital or reserve capital instruments until it next makes a coupon payment for the tier one notes. Deferred coupons can only be satisfied through the issue of Ordinary Shares.

The coupon has been swapped into a variable rate payment.

Northern Rock has a call option after 25 years, which it can only exercise with the consent of the Financial Services Authority. If the issue is not called, the coupon resets to yield 1.835% above 6-month LIBOR.

The full amount of tier one notes is permitted for inclusion within Tier 1 for regulatory capital purposes.

32. Called up share capital

	Ordinary Shares of 25p each Number	Foundation Shares of 25p each Number	Total Number	Ordinary Shares of 25p each £m	Foundation Shares of 25p each £m	Total £m
Authorised:						
At 31 December 2004 and 31 December 2003	614.0m	104.5m	718.5m	153.5	26.1	179.6
Issued and fully paid:						
At 31 December 2004 and 31 December 2003	421.2m	74.4m	495.6m	105.3	18.6	123.9

The Foundation Shares are held by The Northern Rock Foundation. These shares carry no rights to dividends but rank pari passu with the Ordinary Shares in respect of other distributions and in the event of a winding up. Because they carry no rights to dividends, they have been omitted in the calculation of earnings per share (see note 13). These shares do not confer any rights in relation to attendance or voting at any general meeting of the Company.

The following options to acquire Ordinary Shares were outstanding at 31 December 2004 under savings related share option schemes:

- 30,921 (31 December 2003 36,444) at an option price of 381p per share exercisable during 2005
- 1,345,521 (31 December 2003 1,394,391) at an option price of 215p per share exercisable on various dates up to 2007
- 825,588 (31 December 2003 912,660) at an option price of 598p per share exercisable on various dates up to 2010

At 31 December 2004, options to acquire 569,770 Ordinary Shares (31 December 2003 945,565) were outstanding under the Northern Rock Employee Share Option Scheme at an option price of 618p per share. These options became exercisable on 1 June 2001 and may be exercised until 2008.

At 31 December 2004, options to acquire 2,985,000 Ordinary Shares (31 December 2003 3,369,000) were outstanding under the Northern Rock Employee Share Option Scheme at an option price of 641p per share. These options are exercisable between 2005 and 2012.

33. Reserves

	Share premium account £m	Capital redemption reserve £m	Profit and loss account £m
Group			
At 1 January 2004			
As previously reported	6.8	7.3	1,249.9
Prior year adjustment re own shares	–	–	(48.0)
As restated	6.8	7.3	1,201.9
Movements in relation to own shares (see note 34)	–	–	5.8

Company			
At 1 January 2004			
As previously reported	6.8	7.3	1,143.4
Prior year adjustment re own shares	–	–	(47.3)
As restated	6.8	7.3	1,096.1
Movements in relation to own shares (see note 34)	–	–	5.8
Retained profit	–	–	152.7
At 31 December 2004	6.8	7.3	1,254.6

34. Own shares

The amounts deducted from the profit and loss reserve in respect of own shares, which are held at cost, are as follows:

	Group and Company	
	2004	2003
	£m	£m
Own shares in relation to employee share schemes	**55.3**	58.2
Movements in the amount deducted from reserves in respect of own shares have been as follows:		
At 1 January	**58.2**	53.9
Purchase of shares	**6.0**	15.5
Use of shares on exercise of employee options and for other employee share plans	**(8.9)**	(11.2)
	(2.9)	4.3
Closing shareholders' funds	**55.3**	58.2
The credit/(charge) to the profit and loss account reserve has been as follows:		
Surplus on transactions in own shares	**2.9**	1.0
Net decrease/(increase) in cost of own shares	**2.9**	(4.3)
	5.8	(3.3)

Northern Rock plc sponsors The Northern Rock Employee Trust, The Northern Rock Employee Profit Sharing Scheme and The Northern Rock Qualifying Employee Share Ownership Trust which are discretionary trusts for the benefit of employees and former employees of Northern Rock plc. The Company has provided funds to the trustees to enable them to purchase Northern Rock plc Ordinary Shares, which are used to satisfy options granted by the Company or to meet commitments arising under other employee share schemes. The cost of providing these shares is charged to the profit and loss account on a systematic basis over the period that the employees are expected to benefit. In accordance with the rules of The Northern Rock Qualifying Employee Share Ownership Trust, dividends on shares held by that trust are waived. At 31 December 2004 this trust held 2,054,261 shares (2003 2,056,063). With effect from the 2004 interim payment, dividends on shares held by The Northern Rock Employee Trust are waived. At 31 December 2004 this trust held 5,779,139 shares.

At 31 December 2004, a total of 8,344,641 shares were held by the trustees (2003 9,239,017) with a market value of £65.2m (2003 £66.1m). These shares are excluded from the weighted average number of Ordinary Shares when calculating earnings per Ordinary Share (see note 13).

35. Reconciliation of movements in shareholders' funds

	Group		Company	
	2004	2003 (as restated)	**2004**	2003 (as restated)
	£m	£m	**£m**	£m
Profit retained	**196.2**	178.1	**152.7**	129.5
Net addition to shareholders' funds	**196.2**	178.1	**152.7**	129.5
Opening shareholders' funds as previously reported	**1,339.9**	1,209.6	**1,234.1**	1,151.9
Prior year adjustment re own shares				
Reduction in shareholders' funds prior to 1 January 2003	–	(44.5)	–	(44.0)
Movement in relation to own shares (see note 34)	–	(3.3)	–	(3.3)
	–	(47.8)	–	(47.3)
Movement in relation to own shares (see note 34)	**5.8**	–	**5.8**	–
Closing shareholders' funds	**1,541.9**	1,339.9	**1,392.6**	1,234.1

36. Guarantees and other financial commitments

(i) The Company has an obligation under the Building Societies Act 1986, as successor company to Northern Rock Building Society, to honour the financial commitments of its subsidiaries and associated bodies linked by resolution, incurred prior to 11 June 1996 insofar as those bodies are unable to discharge them out of their own assets. The Company has agreed to continue this obligation in respect of liabilities of Northern Rock (Guernsey) Limited.

(ii) The Company has given indemnities to the National House Building Council in respect of certain of its house building operations.

(iii) Capital commitments at 31 December in respect of authorised expenditure were as follows:

	Group		Company	
	2004 £m	2003 £m	**2004 £m**	2003 £m
Contracted for	**6.2**	24.1	**3.2**	3.0

(iv) Leasing commitments at 31 December in respect of annual commitments under operating leases are as follows:

	Group		Company	
	2004 £m	2003 £m	**2004 £m**	2003 £m
Land and buildings				
Leases which expire:				
Within one year	**0.1**	0.2	**0.1**	0.2
In one to five years	**0.8**	0.4	**0.8**	0.4
Over five years	**2.0**	2.7	**3.1**	3.8

	1,488.5	1,018.5	**1,504.0**	1,034.0

37. Derivatives and other financial instruments

The Group's approach to risk management and the related use of derivative instruments is described below.

Risk management

Management of risk is fundamental to the business of banking and is an integral part of the Group's strategic focus. The Group's risk management governance structure begins with oversight responsibility by the Board of Directors. Assisting the Board, the Audit Committee of Non-Executive Directors advises the Board on all matters relating to regulatory, prudential and accounting requirements that may affect the Group and reports to the Board on both financial and non-financial controls. The Risk Committee comprising three Non-Executive and the Executive Directors reviews the key risks inherent in the business and the system of control necessary to manage such risks.

In addition, the Management Board Asset and Liability Committee, which comprises the Executive Directors, the Company Secretary and ten other senior executives, has been delegated the responsibility to oversee the management and review of the balance sheet risk and liquidity profiles. The Management Board Asset and Liability Committee is supported by the director of Risk.

The director of Risk reports on and monitors risks throughout the Group and assists operational business areas in the formulation and implementation of appropriate risk management policies, methodologies and infrastructure. Each business area is responsible for the identification and quantification of their particular operational and credit risk exposures and implementing risk management policies and procedures agreed by the Board.

Credit risk

Credit risk is the potential risk of financial loss arising from the failure of a customer or counterparty to settle its financial and contractual obligations.

The overall day-to-day management of credit risk is delegated to individual business areas. Each business area utilises various qualitative and quantitative techniques to measure and manage their respective credit risk exposures. This includes the use of various credit risk mitigation techniques such as netting.

The customer loan risk management process incorporates sophisticated credit scoring systems to differentiate the credit risk associated with residential mortgage loans and unsecured loans, both at individual transaction and portfolio levels.

Credit exposure limits for corporates and financial institutions are primarily based on the credit ratings assigned by the rating agencies. Credit limits are monitored by the Management Board Asset and Liability Committee to ensure they remain within authorised counterparty credit limits as detailed in the Credit Risk Policy Statement approved by the Board of Directors.

Liquidity risk

Liquidity risk arises from the mismatch in the cash flows generated from on balance sheet assets and liabilities, and the interest flows of off balance sheet instruments.

The Board of Directors has approved a Liquidity Policy statement which is compliant with the supervisory framework set by the Financial Services Authority ("FSA"). These policies ensure that the Group is able to meet retail deposit withdrawals – either on demand or at contractual maturity – to repay wholesale borrowings as they mature and to meet current lending objectives. This is achieved by managing a diversified portfolio of high quality liquid assets, and a balanced maturity profile of wholesale and retail funds. Regular reports are made to the FSA detailing the Group's sterling stock liquidity.

Operational risk

Operational risk is the potential risk of financial loss or impairment to reputation arising from failures in operational processes or the systems that support them. To minimise operational risk, the Group maintains a system of control commensurate with the characteristics of the business and markets in which the Group operates, best practice principles and regulatory considerations. Where necessary, the Management Board Asset and Liability Committee will establish a project team, comprising senior business line managers, to devise and implement a suitable action plan to mitigate specific operational risk exposures.

Market risk

Market risk is the risk to earnings arising from changes in interest rates, foreign exchange rates and the price of financial securities.

(i) Interest rate risk

As a UK based mortgage institution, Northern Rock offers numerous banking, mortgage and savings products with varying interest rate features and maturities which create potential interest rate exposures.

The Board of Directors has approved a Balance Sheet Structural Risk Management and Hedging Policy Statement that details the policies, procedures and controls for managing risk, including interest rate risk and the use of derivatives. This policy is reviewed regularly by the Management Board Asset and Liability Committee which is responsible for ensuring that balance sheet exposures are managed within the Group's policies and operational limits.

All structural interest rate risk positions and interest rate sensitivity tests are reported to the Management Board Asset and Liability Committee on a regular basis.

(ii) Currency risk

In addition to raising funds through the sterling money markets, capital markets and domestic retail savings market, the Group raises funds through issuing Euro Commercial Paper, US Dollar Commercial Paper, non-sterling denominated medium-term debt securities (including covered bonds) and non-sterling denominated retail funds. The Group's policy is to fully hedge any exchange rate exposures by using cross-currency swaps and forward foreign exchange contracts, or to match exposures with assets denominated in the same currency. Any non-sterling denominated assets are also fully hedged in this manner or matched with non-sterling denominated liabilities.

Derivatives

The Board of Directors has authorised the use of derivative instruments for the purpose of supporting the strategic and operational business activities of the Group and reducing the risk of loss arising from changes in interest rates and exchange rates. All use of derivative instruments within Northern Rock is to hedge risk exposure, and the Group takes no trading positions in derivatives.

For the purpose of reducing interest rate risk and currency risk, the Group uses a number of derivative instruments. These comprise interest rate swaps, interest rate options, forward rate agreements, interest rate and bond futures, currency swaps and forward foreign exchange contracts. The objective, when using any derivative instrument, is to ensure that the risk to reward profile of any transaction is optimised. Where either an off balance sheet derivative instrument or an on balance sheet asset or liability could be used for a specific purpose, or where more than one derivative instrument could be used, the Group will select the instrument which optimises the following conditions:

- Minimise capital utilisation;
- Maximise income or minimise cost;
- Maximise liquidity;
- Minimise administrative and accounting complexity; and
- Minimise the Group's tax liability.

The benefits of using off balance sheet derivative instruments are measured by examining the anticipated consequences of not hedging the perceived risk in terms of revenue or capital loss.

37. Derivatives and other financial instruments (continued)

The following table summarises activities undertaken by Northern Rock, the related risks associated with such activities and the types of derivatives used in managing such risks. Such risks may also be managed using on balance sheet instruments as part of an integrated approach to risk management.

Activity	Risk	Type of hedge
Management of the return on variable rate assets	Reduced profitability due to falls in short-term interest rates	Receive fixed interest rate swaps Purchase interest rate options Sell forward rate agreements Purchase interest rate futures
Fixed-rate lending	Sensitivity to increases in interest rates Sensitivity to decreases in medium/long term interest rates, resulting in prepayment	Pay fixed interest rate swaps Purchase interest rate caps Impose early repayment penalty charges
Fixed-rate retail and wholesale funding	Sensitivity to falls in short-term interest rates	Receive fixed interest rate swaps
Fixed-rate asset investments	Sensitivity to increase in interest rates	Pay fixed interest rate swaps
Re-financing of wholesale funding	Sensitivity to increase in interest rates	Sell bond futures Purchase forward rate agreements Sell interest rate futures
Investment in foreign currency assets	Sensitivity to strengthening of sterling against other currencies	Cross-currency swaps Foreign currency funding
Issuance of bonds in foreign currencies	Sensitivity to weakening of sterling against other currencies	Cross-currency swaps
Interest earned on foreign currency denominated debt securities	Sensitivity to strengthening of sterling against other currencies	Forward foreign exchange contracts Purchase currency options

Derivatives which are combinations of more basic transactions (such as swaps with embedded option features), or which have leverage features, may be used in circumstances where the underlying position being hedged contains the same risk features, for example medium-term note issues based on equity indices or a multiple of an underlying floating market rate. In such cases the derivative used will be structured to match the risks of the underlying asset or liability. Exposure to market risk on such contracts is therefore fully hedged. Credit risk on these contracts is monitored within tightly defined risk limits on the basis of the contractual terms of the instruments, rather than the face or contract amount.

The vast majority of the Group's derivatives activity is contracted with banks and other financial institutions.

The table below shows the underlying principal amount and positive and negative book and fair values of derivatives by type of contract.

Group and Company 2004	Underlying principal amount £m	Positive book values £m	Negative book values £m	Positive fair values £m	Negative fair values £m

1 year or less	2,471.1	2.6	126.4	1.9	112.1
1-5 years	–	–	–	–	–
over 5 years	–	–	–	–	–
	7,791.7	174.3	448.3	167.8	435.9

The positive fair values above represent the gross replacement cost of the Group's derivatives and hence equate to the maximum gross loss it would incur if any party to the derivatives contract failed to perform to its terms. At 31 December 2004 the potential credit exposure after allowing for collateral received was £269.1m (2003 £194.0m).

In addition to the derivatives disclosed above, there are a number of derivatives that have been entered into by the securitisation companies (see note 16). These consist of interest rate swaps and cross currency swaps all with a term of over 5 years. The underlying principal amounts at 31 December 2004 were £1,636.1m and £14,810.2m (2003 £1,257.1m and £10,365.4m). Positive book values amounted to £nil and £270.6m (2003 £nil and £192.5m) and negative book values amounted to £nil and £1,368.5m (2003 £nil and £1,057.8m). Positive fair values were £42.7m and £275.4m (2003 £19.6m and £192.1m) and negative fair values were £0.3m and £1,367.1m (2003 £0.1m and £1,042.6m).

37. Derivatives and other financial instruments (continued)

The following table gives an analysis of the re-pricing periods of assets and liabilities on the Group balance sheet at 31 December.

Items are allocated to time bands in the table below by reference to the earlier of the next contractual interest rate re-pricing date and the residual maturity date.

2004	Within 3 months £m	After 3 months but within 6 months £m	After 6 months but within 1 year £m	After 1 year but within 5 years £m	After 5 years £m	Non-interest bearing funds £m	Total £m

The above tables show the gains and losses on off balance sheet derivative instruments used for hedging by the Group. The gains and losses do not therefore represent absolute gains or losses expected by the Group as they will be substantially offset by corresponding losses or gains from on balance sheet instruments.

Currency risk

No analysis has been provided of the Group's structural currency exposures on the grounds of materiality. Where the Group has transactional currency exposures, it uses a variety of derivative products to eliminate this risk and therefore has no material transactional currency risk.

38. Fair values of financial instruments

The table set out below details the book and fair values for some of the Group's financial instruments. This analysis excludes those financial assets which are not listed or publicly traded, and for which no liquid and active market exists. It therefore excludes loans and advances to customers, retail deposits and certain other balance sheet items.

	2004		2003	
	Book value	**Fair value**	Book value	Fair value
	£m	**£m**	£m	£m
Assets				
Cash and balances at central banks	**10.2**	**10.2**	11.6	11.6
Loans and advances to banks	**3,305.4**	**3,305.4**	3,450.2	3,450.2
Debt securities	**4,743.5**	**4,777.6**	4,186.7	4,218.9
Equity shares and other variable yield securities	**575.6**	**591.1**	410.8	418.5
Liabilities				
Deposits by banks	**1,218.3**	**1,219.5**	1,480.6	1,480.4
Customer accounts – other customer accounts	**3,103.5**	**3,104.0**	2,454.5	2,454.5
Debt securities in issue	**16,557.1**	**16,633.4**	12,785.9	12,769.4
Subordinated liabilities	**1,955.0**	**2,219.9**	1,601.0	1,818.2
Other				
Derivatives receivable	**254.6**	**459.1**	174.3	372.5
Derivatives payable	**(515.3)**	**(601.3)**	(448.3)	(551.3)

Fair value is the amount at which a financial instrument could be exchanged in an arm's length transaction between informed and willing parties, other than in a forced or liquidation sale and excludes accrued interest. Where available, clean market prices have been used to determine fair values for securities converted at the spot rate of exchange where appropriate. For short term and floating rate borrowings the book value approximates to fair value because of short maturities and reset periods. For longer dated fixed rate borrowings where a market price is unavailable, the fair value has been estimated by adjusting the book value to reflect the effect of related hedging derivatives. The fair values of derivatives have been estimated by calculating the present value of estimated future cash flows.

In addition to the financial instruments above, there are a number of financial instruments within the securitisation companies (see note 16) for which the above disclosures are appropriate, which are currently contained within the linked presentation. These are debt securities in issue with a book value of £21,023.6m (2003 £14,023.9m) and a fair value of £21,123.2m (2003 £14,043.1m), derivatives receivable with a book value of £270.6m (2003 £192.5m) and a fair value of £318.1m (2003 £211.7m) and derivatives payable with a book value of £1,368.5m (2003 £1,057.8m) and a fair value of £1,367.4m (2003 £1,042.7m).

39. Non-sterling assets and liabilities

The aggregate amount of all assets and liabilities included in the balance sheet denominated in a currency other than sterling was as follows:

	Group		Company	
	2004	2003	**2004**	2003
	£m	£m	**£m**	£m
Assets	**2,966.5**	2,362.3	**2,955.0**	2,351.0
Liabilities	**13,496.2**	9,463.9	**13,495.3**	9,463.7

The above assets and liabilities denominated in currencies other than sterling do not indicate the Group's exposure to foreign exchange risk. The Group has no material net currency exposures as all borrowings in foreign currencies are either hedged with cross currency swaps or forward foreign exchange agreements, or are matched by assets denominated in the same currency.

40. Related party transactions

(i) At the end of the year the aggregate amounts outstanding from Directors, their connected persons and Officers, in relation to loans from and other credit transactions with the Company, and the number of persons concerned, were as follows:

	Directors		Officers	
	2004	2003	**2004**	2003
Number of persons	**5**	6	**15**	13
Aggregate amount	**£2.0m**	£2.7m	**£2.4m**	£1.9m

(ii) The Company's total contribution payable under deed of covenant to The Northern Rock Foundation for the year ended 31 December 2004 amounted to £21.6m (2003 £19.3m). At 31 December 2004 the commitment in respect of amounts not yet paid was £11.6m (2003 £10.0m).

(iii) Except for the contribution to The Northern Rock Foundation, the Company has made no promotional and benevolent donations to organisations in which certain Directors and their connected persons hold positions of influence such as Directors, Trustees and Governors (2003 £nil).

(iv) The Company has mortgage loans receivable from its related companies. Movements in these loans and provisions in respect of them during the year were as follows:

	£m
Cost:	
At 1 January 2004 and 31 December 2004	0.1
Provisions:	
At 1 January 2004 and 31 December 2004	0.1
Net book amount:	
At 31 December 2004 and 31 December 2003	–

(v) Northern Rock plc is a listed company and its shares are held by a large number of investors. No investor acting individually has the ability to control the activities of the Company. Consequently it is considered that there is no ultimate controlling party as defined in FRS 8 "Related Party Transactions".

26 January 2005

Northern Rock plc today issued its preliminary results for the year ended 31 December 2004.

HIGHLIGHTS

Operating Performance

- Assets under management of £64.9 billion - an increase of 24.9%
- Record gross lending of £23.3 billion - an increase of 34.8%
- Record net lending of £12.9 billion - an increase of 51.9%
- Share of UK net mortgage lending of 11.2% - up from 7.8% in 2003
- 2005 opening lending pipeline of £5.1 billion - up 31.8% on start of 2004
- Only 0.37% (2003 - 0.45%) of mortgage accounts 3 months or more in arrears - half of industry average

Profits

- Record pre tax profits of £431.2 million - a like-for-like increase of 13.0%
- Ratio of costs to assets under management improved to 0.38% (2003 underlying - 0.41%)
- Ratio of total income to mean assets under management unchanged from first half at 1.25%

Shareholder Value

- Return on equity of 21.3%
- Earnings per share 74.1p - an increase of 11.8% on 2003 underlying earnings per share
- Total dividend per share 26.5p - an increase of 13.7%

Social Responsibility

- The Northern Rock Foundation - supporting charitable causes - to receive £21.6 million

Adam J Applegarth, Chief Executive, said:

"In 2004 we again delivered a strong financial and operating performance maintaining our growth momentum. Assets under management reached £64.9 billion by the end of the year, an increase of 24.9%. In the second half, both our total income to mean assets under management ratio and the interest spread on our loan assets remained stable enabling full year underlying earnings per share to grow by 11.8% and resulting in a return on equity of 21.3%.

As anticipated, in the second half of the year our lending volume remained strong even though the housing market slowed. Our estimated share of residential net lending was 11.2% for the year and over 14% for the second half. We are starting 2005 with a new business pipeline of £5.1 billion, 32% up as at the same time last year. All of this demonstrates that Northern Rock remains a poor proxy for the housing market.

Our strategic targets for 2005 and beyond remain unchanged, reflecting the success of our customer retention stance, the quality of our loan portfolios, our ability to fund from a range of well diversified sources and our confidence that we can continue to grow even in a slowing market."

Overview

Northern Rock achieved strong lending growth in 2004 resulting in assets under management increasing by 24.9% to £64.9 billion. Estimated residential net lending market share was particularly strong in the second half at over 14%, demonstrating the sustainability of Northern Rock's growth strategy even in a slowing market. Like-for-like profit before tax growth of 13.0% was also a strong performance in a year when margins were squeezed as a result of the negative LIBOR to Bank Base Rate differential, which persisted throughout the year. Return on equity at 21.3% remained in the top half of our strategic target range.

Our retail funding franchise remains robust with a record second half growth in balances. We have continued to develop our non-retail funding in international markets and established a covered bond programme in the first half of the year. We remain a major participant in the global residential mortgage securitisation markets, which will, together with our other funding arms, continue to be important in the achievement of our future growth plans.

Lending

During 2004 Northern Rock has again achieved record levels of total lending. Total gross lending was £23,342 million, an increase of 34.8% (2003 - £17,315 million), with total net lending of £12,932 million, an increase of 51.9% (2003 - £8,514 million). Prospects for 2005 are good, with an opening pipeline of £5.1 billion, an increase of 31.8% (2004 opening - £3.9 billion). The opening residential lending pipeline at £4.7 billion represents an increase of 36.6% (2004 opening - £3.4 billion).

The UK residential lending market was particularly buoyant during the first half of 2004 with levels of both gross and net lending exceeding the equivalent period in 2003. Since then both gross and net lending and net awards have slowed, following the effect of 5 one quarter per cent increases in Bank Base Rate since November 2003. By the end of 2004 annual house price inflation was at similar levels to that seen in 2003 although the second half of the year showed limited growth, providing clear evidence that house price inflation is slowing. With the level of housing transactions at the lower end of long term trends and house price inflation likely to be over for the time being, new residential lending is likely to show some contraction in 2005. Gross lending will, however, be supported by sustained levels of remortgage activity as customers seek to refinance to obtain better deals and to protect their personal budgets. Economic conditions remain supportive to the market with low inflation, low unemployment, low interest rates and consequently good affordability.

(2003 - £15,212 million) and net residential lending of £11,383 million (2003 - £7,861 million), representing increases of 31.8% and 44.8% respectively. Our estimated share of gross residential lending for the year was 6.8% and our estimated market share of net residential lending was 11.2%. This compares with 5.8% and 8.2% respectively for the first half of 2004, resulting in the achievement of a net market share of over 14% in the second half of the year. Our estimated share of redemptions was only 4.5%, again significantly lower than our estimated closing share of mortgage stock of 5.5%. This was due to our pro-active customer retention process and our fair and transparent policy of allowing existing customers, subject to contractual terms, to transfer their loan to any product available to new borrowers.

The low risk profile of our new lending has continued despite strong growth in volumes. The proportion of lending to first time buyers reduced to 21% (2003 - 23%) with 79% of new customers having a proven payment track record. The average Loan to Value ratio ("LTV") of new lending in 2004 remained similar to 2003 at around 75% and new lending below 90% LTV was 75% (2003 - 71%) of completions. The average indexed LTV of our mortgage book is now 53% (2003 - 55%) providing strong cover in the event of default. We have minimal exposure to large loans with only around 3.5% of new loans over £500,000 and we maintained an excellent geographic spread of lending.

Lending (continued)

We offer customers a wide range of innovative and attractive products including lifestyle products and traditional price-led products. Our lifestyle products comprise our "together" family of products, Lifetime Home Equity Release Mortgages ("HERM") and residential Buy to Let mortgages. The "together" products combine a secured and unsecured loan at one interest rate and one monthly payment. Gross lending of "together" products amounted to £4.5 billion of which £3.8 billion were advances secured on residential property representing 20.7% of new residential lending, excluding further advances. Outstanding balances of "together" mortgages remained around one fifth of our mortgage portfolio throughout 2004.

Our HERM range is aimed at homeowners aged over 60 who wish to utilise equity in their homes to enhance their lifestyle. Such lending accounted for 1.8% of gross new residential lending (2003 - 3.4%), with outstanding HERM balances representing 3.1% (2003 - 3.0%) of our year end mortgage balances.

Residential Buy to Let lending is focussed on lending to private investors secured on good quality residential properties with low LTVs. Such lending accounted for 4.0% (2003 - 2.4%) of our year end mortgage portfolio and for 6.4% (2003 - 1.7%) of gross new residential lending. This type of lending is likely to remain a niche part of our overall portfolio of lending and will be supported by demand following changes in pension legislation allowing rental properties to be included within investors' pension plans.

In total our lifestyle products, which are margin enhancing, represented 28.9% (2003 - 30.1%) of our gross new residential lending and 25.3% (2003 - 25.4%) of year end mortgage balances.

Of our traditional price-led mortgage products, fixed-rate mortgages remained the most popular with 46.4% (2003 - 45.5%) of total new lending accounted for by short term fixed products up to two years, and 7.5% (2003 - 10.1%) by longer term fixes normally up to a maximum of seven years. This demand reflected customers' preferences to obtain certainty of monthly repayments during a period of rising interest rates.

Our personal unsecured credit portfolios comprise the unsecured element of "together" lending and standalone unsecured loans not linked to a residential mortgage. During 2004 gross unsecured lending amounted to £2,792 million (2003 - £1,694 million) with net lending of £1,367 million (2003 - £569 million). Gross

with net lending of £1,104 million (2003 - £417 million). The increase in standalone unsecured lending over 2003 reflects the deliberate containment of such lending in the first half of 2003 with a return to the market in the second half of that year. At 31 December 2004 our unsecured lending balances were £4,669 million (2003 - £3,293 million) of which 40.3% (2003 - 48.7%) represented "together" unsecured advances.

We have continued to grow our commercial lending portfolio gradually, maintaining our emphasis on quality rather than volume of lending. Gross lending in the year amounted to £499 million (2003 - £409 million) with net lending of £182 million (2003 - £84 million).

The composition of our lending portfolios has continued to be low risk. At the year end 88.7% of our loans under management were residential (2003 - 89.1%), 2.9% commercial secured loans (2003 - 3.3%) and only 8.4% (2003 - 7.6%) within our personal unsecured portfolios. This mix is not expected to significantly change going forward.

Arrears and Possessions

The arrears position of our residential mortgage book has further improved despite the growth in mortgages under management. At 31 December 2004 there were 2,135 (2003 - 2,414) accounts three months or more in arrears representing only 0.37% (2003 - 0.45%) of all mortgage accounts, less than half the UK average at 30 June 2004 of 0.76%. The "together" secured advances payment performance remained consistent, with three months plus arrears stable at 0.77% at 31 December 2004 (2003 - 0.77%). At 31 December 2004, 181 properties, representing only 0.03% of all accounts, were in possession compared with 179 (0.03%) at the end of 2003.

Arrears and Possessions (continued)

Standalone personal unsecured loan arrears are also significantly better than industry average, reflecting our policy of attracting high quality lending via our risk reward pricing. At 31 December 2004 only 1.04% of our standalone personal unsecured loans were three months or more in arrears (2003 - 0.98%) compared with an historic industry average of around 3%. Unsecured loans within the "together" brand continued to perform in line with the "together" secured advances and better than traditional personal unsecured loans with only 0.78% three months or more in arrears (2003 - 0.80%).

Our commercial loan portfolio also continued to perform well with only 0.31% of our commercial loans three months or more in arrears (2003 - 0.53%).

Retail Funding

Total retail deposit balances for the year increased by £896 million to £17,239 million (2003 - £16,343 million), an increase of 5.5%. This increase comprised a net inflow of retail funds for the year of £489 million plus interest credited of £407 million. In the second half of the year we achieved a net inflow of over £1.0 billion of retail funds, following a net outflow of £163 million in the first half, representing our best ever half year performance and clearly demonstrating the strength and diversity of our retail franchise.

The funding during the year was largely into our Silver Savings account launched in September 2004 for the over 50s which had attracted balances of over £1,250 million by the year end. Fixed rate bonds also remained popular. Balances in our Ireland based operation rose by 18.3% to £628 million, with £1,871 million (2003 - £1,875 million) in our Guernsey based off-shore vehicle.

Non-Retail Funding

Total net non-retail funding for the year amounted to £2,770 million with

million). Our non-retail funding provides a balanced mixture of short and medium term funding with increasing diversification of our global investor base.

During 2004 we raised £3.4 billion medium term, wholesale funds from a variety of sources located globally, with specific emphasis on the US and Europe. A major feature was the increased utilisation of our US Medium Term Note programme from which we raised US$3.7 billion in both senior and subordinated form. Already in 2005 we have raised a further US$1.75 billion under this programme and in the remainder of the year plan to raise further non-retail funds, including possible issuances in Asia.

With regards to short term funding, key developments include the establishment of a €2.0 billion French Certificate of Deposit programme which provides access to domestic French investors. This programme had outstanding balances of €1.1 billion at the year end. Further diversification will be achieved in the current year with the intended establishment of a Canadian Commercial Paper programme.

Securitisation

Funding through securitisation has remained an integral part of Northern Rock's funding strategy. During 2004 three issues were completed raising £11.1 billion. Diversification of our investor base continued with over 70% of the securitised bonds in 2004 being issued in US dollars or euros. The characteristics of the mortgages securitised, in terms of product type, LTV and geographic distribution remain similar to those of our on-balance sheet mortgages, ensuring that we are maintaining the quality of our balance sheet.

At 31 December 2004 assets under management subject to securitisation amounted to £22.3 billion (2003 - £15.7 billion), representing 40% (2003 - 36%) of our total lending portfolios.

In 2005 we have already launched a very well received £4.5 billion securitisation of residential mortgages. Our programmes will continue to be developed with further issues during 2005.

Covered Bond

In the first half of 2004 we raised €2.0 billion from an inaugural covered bond issue from a newly established €10 billion programme. The covered bond is secured by a pool of ring-fenced residential mortgages which remain on-balance sheet as Northern Rock retains substantially all the risks and rewards associated with the loans.

Assets

Assets under management, including assets subject to securitisation, at 31 December 2004 amounted to £64.9 billion, an increase of 24.9% compared with £51.9 billion at 31 December 2003. The balance sheet (which shows the securitised bonds as a deduction from assets) grew by 15.3% to £42.8 billion.

Treasury

Our Treasury operation continues to raise wholesale funds, manage interest rate and currency risks, and manage a portfolio of investments primarily for liquidity purposes. It is not a separate profit centre and does not operate trading portfolios. At 31 December 2004, 96% (2003 - 97%) of our Treasury investment portfolios comprised assets which are rated single A or better. We continue to have no exposure to emerging markets or non-investment grade debt.

Total Income and Margins

Total income in 2004 amounted to £730.9 million (2003 - £659.7 million), an

surplus on the sale of our credit card portfolio of £7.3 million together with the £3.6 million contribution from credit cards prior to their sale amounted to 12.7%. The ratio of total income to mean total assets under management at 1.25% for the year remained unchanged compared with the first half of the year, having eased from an underlying 1.39% in 2003. Total income as a proportion of mean total assets at 1.83% was almost identical to the 1.84% reported in the first half of 2004 and shows only a slight reduction from the underlying ratio of 1.87% for 2003.

Group interest margin and spread are calculated by taking into account all interest recorded in the profit and loss account including that relating to securitised assets and liabilities. Similarly, average interest earning assets and liabilities include those on-balance sheet and those subject to securitisation. In 2004, interest margin and spread were 0.82% and 0.73% respectively compared with 0.85% and 0.77% in the first half of the year (2003 - 0.97% and 0.90%). During the second half of 2004 spreads on lending were stable compared with the first half, consistent with the mix of lending volumes. Throughout 2004, liability spreads were, however, adversely affected by money market rates anticipating increases in bank base rate, resulting in a net increase in our cost of funding. The differential in rates is expected to return to more normal levels in 2005 as evidenced by the reduction in money market rates towards the end of 2004.

In addition to interest income we continue to generate strong income flows from lending fees and the sale of third party insurance products, both of which are linked to growth in volumes of new lending business and enhance the profitability of loans sold.

Expenses

Total operating expenses amounted to £222.5 million representing an increase of 14.4% over 2003 underlying operating expenses of £194.5 million (excluding one off costs of £5.6 million relating to the closure of certain branches). The increase of 14.4% compares with an increase in assets under management of 24.9% and total income of 12.7% on a like-for-like basis, resulting in a cost to assets under management ratio of 0.38% (2003 underlying - 0.41%) and cost to income ratio of 30.4% (2003 underlying - 29.8%).

Expenses (continued)

Included in 2004 operating expenses are £3.6 million incremental costs in relation to increased regulatory requirements. Excluding these additional costs the cost to assets under management ratio would have been 0.37% and the cost to income ratio 29.9%.

The full impact of additional regulatory costs, which will affect all UK banks, will amount to around £10.0 million for Northern Rock in 2005. Our competitive advantage of cost efficiency remains in place as do our targets of improving our cost ratios by growing costs at less than the rate of growth of income and between one half and two thirds the growth in assets under management.

Social Responsibility - The Northern Rock Foundation

Northern Rock donates 5% of pre tax profit to The Northern Rock Foundation under a deed of covenant. Such donations are used to support community and charitable causes mainly in the North East of England and Cumbria. A notable exception to this is the recently announced £0.5 million donation by the Foundation to support the Asian tsunami aid relief. The donation from 2004 profits amounts to £21.6 million (2003 - £19.3 million), resulting in almost £120 million having been distributed since its inception in 1997 as an integral part of Northern Rock's conversion to a plc.

The charge for provisions for bad and doubtful debts amounted to £56.5 million for the year (2003 - £48.7 million) representing 0.18% of mean advances to customers (2003 - 0.19%). The combination of high quality lending, low interest rates, low arrears and strong house price inflation have continued to contain the levels of specific provisions required for residential mortgages. Provisions for the other secured lending portfolio have been maintained consistent with performance and expected economic conditions for this sector.

The growth in provision balances against our personal credit portfolios reflects growth in balances, the maturing nature of the portfolios and our continued prudent provisioning policy. As a result, general provisions are 47% (2003 - 51%) of total provision balances for these portfolios with total provision cover of 1.68% (2003 - 1.70%). Total provisions against our personal credit portfolios are considered appropriate given the quality and performance of our loans.

Taxation

The effective tax rate for the year was 29.0% (2003 - 29.0%). We anticipate, with a corporation tax rate of 30%, that the ongoing effective tax rate will be 29.0% to 30.0% in the medium term.

Profits and EPS

The 2003 results have been restated to reflect a change in accounting policy following the adoption of UITF 38 resulting in an increase in staff costs and a decrease in profit of £0.2 million - see note 1.

Profit before tax for the year amounted to £431.2 million (2003 restated - £386.6 million) an increase of 11.5%. On a like-for-like basis (excluding from the 2003 restated results, the £5.6 million non-recurring costs associated with the closure of certain branches, the £7.3 million surplus on the disposal of the credit card portfolio and a £3.6 million contribution prior to its sale, together with the effect on the covenant to The Northern Rock Foundation), profit before tax increased by 13.0%. On the same basis, like-for-like profit after tax increased by 13.0% to £306.2 million, with reported profit after tax increasing by 11.6%. Return on equity in 2004 was 21.3% compared with a restated underlying 21.8% in 2003.

Earnings per share was 74.1p in 2004, an increase of 11.8% compared with 2003 restated underlying earnings per share of 66.3p and an increase of 11.3% compared with 2003 restated reported earnings per share of 66.6p.

Dividends

The interim dividend paid in October 2004 was 8.5p per share. The proposed final dividend of 18.0p per share is payable on 27 May 2005 to shareholders on the register on 29 April 2005. This results in a total dividend payable for the year of 26.5p per share (2003 - 23.3p), an increase of 13.7%.

Capital

At 31 December 2004 total capital amounted to £3,239 million resulting in a total capital ratio of 14.0%, comfortably above regulatory and internal requirements. Tier 1 capital was £2,015 million and the Tier 1 ratio 8.7%. The comparable ratios at 31 December 2003 were 14.3% and 9.0% respectively.

In the first half of 2004 we raised $700 million (£396 million equivalent) of Upper Tier 2 capital via our US Medium Term Note programme delivering an excellent diversification of capital from the US domestic market.

During 2004 we continued to embed our Basel II credit risk systems within our

Ratings Based approach currently anticipated to commence on 1 January 2007. Significant investment is also being made in our Operational Risk management systems and in line with the FSA's expectations for the sector we intend to initially adopt the Standardised Approach to Operational Risk. We will closely examine the next consultation paper from the FSA, expected by the end of January 2005, with a view to seeking approval for our proposed approaches as early as possible.

Our low risk balance sheet means that we expect to achieve significant reductions to the levels of our total regulatory risk weighted assets for credit exposures compared to current levels. This should result in future capital efficiencies subject to consultation with the FSA and credit rating agencies.

International Financial Reporting Standards (IFRS)

Northern Rock, in conjunction with all European Union listed institutions, is required to prepare its Annual Report and Accounts under IFRS, for accounting periods commencing on or after 1 January 2005. Consequently, our first published financial statements under IFRS will be the 2005 Interim Results. Early in the second quarter of 2005 we intend to present to investors and analysts the impact of IFRS on Northern Rock following the restatement of our 2004 financial accounts.

Under these new standards, greater volatility of profits is being introduced - but less than under US reporting, where hedge effectiveness for our fixed rate mortgages is not achieved. Whilst we will aim to minimise any such volatility our priority will be to minimise risk such that our economic hedging policies remain effective. Our risk management policies will not be driven by new accounting rules.

The overall impact on our published pre tax profits will not be large, with a likely restatement to 2004's results of under 5%. The changes will not affect cashflows, nor alter the total profit made on each product sold. Only the timing of income recognition will change. Our current policies are designed to match fees and costs of origination of mortgages, with any surplus profit amortised. The adoption of IFRS will push down income recognition in the first year of a loan and increase it later in its life. For Northern Rock this will mean a rebasing downwards of earnings per share in 2004 by somewhere in the order of 10% - 12%. At this stage, IFRS should not change our strategic targets. In the medium term, profit growth could be helped as the risk to that growth is reduced.

The impact of IFRS on regulatory capital and taxation requires further clarification. In October 2004 the FSA issued a Consultation Paper proposing to minimise the effect of IFRS on regulatory capital. The consultation period ends on 31 January 2005. The taxation treatment of IFRS accounting policies and adjustments remains under review by the Inland Revenue.

Outlook

The home moving market is expected to continue to remain at similar levels to 2004, at the lower end of longer term trends, for at least the next two years. Many first time buyers will continue to be excluded from the market as a result of higher house prices, the competition with Buy to Let investors for traditional first time buyer properties, especially in urban areas and higher levels of indebtedness linked to the funding of higher education. In conjunction with subdued levels of house moving transactions we expect to see muted house price inflation with some price falls in areas that have seen excessive growth. We expect, however, given low unemployment, low interest rates and good affordability, house prices to be growing in line with average earnings by the end of 2005.

anticipated to be £265 billion to £270 billion in 2005 and 2006 compared with over £290 billion in 2004. Such levels of gross lending remain conducive to Northern Rock achieving its lending targets for 2005.

A slower housing market, reduced inflationary pressures and a dampening in retail sales mean that the prospects for rising interest rates are significantly lower than in mid 2004, as a consequence the difference between LIBOR and Bank Base Rate is expected to return to more normal levels in 2005. Unemployment, the key driver of credit loss on home loans, looks set to remain benign giving a stable outlook for future provisioning levels.

These conditions, together with our continued focus on customer service, cost and capital efficiency and the strength of our opening pipeline enable us to view 2005 with confidence. We reaffirm our strategic targets of assets under management growth of 20% + / - 5%, profit growth of 15% + / - 5% and return on equity of 19% to 22%.

Our growth will continue to be supported by our four funding arms; retail, non-retail, securitisation and covered bonds. We intend to develop further each franchise in terms of flexibility and diversification to enhance our overall funding platform and investor base.

We remain confident of the continued success of the Northern Rock business model.

Financial Highlights

Key Performance Figures

Financial Highlights (continued)

Notes

1 2003 ratios have been restated, where necessary, following the introduction of UITF Abstract 38 - Accounting for ESOP Trusts (see note 1).

2 Underlying ratios in 2003 exclude the effects of the £7.3 million surplus on disposal of the credit card portfolio and the £5.6 million non-recurring costs associated with the closure of certain branches, together with the effect on the covenant to The Northern Rock Foundation. A reconciliation of reported and underlying profits for 2003 is set out in note 9.

3 Profit growth (like-for-like) for the year ended 31 December 2004 represent the growth over underlying and reported profit for the year ended 31 December 2003 (see note 9) excluding the £3.6 million contribution to profi from the credit card portfolio prior to its disposal on 30 May 2003 (see note 10), adjusted for the effect of the covenant to The Northern Rock Foundation.

4 Asset growth in 2004 represents the growth of assets under management and balance sheet assets between 31 December 2003 and 31 December 2004.

5 Assets under management are defined as total balance sheet assets plus non-recourse finance.

Total gains and losses recognised since the last annual accounts	196.5	178.1

NOTES TO THE RESULTS

1. Change in Accounting Policy

The Group has implemented the requirements of Urgent Issues Task Force ("UITF") Abstract 38 - "Accounting for ESOP Trusts" with effect from 1 January 2004. As a result, holdings of Ordinary shares in Northern Rock plc owned by the Group's employee share ownership trusts are now shown as a deduction from shareholders' funds. Previously they were shown as part of other assets in the balance sheet. Purchases and sales of Northern Rock plc Ordinary shares are now accounted for as movements in shareholders' funds and no gains and losses are reflected in the Profit and Loss account. The charge to the Profit and Loss account in respect of shares and share options granted to employees that are expected to be met from shares held by employee share trusts is now based on the difference between the value on the date of grant and the exercise price. Previously, where shares were purchased to meet these obligations, the charge was based on the carrying value of the shares.

The effect of this change in accounting policy, which has been accounted for as a prior year adjustment, is to increase staff costs and decrease profit for the year ended 31 December 2004 by £0.1 million (year to 31 December 2003 - £0.2 million). The effect on other assets, other liabilities, staff costs and shareholders' funds at the balance sheet dates is as follows:

	2004 (Unaudited) £m	2003 (Audited) £m
Reduction in shareholders' funds - beginning of period (note 17)	(48.0)	(44.5)
Movement in relation to own shares (note 18)	5.8	(3.3)
Increase in staff costs during period	(0.1)	(0.2)
Reduction in shareholders' funds - end of period	(42.3)	(48.0)
The reduction in shareholders'funds comprises:		
Reduction in other assets	(42.3)	(48.8)
Reduction in other liabilities	-	0.8
	(42.3)	(48.0)

The cumulative difference in the amount credited through the profit and loss account in the period up to 31 December 2003 amounted to £0.3 million.

2. Total Income

	2004	2003

Net interest income	466.9	450.7
Other income	264.0	209.0
Total income	730.9	659.7
Mean total assets	39,950.7	34,865.7
Mean assets under management	58,418.8	46,909.2
Total income : mean total assets	1.83%	1.89%
Total income : mean total assets (underlying)	1.83%	1.87%
Total income : mean assets under management	1.25%	1.41%
Total income : mean assets under management (underlying)	1.25%	1.39%

The above underlying ratios for 2003 exclude the £7.3 million profit on sale of the credit card portfolio (see note 10).

3. Interest Spread and Margin

	2004 £m	2003 £m
Interest receivable	2,989.4	2,153.8
Interest payable	(2,522.5)	(1,703.1)
Net interest income	466.9	450.7
Average balances		
Interest bearing assets	57,071.3	46,435.1
Interest bearing liabilities	55,957.2	45,570.6
Interest margin	0.82%	0.97%
Interest spread	0.73%	0.90%

Interest receivable and payable represent amounts reported in the Profit and Loss account, adjusted to transfer securitisation interest payable to interest payable, and include income from equity shares and other variable yield securities in interest receivable. Interest bearing assets and liabilities have been adjusted for securitised assets and non-recourse finance and interest bearing assets include equity shares and other variable yield securities. Interest margin has been calculated by reference to average interest earning assets. Interest spread represents the difference between interest receivable as a % of average interest earning assets and interest payable as a % of average interest bearing liabilities. Average balances have been calculated on a monthly basis.

4. Deferred Mortgage Incentive Costs

An analysis of the movement in the deferred mortgage incentive costs is set out in the following table:

	2004 £m	2003 £m
Balance Sheet:		
Opening balance	236.9	257.5
Additions	482.5	327.1
Amortisation	(440.1)	(347.7)
Closing balance	279.3	236.9

Profit and Loss account:

Current year immediate write off	10.1	7.0
	440.1	347.7

5. Other Income

	2004 £m	2003 £m
Commissions	80.1	67.8
Fees (net of service charges)	152.4	106.0
Subsidiaries and others	31.5	27.9
	264.0	201.7
Surplus on sale of credit card portfolio	-	7.3
	264.0	209.0

6. Operating Expenses

Operating expenses excluding the covenant to The Northern Rock Foundation and amortisation of goodwill are as follows:

	2004 £m	2003 (Restated) £m
Staff costs	119.3	101.0
Other expenses	84.2	77.0
Depreciation	19.0	16.5
Total recurring expenses	222.5	194.5
Non-recurring costs	-	5.6
Total operating expenses	222.5	200.1

Non-recurring costs in 2003 represent costs incurred in relation to the closure of certain branches.

6. Operating Expenses (continued)

The average number of persons employed by the Group was as follows:

	2004	2003
Full time	3,916	3,448
Part time	1,064	952

7. Provision for Losses on Loans and Advances

	2004 £m	2003 £m
Provision charge:		
Specific		
Secured on residential property	4.1	4.1
Other secured	0.2	1.4
Unsecured	40.0	23.4
	44.3	28.9
General		
Secured on residential property	1.4	9.5
Other secured	2.5	0.3
Unsecured	8.3	10.0
	12.2	19.8

% of mean advances to customers	0.18%	0.19%
	2004 £m	2003 £m
Provision balance:		
Specific		
Secured on residential property	3.4	3.1
Other secured	1.0	1.9
Unsecured	41.4	27.4
Total	45.8	32.4
General		
Secured on residential property	32.9	31.7
Other secured	11.2	8.7
Unsecured	37.0	28.5
Total	81.1	68.9
Total provision balance	126.9	101.3
% of period end advances to customers	0.37%	0.36%

8. Residential Mortgage Arrears

	2004		2003	
	Cases	%	Cases	%
3 - 6 months	1,695	0.29	1,674	0.31
Over 6 - 12 months	422	0.07	634	0.12
Over 12 months	18	0.01	106	0.02
Total	2,135	0.37	2,414	0.45

9. Underlying Results

A reconciliation of reported and underlying profit before and after tax is set out in the following table:

	2004 £m	2003 (Restated) £m
Reported profit before tax (page 11)	431.2	386.6
Surplus on disposal of credit card portfolio (note 10)	-	(7.3)
Non-recurring costs (note 6)	-	5.6
Covenant to The Northern Rock Foundation	-	0.1
Underlying profit before tax	431.2	385.0
Reported profit after tax (page 11)	306.2	274.4
Surplus on disposal of credit card portfolio (note 10)	-	(7.3)
Non-recurring costs (note 6)	-	5.6
Covenant to The Northern Rock Foundation	-	0.1
Tax effect	-	0.5
Underlying profit after tax	306.2	273.3

10. Like-for-Like Results

On 30 May 2003, the Group sold its credit card portfolio to The Co-operative Bank. The surplus on sale amounted to £7.3 million and is recorded in other income. Included in the reported results for the year ended 31 December 2003 is

relation to the credit card portfolio to the date of sale. This profit is excluded from like-for-like profit as follows:

	2003 £m
Underlying profit before tax (note 9)	385.0
Credit card contribution	(3.6)
Covenant to The Northern Rock Foundation	0.2
Like-for-like profit before tax	381.6
Underlying profit after tax (note 9)	273.3
Credit card contribution	(3.6)
Covenant to The Northern Rock Foundation	0.2
Tax effect	1.0
Like-for-like profit after tax	270.9

11. Earnings per Share

Earnings per share figures based upon reported (basic) and underlying profit after tax are as follows:

	2004	2003 (Restated)
Weighted average number of shares in issue	413.0m	412.3m
Basic EPS	74.1p	66.6p
Underlying EPS	74.1p	66.3p

The weighted average number of Ordinary shares in issue has been determined after deducting shares held in trust for employee share schemes.

Fully diluted weighted average number of shares in issue	416.6m	415.9m
Fully diluted EPS	73.5p	66.0p
Underlying fully diluted EPS	73.5p	65.7p

The fully diluted EPS figures are calculated using the weighted average number of Ordinary shares in issue together with 3.6 million (31 December 2003 - 3.6 million) potentially dilutive Ordinary shares resulting from options granted under employee share schemes.

Foundation shares held by The Northern Rock Foundation have been excluded from the EPS calculations as they carry no rights to dividends. The Foundation shares can convert into Ordinary shares only under specified circumstances which are considered to be remote. If conversion were to take place the shares would rank for dividend but the covenant to the Foundation would cease.

12. Mortgage Lending

The following analysis of mortgage lending is based on total gross lending in each period.

	2004 %	2003 %
Type of lending		
Fixed rate (long term - over 2 years)	8	10
Fixed rate (short term - up to and including 2 years)	46	46
Discount	16	13
Cashback	1	1
Together	21	25
HERM	2	3
Buy to Let	6	2

Type of customer		
First time buyer	21	23
Next time buyer	38	35
Remortgage	35	40
Buy to Let	6	2
Geographic spread		
North	15	15
Scotland	10	9
Midlands	24	24
South	51	52

13. Loans and Advances to Customers

	2004 £m	2003 £m
Advances secured on residential property not subject to securitisation	27,000.7	23,179.7
Advances secured on residential property subject to securitisation	22,048.4	15,229.4
Total advances secured on residential property	49,049.1	38,409.1
Other secured advances not subject to securitisation	1,278.1	939.5
Other secured advances subject to securitisation	290.8	449.3
Total other secured advances	1,568.9	1,388.8
Unsecured loans	4,590.5	3,236.6
	55,208.5	43,034.5
Less: non-recourse finance	(22,103.7)	(14,832.4)
	33,104.8	28,202.1

14. Loans and Advances to Customers Subject to Securitisation

Securitised advances are subject to non-recourse finance arrangements. These loans have been purchased at par by special purpose securitisation companies from Northern Rock plc, and have been funded through the issue of mortgage-backed bonds. The balances of assets subject to securitisation and non-recourse finance at 31 December 2004 are as follows:

Securitisation company	Date of securitisation	Gross assets securitised £m	Non-recourse finance £m	Subordi loans by the
Residential:				
Granite Mortgages 99-1 plc	1 October 1999	105.0	95.3	
Granite Mortgages 00-1 plc	1 March 2000	280.1	267.0	
Granite Mortgages 00-2 plc	25 September 2000	576.4	512.2	
Granite Mortgages 01-1 plc	26 March 2001	867.3	848.6	
Granite Mortgages 01-2 plc	28 September 2001	963.6	934.0	
Granite Mortgages 02-1 plc	20 March 2002	1,664.5	1,634.6	
Granite Mortgages 02-2 plc	23 September 2002	2,032.3	1,997.3	

Granite Mortgages 03-2 plc	21 May 2003	1,931.7	1,881.5
Granite Mortgages 03-3 plc	24 September 2003	1,823.1	1,768.9
Granite Mortgages 04-1 plc	28 January 2004	2,928.1	2,827.0
Granite Mortgages 04-2 plc	26 May 2004	3,297.0	3,213.0
Granite Mortgages 04-3 plc	22 September 2004	3,885.7	3,786.8
		22,617.5	22,012.3
Retained interest in Granite Trustees Limited		826.9	-
Less cash deposits held with Northern Rock plc		(1,396.0)	-
Total residential		22,048.4	22,012.3
Commercial:			
Dolerite Funding No 1 plc	24 June 2002	238.5	216.4
Retained interest in Dolerite Trustees Limited		52.3	-
Total commercial		290.8	216.4
Maximum extent of insurance cover provided by subsidiary			(125.0)
Total		22,339.2	22,103.7

No subordinated debt was issued by Granite Mortgages 01-1 plc to Northern Rock plc in relation to the funding of a first loss reserve fund. However, Granite Mortgages 01-1 plc's parent company retained £20 million from the proceeds of debt issuance to fund this reserve, which is only repayable after full repayment of the notes.

Interest income earned by Northern Rock in respect of the retained interest in Granite Trustees Limited and Dolerite Trustees Limited is recorded in the Profit and Loss account within other interest receivable and similar income.

At 31 December 2004 the special purpose companies had cash deposits with Northern Rock plc amounting to £1,396.0 million. At 31 December 2003 such deposits were held by other third party banks. As such the total gross assets securitised available to meet non-recourse finance amount to £23,735.2 million (2003 - £15,678.7 million).

14. Loans and Advances to Customers Subject to Securitisation (continued)

Northern Rock plc does not own directly, or indirectly, any of the share capital of any of the above securitisation companies. A summary Profit and Loss account for the above securitisation companies is set out below:

	2004 £m	2003 £m
Interest receivable	998.5	696.0
Interest payable	(953.9)	(538.3)
Interest receivable on cash deposits with Northern Rock	46.9	-
Fixed rate swaps payable to Northern Rock	(1.7)	(65.4)
Other swaps and net interest payable to Northern Rock	31.4	(34.7)
Net interest receivable	121.2	57.6
Other income net of administrative and other expenses payable to third parties	19.8	9.0
Administrative and other expenses payable to Northern Rock	(141.0)	(66.6)
Result for the financial period	-	-

15. Covered Bond

Included within loans and advances to customers not subject to securitisation

purpose vehicle. These loans provide security to an issue of covered bonds of €2.0 billion (£1,341 million equivalent) made by Northern Rock on 4 May 2004, which are included within debt securities in issue. Northern Rock retains substantially all the risks and rewards associated with these loans and therefore this transaction does not qualify for linked presentation or sale treatment.

16. Analysis of Customer Accounts

	2004 £m	2003 £m
Branch accounts	3,051.3	2,437.2
Postal accounts	7,536.3	6,230.8
Internet accounts	2,503.4	2,891.4
Offshore accounts	2,499.4	2,405.9
Telephone accounts	895.9	1,339.8
Legal & General branded accounts	752.2	1,037.7
Total retail balances	17,238.5	16,342.8
Other customer accounts	3,103.5	2,454.5
	20,342.0	18,797.3

17. Profit and Loss Account

	2004 £m	2003 £m
At 1 January as previously reported	1,201.9	1,071.6
Prior year adjustment (note 1)	-	(44.5)
At 1 January restated	1,201.9	1,027.1
Movements in relation to own shares (note 18)	5.8	(3.3)
Profit for the financial period	196.2	178.1
	1,403.9	1,201.9

18. Own Shares

The amounts deducted from the profit and loss reserve in respect of own shares, which are held at cost, are as follows:

	2004 £m	2003 £m
Own shares in relation to employee share schemes	55.3	58.2

Movements in the amount deducted from reserves in respect of own shares have been as follows:

	2004 £m	2003 £m
At 1 January	58.2	53.9
Purchases of shares	6.0	15.5

other employee share plans	(2.9)	4.3
	55.3	58.2

The credit/(charge) to the Group's Profit and Loss account reserve have been as follows:

	2004 £m	2003 £m
Surplus on transactions in own shares	2.9	1.0
Net decrease/(increase) in cost of own shares	2.9	(4.3)
	5.8	(3.3)

19. Capital Structure

	2004 £m	2003 (Restated) £m
Tier 1		
Share capital	123.9	123.9
Share premium account	6.8	6.8
Capital redemption reserve	7.3	7.3
Profit and loss account	1,403.9	1,201.9
Reserve capital instruments	300.0	266.3
Tier one notes	200.0	200.0
Goodwill	(27.1)	(30.7)
Total Tier 1 capital	2,014.8	1,775.5
Upper Tier 2		
Perpetual subordinated debt	746.4	350.3
Reserve capital instruments	-	33.7
General provisions	83.1	75.4
Total Upper Tier 2 capital	829.5	459.4
Lower Tier 2		
Term subordinated debt	769.3	769.2
Total Tier 2 capital	1,598.8	1,228.6
Deductions	(374.7)	(190.5)
Total capital	3,238.9	2,813.6
Risk weighted assets	23,099.2	19,690.5
Tier 1 ratio	8.7%	9.0%
Total capital	14.0%	14.3%

20. Reconciliation of Operating Profit to Net Operating Cash Flows

	2004 £m	2003 (Restated) £m
Operating profit	431.2	386.6
(Increase)/decrease in prepayments and accrued income	(182.1)	37.9
Increase in accruals and deferred income	57.2	28.1
Provision for bad and doubtful debts	56.5	48.7
Loans and advances written off net of recoveries	(30.9)	(30.3)

Interest on subordinated liabilities	85.5	62.0
Interest on reserve capital instruments	19.8	17.3
Interest on tier one notes	13.0	11.4
Other non-cash movements	9.6	14.7
Net cash inflow from trading activities	482.4	596.5
Net increase in loans and advances to banks and customers	(12,813.8)	(9,631.9)
Net increase in deposits by banks and customer accounts	1,369.1	1,147.7
Net increase in debt securities in issue	11,007.3	8,794.5
Net decrease in other assets	7.0	2.6
Net decrease in other liabilities	(18.8)	(63.6)
Net cash inflow from operating activities	33.2	845.8

21. Basis of Preparation

Other than the changes set out in note 1, accounting policies and methods remain unchanged from those used in the preparation of the 2003 annual accounts.

22. Dividends

Ex dividend date	27 April 2005
Record date	29 April 2005
Payment date	27 May 2005

23. Interim Results

Northern Rock intends to report its 2005 Interim Results on 28 July 2005 and not 20 July 2005 as previously announced.

24. Other Information

The information in this announcement is unaudited and does not constitute statutory accounts within the meaning of section 240 of the Companies Act 1985. The statutory accounts of Northern Rock plc for the year ended 31 December 2003 have been filed with the Registrar of Companies in England and Wales. The auditors' report on these accounts was unqualified and did not include a statement under section 237(2) or (3) of the Act.

A summary of this report will appear as an advertisement in the Financial Times, The Times, The Daily Telegraph, The Scotsman and The Newcastle Journal on 27 January 2005. The report is also available on the Northern Rock website www.northernrock.co.uk from 8.30am on 26 January 2005.

A presentation of the results will be given by directors on the morning of the results announcement. A web cast of the presentation will be available on the Northern Rock website from 3.00pm on 26 January 2005.

This document contains certain forward-looking statements within the meaning of the United States Private Securities Litigation Reform Act of 1995 with respect to certain of the plans of Northern Rock, its current goals and expectations relating to its future financial condition and performance. By their nature, forward-looking statements involve risk and uncertainty because they relate to events and depend on circumstances that will occur in the future. Northern Rock's actual future results may differ materially from the results expressed or implied in these forward-looking statements as a result of a variety of factors, including UK domestic and global economic and business conditions, market related risk such as interest rates and exchange rates, delays in implementing proposals, unexpected difficulties with computer systems, unexpected changes to regulation, changes in customer preferences, competition and other factors. Please refer to the most recently filed Annual Report on Form 20-F of Northern Rock filed with the US Securities and Exchange Commission for a discussion of such factors.

Reconciliations Between Proforma IFRS and UK GAAP 99

Introduction

Statutory Results
The 2005 Interim Results have been prepared using International Financial Reporting Standards ("IFRS") as approved by the International Accounting Standards Board that are effective or available for early adoption at the Group's first reporting date, 31 December 2005. Certain of these IFRS are only effective from 1 January 2005, and therefore the revised 2004 statutory based results ("statutory") only include certain of the IFRS used in the preparation of the 2005 results. The results included on pages 18 to 74 represent the statutory results of the Group for the six months ended 30 June 2005 and include the statutory comparatives reflecting only those standards which permit or require retrospective adoption, reflecting the voluntary exemptions of IFRS1.

Proforma Results
In order to aid comparability of the 2005 results with those of 2004, 2004 results have also been prepared on a proforma basis, incorporating the impact of IFRS where it is possible to determine what the impact would have been if the accounting changes had been effective in 2004. The proforma results include the impacts of changes to accounting rules relating to effective interest rate and the reclassification of certain financial instruments from debt to equity.

Underlying Results
The 2005 statutory results include the full effects of the introduction of fair value and hedge accounting following the adoption of IAS 32 and 39 with effect from 1 January 2005. Where appropriate, certain aspects of the results for 2005 are presented to reflect management's view of the underlying results for 2005 excluding the effects of fair value volatility and hedge ineffectiveness to provide a clearer representation of the underlying performance of the Group.

28 July 2005

Northern Rock plc today issued its Interim Results for the six months ended 30 June 2005.

HIGHLIGHTS

Operating Performance

- Total assets of £72.5 billion - an increase of 26.9% from June 2004 assets of £57.1 billion
- Record H1 gross lending of £11.5 billion - an increase of 14.8%, with record H1 net lending of £6.0 billion - an increase of 17.2%
- Share of UK net mortgage lending of 14.2% - up from 11.2% in the 2004 full year
- 1 July 2005 total lending pipeline of £6.5 billion - up 26% from 1 January 2005
- 0.35% (31 December 2004 - 0.37%) of mortgage accounts 3 months or more in arrears - under half of industry average
- Record retail savings intake of £1.7 billion - nearly twice the total for

all of 2004

Profits

- Pre tax profits up by 45.4% to £294.0 million from June 2004, an increase of 39.2% compared with June 2004 proforma pre tax profits
- Underlying pre tax profits of £239.2 million, up by 13.3% compared with 2004 proforma
- Underlying attributable profits of £149.4 million, up by 10.6% compared with 2004 proforma

Costs

- Cost to asset ratio improved to 0.35% (from 0.37% in 2004)
- Cost to income ratio improved to 28.3%. On an underlying basis it is 30.1%, compared with a proforma ratio of 29.9% for all of 2004

Shareholder Value

- Return on equity of 24.6%, being 25.9% on a proforma basis and 20.6% on an underlying basis
- EPS of 45.5p - an increase of 30.7%. On a proforma basis the increase is 39.1% and on an underlying basis EPS of 36.1p represents an increase of 10.4%
- Interim dividend per share of 9.4p - an increase of 10.6%

Social Responsibility

- The Northern Rock Foundation - supporting charitable causes - to receive £14.7 million

Note

The basis of preparation of statutory, proforma and underlying figures is detailed on page 3.

Adam J Applegarth, Chief Executive, said:

"Northern Rock has again demonstrated in the first half of 2005 its ability to grow through strong volumes of high quality residential mortgage lending, despite a slow down in the UK housing market. Total balance sheet assets have grown to £72.5 billion, an increase of 27% compared with 30 June 2004.

Although the introduction of IFRS defers income for a growth company like Northern Rock the volatility from fair value adjustments and hedge accounting has been introduced and so, reported profit before tax is up 45%, with underlying attributable profit up 10.6%. In future years, as our asset growth trends to the mid-point of our strategic targets, I expect to see the gap between underlying attributable profit growth and asset growth narrow noticeably.

With the introduction of IFRS there have been some additional costs - mainly to do with pension funding and employee share benefits. We've incorporated these and have still seen an improvement in our cost to asset ratio and our cost to income ratio remains broadly stable on an underlying basis. Therefore, once comparable figures are available, I expect our relative cost advantage to have improved."

Note

The basis of preparation of statutory, proforma and underlying figures is detailed on page 3.

OPERATIONAL REVIEW

Introduction

The 2005 Interim Results have been prepared using International Financial Reporting Standards ("IFRS") which differ significantly to UK GAAP used in the preparation of previously reported financial statements.

Analysis of the results is complicated as a result of certain IFRS only being effective from 1 January 2005. This means that the revised 2004 statutory results only include certain of the IFRS used in the preparation of the 2005 results. As a consequence we have included, on pages 76 to 112, 2004 results prepared on a proforma basis, incorporating the impact of IFRS where it can be determined what the impact would have been if the accounting changes had been effective in 2004. This particularly relates to the treatment of interest income and fees and the reclassification of certain funding instruments from debt to non shareholders' equity but excludes the effects of hedge accounting under IFRS which differs from that applied under UK GAAP.

Full reconciliations of the effect of the introduction of IFRS are included in the statutory and proforma sections of the Interim Results together with full details of the accounting policies for 2005.

As a consequence of the introduction of IFRS the balance sheet and income statement are subject to a certain amount of volatility particularly from the accounting for hedges deemed under IFRS rules to be ineffective, plus volatility arising from fair value movements on derivatives taken out in respect of certain financial liabilities and instruments included in non shareholders' equity which themselves are not subject to fair value treatment. Where appropriate, such volatility is separately identified in the review of financial and operating results to enable underlying performance to be separately identified.

Overview

Strong lending volumes continued in the first half of 2005 resulting in total assets of £72.5 billion, an increase of 26.9% compared with 30 June 2004. Residential net lending market share at 14.2% to the end of May 2005, exceeded the 11.2% share achieved in 2004, further demonstrating Northern Rock's ability to achieve growth targets even in a slowing and competitive mortgage market. Asset quality also remained robust across all loan portfolios.

Underlying profit before tax growth compared with the proforma results for 2004 was 13.3%, with growth in underlying earnings per share on an equivalent basis of 10.4%, in line with expectations. Underlying return on equity at 20.6% remained within the top half of our strategic target range.

The strong performance of our retail funding seen in 2004 continued in the first half of 2005 with net inflows of £1,716 million. Two successful securitisation issues raised £8,558 million and contributed further to our capital management.

Lending

During the first half of 2005 Northern Rock has again achieved record levels of total lending. Total gross lending was £11,543 million, an increase of 14.8% (30 June 2004 - £10,055 million), with total net lending of £5,965 million, an increase of 17.2% (30 June 2004 - £5,091 million). Prospects for the remainder

of 2005 are good, with a pipeline of £6,453 million some 26% higher than at the beginning of the year (1 January 2005 - £5,105 million). The residential lending pipeline at £5,987 million is also 26% higher than at the beginning of the year (1 January 2005 - £4,755 million).

Note

The basis of preparation of statutory, proforma and underlying figures is detailed on page 3.

Lending (continued)

The composition of our lending portfolios has continued to be low risk. At 30 June 2005 89% of our loans to customers were residential (30 June 2004 - 89%), 3% commercial secured loans (30 June 2004 - 3%) and 8% (30 June 2004 - 8%) within our personal unsecured portfolios. This mix is not expected to change significantly going forward.

An analysis of lending by portfolio is set out in the following table:

£ millions	Residential	Commercial	Unsecured	Total
2005 First Half				
Gross	10,224	218	1,101	11,543
Net	5,610	31	324	5,965
2004 First Half				
Gross	8,512	212	1,331	10,055
Net	4,367	63	661	5,091
2004 Full Year				
Gross	20,051	499	2,792	23,342
Net	11,383	182	1,367	12,932

Residential

The UK residential lending market was weaker in the first half of 2005 compared with the equivalent period in 2004, as a result of falling consumer confidence and a slow down in the housing transaction market, with gross lending down by 14% and net lending down 25% in the first 5 months of the year. Estimated gross lending, however, remains on track to reach around £260 billion for the full year, compared with £291 billion last year. Net lending is forecast to be around £80 billion for the year which would represent a 21% reduction from the £101 billion seen in 2004. UK house prices remained static in the first half of the year, but there remains little evidence of widespread house price reductions, a situation we expect to continue. With the level of housing transactions at the lower end of long term trends and house price inflation likely to be limited for the time being, gross lending continues to be underpinned by sustained levels of remortgage activity which accounted for approximately 46% of gross lending so far this year. The gross market remains key to Northern Rock achieving its growth targets, and economic conditions remain supportive with low inflation, relatively low unemployment, low interest rates and consequently good affordability.

Against this background we achieved gross residential lending of £10,224 million (30 June 2004 - £8,512 million) and net residential lending of £5,610 million (30 June 2004 - £4,367 million), representing increases of 20.1% and 28.5% respectively. Our share of UK gross residential lending for the first five months of 2005 was 8.1% and our market share of net residential lending for the same period was 14.2%. This compares with 5.8% and 8.2% respectively for the first half of 2004, and 6.8% and 11.2% for 2004 in total. Our share of redemptions in the first five months of the year was 5.2%, again lower than our closing share of mortgage stock of around 6.0%. This reflects the continued success of our pro-active customer retention process and our fair and transparent policy of allowing existing customers, subject to contractual terms,

to transfer their loan to any product available to new borrowers.

Note

The basis of preparation of statutory, proforma and underlying figures is detailed on page 3.

Lending (continued)

The low risk profile of our new lending has continued despite strong growth in volumes. The proportion of lending to first time buyers remains low at 21% (2004 - 21%) with 79% of new customers having a proven payment track record. The average Loan to Value ratio ("LTV") of new lending in 2005 so far remained similar to 2004 at around 75% and new lending below 90% LTV was 71% (2004 - 75%) of completions. The average indexed LTV of our mortgage book is now 57% (31 December 2004 - 53%) providing strong cover in the event of default. The slight increase in indexed LTV reflects the slow down in house price inflation. We have minimal exposure to large loans with
only around 3.5% of new loans over £500,000 (2004 - 3.5%) and we maintained an excellent geographic spread of lending.

We offer customers a wide range of innovative and attractive products including lifestyle products and traditional price-led products. Our lifestyle products comprise our "together" family of products, Lifetime and residential Buy to Let mortgages. The "together" products combine a secured and unsecured loan at one interest rate and one monthly payment. Gross lending of "together" products amounted to £2.5 billion of which £2.2 billion were advances secured on residential property representing 23.5% of new residential lending, excluding further advances. Outstanding balances of "together" mortgages remained around one fifth of our mortgage portfolio.

Our Lifetime range is aimed at homeowners aged over 60 who wish to utilise equity in their homes to enhance their lifestyle. Such lending accounted for 1.4% of gross new residential lending (2004 - 1.8%), with outstanding Lifetime balances representing 3.0% (31 December 2004 - 3.1%) of our mortgage balances.

Residential Buy to Let lending is focussed on lending to private investors secured on good quality residential properties with low LTVs. Such lending accounted for 4.8% of our mortgage portfolio at 30 June 2005 (31 December 2004 - 4.0%) and for 8.6% (H2 2004 - 7.3%) of gross new residential lending. This type of lending is likely to remain a niche part of our overall portfolio of lending and the professional part of the market is likely to be supported by demand following changes in pension legislation allowing rental properties to be included within investors' pension plans.

In total our lifestyle products, which are margin enhancing, represented 33.5% (2004 - 28.9%) of our gross new residential lending and 26.4% of mortgage balances at 30 June 2005 (31 December 2004 - 25.3%).

Of our traditional price-led mortgage products, fixed rate mortgages remained the most popular with 30.2% (2004 - 46.4%) of total new lending accounted for by short term fixed products up to two years, and 25.6% (2004 - 7.5%) by longer term fixes normally up to a maximum of seven years. The increased demand for longer term fixed rate products reflected attractive pricing as longer term swap rates have fallen.

Unsecured

Our personal unsecured credit portfolios comprise the unsecured element of "together" lending and standalone unsecured loans not linked to a residential mortgage. An analysis of lending volumes on the separate elements of our unsecured portfolios is shown in the following table:

Note

The basis of preparation of statutory, proforma and underlying figures is detailed on page 3.

Lending (continued)

£ millions	Standalone Unsecured	Together Unsecured	Total
2005 First Half			
Gross	761	340	1,101
Net	174	150	324
2004 First Half			
Gross	950	381	1,331
Net	505	156	661
2004 Full Year			
Gross	2,068	724	2,792
Net	1,104	263	1,367

Standalone gross lending has slowed in line with consumer spending and our risk appetite. Net lending has shown further reduction as the portfolio matures and redemptions and repayments increase.

Volumes of "together" unsecured lending remained similar to levels seen in each of the previous half year periods. At 30 June 2005 our unsecured lending balances were £4,997 million (31 December 2004 - £4,660 million) of which 40.6% (31 December 2004 - 40.3%) represented "together" unsecured advances.

Commercial

Competition in the commercial secured lending market has remained strong in the first half of 2005 with certain lenders being particularly aggressive on price and LTV levels at which they are prepared to lend. We have continued to grow our commercial lending portfolio gradually, maintaining our emphasis on quality rather than volume of lending. Gross lending in the first half amounted to £218 million (30 June 2004 - £212 million) with net lending of £31 million (30 June 2004 - £63 million).

Arrears and Possessions

The arrears position of each of our personal lending portfolios based upon accounts three months or more in arrears is set out in the following table:

	Residential	Standalone Unsecured	"Together" Unsecured
30 June 2005	0.35%	1.02%	0.82%
31 December 2004	0.37%	1.04%	0.78%
30 June 2004	0.39%	0.94%	0.80%

The absolute increase in number of residential accounts three months or more in arrears was only 20 cases, less than a 1% movement, compared with a 5% increase in number of accounts. The 0.35% remains well below half the industry average of 0.87% at 30 June 2005 (31 December 2004 - 0.80%). The "together" secured advances performance remained consistent, with three months plus arrears stable at 0.79% at 30 June 2005 (31 December 2004 - 0.77%). At 30 June 2005, 310 properties, representing only 0.05% of all accounts, were in possession compared with 181 (0.03%) at the end of 2004.

Note

The basis of preparation of statutory, proforma and underlying figures is detailed on page 3.

Arrears and Possessions (continued)

Standalone personal unsecured loan arrears remain significantly better than industry average, reflecting our policy of attracting high quality lending and use of our bespoke scorecard to avoid lower quality lending. Unsecured loans within the "together" brand continued to perform in line with the "together" secured advances and better than traditional personal unsecured loans.

At 30 June 2005 only 14 of our commercial loans (0.58% of accounts) with balances outstanding of £5.0 million were three months or more in arrears compared with 8 accounts (0.31%) with outstanding balances of £6.3 million at 31 December 2004.

Funding

Northern Rock has established 4 distinct funding arms enabling it to attract funds from a wide range of customers and counterparties on a global basis. Flows of new funding and closing balances are shown in the following table:

£ millions	Retail	Non-Retail	Securitisation	Covered Bonds
2005 First Half				
Net flow	1,716	(2,245)	6,138	1,025
Closing balances	19,008	17,520	27,706	2,430
2004 First Half				
Net flow	(163)	(1,916)	5,425	1,341
Closing balances	16,232	15,060	20,283	1,339
2004 Full Year				
Net flow	896	2,770	7,234	1,341
Closing balances	17,290	19,740	22,090	1,339

Note: Closing balances at 30 June 2005 are stated including IAS39 fair value adjustments. Net flows in 2005 represent net cashflows excluding fair value adjustments.

Retail

Retail funding comprised a net inflow of funds of £1,457 million plus interest credited of £259 million and builds on the successful funding in the second half of 2004 of over £1.0 billion, again demonstrating the strength and diversity of our retail franchise.

Funding during the six months was largely into our Silver Savings account launched in September 2004 for the over 50s. Fixed rate bonds also remained popular. Balances in our Ireland based operation rose to £804 million (31 December 2004 - £628 million), with £1,812 million (31 December 2004 - £1,871 million) in our Guernsey based off-shore vehicle.

Non-Retail

Our non-retail funding provides a balanced mixture of short and medium term funding with increasing diversification of our global investor base. During the first half we were able to repay £2.2 billion, mainly short term funds, following the successful securitisation issues.

Note

The basis of preparation of statutory, proforma and underlying figures is

detailed on page 3.

Non-Retail (continued)
During the first half we raised £1.4 billion medium term wholesale funds, from a variety of sources located globally, with specific emphasis on the US and Europe. This included a US$1.75 billion Extendible Quarterly Securities issue sold to domestic US investors.

With regards to short term funding, key developments included the establishment of a CAD$2 billion Canadian Commercial Paper programme which provides access to domestic Canadian investors. This programme had outstanding balances of CAD$1.0 billion at 30 June 2005.

Securitisation
Funding through securitisation has remained an integral part of Northern Rock's funding strategy. During the first half of 2005 two residential mortgage issues were completed raising £8.6 billion through our Granite vehicles. Diversification of our investor base continued with over 75% of the securitised bonds being issued in US dollars or euros. Further issuance is planned in the second half of 2005, with a second commercial mortgage securitisation raising £600 million already having completed since the half year. The characteristics of the mortgages securitised, in terms of product type, LTV and geographic distribution remain similar to those of our non-securitised mortgages.

The two Granite issues in 2005 were at the lowest spread we have ever achieved and noticeably (around 8 bps) cheaper than the maturing issues they are in part replacing.

At 30 June 2005 advances to customers subject to securitisation amounted to £29.2 billion (31 December 2004 - £21.9 billion), representing 48% (31 December 2004 - 40%) of our total lending portfolios.

Covered Bond
In the first half of 2005 we raised €1.5 billion (£1.03 billion) from a second issue from our €10 billion programme established in 2004. This provided further diversification of the investor base as around 40% of the participants were new to Northern Rock. The covered bond is secured by a pool of ring-fenced residential mortgages which remain on-balance sheet as Northern Rock retains substantially all the risks and rewards associated with the loans.

Assets

Total assets on a statutory and underlying basis (excluding fair value adjustments) are set out in the following table:

£ millions	30 June 2005	30 June 2004	31 December 2004
Statutory	72,460	57,092	64,881
Underlying	71,198	57,092	64,881

On a statutory basis total assets are 11.7% higher than at the previous year end and 26.9% higher than 12 months ago. On an underlying basis growth in total assets was 9.7% and 24.7% respectively.

Treasury

Our Treasury operation continues to raise wholesale funds, manage interest rate and currency risks, and manage a portfolio of investments primarily for liquidity purposes. It is not a separate profit centre and does not operate trading portfolios. At 30 June 2005, 97% (31 December 2004 - 96%) of our Treasury investment portfolios comprised assets which are rated single A or better. We continue to have no exposure to emerging markets or non-investment grade debt.

Note

The basis of preparation of statutory, proforma and underlying figures is detailed on page 3.

Total Income and Margins

The introduction of IFRS in 2005 results in significant changes in the presentation and reporting of interest and non-interest income. Upfront lending fees are now spread over the expected life of a loan and included in interest income resulting in a deferral of reported income. Introducer fees are also now recognised within interest income and spread over the expected life of a loan, rather than the life of the customer relationship, resulting in an acceleration of the recognition of the cost. Mortgage incentives continue to be offset against interest income but are now spread over the expected life of a loan rather than over the early repayment charge period. In addition, following the re-classification of certain instruments from debt to equity, the coupon payable on these instruments is now excluded from interest expense. As these accounting changes were introduced on a statutory basis with effect from 1 January 2005 we have prepared proforma 2004 figures on a comparable basis as well as on the statutory basis.

The following tables show net interest income and total income on a statutory and proforma basis for 2004 and on a statutory and underlying basis (see notes 3 and 4) for 2005.

Statutory basis	6 months ended		Year ended
£ millions	30 June 2005	30 June 2004	31 December 2004
Net interest income	369.3	227.0	466.9
Other income	50.5	113.9	252.3
Total income	419.8	340.9	719.2

Underlying/ Proforma basis	6 months ended		Year ended
£ millions	30 June 2005	30 June 2004	31 December 2004
Net interest income	345.0	299.3	612.7
Other income	50.5	50.4	111.8
Total income	395.5	349.7	724.5

On a statutory basis total income in the first half of 2005 amounted to £419.8 million representing an increase of 23.1% over total income in the first half of 2004. On this basis the ratio of total income to mean total assets at 1.22% in the first half compares with the 2004 full year and half year ratios of 1.23% and 1.25%. Total income as a proportion of mean risk weighted assets at 3.59% compares with the 2004 full year and half year ratios of 3.37% and 3.43%.

On an underlying basis total income in the first half of 2005 amounted to £395.5 million representing an increase of 13.1% over proforma total income in the first half of 2004. On this basis the ratio of total income to underlying mean total assets at 1.16% in the first half compares with the 2004 full year and half year ratios of 1.24% and 1.29%. Total income as a proportion of mean risk weighted assets at 3.41% compares with the 2004 full year and half year ratios of 3.43% and 3.56%.

Underlying interest margin at 1.00% in the first half compares with the 2004 full year and half year ratios of 0.82% and 0.85% on a statutory basis and 1.07% and 1.12% on a proforma basis. The proforma basis is considered to be a more appropriate comparator as it is calculated on the same basis as the 2005 figures, including the impact of effective interest rate changes under IFRS. On this basis, interest margin is 7bps lower than the full year in 2004 but only 3bps lower than in the second half last year. During the first half of 2005, 3 month Libor has remained on average 15bps higher than Bank Base Rate compared

with 20bps in the second half of 2004 and so has continued to adversely affect the price of our securitisation and non-retail funding. Towards the end of the first half, 3 month Libor, together with swap rates, started to fall such that a positive differential between Bank Base Rate and

Note

The basis of preparation of statutory, proforma and underlying figures is detailed on page 3.

Total Income and Margins (continued)

funding rates currently exists. If this continues in the second half of 2005 this will support spreads as and when the relevant funding re-prices.

At 30 June 2005 the net value of fees deferred to future periods amounts to £268.7 million, compared with £238.2 million at 31 December 2004 and £203.0 million at 30 June 2004 on a proforma basis.

Other income primarily comprises insurance commission generated on sales of building and contents and payment protection insurance together with administration fees not included within interest margin.

Expenses

Total operating expenses amounted to £118.9 million representing an increase of 17.1% over statutory operating expenses of £101.5 million and 18.0% over proforma operating expenses of £100.8 million for the first half of 2004. The increase of 18.0% compares with an increase in underlying assets of 24.7% over the twelve months and a rise in underlying total income of 13.1% on a proforma basis, resulting in a cost to asset ratio of 0.35% (30 June 2004 statutory - 0.37%, proforma - 0.37%) and cost to underlying income ratio of 30.1% (30 June 2004 statutory - 29.8%, proforma - 28.8%). Our performance is in line with achieving around the mid point of our strategic target of cost growth being 1/2 to 2/3rds the rate of growth of assets by the year end.

Included in the 2005 operating expenses are £4.9 million recurring incremental costs in relation to increased regulatory requirements out of an anticipated £10 million for the full year. The first half
results also include additional pension scheme and share based costs of £2.3 million arising from the introduction of IFRS.

Social Responsibility - The Northern Rock Foundation

Northern Rock donates 5% of pre tax profit to The Northern Rock Foundation under a deed of covenant. Such donations are used to support community and charitable causes mainly in the North East of England and Cumbria. The covenant from 2005 first half profits amounts to £14.7 million (30 June 2004 - £10.0 million), resulting in over £130 million having been donated since its inception in 1997 as an integral part of Northern Rock's conversion to a plc.

Loan Loss Impairment

Although there are similarities between the bases for making loan loss impairment under UK GAAP and IFRS, the latter is more prescriptive. During the first half of 2005 we have enhanced our loan loss impairment methodologies incorporating risk and performance data captured in and generated by our Basel II capital systems. Following the introduction of the improved methodologies a reassessment of loan loss impairment provisions has been made to closer match the risk profile of our loan portfolios. Following this one-off reassessment, loan loss impairment provisions were reduced by £10.3 million for the residential portfolio and by £9.8 million in our commercial lending portfolio and increased by £20.1 million in respect of our unsecured loans.

Note

The basis of preparation of statutory, proforma and underlying figures is detailed on page 3.

Loan Loss Impairment (continued)

The charge for loan loss impairment amounted to £25.5 million for the first half (30 June 2004 - £26.5 million) representing 0.09% of mean advances to customers (30 June 2004 - 0.12%). The combination of high quality lending, low interest rates, low arrears and continued strong average LTV of the portfolio have continued to contain the levels of loan loss impairment provisions required for residential mortgages. Provisions for the commercial secured lending portfolio have been rebased to levels consistent with portfolio performance and expected economic conditions for this sector.

The growth in loan loss impairment provision balances against our personal credit portfolios reflects growth in balances and the maturing nature of the portfolios. As a result, total loan loss impairment provision balances for these portfolios have increased to £92.7 million with total cover of 1.86% (31 December 2004 - 1.68%).

Hedge Ineffectiveness

Following the introduction of IFRS all derivatives entered into by Northern Rock, which under UK GAAP were held off balance sheet, are now recorded on the balance sheet with any fair value movements being taken to the income statement. Where effective hedge relationships can be established, the movement in the fair value of the derivative instrument is offset in full or in part by opposite movements in fair value of the underlying instrument being hedged. Any ineffectiveness arising from different movements in fair value will trend to zero over time and so any recorded ineffectiveness in any accounting period is excluded from underlying results in that accounting period.

In addition, Northern Rock enters into certain derivative contracts, which although efficient economically, cannot be included in effective hedge accounting relationships. Consequently, although the implicit interest cost of the underlying instrument and associated derivative are included in net interest income in the income statement, future fair value movements on such derivatives are recorded in "Net hedge ineffectiveness and other fair value gains and losses" on the face of the income statement and are excluded from underlying results as these fair value movements will not be realised in cash terms. The same treatment also applies to the revaluation at each balance sheet date of economically hedged foreign currency liabilities.

The over-riding objective of the presentation of underlying results is to show the true interest income / cost of hedged instruments and to exclude future fair value adjustments from current performance measurement.

In the first half of 2005 the income statement shows "Net hedge ineffectiveness and other fair value gains and losses" as a positive figure of £33.3 million. This increases to £57.6 million positive after the cost of interest implicit in forward exchange contracts is transferred to underlying net interest income.

Having taken powers at the Annual General Meeting to issue preference shares, we are considering the issue of a nominal amount of such shares. This would enable the Upper Tier 2 instruments currently included in equity to be re-classified as liabilities. This would then enable the economic hedges we hold in respect of these instruments to be included in hedge accounting relationships thereby eliminating a significant amount of the hedge volatility recorded in the income statement.

Taxation

The effective tax rate for the first half was 29.3% (30 June 2004 - 28.9%). We continue to anticipate, with a corporation tax rate of 30%, the ongoing effective tax rate will trend towards 30.0% in the medium term.

Note

The basis of preparation of statutory, proforma and underlying figures is detailed on page 3.

Profits and EPS

To aid comparison of the 2005 results with those of 2004 we have prepared 2004 comparatives on a statutory basis and on a proforma basis. In addition, the underlying 2005 results are determined after excluding the effect of hedge accounting ineffectiveness. Details of profit before tax, profit attributable to shareholders and earnings per share on these bases are set out in the following tables:

Statutory basis	6 months ended		Year ended
	30 June 2005	30 June 2004	31 December 2004
PBT £m	294.0	202.2	435.3
Attributable profit £m	188.2	143.7	309.5
EPS p/share	45.5	34.8	74.9

Proforma basis	6 months ended		Year ended
	30 June 2005	30 June 2004	31 December 2004
PBT £m	294.0	211.2	441.5
Attributable profit £m	188.2	135.1	271.2
EPS p/share	45.5	32.7	65.7

Underlying basis	6 months ended		Year ended
	30 June 2005	30 June 2004	31 December 2004
PBT £m	239.2	211.2	441.5
Attributable profit £m	149.4	135.1	271.2
EPS p/share	36.1	32.7	65.7

The reconciliation of 2005 underlying results is set out in note 2 of the Interim Results (page 28 statutory results, page 85 proforma results).

Statutory profit before tax of £294.0 million for the six months ended 30 June 2005 represents an increase of 45.4% over the equivalent statutory figure for 2004 and an increase of 39.2% over the equivalent proforma figure. Statutory profit attributable to shareholders for the first half of 2005 was £188.2 million, an increase of 31.0% over the 2004 statutory result for the same period and 39.3% over the proforma result. Compared with the 2004 first half proforma results, the underlying 2005 profit before tax of £239.2 million represents an increase of 13.3%, with underlying attributable profit rising by 10.6% to £149.4 million.

Return on equity for the first half of 2005 was 24.6% on a statutory basis and 20.6% on an underlying basis compared with 21.1% in the first half of 2004 on a statutory basis and 21.6% on a proforma basis.

Dividends

The proposed interim dividend is 9.4p per share payable on 27 October 2005 to shareholders on the register on 29 September 2005, a 10.6% increase over the 2004 interim dividend of 8.5p.

Note

The basis of preparation of statutory, proforma and underlying figures is detailed on page 3.

Capital

At 30 June 2005 total capital amounted to £3,033 million resulting in a total capital ratio of 12.8%, comfortably above regulatory and internal requirements. Tier 1 capital was £1,953 million and the Tier 1 ratio 8.2%. The restated equivalent ratios at 31 December 2004 on a statutory basis were 14.0% and 8.7% and on a proforma basis were 13.5% and 8.0% respectively.

We intend to be among the first wave of applicants seeking waiver from the FSA enabling us to adopt the Retail Internal Ratings Based approach to Basel II currently anticipated to commence on 1 January 2007. We intend to initially adopt the Standardised Approach to Operational Risk.

Our low risk balance sheet means that we expect to achieve significant reductions to the levels of our total regulatory risk weighted assets for credit exposures compared to current levels. This should result in future capital efficiencies subject to consultation with the FSA and credit rating agencies. We recognise, however, that delays to the approval of relevant European Union legislation could result in delays to the introduction of Basel II.

Within securitisation, whilst there has been transference of risk on a non-recourse basis, we have continued to hold a first loss position. After consultation, we intend this autumn, subject to market conditions, to substantially sell-on (on a non-recourse and on-going basis) the majority of the first loss position. This will substantially further strengthen our capital position.

Outlook

The strong performance in the first half of 2005 together with prospects for the remainder of the year mean that we remain on track to achieve our strategic targets in 2005. Asset growth will be at the top end of our 20% + / - 5% target and underlying attributable profit growth will be at the lower end of our targeted 15% + / - 5% range due to the impacts of IFRS. In the medium term we expect asset and profit growth to trend to the mid points of our strategic targets.

Lending will continue to be focussed on low risk residential lending supplemented by commercial secured and personal credit where returns and risk are appropriate. All our funding portfolios will be further developed helping to ensure we have a secure and diversified funding platform.

The range of attributable profit expectations for 2005, excluding any fair value and hedge accounting gains or losses, as provided by 17 of the major bank research analysts, is £290 million to £312 million, with a mean of £298 million, growth of 10% compared to the 2004 proforma figure. Northern Rock remains comfortable with this consensus mean.

Note

The basis of preparation of statutory, proforma and underlying figures is detailed on page 3.

FINANCIAL HIGHLIGHTS - STATUTORY

	Six months to 30 June		Full Year
Key Performance Figures	2005 £m	2004 £m	2004 £m
Gross lending	11,543	10,055	23,342
Net lending	5,965	5,091	12,932
Net retail funding	1,716	(163)	896
Securitisation issues	8,558	7,122	11,122
Covered bond issue	1,025	1,341	1,341
Net non-retail funding	(2,245)	(1,916)	2,770
Key Ratios - Balance Sheet	%	%	%
Balance sheet growth	11.7	9.9	24.9
Growth in risk weighted assets	2.8	2.3	17.3
Total capital ratio	12.8	15.8	14.0
Tier 1 ratio	8.2	9.2	8.7
Key Ratios - Income and Expense	%	%	%
Total income : mean risk weighted assets	3.59	3.43	3.37
Interest margin	1.07	0.85	0.82
Cost to income ratio	28.3	29.8	30.4
Cost to mean asset ratio	0.35	0.37	0.37
Impairment charge as % of mean advances to customers	0.09	0.12	0.10
Pre tax profit growth	45.4	n/a	n/a
Effective tax rate	29.3	28.9	28.9
Post tax profit growth	44.7	n/a	n/a

Attributable profit growth	31.0	n/a	n/a
Post tax return on mean equity	24.6	21.1	21.6
Post tax return on mean risk weighted assets	1.61	1.45	1.45
Post tax return on mean assets	0.55	0.53	0.53

Shareholder Information	p/share	p/share	p/share
Earnings per share	45.5	34.8	74.9
Growth in earnings per share (%)	30.7	n/a	n/a
Dividend per share	18.0	15.8	24.3
Growth in dividend per share (%)	13.9	15.3	14.6

Notes

1. 2004 ratios have been restated to reflect the impact of IFRS. Profit growth ratios for 2004 have not been calculated as 2003 results have not been restated under IFRS.

2. Balance sheet growth in 2005 represents the growth in balance sheet assets between 31 December 2004 and 30 June 2005.

3. Post tax returns are calculated by reference to profit attributable to equity shareholders.

Balance at 30 June 2005		123.9	6.8	7.3	35.7	1,342.8

NOTES TO THE STATUTORY RESULTS

1. Basis of Preparation

These interim financial statements have been prepared on a basis consistent with International Financial Reporting Standards ("IFRS") in issue that are effective or available for early adoption at the Group's first annual reporting date, 31 December 2005, but do not include all the disclosures in IAS34 on interim reporting, that does not become mandatory until 2007. Based on these IFRS, the Board of Directors have made assumptions about the accounting policies expected to be adopted when the first IFRS annual financial statements are prepared for the year ending 31 December 2005. The interim financial statements require management to make judgements, estimates and assumptions that affect the application of policies and reported amounts of assets and liabilities, income and expenses.

The IFRS that will be effective or available for voluntary early adoption in the annual financial statements for the year ending 31 December 2005 are subject to change and to the issue of additional interpretation and therefore cannot be determined with certainty. Accordingly, the accounting policies are consistent with those that the directors intend to use in the next annual financial statements. The significant accounting policies are included in Note 22.

2. Underlying Results

Underlying results are reconciled to the IFRS statutory results in the following table.

	Six months to 30 June 2005		
	Profit before taxation	Profit for the period	Profit attributable to equity shareholders
	£m	£m	£m
IFRS statutory results	294.0	207.9	188.2
Underlying net hedge ineffectiveness and other unrealised fair value gains and losses (note 5)	(57.6)	(57.6)	(57.6)
Impact of covenant to The Northern Rock Foundation	2.8	2.8	2.8
Associated			

taxation	-	16.0	16.0
Underlying results	239.2	169.1	149.4

Underlying results include the interest related fair value movements on forward exchange contracts and exclude the hedge accounting ineffectiveness on derivatives where fair value hedge accounting has been obtained, together with gains and losses on non-hedging derivatives excluding interest flows to the extent that these are not offset by translation gains and losses on underlying instruments in economic hedging relationships.

NOTES TO THE STATUTORY RESULTS (CONTINUED)

3. Total Income

	Six months to 30 June 2005	2004	Full Year 2004
	£m	£m	£m
Statutory total income	419.8	340.9	719.2
Adjustment:			
Interest implicit in forward exchange contracts	(24.3)	-	-
Underlying total income	395.5	340.9	719.2
Mean total assets	68,670.3	54,520.1	58,414.7
Mean total assets (underlying)	68,040.7	54,520.1	58,414.7
Mean risk weighted assets	23,355.5	19,868.4	21,336.7
Underlying total income : mean total assets (underlying)	1.16%	1.25%	1.23%
Underlying total income : mean risk weighted assets	3.39%	3.43%	3.37%
Reported total income : mean total assets	1.22%	1.25%	1.23%
Reported total income : mean risk weighted assets	3.59%	3.43%	3.37%

Interest implicit in forward exchange contracts represents the difference between the sterling cost implicit from the exchange contract and the currency coupon on the foreign currency liability translated at spot exchange rates. This is regarded as the interest element of the forward exchange contract. The remainder of the contract is the difference between the full fair value of the contract and the interest element of the contract and represents the currency fair value element of the contract.

The full fair value of foreign exchange contracts, including both the interest and currency elements, is included in "Net hedge ineffectiveness and other unrealised fair value gains and losses" in the statutory results (see note 5).

4. Net Interest Income

	Six months to 30 June 2005	2004	Full Year 2004
	£m	£m	£m
Interest income			
Secured advances	1,524.4	995.9	2,303.4
Other lending	160.0	156.2	323.5
Investment securities and deposits	254.8	155.8	362.5
	1,939.2	1,307.9	2,989.4
Interest expense			
Retail customer accounts	409.5	311.5	689.7
Other deposits and loans	1,126.1	717.3	1,714.5
Subordinated liabilities	27.1	36.7	85.5
Reserve capital instruments	-	9.3	19.8
Tier one notes	7.2	6.1	13.0
Interest expense as reported	1,569.9	1,080.9	2,522.5
Interest implicit in forward foreign exchange contracts	24.3	-	-
Underlying interest expense	1,594.2	1,080.9	2,522.5
Net interest income as reported	369.3	227.0	466.9
Underlying net interest income	345.0	227.0	466.9
Average interest earning assets excluding fair value adjustments	68,723.6	53,238.4	57,071.3
Average interest bearing liabilities excluding fair value adjustments	66,235.6	52,198.9	56,008.9
Interest margin as reported	1.07%	0.85%	0.82%
Interest spread as reported	0.90%	0.77%	0.73%
Underlying interest margin	1.00%	0.85%	0.82%
Underlying interest spread	0.83%	0.77%	0.73%

Interest margin has been calculated by reference to average interest earning assets excluding fair value adjustments. For assets denominated in foreign currencies, where these have been economically hedged, average balances are based on the contract rate implicit in the associated hedging instrument. Average balances have been calculated on a monthly basis.

Interest spread represents the difference between interest receivable as a % of average interest earning assets, excluding fair value adjustments, and interest payable as a % of average interest bearing liabilities, excluding fair value

adjustments. For assets and liabilities denominated in foreign currencies, where these have been economically hedged, average balances are based on the contract rate implicit in the associated hedging instrument.

Included within interest income is an adjustment of £1.7m with respect to the unwind of the discount included in the impairment allowance under IFRS.

NOTES TO THE STATUTORY RESULTS (CONTINUED)

5. Net Hedge Ineffectiveness and Other Unrealised Fair Value Gains and Losses

	Six months to 30 June 2005	2004	Full Year 2004
	£m	£m	£m
Future fair value movements excluding interest flows on non-hedging derivatives	734.1	-	-
Translation gains and losses on underlying instruments	(732.3)	-	-
	1.8	-	-
Net hedge ineffectiveness excluding interest flows on fair value hedges	31.5	-	-
Net hedge ineffectiveness and other unrealised fair value gains and losses	33.3	-	-
Interest implicit in forward exchange contracts (note 3)	24.3	-	-
Underlying net hedge ineffectiveness and other unrealised fair value gains and losses	57.6	-	-

The Group enters into certain derivative financial instruments which although highly effective as economic hedges are not included in hedge accounting relationships. These derivatives include hedges on certain foreign currency assets and wholesale funding recorded at amortised cost and instruments included within non shareholders' funds, forward currency contracts and previously effective hedges which have been de-designated.

The future fair value movements excluding interest flows on such derivatives are separately identified within "Net hedge effectiveness and other unrealised fair value gains and losses", together with the translation gains and losses on underlying instruments arising from the revaluation from foreign currency into sterling. The deemed interest flows on such derivatives are included within interest income or expense, as appropriate.

Net hedge ineffectiveness excluding interest flows on fair value hedges represents the difference between changes in the future fair value excluding interest flows of the hedging derivatives and the changes in the future fair value excluding interest flows of the underlying hedged items.

6. Operating Expenses

Operating expenses excluding the covenant to The Northern Rock Foundation are as follows:

	Six months to 30 June 2005	2004	Full Year 2004

	£m	£m	£m
Staff costs	66.9	56.0	119.6
Other expenses	37.7	37.7	80.5
Depreciation and amortisation	14.3	7.8	18.2
Total operating expenses	118.9	101.5	218.3

The average number of persons employed by the Group was as follows:

	Six months to 30 June 2005	2004	Full Year 2004
Full time	4,429	3,674	3,916
Part time	1,272	1,000	1,064

NOTES TO THE STATUTORY RESULTS (CONTINUED)

7. Interest Incentives and Fees

Included within the consolidated balance sheet are the following:

	Mortgage incentives £m	Fees receivable £m	Fees payable £m	Total £m
Balance at 1 January 2004	236.9	(13.2)	108.4	332.1
Amounts charged / paid	165.5	-	46.8	212.3
Released in the period	(182.8)	2.6	(14.7)	(194.9)
Balance at 30 June 2004	219.6	(10.6)	140.5	349.5

	Mortgage incentives £m	Fees receivable £m	Fees payable £m	Total £m
Balance at 1 January 2004	236.9	(13.2)	108.4	332.1
Amounts charged / paid	482.5	-	112.5	595.0
Released in the period	(440.1)	5.3	(37.1)	(471.9)
Balance at 31 December 2004	279.3	(7.9)	183.8	455.2

	Mortgage incentives £m	Fees receivable £m	Fees payable £m	Total £m
Balance at 31				

December 2004	279.3	(7.9)	183.8	455.2
Adoption of IAS 39	33.5	(230.3)	(29.5)	(226.3)
Balance at 1 January 2005	312.8	(238.2)	154.3	228.9
Amounts charged /paid	268.3	(107.3)	55.4	216.4
Released in the period	(225.5)	76.8	(44.9)	(193.6)
Balance at 30 June 2005	355.6	(268.7)	164.8	251.7

The adoption of IAS 39 adjustment comprises:

	1 January 2005 £m
Reclassified from prepayments and accrued income (note 26a)	(234.2)
Reclassified from accruals and deferred income (note 26l)	7.9

NOTES TO THE STATUTORY RESULTS (CONTINUED)

9. Residential Mortgage Arrears

	30 June 2005		30 June 2004		31 December 2004	
	Cases	%	Cases	%	Cases	%
3 - 6 months	1,685	0.27	1,591	0.29	1,695	0.29
Over 6 - 12 months	460	0.07	501	0.09	422	0.07
Over 12 months	10	0.01	49	0.01	18	0.01
Total	2,155	0.35	2,141	0.39	2,135	0.37

10. Dividends

The following tables analyse dividends when paid and the period to which they relate.

	30 June 2005 pence per share	30 June 2004 pence per share	31 December 2004 pence per share
2003 final dividend	-	15.8	15.8
2004 interim dividend	-	-	8.5
2004 final dividend	18.0	-	-
	18.0	15.8	24.3

The proposed interim dividend in respect of 2005 amounts to 9.4 pence per share (£39.2 million). These Interim Results do not reflect this dividend payable.

	30 June 2005 £m	30 June 2004 £m	31 December 2004 £m
2003 final dividend	-	66.2	66.2
2004 interim dividend	-	-	35.2
2004 final dividend	74.7	-	-
Less paid to ESOP trusts	-	(0.9)	(0.8)
	74.7	65.3	100.6

NOTES TO THE STATUTORY RESULTS (CONTINUED)

11. Earnings per Share

Earnings per share figures based upon reported (basic) and underlying profit on ordinary activities attributable to equity shareholders (see note 2) are as follows:

	Six months to 30 June	Full Year

	2005	2004	2004
Weighted average number of shares in issue	413.8m	412.8m	413.0m
Basic EPS	45.5p	34.8p	74.9p
Underlying EPS	36.1p	34.8p	74.9p

The weighted average number of Ordinary shares in issue has been determined after deducting shares held in trust for employee share schemes.

Diluted weighted average number of shares in issue	416.9m	415.8m	416.6m
Diluted EPS	45.1p	34.6p	74.3p
Underlying diluted EPS	35.8p	34.6p	74.3p

The fully diluted EPS figures are calculated using the weighted average number of Ordinary shares in issue together with 3.1 million (30 June 2004: 3.0 million, 31 December 2004: 3.6 million) potentially dilutive Ordinary shares resulting from options granted under employee share schemes.

Foundation shares held by The Northern Rock Foundation have been excluded from the EPS calculations as they carry no rights to dividends. The Foundation shares can convert into Ordinary shares only under specified circumstances which are considered to be remote. If conversion were to take place the shares would rank for dividend but the covenant to the Foundation would cease.

Unsecured investment loans	440.3	43.4	9.1
	61,660.4	46,966.9	54,768.8

NOTES TO THE STATUTORY RESULTS (CONTINUED)

14. Securitisation

The Group's results include the results and assets and liabilities of securitisation Special Purpose Entities ("SPEs") on a line by line basis. Under UK GAAP the SPEs were incorporated into the financial statements using linked presentation. Following the introduction of IFRS and a change in UK companies legislation, these SPEs are now treated as legal subsidiaries and consolidated on a line by line basis.

Securitised advances are subject to non-recourse finance arrangements. These loans have been purchased at par by SPEs from Northern Rock plc, and have been funded through the issue of mortgage-backed bonds. The balances of assets subject to securitisation and non-recourse finance at 30 June 2005 are as follows:

Securitisation Company	Date of securitisation	Gross assets securitised £m	Non-recourse finance £m
Residential:			
Granite Mortgages 99-1 plc	1 October 1999	89.1	79.8
Granite Mortgages 00-1 plc	1 March 2000	252.0	238.6
Granite Mortgages 00-2 plc	25 September 2000	482.6	411.3
Granite Mortgages 01-1 plc	26 March 2001	747.1	697.3
Granite Mortgages 01-2 plc	28 September 2001	827.6	778.3
Granite Mortgages 02-1 plc	20 March 2002	1,500.2	1,434.0
Granite Mortgages 02-2 plc	23 September 2002	1,861.9	1,785.1
Granite Mortgages 03-1 plc	27 January 2003	2,130.7	2,059.6
Granite Mortgages 03-2 plc	21 May 2003	1,670.5	1,590.6
Granite Mortgages 03-3 plc	24 September 2003	1,584.8	1,492.0
Granite Mortgages 04-1 plc	28 January 2004	2,695.7	2,563.4
Granite Mortgages 04-2 plc	26 May 2004	2,992.0	2,850.5
Granite Mortgages 04-3 plc	22 September 2004	3,564.7	3,428.1
Granite Master Issuer plc	26 January 2005	4,353.9	4,227.5

Granite Master Issuer plc	25 May 2005	4,206.9	4,052.6
		28,959.7	27,688.7
Retained interest in Granite Trustees Limited		2,196.5	
Less cash deposits held with Northern Rock plc		(1,859.3)	
Total residential		29,296.9	27,688.7
Commercial:			
Dolerite Funding No 1 plc	24 June 2002	181.9	162.5
Retained interest in Dolerite Trustees Limited		51.6	
Total commercial		233.5	162.5
Total		29,530.4	27,851.2

No subordinated debt was issued by Granite Mortgages 01-1 plc to Northern Rock plc in relation to the funding of a first loss reserve fund. However, Granite Mortgages 01-1 plc's parent company retained £20 million from the proceeds of debt issuance to fund this reserve, which is only repayable after full repayment of the notes.

14. Securitisation (continued)

Included within the Interim Results are the following items relating to the SPEs:

Balance sheet	30 June 2005 £m	30 June 2004 £m	31 December 2004 £m
Advances secured on residential property	26,783.2	18,970.6	20,835.0
Other secured loans	148.4	251.8	186.1
Cash deposits with third parties	350.7	1,052.7	423.9
Debt securities in issue	27,705.5	20,282.5	22,089.9

At 30 June 2005 the SPEs had cash deposits with Northern Rock amounting to £1,859.3m (30 June 2004 - £612.0m, 31 December 2004 - £1,396.0m). This balance is restricted in use to the repayment of the debt securities issued by the SPEs and other legal obligations.

15. Covered Bonds

Included within loans and advances to customers not subject to securitisation are £3,344 million of mortgage advances assigned to a bankruptcy remote special purpose vehicle. These loans provide security to issues of covered bonds made by Northern Rock of £1,341 million on 4 May 2004 and £1,025 million on 20 April 2005, which are included within debt securities in issue. Northern Rock retains substantially all the risks and rewards associated with these loans and therefore these transactions do not qualify for derecognition under IAS 39.

16. Analysis of Customer Accounts

	30 June 2005	30 June 2004	31 December 2004
	£m	£m	£m

Payment date	27 October 2005

21. Other Information

The information in this announcement is unaudited and does not constitute statutory accounts within the meaning of section 240 of the Companies Act 1985. The statutory accounts of Northern Rock plc for the year ended 31 December 2004 have been filed with the Registrar of Companies in England and Wales. The auditors' report on these accounts was unqualified and did not include a statement under section 237(2) or (3) of the Act.

A summary of this report will appear as an advertisement in the Financial Times, The Times, The Daily Telegraph, The Scotsman and The Newcastle Journal on 29 July 2005. The report will also be available on the Northern Rock website www.northernrock.co.uk from 8.30am on 28 July 2005.

A presentation of the results will be given by directors on the morning of the results announcement. A web cast of the presentation will be available on the Northern Rock website from 3.00pm on 28 July 2005.

22. Significant Accounting Policies

Set out below are the Group's key accounting policies under IFRS which differ from UK GAAP. As a result of the Group's decision to adopt the IFRS 1 exemption and not restate comparatives for IAS 32 and IAS 39, certain accounting policies will only apply from 1 January 2005 and not to the 2004 comparatives. These policies have been denoted with an asterisk. Accounting policies for these items used in the preparation of the 2004 comparatives are as set out in the 2004 Annual Report and Accounts.

a. Accounting convention *

The Group prepares its accounts under the historical cost convention, except for the revaluation of available-for-sale financial assets, financial assets and liabilities held at fair value through profit and loss and all derivative contracts.

b. Basis of consolidation

The financial information of the Group incorporates the assets, liabilities, and results of Northern Rock plc and its subsidiary undertakings (including Special Purpose Entities). Entities are regarded as subsidiaries where the Group has the power to govern financial and operating policies so as to obtain benefits from their activities. Inter-company transactions and balances are eliminated upon consolidation.

The acquisition method of accounting is used to account for the purchase of subsidiaries.

c. Interest income and expense *

Interest income and expense are recognised in the income statement for all instruments measured at amortised cost using the effective interest method.

The effective interest method calculates the amortised cost of a financial asset or a financial liability, and allocates the interest income or interest expense over the relevant period. The effective interest rate is the rate that exactly discounts estimated future cash receipts or payments through the expected life of the financial instrument or, when appropriate, a shorter period to the net carrying amount of the financial asset or financial liability. When calculating the effective interest rate, the Group estimates cash flows considering all contractual terms of the financial instrument (for example prepayment options) but does not consider future credit losses. The calculation includes all amounts received or paid by the Group that are an integral part of the overall return, direct incremental transaction costs related to the acquisition or issue of a financial instrument and all other premiums and discounts.

Once a financial asset or a group of similar financial assets has been written down as a result of an impairment loss, interest income is recognised using the rate of interest used to discount the future cash flows for the purpose of measuring the impairment loss.

d. Fees and commissions *

Where they are not included in the effective interest calculation, fees and commissions are generally recognised on an accruals basis when the service has been provided. Loan commitment fees for loans that are likely to be drawn down are deferred (together with related incremental direct costs) and recognised as an adjustment to the effective interest rate on the loan. Insurance commissions are recognised in the period in which they are earned.

22. Significant Accounting Policies (continued)

e. Financial instruments *

Financial assets can be classified in the following categories: loans and receivables, available-for-sale, held to maturity or financial assets at fair value through profit and loss. Management determines the classification of its investments at initial recognition. The Group measures all of its financial liabilities at amortised cost, other than those instruments which have been designated as part of a hedging relationship (see below).

i. Loans and receivables and financial liabilities at amortised cost

The Group's loans and advances to customers are classified as loans and receivables. Loans and receivables are non-derivative financial assets with fixed or determinable payments that are not quoted in an active market, whose recoverability is based solely on the credit risk of the customer and where the Group has no intention of trading the loan. Both loans and receivables and financial liabilities are initially recognised at fair value including direct and incremental transaction costs. Subsequent recognition is at amortised cost using the effective interest method.

ii. Available-for-sale financial assets

Available-for-sale financial assets are non-derivative financial assets, principally but not exclusively investment securities intended to be held for an indefinite period of time which may be sold in response to needs for liquidity or changes in interest rates, exchange rates or equity prices. They are initially measured at fair value including direct and incremental transaction costs. Subsequent measurement is at fair value, with changes in fair value being recognised in equity except for impairment losses and translation differences, which are recognised in the income statement. Upon derecognition of the asset, or where there is objective evidence that the investment security is impaired, the cumulative gains and losses recognised in equity are removed from equity and recycled to the income statement.

iii. Held to maturity financial assets

Held to maturity financial assets are non-derivative financial assets with fixed or determinable payments that the Group has the ability and intention to hold to maturity. They are initially measured at fair value including direct and incremental transaction costs. Subsequent measurement is at amortised cost using the effective interest method.

iv. Financial assets at fair value through profit or loss

A financial asset is classified in this category if it is so designated by management on initial recognition. Derivatives are held at fair value through profit or loss unless they are designated as cash flow hedges. The assets are initially measured at fair value, with transaction costs taken directly to the income statement. Subsequent measurement is at fair value, with changes in fair value included directly in the income statement.

The fair values of quoted investments in active markets are based on current bid prices. If the market for a financial asset is not active (and for unlisted securities), the Group establishes fair value using valuation techniques. These include the use of recent arm's length transactions, discounted cash flow analysis, option pricing models and other valuation techniques commonly used by market participants.

NOTES TO THE STATUTORY RESULTS (CONTINUED)

22. Significant Accounting Policies (continued)

a. Offsetting financial instruments *

Financial assets and liabilities are offset and the net amount reported in the balance sheet when there is a legally enforceable right to offset the recognised amounts and there is an intention to settle on a net basis, or realise the asset and settle the liability simultaneously.

b. Sale and repurchase agreements

Securities sold subject to repurchase agreements ('repos') are reclassified in the financial statements as assets pledged when the transferee has the right by contract or custom to sell or repledge the collateral; the counterparty liability is included in amounts due to other banks, deposits from banks, other deposits or deposits due to customers, as appropriate. Securities purchased under agreements to resell, ('reverse repos'), are recorded as loans and advances to banks or customers as appropriate. The difference between sale and repurchase price is treated as interest and accrued over the life of the agreements using the effective interest method. Securities lent to counterparties are also retained in the financial statements.

Securities borrowed are not recognised in the financial statements, unless these are sold to third parties, in which case the obligation to return them is recorded at fair value as a trading liability.

c. Impairment losses on loans and advances to customers *

The Group assesses its financial assets or groups of financial assets for objective evidence of impairment at each balance sheet date. An impairment loss is recognised if, and only if, there is a loss event (or events) that has occurred after initial recognition and before the balance sheet date and has a reliably measurable impact on the estimated future cash flows of the financial assets or groups of financial assets.

i) Assets held at amortised cost

The Group first assesses whether objective evidence of impairment exists individually for financial assets that are individually significant, and individually or collectively for financial assets that are not individually significant. Objective evidence that a financial asset is impaired includes observable data that comes to the attention of the Group about the following loss events:

a. significant financial difficulty of the issuer or obligor;

b. a breach of contract, such as a default or delinquency in interest or principal repayments;

c. the lender, for economic or legal reasons relating to the borrower's financial difficulty, granting to the borrower a concession that the lender would not otherwise consider;

d. it becomes probable that the borrower will enter bankruptcy or other financial reorganisation;

e. the disappearance of an active market for that financial asset because of financial difficulties; or

f. observable data indicating that there is a measurable decrease in the estimated future cash flows from a portfolio of assets since the initial recognition of those assets, although the decrease cannot yet be identified

with the individual financial assets in the portfolio, including:

i. adverse changes in the payment status of borrowers in the portfolio;

ii. national or local economic conditions that correlate with defaults on the assets in the portfolio.

If the Group determines that no objective evidence of impairment exists for an individually assessed financial asset, whether significant or not, it includes the asset in a group of financial assets with similar credit risk characteristics and collectively assesses them for impairment. Assets that are individually assessed and for which an impairment loss is or continues to be recognised are not included in a collective assessment of impairment.

NOTES TO THE STATUTORY RESULTS (CONTINUED)

22. Significant Accounting Policies (continued)

If there is objective evidence that an impairment loss on loans and receivables has been incurred, the amount of the loss is measured as the difference between the asset's carrying amount and the present value of the estimated future cash flows (excluding future credit losses that have not been incurred) discounted at the financial asset's original effective interest rate. The carrying amount of the asset is reduced through the use of an impairment allowance and the amount of the loss is recognised in the income statement. In future periods the unwind of the discount is recognised within interest income.

When a loan is uncollectable, it is written off against the related provision for loan impairment. Such loans are written off after all the necessary procedures have been completed and the amount of the loss has been determined. Subsequent recoveries of amounts previously written off decrease the amount of the provision for loan impairment in the income statement.

If, in a subsequent period, the amount of the impairment loss decreases and the decrease can be related objectively to an event occurring after the impairment was recognised (such as an improvement in the customer's credit rating), the previously recognised impairment loss is reversed by adjusting the impairment allowance. The amount of the reversal is recognised in the income statement.

ii) Available-for-sale financial assets

For available-for-sale financial assets, the Group assesses at each balance sheet date whether there is objective evidence that a financial asset, or group of financial assets are impaired. The amount of the loss is measured as the difference between the asset's carrying amount and the present value of estimated cash flows. The rate used to discount the cash flows is the original effective rate on the available-for-sale financial asset. The amount of the impairment loss is recognised in the income statement. This includes cumulative gains and losses previously recognised in equity which are recycled from equity to the income statement.

i) Derivative financial instruments and hedge accounting *

The Group undertakes transactions in derivative financial instruments, which include currency swaps, interest rate swaps, interest rate caps, forward rate agreements, options, foreign exchange contracts and similar instruments, for non-trading purposes.

The Group's derivative activities are entered into for the purpose of matching or eliminating risk from potential movements in interest and foreign exchange rates inherent in the Group's assets, liabilities and positions. All derivative transactions are for economic hedging purposes and so it is therefore decided at the outset which position the derivative will be hedging. Derivatives are

reviewed regularly for their effectiveness as hedges and corrective action taken, if appropriate. Derivatives are measured initially at fair value and subsequently remeasured to fair value. Fair values are obtained from quoted market prices in active markets and where these are not available from valuation techniques including discounted cash flow models and option pricing models. Where derivatives are not designated as part of a hedging relationship, changes in fair value are recorded in the income statement. Where derivatives are designated within hedging relationships, the treatment of the fair value changes depends on the nature of the hedging relationship.

i) Cash flow hedges

A cash flow hedge is used to hedge exposures to variability in cash flows, such as variable rate financial assets and liabilities. The effective portion of changes in the derivative fair value is recognised in equity, and recycled to the income statement in the periods when the hedged item will affect profit and loss. The fair value gain or loss relating to the ineffective portion is recognised immediately in the income statement.

NOTES TO THE STATUTORY RESULTS (CONTINUED)

22. Significant Accounting Policies (continued)

ii) Fair value hedges

A fair value hedge is used to hedge exposures to variability in the fair value of financial assets and liabilities, such as fixed rate loans. Changes in fair value of derivatives that are designated and qualify as fair value hedges are recorded in the income statement, together with any changes in the fair value of the hedged asset or liability that are attributable to the hedged risk. If the hedge no longer meets the criteria for hedge accounting, the adjustment to the carrying amount of the hedged item is amortised to the income statement over the period to maturity.

If derivatives are not designated as hedges then changes in fair values are recognised immediately in the income statement.

iii) Embedded derivatives

Certain derivatives are embedded within other non-derivative host instruments to create a hybrid instrument. Where the economic characteristics and risks of the embedded derivatives are not closely related to the economic characteristics and risk of the host instrument, and where the hybrid instrument is not measured at fair value, the Group separates the embedded derivative from the host instrument and measures it at fair value with the changes in fair value recognised in the income statement.

j) Derecognition of financial assets and liabilities

The Group's policy is to derecognise financial assets only when the contractual right to the cash flows from the financial asset expire. The Group also derecognises financial assets that it transfers to another party provided the transfer of the asset also transfers the right to receive the cash flows of the financial asset. Where the transfer does not result in the Group transferring the right to receive the cash flows of the financial assets, but it does result in the Group assuming a corresponding obligation to pay the cash flows to another recipient, the financial assets are also accordingly derecognised.

The Group derecognises financial liabilities only when the obligation specified in the contract is discharged, cancelled or has expired.

k) Securitisation transactions

Certain Group companies have issued debt securities in order to finance specific

loans and advances to customers. Both the debt securities in issue and the loans and advances to customers remain on the Group balance sheet within the appropriate balance sheet headings unless:

i) a fully proportional share of all or of specifically identified cash flows have been transferred to the holders of the debt securities, in which case that proportion of the assets are derecognised;

ii) substantially all the risks and rewards associated with the assets have been transferred, in which case the assets are fully derecognised; or

iii) if a significant proportion of the risks and rewards have been transferred, the assets are recognised only to the extent of the Group' continuing involvement.

All transactions previously recognised under UK GAAP on the basis of linked presentation have been recognised by the separate presentation of the gross assets and the related funding.

NOTES TO THE STATUTORY RESULTS (CONTINUED)

22. Significant Accounting Policies (continued)

l) Debt and equity securities in issue

Issued securities are classified as liabilities where the contractual arrangements result in the Group having an obligation to deliver either cash or another financial asset to the security holder, or to exchange financial instruments under conditions that are potentially unfavourable to the Group. Issued securities are classified as equity where they meet the definition of equity and confer a residual interest in the Group's assets on the holder of the securities.

Financial liabilities are carried at amortised cost using the effective interest rate (see "interest income and expense"). Equity instruments are initially recognised at net proceeds, after deducting transaction costs and any related income tax. Appropriations to holders of equity securities are deducted from equity, net of any related income tax, as they become irrevocably due to the holders of the securities.

m. Foreign currency translation

The Group's financial statements are presented in sterling, which is the functional currency of the parent company. Items included in the financial statements of each of the Group's entities are measured using their functional currency, which is the currency of the primary economic environment in which they operate.

Foreign currency transactions are translated into functional currency using the exchange rates prevailing at the dates of the transactions. Monetary items denominated in foreign currencies are translated at the rate prevailing at the balance sheet date. Foreign exchange gains and losses resulting from the restatement and settlement of such transactions are recognised in the income statement, except when deferred in equity as qualifying cash flow hedges. Non-monetary items measured at amortised cost and denominated in foreign currencies are translated at the exchange rate at the date of the transaction. Non-monetary items measured at fair value are translated at the exchange rate at the date of valuation. Where these are held at fair value through profit and loss, exchange differences are reported as part of the fair value gain or loss. Where they are held as available for sale, exchange differences are reported directly in equity.

n. Share-based payments

Share-based payments are accounted for on a fair value basis. The Group measures the fair value of the Long Term Incentive Plan ("LTIP") using a Monte Carlo simulation model and the fair value of the Save-As-You-Earn scheme and all other share based payment schemes using a Black-Scholes option pricing model. The fair value is recognised in the income statement over the relevant vesting period and adjusted for forfeitures, with the number of shares expected to be forfeited estimated at each balance sheet date prior to the vesting date. The impact of any revisions to estimates is reflected in the income statement, with the corresponding adjustment recognised in equity. The only exception is where the share-based payment has vesting outcomes attached to market based performance conditions such as in the case of the LTIPs. Under these circumstances, the Monte Carlo simulation model takes into account these market based performance conditions which effectively estimate the number of shares expected to vest. No subsequent adjustment is then made to the fair value charge for shares that do not vest in the event that these performance conditions are not met.

In accordance with the transitional provisions of IFRS 2 'Share-based Payments', the Group has only applied the requirements of the standard to equity settled share-based payments granted after 7 November 2002.

NOTES TO THE STATUTORY RESULTS (CONTINUED)

22. Significant Accounting Policies (continued)

o) Intangible assets

i. Goodwill

Goodwill arising on the acquisition of subsidiary companies, which is represented by the excess of fair value of the purchase consideration over the fair value of the assets acquired, is capitalised and shown as an asset in the balance sheet. It is reviewed for impairment annually. Any impairment is recognised immediately in the income statement and is not subsequently reversed. Goodwill arising on acquisitions before the date of transition to IFRS has been retained at the previous UK GAAP amount, having been tested for impairment at 31 December 2003. Goodwill written off to reserves under UK GAAP prior to the introduction of FRS 10 "Goodwill and Intangible Assets" in 1998 has not been reinstated and is not included in determining any subsequent profit or loss on disposal.

ii. Computer software

Costs incurred in acquiring and developing computer software for internal use are capitalised as intangible assets where the software leads to the creation of an identifiable non-monetary asset and it is probable that the expected future economic benefits that are attributable to the asset will flow to the Group from its use for a period of over one year. The software is classified as an intangible asset where it is not an integral part of the related hardware and amortised over its estimated useful life which is generally 3 to 5 years.

Costs associated with maintaining software are expensed as they are incurred.

p) Cash and cash equivalents

For the purposes of the cash flow statement, cash and cash equivalents comprise balances with less than three months' maturity from the date of acquisition, including cash and non-restricted balances with central banks.

q) Taxation

Income tax payable on taxable profits ('current tax') is recognised as an expense in the period in which the profits arise. Income tax recoverable on tax allowances is recognised as an asset only to the extent that it is regarded as

recoverable by offset against current or future taxable profits.

Deferred income tax is provided in full, using the liability method, on temporary differences arising between tax bases of assets and liabilities and their carrying amounts in the consolidated financial statements. Deferred tax is determined using tax rates that have been enacted or substantially enacted by the balance sheet date and are expected to apply when the deferred tax asset is realised or the deferred tax liability is settled.

Deferred and current assets and liabilities are only offset when they arise in the same reporting tax group and where there is both a legal right of offset and the intention to settle on a net basis or to realise the asset and settle the liability simultaneously.

22. Significant Accounting Policies (continued)

r) Pensions and employee benefits

The Company operates the Northern Rock Pension Scheme (the "Scheme") to provide retirement benefits for staff. Staff who joined the Scheme before 1 July 1999 participate in the funded, contracted out, defined benefit section of the scheme unless they opt out. Other staff, including those employed at 1 July 1999 but not members of the defined benefit section of the Scheme at that date, together with staff employed from 1 July 1999, participate in the defined contribution section of the scheme unless they opt out. The assets of both sections of the Scheme are held in a trustee-administered fund separate from the assets of Northern Rock plc.

A full actuarial valuation of the Group's defined benefit section of the scheme is undertaken every three years with interim reviews in the intervening years; these valuations are updated to 31 December each year by qualified independent actuaries. For the purpose of these annual updates, scheme assets are included at their fair value and scheme liabilities are measured on an actuarial basis using the projected unit credit method. Liabilities in the defined benefit section of the scheme are discounted using rates equivalent to the market yields at the balance sheet date on high quality corporate bonds that are denominated in the currency in which the benefits will be paid, and that have terms to maturity approximating to the terms of the related pension liability. The resulting net surplus or deficit is included in the Group's balance sheet. Surpluses are only recognised to the extent that they are recoverable through reduced contributions in the future or through refunds from the scheme.

The Group's income statement includes the current service cost of providing pension benefits, the expected return on the scheme's assets, net of administration costs, and the interest cost on the scheme's liabilities. Cumulative actuarial gains and losses arising from experience adjustments and changes in actuarial assumptions are recognised immediately through the Statement of Changes in Shareholders' Equity.

Past service costs are recognised immediately in the income statement, unless the changes to the Scheme are conditional on the employees remaining in service for a specified period of time (the vesting period). In this case, the past-service costs are amortised on a straight line basis over the average vesting period.

For defined contribution plans, the Company has no further payment obligations once the contributions have been paid. The contributions are recognised as an employee benefit expense when they are due. Prepaid contributions are recognised as an asset to the extent that a cash refund or a reduction in the future payments is available.

s) Property, plant and equipment

Property, plant and equipment are stated at cost less accumulated depreciation and provision for impairment, as appropriate. Additions and subsequent expenditure are included in the asset's carrying value or are recognised as a separate asset only when they improve the expected future economic benefits to be derived from the asset. All other repairs and maintenance are charged to the income statement in the period in which they are incurred.

NOTES TO THE STATUTORY RESULTS (CONTINUED)

22. Significant Accounting Policies (continued)

s) Property, plant and equipment (continued)

Depreciation is provided using the straight line method to allocate costs less residual values over estimated useful lives, as follows;

Freehold property	100 years
Leasehold property	Unexpired period of the lease
Plant, equipment, fixtures and fittings	
- plant	30 years
- furniture	10 years
- other	5 years
Computer equipment	
- PCs	3 years
- other	5 years
Motor vehicles	4 years

Assets' residual values and useful lives are reviewed, and adjusted if appropriate, at each balance sheet date.

Where the cost of freehold land can be identified separately from buildings, the land value is not depreciated. Fixed assets are subject to impairment testing, if deemed appropriate.

Assets in the course of construction are not depreciated until they have been completed and transferred to the appropriate category of property, plant and equipment. The costs of financing assets in the course of construction are not included in the costs of the assets.

t) Leases

Operating lease payments are charged to the income statement on a straight line basis unless a different systematic basis is more appropriate. Where an operating lease is terminated before the lease period has expired, any payment required to be made to the lessor in compensation is charged to the income statement in the period in which termination is made.

u) Share capital

i. Share issue costs

Incremental costs directly attributable to the issue of new shares or options are shown in equity as a deduction, net of tax, from the proceeds.

ii. Dividends on ordinary shares

Dividends on ordinary shares are recognised in equity in the period in which they are approved by the Company's shareholders or paid.

iii. Treasury shares

Where any Group company purchases the Company's equity share capital, the consideration paid is deducted from total shareholders' equity as treasury shares until they are cancelled. Where such shares are subsequently sold or reissued, any consideration received is included in shareholders' equity.

NOTES TO THE STATUTORY RESULTS (CONTINUED)

22. Significant Accounting Policies (continued)

v) Transition to IFRS

The Group's financial statements for the year ending 31 December 2005 will be the first annual financial statements that comply with IFRS. The Group has applied IFRS 1 in preparing these consolidated interim financial statements.

Northern Rock plc's transition date is 1 January 2004. The Group prepared its opening IFRS balance sheet at that date. The reporting date of these interim consolidated financial statements is 30 June 2005. The Group's IFRS adoption date is 1 January 2005.

In preparing these interim consolidated financial statements in accordance with IFRS 1, the Group has applied the following optional exemptions and mandatory exceptions from full retrospective application of IFRS.

Applicable optional exemptions from full retrospective application elected by the Group

Business combinations

Northern Rock has applied the business combinations exemption in IFRS 1. It has not restated business combinations that took place prior to the 1 January 2004 transition date.

Fair value as deemed cost

Northern Rock has elected to measure certain items of property, plant and equipment at fair values as at 1 January 2004. The application of this exemption is detailed in note 24h.

Employee benefits

Northern Rock has elected to recognise all cumulative actuarial gains and losses on its final salary pension scheme at 1 January 2004.

Exemption from restatement of comparatives for IAS 32 and IAS 39

Northern Rock has elected to apply this exemption, with the exception in regards to the recognition of previously derecognised assets and liabilities of securitisation vehicles and inactive retail accounts in accordance with IFRS 1 paragraph 27A. It has applied previous UK GAAP rules to derivatives, financial assets and financial liabilities and to hedging relationships for the 2004 comparative information. The adjustments required for differences between UK GAAP and IAS 32 and IAS 39 are determined and recognised at 1 January 2005. The adjustments are detailed in note 26.

Designation of financial instruments

Northern Rock reclassified various securities as available for sale investments. The adjustments relating to IAS 32 and IAS 39 at the opening balance sheet date of 1 January 2005, the IAS 32/39 transition date, are detailed in note 26.

Share based transactions

Northern Rock has elected to apply the share based payment exemption. It applies IFRS 2 from 1 January 2004 to those share based payment schemes that were granted after 7 November 2002 but that have not vested by 1 January 2005.

NOTES TO THE STATUTORY RESULTS (CONTINUED)

22. Significant Accounting Policies (continued)

v) Transition to IFRS (continued)

Recognition of financial assets and liabilities

Northern Rock has applied the exemption in IFRS 1 paragraph 27A to financial assets and liabilities of securitisation vehicles and to inactive retail accounts previously derecognised. All such balances previously derecognised under UK GAAP are recognised on the balance sheet at transition date.

Applicable mandatory exceptions from full retrospective application followed by the Group

Hedge accounting

Management has applied the hedge accounting exception from 1 January 2005 only if the hedge relationship meets all the hedge accounting criteria under IAS 39. The application of this exception at the opening balance sheet date of 1 January 2005 is detailed in note 26.

23. Reconciliations Between IFRS and UK GAAP

The following reconciliations provide a quantification of the effect of transition to IFRS.

Summary of Equity

Explanation of the effect of the transition to IFRS

The following explains the material balance sheet adjustments.

a. Cash and balances at central banks

	1 January 2004 £m	30 June 2004 £m	31 December 2004 £m
Reclassification of Cash Ratio Deposit held with Bank of England and Central Bank of Ireland	47.2	49.2	55.1

The Group has reclassified the Cash Ratio Deposit held with the Bank of England and Central Bank of Ireland from loans and advances to banks to cash and balances at central banks.

b. Loans and advances to banks

	1 January 2004 £m	30 June 2004 £m	31 December 2004 £m
Reclassification of Cash Ratio Deposit held with Bank of England and Central Bank of Ireland Reclassification of securitisation vehicle balance sheets	(47.2)	(49.2)	(55.1)
	1,200.4	1,052.7	423.9
Total impact - increase in loans and advances to banks	1,153.2	1,003.5	368.8

The Group has reclassified the cash ratio deposit held with the Bank of England and Central Bank of Ireland from loans and advances to banks to cash and balances at central banks. In addition, cash held by the securitisation vehicles has been reclassified as loans and advances to banks.

c. Loans and advances not subject to securitisation

	1 January 2004 £m	30 June 2004 £m	31 December 2004 £m

Reclassification of loans and advances not subject to securitisation	(27,355.8)	(26,475.6)	(32,869.3)

The Group has reclassified loans and advances to customers not subject to securitisation as loans and advances to customers.

NOTES TO THE STATUTORY RESULTS (CONTINUED)

24. Balance Sheet Reconciliations (continued)

Explanation of the effect of the transition to IFRS (continued)

d. Loans and advances subject to securitisation

	1 January 2004 £m	30 June 2004 £m	31 December 2004 £m
Reclassification of securitisation vehicle balance sheets	(15,678.7)	(21,535.2)	(22,339.2)

IFRS requires the consolidation of securitisation vehicles, whereas under UK GAAP linked presentation is used. This results in the reclassification of loans and advances subject to securitisation.

e. Non-recourse finance

	1 January 2004 £m	30 June 2004 £m	31 December 2004 £m
Reclassification of securitisation vehicle balance sheets	14,832.4	20,267.5	22,103.7

IFRS requires the consolidation of securitisation vehicles, whereas under UK GAAP linked presentation is used. Non-recourse finance, shown as a deduction from loans and advances to customers under UK GAAP is included in debt securities in issue under IFRS.

f. Loans and advances to customers

	1 January 2004 £m	30 June 2004 £m	31 December 2004 £m
Reclassification of loans and advances not subject to securitisation	27,355.8	26,475.6	32,869.3
Reclassification of loans and advances subject to securitisation	14,491.6	20,491.3	21,899.5
Total impact - increase in loans and advances to customers	41,847.4	46,966.9	54,768.8

g. Intangible assets

	1 January 2004 £m	30 June 2004 £m	31 December 2004 £m

Reclassification of computer software as intangible asset	30.4	36.9	42.4
Reversal of goodwill amortisation	-	1.8	3.6
Total impact - increase in intangible asset	30.4	38.7	46.0

In accordance with IAS 38, computer software has been reclassified from property, plant and equipment to intangible fixed assets. Under IFRS goodwill is not amortised, but is subject to annual impairment reviews.

NOTES TO THE STATUTORY RESULTS (CONTINUED)

24. Balance Sheet Reconciliations (continued)

Explanation of the effect of the transition to IFRS (continued)

h. Property, plant and equipment

	1 January 2004 £m	30 June 2004 £m	31 December 2004 £m
Reclassification of computer software as intangible asset	(30.4)	(36.9)	(42.4)
Restatement of properties to fair value	3.9	4.7	4.7
Total impact - decrease in property, plant and equipment	(26.5)	(32.2)	(37.7)

In accordance with IAS 38, computer software has been reclassified from Property, Plant and Equipment to intangible fixed assets.

Management has applied the fair value as deemed cost exemption in respect of various properties.

i. Deferred income tax asset

	1 January 2004 £m	30 June 2004 £m	31 December 2004 £m
Impact of recognising deferred tax in accordance with IAS 12	23.3	17.7	14.1

The Group has recalculated deferred tax in accordance with IAS 12. IAS 12 allows a net presentation of deferred tax assets and liabilities only when certain criteria are met. This adjustment recognises the gross presentation required by IAS 12.

j. Other assets

	1 January 2004 £m	30 June 2004 £m	31 December 2004 £m
Reclassification of securitisation vehicle balance sheets	(5.2)	(0.8)	8.6

IFRS requires the consolidation of securitisation vehicles, whereas under UK GAAP linked presentation is used.

NOTES TO THE STATUTORY RESULTS (CONTINUED)

24. Balance Sheet Reconciliations (continued)

Explanation of the effect of the transition to IFRS (continued)

k. Prepayments and accrued income

	1 January 2004 £m	30 June 2004 £m	31 December 2004 £m
Reversal of pension prepayment under UK GAAP	(30.6)	(29.8)	(29.0)
Reclassification of securitisation vehicle balance sheets	-	4.5	1.0
Total impact - decrease in prepayments and accrued income	(30.6)	(25.3)	(28.0)

Under UK GAAP there is a SSAP 24 prepayment in relation to the defined benefit section of the pension scheme. Under IAS 19 the basis of accounting for pension schemes is fundamentally different and the prepayment is no longer applicable.

l. Customer accounts

	1 January 2004 £m	30 June 2004 £m	31 December 2004 £m
Restatement of derecognised liabilities	51.7	51.7	51.7

Previously derecognised liabilities have been restated on the balance sheet to the extent that the liability has not been contractually discharged.

m. Debt securities in issue

	1 January 2004 £m	30 June 2004 £m	31 December 2004 £m
Reclassification of debt securities issued by securitisation vehicles	14,868.3	20,282.5	22,089.9
Reclassification of issue costs	(3.6)	(1.6)	(7.3)
Total impact - increase in debt securities in issue	14,864.7	20,280.9	22,082.6

IFRS requires the consolidation of securitisation vehicles, whereas under UK GAAP linked presentation is used. Non-recourse finance, shown as a deduction from loans and advances to customers under UK GAAP is included in debt securities in issue under IFRS.

NOTES TO THE STATUTORY RESULTS (CONTINUED)

24. Balance Sheet Reconciliations (continued)

Explanation of the effect of the transition to IFRS (continued)

n. Other liabilities

	1 January 2004 £m	30 June 2004 £m	31 December 2004 £m
Restatement of dividends in accordance with IAS 10	(65.3)	(35.3)	(74.7)
Reclassification of securitisation vehicle balance sheets	(138.0)	(141.1)	(124.8)
Total impact - decrease in other liabilities	(203.3)	(176.4)	(199.5)

IFRS requires the consolidation of securitisation vehicles, whereas under UK GAAP linked presentation is used. IAS 10 requires that dividends are not accrued until they are approved.

o. Accruals and deferred income

	1 January 2004 £m	30 June 2004 £m	31 December 2004 £m
Reclassification of securitisation vehicle balance sheets	113.8	140.2	139.7

IFRS requires the consolidation of securitisation vehicles, compared with linked presentation under UK GAAP.

p. Provisions for liabilities and charges

	1 January 2004 £m	30 June 2004 £m	31 December 2004 £m
Reversal of deferred tax recognised under UK GAAP	(19.0)	(25.3)	(31.8)
Restatement of retirement benefits obligations under IAS 19	47.3	48.5	52.5
Total impact - increase in provisions for liabilities and charges	28.3	23.2	20.7

IAS 19 requires that retirement benefit obligations in the defined benefit section of the pension scheme are included in the Group balance sheet.

24. Balance Sheet Reconciliations (continued)

Explanation of the effect of the transition to IFRS (continued)

q. Other reserves

	1 January 2004	30 June 2004	31 December 2004

	£m	£m	£m
Treatment of actuarial gains and losses on pension scheme	-	-	(2.8)
Tax effect of above	-	-	0.8
Total impact - decrease in other reserves	-	-	(2.0)

Under IAS 19 actuarial gains and losses on the pension scheme are recorded in equity.

NOTES TO THE STATUTORY RESULTS (CONTINUED)

26. Balance Sheet Reconciliation as at 1 January 2005 (continued)

Explanation of the effect of adoption of IAS 32 and IAS39 with effect from 1 January 2005

The following explains the material balance sheet adjustments.

a. Loans and advances to customers

	1 January 2005

	£m
Impact of effective interest rate adjustment	(234.2)
Reclassification from prepayments and accrued income in relation to effective interest rate adjustment	433.0
Reclassification of financial instruments on introduction of IAS 39 and impact of fair valuing derivatives	460.5
Impact of discounting on impairment allowance	3.3
Total impact - increase in loans and advances to customers	662.6

In accordance with IAS 39 the interest rate is adjusted to reflect the rate that exactly discounts expected future cash payments or receipts through the expected life of the financial instrument to its net carrying amount. This adjustment includes all fees and interest paid or received that are an integral part of the effective interest rate, transaction costs and all other premiums and discounts.

In accordance with IAS 39, impairment allowances represent the difference between the carrying value of an asset and discounted expected cash flows.

b) Investment securities

	1 January 2005 £m
Reclassification of financial instruments on introduction of IAS 39	4,966.1

c) Debt securities

	1 January 2005 £m
Reclassification of financial instruments on introduction of IAS 39	(4,742.2)

d) Equity shares and other variable yield securities

	1 January 2005 £m
Reclassification of financial instruments on introduction of IAS 39	(575.6)

NOTES TO THE STATUTORY RESULTS (CONTINUED)

26. Balance Sheet Reconciliation as at 1 January 2005 (continued)

e) Derivative financial instruments

	1 January 2005 £m
Valuation of derivative financial instruments	892.6

f) Deferred income tax

	1 January 2005 £m
Deferred tax effect of IAS 32 and IAS 39 adjustments	62.1

g) Other assets

	1 January 2005 £m
Impact of fair valuing derivatives	(15.8)

h) Prepayments and accrued income

	1 January 2005 £m
Reclassification of opening balances to loans and advances to customers in relation to effective interest rate adjustment	(463.2)
Impact of effective interest rate adjustment reclassified to loans and advances to customers	30.2
Impact of fair valuing derivatives	(43.5)
Total impact - decrease in prepayments and accrued income	(476.5)

i). Customer accounts

	1 January 2005 £m
Impact of fair valuing derivatives	(13.5)

j) Debt securities in issue

	1 January 2005 £m
Impact of fair valuing derivatives	(1,231.3)

NOTES TO THE STATUTORY RESULTS (CONTINUED)

26. Balance Sheet Reconciliation as at 1 January 2005 (continued)

k) Derivative financial instruments

	1 January 2005 £m
Valuation of derivative financial instruments	2,050.7

l) Accruals and deferred income

	1 January 2005 £m
Impact of effective interest rate adjustment	(7.9)
Reversal of reserve capital instruments and subordinated liabilities coupon payment accrual in accordance with IAS 32 and IAS 10	(14.3)
Impact of fair valuing derivatives	128.6
Total impact - increase in accruals and deferred income	106.4

m) Subordinated liabilities

	1 January 2005 £m
Transfer to non shareholders' equity	(746.4)
Impact of fair valuing derivatives	7.9
Total impact - decrease in subordinated liabilities	(738.5)

In accordance with the requirements of IAS 32 certain subordinated liabilities are classified as non shareholders' equity, as there is no contractual obligation to pay the interest coupon.

n) Reserve capital instruments

	1 January 2005 £m
Transfer to non shareholders' funds	(300.0)

In accordance with the requirements of IAS 32 reserve capital instruments are classified as non shareholders' equity, as there is no contractual obligation to pay the interest coupon.

26. Balance Sheet Reconciliation as at 1 January 2005 (continued)

o) Other reserves

	1 January 2005 £m
Available for sale reserve	38.4
Cash flow hedge reserve	12.5
Tax impact of items credited directly to equity	(15.1)
Total impact - increase in other reserves	35.8

p) Non shareholders' equity

	1 January 2005 £m
Transfer from subordinated liabilities	736.5
Transfer from reserve capital instruments	299.3
Total impact - increase in non shareholders' equity	1,035.8

q) Tier one notes

	1 January 2005 £m
Impact of fair valuing derivatives	7.6

Independent review report to Northern Rock plc

Introduction
We have been instructed by Northern Rock plc to review the financial information for the six months ended 30 June 2005 which comprises the consolidated interim balance sheet as at 30 June 2005, the related consolidated interim statements of income, cash flows and changes in equity for the six months then ended, and the related notes to the financial information including the reconciliations between IFRS and UK GAAP and the accounting policies. The proforma financial information given in the proforma section and referred to in the statutory highlights, operational review and statutory financial highlights sections does not form part of this review and in producing this report, we do not accept or assume any review responsibility for the proforma financial information.

We have read the other information contained in the statutory highlights, operational review, statutory financial highlights and the proforma section of the interim report and considered whether it contains any apparent misstatements or material inconsistencies with the financial information.

Directors' responsibilities
The interim report, including the financial information contained therein, is the responsibility of, and has been approved by the Directors. The Directors are responsible for preparing the interim report in accordance with the Listing Rules of the Financial Services Authority.

As disclosed in note 1, the next annual financial statements of the group will be prepared in accordance with International Financial Reporting Standards. This interim report has been prepared in accordance with the basis set out in note 1.

The accounting policies are consistent with those that the Directors intend to use in the next annual financial statements. As explained in note 1, there is, however, a possibility that the Directors may determine that some changes are necessary when preparing the full annual financial statements for the first time in accordance with International Financial Reporting Standards. The IFRS standards and IFRIC interpretations that will be applicable and adopted for use at 31 December 2005 are not known with certainty at the time of preparing this interim financial information.

Review work performed
We conducted our review in accordance with guidance contained in Bulletin 1999/4 issued by the Auditing Practices Board for use in the United Kingdom. A review consists principally of making enquiries of management and applying analytical

procedures to the financial information and underlying financial data and, based thereon, assessing whether the disclosed accounting policies have been applied. A review excludes audit procedures such as tests of controls and verification of assets, liabilities and transactions. It is substantially less in scope than an audit and therefore provides a lower level of assurance. Accordingly we do not express an audit opinion on the financial information. This report, including the conclusion, has been prepared for and only for the company for the purpose of the Listing Rules of the Financial Services Authority and for no other purpose. We do not, in producing this report, accept or assume responsibility for any other purpose or to any other person to whom this report is shown or into whose hands it may come save where expressly agreed by our prior consent in writing.

Review conclusion
On the basis of our review we are not aware of any material modifications that should be made to the financial information as presented for the six months ended 30 June 2005.

INTERIM RESULTS

6 MONTHS ENDED 30 JUNE 2005

PROFORMA INFORMATION

In order to aid comparability of the 2005 results with those of 2004, the following pages show the 2004 results on a proforma basis, incorporating to the extent described in detail on page 85, the impact of IFRS. The proforma results include the impacts of changes to accounting rules relating to effective interest rate and the reclassification of certain financial instruments from debt to equity.

The 2005 statutory results include the full effects of the introduction of fair value and hedge accounting following the introduction of IAS 32 and IAS 39 with effect from 1 January 2005. Certain elements of the results for 2005 are also presented excluding the effects of fair value volatility and hedge ineffectiveness to provide a clearer representation of the underlying performance of the Group.

Notes

1. 2005 underlying ratios are based upon underlying results (note 2), underlying total income (note 3) and underlying net interest income (note 4).

2. 2004 ratios have been restated to reflect the impact of IFRS. Profit growth ratios for 2004 have not been calculated as 2003 results have not been restated under IFRS.

3. Balance sheet growth in 2005 represents the growth in balance sheet assets between 31 December 2004 and 30 June 2005. Underlying balance sheet growth excludes the impact of fair value adjustments.

4. Post tax returns are calculated by reference to profit attributable to equity shareholders.

NOTES TO THE PROFORMA RESULTS

1. Basis of Preparation

To enable a more meaningful presentation of results, in addition to the statutory comparatives for the interim and full year 2004 accounts, proforma comparatives have been prepared and are set out on pages 76 to 112. These show how the 2004 results would have looked, assuming the full application of IAS 32, and the application of IAS 39 excluding the fair value accounting volatility. The Group has not shown the full impacts from all the IAS 39 accounting rules as hedges and financial assets to be fair valued were only designated and documented from 1 January 2005.

2. Underlying Results

Underlying results are reconciled to the reported results in the following table.

	Six months to 30 June 2005		
	Profit before taxation	Profit for the period	Profit attributable to equity shareholders
	£m	£m	£m
Reported results	294.0	207.9	188.2
Underlying net hedge ineffectiveness and other unrealised fair value gains and losses (note 5)	(57.6)	(57.6)	(57.6)
Impact of covenant to The Northern Rock Foundation	2.8	2.8	2.8
Associated taxation	-	16.0	16.0
Underlying results	239.2	169.1	149.4

Underlying results include the interest related fair value movements on forward exchange contracts and exclude the accounting ineffectiveness on derivatives where fair value hedge accounting has been obtained, together with gains and osses on non-hedging derivatives excluding interest flows to the extent that these are not offset by translation gains and losses on underlying instruments in economic hedging relationships.

NOTES TO THE PROFORMA RESULTS (CONTINUED)

3. Total Income

	Six months to 30 June 2005	2004	Full Year 2004
	£m	£m	£m
Reported total income	419.8	349.7	724.5
Adjustment:			
Interest implicit in forward exchange contracts	(24.3)	-	-

Underlying total income	395.5	349.7	724.5
Mean total assets	68,585.1	54,373.2	58,260.6
Mean total assets (underlying)	67,955.5	54,373.2	58,260.6
Mean risk weighted assets	23,222.4	19,654.1	21,100.1
Underlying total income : mean total assets (underlying)	1.16%	1.29%	1.24%
Underlying total income : mean risk weighted assets	3.41%	3.56%	3.43%
Reported total income : mean total assets	1.22%	1.29%	1.24%
Reported total income : mean risk weighted assets	3.62%	3.56%	3.43%

Interest implicit in forward exchange contracts represents the difference between the sterling cost implicit from the exchange contract and the currency coupon on the foreign currency liability translated at spot exchange rates. This is regarded as the interest element of the forward exchange contract. The remainder of the contract is the difference between the full fair value of the contract and the interest element of the contract and represents the currency fair value element of the contract.

The full fair value of foreign exchange contracts including both the interest and currency elements is included in "Net hedge ineffectiveness and other unrealised fair value gains and losses" in the reported results (see note 5).

NOTES TO THE PROFORMA RESULTS (CONTINUED)

4. Net Interest Income

	Six months to 30 June 2005	Six months to 30 June 2004	Full Year 2004
	£m	£m	£m
Interest income			
Secured advances	1,524.4	1,038.2	2,397.5
Other lending	160.0	153.6	317.1
Investment securities and deposits	254.8	154.6	359.7
	1,939.2	1,346.4	3,074.3
Interest expense			
Retail customer accounts	409.5	311.5	689.7
Other deposits and loans	1,126.1	717.3	1,714.5
Subordinated liabilities	27.1	15.5	49.8
Reserve capital instruments	-	(3.3)	(5.4)
Tier one notes	7.2	6.1	13.0
	1,569.9	1,047.1	2,461.6
Interest implicit in forward foreign exchange contracts	24.3	-	-
Underlying interest expense	1,594.2	1,047.1	2,461.6

Net interest income as reported	369.3	299.3	612.7
Underlying net interest income	345.0	299.3	612.7
Average interest earning assets excluding fair value adjustments	68,723.6	53,354.7	57,222.3
Average interest bearing liabilities excluding fair value adjustments	66,235.6	51,431.6	55,111.8
Interest margin as reported	1.07%	1.12%	1.07%
Interest spread as reported	0.90%	0.98%	0.91%
Underlying interest margin	1.00%	1.12%	1.07%
Underlying interest spread	0.83%	0.98%	0.91%

Interest margin has been calculated by reference to average interest earning assets excluding fair value adjustments. For assets denominated in foreign currencies, where these have been economically hedged, average balances are based on the contract rate implicit in the associated hedging instrument. Average balances have been calculated on a monthly basis.

Interest spread represents the difference between interest receivable as a % of average interest earning assets, excluding fair value adjustments, and interest payable as a % of average interest bearing liabilities, excluding fair value adjustments. For assets and liabilities denominated in foreign currencies, where these have been economically hedged, average balances are based on the contract rate implicit in the associated hedging instrument.

Included within interest income is an adjustment of £1.7m with respect to the unwind of the discount included in the impairment allowance under IFRS.

NOTES TO THE PROFORMA RESULTS (CONTINUED)

5. Net Hedge Ineffectiveness and Other Unrealised Fair Value Gains and Losses

	Six months to 30 June 2005	2004	Full Year 2004
	£m	£m	£m
Future fair value movements excluding interest flows on non-hedging derivatives	734.1	-	-
Translation gains and losses on underlying instruments	(732.3)	-	-
	1.8	-	-
Net hedge ineffectiveness excluding interest flows on fair value hedges	31.5	-	-
Net hedge ineffectiveness and other unrealised fair value gains and	33.3	-	-

losses			
Interest implicit in forward exchange contracts (note 3)	24.3	-	-
Underlying net hedge ineffectiveness and other unrealised fair value gains and losses	57.6	-	-

The Group enters into certain derivative financial instruments which although highly effective as economic hedges are not included in hedge accounting relationships. These derivatives include hedges on certain foreign currency assets and wholesale funding recorded at amortised cost and instruments included within non shareholders' funds, forward currency contracts and previously effective hedges which have been de-designated.

The future fair value movements excluding interest flows on such derivatives are separately identified within "Net hedge effectiveness and other unrealised fair value gains and losses", together with the translation gains and losses on underlying instruments arising from the revaluation from foreign currency into sterling. The deemed interest flows on such derivatives are included within interest income or expense, as appropriate.

Net hedge ineffectiveness excluding interest flows on fair value hedges represents the difference between changes in the future fair value excluding interest flows of the hedging derivatives and the changes in the future fair value excluding interest flows of the underlying hedged items.

6. Operating Expenses

Operating expenses excluding the covenant to The Northern Rock Foundation are as follows:

	Six months to 30 June 2005	Six months to 30 June 2004	Full Year 2004
	£m	£m	£m
Staff costs	66.9	56.0	119.6
Other expenses	37.7	37.0	79.1
Depreciation and amortisation	14.3	7.8	18.2
Total operating expenses	118.9	100.8	216.9

The average number of persons employed by the Group was as follows:

	Six months to 30 June 2005	Six months to 30 June 2004	Full Year 2004
Full time	4,429	3,674	3,916
Part time	1,272	1,000	1,064

NOTES TO THE PROFORMA RESULTS (CONTINUED)

7. Interest Incentives and Fees

Included within the consolidated balance sheet are the following:

	Mortgage incentives	Fees receivable	Fees payable	Total
	£m	£m	£m	£m

Balance at 1 January 2004	236.9	(13.2)	108.4	332.1

NOTES TO THE PROFORMA RESULTS (CONTINUED)

9. Residential Mortgage Arrears

	30 June 2005		30 June 2004		31 December 2004	
	Cases	%	Cases	%	Cases	%
3 - 6 months	1,685	0.27	1,591	0.29	1,695	0.29
Over 6 - 12 months	460	0.07	501	0.09	422	0.07
Over 12 months	10	0.01	49	0.01	18	0.01

Total	2,155	0.35	2,141	0.39	2,135	0.37

10. Dividends

The following tables analyse dividends when paid and the period to which they relate.

	30 June 2005 pence per share	30 June 2004 pence per share	31 December 2004 pence per share
2003 final dividend	-	15.8	15.8
2004 interim dividend	-	-	8.5
2004 final dividend	18.0	-	-
	18.0	15.8	24.3

The proposed interim dividend in respect of 2005 amounts to 9.4 pence per share (£39.2 million). These Interim Results do not reflect this dividend payable.

	30 June 2005 £m	30 June 2004 £m	31 December 2004 £m
2003 final dividend	-	66.2	66.2
2004 interim dividend	-	-	35.2
2004 final dividend	74.7	-	-
Less paid to ESOP trusts	-	(0.9)	(0.8)
	74.7	65.3	100.6

NOTES TO THE PROFORMA RESULTS (CONTINUED)

11. Earnings per Share

Earnings per share figures based upon reported (basic) and underlying profit on ordinary activities attributable to equity shareholders are as follows:

	Six months to 30 June 2005	2004	Full Year 2004
Weighted average number of shares in issue	413.8m	412.8m	413.0m
Basic EPS	45.5p	32.7p	65.7p
Underlying EPS	36.1p	32.7p	65.7p

The weighted average number of Ordinary shares in issue has been determined after deducting shares held in trust for employee share schemes.

Diluted weighted average number of shares in issue	416.9m	415.8m	416.6m
Diluted EPS	45.1p	32.5p	65.1p
Underlying fully diluted EPS	35.8p	32.5p	65.1p

The fully diluted EPS figures are calculated using the weighted average number of Ordinary shares in issue together with 3.1 million (30 June 2004: 3.0 million, 31 December 2004: 3.6 million) potentially dilutive Ordinary shares

resulting from options granted under employee share schemes.

Foundation shares held by The Northern Rock Foundation have been excluded from the EPS calculations as they carry no rights to dividends. The Foundation shares can convert into Ordinary shares only under specified circumstances which are considered to be remote. If conversion were to take place the shares would rank for dividend but the covenant to the Foundation would cease.

12. Mortgage Lending

The following analysis of mortgage lending is based on total gross lending in each period.

	Six months to 30 June 2005	Six months to 30 June 2004	Full Year 2004
	%	%	%
Type of lending			
Fixed rate (long term - over 2 years)	26	5	8
Fixed rate (short term - up to and including 2 years)	30	37	46
Discount	10	22	16
Cashback	1	1	1
Together	23	28	21
Lifetime	1	2	2
Buy to Let	9	5	6
Type of customer			
First time buyer	21	22	21
Next time buyer	34	38	38
Remortgage	36	35	35
Buy to Let	9	5	6
Geographic spread			
North	15	15	15
Scotland	10	10	10
Midlands	25	24	24
South	50	51	51

13. Loans and Advances to Customers

	30 June 2005 £m	30 June 2004 £m	31 December 2004 £m
Advances secured on residential property not subject to securitisation	25,788.8	21,594.2	27,192.3
Advances secured on residential property subject to securitisation	28,979.7	20,176.0	21,661.1
Advances secured on residential property	54,768.5	41,770.2	48,853.4
Commercial secured advances not subject to securitisation	1,347.5	1,074.9	1,270.6
Commercial secured advances subject to securitisation	200.0	315.3	238.4

Total other secured advances	1,547.5	1,390.2	1,509.0
Unsecured loans not subject to securitisation	4,904.1	3,896.6	4,596.1
Unsecured investment loans	440.3	43.4	9.1
	61,660.4	47,100.4	54,967.6

NOTES TO THE PROFORMA RESULTS (CONTINUED)

14. Securitisation

The Group's results include the results and assets and liabilities of securitisation Special Purpose Entities ("SPEs") on a line by line basis. Under UK GAAP the SPEs were incorporated into the financial statements using linked presentation. Following the introduction of IFRS and a change in UK companies legislation, these SPEs are now treated as legal subsidiaries and consolidated on a line by line basis.

Securitised advances are subject to non-recourse finance arrangements. These loans have been purchased at par by SPEs from Northern Rock plc, and have been funded through the issue of mortgage-backed bonds. The balances of assets subject to securitisation and non-recourse finance at 30 June 2005 are as follows:

Securitisation company	Date of securitisation	Gross assets securitised	Non-recourse finance
Residential:			
Granite Mortgages 99-1 plc	1 October 1999	89.1	79.8
Granite Mortgages 00-1 plc	1 March 2000	252.0	238.6
Granite Mortgages 00-2 plc	25 September 2000	482.6	411.3
Granite Mortgages 01-1 plc	26 March 2001	747.1	697.3
Granite Mortgages 01-2 plc	28 September 2001	827.6	778.3
Granite Mortgages 02-1 plc	20 March 2002	1,500.2	1,434.0
Granite Mortgages 02-2 plc	23 September 2002	1,861.9	1,785.1
Granite Mortgages 03-1 plc	27 January 2003	2,130.7	2,059.6
Granite Mortgages 03-2 plc	21 May 2003	1,670.5	1,590.6
Granite Mortgages 03-3 plc	24 September 2003	1,584.8	1,492.0
Granite Mortgages 04-1 plc	28 January 2004	2,695.7	2,563.4
Granite Mortgages 04-2 plc	26 May 2004	2,992.0	2,850.5
Granite Mortgages 04-3 plc	22 September 2004	3,564.7	3,428.1
Granite Master Issuer 05-1 plc	26 January 2005	4,353.9	4,227.5
Granite Master Issuer 05-2 plc	25 May 2005	4,206.9	4,052.6
		28,959.7	27,688.7
Retained interest in Granite Trustees Limited		2,196.5	
Less cash deposits held with Northern Rock plc		(1,859.3)	
Total residential		29,296.9	27,688.7
Commercial:			
Dolerite Funding No 1 plc	24 June 2002	181.9	162.5
Retained interest in Dolerite Trustees Limited		51.6	
Total commercial		233.5	162.5

Total	29,530.4	27,851.2

No subordinated debt was issued by Granite Mortgages 01-1 plc to Northern Rock plc in relation to the funding of a first loss reserve fund. However, Granite Mortgages 01-1 plc's parent company retained £20 million from the proceeds of debt issuance to fund this reserve, which is only repayable after full repayment of the notes.

NOTES TO THE PROFORMA RESULTS (CONTINUED)

14. Securitisation (continued)

Included within the Interim Results are the following items relating to the SPEs:

Balance sheet	30 June 2005 £m	30 June 2004 £m	31 December 2004 £m
Advances secured on residential property	26,783.2	18,970.6	20,835.0
Other secured loans	148.4	251.8	186.1
Cash deposits with third parties	350.7	1,052.7	423.9
Debt securities in issue	27,705.5	20,282.5	22,089.9

At 30 June 2005 the SPEs had cash deposits with Northern Rock amounting to £1,859.3m (30 June 2004 - £612.0m, 31 December 2004 - £1,396.0m). This balance is restricted in use to the repayment of the debt securities issued by the SPEs and other legal obligations.

15. Covered Bonds

Included within loans and advances to customers not subject to securitisation are £3,344 million of mortgage advances assigned to a bankruptcy remote special purpose vehicle. These loans provide security to issues of covered bonds made by Northern Rock of £1,341 million on 4 May 2004 and £1,025 million on 20 April 2005, which are included within debt securities in issue. Northern Rock retains substantially all the risks and rewards associated with these loans and therefore these transactions do not qualify for derecognition under IAS 39.

16. Analysis of Customer Accounts

	30 June 2005 £m	30 June 2004 £m	31 December 2004 £m
Branch accounts	4,303.8	2,437.4	3,084.4

Explanation of the effect of the transition to IFRS

The following explains the material proforma adjustments to the balance sheet.

a. Loans and advances to customers

	1 January 2004	30 June 2004	31 De
	£m	£m	
Impact of effective interest rate adjustment	(185.3)	(206.9)	
Reclassification from prepayments and accrued income in relation to effective interest rate adjustment	323.1	340.4	
Impact of effective interest rate adjustment	137.8	133.5	

In accordance with IAS 39 the interest rate is adjusted to reflect the rate that exactly discounts expected future cash payments or receipts through the expected life of the financial instrument to its net carrying amount. This adjustment includes all fees and interest paid or received that are an integral part of the effective interest rate, transaction costs and all other premiums and discounts.

b. Deferred tax assets

	1 January 2004	30 June 2004	31 De
	£m	£m	
Deferred tax effects of proforma adjustments	47.4	51.0	

c. Prepayments and accrued income

	1 January 2004	30 June 2004	31 De
	£m	£m	
Reclassification of opening balances to loans and advances to customers in relation to effective interest rate adjustment	(345.3)	(360.0)	
Impact of effective interest rate adjustment	22.2	19.6	
Total impact - decrease in prepayments and accrued income	(323.1)	(340.4)	

21. Reconciliation of Proforma Balance Sheets (continued)

NOTES TO THE PROFORMA RESULTS (CONTINUED)

22. Reconciliation of Proforma Profit (continued)

Explanation of the effect of the transition to IFRS

a. Interest and similar income

	6 months ended 30 June 2004 £m	Year ended 31 December 2004 £m

Impact of effective interest rate adjustment	38.5	84.9

In accordance with IAS 39 the interest rate is adjusted to reflect the rate that exactly discounts expected future cash payments or receipts through the expected life of the financial instrument to its net carrying amount. This adjustment includes all fees and interest paid or received that are an integral part of the effective interest rate, transaction costs and all other premiums and discounts.

b. Interest expense and similar charges

	6 months ended 30 June 2004 £m	Year ended 31 December 2004 £m
Reversal of interest payable on reserve capital instruments and portion of subordinated liabilities	33.8	60.9

In accordance with the requirements of IAS 32 reserve capital instruments and certain subordinated liabilities are classified as non shareholders' equity, as there is no contractual obligation to pay the interest coupon. Accordingly the interest payable on these instruments is removed from interest expense and accounted for as an appropriation and recognised in accordance with IAS 10.

c. Fee and commission income and expense

	6 months ended 30 June 2004 £m	Year ended 31 December 2004 £m
Reclassification of fee and commission commission income within interest and similar income	(77.3)	(177.4)
Reclassification of fee and commission expense within interest and similar income	19.0	47.4
Impact of effective interest rate adjustment	(58.3)	(130.0)

Where fees charged on loans are integral to the loan yield, they are classified to interest and similar income, in accordance with the effective interest rate rules of IAS 39.

NOTES TO THE PROFORMA RESULTS (CONTINUED)

22. Reconciliation of Proforma Profit (continued)

Explanation of the effect of the transition to IFRS (continued)

d. Other operating income

	6 months ended 30 June 2004 £m	Year ended 31 December 2004 £m
Impact of effective interest rate adjustment	(5.2)	(10.5)

e. Operating expenses

	6 months ended 30 June 2004 £m	Year ended 31 December 2004 £m
Impact of effective interest rate adjustment	0.7	1.4
Impact of statutory adjustments on the covenant to The Northern Rock Foundation	(0.1)	(0.2)
Impact of proforma adjustments on the covenant to The Northern Rock Foundation	(0.4)	(0.3)
Total impact - decrease in operating expenses	0.2	0.9

f. Tax on profit on ordinary activities

	6 months ended 30 June 2004 £m	Year ended 31 December 2004 £m
Tax effect of IFRS proforma adjustments	(2.7)	(1.9)

g. Appropriations

	6 months ended 30 June 2004 £m	Year ended 31 December 2004 £m
Treatment of reserve capital instruments and subordinated liabilities coupon payment in accordance with IAS 32 and IAS 10	14.9	42.6

STOCK EXCHANGE ANNOUNCEMENT
NORTHERN ROCK PLC : TRADING STATEMENT
QUARTER 1 2005

INTRODUCTION

Northern Rock informs the market of its continued strong trading performance - in line with its strategic intention of achieving annual growth in assets of 20% (+/-5%) and profit growth of 15%(+/-5%).

STRATEGY

Northern Rock's strategy remains unchanged. It is based on low cost operations, transparency and customer driven distribution to produce attractive products at competitive prices. This generates strong growth in high quality assets to provide low risk, attractive returns to shareholders. Our strategic target is to maintain Return on Equity in the 19-22% range.

ECONOMIC BACKGROUND AND MARKET OUTLOOK

While UK economic fundamentals remain sound, it is clear that the base rate rises seen in 2003 and 2004 are having an impact in slowing growth in consumer demand in the UK. This in turn has resulted in a slowdown in the housing market, both in terms of activity levels and house price inflation. Our expectation is for moderate GDP growth to continue in the UK, with unemployment remaining relatively low and interest rates peaking at or near to the current level.

Against this background, we believe the housing market will remain generally supported by low unemployment, good levels of affordability and sustained consumer preference for owner-occupation, reflecting structural supply side shortages. Adding a robust remortgage market, we expect this to result in good gross loan volumes but more muted net lending, given the slowing of the housing market.

As unemployment remains the key economic driver of home loan default, we expect mortgage arrears to remain relatively low.

Our expectation for the gross mortgage market is £260 billion in 2005, down from the record £291 billion seen in 2004, but still sufficient for Northern Rock, with its unique proposition in the market, to continue to achieve its lending targets.

LENDING

Northern Rock's practice of delivering fair and transparent products to all its customers ensures it retains a high proportion of its existing customer base. Combined with an effective platform for gross lending origination, and product

pricing supported by its low and improving unit cost base, Northern Rock is confident of achieving its lending targets.

Lending has continued strongly into Q1 2005 with all three lending arms (residential, commercial secured and personal unsecured) performing well - but with stand-alone unsecured volumes a little lower than last year's run rate, as we continue to ration new lending by quality. Northern Rock starts Q2 with a strong total loan pipeline of agreed business of £5.0 billion - 7% higher than the same time in 2004 and only slightly down on the £5.1 billion held at the start of this year. The start of the year's pipeline was boosted by our strong lending around MDay. The residential lending pipeline is £4.5 billion - 6% higher than the same time last year. This contrasts with a 17% fall in gross awards for the industry as a whole compared with the same period last year. This means Northern Rock is continuing the strong gross market share performance seen in the second half of 2004.

Northern Rock's retention policy of openly allowing existing mortgage customers to transfer to any of our new customers' products also remains a key element of our growth strategy. A continuing strong performance means that the level of our residential redemptions remains a step below our natural share.

Strong origination, coupled with effective retention, means that Northern Rock's Q1 total net lending was 54% above the same period last year, which was Northern Rock's quietest quarter of 2004. Residential net lending was 79% higher than the same period last year. Combining strong gross lending together with good retention of existing customers means that the high net lending market share seen in the second half of 2004 has also continued in 2005.

Northern Rock's new lending is dominated by home loans which represent 90% of total lending. Remortgaging continues to be an important part of this lending and is accounting for around 43% of new residential lending in 2005. The risk profile of new residential lending remains excellent, reflecting robust underwriting criteria, the high proportion of borrowers who have a proven payment track record and the resultant lower LTVs. Our "lifestyle" products - Together, HERM and Buy to Let - are accounting for around 30% of new business, with a similar mix as H204, ensuring that these balances are growing broadly in line with the total loan book.

Taking all aspects of our total current lending, the Northern Rock specific factors for future performance and given our expectation for total gross loan markets at this stage, Northern Rock reaffirms that it expects to achieve asset growth within its strategic range - that is to grow assets by 20% +/-5%. Indeed, the figures shown above are consistent with Northern Rock achieving the upper half of this asset growth range.

ARREARS

The credit quality of all of our lending portfolios continues to be tightly monitored and controlled. In particular, it is encouraging to note in residential lending that our monthly behavioural scores have shown no deterioration i.e. no early warning signs of early arrears worsening. Residential arrears of more than three months duration remain below half the published industry average and arrears measured by value continue to run at lower levels than arrears measured by account. Both unsecured and commercial arrears remain consistently low, with unsecured arrears remaining significantly better than industry figures.

Northern Rock has no loan exposure outside the UK nor any exposure to unsecured commercial lending, leasing or credit cards. It takes no underwriting risk on any forms of insurance.

FUNDING

We continue to maintain a balanced funding platform comprising retail,

wholesale, securitisation and our covered bond programme and funding volumes have been very strong in Q1 2005 across this platform.

2005's first tranche of £4.5 billion of residential mortgage-backed securities (RMBS) in January was notably over-subscribed and achieved at the then best ever all in cost of Libor +21bps - a demonstration of the quality of Northern Rock loans and the substantial appetite for this type of investment. We expect to complete a second RMBS issue in Q2.

We expect in 2005 to take further substantial funds from our wholesale programme which we continue to diversify and expand. From the Covered Bond programme we initiated in 2004, we are issuing a €1 billion to €1.5 billion additional tranche in early April.

Retail funding has and will remain an important part of Northern Rock's funding stock and flow. We continue to fund positively in 2005, carrying on the strong flavour of performance seen in H204.

COSTS

Northern Rock's strategy is to grow costs by less than income growth and by between 1/2 and 2/3 the rate of asset growth. Even after including additional full year costs of regulatory compliance in 2005, we expect to be around the mid-point of the cost:asset target range. As would be expected given the track record, costs remain firmly under control. As indicated previously, we expect the cost:income ratio to be broadly stable in 2005, before resuming its downward path.

INTERNATIONAL ACCOUNTING STANDARDS

We will provide a detailed analysis of our restated 2004 numbers (both full year and H1) at a presentation expected to be held on 13 May 2005. The guidance given in our 2004 Preliminary Results Announcement (26 Jan 2005) remains unchanged.

The strategic targets for asset growth and profit growth are not expected to change after the implementation of IFRS, although marking to market under IAS39 will introduce greater volatility of profits.

INCOME AND PROFITS

The essence of Northern Rock's strategy is to use improvements in unit costs to support more competitive product pricing.

Northern Rock's strategic target is to grow pre-tax profits (on a like-for-like basis) by 15% +/-5% each year. Before restatement under IFRS, the range of pre-tax profit expectations for 2005, as provided by 19 of the major bank research analysts, is £390 million to £493 million, with a mean of £475 million, growth of 10%. At this early stage of the year, Northern Rock is comfortable with this consensus mean.

Growth in EPS and DPS will continue to be consistent with sustainable growth in attributable profits, which after the IFRS adjustments, should see the dividend payout ratio for 2005 increasing slightly.

COMMENT

Adam J Applegarth, Chief Executive, commented:

"We were pleased to hold the current pipeline of agreed new business at around the same level as at the start of the year's pipeline, which had been boosted by our strong performance in the aftermath of MDay. This is against a background of awards for the industry showing a 17% decline compared to a year ago."

"With this continued evidence of a slowdown in the UK housing and mortgage

markets, our strong operating performance in the first quarter demonstrates the strength of our business model and our ability to deliver against our three key strategic targets - asset growth, profit growth and return on equity."

NORTHERN ROCK PLC

TRADING STATEMENT
9 MONTHS TO 30 SEPTEMBER 2005

INTRODUCTION

Northern Rock plc informs the market of its continued strong trading performance - in line with its strategic intention of achieving annual growth in assets of 20% (+/- 5%) and profit growth of 15% (+/- 5%).

STRATEGY

Northern Rock's strategy remains unchanged. It is based on sector leading, low cost operations, transparency and customer driven distribution to produce attractive products at competitive prices. This generates strong growth in high quality assets to provide low risk, attractive returns to shareholders. Our strategic target is to maintain Return on Equity in the 19-22% range.

ECONOMIC BACKGROUND AND MARKET OUTLOOK

UK economic growth is expected to remain robust in 2005 at around 2% and is expected to be at similar levels in 2006. The general level of stability in the economy means that inflation should remain well controlled, albeit there may be some temporary impact as higher oil and energy prices feed through into the wider economy. Unemployment is slightly higher than six months ago but remains at historically low levels. With unemployment being the key driver of home loan defaults, this should mean continued strong credit performance for traditional and lifestyle mortgages.

The Bank of England Base Rate was reduced from 4.75% to 4.5% in August having peaked not only at historically very low levels, but also below the level predicted at the start of 2005. Indications for the remainder of 2005 and into early 2006 are that interest rates are likely to stay at or close to these levels. This continues to offer a good degree of certainty to both prospective and current homeowners.

The home moving market will continue to be underpinned by relatively low debt servicing costs, limited alternative forms of tenure and a shortage of additions to housing stock. We continue to expect the number of home moving transactions to be towards the lower end of the historical trend for the whole year, with similar volumes expected next year. There are some early signs, however, of First Time Buyers starting to return to the market, which may put upward pressure on this view.

Wider household indebtedness and the clear financial incentive for individuals to refinance will ensure a strong remortgage market continues - remortgaging has

accounted for around 45% of all gross lending so far in 2005 and we expect this to continue.

The strength of the remortgage market, when added to the home moving market, means that our gross residential lending market forecast for 2005 has risen to around £270 billion. For 2006, we expect a similarly sized gross loan market, ensured by strong levels of remortgage activity.

LENDING

Northern Rock's strong lending performance in the first half of the year has continued in the third quarter, with all three lending arms (secured residential, secured commercial and personal unsecured) performing in line with expectations. Total net lending for the first nine months of the year is 17% higher than the same period in 2004 and Northern Rock starts the fourth quarter with a total pipeline of agreed business of £6.3 billion - an increase of 11% above the same time last year, and 23% higher than the start of 2005.

Northern Rock's lending continues to be dominated by loans secured on residential property, which represent 90% of total lending. The strong gross lending market share seen in the first half of the year has continued in the second half. Northern Rock's successful retention policy of encouraging existing mortgage customers to transfer to any product available to new customers has ensured that the level of redemptions remains a step below our natural share.

This combination of strong origination and proactive retention has led to net residential lending in the first nine months of the year being 23% higher than in 2004 and maintaining net lending market share at the high levels seen in the first half of 2005. A residential pipeline of £5.6 billion is carried into October, 10% higher than last year. The risk profile of lending remains excellent, reflecting robust underwriting criteria, a high proportion of borrowers with a proven payment record and an avoidance of the higher risk areas of lending. Our lifestyle products, which comprise Together, Lifetime and Buy to Let, remain an important element of lending, and continue to represent around 30% of new business.

Whilst volumes of unsecured personal lending have increased in the second half, the aggregate remains substantially below 2004 and this portfolio continues to account for a small proportion of our total lending. Lending within our commercial portfolio, which is all secured on property, remains subdued as we maintain our emphasis on quality rather than volume.

These levels of lending are consistent with Northern Rock expecting to finish 2005 with asset growth towards the top of the strategic range of 20% +/- 5%.

CREDIT QUALITY

The credit quality of our lending continues to be tightly monitored and controlled. Against the market background of slightly weaker asset quality seen in some areas of consumer lending, it is particularly encouraging that the level of arrears on all our portfolios remains low.

Residential arrears of three months and above remain below half the industry average, and have shown no significant movement since those reported at the Interim Results. Our forward looking behavioural scoring systems continue to predict that this sustained good arrears performance will continue. Arrears within both the unsecured and commercial books remain low at levels, similar to the end of the first half.

FUNDING

Funding volumes have been strong in the first nine months of the year, as we continue to maintain a balanced funding platform comprising retail, non-retail, securitisation and Covered Bonds.

Following the strong retail deposit flows seen in the first half of the year, the strength and diversity of the retail franchise has continued to be reflected in the third quarter, with the Silver Savings account and Irish deposit accounts performing particularly well.

We have recently completed a further securitisation issue from our residential programme (Granite 05-4), a £3.75 billion deal with pricing even tighter than the previous deals completed this year, making it our cheapest public issue ever and significantly below the cost of older deals being replaced. We have also made our first issue - of $1 billion - under the de-linked structure during the quarter (Granite 05-3), demonstrating the substantial flexibility this innovation offers.

We continue to diversify within our non-retail programme both by geography and investor, maintaining an appropriate mix of both short and medium term funding. Following the second issue from our Covered Bond programme in the first half of the year, we anticipate making a further issuance later this year.

INCOME

Driven by our strategy, we expect Total Income Margin to assets to ease slightly, offset by cost efficiency improvements, leading to relatively stable return on risk weighted assets

The gap between Libor and Bank Base Rate has narrowed to around 10 basis points negative after a protracted period of substantial negative gap - this should be favourable for liability spreads going forward. On the asset side, as the repricing of Northern Rock's mortgage back-book is largely complete, we would expect the pace of spread erosion to continue to slow. In relation to liquidity management, Northern Rock's policy is to maintain a consistent and sustainable return on liquid funds through a combination of interest margin and capital gains/losses, with the mix dictated by the underlying interest rate environment.

Northern Rock continues to offer a range of insurance products to both its residential and unsecured customers on which it earns commission income. Due to the high quality profile of our customer base, payment protection insurance (PPI) penetration rates on our unsecured lending portfolio are relatively low. We ensure through our regulated sales process that customers understand whether the product is appropriate to their needs. Additionally, as we announced at our Interim Results, we have already moved to a better value, more flexible and customer needs driven range of PPI products.

CAPITAL

Active capital management remains a key part of Northern Rock's business strategy. Once Basel II is implemented we expect to be a major beneficiary as a result of our high quality, low risk asset base, and we continue to prepare in Q4 2005 for application to the FSA for IRB approval.

As announced at our Interim Results we intend, subject to market conditions, to sell, on a non-recourse and ongoing basis, the majority of the first loss position we hold in securitisation issues later this year and further details will be available following the transaction.

COSTS

Cost control remains a key pillar of Northern Rock's strategy, allowing profitable growth of the business and the manufacture of competitive products for our customers. Costs continue to be tightly managed to ensure Northern Rock's cost efficiency advantage is maintained.

Following the incremental costs of regulation seen in the first half of the year, we expect the cost to income gap to narrow in the second half and cost

growth to slow to around the mid-point of our strategic target of between 1/2 and 2/3 of asset growth for the full year. In 2006, the usual strategic cost metrics (cost growth less than income growth, and cost growth between 1/2 and 2/3 of asset growth) will apply.

PROFITS

Northern Rock's strategic target is to grow profits (on a comparable basis) by 15% +/- 5% each year. The range of pre-tax profit expectations for 2005 (excluding fair value adjustments) as provided by 20 of the major bank research analysts is £468 million to £509 million, with a mean of £494 million, growth of 12% on 2004's pro forma results, 13.5% growth versus 2004 statutory results. The range of post-tax attributable profit expectations for 2005 (also excluding fair value adjustments) is £280 million to £306 million, with a mean of £299 million and underlying growth of 10%. At this stage, Northern Rock remains comfortable with these consensus averages.

Growth in EPS and DPS will continue to be consistent with growth in post-tax profits.

COMMENT

Adam J Applegarth, Chief Executive, commented:

"Northern Rock's strategy of high growth through attracting high quality assets remains in place. It is pleasing to note that the credit quality of our books remains significantly better than industry average."

"The robustness of our business model means we are again set to deliver on all our strategic targets in 2005 and we remain confident on the prospects for 2006."

Further, more detailed, information on Northern Rock's 2005 trading performance will be produced at the Preliminary Results announcement on Wednesday, 25 January 2006.

Important Notice

This announcement should be read in conjunction with our announcement for the half year ended June 2005, copies of which are available from Northern Rock plc, Northern Rock House, Gosforth, Newcastle upon Tyne NE3 4PL or on our website at www.northernrock.co.uk

This document contains certain forward-looking statements with respect to certain of the plans of Northern Rock, its current goals and expectations relating to its future financial condition and performance. By their nature, forward-looking statements involve risk and uncertainty because they relate to events and depend on circumstances that will occur in the future. Northern Rock's actual future results may differ materially from the results expressed or

implied in these forward-looking statements as a result of a variety of factors, including UK domestic and global economic and business conditions, market related risks such as interest rates and exchange rates, delays in implementing proposals, unexpected difficulties with computer systems, unexpected changes to regulation, changes in customer preferences, competition and other factors.

Notification under Listing Rule 9.31(b)

The following resolutions were passed as Special Resolutions by the shareholders of Northern Rock plc at the Company's Annual General Meeting held on 26 April 2005.

Special Resolution

17. THAT, subject to the passing of Resolution 16 in the Notice of this Meeting, the power conferred on the Directors by Article 10.2 of the Company's Articles of Association shall apply for the period commencing on the date of passing of this Resolution and expiring on the expiry or termination of the authority conferred on the Directors pursuant to Resolution 16 in the Notice of this Meeting and for that period the section 89 amount shall be £5,265,325.

Special Resolution

18. THAT the regulations in the form produced to the Annual General Meeting and initialled for the purposes of identification by the Chairman of the Meeting, be adopted as the new Articles of Association of the Company, in substitution for and to the exclusion of the existing Articles of Association of the Company, with effect from the conclusion of the Meeting.

Special Resolution

19. THAT, pursuant to Article 53, the Company be and is hereby granted general and unconditional authority for the purposes of section 166 of the Companies Act 1985 to make one or more market purchases (within the meaning of section 163(3) of the Companies Act 1985) of ordinary shares of 25p each in its capital provided that:

    a) the maximum aggregate number of ordinary shares hereby authorised to be purchased is 42,122,600 (representing 10% of the Company's issued ordinary share capital as at 31 December 2004);

    b) the minimum price which may be paid for such shares is 25p per share (exclusive of expenses);

    c) the maximum price (exclusive of expenses) which may be paid for an ordinary share is an amount equal to 105% of the average of the middle market quotations for an ordinary share in the Company as derived from the London Stock Exchange's Daily Official List for the five business days immediately preceding the date on which the ordinary share is purchased;

    d) unless previously renewed, varied or revoked, the authority hereby conferred shall expire at the conclusion of the Company's next Annual General Meeting or 18 months from the date of passing of this Resolution, whichever is earlier; and

    e) the Company may make a contract or contracts to purchase ordinary shares under the authority hereby conferred prior to the expiry of such authority which will or may be executed wholly or partly after the expiry of such authority and may make a purchase of ordinary shares in pursuance of any such contract or contracts.

Special Resolution

20. THAT the contingent share purchase contract between the Company and The Northern Rock Foundation (a draft of which is produced to the Meeting and initialled by the Chairman for the purposes of identification), providing for the purchase by the Company of fully paid Foundation Shares in the share capital of the Company at such times and at such prices and in such numbers and otherwise on the other terms set out in such contract, be and is hereby approved and authorised generally (including, without limitation, for the purposes of sections 164 and 165 of the Companies Act 1985) but so that such approval and authority, unless previously renewed, varied or revoked, shall expire 18 months from the date of passing of this Resolution.

The following resolution was passed as an Ordinary Resolution by the shareholders of Northern Rock plc at the Company's Annual General Meeting held on 26 April 2005.

Ordinary Resolution

16. THAT, in substitution for all previous authorities conferred upon the Directors to allot relevant securities of the Company but without prejudice to the continuing authority of the Directors to allot relevant securities pursuant to an offer or agreement made by the Company before the revocation of the authority pursuant to which such offer or agreement was made, the authority conferred on the Directors by Article 10.1 of the Company's Articles of Association shall apply for the period commencing on the date of the passing of this Resolution and expiring on 25 April 2010 and for that period the section 80 amount shall be £41,296,625.

NORTHERN ROCK PLC

INTERNATIONAL FINANCIAL REPORTING STANDARDS

Northern Rock plc announces the headline impacts of the anticipated financial changes arising from the introduction of International Financial Reporting Standards (IFRS) to the previously reported 2004 financial results produced under UK GAAP.

2004 RESTATEMENT

Under IFRS, the 2004 revised statutory results will include only those adjustments which are implemented with effect from 1 January 2004. Adjustments which have an implementation date of 1 January 2005, and where comparatives can be calculated for 2004 are included as pro-forma results, to aid comparability when 2005 results are published. Pro-forma 2004 figures exclude the impact of the volatility of derivatives which are categorised as ineffective under IFRS.

The impact of IFRS on 2004 results set out below are in line with previous announcements made by Northern Rock plc, i.e. on a pro-forma basis 2004 profit before tax increases by 2.4%, EPS and profit attributable to shareholders reduces by 11.4%.

	UK GAAP	IFRS Statutory	%change	IFRS Pro-Forma	%ch
2004 profit before tax (£m)	431.2	435.3	1.0%	441.5	
2004 profit attributable to shareholders(£m)	306.2	309.5	1.1%	271.2	(11
2004 basic EPS (p)	74.1	74.9	1.1%	65.7	(11
31 December 2004 shareholders'funds (£m)	1,541.9	1,537.6	(0.3)%	1,388.9	(9

Under IFRS, fee income is deferred into later years and mortgage introducer fees are amortised more rapidly than under UK GAAP. However over the life of the loan profitability will not change, even if the phasing of profit does. Therefore, Northern Rock plc remains committed to its virtuous circle strategy of high growth in high quality assets and profits, with improving cost efficiency.

As a result of income deferral, during the early years of IFRS implementation, profit growth for companies growing their assets strongly will be seen to be dampened, but will be enhanced in the medium term. Our appetite for asset growth will remain, being driven by overall economic returns and not changes to accounting standards.

We will also continue to utilise derivatives to hedge for economic and risk purposes, even though accounting standards may classify some of those hedges as ineffective. In addition to our statutory results, to give a truer picture of what we regard as our real performance, we will exclude the volatility impact of those derivatives to provide guidance on our underlying performance. This is because over time such volatility, whether initially the impact is positive or negative, tends towards zero even though it may affect different accounting periods.

CAPITAL

In the UK GAAP 2004 results the Tier 1 Capital Ratio was reported as 8.7% and the total Capital Ratio 14.0%. Following the restatements arising from IFRS these ratios are calculated as 8.0% and 13.4% respectively, remaining considerably in excess of regulatory requirements.

DIVIDENDS

Northern Rock's dividend policy will continue to take account of the capital required to finance growth and the sustainability of economic performance. The restatement of 2004's results has the effect of increasing the pay-out ratio for 2004's dividends from 36% to approximately 40%. We expect 2005's dividend to maintain that ratio, and thus dividend growth during 2005 and thereafter should be in line with sustainable EPS growth.

2005

Northern Rock will begin reporting under IFRS in its 2005 Interim Results due for release on 28 July 2005. At this current stage under IFRS, 2005 asset growth is expected to be above the midpoint of our strategic range, and profits attributable to shareholders on an underlying basis are expected to grow within, but towards the bottom, of our strategic 15 +/- 5% profit range. (2005 UK GAAP figures will obviously not be produced in addition to IFRS results, but had they been, the bottom of the new IFRS profit range equates to the mid-point of the old UK GAAP range.)

Northern Rock plc is today briefing analysts and investors on its implementation of IFRS and the restatement of 2004 results, the briefing will commence at 9.30am. The slides and audio presentation will be available on the website www.northernrock.co.uk at approximately the same time.

NORTHERN ROCK PLC

FIRST RMBS ISSUE 2005

Today Northern Rock plc successfully launched its latest residential mortgage backed securitisation ("RMBS"): Granite Master Issuer plc Series 2005-1 for a total size of £4.5bn. This was Northern Rock's 14th RMBS issue and the first transaction under a new structure.
Granite Master Issuer is the first de-linked RMBS programme in the world and the first SEC registered RMBS shelf issuer by a European issuer.

The first series from Granite Master Issuer achieved the tightest pricing for any UK RMBS issue to date, setting all time low margins across all ratings and maturities. The weighted average margin on the transaction at launch was 10.73 basis points for a weighted average life of 3.92 years. Pricing highlights include the Class A5 4.6yr Euro-denominated triple-A rated tranche priced at 3 month Euribor +9bps and the 5.25yr triple-B rated Class C2 and C3 priced at a margin of 56bps over 3 month Euribor and 3 month £Libor respectively. Even at these levels the transaction was heavily oversubscribed across the capital structure.

Granite Master Issuer shares in the same pool of mortgages as previous Granite Issuers, which is held by Granite Finance Trustees Limited. Granite Master Issuer has a shelf registration with the Securities and Exchange Commission and an asset backed note programme listing with the London Stock Exchange. Existing Granite paper will be unaffected by this new programme.

A single, de-linked, Granite issuer provides Northern Rock with the following benefits:

- Faster transaction execution and lower costs
- Potential for advance issuance of subordinated notes allows subsequent issuance of senior notes independently providing greater market access
- Expansion of the Granite investor base
- Potential for faster response to investor reverse inquiry by not having to simultaneously place associated senior or subordinated notes and by doing private placements
- Potential improvement in liquidity for subordinated notes if larger sizes are issued.

NORTHERN ROCK PLC

FIRST LOSS PIECE

Northern Rock plc announces that, as previously indicated in its interim results announcement, it is about to begin the marketing of a transaction to substantially sell-on (on a non-recourse and on-going basis via a funded synthetic credit default swap) the majority of the first loss position retained within its residential mortgage backed securitisation transactions completed up to the end of 2004. The Company intends to market the transaction in the UK, Europe and in the United States pursuant to Rule 144A.

The notes to be offered by Whinstone Capital Management Limited, an SPV established as part of the transaction, have not, and will not, be registered under the US Securities Act of 1933, as amended, and may not be offered or sold in the United States absent registration or an applicable exemption from registration requirements.

In any other jurisdiction, nothing herein is intended as an invitation or inducement by Northern Rock plc or any other person to engage in any activities related to the issue or sale of any securities where such is prohibited by applicable law.

09 November 2005

NORTHERN ROCK PLC

FIRST LOSS PIECE
NEW ISSUE ANNOUNCEMENT AND IMPORTANT FINANCING INNOVATION

Northern Rock plc announces that, as previously indicated in the Stock Exchange Announcement on 7 October 2005, the company executed the £423 million Whinstone transaction on 28 October 2005 - a transfer of reserve fund risk relating to its Granite residential mortgage securitisation programme. The transaction was structured by Lehman Brothers and joint lead managed by Lehman Brothers and Barclays Capital and is expected to close on 15 November 2005.

This is the first public securitisation of on-balance sheet reserve funds and by far the largest transaction of its type ever completed in the international markets. This transaction has used an innovative structure, using a credit default swap to achieve the transfer of reserve fund risk.

In the last decade, Northern Rock has transformed itself from a regional building society to a leading UK mortgage lender.

Northern Rock has consistently achieved high growth in low risk mortgages in line with its strategic target of 20% +/- 5% asset growth and is confident in its on-going ability to do so.

This focused strategy and the significant cost advantage the company enjoys over other UK banks has led to an increasing market share in the UK mortgage market. Accordingly, the company's need for funding has grown materially which has been substantially met by securitisation through the Granite Master Trust, one of the European market leading master trust securitisation programmes.

The Whinstone transaction is an innovative means through which Northern Rock has transferred around 80% of the retained risk in the master trust programme to third party investors, thereby significantly strengthening its capital position. This transaction is a synthetic securitisation referencing the performance of the reserve funds as credit enhancement for 13 existing Granite mortgage backed securitisation issuances. At closing (15 November) Northern Rock will buy credit protection via a credit default swap from Whinstone against the target balances of the issuer reserve funds. Whinstone will in turn pass on its assumed risk to the capital markets through the issuance of a series of credit linked notes.

Credit rating agency capital will benefit from the transfer of risk and mitigation of losses. By retaining a small portion of the loss Northern Rock will continue to align the interests of securitisation investors and itself and demonstrate its confidence in the credit performance of its mortgage book.

The structure itself stands out because of its simplicity, with a credit default swap transferring the risk related to the reserve funds in all the Granite

transactions up to the end of 2004 to capital markets investors, without impacting any of the underlying Granite transactions.

The credit linked notes issued by Whinstone were split in three classes, a Sterling only £9m A/A/A2 rated Class A notes, £296m equivalent BBB/BBB/Baa2 rated Class B notes and £117m equivalent BB/BB/Ba2 rated Class C notes. The Class B and C notes were issued in US Dollars, Sterling and Euros.

The importance of this and future transactions to the intrinsic credit standing of Northern Rock was recognised by Standard & Poor's who changed the Northern Rock senior unsecured credit rating outlook from neutral to positive on announcement of the transaction. Following the success of this transaction it is Northern Rock's intention to repeat the deal on a regular basis.

Adam J Applegarth, Northern Rock Chief Executive, commented: 'This is an important deal for Northern Rock. Securitisation - through the Granite deals - is a key part of our funding armoury. This Whinstone deal improves the capital management associated with such deals, whilst keeping our interests aligned with Granite investors. It puts us in an excellent position to take advantage of the benefits that Basel II will bring Northern Rock.'

Euro Medium Term Note Programme

This Offering Circular supersedes any previous prospectus or offering circular. Any Notes issued under the U.S.$15,000,000,000 Euro Medium Term Note Programme (the "Programme") are issued subject to the provisions set out herein. Other than as stated herein, this does not affect any Notes issued prior to the date hereof.

Pursuant to the Programme, Northern Rock plc (the "Issuer", "Northern Rock" or the "Company") may from time to time issue in one or more Tranches (as defined herein) of Notes (the "Notes", which expression shall include Senior Notes, Dated Subordinated Notes and Undated Subordinated Notes (each as defined herein)). The maximum aggregate nominal amount of all Notes from time to time outstanding will not exceed U.S.$15,000,000,000 (or its equivalent in other currencies calculated as described herein and subject to increase as provided herein).

Save as further described herein, Notes issued under the Programme may (i) be denominated in such currencies as may be agreed, (ii) be issued at par or at a premium or discount to par, (iii) be issued on a fully-paid or partly-paid basis, (iv) bear interest at a fixed or floating rate or on an index- or formula-linked basis or be issued on a non-interest bearing fully-discounted basis, (v) provide that the amount payable upon redemption is fixed or index- or formula-linked, (vi) provide that they will be redeemed in one amount or instalments or will have no final maturity date and/or (vii) provide that payments of principal and/or interest should be made in a currency or currencies other than the original currency of issue.

The Notes may be issued from time to time to one or more of the Dealers specified on page 5 (each a "Dealer" and together the "Dealers", which expression shall include any additional Dealer appointed under the Programme from time to time and which appointment may be for a specific issue or on an ongoing basis).

Application has been made to the Financial Services Authority in its capacity as competent authority under the Financial Services and Markets Act 2000 (the "UK Listing Authority") for Notes issued within 12 months from the date hereof to be admitted to the official list of the UK Listing Authority (the "Official List") and to the London Stock Exchange plc (the "London Stock Exchange") for such Notes to be admitted to trading on the London Stock Exchange's market for listed securities, which together, under the Listing Rules of the UK Listing Authority, will constitute official listing on the London Stock Exchange. Notice of the aggregate nominal amount of, interest (if any) payable in respect of, the issue price of, the issue date and maturity date (if any) of, and any other terms and conditions not contained herein which are applicable to, each Tranche of Notes will be set forth in a pricing supplement (the "Pricing Supplement") applicable to such Tranche which, with respect to Notes admitted to the Official List and to be admitted to trading by the London Stock Exchange, will be delivered to the UK Listing Authority and to the London Stock Exchange on or before the date of issue of such Tranche. A copy of this Offering Circular, which comprises the listing particulars approved by the UK Listing Authority as required by the Financial Services and Markets Act 2000 (the "FSMA") in relation to Notes admitted to the Official List and admitted to trading on the London Stock Exchange's market for listed securities (the "Listing Particulars") and issued during the period of 12 months from the date of this Offering Circular, has been delivered for registration to the Registrar of Companies in England and Wales as required by section 83 of the FSMA. Copies of each Pricing Supplement (in the case of Notes to be admitted to the Official List only) will be available from FT Business Research Centre operated by FT Interactive Data at Fitzroy House, 13-17 Epworth Street, London EC2A 4DL and will be available for inspection at the specified office set out below of the Trustee (as defined herein) and each of the Paying Agents (as defined herein).

The Programme provides that Notes may be listed on such other or further stock exchange(s) as may be agreed between the Issuer and the relevant Dealer(s). The Issuer may also issue unlisted Senior Notes under the Programme.

The Issuer may agree with any Dealer and the Trustee that Notes may be issued in a form not contemplated by the "Terms and Conditions of the Notes" herein, in which event (in the case of Notes admitted to the Official List only) supplementary listing particulars or further listing particulars, if appropriate, will be made available which will describe the effect of the agreement reached in relation to such Notes.

The Notes of each Tranche will be initially represented by a temporary global Note which will be deposited on the issue date with a common depositary on behalf of Euroclear Bank S.A./N.V., as operator of the Euroclear System ("Euroclear") and Clearstream Banking, société anonyme ("Clearstream, Luxembourg") and/or any other agreed clearing system which will be exchangeable, as specified in the applicable Pricing Supplement, either for a permanent global Note or Notes in definitive form, in each case upon certification as to non-U.S. beneficial ownership as required by U.S. Treasury regulations. The applicable Pricing Supplement will specify that a permanent global Note either (i) is exchangeable (in whole but not in part) for definitive Notes upon request or (ii) is only exchangeable (in whole but not in part) for definitive Notes following the occurrence of an Exchange Event (as defined on page 9), all as further described in "Form of the Notes" below.

The Programme has been rated by Standard & Poor's Ratings Services, a Division of the McGraw-Hill Companies Inc. ("Standard & Poor's"), Moody's Investors Service Limited ("Moody's") and by Fitch Ratings Ltd ("Fitch").

Notes issued under the Programme may be rated or unrated. Where an issue of Notes is rated, its rating will not necessarily be the same as the rating applicable to the Programme. A security rating is not a recommendation to buy, sell or hold securities and may be subject to suspension, reduction or withdrawal at any time by the assigning rating agency.

neither this Offering Circular nor any advertisement or other offering material may be distributed or published in any jurisdiction, except under circumstances that will result in compliance with any applicable laws and regulations and the Dealers have represented that all offers and sales by them will be made on the same terms. Persons into whose possession this Offering Circular or any Notes come must inform themselves about, and observe, any such restrictions. In particular, there are restrictions on the distribution of this Offering Circular and the offer or sale of Notes in the United States, the United Kingdom, Japan, Germany, France and The Netherlands (see "Subscription and Sale" on page 48).

The Notes have not been and will not be registered under the United States Securities Act of 1933, as amended, (the "Securities Act") and are subject to U.S. tax law requirements. Subject to certain exceptions, Notes may not be offered, sold or delivered, directly or indirectly, within the United States or to U.S. persons as defined herein (see "Subscription and Sale").

In this Offering Circular, references to "£", "pounds" and "Sterling" are to pounds sterling, references to "U.S.$" and "U.S. Dollars" are to United States dollars, references to "cents" are to United States cents, references to "Yen" and "¥" are to Japanese Yen and references to "euro" and "€" are to the currency introduced at the start of the third stage of European economic and monetary union pursuant to the Treaty establishing the European Community as amended.

In connection with the issue and distribution of any Tranche of Notes, the Dealer (if any) disclosed as stabilising manager in the applicable Pricing Supplement or any person acting for him may over-allot or effect transactions with a view to supporting the market price of the Series (as defined herein) of which such Tranche forms part at a level higher than that which might otherwise prevail for a limited period in accordance with applicable laws and regulations. However, there may be no obligation on the stabilising manager or any agent of his to do this. Such stabilising, if commenced, may be discontinued at any time and must be brought to an end after a limited period.

SUMMARY OF THE PROGRAMME AND TERMS AND CONDITIONS OF THE NOTES

The following summary does not purport to be complete and is taken from, and is qualified by, the remainder of this document and, in relation to the terms and conditions of any particular Tranche of Notes, the applicable Pricing Supplement. Words and expressions defined in "Form of the Notes" and "Terms and Conditions of the Notes" below shall have the same meanings in this summary.

Issuer:	Northern Rock plc
Arranger:	Merrill Lynch International
Dealers:	Barclays Bank PLC Deutsche Bank AG London HSBC Bank plc Lehman Brothers International (Europe) Merrill Lynch International J.P. Morgan Securities Ltd. The Royal Bank of Scotland plc UBS Limited
Certain Restrictions:	Each issue of Notes denominated in a currency in respect of which particular laws, guidelines, regulations, restrictions or reporting requirements apply will only be issued in circumstances which comply with such laws, guidelines, regulations, restrictions or reporting requirements from time to time (see "Subscription and Sale" on page 48).
Distribution:	Notes may be distributed by way of private or public placement and in each case on either a syndicated or non-syndicated basis.
Trustee:	The Law Debenture Trust Corporation p.l.c.
Issuing and Principal Paying Agent and Agent Bank:	Citibank, N.A.
Amount:	Up to U.S.$15,000,000,000 nominal amount outstanding at any time or its equivalent in other currencies as described herein. The Issuer may increase the amount of the Programme in accordance with the terms of the Programme Agreement.
Currencies:	Subject to any applicable legal or regulatory restrictions, such currency or currencies as may be agreed from time to time by the Issuer, the relevant Dealer(s), the Agent and the Trustee.
Redenomination:	The applicable Pricing Supplement may provide that certain Notes may be redenominated in euro. If so, the redenomination provisions will be set out in the applicable Pricing Supplement.
Maturities:	Such maturities as may be agreed between the Issuer and the relevant Dealer and as indicated in the applicable Pricing Supplement, subject to such minimum or maximum maturities as may be allowed or required from time to time by the relevant central bank (or equivalent body) or any laws or regulations applicable to the Issuer or the relevant Specified Currency. At the date of this Offering Circular, the minimum maturity of all Notes is six months, save that (i) Subordinated Notes may be undated, (ii) in the case of Dated Subordinated Notes, the minimum maturity will be five years and one day and (iii) in any case such other minimum or maximum maturity as may be

Interest on Floating Rate Notes and Index Linked Interest Notes in respect of each Interest Period, as agreed prior to issue by the Issuer and the relevant Dealer(s), will be payable on such Interest Payment Dates and will be calculated on the basis of such Day Count Fraction as may be agreed between the Issuer and the relevant Dealer(s).

Dual Currency Notes: Payments (whether in respect of principal or interest and whether at maturity or otherwise) in respect of Dual Currency Notes will be made in such currencies, and based on such rates of exchange, as the Issuer and the relevant Dealer(s) may agree (as indicated in the applicable Pricing Supplement).

Zero Coupon Notes: Zero Coupon Notes will not bear interest and will be offered and sold at a discount to their nominal amount unless otherwise specified in the applicable Pricing Supplement.

Redemption: The applicable Pricing Supplement relating to each Tranche of Notes will indicate either that (except for Undated Subordinated Notes which will not have a stated maturity) the Notes of such Tranche cannot be redeemed prior to their stated maturity (other than in specified instalments (see below), if applicable, or for taxation reasons (subject, in the case of Subordinated Notes only, to having obtained the prior consent of the Financial Services Authority) or following an Event of Default) or that such Notes will be redeemable at the option of the Issuer (subject, in the case of Subordinated Notes only, to having obtained the prior consent of the Financial Services Authority) and/or the Noteholders upon giving not more than 60 nor less than 30 days' irrevocable notice (or such other notice period (if any) as is indicated in the applicable Pricing Supplement) to the Noteholders or the Issuer, as the case may be, on a date or dates specified prior to such stated maturity (if any) and at a price or prices and on such terms as are indicated in the applicable Pricing Supplement.

The applicable Pricing Supplement may provide that Notes may be redeemed in two or more instalments of such amounts and on such dates as are indicated in such Pricing Supplement.

Denomination of Notes: Notes will be issued in such denominations as may be agreed between the Issuer and the relevant Dealer(s) and as indicated in the applicable Pricing Supplement save that the minimum denomination of each Note will be such as may be allowed or required from time to time by the relevant central bank (or equivalent body) or any laws or regulations applicable to the relevant Specified Currency.

Taxation: All payments in respect of the Notes will be made without deduction for or on account of United Kingdom withholding taxes, subject to certain exceptions as are described in Condition 10.

Status of the Senior Notes: The Senior Notes will constitute direct, unconditional and (subject to the provisions of Condition 4) unsecured obligations of the Issuer ranking pari passu and without any preference among themselves and (subject as aforesaid and to any applicable statutory provisions) at least equally with all other present and future unsecured and unsubordinated obligations of the Issuer from time to time outstanding.

Status of the Subordinated Notes: The Subordinated Notes will be direct, unsecured, subordinated obligations of the Issuer and will rank pari passu and without any preference among themselves.

The rights of holders of Subordinated Notes will be subordinated in right of payment in the manner provided in the Trust Deed and as specified in Condition 3.

FORM OF THE NOTES

Each Tranche of Notes will be in bearer form and will be initially represented by a temporary global Note without receipts, interest coupons or talons, which will be delivered to a common depositary for Euroclear and Clearstream, Luxembourg and/or any other agreed clearing system. Whilst any Note is represented by a temporary global Note, payments of principal and interest (if any) due prior to the Exchange Date (as defined below) will be made against presentation of the temporary global Note only to the extent that certification as to non-U.S. beneficial ownership as required by U.S. Treasury regulations (as referred to in the temporary global Note) has been received by Euroclear and/or Clearstream, Luxembourg and Euroclear and/or Clearstream, Luxembourg, as applicable, has given a like certificate (based on the certifications it has received) to the Agent.

On and after the date (the "Exchange Date") which is 40 days after the date on which the temporary global Note is issued, interests in the temporary global Note will be exchangeable, upon request being made by Euroclear and/or Clearstream, Luxembourg acting on the instructions of the holders of interests in the temporary global Note, either for interests in a permanent global Note without receipts, interest coupons or talons or for definitive Notes (as indicated in the applicable Pricing Supplement and subject, in the case of definitive Notes, to such notice period as is specified in the applicable Pricing Supplement) in each case against certification as to non-U.S. beneficial ownership as described in the second sentence of the preceding paragraph unless such certification has already been given. The holder of a temporary global Note will not be entitled to receive any payment of interest or principal due on or after the Exchange Date unless upon due certification exchange of the temporary global Note is improperly withheld or refused. Pursuant to the Agency Agreement (as defined under "Terms and Conditions of the Notes" below), the Agent shall arrange that, where a further Tranche of Notes is issued, the Notes of such Tranche shall be assigned a common code and an International Security Identification Number ("ISIN") by Euroclear and Clearstream, Luxembourg which are different from the common code and ISIN assigned to Notes of any other Tranche of the same Series until at least 40 days (as certified by the Agent to the relevant Dealer(s)/lead manager) after the completion of the distribution of the Notes of such first-mentioned Tranche (the date of completion of the distribution of such Notes having been previously notified to the Agent by such Dealer(s)/lead manager).

Payments of principal and interest (if any) on a permanent global Note will be made through Euroclear and/or Clearstream, Luxembourg against presentation or surrender (as the case may be) of the permanent global Note without any requirement for certification. The applicable Pricing Supplement will specify that a permanent global Note will be exchangeable (free of charge), in whole but not in part, for definitive Notes with, where applicable, receipts, interest coupons and talons attached either (i) upon not less than 45 days' written notice (expiring at least 30 days after the Exchange Date) from Euroclear and/or Clearstream, Luxembourg (acting on the instructions of any holder of an interest in such permanent global Note) to the Agent as described therein or (ii) upon not less than 45 days' written notice (expiring at least 30 days after the Exchange Date) to the Agent as described below only upon the occurrence of an Exchange Event as described therein. "Exchange Event" means (i) an Event of Default has occurred and is continuing, (ii) the Issuer has been notified that either Euroclear or Clearstream, Luxembourg has been closed for business for a continuous period of 14 days (other than by reason of holiday, statutory or otherwise) or has announced an intention permanently to cease business or has in fact done so and no alternative clearing system satisfactory to the Trustee is available or (iii) the Issuer has been notified that the Trustee is satisfied that the Issuer has or will become obliged to pay additional amounts as provided for or referred to in Condition 10 which would not be required were the Notes represented by the permanent global Note in definitive form. The Issuer will promptly give notice to Noteholders in accordance with Condition 19 if an Exchange Event occurs. In the event of the occurrence of an Exchange Event, Euroclear and/or Clearstream, Luxembourg (acting on the instructions of any holder of an interest in such permanent global Note) may give notice to the Agent requesting exchange and in the event of the occurrence of an Exchange Event as described in (iii) above, the Issuer may also give notice to the Agent requesting exchange. Any such exchange will be made upon presentation of such permanent global Note by the bearer thereof on any day (other than a Saturday or Sunday) on which banks are open for business in London at the specified office of the Agent. Temporary and permanent global Notes and definitive Notes will be authenticated (if applicable) and delivered by the Agent on behalf of the Issuer.

4.	Aggregate Nominal Amount:	
	– Tranche:	[ ]
	– Series:	[ ]
5.	[(i)] Issue Price of Tranche:	[ ] per cent. of the Aggregate Nominal Amount [plus accrued interest from [ ] (in the case of fungible issues only, if applicable)]

(ii)	Reference Price:	[ ]
(iii)	Any other formula/basis of determining amount payable:	[ ]
(iv)	Day Count Fraction in relation to Early Redemption Amounts and late payment:	[Conditions 6(*f*) and 6(*g*)(iii) *apply/specify other*] (*Consider applicable day count fraction if not U.S. dollar denominated*)

(iv) Notice period (if other than as set out in the Conditions): [ ]
(*N.B. If setting notice periods which are different to those provided in the Conditions, the Issuer is advised to consider the practicalities of distribution of information through intermediaries, for example, clearing systems and custodians, as well as any other notice requirements which may apply, for example, as between the Issuer and the Agent or Trustee*)

22. Investor Put: [Applicable/Not Applicable]
(*If not applicable, delete the remaining sub-paragraphs of this paragraph*)

(i) Optional Redemption Dates(s): [ ]

(ii) Optional Redemption Amount of each Note and method, if any, of calculation of such amount(s): [ ] per Note of [ ] Specified Denomination

(iii) Notice period (if other than as set out in the Conditions): [ ]
(*N.B. If setting notice periods which are different to those provided in the Conditions, the Issuer is advised to consider the practicalities of distribution of information through intermediaries, for example, clearing systems and custodians, as well as any other notice requirements which may apply, for example, as between the Issuer and the Agent or Trustee*)

23. Final Redemption Amount of each Note: [[ ] per Note of [ ] Specified Denomination/*specify other*/see Appendix]

24. Early Redemption Amount of each Note payable on redemption for taxation reasons or on event of default and/or the method of calculating the same (if required or if different from that set out in Condition 6(*g*)): [ ]

GENERAL PROVISIONS APPLICABLE TO THE NOTES

25. Form of Notes: Temporary Global Note exchangeable for Permanent Global Note which is exchangeable for Definitive Notes [on 45 days' notice given at any time/only upon an Exchange Event]

[Temporary Global Note exchangeable for Definitive Notes on and after the Exchange Date]

26. Additional Financial Centre(s) or other special provisions relating to Payment Dates: [Not Applicable/*give details*]
(*Note that this item relates to the place of payment and not Interest Period end dates to which items 17(iii) and 19(vi) relate*)

27. Talons for future Coupons or Receipts to be attached to Definitive Notes (and dates on which such Talons mature): [Yes/No. *If yes, give details*]

For the purpose of calculating the U.S. dollar equivalent of the aggregate nominal amount of Notes outstanding under the Programme from time to time, the U.S. dollar equivalent of Notes denominated in another Specified Currency shall be determined, at the discretion of the Issuer, either as of the date of agreement to issue such Notes (the "Agreement Date") or on the preceding day on which commercial banks and foreign exchange markets are open for business in London, in each case on the basis of the spot rate for the sale of the U.S. dollar against the purchase of such Specified Currency in the London foreign exchange market quoted by any leading bank selected by the Issuer on such date.

The U.S. dollar equivalent of any Dual Currency Notes, Index Linked Notes and Partly Paid Notes shall be calculated in the manner specified above by reference to the original nominal amount on issue of such Notes (in the case of Partly Paid Notes regardless of the amount of the subscription price paid). The U.S. dollar equivalent of any Zero Coupon Note and any other Note issued at a discount or a premium shall be calculated in the manner specified above by reference to the net proceeds received by the Issuer for the relevant issue.

If the applicable Pricing Supplement relating to a Tranche of Notes specifies any modifications to the Terms and Conditions of a Tranche of Notes as described below, it is envisaged that, to the extent that such modifications relate only to Conditions 1, 5, 6 (except 6(*b*)), 7, 8, 9, 16, 17 and 19 (insofar as such Notes are not listed or admitted to trading on any stock exchange) they will not necessitate the preparation and issue of supplementary listing particulars. If the Terms and Conditions of the Notes are to be modified in any other respect, supplementary listing particulars or further listing particulars, if appropriate, describing the modifications will be prepared and issued.

relevant Dealer or Dealers specified in such Pricing Supplement or, upon proof satisfactory to the Trustee or the relevant Paying Agent as to identity, the holder of any Note to which such Pricing Supplement relates. The Noteholders, the Receiptholders and the Couponholders are deemed to have notice of, and are entitled to the benefit of, all the provisions of the Trust Deed, the Agency Agreement and the applicable Pricing Supplement which are binding on them. Words and expressions defined in the Trust Deed or the Agency Agreement or used in the applicable Pricing Supplement shall have the same meanings where used in these Terms and Conditions unless the context otherwise requires or unless otherwise stated and provided that, in the event of inconsistency between the Agency Agreement and the Trust Deed, the Trust Deed will prevail and, in the event of inconsistency between the Agency Agreement or the Trust Deed and the applicable Pricing Supplement, the applicable Pricing Supplement will prevail.

1. Form, Denomination and Transfer

The Notes are in bearer form in the Specified Currency or Currencies and the Specified Denomination(s) and definitive Notes are serially numbered. Notes of one Specified Denomination may not be exchanged for Notes of another Specified Denomination.

This Note may be a Fixed Rate Note, a Floating Rate Note, a Zero Coupon Note, an Index Linked Interest Note or a combination of any of the foregoing, depending upon the Interest Basis shown in the applicable Pricing Supplement.

This Note may be an Index Linked Redemption Note, an Instalment Note, a Dual Currency Redemption Note, a Partly Paid Note or a combination of any of the foregoing, depending on the Redemption/Payment Basis shown in the applicable Pricing Supplement.

This Note may be a Senior Note or a Subordinated Note, as indicated in the applicable Pricing Supplement. If it is a Subordinated Note, it is either a Dated Subordinated Note or an Undated Subordinated Note, as indicated in the applicable Pricing Supplement.

If it is a definitive Note, it is issued with Coupons and, if applicable, Receipts and Talons attached, unless it is a Zero Coupon Note in which case references to interest, Coupons and Couponholders in these Terms and Conditions are not applicable.

Without prejudice to the provisions relating to Global Notes set out below, title to the Notes, the Receipts and the Coupons will pass by delivery. Except as ordered by a court of competent jurisdiction or as required by law, the Issuer, the Trustee, the Agent and any other Paying Agent shall (subject as set out below) be entitled to deem and treat the bearer of any Note, Receipt or Coupon as the absolute owner thereof (whether or not such Note, Receipt or Coupon shall be overdue and notwithstanding any notice to the contrary or any notation of ownership or writing thereon or notice of any previous loss or theft thereof) for the purpose of making payment thereon and for all other purposes. For so long as any of the Notes is represented by a Global Note held on behalf of Euroclear Bank S.A./N.V., as operator of the Euroclear System ("Euroclear") and/or Clearstream Banking, société anonyme ("Clearstream, Luxembourg"), each person (other than Euroclear or Clearstream, Luxembourg) who is for the time being shown in the records of Euroclear or Clearstream, Luxembourg as the holder of a particular nominal amount of such Notes (in which regard any certificate or other document issued by Euroclear or Clearstream, Luxembourg as to the nominal amount of such Notes standing to the account of any person shall be conclusive and binding for all purposes save in the case of manifest error) shall be treated by the Issuer, the Trustee, the Agent and any other Paying Agent as the holder of such nominal amount of such Notes for all purposes other than with respect to the payment of principal and interest on such Notes, the right to which shall be vested, as against the Issuer, solely in the bearer of the Global Note in accordance with and subject to its terms (or the Trustee in accordance with the Trust Deed) (and the expressions "Noteholder", "holder of Notes" and related expressions shall be construed accordingly). Notes which are represented by a Global Note will be transferable only in accordance with the rules and procedures for the time being of Euroclear and/or Clearstream, Luxembourg, as the case may be.

the capital of the Issuer having a preferential right to a return of assets in the winding up over the holders of all issued shares for the time being in the capital of the Issuer on the assumption that such preference share was entitled to receive on a return of assets in such winding up an amount equal to the principal amount of such Note together with Arrears of Interest (as defined in Condition *5(f)*), if any, and any interest (other than Arrears of Interest) which is payable (as provided in the Trust Deed).

(iii) Subject to applicable law, no Noteholder, Receiptholder or Couponholder may exercise, claim or plead any right of set-off, compensation or retention in respect of any amount owed to it by the Issuer arising under or in connection with the Notes, the Receipts or the Coupons and each Noteholder, Receiptholder and Couponholder shall, by virtue of being the holder of any Note, Receipt or Coupon (as the case may be), be deemed to have waived all such rights of set-off, compensation or retention.

(iv) For the purpose of this Condition:—

"Senior Claims" means the aggregate amount of all claims which are not in respect of indebtedness of the Issuer the right to repayment of which by its terms is, or is expressed to be, subordinated to (or otherwise ranks after) the claims of depositors and other unsubordinated creditors of the Issuer;

"Senior Creditors" means creditors of the Issuer (i) who are unsubordinated depositors or other unsubordinated creditors of the Issuer, or (ii) whose claims are, or are expressed to be, subordinated (whether only in the event of the winding up of the Issuer or otherwise) to the claims of unsubordinated depositors and other unsubordinated creditors of the Issuer but not further or otherwise, or (iii) who are subordinated creditors of the Issuer other than those whose claims are, or are expressed to rank, pari passu with, or junior to, the claims of the Noteholders; and

"Assets" means the unconsolidated gross assets of the Issuer and "Liabilities" means the unconsolidated gross liabilities of the Issuer, all as shown in the latest published audited balance sheet of the Issuer, but adjusted for contingent assets and contingent liabilities and for subsequent events, all in such manner as the directors of the Issuer or the liquidator (as the case may be) may determine.

N.B. The obligations of the Issuer in respect of the Undated Subordinated Notes and the related Coupons are conditional upon the Issuer being solvent for the purpose of this Condition 3(ii) immediately before and after payment by the Issuer. If this Condition 3(ii) is not satisfied, any amounts which might otherwise have been allocated in or towards payment of principal and interest in respect of the Undated Subordinated Notes may be used to absorb losses.

4. Negative Pledge (Senior Notes only)

If the Notes are specified as Senior Notes in the applicable Pricing Supplement, so long as any of the Notes remain outstanding (as defined in the Trust Deed) the Issuer will neither create nor have outstanding any mortgage, lien (other than a lien arising by operation of law), pledge or other charge upon the whole or any part of its undertaking or assets, present or future (including any uncalled capital), to secure any Loan Stock of the Issuer or any obligation of the Issuer under any guarantee of or indemnity in respect of any Loan Stock of any subsidiary (as defined in the Trust Deed) of the Issuer without at the same time or prior thereto securing the Notes equally and rateably therewith to the satisfaction of the Trustee or providing such other security for the Notes as the Trustee in its absolute discretion shall deem to be not materially less beneficial to the holders of the Notes or as shall be approved by an Extraordinary Resolution of the holders of the Notes.

For the purposes of these Terms and Conditions "Loan Stock" means indebtedness which is in the form of, or represented or evidenced by, bonds, notes, debentures, loan stock or other securities which for the time being are, or are intended to be, quoted, listed, ordinarily dealt in or traded on any stock exchange, over-the-counter or other established securities market but excluding any such indebtedness which has a stated maturity not exceeding one year.

"Fixed Interest Period" means the period from (and including) an Interest Payment Date (or the Interest Commencement Date) to (but excluding) the next (or first) Interest Payment Date; and

"sub-unit" means, with respect to any currency other than euro, the lowest amount of such currency that is available as legal tender in the country of such currency and, with respect to euro, means one cent.

(b) Interest on Floating Rate Notes and Index Linked Interest Notes

(i) Interest Payment Dates

Each Floating Rate Note and Index Linked Interest Note bears interest on its outstanding nominal amount (or, if it is a Partly Paid Note, the amount paid up) from (and including) the Interest Commencement Date and such interest will be payable in arrear on either:

(A) the Specified Interest Payment Date(s) in each year specified in the applicable Pricing Supplement; or

(B) if no Specified Interest Payment Date(s) is/are specified in the applicable Pricing Supplement, each date (each such date, together with each Specified Interest Payment Date, an "Interest Payment Date") which falls the number of months or other period specified as the Specified Period in the applicable Pricing Supplement after the preceding Interest Payment Date or, in the case of the first Interest Payment Date, after the Interest Commencement Date.

Such interest will be payable in respect of each Interest Period (which expression shall, in these Terms and Conditions, mean the period from (and including) an Interest Payment Date (or the Interest Commencement Date) to (but excluding) the next (or first) Interest Payment Date).

If a Business Day Convention is specified in the applicable Pricing Supplement and (x) if there is no numerically corresponding day in the calendar month in which an Interest Payment Date should occur or (y) if any Interest Payment Date would otherwise fall on a day which is not a Business Day, then, if the Business Day Convention specified is:

(1) in any case where Specified Periods are specified in accordance with Condition 5(*b*)(*i*)(B) above, the Floating Rate Convention, such Interest Payment Date (i) in the case of (x) above, shall be the last day that is a Business Day in the relevant month and the provisions of (B) below shall apply *mutatis mutandis* or (ii) in the case of (y) above, shall be postponed to the next day which is a Business Day unless it would thereby fall into the next calendar month, in which event (A) such Interest Payment Date shall be brought forward to the immediately preceding Business Day and (B) each subsequent Interest Payment Date shall be the last Business Day in the month which falls in the Specified Period after the preceding applicable Interest Payment Date occurred; or

(2) the Following Business Day Convention, such Interest Payment Date shall be postponed to the next day which is a Business Day; or

(3) the Modified Following Business Day Convention, such Interest Payment Date shall be postponed to the next day which is a Business Day unless it would thereby fall into the next calendar month, in which event such Interest Payment Date shall be brought forward to the immediately preceding Business Day; or

(4) the Preceding Business Day Convention, such Interest Payment Date shall be brought forward to the immediately preceding Business Day.

In this Condition, "Business Day" means a day which is both:—

(A) a day on which commercial banks and foreign exchange markets settle payments and are open for general business (including dealing in foreign exchange and foreign currency deposits) in London and any Additional Business Centre specified in the applicable Pricing Supplement; and

more than one such lowest quotation, one only of such quotations) shall be disregarded by the Agent for the purpose of determining the arithmetic mean (rounded as provided above) of such offered quotations.

The Agency Agreement contains provisions for determining the Rate of Interest pursuant to this sub-paragraph (*B*) in the event that the Relevant Screen Page is not available or if, in the case of (1) above, no such offered quotation appears or, in the case of (2) above, fewer than three such offered quotations appear, in each case as at the time specified in the preceding paragraph.

If the Reference Rate from time to time in respect of the Floating Rate Notes is specified in the applicable Pricing Supplement as being other than LIBOR or EURIBOR, the Rate of Interest in respect of such Notes will be determined as provided in the applicable Pricing Supplement.

(iii) Minimum and/or Maximum Rate of Interest

If the applicable Pricing Supplement specifies a Minimum Rate of Interest for any Interest Period, then, in the event that the Rate of Interest in respect of such Interest Period determined in accordance with the provisions of paragraph (ii) above is less than such Minimum Rate of Interest, the Rate of Interest for such Interest Period shall be such Minimum Rate of Interest.

If the applicable Pricing Supplement specifies a Maximum Rate of Interest for any Interest Period, then, in the event that the Rate of Interest in respect of such Interest Period determined in accordance with the provisions of paragraph (ii) above is greater than such Maximum Rate of Interest, the Rate of Interest for such Interest Period shall be such Maximum Rate of Interest.

(iv) Determination of Rate of Interest and calculation of Interest Amounts

The Agent, in the case of Floating Rate Notes, and the Calculation Agent, in the case of Index Linked Interest Notes, will, at or as soon as practicable after each time at which the Rate of Interest is to be determined, determine the Rate of Interest for the relevant Interest Period. In the case of Index Linked Interest Notes, the Calculation Agent will notify the Agent of the Rate of Interest for the relevant Interest Period as soon as practicable after calculating the same.

The Agent will calculate the amount of interest payable on the Floating Rate Notes or Index Linked Interest Notes in respect of each Specified Denomination (each an "Interest Amount") for the relevant Interest Period. Each Interest Amount shall be calculated by applying the Rate of Interest to each Specified Denomination, multiplying such sum by the applicable Day Count Fraction, and rounding the resultant figure to the nearest sub-unit of the relevant Specified Currency, half of any such sub-unit being rounded upwards or otherwise in accordance with applicable market convention.

"Day Count Fraction" means, in respect of the calculation of an amount of interest for any Interest Period:

(i) if "Actual/365" or "Actual/Actual ISDA" is specified in the applicable Pricing Supplement, the actual number of days in the Interest Period divided by 365 (or, if any portion of that Interest Period falls in a leap year, the sum of (A) the actual number of days in that portion of the Interest Period falling in a leap year divided by 366 and (B) the actual number of days in that portion of the Interest Period falling in a non-leap year divided by 365);

(ii) if "Actual/365 (Fixed)" is specified in the applicable Pricing Supplement, the actual number of days in the Interest Period divided by 365;

(iii) if "Actual/360" is specified in the applicable Pricing Supplement, the actual number of days in the Interest Period divided by 360;

(iv) if "30/360", "360/360" or "Bond Basis" is specified in the applicable Pricing Supplement, the number of days in the Interest Period divided by 360 (the number of days to be calculated on the basis of a year of 360 days with 12 30-day months (unless (a) the last day of the Interest

(c) Dual Currency Notes

In the case of Dual Currency Notes, where the rate or amount of interest falls to be determined by reference to an exchange rate, the rate or amount of interest shall be determined in the manner specified in the applicable Pricing Supplement.

(d) Partly Paid Notes

In the case of Partly Paid Notes (other than Partly Paid Notes which are Zero Coupon Notes), interest will accrue as aforesaid on the paid-up nominal amount of such Notes and otherwise as specified in the applicable Pricing Supplement.

(e) Interest Accrual

Interest (if any) will cease to accrue on each Note (or in the case of the redemption of part only of a Note, that part only of such Note) on the due date for redemption thereof unless, upon due presentation thereof, payment of principal is improperly withheld or refused or (in the case of Subordinated Notes) is not made by reason of Condition 3 in which event interest will continue to accrue as provided in the Trust Deed.

(f) Interest on Undated Subordinated Notes

(i) In the case of Undated Subordinated Notes, interest payments (excluding Arrears of Interest) on the Notes shall (subject to Condition 3) be payable on each Compulsory Interest Payment Date (as defined below) in respect of the Interest Accrual Period (as defined below) ending on the day immediately preceding such date. On any Optional Interest Payment Date (as defined below) there may (subject to Condition 3) be paid (if the Issuer so elects and gives notice of such election to the Noteholders in accordance with sub-paragraph (ii) of this Condition 5(*f*)) the interest payable on such Optional Interest Payment Date accrued in the Interest Accrual Period ending on the day immediately preceding such date, but the Issuer shall not have any obligation to make such payment and any failure to pay shall not constitute a default by the Issuer for any purpose. Any interest not paid on an Interest Date (as defined below) together with any other interest not paid on any other Interest Date shall, so long as the same remains unpaid, constitute "Arrears of Interest". Arrears of Interest may, at the option of the Issuer (subject to Condition 3), be paid in whole or in part at any time upon the expiration of not less than seven days' notice to such effect given to the Trustee and to the Noteholders in accordance with Condition 19, but all Arrears of Interest on all Notes outstanding shall (subject to Condition 3) become due in full on whichever is the earliest of (i) the date upon which a dividend is next paid on any class of share capital of the Issuer, (ii) the date set for any redemption pursuant to Condition 6, or (iii) the commencement of winding up in England of the Issuer.

Notwithstanding the foregoing, if notice is given by the Issuer of its intention to pay the whole or part of Arrears of Interest, the Issuer shall be obliged (subject to Condition 3) to do so upon the expiration of such notice. Where Arrears of Interest are paid in part, each part payment shall be applied in payment of the Arrears of Interest accrued due in respect of the relative Interest Date (or consecutive Interest Dates) furthest from the date of payment. Arrears of Interest shall not themselves bear interest.

(ii) The Issuer shall give not less than 30 days' notice prior to any Interest Date to the Noteholders in accordance with Condition 19:

(i) if such Interest Date will be an Optional Interest Payment Date; and

(ii) whether or not the Issuer elects to pay the interest due on such Optional Interest Payment Date.

(iii) For the purposes of these Terms and Conditions, the following expressions have the following meanings:

Redemption Amount or a Higher Redemption Amount. In the case of a partial redemption of Notes, the Notes to be redeemed ("Redeemed Notes") will be selected individually by lot, in the case of Redeemed Notes represented by definitive Notes, and in accordance with the rules of Euroclear and/or Clearstream, Luxembourg, in the case of Redeemed Notes represented by a global Note, not more than 60 days prior to the date fixed for redemption (such date of selection being hereinafter called the "Selection Date"). In the case of Redeemed Notes represented by definitive Notes, a list of such Redeemed Notes will be published in accordance with Condition 19 not less than 30 days prior to the date fixed for redemption. The aggregate nominal amount of Redeemed Notes represented by definitive Notes shall bear the same proportion to the aggregate nominal amount of all Redeemed Notes as the aggregate nominal amount of definitive Notes outstanding bears to the aggregate nominal amount of all Notes outstanding, in each case on the Selection Date, provided that any such nominal amount shall, if necessary, be rounded downwards to the nearest integral multiple of the lowest Specified Denomination, and the aggregate nominal amount of Redeemed Notes represented by a global Note shall be equal to the balance of the Redeemed Notes. No exchange of the relevant global Note will be permitted during the period from and including the Selection Date to and including the date fixed for redemption pursuant to this Condition 6(c) and notice to that effect shall be given by the Issuer to the Noteholders in accordance with Condition 19 at least 30 days prior to the Selection Date.

(d) Redemption at the option of the Noteholders other than holders of Subordinated Notes (Investor Put)

If this Note is a Senior Note and Investor Put is specified in the applicable Pricing Supplement, then, if and to the extent specified in the applicable Pricing Supplement, upon the holder of this Note giving to the Issuer, in accordance with Condition 19, not less than 30 nor more than 60 days' notice (which notice shall be irrevocable), the Issuer will, upon the expiry of such notice, redeem subject to, and in accordance with, the terms specified in the applicable Pricing Supplement in whole (but not in part) such Note on the Optional Redemption Date and at the relevant Optional Redemption Amount as specified in, or determined in the manner specified in, the applicable Pricing Supplement, together, if applicable, with interest accrued to (but excluding) the relevant Optional Redemption Date.

If this Note is in definitive form, to exercise the right to require redemption of this Note the holder of this Note must deliver such Note, on any Business Day (as defined in Condition 5(*b*)(*i*)) falling within the notice period at the specified office of any Paying Agent, accompanied by a duly signed and completed notice of exercise in the form (for the time being current) obtainable from any specified office of any Paying Agent (a "Put Notice") and in which the holder must specify a bank account (or, if payment is by cheque, an address) to which payment is to be made under this Condition.

(e) Purchases

The Issuer or any of its subsidiaries may (subject, in the case of Subordinated Notes, to obtaining prior Relevant Supervisory Consent and to Condition 3), at any time purchase or otherwise acquire Notes (provided that, in the case of definitive Notes, all unmatured Receipts and Coupons appertaining thereto are attached thereto or surrendered therewith) in the open market either by tender or private agreement or otherwise, without restriction as to price. If purchases are made by tender, tenders must be available to all Noteholders alike. Such Notes may be held, reissued, resold or, at the option of the Issuer, surrendered to any Paying Agent for cancellation.

(f) Late Payment on Zero Coupon Notes

If the amount payable in respect of any Zero Coupon Note upon redemption of such Zero Coupon Note pursuant to Condition 6(*a*), (*b*), (*c*) or (*d*) above or upon its becoming due and repayable as provided in Condition 11 (if this Note is a Senior Note) or Condition 12 (if this Note is a Subordinated Note) is improperly withheld or refused or (in the case of Subordinated Notes) is not made by reason of Condition 3, the amount due and repayable in respect of such Zero Coupon Note shall [(subject to Condition 3)] be the amount calculated as provided in Condition 6(*g*)(iii) below as though the references therein to the date fixed for redemption or the date upon which such Zero Coupon Note becomes due and repayable were replaced by references to the date which is the earlier of:—

7. Payments

(a) Method of Payment

Subject as provided below:—

(i) payments in a Specified Currency other than euro will be made by transfer to an account in the relevant Specified Currency (which, in the case of a payment in Yen to a non-resident of Japan, shall be a non-resident account) maintained by the payee with, or by a cheque in such Specified Currency drawn on, a bank in the principal financial centre of the country of such Specified Currency (which, if the Specified Currency is Australian dollars or New Zealand dollars, shall be Sydney and Auckland, respectively); and

(ii) payments in euro will be made by credit or transfer to a euro account (or any other account to which euro may be credited or transferred) specified by the payee or, at the option of the payee, by a euro cheque.

Payments will be subject in all cases to any fiscal or other laws and regulations applicable thereto in the place of payment, but without prejudice to the provisions of Condition 10. References to "Specified Currency" will include any successor currency under applicable law.

(b) Presentation of Notes, Receipts and Coupons

Subject as provided below, payments of principal and interest (if any) in respect of definitive Notes (if issued) will be made against presentation and surrender of definitive Notes or Coupons, as the case may be, at any specified office of any Paying Agent outside the United States (which expression, as used herein, means the United States of America (including the States and the District of Columbia, its territories, its possessions and other areas subject to its jurisdiction)). Payments of instalments (if any) of principal, other than the final instalment, will (subject as provided below) be made against presentation and surrender of the relevant Receipt. Each Receipt must be presented for payment of the relevant instalment together with the definitive Note to which it appertains. If any definitive Note is redeemed or becomes repayable prior to the stated maturity thereof, principal will be payable only on surrender of such Note together with all unmatured Receipts appertaining thereto. Receipts presented without the definitive Note to which they appertain and unmatured Receipts do not constitute valid obligations of the Issuer.

Payments of principal and interest (if any) in respect of Notes represented by any Global Note will (subject as provided below) be made in the manner specified above in relation to definitive Notes and otherwise in the manner specified in the relevant global Note against presentation or surrender, as the case may be, of such global Note, at the specified office of any Paying Agent. A record of each payment made on such Global Note, distinguishing between any payment of principal and any payment of interest, will be made on such Global Note by such Paying Agent and such record shall be prima facie evidence that the payment in question has been made.

The holder of the relevant Global Note (or, as provided in the Trust Deed, the Trustee) shall be the only person entitled to receive payments in respect of Notes represented by such Global Note and the Issuer will be discharged by payment to, or to the order of, the holder of such Global Note (or the Trustee, as the case may be) in respect of each amount so paid. Each of the persons shown in the records of Euroclear or Clearstream, Luxembourg as the holder of a particular nominal amount of Notes represented by such Global Note must look solely to Euroclear or Clearstream, Luxembourg, as the case may be, for his share of each payment so made by the Issuer to, or to the order of, the holder of the relevant Global Note (or the Trustee, as the case may be). No person other than the holder of the relevant Global Note (or, as provided in the Trust Deed, the Trustee) shall have any claim against the Issuer in respect of any payments due on that Global Note.

Notwithstanding the foregoing, payments of interest in U.S. Dollars will only be made at the specified office of any Paying Agent in the United States if (a) the Issuer shall have appointed Paying Agents with specified offices outside the United States with the reasonable expectation that such Paying Agents would be able to make payment at such specified offices outside the United States of the full amount of interest on

(ii) either (1) in relation to any sum payable in a Specified Currency other than euro, a day on which commercial banks and foreign exchange markets settle payments and are open for general business (including dealings in foreign exchange and foreign currency deposits) in the principal financial centre of the country of the relevant Specified Currency (if other than the place of presentation, London and any Additional Financial Centre and which, if the Specified Currency is Australian dollars or New Zealand dollars, shall be Sydney and Auckland respectively) or (2) in relation to any sum payable in euro, a day on which the TARGET System is open.

If the due date for redemption of any interest bearing Note in definitive form is not a due date for the payment of interest relating thereto, interest accrued in respect of such interest bearing Note from (and including) the last preceding due date for the payment of interest (or from (and including) the Interest Commencement Date, as the case may be) will be paid only against surrender of such interest bearing Note.

(d) Interpretation of Principal and Interest

Any reference in these Terms and Conditions to principal in respect of the Notes shall be deemed to include, as applicable:—

(i) any additional amounts which may be payable with respect to principal under Condition 10 or pursuant to any undertakings given in addition thereto or in substitution therefor pursuant to the Trust Deed;

(ii) the Final Redemption Amount of the Notes;

(iii) the Early Redemption Amount of the Notes;

(iv) the Optional Redemption Amount(s) (if any) of the Notes;

(v) in relation to Notes redeemable in instalments, the Instalment Amounts;

(vi) in relation to Zero Coupon Notes, the Amortised Face Amount;

(vii) any premium and any other amounts which may be payable under or in respect of the Notes; and

(viii) in relation to Dual Currency Notes, the principal payable in any relevant Specified Currency.

Any reference in these Terms and Conditions to interest in respect of the Notes shall be deemed to include, as applicable, any additional amounts which may be payable with respect to interest under Condition 10 or pursuant to any undertakings given in addition thereto or in substitution therefor pursuant to the Trust Deed.

8. Exchange of Talons

On and after the Interest Payment Date on which the final Coupon comprised in any Coupon sheet matures, the Talon (if any) forming part of such Coupon sheet may be surrendered at the specified office of the Agent or any other Paying Agent in exchange for a further Coupon sheet including (if such further Coupon sheet does not include Coupons to (and including) the final date for the payment of interest due in respect of the Note to which it appertains) a further Talon, subject to the provisions of Condition 13.

9. Agent and Paying Agents

The names of the initial Agent and the other initial Paying Agent and their initial specified offices are set out below. In the event of the appointed office of any such bank being unable or unwilling to continue to act as the Agent, or failing duly to determine the Rate of Interest, if applicable, or to calculate the Interest Amounts for any Interest Period, the Issuer shall appoint the London office of such other bank as may be approved by the Trustee to act as such in its place. The Agent may not resign its duties or be removed from office without a successor having been appointed as aforesaid. The Issuer may, with the prior approval of

the date on which, such moneys having been so received, notice to that effect shall have been given to the Noteholders in accordance with Condition 19.

11. Events of Default and Enforcement relating only to Senior Notes

(a) This Condition shall apply only to Senior Notes.

(b) The Trustee at its discretion may, and if so requested in writing by the holders of at least one-quarter of the nominal amount of the Notes then outstanding or if so directed by an Extraordinary Resolution of the Noteholders shall, (but, in the case of the happening of any of the events mentioned in subparagraphs (ii) to (vii) below, only if the Trustee shall have certified in writing that such event is, in its opinion, materially prejudicial to the interests of the Noteholders), give notice to the Issuer that the Notes are, and they shall accordingly immediately become, due and repayable at their Early Redemption Amount, together with accrued interest (if any) as provided in the Trust Deed, if any of the following events (each an "Event of Default") shall occur and be continuing:—

(i) if default is made for a period of 7 days or more in the payment of any principal due in respect of the Notes or any of them or 14 days or more in the payment of any interest due in respect of the Notes or any of them; or

(ii) if an order is made or an effective resolution is passed for the winding-up of the Issuer or any Material Subsidiary (except, in any such case, a winding-up or dissolution for the purpose of a reconstruction or amalgamation the terms of which have previously been approved in writing by the Trustee or by an Extraordinary Resolution or a voluntary solvent winding-up or a transfer of all or a material part of the business, undertaking and assets of such Material Subsidiary to the Issuer or any other subsidiary of the Issuer); or

(iii) if the Issuer or any Material Subsidiary stops or threatens to stop payment to its creditors generally or the Issuer or any Material Subsidiary ceases or threatens to cease to carry on its business or substantially the whole of its business (except for the purpose of or in connection with a reconstruction or amalgamation the terms of which have previously been approved in writing by the Trustee or by an Extraordinary Resolution or a voluntary solvent winding-up or a transfer of all or a material part of the business, undertaking and assets of such Material Subsidiary to the Issuer or any other subsidiary of the Issuer); or

(iv) if an encumbrancer takes possession or a receiver, administrator, administrative receiver or other similar officer is appointed of the whole or any material part of the undertaking, property and assets of the Issuer or any Material Subsidiary or if a distress or execution is levied or enforced upon or sued out against the whole or any material part of the chattels or property of the Issuer or any Material Subsidiary and, in the case of any of the foregoing events, is not discharged within 30 days (or such longer period as the Trustee may permit); or

(v) if the Issuer or any Material Subsidiary is unable to pay its debts generally; or

(vi) if any payment in respect of indebtedness for moneys borrowed (as defined in the Trust Deed) (which indebtedness has an outstanding aggregate principal amount of at least the Specified Amount) of the Issuer or any Material Subsidiary is not made on its due date (or by the expiry of any applicable grace period as originally provided) or becomes due and payable prior to its stated maturity by reason of default or if any guarantee or indemnity of any payment in respect of indebtedness for moneys borrowed of any third party given by the Issuer or any Material Subsidiary is not honoured when due and called upon (except where the aggregate liability under any such guarantees or indemnities does not exceed the Specified Amount); or

(vii) if default is made by the Issuer in the performance or observance of any obligation, condition or provision binding on it under the Notes, Receipts or Coupons or the Trust Deed (other than any obligation for the payment of any principal or interest in respect of the Notes) and, except where such default is or the effects of such default are, in the opinion of the Trustee, not capable of remedy when no such continuation and notice as is hereinafter mentioned will be required,

If the Notes become immediately due and repayable, the Trustee may at its discretion institute proceedings, but may take no other action in respect of such default, for the winding-up of the Issuer in England (but not elsewhere) to enforce the obligations of the Issuer in respect of the Trust Deed; provided that no payment of interest, repayment of principal or other claim in respect of the Notes may be made by the Issuer pursuant to this Condition, nor will the Trustee accept the same, otherwise than during or after a winding-up or dissolution of the Issuer, save with prior Relevant Supervisory Consent.

For the purposes of this paragraph (*b*), a payment shall be deemed to be due even if the condition set out in Condition 3 is not satisfied.

(c) In the case of Undated Subordinated Notes, if the Issuer shall not make any payment of principal in respect of the Notes for a period of 14 days or more after the due date for the same or shall not make payment of interest for a period of 14 days or more after a Compulsory Interest Payment Date or any other date upon which the payment of interest is compulsory, the Trustee may institute proceedings in England (but not elsewhere) for the winding up of the Issuer and prove in such winding up. For the purposes of this paragraph (*c*), a payment otherwise due (in the case of principal) or compulsory (in the case of interest) shall be deemed so due or compulsory notwithstanding that the condition set out in Condition 3 is not satisfied.

(d) No Noteholder, Receiptholder or Couponholder shall be entitled to proceed directly against the Issuer unless the Trustee, having become bound so to proceed, fails to do so, in which case the Noteholder, Receiptholder or Couponholder shall have only such rights against the Issuer as those which the Trustee is entitled to exercise. No Noteholder, Receiptholder or Couponholder shall be entitled to institute proceedings for the winding-up of the Issuer, or to prove in any winding-up of the Issuer, unless the Trustee, having become bound to proceed against the Issuer as aforesaid, fails to do so, or, being able to prove in any winding-up of the Issuer, fails to do so, in which event any such holder may, on giving an indemnity satisfactory to the Trustee, in the name of the Trustee (but not otherwise), himself institute proceedings for the winding-up in England (but not elsewhere) of the Issuer and/or prove in any winding-up of the Issuer to the same extent (but not further or otherwise) that the Trustee would have been entitled so to do in respect of the Notes, Receipts and Coupons held by him. No remedy against the Issuer, other than the institution of proceedings for the winding-up in England of the Issuer or the proving or claiming in the winding-up of the Issuer, shall be available to the Trustee or the Noteholders, Receiptholders or Couponholders for the recovery of amounts owing in respect of the Notes, Receipts or Coupons or under the Trust Deed.

(e) The Trustee may at its discretion institute proceedings for the winding-up of the Issuer in England to enforce the obligations of the Issuer under the Trust Deed and the Notes, Receipts and Coupons, but it shall not be bound to institute any such proceedings unless (a) it shall have been so directed by an Extraordinary Resolution of the Noteholders or so requested in writing by the holders of at least one-quarter of the nominal amount of the Notes then outstanding and (b) it shall have been indemnified to its satisfaction.

13. Prescription

Notes, Receipts and Coupons shall become void unless presented for payment within 12 years (in the case of Notes and Receipts) and six years (in the case of Coupons), in each case from the relevant date (as defined in Condition 10) therefor, subject to the provisions of Condition 7. There shall not be included in any Coupon sheet issued on exchange of a Talon, any Coupon the claim for payment in respect of which would be void pursuant to this Condition or Condition 7 or any Talon which would be void pursuant to Condition 7.

14. Meetings of Noteholders, Modification and Waiver

The Trust Deed contains provisions for convening meetings of Noteholders to consider any matter affecting their interests, including the modification by Extraordinary Resolution of these Terms and Conditions or the provisions of the Trust Deed. The quorum at any such meeting for passing an Extraordinary Resolution will be one or more persons present holding or representing a clear majority of the nominal amount of the Notes for the time being outstanding, or at any adjourned meeting one or more persons present being or representing Noteholders whatever the nominal amount of the Notes for the time being outstanding so held or represented, except that, at any meeting, the business of which includes the

17. Replacement of Notes, Receipts, Coupons and Talons

If a Note (including any global Note), Receipt, Coupon or Talon is mutilated, defaced, destroyed, stolen or lost it may be replaced at the specified office of the Agent in London, or any other place approved by the Trustee of which notice shall have been published in accordance with Condition 19, on payment of such costs as may be incurred in connection therewith and on such terms as to evidence and indemnity as the Issuer may reasonably require. Mutilated or defaced Notes, Receipts, Coupons or Talons must be surrendered before replacements will be issued.

18. Indemnification

The Trust Deed contains provisions for the indemnification of the Trustee and for its relief from responsibility in certain circumstances including provisions relieving it from instituting proceedings to enforce repayment unless indemnified to its satisfaction.

19. Notices

All notices regarding the Notes will be valid if published in the *Financial Times* or any other daily newspaper in London approved by the Trustee or, if this is not possible, in one other English language daily newspaper approved by the Trustee with general circulation in Europe. The Issuer shall also ensure that all notices are duly published in a manner which complies with the rules and regulations of any stock exchange or any other relevant authority on which the Notes are for the time being listed. Any such notice shall be deemed to have been given on the date of such publication or, if published more than once, on the date of the first publication or, if required to be published in more than one newspaper, on the date of the first publication in each such newspaper or where published in such newspapers on different dates, the last date of such first publication.

Until such time as any definitive Notes are issued, there may, so long as any global Note is held in its entirety on behalf of Euroclear and/or Clearstream, Luxembourg, be substituted for such publication as aforesaid the delivery of the relevant notice to Euroclear and/or Clearstream, Luxembourg for communication by them to the Noteholders and, in addition, for so long as any Notes are listed on a stock exchange or admitted to listing by any other relevant authority and the rules of that stock exchange or, as the case may be, other relevant authority so require, such notice will be published in a daily newspaper of general circulation in the place or places required by that stock exchange or, as the case may be, or any other relevant authority. Any such notice shall be deemed to have been given to the Noteholders on the seventh day after the day on which the said notice was given to Euroclear and/or Clearstream, Luxembourg, as appropriate.

Notices to be given by any Noteholder shall be in writing and given by lodging the same, together with the relative Note or Notes, with the Agent. Whilst any of the Notes are represented by a global Note, such notice may be given by any Noteholder to the Agent via Euroclear and/or Clearstream, Luxembourg, as the case may be, in such manner as the Agent and Euroclear and/or Clearstream, Luxembourg, as the case may be, may approve for this purpose.

20. The Contracts (Rights of Third Parties) Act 1999

No rights are conferred on any person under the Contracts (Rights of Third Parties) Act 1999 to enforce any term of the Notes, but this does not affect any right or remedy of any person which exists or is available apart from that Act.

21. Governing Law

The Trust Deed, the Notes, the Receipts, the Coupons and the Talons are governed by, and will be construed in accordance with, English law.

USE OF PROCEEDS

The net proceeds from each issue of Notes will be used by the Issuer for the general funding purposes of its business.

Lending

Residential Mortgage Lending

At 31st December, 2004 the Issuer had £49.0 billion of advances secured on residential property, including £22.0 billion of securitised mortgages. Residential lending represents the Issuer's core activity and accounts for 76 per cent. of total assets under management.

During 2004, total net residential lending amounted to £11.4 billion, an estimated market share of 11.2 per cent. compared to a share of outstanding total UK balances of approximately 5.5 per cent. as at 31st December, 2004. A strong year end pipeline of uncompleted lending awards of £4.7 billion will benefit lending in 2005.

The Group's residential mortgage assets are spread geographically throughout the UK. Residential mortgage lending is focused primarily on customers with a credit history and conservative income multiples and loan to value ratios. The quality of the portfolio is good with only 0.37 per cent. of all balances more than three months or more in arrears, approximately half the UK average.

Commercial Lending

The Issuer has a commercial loan portfolio which comprises two elements: commercial loans secured on residential properties (mainly loans to organisations supported by government grants, such as housing associations) and residential investment lending to individuals. Balances on such loans amounted to £696 million and are included in the £49.0 billion of advances secured on residential property for reporting purposes.

Other commercial loans are all secured on non-residential property and mainly represent loans to individuals or corporations to support investment in properties for retail, office or industrial use. At 31st December, 2004 such lending amounted to £1,569 million of which £291 million is securitised.

Commercial loans provide a diversification of assets and enhance interest margin for the Group. The Issuer intends to continue to grow its commercial loan portfolio while maintaining credit quality throughout the portfolio. At 31st December, 2004 only 0.3 per cent. of commercial loans were three months or more in arrears.

Personal Unsecured Lending

The Group also engages in personal unsecured lending, both on a stand-alone basis and via credit bundled products called "together". The "together" range comprises a combined secured residential mortgage and unsecured loan which benefits credit quality and enhances product retention. At 31st December, 2004 unsecured lending balances were £4.7 billion of which almost 40 per cent. were "together" unsecured advances.

At 31st December, 2004 only 1.0 per cent. of personal unsecured loans were three months or more in arrears. The "together" unsecured loans show characteristics similar to secured loans with only 0.8 per cent. three months or more in arrears.

General Insurance and Life Assurance Distribution

The Issuer distributes a limited range of household insurance and payment protection products primarily to residential mortgage and personal unsecured loan customers, via third party providers. Under arrangements with third party providers, the Issuer receives a commission from policies sold and does not take any underwriting risk. Life assurance products are supplied to the Issuer's customers through a relationship with Legal & General where the Issuer introduces the customer to the insurer and receives a commission for doing so. These products provide a valuable source of other income.

Funding

The Issuer has developed a diversified range of funding sources comprising on-shore and off-shore retail funding, wholesale funding, securitisation and, more recently, covered bonds.

CAPITALISATION AND INDEBTEDNESS OF NORTHERN ROCK PLC

The following table sets out, on a consolidated basis, the shareholders' funds and subordinated and unsubordinated liabilities of the Issuer extracted without material adjustment from the financial statements of the Issuer for the year ended 31st December, 2004:—

	As at 31st December, 2004 (Audited) *£millions*
Shareholders' funds	
Equity shareholders' funds[1]:

receives such amounts for the benefit of, a Noteholder who is an individual, although Inland Revenue Published Practice indicates that the Inland Revenue will not exercise its power to require this information where such amounts are paid on or before 5th April, 2006. Information so obtained may, in certain circumstances, be exchanged by the Inland Revenue with the tax authorities of other jurisdictions. The references to "interest" above mean "interest" as understood in United Kingdom tax law. The statements above do not take any account of any different definitions of "interest" or "principal" which may be created by the terms and conditions of the Notes or any related documentation.

EU Savings Directive

On 3rd June, 2003, the European Council of Economics and Finance Ministers adopted a Directive on the taxation of savings income. Under the Directive Member States will (if equivalent measures have been introduced by certain non-EU countries) be required, from 1st July, 2005, to provide to the tax authorities of another Member State details of payments of interest (or similar income) paid by a person within its jurisdiction to an individual resident in that other Member State. However, for a transitional period, Belgium, Luxembourg and Austria will instead be required (unless during that period they elect otherwise) to operate a withholding system in relation to such payments (the ending of such transitional period being dependent upon the conclusion of certain other agreements relating to information exchange with certain other countries).

in the United Kingdom within the meaning of the Public Offers of Securities Regulations 1995 (as amended) or the FSMA;

(ii) it has only communicated or caused to be communicated and will only communicate or caused to be communicated any invitation or inducement to engage an investment activity (within the meaning of Section 21 of the FSMA) received by it in connection with the issue or sale of any Notes in circumstances in which Section 21(1) of the FSMA would not, if the Issuer was not an authorised person, apply to the Issuer; and

(iii) it has complied and will comply with all applicable provisions of the FSMA with respect to anything done by it in relation to any Notes in, from or otherwise involving the United Kingdom.

(c) Japan

The Notes have not been and will not be registered under the Securities and Exchange Law of Japan (the "Securities and Exchange Law") and each Dealer has agreed, and each further Dealer appointed under the Programme will be required to agree, that it will not offer or sell any Notes, directly or indirectly, in Japan or to, or for the benefit of, any resident of Japan (which term as used herein means any person resident in Japan, including any corporation or other entity organised under the laws of Japan), or to others for re-offering or resale, directly or indirectly, in Japan or to a resident of Japan, except pursuant to an exemption from the registration requirements of, and otherwise in compliance with, the Securities and Exchange Law and any other applicable laws, regulations and ministerial guidelines of Japan.

(d) Germany

Each Dealer has represented and agreed, and each further Dealer appointed under the Programme will be required to represent and agree, that Notes have not been and will not be offered, sold or publicly promoted or advertised by it in Germany other than in compliance with the German Securities Selling Prospectus Act (*Wertpapier-Verkaufsprospektgesetz*) of 13th December, 1990, as amended, or any other laws applicable in Germany governing the issue, offering and sale of securities.

(e) France

Each of the Dealers and the Issuer has represented and agreed, and each further Dealer appointed under the Programme will be required to represent and agree, that, in connection with their initial distribution, it has not offered or sold, and will not offer or sell, directly or indirectly, Notes to the public in the Republic of France, and that it has not distributed, or caused to be distributed and will not distribute or cause to be distributed to the public in the Republic of France, this Offering Circular or any other offering material relating to the Notes, and that such offers, sales and distributions have been and shall be made in the Republic of France only to qualified investors (*investisseurs qualifiés*) acting for their own account, as defined in, and in accordance with, Articles L.411-1 and L.411-2 of *the Code Monétaire et Financier* and *décret* no. 98-880 dated 1st October, 1998.

(f) The Netherlands

Each Dealer has represented and agreed, and each further Dealer appointed under the Programme will be required to represent and agree, that it has not, directly or indirectly, offered or sold and will not, directly or indirectly, offer or sell in The Netherlands any Notes with a denomination of less than €50,000 (or its foreign currency equivalent) other than to persons who trade or invest in securities in the conduct of a profession or business (which include banks, stockbrokers, insurance companies, pension funds, other institutional investors and finance companies and treasury departments of large enterprises) unless one of the other exemptions from or an exception to the prohibition contained in article 3 of the Dutch Securities Transactions Supervision Act 1995 (*Wet toezicht effectenverkeer 1995*) is applicable and the conditions attached to such exemption or exception are complied with.

GENERAL INFORMATION

1. Upon admission of Notes to the Official List, the listing of such Notes will be expressed as a percentage of their nominal amount (excluding accrued interest). It is expected that each Tranche of Notes which is to be admitted to the Official List and to trading on the London Stock Exchange's market for listed securities will be admitted separately as and when issued, subject only to the issue of a temporary global Note initially representing the Notes of such Tranche. The listing of the Programme in respect of such Notes is expected to be granted on or around 12th May, 2005.

2. The Programme was authorised by a resolution of the Board of Directors of the Issuer passed on 24th March, 1998. The increase in the aggregate nominal amount of Notes which may be outstanding under the Programme to U.S.$15,000,000,000 was authorised by a resolution of the Board of Directors of the Issuer passed on 25th November, 2003.

3. The Notes have been accepted for clearance through Euroclear and Clearstream, Luxembourg. The appropriate common code and ISIN allocated by Euroclear and Clearstream, Luxembourg in respect of each Tranche of Notes will be contained in the relevant Pricing Supplement. If the Notes are to clear through an additional or alternative clearing system the appropriate information will be specified in the relevant Pricing Supplement.

4. The consolidated accounts of the Company for the years ended 31st December, 2002, 31st December, 2003 and 31st December, 2004 have been audited, without qualification, in accordance with Auditing Standards issued by the Auditing Standards Board, by PricewaterhouseCoopers LLP, chartered accountants and registered auditors of 89 Sandyford Road, Newcastle upon Tyne NE99 1PL.

5. There has been no significant change in the financial or trading position of the Group as a whole since 31st December, 2004 and there has been no material adverse change in the financial position or prospects of the Group as a whole since that date.

6. Neither the Issuer nor its consolidated subsidiaries are, nor have been, involved in any legal or arbitration proceedings which may have, or have had during the 12 months prior to the date hereof, a significant effect on the financial position of the Group taken as a whole, nor, so far as the Issuer is aware, are any such proceedings pending or threatened.

7. Throughout the duration of the Programme and from the date hereof, copies of the following documents will, when published, be available for inspection at the registered office of the Issuer and from the specified office in London of the Agent:

(i) the Memorandum and Articles of Association of the Issuer;

(ii) the consolidated audited annual accounts of the Issuer and its subsidiaries for each of the years ended 31st December, 2002, 2003 and 2004;

(iii) the most recently available consolidated audited annual accounts of the Issuer and its subsidiaries;

(iv) the Programme Agreement, the Trust Deed (which contains the forms of the temporary and permanent global Notes, the definitive Notes, the Receipts, the Talons and the Coupons) and the Agency Agreement and all amendments and supplements thereto and restatements thereof;

(v) this Offering Circular;

(vi) any future offering circulars, prospectuses, supplementary listing particulars, information memoranda and supplements (including Pricing Supplements save that a Pricing Supplement relating to an unlisted Note will be available for inspection only by the relevant Dealer or Dealers specified in such Pricing Supplement or, upon proof satisfactory to the Agent as to identity, the holder of any Note to which such Pricing Supplement relates) to this Offering Circular and the documents incorporated herein and therein by reference; and

(vii) the subscription agreement, if any, relating to each issue of Notes listed on a stock exchange or any relevant authority.

COMPANY STRATEGY

Northern Rock is a specialised lender providing funds for residential mortgages, secured commercial lending and personal finance. We obtain funds from both on-shore and off-shore personal savings, wholesale money markets, covered bonds and from the securitisation of mortgage assets.

The Northern Rock strategy encompasses efficiency, growth and value for both customers and shareholders.

Efficiency is paramount to the Northern Rock business strategy. Cost efficiency is enhanced by low cost, effective distribution and enables competitive pricing. Capital efficiency is achieved by optimising the use of debt and equity capital.

By growing lending and improving the mix of higher margin products, Northern Rock aims to grow earnings and improve returns to shareholders, at the same time as providing innovative and consumer friendly products to our customers.

THE VIRTUOUS CIRCLE

MISSION STATEMENT

Northern Rock is a specialised lending and savings bank which aims to deliver superior value to customers and shareholders through excellent products, efficiency and growth.

Sponsorship of Baltic during the Tall Ships Festival July 2005

CHAIRMAN'S STATEMENT

Dr M W Ridley

Northern Rock's results for 2005 further reinforced our position as the most cost effective mortgage lender in the UK. We remained focussed on residential loans, commercial lending and personal credit, raising funds through our four main funding arms – retail funding, wholesale funding, securitisation and covered bonds. Once again, we hit all of our strategic goals and grew both assets and profits to record levels. I congratulate the executive team on another impressive performance despite strong competition and increased regulation.

As one of the lowest-cost lenders in Europe, we can run our business on some of the tightest interest margins in the world, giving both savers and borrowers excellent value. Since 2001 Northern Rock has halved its interest margin while improving its cost to income ratio.

As I remarked last year, Northern Rock is a global company in terms of where it raises funds, a national company in terms of where it lends but a regional company in terms of where it mainly employs people. During 2005 we opened a capacious extension to our working facilities at Northern Rock House in Gosforth, which will be developed further in the coming years, and announced the development of a new office complex at Rainton Bridge in Sunderland. The first phase is planned to open in 2007.

ECONOMIC AND MARKET BACKGROUND

The UK economy looks set to continue growing in 2006. With the Bank of England Base Rate still low by historical standards, continued low unemployment, well controlled inflation and stable economic growth, the residential mortgage market remains liquid. House price inflation has eased, but we still see little prospect of a severe correction in house prices, given that mortgages remain comparatively affordable and that credit quality remains good.

We fund our lending from retail deposits, wholesale funding, securitisation and covered bonds. All four funding arms are working well, and give us access to large international markets so that the supply of affordable funding does not constrain the growth of high quality lending.

Main sponsors of Newcastle United FC

CHAIRMAN'S STATEMENT (continued)

SOCIAL RESPONSIBILITY

Northern Rock's primary social responsibility remains to prosper and share that prosperity with shareholders and other stakeholders. By offering competitive rates, we benefit customers. By achieving sustainable growth, we can create employment mainly in our regional base, offer excellent working conditions and contribute to the local economies in which we operate.

We believe that Northern Rock will prosper by recruiting from all sections of the community, by adopting flexible employment practices that suit those who want to balance life and work, by providing good facilities for staff and by minimising harmful impacts on the environment from our activities. There is therefore no conflict between creating shareholder value and being socially responsible. To ensure that we set the highest possible standards of personal and corporate ethics, provide good customer service and give employees a good working environment, we encourage assessments by external agencies and support Diversity and Work-Life Balance Initiatives.

The significant expansion of our Head Office in Gosforth provided the region with around 500 new jobs during 2005 and the new office development in Sunderland will create capacity for an additional 2,500 new jobs in the region.

We also remember those not benefiting directly from our prosperity. In 2005, Northern Rock was the second most charitable FTSE 100 company, because of its donation of 5% of pre-tax profits to The Northern Rock Foundation. In 2005 this amounted to a remarkable £24.7 million, allowing the Foundation to continue its empowerment of charities and community causes in the North-East and Cumbria. I am particularly pleased that in addition to our corporate stance, our staff continue to take part in voluntary initiatives, fund-raising, mentoring and secondment programmes, and that the Foundation now doubly matches staff giving.

CORPORATE GOVERNANCE

We continue to comply in full with the Combined Code on Corporate Governance except where disclosed in the Corporate Governance Statement. The Board's procedures and practices ensure that it identifies and controls risks to the business in a transparent and accountable way. The results of our Board evaluation and appraisal process are summarised in the Corporate Governance statement.

Sir Ian Gibson will succeed Sir George Russell as the Company's Senior Independent Director on 25 April 2006, at the conclusion of the Company's AGM, when Sir George will retire from office. Sir Ian became a Non-Executive Director of the Company in September 2002. I would like to thank Sir George sincerely for 21 years of outstanding service on the Board of Northern Rock plc and Northern Rock Building Society before that.

We intend to hold another Corporate Governance day in London in October 2006, to review Corporate Governance with our major shareholders.

TREATING CUSTOMERS FAIRLY

The high-level principles set out by the Financial Services Authority require that all regulated firms treat their customers fairly. I am pleased to report that the fair treatment of customers is already embedded in the culture of Northern Rock. This is clearly demonstrated through our open, transparent approach and through our various customer pledges – which are unique in the industry – as well, of course, as our competitive prices. However, we will continue to develop our methods to ensure we comply in full with all key principles. Consumer confidence is of great importance to our business and we remain committed to fair and decent treatment of our customers.

DIVIDEND

Your Board is recommending a final dividend of 20.7 pence per share, making a total for the year of 30.1 pence – an increase of 13.6 % on 2004.

CONCLUSION

We have once again grown the company strongly in 2005. Our strategy remains to keep costs low, invest in product and process innovation, give our customers transparency and so add low-risk assets to our balance sheet to provide attractive returns to our shareholders. We fund this growth through retail, wholesale, covered bonds and securitisation.

I pay tribute to all the employees of Northern Rock who contributed to this success in 2005.

CHIEF EXECUTIVE'S REPORT

Adam J Applegarth

In 2005 Northern Rock delivered excellent results including:

- RECORD UNDERLYING ATTRIBUTABLE PROFITS OF £308.1 MILLION – AN INCREASE OF 13.6% OVER 2004 PROFORMA RESULTS
- UNDERLYING ASSETS OF £81.1 BILLION – AN INCREASE OF 24.9%
- RECORD NET LENDING OF £14.6 BILLION – AN INCREASE OF 12.6% AND A MARKET SHARE OF 14.5%
- RATIO OF COSTS TO ASSETS IMPROVED TO 0.34% (2004 – 0.37%)
- UNDERLYING RETURN ON EQUITY OF 20.8%
- TOTAL UNDERLYING EARNINGS PER SHARE 74.3P – AN INCREASE OF 13.1% OVER 2004 PROFORMA RESULTS
- TOTAL DIVIDEND PER SHARE 30.1P – AN INCREASE OF 13.6%
- THE NORTHERN ROCK FOUNDATION – SUPPORTING CHARITABLE CAUSES – TO RECEIVE £24.7 MILLION

OVERVIEW

2005 has been another good year for Northern Rock. In a competitive environment, we have continued to deliver against our strategic targets and we are pleased to announce results that once again show strong growth, record profit and improved underlying earnings per share.

These results reflect our clear strategy. Our focus is to deliver shareholder value through high quality growth, driving down unit costs to improve cost efficiency, and delivering a strong return on equity. This has been achieved whilst maintaining high credit quality, through responsible lending and our commitment to retaining existing customers. We have also kept good customer service levels. The principles of transparency and treating customers fairly are well embedded in the culture and operations of our business.

Cost efficiency remains key to our strategy. Effective cost control drives down unit costs, which allows us to offer an excellent range of innovative, price driven products that enhance our ability to attract and retain high quality customers.

Our core products, mortgages and retail savings, all performed well in 2005, supported by our multi-channel distribution strategy. We continued to expand our franchise throughout the year, opening several specialist mortgage branches in key cities. We strengthened links with mortgage clubs and expanded our mortgage operation to Northern Ireland, where we offer our full range of competitive lending products.

Our core products are complemented by the sale of protection products, offered in conjunction with our insurance partners. These are sold on a needs-driven basis, offering choice and transparency to our customers.

We back England's finest from Durham and Middlesex CCC

During 2005, we invested significantly in people, systems and premises, to support increased business volumes. We have continued to expand our e-business links with both intermediaries and direct customers. At the end of 2005, over 50% of all mortgage applications were being submitted online, enhancing customer service and further improving cost efficiency.

The introduction of the new 'Northern Rock Online' system for intermediaries offers instant online decisions and excellent case tracking facilities, which improves service and efficiency. Our aim is to have the majority of intermediaries using the system as their main channel for business with Northern Rock.

In addition to the expansion of our Gosforth headquarters, we announced the development of a new office complex at Rainton Bridge, in Sunderland. When the first phase opens in 2007, the new facility will have potential for up to 2,500 new jobs.

LENDING

During 2005 we once again delivered record levels of low risk lending. Gross lending was £26,879 million, an increase of 15.2% over the previous year, with net lending of £14,555 million, an increase of 12.6%. We achieved gross residential lending of £23,618 million, an increase of 17.8% over 2004 and net residential lending of £13,350 million, an increase of 17.3%, which represented 14.5% of the UK market.

In residential lending, we continued to apply the proven stance of mixing competitively priced mortgages with lifestyle and bundled credit products. Our mix during the first half of 2005 reflected customers' preference for fixed rate products, which shifted in the second half towards our lifestyle range, including Together.

We expect the gross mortgage market to remain competitive and whilst interest rates remain low by historical standards, there is still a considerable incentive to refinance existing loans. As a result the remortgage market, which accounted for around 45% of UK gross lending in 2005, will remain strong. Our transparent product stance and competitive pricing will enable us to attract and retain a high proportion of these customers.

Appetite to lend must be adapted to economic conditions and as a result, we adopted a more cautious approach to both commercial and personal unsecured lending during 2005. Even so, we achieved growth in both of these books, maintaining good quality and an appropriate balance relative to our overall assets.

FUNDING

2005 saw a strong performance in each of our four funding arms – retail funding, wholesale funding, securitisation and covered bonds.

Retail funding remains important to us. We attract funds through our broad distribution platform, offering attractive savings products through branch, postal, telephone and online channels. We funded strongly during the year, attracting £2,809 million of new retail funds – a record full year performance – resulting in total retail balances of £20.1 billion at the year end. We displayed particular strength in fixed rate bonds and Silver Savings accounts for the over 50s. Our contractual guarantees and unique savings pledge ensure we remain at the forefront of the industry in treating customers fairly.

Our Treasury operations achieved a good balance of traditional wholesale funding. It is not a separate profit centre and is predominantly engaged in managing interest rate risk and currency risks for the business. We have continued to develop our non-retail funding in international markets setting up a Canadian Commercial Paper programme in May 2005, to complement our established programmes in Europe, the US and the Asian markets.

Our securitisation programme continued to provide a strong source of funding, reflecting investor appetite and the high quality of our loan books. During 2005 we issued £13.5 billion of securitised notes, with issuance from residential and commercial loan portfolios. We also enhanced our ability to fund by issuing our first private placement. Advances to

customers subject to securitisation now amount to £39.1 billion, representing 56% of our lending portfolios. In addition, we also undertook two Covered Bond transactions broadening the geographical distribution and timespan of our funding.

As leading innovators, we executed "Whinstone" a first deal of its type in the UK securitisation market during 2005. This involved the transfer of a substantial proportion of the residual risk in securitisations, completed up to the end of 2004, to third party investors. We are committed to continue this process going forward. In recognition of this and the low risk nature of our assets, Standard & Poor's rating agency moved Northern Rock's long term credit rating to 'positive outlook'.

CREDIT QUALITY

The credit quality of our assets remains strong. Asset quality is key to our strategy and therefore, our asset growth has not been achieved at the expense of quality. Through well controlled, targeted lending, we have achieved high growth, whilst maintaining quality and controlling arrears.

We use scorecards in residential and personal lending, with rigorous underwriting controls focussed on higher risk and marginal cases. These are supported by tests for consumer indebtedness and affordability. Our behavioural rescoring models ensure that emerging default and loss profiles are identified quickly and fed back into the front end underwriting process. No significant credit deterioration was identified in 2005.

The arrears performance of our residential lending book reflected this combination of sound lending controls, with 0.39% of accounts three months or more in arrears compared with 0.37% in December 2004. Our residential arrears remain below half the industry average.

The proportion of personal unsecured loan arrears and commercial loan arrears also remain very low, reflecting our consistent policy of attracting only high quality lending in these areas. Our provisioning policies (using data from our Basle II capital models) remain prudent.

Our strategy is predicated on high quality asset growth supported by low operating costs and low cost of bad debt. We do not compromise the stance on quality to achieve asset growth.

BASLE II

Northern Rock expects to benefit from the new capital requirements of Basle II and we continue to make good progress towards meeting all of the necessary criteria. We intend to adopt the Internal Ratings Based (IRB) approach for credit risk and have implemented the core credit models to ensure compliance with Pillar 1 of the accord. The models are now embedded within our risk management processes. Given the high quality of our balance sheet and our responsible lending policies, we continue to expect a reduction in risk weightings under the new rules.

OUTLOOK

As we expected, the housing market has been resilient. UK economic fundamentals are set to remain supportive. Interest rates and unemployment are both likely to remain at low levels. Household incomes should continue to grow and housing demand is likely to outstrip supply in the medium-term. Low debt servicing costs means that mortgage affordability remains good. Against this background, we anticipate little change in the overall credit quality and performance of our lending. Remortgaging is likely to remain active going forward as borrowers continue to manage household budgets.

I am pleased to be able to report another year of sustained business performance. We are focussed on delivering our strategic targets, which remain unchanged. We continue to build on the foundations of our unit cost advantage, together with our proven ability to attract and retain high quality customers. Our international funding platform, multi-channel distribution platform and sustained investment in buildings, systems and people give us confidence that our business model will continue to deliver high quality growth and enhanced shareholder value.

EXECUTIVE DIRECTORS

C Taylor
Company Secretary

D F Baker
Deputy Chief Executive

R F Bennett
Group Finance Director

A M Kuipers
Commercial Director

K M Currie

THE BOARD

Dr M W Ridley, BA, D.Phil

Matt Ridley (aged 48), was appointed Chairman of the Company on 27 April 2004. He was appointed as a Non-Executive Director of Northern Rock plc in November 1996 having previously joined the Board of Northern Rock Building Society on 1 June 1994. Dr Ridley is an author and businessman who also holds other Non-Executive Directorships which include Northern Investors Company PLC, Northern 2 VCT plc and P A Holdings Limited. He is Chairman of both the Nominations and Chairman's Committees.

A J Applegarth, BA

Adam Applegarth (aged 43), has worked for Northern Rock for 22 years. He became an Executive Director of Northern Rock Building Society in January 1996, was appointed as an Executive Director of Northern Rock plc in October 1996 and subsequently became the Company's Chief Executive in March 2001. Mr Applegarth is a Non-Executive Director of Persimmon plc and a governor of the Royal Grammar School, Newcastle upon Tyne. Mr Applegarth is a Member of both the Chairman's and Risk Committees.

D F Baker, BSc, FCIB

David Baker (aged 52), was appointed as the Company's Deputy Chief Executive in September 2005. He became an Executive Director of Northern Rock Building Society in January 1996 and was appointed as an Executive Director of Northern Rock plc in October 1996. He is a Fellow of the Chartered Institute of Bankers. In his present role he is responsible for the direction and management of the Company's operations and in particular, Retail Savings, Credit, Customer Services, Personnel, Premises and Legal and Compliance. Mr Baker is Chairman of The Newcastle Employment Bond Limited and a Trustee of the University of Newcastle upon Tyne Development Trust. Mr Baker is a Member of both the Chairman's and Risk Committees.

R F Bennett, FCA, ACMA, IPFA

The Group Finance Director, Bob Bennett (aged 58), is a Chartered Accountant. He became an Executive Director of Northern Rock Building Society in November 1993 and was appointed as an Executive Director of Northern Rock plc in November 1996. In his present role, he is responsible for Finance, Treasury, Securitisation, Internal Audit, Risk Management and Institutional Relations. Mr Bennett is also a Trustee of the Northern Rock Pension Scheme and a Non-Executive Director of Greggs plc. Mr Bennett is a Member of both the Chairman's and Risk Committees.

K M Currie

Keith Currie (aged 49), was appointed to the Board as an Executive Director in January 2005. Mr Currie is responsible for the management of the Company's Group Treasury function including liquidity, wholesale funding, derivative portfolios and the management of the Company's securitisation funding and covered bond programmes. Mr Currie is a Member of both the Chairman's and Risk Committees.

A M Kuipers

Andy Kuipers (aged 48), was appointed to the Board as an Executive Director in January 2005. He is responsible for the co-ordination and direction of the Group's sales, marketing, products and mortgage retention activities. Mr Kuipers is a Member of both the Chairman's and Risk Committees.

N A H Fenwick, MA

Adam Fenwick (aged 45), was appointed to the Board as a Non-Executive Director in November 2003. He is Group Managing Director of Fenwick Limited and a Non-Executive Director of John Swire and Sons Limited. He is also a Trustee of Newcastle Theatre Royal Trust Limited. Mr Fenwick is a Member of both the Audit and Remuneration Committees.

Sir Ian Gibson, CBE

Sir Ian Gibson (aged 59), was appointed to the Board as a Non-Executive Director in September 2002. He is a Non-Executive Director of GKN plc. He was also a member of the Court of the Bank of England from 1999 to 2004. Sir Ian is a Member of the Audit, Nominations, Risk, and Remuneration Committees.

N Pease, BA

Nichola Pease (aged 44), is Chief Executive of J O Hambro Capital Management Limited. She was appointed as a Non-Executive Director of Northern Rock plc in February 1999. Ms Pease is Chairman of the Remuneration Committee and is a Member of the Audit Committee.

M J Queen, BA, FCA

Michael Queen (aged 44) is Head of Growth Capital of 3i Group plc. He was appointed to the Board as a Non-Executive Director in January 2005. Mr Queen is a Member of both the Audit and Remuneration Committees.

R A Radcliffe, CBE, MA, MPhil, FIMC

Rosemary Radcliffe (aged 61) was appointed to the Board as a Non-Executive Director on 1 March 2005. She is currently the Chairman of NIAL Holdings plc and Newcastle International Airport Limited and a member of the Guernsey Financial Services Commission. Until July 2001, she was a Partner with PricewaterhouseCoopers, and served as a member of PwC's Global Board. She also acted as the first independent Complaints Commissioner for the UK Financial Services Authority. Miss Radcliffe is currently a member of the Remuneration and Risk Committees.

Sir George Russell, CBE, D.Eng., BA

The Senior Independent Director, Sir George Russell (aged 70), was appointed a Non-Executive Director of Northern Rock plc in November 1996 having previously joined the Board of Northern Rock Building Society as a Non-Executive Director in 1985. He is also Deputy Chairman of ITV plc. Sir George is a Member of both the Remuneration and Risk Committees.

Sir Derek Wanless, MA, FCIB, MIS

Sir Derek Wanless (aged 58), joined the Board as a Non-Executive Director in March 2000. He was previously Group Chief Executive of National Westminster Bank plc from 1992-1999. He is a Non-Executive Director of Northumbrian Water Group plc and will become Chairman after its 2006 Annual General Meeting. Sir Derek is Vice Chairman of the Statistics Commission and a Trustee of the National Endowment for Science, Technology and the Arts. Sir Derek is Chairman of both the Audit and Risk Committees and a Member of the Nominations and Remuneration Committees.

CORPORATE GOVERNANCE

Northern Rock plc (the Company) regards adherence to the principles of good corporate governance to be of the utmost importance. The Board is accountable to the Company's shareholders for corporate governance. The following describes how the Company applies the principles and provisions contained in the Combined Code of Corporate Governance published in July 2003 (the Combined Code). The Listing Rules of the United Kingdom Listing Authority require listed companies to disclose how they comply with the Combined Code and, where they do not do so, to provide a clear explanation of why they do not comply.

For the period 1 January 2005 to 31 December 2005, the Company complied with all aspects of the Combined Code except for the requirement that the Senior Independent Director should attend meetings with a range of shareholders. In addition to the Corporate Governance Day in late 2004 held between shareholders, the Chairman and the Senior Independent Director, and the extensive programme of contact between Executive Directors and shareholders, it was not considered necessary for Sir George Russell to undertake an additional series of meetings with shareholders. He is available to shareholders at all times and sees regular feedback from them.

THE BOARD OF DIRECTORS

The Board of Directors meets regularly throughout the year and retains full and effective control over the Company and its subsidiaries (the Group). It is collectively responsible for the success of the Group and determines its strategy and policies whilst monitoring performance. The Board met eleven times during 2005 and, following the appointments of Mr Queen and Miss Radcliffe on 5 January and 1 March 2005 respectively, comprised the Chairman, the Senior Independent Director, six other Non-Executive Directors, the Chief Executive and four other Executive Directors. Where Directors were absent from Board or Committee meetings, the Board or respective Committee was satisfied with the apologies that were offered on each occasion.

The Board has a written schedule of matters reserved for its review and approval. It has also adopted a detailed procedures manual which covers the responsibilities and procedures of the Board, its Committees and its officers. The reserved matters include: the setting of capital expenditure budgets, the declaration of dividends, the setting of policies for balance sheet structural risk management, the raising of Non Retail Funds, Liquidity and Credit Risk, and the approval of the Annual Report and Accounts.

Authority for the execution of approved policies has been delegated by the Board to the Company's Executive Committee and the Chief Executive. The Executive Committee comprises the Chief Executive, the other Executive Directors and the Company Secretary.

Within the parameters set out in the Executive Committee's terms of reference, the Committee has responsibility for facilitating the Company's effective operation to ensure that it meets its objectives through the implementation of the Strategic and Operational Plans. The Committee also monitors developments in the Company's core markets, and examines, appraises and reviews defence initiatives, potential acquisitions and corporate finance initiatives. It also establishes processes to control, appraise and review the implementation of any new procedures that are agreed upon.

The Management Board Asset and Liability Committee is responsible for overseeing the management and review of the Company's balance sheet risk profile and processes, and the Company's balance sheet, income statement and liquidity profiles. In addition, the Committee has authority to authorise use by the Company of structured financial products and private equity investments in accordance with the policies and procedures set down in the Corporate Finance and Structured Financial Policy statement approved by the Board.

A clear division of responsibility exists between the Chairman, who is responsible for running the Board, and the Chief Executive who has responsibility for running the business. This division is clearly set out in the Chairman's letter of appointment and the Chief Executive's job description.

APPOINTMENTS TO THE BOARD

The Company's Articles of Association require that each Director stands for re-election at least every three years and that Directors appointed by the Board should be subject to election by shareholders at the first opportunity after their appointment. The Directors to retire by rotation will be those in office longest since their previous re-election. Non-Executive Directors are appointed for a specified term subject to re-election.

The Company's policy is that Non-Executive Directors will stand down from office at the conclusion of the next Annual General Meeting following their seventieth birthday. In accordance with this policy, Sir George Russell will retire from office at the conclusion of the 2006 Annual General Meeting.

DIRECTORS

More than half of the Board comprises Non-Executive Directors all of whom have experience in a wide range of commercial or banking activities. The Board is required to determine whether each Director is independent in character and judgement and whether there are relationships or circumstances which are likely to affect, or could appear to affect, the Director's judgement. The Board considers all of the Non-Executive Directors to be independent for the purposes of the definition in the Combined Code.

The Board has no hesitation in confirming Sir George Russell's independence for Combined Code purposes. Sir George Russell was appointed Senior Independent Director of the Company on 27 April 2004. He was elected to the Board as a Non-Executive Director in September 1997 immediately prior to demutualisation, having served as a Director of Northern Rock Building Society between 1985 and 1997.

The Board is satisfied that his period of service as a Director of Northern Rock Building Society should not be aggregated with his period of service as a Director of the Company in view of the different legal structure and business objectives of the two entities. The Board is also satisfied that Sir George's membership of a Northern Rock Building Society pension scheme does not

affect his independence. Sir George ceased to accrue pension benefits after 30 June 1997 and became eligible to receive a pension on 25 October 2005.

As a highly experienced company director, Sir George's sound judgement and challenging approach ensure that he makes a significant contribution to the work of the Board and its Committees. He and the other Non-Executive Directors also provide close scrutiny of the performance of management and the reporting of its performance.

INDUCTION AND TRAINING

It is the Company's policy that every Director should receive appropriate training when he or she is appointed to the Board, and subsequently as necessary. During 2005 Mr Queen and Miss Radcliffe both joined the Board as Non-Executive Directors whilst Mr Currie and Mr Kuipers became Executive Directors.

A detailed induction process was completed for each of the Directors to ensure that they were able to discharge their responsibilities effectively; this included in the case of Mr Queen and Miss Radcliffe, attendance at the Company's Interim and Preliminary Results presentations, where they were available to meet with major shareholders. The Company's induction process is designed to ensure that every new Director understands his or her responsibilities as a Director of the Company. Where appropriate, the process also enables Directors to build an understanding of the Company, its business and the market in which it operates. It also assists with the formulation of a link with the senior executives in the Company and facilitates an understanding of the Company's main relationships with its major customers, suppliers and shareholders.

The initial induction programme is supported by an ongoing training programme for all Directors to ensure that they remain fully up to date with legal, regulatory and financial developments. In addition to this programme, at Board meetings during 2005, a number of the Company's senior executives provided presentations concerning their areas of responsibility. This ensures that the Board remains fully up to date on the Group's business. The ongoing training process is enhanced by the annual appraisal process, where Directors are asked to identify areas where additional training is required.

To enable the Board to function effectively, all Directors have full and timely access to all information which may be relevant to the discharge of their duties and obligations. The Company also arranges additional, specific training or support for any Director who requests it.

The Chairman ensures that all Directors are properly briefed on issues to be discussed at Board meetings. All Directors are able to obtain further advice or seek clarity on issues raised at Board meetings from within the Company or from external professional sources. All Directors have access to the advice and services of the Company Secretary who is responsible for ensuring that Board procedures and applicable rules and regulations are observed.

Additionally, the Company Secretary provides regular reports to the Board to ensure that it remains up to date on the latest regulatory, legal and governance developments relevant to the Company and its officers. Where necessary, the Directors are able to take independent professional advice at the Company's expense.

INDEMNITIES

The Company's Articles of Association provide an indemnity to Directors against certain liabilities incurred as a result of their office. The indemnities extend to defending any proceedings in which judgement is given in the Directors' favour, or in which they are acquitted or in any proceedings in which relief is granted by a court from liability for negligence, default, breach of duty or breach of trust in relation to the affairs of the Company. In addition, the Company arranges Directors and Officer's Insurance on behalf of its Directors in accordance with the provisions of the Companies Act 1985.

BOARD EVALUATION AND DIRECTOR APPRAISAL

The Combined Code requires that Non-Executive Directors, the Board and its Committees should be subject to annual appraisal. Where a Non-Executive Director is proposed for re-election beyond six years, the proposal should be subject to a particularly rigorous review, and should take into account the need for progressive refreshing of the Board.

All Executive Directors, Non-Executive Directors and the Chairman were subject to an appraisal during the year under review to ensure that their contribution continued to be of the highest standard.

The Chief Executive and all of the Non-Executive Directors were appraised by the Chairman whilst the appraisal of the Group Finance Director, Deputy Chief Executive and other Executive Directors was completed by the Chief Executive. After a meeting of the Non-Executive Directors in absence of the Chairman and having also canvassed the opinions of the Executive Directors, the Senior Independent Director conducted the appraisal of the Chairman.

For the year under review, the conclusion of the appraisal exercise was that each Non-Executive Director, Executive Director and the Chairman continued to demonstrate a continued commitment and effective contribution to their position. The terms of appointment of each Non-Executive Director have been renewed for a further year with effect from 1 January 2006, subject to re-election where appropriate at the Annual General Meeting to be held in April 2006.

In addition to the appraisal of the individual Directors, an evaluation of the Board and its Committees was also completed. This evaluation process consisted of a lengthy questionnaire that canvassed the Directors' views on a wide range of matters including, the effectiveness of the Board, its Committees and the Chairman. The Directors were also asked to comment on the Board meeting process, the composition of the Board, and the interaction between the Board and its Committees.

The Secretary reported to the Board on the outcome of the evaluation exercise. The process was completed by the Board considering and debating the Secretary's report and reviewing the respective strengths and weaknesses of the Board, its members and its Committees.

The Secretary reported to the Board that the evaluation of the Board and its Committees showed that they were discharging their responsibilities effectively and confirmed that the process also provided useful feedback that would be used to improve current practice and procedures.

BOARD COMMITTEES

In accordance with the Combined Code and the best principles of corporate governance, the Board has established a number of Committees to assist it in the way that it deals with matters that are reserved for its consideration. The Chairman and membership of each Committee are set out on page 17. Each Committee has detailed terms of reference clearly setting out its remit and authority. In accordance with the Combined Code, the terms of reference of the Audit, Nominations, Remuneration and Risk Committees are available on the Company's website and on request in writing from the Company Secretary.

In addition to the meetings of the Board and the Committees which took place throughout the year, the Chairman also held meetings with Non-Executive Directors in absence of the Executive Directors and the Non-Executive Directors met in absence of the Chairman and the Executives.

The following paragraphs set out details of the Committees and the particular work that they undertake.

AUDIT COMMITTEE

The Audit Committee comprises five independent Non-Executive Directors and met six times during 2005. It considers and, where appropriate, advises the Board on all matters relating to regulatory, prudential and accounting requirements that may affect the Group. It also reports to the Board on both financial and non-financial controls. An important aspect of its role is to ensure that an objective and professional relationship is maintained with the external auditors.

The Audit Committee has responsibility for recommending the appointment, re-appointment and removal of the external auditors. In February 2005 the Audit Committee reviewed the effectiveness of the external auditors and made a recommendation that they be re-appointed for a further 12 months. The Board accepted this recommendation and an appropriate resolution was passed at the 2005 Annual General Meeting.

The Audit Committee reviews the scope and results of the annual external audit, its cost effectiveness, and the independence and objectivity of the external auditors. It also reviews the nature and extent of any non-audit services provided by the external auditors. The external auditors may attend all meetings of the Audit Committee and they have direct access to the Committee and its Chairman at all times.

The Chief Internal Auditor provides further assurance that the significant risks identified by the business are properly managed. The Chief Internal Auditor also has direct access to the Audit Committee and its Chairman. The Executive Directors are not members of the Audit Committee but attend meetings by invitation of the Audit Committee, as necessary, to facilitate its business.

The Audit Committee reviews the internal control system on behalf of the Board and is also responsible for reviewing the effectiveness of the Internal Audit function. At each meeting the Committee receives reports of reviews conducted throughout the Company by the Internal Audit and (periodically) Compliance functions.

The Combined Code requires the Board to be satisfied that at least one member of the Audit Committee has recent and relevant financial experience. The Board is satisfied in this regard and, in addition, in the opinion of the Board the qualifications of each of the Audit Committee members gives the Audit Committee the breadth of financial experience to discharge its responsibilities.

CHAIRMAN'S COMMITTEE

The principal function of the Chairman's Committee is to review the Company's strategy and to consider any major operational issues or proposals for significant new initiatives that may arise. The Committee only meets as a formal Committee in exceptional circumstances and its activities are reported to the Board. The Committee comprises the Chairman, the Executive Directors and the Company Secretary.

NOMINATIONS COMMITTEE

The Nominations Committee comprises the Chairman and two independent Non-Executive Directors. The Committee met once during 2005. It monitors and reviews the membership of, and succession to, the Board of Directors and the Committee makes recommendations to the Board in this regard. One of its functions is to identify potential Executive and Non-Executive Directors taking into account the requirement for the members of the Board to have an appropriate range of skills and experience to understand the activities of Northern Rock and its subsidiary undertakings.

During 2005, the Nominations Committee assessed the size of the Board, the attributes of the Board members, the continued growth of the Company and its strategic aims. Following the addition of two Non-Executive Directors and two Executive Directors in 2005, the Nominations Committee believes that the Board has an appropriate number of Directors with a suitable range of knowledge and skills and that, for the time being, the performance of the Board would not be improved by the recruitment of additional directors.

During 2005, the Committee also considered the succession to the position of Senior Independent Director, in anticipation of Sir George Russell's retirement from the Board. Having considered the duties and expectations of the position, Sir Ian Gibson taking no part in the debate, the Committee concluded that Sir Ian possessed the necessary qualities of experience and business acumen. The Committee therefore recommended to the Board that the appointment should be made, and at its November meeting, the Board approved this recommendation.

REMUNERATION COMMITTEE

The Remuneration Committee comprises seven independent Non-Executive Directors

and met twice in 2005. It is responsible for considering and advising the Board on the remuneration policy for Executive Directors and the Chairman, and for determining their remuneration packages. In discharging its responsibilities the Remuneration Committee takes professional advice from within and outside the Company. It is the Board's responsibility to determine the remuneration policy for Non-Executive Directors within the limits set in the Articles of Association. The Remuneration Committee also determines the level of remuneration for the Company's Management Board Directors (comprising management at the level immediately below the Board).

In accordance with the requirements of the Directors' Remuneration Report Regulations 2002 further information may be found in the Company's Directors' Remuneration Report.

RISK COMMITTEE

The Risk Committee comprises four independent Non-Executive Directors and the Executive Directors, Keith Currie and Andy Kuipers having been appointed to the Committee with effect from 1 January 2006. The Risk Committee met four times during 2005. The main role of the Risk Committee is to review, on behalf of the Board, the key risks inherent in the business, the system of control necessary to manage such risks, and to present their findings to the Board.

This responsibility requires the Risk Committee to keep under review the effectiveness of the Group's system of internal controls, which includes financial, operational, compliance and risk management controls and to foster a culture that emphasises and demonstrates the benefits of a risk-based approach to internal control and management of the Group. The Risk Committee fulfils this remit by reinforcing management's control consciousness and making appropriate recommendations to the Board on all significant matters relating to the Group's risk strategy and policies.

Other responsibilities of the Risk Committee include keeping under review the effectiveness of the Group's risk management infrastructure. This involves an assessment of risk management procedures (for the identification, measurement and control of key risk exposures) in accordance with changes in the operating environment. It is also primarily responsible for considering the major findings of any of the Financial Services Authority or internal/external audit's risk management review and management's response.

To assist the Board in discharging its responsibilities for the setting of Risk policy, the Risk Committee periodically reviews the Group's credit risk, interest rate risk, liquidity risk and operational risk exposures in relation to the Board's risk appetite and the Group's capital adequacy. As part of the implementation of the International Convergence of Capital Measurement and Capital Standards: Revised Framework (commonly known as Basle II) the Committee has responsibility for monitoring the performance of the Company's Basle credit rating systems and reviewing reports prepared by the Credit Risk Management Group and the Basle Steering Group.

The Risk Committee also ensures that the public disclosure of information regarding the Group's risk management policies and key risk exposures is in accordance with the statutory requirements and financial reporting standards.

INTERNAL CONTROL

The Board of Directors is responsible for the Group's system of internal control and for annually reviewing its effectiveness. The system of internal control is designed to manage risk rather than eliminate it and in this regard, the Board considers that Northern Rock is a well-controlled, risk-averse business that continues to adopt a prudent stance in the management of risk. Through the work undertaken in this area by the Audit Committee and reported to it, the Board has reviewed the effectiveness of the system of internal control and is satisfied that there is a sound system of internal control that safeguards shareholders' investments and the Company's assets.

In accordance with the guidance set out in the Turnbull Guidance on Internal Control, the Company has an ongoing process for identifying, evaluating and managing the significant risks faced by it. This process was in place for the period 1 January 2005 to 31 December 2005 and remained in place on the date that the 2005 Annual Report and Accounts was approved by the Board. As part of the Company's continuing evaluation of internal control, the Board has reviewed and (where necessary) updated the process for identifying and evaluating significant risks affecting the business and the policies and procedures by which these risks are managed.

The Company is committed to developing and maintaining a control-conscious culture in all areas. This is achieved through a well-defined organisational structure with clear reporting lines and a commitment to recruiting and training staff governed by appropriate codes of conduct. In addition, the Group maintains procedure manuals that detail the procedures to control physical and logical access, segregation of duties and credit, expenditure and other authorisation limits. There are well-established budgetary and strategic planning cycles, and the Board reviews the results monthly against budgets, forecasts and prior year actual results, together with other key business measures.

The Chief Executive reports to the Board on behalf of the Executive Committee on significant changes in the business and the external environment which affect significant risks. The Board also receives monthly financial information, which includes key performance and risk indicators. Where areas for improvement in the system are identified, the Board considers the recommendations made by the Executive Committee, the Risk Committee and the Audit Committee.

A detailed description of the Group's approach to financial risk management and the related use of derivatives is set out in note 39 to the accounts. Material risk exposures are subject to Board policy statements that set out the exposure limits of the risks and the hedges and control techniques to be utilised. In addition, regular reporting of all risk exposures is monitored throughout the Company by the Operational Risk Group whose membership is drawn from each of the Company's departments within

which operational risk may arise. This Group reports to Management Board Asset and Liability Committee on a monthly basis and subsequently to each meeting of Risk Committee.

The Company's Internal Audit function provides a degree of assurance as to the operation and validity of the system of internal control and planned corrective actions are independently monitored for timely completion.

The Company has in place a formal procedure by which staff can, in confidence, raise concerns about possible improprieties in financial and other matters – commonly referred to as 'whistleblowing' procedures. Details of these arrangements are set out in the Company's Standards of Business Conduct. The Company's whistleblowing policy is intended to encourage and enable staff to raise serious concerns. Employees reporting concerns in this way are afforded certain rights through legislation (Public Interest Disclosure Act 1998) and have access to a confidential 'whistleblowing' telephone line.

The Audit Committee reviews this procedure on an annual basis and remains satisfied that it incorporates arrangements for the proportionate and independent investigation of matters raised and for appropriate follow up action.

COMMUNICATIONS

A Summary Financial Statement is issued to all shareholders and a copy of the Annual Report and Accounts is available by written request to the Company Secretary or from the Northern Rock website: www.northernrock.co.uk. The Company communicates regularly with its shareholders who are given the opportunity to raise matters for discussion at the Annual General Meeting. The Company also deals with a number of written enquiries from shareholders throughout the year.

The Company regards communication with institutional shareholders as important and its Investor Relations department maintains a high level of contact throughout the year with institutional shareholders.

The Company Secretary also reports regularly to the Board on feedback received from shareholders. Additionally, the Chief Executive, Group Finance Director and other Executive Directors have extensive ongoing contact with shareholders and feedback arising from this is also reported to the Board. Coupled with presentations from analysts and brokers throughout the year, these arrangements ensure that all Directors, both Executive and Non-Executive, remain up to date on the views of major shareholders.

As Senior Independent Director, Sir George Russell (and after his retirement, Sir Ian Gibson) is available to shareholders if they have concerns which contact through the normal channels of Chairman, Chief Executive or Group Finance Director has failed to resolve or for which such contact is inappropriate.

To ensure that opportunities are offered to major shareholders to meet with members of the Board, a number of more informal meetings are also held throughout the year where investor feedback on strategy and governance is encouraged.

GOING CONCERN

The Directors are satisfied that the Group has adequate resources to continue in business for the foreseeable future. For this reason, they continue to adopt the going concern basis in preparing the accounts.

STATEMENT OF DIRECTORS' RESPONSIBILITIES

The Companies Act 1985 requires the Directors to prepare financial statements for each financial year that give a true and fair view of the state of affairs of the Company and Group as at the end of the year and of the profit or loss of the Group for the year.

The Directors consider that in preparing the financial statements on pages 50 to 102 appropriate accounting policies, consistently applied and supported by reasonable and prudent judgements and estimates, have been used and that applicable accounting standards have been followed.

The Directors are responsible for ensuring that the Company and Group keeps accounting records that disclose with reasonable accuracy at any time the Company and Group's financial position and that enable them to ensure that the financial statements comply with the Companies Act 1985. They are also responsible for safeguarding the assets of the Company and Group and hence for taking reasonable steps to prevent and detect fraud and other irregularities.

The maintenance and integrity of the Northern Rock plc website is the responsibility of the Directors; the work carried out by the auditors does not involve consideration of these matters and, accordingly, the auditors accept no responsibility for any changes that may have occurred to the financial statements since they were initially presented on the website.

Legislation in the United Kingdom governing the preparation and dissemination of financial statements may differ from legislation in other jurisdictions.

COMMITTEES

Membership of the Board's Committees is set out below.

AUDIT COMMITTEE
+ Sir Derek Wanless (Chairman)
+ N A H Fenwick
+ Sir Ian Gibson
+ N Pease
+ M J Queen

CHAIRMAN'S COMMITTEE
+ Dr M W Ridley (Chairman)
* A J Applegarth

* Executive Director
• Executive

DIRECTORS' REMUNERATION REPORT

SUMMARY

The Directors' Remuneration Report is presented to shareholders by the Board and contains the following information:

- A description of the role of the Remuneration Committee;
- A summary of the Group's Remuneration Policy including a statement of the Company's policy on Directors' remuneration;
- Graphs illustrating the performance of *the Company relative to the* FTSE 100 Index and the FTSE 350 Index for the last five years;
- Details of the terms of the service contracts and the remuneration of each Director for the preceding financial year;
- Details of the share options and awards under long-term incentive schemes held by the Directors; and
- *Details of each Director's interests* in Ordinary Shares in the Company.

This Report complies with the Directors' Remuneration Report Regulations 2002 ("the Regulations"). This Report also sets out how the principles of the Combined Code relating to Executive Director remuneration are applied by the Group.

A resolution will be put to Shareholders at the Annual General Meeting on 25 April 2006 inviting them to consider and approve this Report.

THE REMUNERATION COMMITTEE

The Remuneration Committee (the Committee) consists entirely of independent Non-Executive Directors and comprises Ms N Pease (Chairman), Mr N A H Fenwick, Sir Ian Gibson, Mr M J Queen, Miss R A Radcliffe, Sir George Russell and Sir Derek Wanless.

Where appropriate, the Chairman and Chief Executive are invited to attend meetings of the Committee, save that they are absent when their own remuneration is under consideration. The Committee operates within agreed terms of reference and has responsibility for making recommendations to the Board on the Group's general policy relating to executive remuneration. It also determines on behalf of the Board, specific remuneration packages for the Chairman, the Executive Directors and the Management Board Directors, being the level of management immediately below the Board.

The Committee meets regularly and takes advice from both inside and outside the Group on a range of matters, including the scale and composition of the total remuneration package payable in comparable financial institutions to people with similar qualifications, skills and experience.

The following persons and advisors provided advice or services that materially assisted the Committee in its consideration of Directors' remuneration matters during the year:

- The Committee consulted the Chief Executive on matters relating to the remuneration of the other Executive Directors who report to him. The Chairman was also consulted in relation to the remuneration of all Executive Directors;
- *Internal support was provided to the* Committee by the Company Secretary;
- Watson Wyatt LLP advised the Committee on a range of issues including the benchmarking of Executive Directors' salaries and the Chairman's fee. In addition to providing this advice to the Committee, Watson Wyatt LLP advised the Board on the benchmarking of Non-Executive Directors' fees and are the consulting *actuaries to the Company* who advised on various pension issues;
- Inbucon Administration Ltd was responsible for preparing Total Shareholder Return calculations for the purposes of the Company's Long Term Incentive Plan and this Remuneration Report. Inbucon Administration Ltd did not provide other advice or services to the Company; and
- Freshfields Bruckhaus Deringer advised the Company on various share plan matters and compliance with the Regulations. They are the Company's main legal advisor.

COMPLIANCE

The Company has complied with the provisions of the Combined Code relating to Directors' remuneration throughout the year.

REMUNERATION POLICY FOR EXECUTIVE DIRECTORS

The Committee believes that the *continuing improvement in the* performance of Northern Rock depends on individual contributions made by the Executive Directors. For this reason, the remuneration policy is designed to provide competitive packages to motivate, reward and retain Executive Directors of high quality and to align their interests with those of shareholders.

The Board has adopted, on the recommendation of the Committee, a *remuneration policy with the objectives* set out below:

(i) The remuneration packages for Executive Directors are designed to be competitive in terms of market practice;

(ii) Performance-related remuneration should seek to align the interests of Executive Directors with those of the shareholders through the imposition of stretching corporate performance targets and the satisfaction of most short and longer term incentives in the form of shares; and

(iii) To motivate for future achievement, a significant proportion of *remuneration* should be based on operational and financial performance both in the short and long term together with the individual contribution made by the Executive Directors.

It is intended that this policy should *continue to apply for 2006 and* subsequent years

The Committee regularly reviews all aspects of remuneration to ensure they remain appropriate. The operation of share incentive schemes is kept under review to ensure that they remain appropriate to the Company's current circumstances and prospects.

This report sets out the Company's policy on Executive Directors' remuneration for

2006 and, so far as practicable, for subsequent years. The inclusion in the report of remuneration policy in respect of years after 2006 is required by the Regulations. The Committee is able to state its remuneration policy for 2006 with reasonable certainty, and this policy will continue in subsequent years unless changed by the Committee. The Committee considers that a successful remuneration policy needs to be sufficiently flexible to take account of future changes in the Company's business environment and in remuneration practice.

Any changes in policy for years after 2006 will be described in future Directors' Remuneration Reports; such reports will continue to be subject to shareholder approval. All statements in this report in relation to remuneration policy for years after 2006 should be read in light of this paragraph.

ELEMENTS OF REMUNERATION

Remuneration comprises: basic salary, annual bonus, pension benefits and benefits in kind. In addition, Executive Directors and senior executives participate in certain share based incentive schemes, comprising the bonus matching plan, deferred share scheme and long term incentive plan. These share-based incentive schemes, and the annual bonus, are performance-related, and the Remuneration Committee regards them as a key element in the Executive Directors' remuneration package.

As a result of changes to the performance-related elements of remuneration in recent years (including, from 2005, the imposition of a corporate performance condition on awards vesting under the bonus matching plan and deferred share scheme, and the increase in annual bonus potential as described below), the performance-related element of total potential remuneration has materially increased in recent years.

BASIC SALARY

The Committee's objective is that Executive Directors' basic salaries should be paid at an appropriate level to take account of both personal performance and of salaries within a comparator group of financial institutions. The Committee considers that exceptional performance, whether corporate or individual, should be rewarded through bonus and incentive schemes rather than basic salary.

Salaries are reviewed annually for each Executive Director, and revised salaries took effect from 1 January 2006 as follows:

A J Applegarth
£690,000 (2005 - £625,000)

D F Baker
£455,000 (2005 - £390,000)

R F Bennett
£455,000 (2005 - £390,000)

K M Currie
£365,000 (2005 - £270,000 from 5 January 2005)

A M Kuipers
£365,000 (2005 - £270,000 from 5 January 2005)

The revised salaries of the Executive Directors have been benchmarked against salaries paid for similar positions in banks in the FTSE 100 Index and for companies in positions 63 – 87 in the FTSE 100 Index being the grouping of companies around Northern Rock in the FTSE as of 30 June 2005, the date of the exercise.

During 2005 the Company's 12 Management Board Directors were paid salaries ranging from £90,000 to £192,000.

SHORT TERM BONUS SCHEME

Northern Rock operates a short term cash bonus scheme under which payments are made on an annual basis at the discretion of the Committee. All of the Executive Directors and certain senior executives participate in this scheme.

This cash bonus scheme relates to year-on-year increases in the Group's statutory profit before taxation, adjusted to exclude the effect of extraordinary and exceptional items and payments to The Northern Rock Foundation, with increases in profit before taxation generating a bonus payment equal to a percentage of salary. Only where there is an increase in profit before taxation will participants be eligible for a short term bonus. Every 1% increase in profit before taxation generates a bonus payment equal to 5% of salary with a maximum of 100% of salary by way of bonus for 20% increase in profits (with a sliding scale between these points). Payment of one-third of the bonus will be subject to the Committee's view of the participant's personal performance, and the remaining two-thirds relates to the performance of the business. The bonus payable is reduced by the value of shares appropriated under the all-employee Inland Revenue Share Incentive Plan for the year, to the extent needed to ensure that the relevant bonus cap is not exceeded. On this basis, the bonus earned in respect of 2005 was 84.7% of salary.

For 2006 and thereafter the Committee will continue to operate the cash bonus scheme on the same basis as for 2005 save that the level of bonus will be based upon increases in underlying profit attributable to equity shareholders. This will provide a more transparent method of performance comparison under the new International Financial Reporting Standards and will more closely align scheme payments to shareholder interests.

BONUS MATCHING PLAN

Participants are also encouraged to identify with the interests of shareholders by investing some of their own funds in Northern Rock. All of the Executive Directors and certain other senior executives are entitled to elect for all or part of the after tax amount of their annual cash bonus to be used to acquire shares which will be held for a period of three years; alternatively they may elect to deposit their own shares with an aggregate value not exceeding the cash amount of the after tax bonus. The shares acquired or deposited will be eligible for additional "matched" shares at the end of the three-year period, provided the participant has remained an employee of the Group.

The plan is designed to achieve one-for-one matching on an after tax basis. As the participant's shares are invested in the plan on an after tax basis, but the matched shares only attract income tax and national insurance contributions if and when they are released from the plan, the number of matched shares is increased (by reference to tax rates at the time the matching shares

are initially awarded) to reflect the fact that they will attract income tax if and when they are released. Entitlement to the matched shares will normally be lost if the participant leaves employment except in certain "good leaver" circumstances.

For awards made under the bonus matching plan in 2005 and future years, the release of matched share awards is dependent on the Group achieving average real EPS growth of 3% per annum over the three financial years pending their release. This performance target was also adopted for deferred share awards made under the deferred scheme referred to below and was given shareholder approval at the Annual General Meeting on 26 April 2005.

The bonus matching plan was operated in respect of 2005, resulting in the share awards to Executive Directors described on page 26. The Committee will continue to operate it in respect of 2006 and future years.

The beneficial ownership of the matched shares transfers to the participant on the grant of an award. The matched shares will be forfeited if the participant ceases to be entitled to them except in certain "good leaver" circumstances. The participant will be entitled to any dividends paid on their matched shares during the restricted period.

DEFERRED SHARE SCHEME

Under a separate element of the short term bonus scheme, the Committee may grant to Executive Directors and certain senior executives who receive a cash bonus under that scheme an award of shares with a pre-tax value equal to the pre-tax value of their cash bonus. A participant who is granted an award must normally continue to hold these shares and remain an employee of the Group for a period of three years from the date of the award in order to retain the full number of shares so granted to them, although shares will be released earlier in certain "good leaver" circumstances.

This deferred share scheme was operated in respect of 2005 resulting in the share awards to Executive Directors described on page 27. The Committee will continue to operate the deferred share scheme in respect of 2006 and future years.

The beneficial ownership of the deferred shares transfers to the participant on the grant of an award. The deferred shares will be forfeited if the participant ceases to be entitled to them except in certain "good leaver" circumstances. The participant will be entitled to any dividends paid on their deferred shares during the restricted period.

LONG TERM INCENTIVE PLAN

All Executive Directors participate in a long term incentive plan ("LTIP"), which was approved by shareholders in 1998. Awards have been made in 1998 and each subsequent year thereafter. The plan involves the grant of share awards, which can only be released if demanding performance targets are achieved and if the participant remains in employment, except in certain "good leaver" circumstances. The number of shares comprised in an award is calculated by reference to a percentage of salary, with the maximum award of shares being 100% of salary.

Performance is measured over a three year period on the basis of total shareholder return ("TSR"), comparing the Company's performance to that of the companies in an appropriate index at the date of an award. The Remuneration Committee decided that, for awards in 2005 and subsequent years, the FTSE 100 Index would be used. For previous awards, the FTSE 350 Index was used because, at the time the LTIP was approved in 1998, the Company's market capitalisation placed it around the mid-point of the constituents of that index. The Company joined the FTSE 100 Index in September 2001. The extent to which an award is realisable depends on the Company's ranking in this comparison. Awards are released on a sliding scale between median and top quartile performance with 25 per cent of an award being released for median performance and 100 per cent of the award being released for a ranking within the top quartile. If the Group's performance is below the median, none of the shares in an award will vest. There is no re-testing of targets.

There is also an earnings per share threshold, which requires that the Group's earnings per share growth over the three year period must exceed the growth in the UK Retail Prices Index ("RPI") by an average of at least 3% per annum. This performance condition is designed to ensure that the vesting level of LTIP awards is dependent on satisfactory year-on-year financial performance as well as above-median TSR ranking.

The LTIP was operated in 2005, resulting in the share awards to Executive Directors set out in the table on page 29. The Committee will continue to operate it for Executive Directors in 2006 and future years. A separate share scheme, in substantially the same terms as the LTIP, has been adopted by the Remuneration Committee and is extended to 36 executives. This is also now subject to the FTSE 100 performance target. Executive Directors are not eligible to participate in this scheme, and awards under it will be satisfied with existing shares only.

ALL-EMPLOYEE SHARE SCHEMES

Executive Directors are eligible to participate in the Company's all-employee share schemes on the same terms as other employees. These schemes comprise:

(i) The Sharesave Scheme, a savings-related share option scheme available to all employees. This scheme operates within specific tax legislation (including a requirement to finance exercise of the option using the proceeds of a monthly savings contract), and exercise of the option is not subject to satisfaction of a performance target;

(ii) The Employee Share Option Scheme, an HM Revenue & Customs approved share option scheme under which options have been granted to substantially all employees. Under this scheme the aggregate exercise value of unexercised options may not exceed £30,000. Options under this scheme may not be exercised unless real earnings per share of the Company has grown by more than 2% over the life of the option. This performance condition is designed to ensure that the

exercisability of options is dependent on satisfactory year-on-year financial performance on a sustained basis; and

(iii) The Share Incentive Plan ("SIP"), under which the maximum value of free shares awarded to employees cannot exceed £3,000 per year. The value of share awards under this scheme is dependent on the Group's profits. The SIP operates within specific tax legislation. Any payment made under the SIP together with any amount payable under the short term cash bonus scheme may not exceed the overall bonus cap from time to time.

The Committee is satisfied that these schemes constitute a well considered overall plan for Executive Directors' and senior executives' long-term remuneration. These schemes are kept under regular review, to take account of changing circumstances. Bonus and share incentive scheme payments are not taken into account for pension purposes. It should be noted that the Executive Directors elected not to participate in the last two grants made under the Employee Share Option Scheme, namely those made in 2002 and 2005.

PENSION BENEFITS

The following section describes the pension arrangements currently in force for the Executive Directors. These arrangements will be affected by changes to the tax treatment of the current UK pension regime contained in the Finance Act 2004 which is effective from 6 April 2006 ("A Day"). The Company will not reimburse any additional tax burden that falls due to an individual Executive Director. The Company has also agreed to pay those employees who elect to "cap" their pension at A Day a cash supplement in respect of the loss of future pension accrual, on a cost neutral basis to the Company. As a consequence of these changes, a principle of cost neutrality will apply to those Executive Directors who, with the Company's agreement, take early retirement at 55, without actuarial reduction of pension. Where this occurs, the money that would have been paid into the Northern Rock Pension Scheme to offset the actuarial reduction, will be paid to the individual and subject to deduction in respect of income tax and National Insurance. The Company will re-imburse reasonable professional fees for advice to Executive Directors concerning the changes to the pension regime.

Each of the Executive Directors currently participates in the Northern Rock Pension Scheme, a contributory pension scheme which provides a pension of up to two-thirds of pensionable salary on retirement, dependent upon service. On death in service the scheme also provides for a dependant's pension and a lump sum of four times basic salary. This pension and life assurance is provided from the scheme (to the extent permitted by legislation) and otherwise from separate arrangements.

The normal retirement age under the pension scheme is 60 which enables members to achieve the maximum pension of 2/3rds of their salary at normal retirement age after 40 years service.

For death before retirement whilst in service, a capital sum equal to four times the annual rate of basic earnings, excluding Director's fees, is payable, plus a return of member's contributions. In addition, a pension of 50% of the member's prospective pension at the age of 60, based on pensionable earnings at death, is payable to a surviving spouse providing the couple were married before retirement. On death before retirement after leaving the scheme, a benefit of 50% of the member's deferred pension, re-valued to the date of death, is payable to a surviving spouse. For death in retirement, a spouse's pension of 50% of the member's pre-commutation pension is payable. In certain circumstances a children's allowance is payable, usually up to the age of 18 (or up to the age of 21 if they are in full-time education).

Subject to the Trustees' approval, early retirement may be granted from the age of 50, or at any age due to ill-health. The pension is calculated at the date of retirement based on accrued pensionable service and final pensionable earnings at that date. The pension will then be actuarially reduced to take account of early payment by an amount of 0.25% for each complete month before normal retirement date. The Company and the Trustees have agreed that if Mr Applegarth or Mr Baker (having attained age 55) retire with the consent of the Company they will receive immediate payment of their accrued pension without the application of an actuarial reduction.

If Mr Applegarth or Mr Baker elect to retire after attaining the age of 55 without the consent of the Company they will receive an immediate pension being the accrued deferred pension reduced by 3% for each year or proportionate part thereof by which retirement precedes age 60.

Post retirement increases to pensions arising from membership of the defined benefit scheme are guaranteed each year at the rate of 3% per annum compound, subject to any guaranteed minimum pension. Pension benefits accrued after 5 April 1997 are guaranteed to increase in line with inflation, to a maximum of 5% per annum.

In addition to the normal scheme increases, and subject to the defined benefit scheme fund having adequate resources, the Trustees may award further discretionary increases each April. Members of the scheme have the option to pay additional voluntary contributions to secure additional benefits within regulatory limits, to which the Company does not contribute.

The Company also operates an unapproved unfunded arrangement for Mr Bennett (which is provided for in the Company's accounts and maintains pension entitlement from previous employment) to provide additional benefits to the main scheme. The unfunded arrangement is designed to ensure that Mr Bennett (or his spouse) will receive the level of pension benefit in respect of his eligible earnings in excess of the pensions "earnings cap", currently £105,600 (2004/05 – £102,000) per annum, which are not pensioned by the Northern Rock Pension Scheme. Mr Bennett contributes 5% of his basic salary including those earnings in excess of the earnings cap. Mr Bennett's pension will accrue at the rate of 1/36th of pensionable earnings for each year (and pro rata for each part year) of pensionable service from 1 November 1993 (date joined pension scheme). In addition, all

pension calculations shall include pensionable service brought forward from previous employers of 19 years 5 months at a rate of accrual of 1/60th per annum and 5 years 1 month at a rate of accrual of 1/36th per annum.

The total of the pension provided for Mr Bennett at normal retirement date or at any age after his 55th birthday, where the retirement is by mutual consent or at the Company's request, shall be the maximum of two thirds of his uncapped final pensionable earnings. If retirement occurs prior to age 60 without the consent of the Company, he may elect to receive an immediate pension being the accrued deferred pension with a maximum of two thirds of his uncapped final pensionable earnings reduced by 3% for each year (and proportionate for each part thereof) by which retirement precedes age 60.

The aggregate of pension increases to be provided whether in deferment or in payment shall be the greater of 5% per annum or RPI, subject to any guaranteed minimum pension and the increases as granted by the Trustees of the scheme inclusive of any discretionary increases.

Should Mr Bennett die in service or in receipt of benefits under the Company's Permanent Health Insurance Scheme prior to age 60, a lump sum shall be paid of four times his earnings at death plus a return of his contributions. In addition, if he leaves a surviving spouse she shall receive a pension of four ninths of his uncapped final pensionable earnings. Any child or children under the age of 25 receiving full-time education would receive an allowance of one half of the entitlement of the surviving spouse. Should Mr Bennett die whilst in receipt of a pension prior to age 60, a lump sum of four times his earnings at retirement shall be payable. On death in receipt of a pension, any surviving spouse would receive a pension of two thirds of the pension Mr Bennett would have been receiving at death, ignoring any pension commuted for a tax free cash sum.

Any income tax or other related tax due on the Company's contribution to the unfunded arrangement which, under an uncapped arrangement, would not have been paid by Mr Bennett, will be borne by the Company up to two thirds of the contribution amount. In addition, any income tax or related tax due on the cash sum commutation will be borne by the Company up to two thirds of the commutation amount.

BENEFITS IN KIND

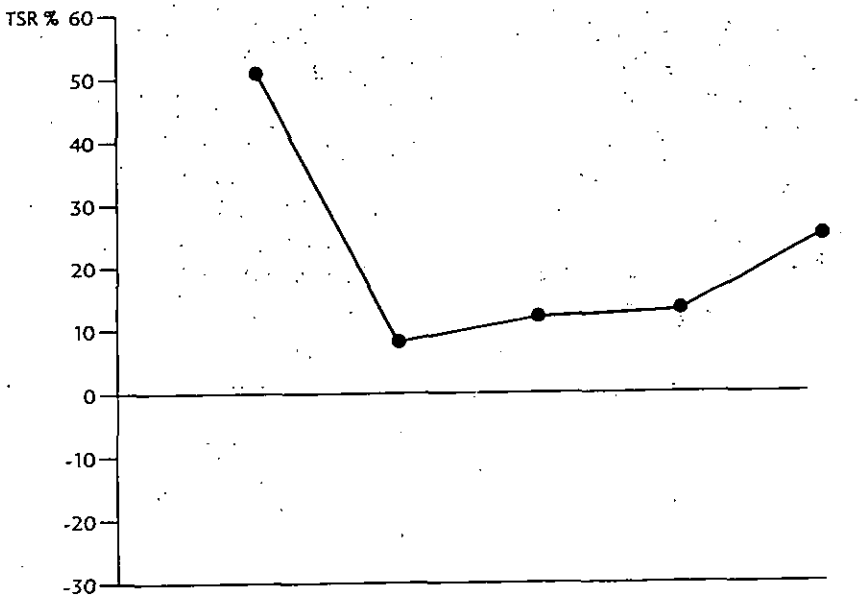
Each Executive Director is provided with company car and medical insurance benefits. The Executive Directors had, as employees of Northern Rock Building Society (or in the case of Mr Currie and Mr Kuipers as employees of the Company prior to their appointment as Directors), entitlement to participate in a concessionary mortgage scheme at the discretion of the Board. No further new loans may be made under the scheme following conversion to plc status, but existing loans are not affected.

POLICY ON EXECUTIVE DIRECTORS' SERVICE CONTRACTS

It is the policy of the Company that Executive Directors' service contracts can be terminated by 12 months' notice given to an Executive Director at any time. Each Executive Director can terminate his employment by giving 6 months' notice.

All of the Executive Directors' contracts may be terminated immediately by Northern Rock either with (for Mr Baker and Mr Bennett) the payment of liquidated damages equal to 12 months' salary and the value of annual bonus and benefits or (for Mr Applegarth, Mr Kuipers and Mr Currie) a payment in lieu of notice equal to such amount. Mr Applegarth, Mr Baker and Mr Bennett would, in the event of a change of control of Northern Rock, be entitled to terminate employment and receive a liquidated damages payment calculated on the same basis. The terms of reference of the Remuneration Committee make it clear that the Remuneration Committee seeks, in appropriate circumstances, to mitigate the amount of termination payments made to Executive Directors.

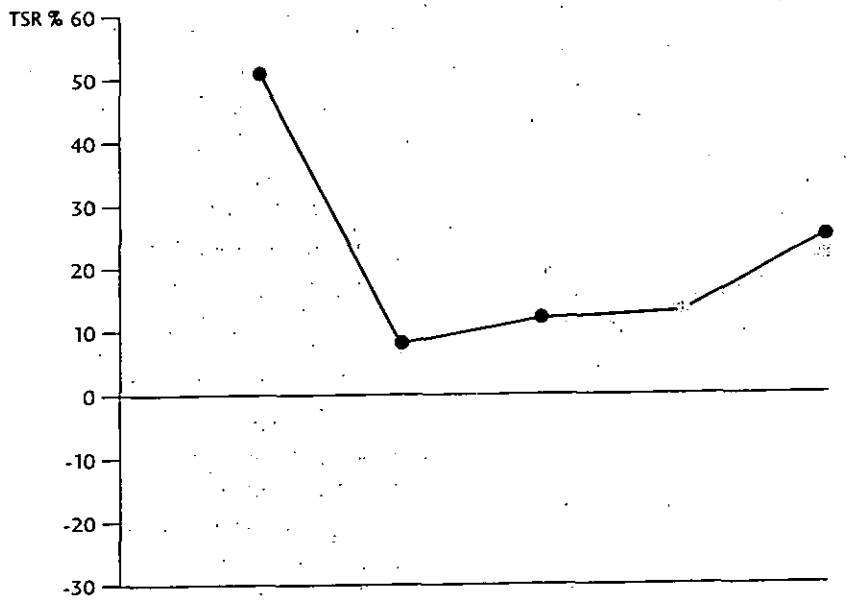
POLICY ON EXTERNAL NON-EXECUTIVE DIRECTORSHIPS HELD BY EXECUTIVE DIRECTORS



Executive Directors are permitted to hold one external non-executive directorship unrelated to the Company's business, provided that the time commitment is not material. Executive Directors are permitted to retain any fees arising from such a non-executive directorship. On this basis, Mr Bennett is a Non-Executive Director of Greggs plc, and Mr Bennett was entitled to fees of £28,000 from that company in respect of 2005. Mr Applegarth was appointed as a Non-Executive Director of Persimmon Homes plc in May 2005 and was entitled to fees of £26,667 in respect of 2005.

PERFORMANCE GRAPHS

The performance graphs set out below illustrate the Group's Total Shareholder Return ("TSR") performance over the preceding five years, 2001 to 2005, compared with that of the FTSE 100 Index of which Northern Rock has been a constituent since September 2001, and that of the FTSE 350 Index of which Northern Rock was a constituent prior to September 2001.



The FTSE 350 Index has been included because members of this index comprise the comparator group for long term incentive plan purposes for 2004 and prior. The performance graphs have been prepared in accordance with the Regulations.

FTSE 100

	2001 (%)	2002 (%)	2003 (%)	2004 (%)	2005 (%)
Northern Rock	+51	+8	+12	+13	+25
FTSE 100	-14	-22	+18	+11	+21

FTSE 350

	2001 (%)	2002 (%)	2003 (%)	2004 (%)	2005 (%)
Northern Rock	+51	+8	+12	+13	+25
FTSE 350	-13	-23	+20	+13	+22

SERVICE CONTRACTS

Mr Applegarth is employed under a service contract with the Company dated 1 March 2001. His current annual salary is £690,000, and he is entitled under the contract to participation in the Company's bonus scheme, a company car (or allowance in lieu), membership of the Company's pension scheme, life assurance cover equal to four times salary, permanent health insurance, private medical insurance cover and the continuation of a mortgage at a concessionary rate (which was granted before the Company's conversion to plc status). Mr Applegarth's contract is for an indefinite term ending automatically on his retirement date (age 60), but may be terminated by 12 months notice given by the Company and 6 months notice given by Mr Applegarth. The Company may at its discretion elect to terminate the contract by making a payment in lieu of notice equal to:

(i) 100 per cent of basic annual salary;

(ii) The amount of annual bonus paid in respect of the preceding financial year; and

(iii) The annual cost to the Company of providing pension and all other benefits to which Mr Applegarth is entitled under his contract.

In addition, Mr Applegarth may elect to terminate the contract on one month's notice given within six months following a change of control of the Company. In these circumstances, Mr Applegarth would become entitled to a lump sum payment equal to the aggregate of:

(i) 100 per cent of basic annual salary;

(ii) The amount of annual bonus paid in respect of the preceding financial year; and

(iii) The annual cost to the Company of providing pension and all other benefits specified in his service contract.

Mr Bennett is employed under a service contract with the Company dated 26 August 1997, which was amended by a supplemental agreement dated 12 March 1998. His current annual salary is £455,000. He is entitled to the same benefits as those specified above in relation

to Mr Applegarth, save that Mr Bennett is entitled to special pension arrangements which are described on pages 21 and 22.

Mr Bennett's contract is for an indefinite term ending automatically on his retirement date (age 60), but may be terminated by 12 months' notice given by the Company and 6 months' notice given by Mr Bennett. The Company may at its discretion elect to terminate the contract early by making a payment of liquidated damages calculated in the manner set out above in relation to Mr Applegarth's post-change of control liquidated damages entitlement.

In the event of a change of control of the Company, Mr Bennett may elect to terminate the contract and receive a lump sum payment calculated in the manner set out above in relation to Mr Applegarth.

Mr Baker is employed under a service contract with the Company dated 26 August 1997, which was amended by supplemental agreements dated 12 March 1998 and 1 July 1999. His current annual salary is £455,000. He is entitled to the same benefits as those specified above in relation to Mr Applegarth (save that Mr Baker has repaid the mortgage awarded to him before the Company's conversion to plc status, and is not entitled to a further mortgage on concessionary terms).

Mr Baker's contract is for an indefinite term ending automatically on his retirement date (age 60), but may be terminated by 12 months' notice given by the Company and 6 months' notice given by Mr Baker.

The Company may elect to terminate the contract by making a payment of liquidated damages calculated in the manner set out above in relation to Mr Bennett. In the event of a change of control of the Company, Mr Baker may elect to terminate the contract and receive a lump sum payment calculated in the manner set out above in relation to Mr Applegarth.

Mr Currie and Mr Kuipers are each employed under service contracts with the Company dated 5 January 2005. Their current annual salaries are £365,000, and they are entitled under the terms of their contracts to participate in the Company's bonus scheme, to receive a company car and expenses (or a monthly car allowance), membership of the Company's pension scheme, life assurance cover equal to four times basic salary and the continuation of a concessionary mortgage (which was granted to them before they became directors of the Company). Their contracts are for an indefinite term ending automatically on their retirement (age 60). The contracts may however be terminated by 12 months' notice given by the Company and six months' notice given by the Directors.

The Company may at its discretion elect to terminate Mr Currie's and Mr Kuipers' contracts by making a payment in lieu of notice equal to:

(i) 100 per cent of basic salary;

(ii) The amount of annual bonus paid in respect of the preceding financial year; and

(iii) The annual cost to the Company of providing pension and all other benefits to which they are entitled under their contracts.

The payment in lieu of notice payments may be made in phased instalments at the Company's discretion.

REMUNERATION OF THE CHAIRMAN AND NON-EXECUTIVE DIRECTORS

The remuneration of the Chairman is determined by the Committee and that of the other Non-Executive Directors is determined by the Board as a whole, on the basis of external independent advice.

The Chairman's annual fee is £300,000 (2005 – £250,000). The Senior Independent Non-Executive Director's annual fee is £67,000 (2005 – £55,000). Non-Executive Directors receive an annual fee of £44,000 (2005 – £40,000). The fee payable for membership of each of the Audit, Nomination, Risk and Remuneration Committees is £5,000 (2005 – £3,500) or, where a Non-Executive Director is chairman of a Board Committee, the additional annual fee payable to them is £15,000 (2005 – £13,000).

These revised fees for the Chairman and Non-Executive Directors were determined after consideration of an extensive report by Watson Wyatt LLP on the fees paid for similar roles at banks in the FTSE 100 Index, and for Companies positioned 51-100 in the FTSE 100 Index.

The Chairman and Non-Executive Directors serve the Company under letters of appointment, which are terminable by the Company at any time without liability for compensation; they do not have service contracts. The Chairman and Non-Executive Directors are entitled to fees from the Company and it is the Company's policy that they do not participate in bonus, incentive or pension schemes. However, Sir George Russell, who also served on the Board of Northern Rock Building Society, (see page 25) is a member of a non-contributory pension scheme established by Northern Rock Building Society under which pension entitlement accrued for each complete year of qualifying service subject to a maximum of 60% of qualifying fees. This scheme ceased to accrue benefits after 30 June 1997.

DIRECTORS' REMUNERATION REPORT (continued)

INFORMATION SUBJECT TO AUDIT

The information set out below in the remainder of the Directors' Remuneration Report has been subject to audit as required by Part 3 of Schedule 7A of the Companies Act 1985.

DIRECTORS' INDIVIDUAL REMUNERATION

Details of Directors' individual remuneration is set out below:

Non-Executive Directors	**2005**	2004
	£000	£000
Dr M W Ridley (appointed Chairman 27 April 2004)	**218**	127
N A H Fenwick	**43**	36
Sir Ian Gibson	**49**	38
N Pease	**53**	43
M J Queen (appointed 5 January 2005)	**43**	–
R A Radcliffe (appointed 1 March 2005)	**37**	–
Sir George Russell*	**60**	53
Sir Derek Wanless	**69**	51
Sir John Riddell, Bt. (retired 27 April 2004)	**–**	50
Sir David Chapman, Bt. (retired 27 April 2004)	**–**	12
	572	410

*Sir George Russell is also in receipt of a pension from the Northern Rock Building Society non-contributory pension scheme, which ceased to accrue benefits after 30 June 1997. This pension came into payment on 25 October 2005 at the rate of £12,229 p.a. in line with the scheme rules.

Non cash benefits	13	11	18	–	–	42
Total emoluments	946	630	637	–	–	2,213

There were no payments by the Company during the financial year for compensation for loss of office or payments in connection with the termination of qualifying services.

There were no amounts paid to the Executive Directors in respect of their qualifying services by way of expenses allowance that was *chargeable to UK income tax.*

The nature of the non-cash benefits is set out on page 22.

BONUS MATCHING PLAN

Details of the Ordinary Shares over which the Directors have conditional rights under the bonus matching plan by year of grant are as follows:

Rights under the bonus matching plan

	Date granted	Rights held under plan at 31 Dec 04	Rights granted during 2005	Market price of each share at date of grant £	Rights released during 2005	Rights held under plan at 31 Dec 05	Date of end of qualifying period
A J Applegarth	Jan 02	23,723	–	6.66	(23,723)	–	–
	Jan 03	52,253	–	6.10	–	52,253	Jan 06
	Jan 04	53,208	–	7.40	–	53,208	Jan 07
	Jan 05	–	47,618	7.73	–	47,618	Jan 08
D F Baker	Jan 02	21,621	–	6.66	(21,621)	–	–
	Jan 03	38,728	–	6.10	–	38,728	Jan 06
	Jan 04	35,472	–	7.40	–	35,472	Jan 07
	Jan 05	–	31,605	7.73	–	31,605	Jan 08
R F Bennett	Jan 02	21,621	–	6.66	(21,621)	–	–
	Jan 03	38,728	–	6.10	–	38,728	Jan 06
	Jan 04	35,472	–	7.40	–	35,472	Jan 07
	Jan 05	–	31,605	7.73	–	31,605	Jan 08
K M Currie	Jan 02	9,383	–	6.66	(9,383)	–	–
(appointed 5 January 2005)	Jan 03	22,130	–	6.10	–	22,130	Jan 06
	Jan 04	20,270	–	7.40	–	20,270	Jan 07
	Jan 05	–	18,120	7.73	–	18,120	Jan 08
A M Kuipers	Jan 02	9,383	–	6.66	(9,383)	–	–
(appointed 5 January 2005)	Jan 03	22,130	–	6.10	–	22,130	Jan 06
	Jan 04	20,270	–	7.40	–	20,270	Jan 07
	Jan 05	–	18,120	7.73	–	18,120	Jan 08

For 2004 and previous years, the release of matched share awards was not dependent on satisfaction of a further performance condition because the value of matched share awards was derived from annual bonus criteria and was therefore dependent on corporate performance.

The value, calculated in accordance with IFRS 2 – Share-based Payment, of these awards is being charged to the income statement over the three year period to which they relate. In 2005 £1,138,922 was charged to the income statement (2004 £718,646).

Further awards were granted on 26 January 2006 at £9.57 per share as follows:

A J Applegarth	55,315
D F Baker	34,517
R F Bennett	34,517
K M Currie	23,895
A M Kuipers	23,895

Rights vested under the bonus matching plan during 2005

	Number of ordinary shares	Date on which rights were awarded	Market price of each share at award date £	Vesting date	Market price of each share at vesting date £
A J Applegarth	23,723	Jan 02	6.66	Jan 05	7.73
D F Baker	21,621	Jan 02	6.66	Jan 05	7.73
R F Bennett	21,621	Jan 02	6.66	Jan 05	7.73
K M Currie	9,383	Jan 02	6.66	Jan 05	7.73
A M Kuipers	9,383	Jan 02	6.66	Jan 05	7.73

Rights were released in January 2006 at £9.57 per share as follows:

A J Applegarth	52,253
D F Baker	38,728
R F Bennett	38,728
K M Currie	22,130
A M Kuipers	22,130

The value of the bonus matching award is derived from the annual bonus criteria (relating to the year on year increases in the Group's pre-tax profits on like-for-like ordinary activities) and is therefore dependent on corporate performance. At the 2005 Annual General Meeting, shareholders approved a resolution amending the scheme terms and conditions to incorporate a performance condition for the release of bonus matching share awards. For awards in 2005 and subsequent years the value of any bonus matching share awards will be dependent on the Group achieving real earnings per share growth of 3% per annum over the three years prior to their release.

DEFERRED SHARE SCHEME

Details of the Ordinary Shares over which the Directors have conditional rights under the deferred share scheme by year of grant are as follows:

	Date granted	Rights held under plan at 31 Dec 04	Rights granted during 2005	Market price of each share at date of grant £	Rights released during 2005	Rights held under plan at 31 Dec 05	Date of end of qualifying period
A J Applegarth	Jan 02	27,778	–	6.66	(27,778)	–	–
	Jan 03	52,254	–	6.10	–	52,254	Jan 06
	Jan 04	53,208	–	7.40	–	53,208	Jan 07
	Jan 05	–	47,618	7.73	–	47,618	Jan 08
D F Baker	Jan 02	21,622	–	6.66	(21,622)	–	–
	Jan 03	38,730	–	6.10	–	38,730	Jan 06
	Jan 04	35,472	–	7.40	–	35,472	Jan 07
	Jan 05	–	31,605	7.73	–	31,605	Jan 08
R F Bennett	Jan 02	21,622	–	6.66	(21,622)	–	–
	Jan 03	38,730	–	6.10	–	38,730	Jan 06
	Jan 04	35,472	–	7.40	–	35,472	Jan 07
	Jan 05	–	31,605	7.73	–	31,605	Jan 08
K M Currie	Jan 02	9,384	–	6.66	(9,384)	–	–
(appointed 5 January 2005)	Jan 03	22,131	–	6.10	–	22,131	Jan 06
	Jan 04	20,270	–	7.40	–	20,270	Jan 07
	Jan 05	–	18,120	7.73	–	18,120	Jan 08
A M Kuipers	Jan 02	9,384	–	6.66	(9,384)	–	–
(appointed 5 January 2005)	Jan 03	22,131	–	6.10	–	22,131	Jan 06
	Jan 04	20,270	–	7.40	–	20,270	Jan 07
	Jan 05	–	18,120	7.73	–	18,120	Jan 08

For 2004 and previous years, the release of deferred share awards was not dependent on satisfaction of a further performance condition because the value of deferred share awards was derived from annual bonus criteria and was therefore dependent on corporate performance.

The value, calculated in accordance with IFRS 2 – Share-based Payment, of these awards is being charged to the income statement over the three year period to which they relate. In 2005 £1,138,937 was charged to the income statement (2004 £727,662).

Further awards were granted on 26 January 2006 at £9.57 per share as follows:

A J Applegarth	55,315
D F Baker	34,517
R F Bennett	34,517
K M Currie	23,895
A M Kuipers	23,895

Rights vested under the deferred share scheme during 2005

	Number of ordinary shares	Date on which rights were awarded	Market price of each share at award date £	Vesting date	Market price of each share at vesting date £
A J Applegarth	27,778	Jan 02	6.66	Jan 05	7.73

(appointed 5 January 2005)	Jan 03	32,787	–	6.10	–	–	32,787	Jan 06
	Jan 04	29,054	–	7.40	–	–	29,054	Jan 07
	Jan 05	–	34,929	7.73	–	–	34,929	Jan 08

Rights vested during 2005

	Number of ordinary shares	Date on which rights were awarded	Market price of each share at award date £	Vesting date	Market price of each share at vesting date £
A J Applegarth	46,393	Jan 02	6.66	Jan 05	7.73
D F Baker	34,385	Jan 02	6.66	Jan 05	7.73
R F Bennett	34,385	Jan 02	6.66	Jan 05	7.73
K M Currie	15,719	Jan 02	6.66	Jan 05	7.73
A M Kuipers	15,719	Jan 02	6.66	Jan 05	7.73

The value, calculated in accordance with IFRS 2 – Share-based Payment, of these awards is being charged to the income statement over the three year period to which they relate. In 2005 £850,310 was charged to the income statement (2004 £616,041).

Rights released during 2005 represent awards granted in 2002 which matured in January 2005. 72.7% of rights originally awarded were released to participants, the remaining 27.3% of rights have lapsed under the performance conditions of the scheme.

The awards granted in 2003 shown above, matured in January 2006 and led to no release of shares originally awarded under the performance conditions of the scheme. Subject to the performance criteria being met, the other awards may be exercised during the three month period commencing on the third anniversary of the award dates. The awards will lapse if they are not exercised during these times.

Further awards were granted on 26 January 2006 at £9.57 per share as follows:

A J Applegarth	72,100
D F Baker	47,544
R F Bennett	47,544
K M Currie	38,140
A M Kuipers	38,140

There were no variations made in the terms and conditions of the plan interests during 2005. The number of shares comprised in an award is calculated by reference to a percentage of salary, up to a maximum of 100% of salary. Shares may only be released if demanding performance targets are achieved and if the participant remains in employment, except in certain "good leaver" circumstances. In relation to awards granted in 2004 and previous years, performance is measured over a three year period on the basis of Total Shareholder Return, comparing the Company's performance to that of the other companies in the FTSE 350 Index at the date of the award. For awards in 2005 and subsequent years, the Company's Total Shareholder Return will be compared to that of other companies in the FTSE 100 Index at the date of the award. See page 23 for further details.

PENSIONS

Set out below are details of the pension benefits to which each of the Executive Directors is entitled.

	Age at 31 Dec 05	Years and months of service at 31 Dec 05	Accrued pension entitlement at 31 Dec 05 (Per Annum)	Accrued pension entitlement at 31 Dec 04 (Per Annum)	Additional pension entitlement earned in year	Additional entitlement earned in year (in excess of inflation)
			£	£	£	£
A J Applegarth	43	22 years 2 months	230,903	199,319	31,584	25,405
D F Baker	52	28 years 7 months	211,250	195,833	15,417	9,346
R F Bennett	58	12 years 2 months	260,000	250,000	10,000	2,250
K M Currie (appointed 5 January 2005)	49	25 years 5 months	130,125	99,437	30,688	27,605
A M Kuipers (appointed 5 January 2005)	48	18 years 3 months	82,125	61,812	20,313	18,397

	Transfer value of accrued pension entitlement at 31 Dec 05	Transfer value of accrued pension entitlement at 31 Dec 04	Increase in transfer value less Directors' contributions	Transfer value of increase in accrued pension entitlement in excess of inflation (less Directors' contributions)
	£	£	£	£
A J Applegarth	1,842,785	1,471,285	340,250	170,761
D F Baker	2,793,613	2,368,096	406,017	103,935
R F Bennett	5,131,167	4,415,009	696,658	25,011
K M Currie (appointed 5 January 2005)	1,430,644	1,005,802	411,357	288,717
A M Kuipers (appointed 5 January 2005)	837,525	579,999	244,041	173,173

The accrued pension entitlement is the amount that the Director would receive if he retired at the end of the year. The increase in the accrued pension entitlement is the difference between the accrued pension entitlement at the year end and that at the previous year end. The Listing Rules also require this to be disclosed excluding inflation.

All transfer values have been calculated on the basis of actuarial advice in accordance with Actuarial Guidance Note GN11. The transfer values of the accrued pension entitlement represent the value of assets that the pension scheme would need to transfer to another pension provider on transferring the scheme's liability in respect of the Directors' pension benefits. They do not represent the sums payable to individual Directors and, therefore, cannot be added meaningfully to annual remuneration.

The increase in the transfer value less Directors' contributions is the increase in the transfer value of the accrued pension entitlement during the year after deducting the Director's personal contributions to the scheme.

The transfer value of the increase in accrued pension entitlement, required by the Listing Rules, discloses the current value of the increase in accrued pension entitlement (excluding inflation) that the Director has earned in the period, whereas the change in his transfer value, required by the Companies Act, discloses the absolute increase or decrease in transfer values and thus includes the change in value of the accrued pension entitlement that results from market volatility affecting the transfer value over the year, as well as the value of the additional accrued pension entitlement earned in the year.

Including Mr R F Bennett's unfunded arrangement he has an estimated accrued annual pension entitlement at 31 December 2005 of £260,000. This is based on his total pensionable service of 12 years 2 months and his pensionable service of 19 years 5 months at the rate of accrual of 1/60th per annum and 5 years 1 month at the rate of accrual of 1/36th and his pensionable earnings above the earnings cap. The contributions cost during the year in respect of this unfunded arrangement amounted to £88,443 for the Company and £14,265 for Mr Bennett.

DIRECTORS' INTERESTS IN SHARES

The following Directors held a beneficial interest in the Company's Ordinary Shares:

				Contingent Interests

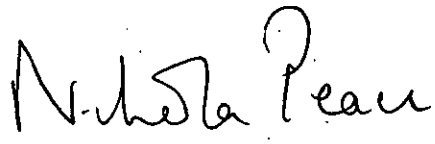
	Sharesave 4	–	–	7.27	1,303	1 May 08	1 Nov 08
R F Bennett	Sharesave 3	1,580	–	5.98	1,580	1 May 06	1 Nov 06
K M Currie	Sharesave 2	7,848	(7,848)	2.15	–	–	–
(appointed 5 January 2005)	Share Option Scheme	4,854	–	6.18	4,854	1 Jun 01	1 Jun 08
	Sharesave 4	–	–	7.27	1,303	1 May 08	1 Nov 08
A M Kuipers	Sharesave 2	8,546	–	2.15	8,546	1 May 07	1 Nov 07
(appointed 5 January 2005)	Sharesave 4	–	–	7.27	2,273	1 May 10	1 Nov 10

For each unexercised option at the end of the year, the market price of each share at 31 December 2005 was £9.43, the highest market price during the year was £9.435 (on 29 December 2005) and the lowest market price during the year was £7.36 (on 10 May 2005 and 16 May 2005).

On 3 May 2005 A J Applegarth, D F Baker and K M Currie each exercised 7,848 Sharesave 2 options. The market price of the shares on 3 May 2005 was £7.48.

The specific individual interests of Executive Directors are shown in the tables above. In addition the Directors are deemed to have an interest in shares held by Trusts for various executive and other employee share schemes at 31 December 2005 as follows:

(i) Northern Rock Employee Trust holds 4,048,207 shares (31 December 2004 – 5,779,139 shares);



(ii) Northern Rock Qualifying Employee Share Ownership Trust holds 1,117,287 shares (31 December 2004 – 2,054,261 shares); and

(iii) Northern Rock Trustees Limited holds 287,252 shares (31 December 2004 – 511,241 shares).

No Executive Director option terms were varied during 2005 and no price was paid for any of the options in the table, other than the all employee Sharesave Scheme, where each Director paid £250 per month.

Options listed in the table above are Inland Revenue approved schemes. The Employee Share Option Scheme was subject to an earnings per share target which was met in 2005. Options under the Sharesave Scheme do not have any performance conditions.

Nichola Pease
Chairman, Remuneration Committee
28 February 2006

COMMUNITY AND ENVIRONMENTAL REPORT

REPORTING

The Company's website www.northernrock.co.uk contains detailed information on corporate, social and environmental activities and is our main reporting medium. Updated regularly, the website contains reports from current and previous years. A hard copy summary of significant events and achievements during 2005 has also been produced and is available on request from the Company Secretary. Northern Rock's approach to managing Corporate Social Responsibility ("CSR") issues and some notable aspects of 2005 performance are outlined here.

MANAGEMENT OF CSR

The Deputy Chief Executive provides Board level representation and leadership of CSR. Development and implementation of our CSR Policy is carried out by a number of working groups made up of senior staff from across the Company. The corporate approach and aims for CSR have continued to be reviewed and embedded throughout the business during 2005. A CSR Department co-ordinates and monitors operational activities and reporting on CSR.

ENGAGEMENT

Engagement with stakeholders and research organisations continued to be important to us although we have to be selective to ensure effective use of resources and to ensure that questionnaires do not direct the way we manage CSR.

We endeavour to ensure that our working partners operate to acceptable standards and as part of our continuing supplier engagement programme 489 of our key suppliers were contacted during 2005 with a request to complete a satisfaction survey, providing their assessment of Northern Rock as a contract holder. A summary of the results of this survey is available in our full Community Report on our website.

GOVERNANCE AND ACCOUNTABILITY

CSR Risk Management processes continued to be reviewed as an integral part of Corporate Operational Risk Management in 2005. A series of Risk Management Forums were held, with the emphasis being placed on exchange of internal and external good practice relating to Risk Management within Northern Rock.

The Forums provided us with the ability to raise the importance of CSR related issues within briefing sessions and to assist in the development of a consistent approach (where appropriate) to operational risk management across the business.

The Company introduced electronic proxy appointment and voting for our shareholders (including CREST proxy appointment for CREST participants) in March 2005, increasing the opportunity for our shareholders to provide input to the 2005 AGM. The results of the proxy voting were displayed on our website.

On 1 July 2005, the new Listing, Prospectus and Disclosure Rules came into force. These changes were made to implement the Prospectus Directive, the Market Abuse Directive and the FSA's review of the Listing Rules. The Company has therefore established policies to ensure compliance with the new Rules.

BUSINESS ETHICS AND HUMAN RIGHTS

The Gender Recognition Act became law in July 2005. Northern Rock staff have received instruction in how the Act affects individuals who acquire a new gender and how information about them should be processed.

During the latter part of the year working parties have been established under our CSR Steering Groups guidance to commence a review of our current Corporate Code of Conduct utilising recommendations made by the Institute of Business Ethics. This includes additional Human Rights issues and, to increase our commitment to these issues, we intend to produce a Supplier Code of Conduct and Ethics.

WORKPLACE

The first full-time union representative in Northern Rock was appointed by Amicus in May 2005, strengthening the partnership between Northern Rock and Amicus.

Flexible working within Northern Rock has now been extended to all remote areas of the business. The aim of the policy is to provide employees in remote areas some flexibility in their hours of work, subject to the needs of the business.

The introduction of a new employee benefit was announced during the year. The "Employee Assistance Programme" is designed to provide free professional help and support for all employees and their families in times of need.

Northern Rock received two awards during 2005 for its commitment to employee share plans, receiving both the All Employee Share Plans award for the most effective all employee share scheme strategy 2005 and Most Effective Communication of an Employee Share Plan at the 13th Annual Institute of Financial Services ("ifs") ProShare Awards 2005

We were also delighted to be granted the Age Positive Award 2005 and have been selected as an Employer Champion. This provides government recognition for Northern Rock's exemplary approach in establishing best practice relating to age.

MARKETPLACE

The fair treatment of customers is central to consumers having confidence in the financial services industry. We have benchmarked our procedures against the high level principles adopted by the Financial Services Authority requiring that all regulated firms treat their customers fairly.

It is a requirement of mortgage regulation to keep borrowers with regulated loans fully appraised of any arrears position and subsequent consequences. However, all loans that fall into arrears are treated individually, and all decisions made are based on the circumstances of the customer. The Company has adopted the same approach to both regulated and non-regulated loans, ensuring that all customers are treated fairly.

Northern Rock staff won more awards than any other organisation at the 2005 North East Contact Centre of the Year Awards. We believe that these awards recognise not only the individual award winners but all staff and departments that contribute.

COMMUNITY AND ENVIRONMENTAL REPORT (continued)

COMMUNITY

The annual donation of 5% of pre-tax profits to The Northern Rock Foundation is the biggest single contribution we make to the communities in which we operate. In 2005, this amounted to £24.7 million.

Northern Rock staff contribute to many charitable causes and community activities, notably the corporate charity which is chosen by staff on an annual basis. In 2005, Macmillan Cancer Relief was selected and staff raised over £250,000 after matching by The Northern Rock Foundation.

ENVIRONMENT

At the renewal of our contract in November 2005, we managed to secure renewable energy for 100% of our electricity usage.

The Company became members of The North East Energy Forum which is sponsored by the North East Energy Partnership (NEEP) in association with Government Office for the North East.

The forum provides an opportunity to engage with other regional stakeholders interested in energy issues in the North East, to share best practice and to air views to help shape regional priorities and policies.

Northern Rock also achieved a further 3-year Energy Efficiency Re-Accreditation via the National Energy Foundation in recognition of our achievements in the field of energy management and efficiency.

Northern Rock continues to recycle 100% of our end paper waste and continues to review process methods and efficiencies. During 2005 recycling levels of paper amounted to 472 tonnes from 503 tonnes in 2004, with total overall corporate waste reduced by 10.9% against 2004.

THE NORTHERN ROCK FOUNDATION

Since 1997 Northern Rock plc has donated almost £145 million to The Northern Rock Foundation, which was established following Northern Rock Building Society's conversion to a public limited company. The Company covenants 5% of its pre-tax profits each year to the Foundation. By percentage of profits Northern Rock is the UK's second biggest corporate donor (as reported in The Giving List, The Guardian, November 2005).

The Foundation is an independent grant-making trust supporting charitable causes in Cumbria, Northumberland, Tyne and Wear, County Durham and the Tees Valley. Its primary aim is to help improve the conditions of those disadvantaged in society. 2005 was the Foundation's eighth year of operation. During the year its Trustees awarded 316 grants worth £20.7 million. Since 1997 the Foundation has awarded grants worth more than £113.3 million.

In 2005 the Foundation's Trustees continued the grant programmes introduced in the previous year, and maintained their policy of funding activities exclusively in the North East and Cumbria. The majority of the Foundation's grants targeted social and economic disadvantage. The Prevention, Money and Jobs and Basics programmes dealt with a broad range of issues, including prejudice and discrimination, the decline of decent community facilities, youth disaffection, tackling economic inactivity, development of social enterprises, mental ill-health and welfare advice.

During the year the Foundation maintained its role as a major funder of cultural activity in the region. Through its Aspiration and Capital programmes it made grants worth £5.8 million for high-profile arts, heritage, environment and sport organisations. The Foundation also continued as a key partner in the Culture 10 initiative, a ten-year programme of high-profile cultural activity focused on Newcastle Gateshead, but including other parts of the North East. The Foundation has committed £2 million from its existing Aspiration programme to projects brought forward under the Culture 10 banner up to 2006.

In 2005 the Foundation made its fourth Writer's Award, one of the largest literary prizes in the UK, which it runs in partnership with New Writing North. The 2005 winner was Durham-based poet Gillian Allnutt. Gillian has published six collections, most recently, Sojourner (2004). Born in London, and a graduate of Newnham College, Cambridge, Gillian left her job as poetry editor of City Limits magazine to move to the North East in 1988 – drawn by friends, the support it offered to writers and her memories of formative childhood years spent living in Newcastle.

The Foundation continued to play a key role in regional and national developments in the grant-making world. It was a leading member of a campaign to raise awareness of, and seek solutions to the problems arising from the decline and disappearance of a number of national funding streams that have supported social and economic regeneration in the region. The Foundation also played a key role in the consortium running the Government's Futurebuilders fund, designed to strengthen the capacity of voluntary organisations to deliver public services. The Foundation's Director is Vice-Chair of the Futurebuilders' Board, and a Trustee sits on its investment committee.

In January 2005 the Trustees decided to make a special award in response to the Asian Tsunami. They took this decision in recognition of the huge public generosity shown in the aftermath of the disaster. They allocated £500,000, which was divided between three organisations working on the ground in the affected areas.

The Foundation also runs a scheme to match every pound donated to charities by Northern Rock employees. Some of the money comes from the Give As You Earn (GAYE) scheme through which employees donate a regular monthly sum from their salary, also attracting a small government subsidy. But by far the majority of the donations come from the fundraising efforts of staff members. By the end of 2005 the eight-year total raised by staff when matched by the Foundation reached more than £3 million. The total raised and matched in 2005 was £655,944. From January 2006 the Trustees have agreed that for every staff £1, they will now give £2, meaning the charities concerned will receive three times the original amount raised or donated.

In autumn 2005 the Trustees began a consultation process with the voluntary and community sector as part of a wide review of the Foundation's current programmes. The Trustees intend to make decisions following the review in summer 2006, after which the Foundation will launch new or revised programmes to begin in January 2007.

More information about the Foundation is available from:

OPERATING AND FINANCIAL REVIEW

INTRODUCTION

Northern Rock is a specialised lender providing loans for residential mortgages, secured commercial lending and unsecured personal finance. Funding is obtained from both on-shore and off-shore personal savings, wholesale money markets, from the securitisation of loans and from covered bonds. Income is also generated from the sale of third party insurance products.

All lending activities are carried out in the UK, whereas funding, particularly non-retail funding, is attracted globally.

Efficiency is paramount to the Northern Rock business strategy. Cost efficiency enables competitive pricing for both savings and lending products leading to volume and income growth supporting further improvements in cost ratios. Capital efficiency is achieved by optimising the use of debt and equity capital and securitisation.

Northern Rock has well established strategic targets against which its financial performance is monitored. These targets, which were all achieved on an underlying basis in 2005, are set out in the following table:

	Strategic	2005 Performance	
	Targets	Reported	Underlying
Growth in total assets	20% +/- 5%	27.5%	24.9%
Growth in profits attributable to shareholders	15% +/- 5%	(2.8%)	13.6%
Return on equity	19% - 22%	19.3%	20.8%

INTERNATIONAL FINANCIAL REPORTING STANDARDS

The 2005 results have been prepared using International Financial Reporting Standards ("IFRS") as approved by the International Accounting Standards Board that, under European Regulations, are effective or available for early adoption at the Group's first reporting date under IFRS, 31 December 2005 and which differ significantly to UK GAAP used in the preparation of previously reported financial statements.

Analysis of the results is complicated as a result of certain IFRS only having been applied from 1 January 2005. This means that the revised 2004 statutory results only include the impact of certain of the IFRS used in the preparation of the 2005 results. As a consequence we have included in comparisons set out in the Operating and Financial Review, 2004 results prepared on a proforma basis, incorporating the impact of IFRS where it can be determined what the impact would have been if the accounting changes had been effective in 2004. This impact includes the treatment of interest income and fees and the reclassification of certain funding instruments from debt to non shareholders' equity but excludes the effects of accounting for derivatives under IFRS which differs from that applied under UK GAAP.

Full reconciliations of the effect of the introduction of IFRS together with full details of the accounting policies for 2005 are included in the notes to the accounts.

As a consequence of the introduction of IFRS the 2005 balance sheet and income statement are subject to a certain amount of volatility particularly from the accounting for hedges deemed under IFRS rules to be ineffective, plus volatility arising from fair value movements on derivatives taken out in respect of certain financial liabilities and instruments included in non shareholders' equity which themselves are not subject to fair value treatment. Where appropriate, such volatility is separately identified in the review of financial and operating results to enable management's view of underlying performance to be separately disclosed and discussed. Further detail is given on page 38.

FINANCIAL PERFORMANCE

Summary income statements shown on a reported statutory basis and on an underlying basis for 2005 and on a reported statutory and proforma basis for 2004 are set out as follows:

	2005		
	Statutory	Adjustments	Underlying
	£m	£m	£m
Net interest income	752.3	(45.5)	706.8
Other income	129.0	–	129.0
Net hedge ineffectiveness and other unrealised fair value gains and losses	(56.4)	56.4	–
Total income	824.9	10.9	835.8
Administrative expenses	(249.4)	–	(249.4)
Covenant to The Northern Rock Foundation	(24.7)	(0.5)	(25.2)
Operating expenses	(274.1)	(0.5)	(274.6)
Impairment losses on loans and advances	(56.6)	–	(56.6)
Profit before taxation	494.2	10.4	504.6
Income tax expense	(144.9)	(3.0)	(147.9)
Profit for the year	349.3	7.4	356.7
Attributable to:			
Appropriations	48.6	–	48.6
Profit attributable to equity shareholders	300.7	7.4	308.1
Total	349.3	7.4	356.7
Earnings per share	72.5p		74.3p

	2004		
	Statutory	Adjustments	Proforma
	£m	£m	£m
Net interest income	466.9	145.8	612.7
Other income	252.3	(140.5)	111.8
Total income	719.2	5.3	724.5
Administrative expenses	(218.3)	1.4	(216.9)
Covenant to The Northern Rock Foundation	(21.6)	(0.5)	(22.1)
Operating expenses	(239.9)	0.9	(239.0)
Impairment losses on loans and advances	(48.5)	–	(48.5)
Impairment of fixed asset investments	4.5	–	4.5
Profit before taxation	435.3	6.2	441.5
Income tax expense	(125.8)	(1.9)	(127.7)
Profit for the year	309.5	4.3	313.8
Attributable to:			
Appropriations	–	42.6	42.6
Profit attributable to equity shareholders	309.5	(38.3)	271.2
Total	309.5	4.3	313.8
Earnings per share	74.9p		65.7p

2005 reported statutory profit before taxation for the year increased by 13.5% to £494.2 million with profit attributable to equity shareholders decreasing by 2.8% to £300.7 million. On the same basis return on equity was 19.3% (2004 - 21.6%) and the return on mean risk weighted assets 1.22% (2004 - 1.45%).

Based upon 2005 underlying results and the 2004 proforma results, profit before taxation increased by 14.3% to £504.6 million with profit attributable to equity shareholders increasing by 13.6% to £308.1 million. On the same basis return on equity was 20.8% (2004 - 20.9%) and the return on mean risk weighted assets 1.26% (2004 - 1.29%).

ASSETS

Total assets on a statutory and underlying basis (excluding fair value adjustments) for 2005 are set out in the following table:

	31 December 2005	31 December 2004
	£m	£m
Statutory	82,709	64,881
Underlying	81,057	64,881

On a reported statutory basis total assets are 27.5% higher than at the previous year end and on an underlying basis have increased by 24.9%.

TOTAL INCOME

The introduction of IFRS in 2005 results in significant changes in the presentation and reporting of interest and non-interest income. Upfront lending fees are now spread over the expected life of a loan and included in interest income resulting in a deferral of reported income. Introducer fees are also now recognised within interest income and spread over the expected life of a loan, rather than, as previously, the life of the customer relationship, resulting in an acceleration of the recognition of the cost. Mortgage incentives continue to be offset against interest income but are now spread over the expected life of a loan rather than over the early repayment charge period. In addition, following the re-classification of certain instruments from debt to equity, the coupon payable on these instruments is now excluded from interest expense and is treated as an appropriation. As these accounting changes were introduced on a statutory basis with effect from 1 January 2005 we have prepared comparable 2004 figures on a proforma basis as well as on the statutory basis.

The following table reconciles net interest income and total income on a reported statutory (excluding hedge ineffectiveness) and underlying basis for 2005 and on a reported statutory and proforma basis for 2004.

	2005	2004
	£m	£m
Reported statutory net interest income	752.3	466.9
Interest implicit in forward exchange contracts	(45.5)	–
Impact of IFRS	–	145.8
Underlying/proforma net interest income	706.8	612.7
Reported statutory other income	129.0	252.3
Impact of IFRS	–	(140.5)
Underlying/proforma other income	129.0	111.8
Reported statutory total income (excluding hedge ineffectiveness)	881.3	719.2
Underlying/proforma total income	835.8	724.5
Based upon the table above total income ratios are as follows:		
Reported statutory		
Total income: mean total assets	1.19%	1.23%
Total income: mean risk weighted assets	3.57%	3.37%
Underlying/proforma		
Total income: mean total assets	1.15%	1.24%
Total income: mean risk weighted assets	3.41%	3.43%

Interest implicit in forward exchange contracts represents the difference between the sterling cost implicit from the exchange contract and the currency coupon on the foreign currency liability translated at spot exchange rates. This is regarded as the interest element of the forward exchange contract and is included in underlying interest expense.

On a statutory basis, total income (excluding hedge ineffectiveness) in 2005 amounted to £881.3 million representing an increase of 22.5% over statutory total income in 2004. On this basis the ratio of total income to mean total assets at 1.19% compares with the 2004 ratio of 1.23%. Total income as a proportion of mean risk weighted assets at 3.57% compares with the 2004 ratio of 3.37%.

On an underlying basis total income in 2005 amounted to £835.8 million representing an increase of 15.4% over proforma total income in 2004. On this basis, the ratio of total income to underlying mean total assets at 1.15% compares with the 2004 ratio of 1.24%. Total income as a proportion of mean risk weighted assets at 3.41% compares with the 2004 ratio of 3.43%.

INTEREST MARGIN AND SPREAD

Interest margin has been calculated by reference to average interest earning assets excluding fair value adjustments. For assets denominated in foreign currencies, where these have been economically hedged, average balances are based on the contract rate implicit in the associated hedging instrument. Average balances have been calculated on a monthly basis.

Interest spread represents the difference between interest receivable as a % of average interest earning assets, excluding fair value adjustments, and interest payable as a % of average interest bearing liabilities, excluding fair value adjustments. For assets and liabilities denominated in foreign currencies, where these have been economically hedged, average balances are based on the contract rate implicit in the associated hedging instrument.

	2005	2004
Reported statutory		
Interest margin	1.03%	0.82%
Interest spread	0.87%	0.73%
Underlying/proforma		
Interest margin	0.97%	1.07%
Interest spread	0.81%	0.91%

Underlying interest margin at 0.97% compares with the 2004 ratio of 0.82% on a statutory basis and 1.07% on a proforma basis. The proforma basis is considered to be a more appropriate comparator as it is calculated on the same basis as the 2005 figures, including the impact of effective interest rate changes under IFRS. On this basis, interest margin for 2005 is 10bps lower than the full year in 2004 but only 3bps lower than in the first half of 2005. During 2004, 3 month Libor was on average 26bps higher than Bank Base Rate. Although this differential reduced to 11 bps on average during 2005, there continued to be an adverse effect on the price of our Libor related funding.

HEDGE INEFFECTIVENESS

Following the introduction of IFRS, all derivatives entered into by Northern Rock, which under UK GAAP were held off balance sheet, are now recorded on the balance sheet at full fair value with any fair value movements being taken to the income statement. Where effective hedge relationships can be established, the movement in the fair value of the derivative instrument is offset in full or in part by opposite movements in the fair value of the underlying instrument being hedged. Any ineffectiveness arising from different movements in fair value will trend to zero over time and so any recorded ineffectiveness in any accounting period is excluded from underlying results in that accounting period.

In addition, Northern Rock enters into certain derivative contracts, which although efficient economically, cannot be included in effective hedge accounting relationships. Consequently, although the implicit interest cost of the underlying instrument and associated derivative are included in net interest income in the income statement, fair value movements of future cashflows excluding interest flows on such derivatives are recorded in "Net hedge ineffectiveness and other unrealised fair value gains and losses" on the face of the income statement and are excluded from underlying results as these fair value adjustments are not realised in the current accounting period. The same treatment also applies to the revaluation at each balance sheet date of economically hedged foreign currency liabilities.

The over-riding objective of the presentation of underlying results is to show the underlying interest income / expense of hedged instruments and to exclude future fair value adjustments from current performance measurement.

In 2005, the income statement shows "Net hedge ineffectiveness and other unrealised fair value gains and losses" as a negative figure of £56.4 million. This reduces to £10.9 million negative after the cost of interest implicit in forward exchange contracts is transferred to underlying net interest income. At 30 June 2005 the equivalent figures were £33.3 million positive and £57.6 million positive respectively.

OPERATING EXPENSES
(excluding the covenant to The Northern Rock Foundation)

	2005 £m	2004 £m
Staff costs	144.5	119.6
Other expenses	81.6	80.5
Depreciation and amortisation	23.3	18.2
Total operating expenses	249.4	218.3

Total operating expenses amounted to £249.4 million representing an increase of 14.2% over statutory operating expenses of £218.3 million and 15.0% over proforma operating expenses of £216.9 million for 2004. The increase of 15.0% compares with an increase in underlying assets of 24.9% over the year and a rise in underlying total income of 15.4%, resulting in a cost to asset ratio of 0.34% (2004 statutory - 0.37%, proforma - 0.37%) and a cost to underlying income ratio of 29.8% (2004 statutory - 30.4%, proforma - 29.9%).

At the half year stage the cost to underlying income ratio had risen to 30.1% as a result of incremental regulatory costs being incurred in the first half of 2005 with no corresponding cost in the equivalent period in 2004. In the second half of 2005, underlying income growth of 17.5%, compared with the second half of 2004, exceeded cost growth of only 12.4%, resulting in a 2005 second half cost to underlying income ratio of 29.6%.

Included in the 2005 operating expenses are approximately £10 million of recurring incremental costs (2004 - £3.6 million) in relation to the full year impact of increased regulatory requirements. These have been absorbed in our cost base and so going forward we expect the rate of cost growth to slow, cost growth to be at the bottom end of the one half to two thirds of asset growth range and income growth to exceed cost growth.

SOCIAL RESPONSIBILITY – THE NORTHERN ROCK FOUNDATION

Northern Rock donates 5% of pre tax profit to The Northern Rock Foundation under a deed of covenant. Such donations are used to support community and charitable causes mainly in the North East of England and Cumbria. The covenant from 2005 profits amounts to £24.7 million (31 December 2004 - £21.6 million), resulting in approximately £145 million having been donated since its inception in 1997 as an integral part of Northern Rock's conversion to a plc.

CREDIT QUALITY AND LOAN LOSS IMPAIRMENT

The arrears position of each of our personal lending portfolios based upon numbers of accounts three months or more in arrears is set out in the following table:

	Residential	Standalone Unsecured	Together Unsecured	CML Residential Average
31 December 2005	0.39%	0.98%	0.84%	0.92%
31 December 2004	0.37%	1.04%	0.78%	0.80%

Note: CML: Council of Mortgage Lenders.

Residential accounts three months or more in arrears at 0.39% remained well below half the CML residential average of 0.92% at 31 December 2005 (31 December 2004 - 0.80%) and only marginally ahead of the equivalent figure of 0.37% at the end of 2004. The "together" secured three months plus arrears increased to 0.84% at 31 December 2005 (31 December 2004 - 0.77%) but remained below the CML average for residential lending.

At 31 December 2005, properties in possession had increased to 576, representing only 0.09% of all accounts compared with 181 (0.03%) at the end of 2004 in line with our policy of rapid movement towards recovery where it is clear the borrower is unwilling to maintain payments and where we have higher risk.

Standalone personal unsecured loan arrears remain significantly better than industry average, reflecting our policy of attracting high quality lending and use of our bespoke scorecard to avoid lower quality lending. Three months plus arrears finished the year at 0.98%, below that reported at the half year and at the end of December 2004, although greater collections activity was required compared with 2004. On an industry-wide view indebtedness of customers seems to have stabilised. In our loan portfolios indebtedness has begun to decline and collection activity in the last quarter became a little easier.

At 31 December 2005 only 10 of our commercial loans (0.42% of accounts) with balances outstanding of £5.8 million were three months or more in arrears compared with 8 accounts (0.31%) with outstanding balances of £6.3 million at 31 December 2004.

Although there are similarities between the bases for determining loan loss impairment provisions under UK GAAP and IFRS, the latter is more prescriptive. In 2005, we enhanced our loan loss impairment methodologies incorporating risk and performance data captured in and generated by our Basle II capital systems. Following the introduction of the improved methodologies at the beginning of the year, a reassessment of loan loss impairment provisions was made to reflect more accurately the risk profile of our loan portfolios. Following this one-off reassessment, opening loan loss impairment provisions were reduced by £10.3 million for the residential portfolio and by £9.8 million in our commercial lending portfolio and increased by £20.1 million in respect of our unsecured loans.

The 2005 charge for loan loss impairment amounted to £56.6 million (2004 - £48.5 million) representing 0.09% of mean advances to customers (2004 - 0.10%). The combination of high quality lending, low interest rates, low arrears and continued strong average Loan to Value ratio ("LTV") of the portfolio have continued to contain the levels of loan loss impairment provisions required for residential mortgages. Provisions for the commercial secured lending portfolio are consistent with portfolio performance and economic conditions for this sector.

The growth in loan loss impairment provision balances against our personal unsecured credit portfolios reflects growth in balances and the maturing nature of the portfolios. As a result, total loan loss impairment provision balances for these portfolios have increased to £87.1 million (31 December 2004 - £78.4 million) with total cover of 1.48% (31 December 2004 - 1.68%).

TAXATION

The effective tax rate in 2005 was 29.3% (2004 - 28.9%). We continue to anticipate, with a corporation tax rate of 30% and HM Revenue & Custom's stance on tax planning, that the ongoing effective tax rate will trend towards 30.0% in the medium term.

	%
Standard corporation tax rate for 2005	30.0
Effect of non-deductible items	0.2
Adjustment to prior year tax provisions	(0.9)
Effective tax rate	29.3

LENDING

During 2005 Northern Rock again achieved record levels of total lending. Total gross lending was £26,879 million, an increase of 15.2% (2004 - £23,342 million), with total net lending of £14,555 million, an increase of 12.6% (2004 - £12,932 million). Prospects for 2006 are good, with a total opening pipeline of £5,300 million (1 January 2005 - £5,105 million) including a residential lending pipeline of £5,005 million (1 January 2005 - £4,891 million). The 2006 opening pipeline also reflects a 6% improvement in the time applications remain in the lending pipeline. Improved customer retention reduces the need to grow gross lending significantly as we move towards achieving the centre of our asset growth target range.

The composition of our lending portfolios has continued to be low risk. At 31 December 2005, 90% of our loans to customers were residential secured loans (31 December 2004 - 89%), 2% commercial secured loans (31 December 2004 - 3%) and 8% (31 December 2004 - 8%) within our personal unsecured portfolios. This mix is not expected to change significantly going forward.

An analysis of new lending by portfolio is set out in the following table:

	Residential	Commercial	Unsecured	Total
	£m	£m	£m	£m
2005				
Gross	23,618	408	2,853	26,879
Net	13,350	5	1,200	14,555
2004				
Gross	20,051	499	2,792	23,342
Net	11,383	182	1,367	12,932

RESIDENTIAL – UK MARKET

The UK residential lending market improved in the second half of 2005 resulting in estimated gross lending for the year of £288 billion, broadly unchanged from the £291 billion recorded in 2004. Gross lending associated with housing transactions and equity withdrawal

represents around 55% of lending with 45% driven by remortgage activity. Whilst the former will vary with volumes of home moving transactions and house price inflation, the latter does not due to increased market liquidity following the removal of overhanging early repayment charges. The two components will continue to provide a substantial and robust gross lending market for us to be able to achieve our lending targets. The slow down in the housing transaction market during 2005 has, however, resulted in estimated net lending being down 9% at £91 billion (2004 - £101 billion). UK house prices remained stable throughout 2005. Although the latter part of 2005 saw an increase in housing transactions, we expect 2006 transactions to be similar to those achieved in 2005, with low single digit house price appreciation, in line with the growth in average earnings.

RESIDENTIAL - NORTHERN ROCK PERFORMANCE

Against this background, we achieved gross residential lending of £23,618 million (2004 - £20,051 million) and net residential lending of £13,350 million (2004 - £11,383 million), representing increases of 17.8% and 17.3% respectively. Our share of UK gross residential lending for 2005 was 8.1% and our market share of net residential lending was 14.5%. This compares with 8.0% and 13.5% respectively for the first half of 2005, and 6.8% and 11.2% for 2004 in total. Our share of redemptions for the year was 5.2% (2004 - 4.5%), again lower than our closing share of mortgage stock of 6.4% (31 December 2004 - 5.5%). This reflects the continued success and strengthening of our pro-active customer retention process and our fair and transparent policy of allowing existing customers, subject to their contractual terms, to transfer their loan to any product available to new borrowers.

In 2005, 90% of our gross residential lending was originated via the indirect market (2004 - 88%). This reflects the increasing importance of mortgage clubs and networks, with whom we are even more closely aligned following the introduction of statutory mortgage regulation in the last quarter of 2004, and improvements in service levels and access through our on-line trading platform.

The profile of our new lending has remained low risk despite strong growth in volumes. There was a slight increase in the proportion of lending to first time buyers to 24% (2004 - 21%) reflected in increased volumes of "together" lending. 76% (2004 - 79%) of new customers continued to have a proven payment track record. The impact of this trend has been to increase the average LTV of new lending in 2005 to 78% compared with 76% in 2004. Similarly new lending at or below 90% LTV was 70% (2004 - 77%) of completions. The average indexed LTV of our mortgage book is now 58% (31 December 2004 - 53%) which continues to provide strong cover in the event of default. We have minimal exposure to large loans with only 3.4% of new loans over £500,000 (2004 - 3.5%) and have a good spread of geographic risk.

We offer customers a wide range of innovative and attractive products including lifestyle products and traditional price-led products. Most of our products also have inbuilt flexibility giving customers the opportunity to overpay, make redraws and subject to advance agreement and after a qualifying period, take payment holidays. Our lifestyle products comprise our "together" family of products, Lifetime and residential Buy to Let mortgages. The "together" products combine a secured and unsecured loan at one interest rate and one monthly payment. Gross lending of "together" products amounted to £7.0 billion of which £6.1 billion were advances secured on residential property representing 28.7% of new residential lending, excluding further advances. Outstanding balances of "together" mortgages have increased to 20.6% of our mortgage portfolio (31 December 2004 - 18.2%).

Our Lifetime range is aimed at homeowners aged 60 and over who wish to utilise equity in their homes to enhance their lifestyle. Such lending accounted for 1.4% of gross new residential lending (2004 - 1.8%), with outstanding Lifetime balances representing 3.0% (31 December 2004 - 3.1%) of our mortgage balances.

Residential Buy to Let lending is focussed on lending to private investors secured on good quality residential properties with low LTVs. Such lending accounted for 4.9% of our mortgage portfolio at 31 December 2005 (31 December 2004 - 4.0%) and for 7.1% (2004 - 6.4%) of gross new residential lending.

In total our family of lifestyle products, which are margin enhancing, represented 37.2% (2004 - 28.9%) of our gross new residential lending and 28.5% of mortgage balances at 31 December 2005 (31 December 2004 - 25.3%).

Of our traditional price-led mortgage products, fixed rate mortgages remained the most popular with 25.3% (2004 - 46.4%) of total new lending accounted for by short term fixed rate products up to two years, and 28.8% (2004 - 7.5%) by longer term fixes, normally up to five years. The increased demand for longer term fixed rate products reflected competitive pricing led by attractive longer term swap rates.

UNSECURED

Our personal unsecured credit portfolios comprise the unsecured element of "together" lending and standalone unsecured loans not linked to a residential mortgage. An analysis of lending volumes on the separate elements of our unsecured portfolios is shown in the following table:

	Standalone Unsecured £m	Together Unsecured £m	Total £m
2005			
Gross	1,970	883	2,853
Net	744	456	1,200
2004			
Gross	2,068	724	2,792
Net	1,104	263	1,367

Standalone unsecured gross lending has slowed in line with the number of borrowers who satisfy our credit score and our risk appetite. Net lending has shown a further reduction as the portfolio matures and redemptions and repayments naturally increase.

Volumes of new "together" unsecured lending increased below the rate of growth of "together" mortgage lending due to the cap of £30,000 on the value of the unsecured element of "together" loans. At 31 December 2005, our unsecured lending balances were £5,789 million (31 December 2004 - £4,581 million) of which 40.0% (31 December 2004 - 40.3%) represented "together" unsecured advances.

COMMERCIAL

Competition in the commercial secured lending market remained strong throughout 2005 with certain lenders being particularly aggressive on price and LTV levels at which they are prepared to lend. Both gross and net lending within our commercial lending portfolio slowed as a result of maintaining our emphasis on quality rather than volume of lending. Gross lending in the year amounted to £408 million (2004 - £499 million) with net lending of £5 million (2004 - £182 million).

TREASURY

Our Treasury operation continues to raise wholesale funds, manage interest rate and currency risks, and manage a portfolio of investments primarily for liquidity purposes. It is not a separate profit centre and does not operate trading portfolios. At 31 December 2005, 97% (31 December 2004 - 96%) of our Treasury investment portfolios comprised assets which are rated single A or better. We continue to have no exposure to emerging markets or non-investment grade debt.

FUNDING

Northern Rock has established four distinct funding arms enabling it to attract funds from a wide range of customers and counterparties on a global basis. Flows of new funding and closing balances are shown in the following table:

	Retail £m	Non-Retail £m	Securitisation £m	Covered Bonds £m
2005				
Net flow	2,809	2,317	8,831	2,378
Closing balances	20,104	22,253	31,156	3,830
2004				
Net flow	896	2,770	7,234	1,341
Closing balances	17,290	19,740	22,090	1,339

Note: Net flow in 2005 represents net cashflows excluding fair value adjustments. Closing balances at 31 December 2005 are stated including fair value adjustments.

RETAIL

Retail funding comprised a net inflow of funds of £2,809 million, including interest credited of £565 million and builds on the successful funding in the first half of 2005 of £1,716 million, again demonstrating the strength and diversity of our retail franchise. 2005's net inflow represents over three times the net inflow of £896 million achieved in 2004.

Funding during the year was largely into our Silver Savings account for the over 50s, launched in September 2004 and supplemented in 2005 by the introduction of a 30 day notice account. Balances in our Ireland based operation rose 63% to £1,026 million (31 December 2004 - £628 million), with £1,940 million (31 December 2004 - £1,871 million) in our Guernsey based off-shore vehicle.

Closing balances of £20.1 billion represent 65.8% of our non-securitised lending portfolios (31 December 2004 - 52.6%).

NON-RETAIL

Our non-retail funding provides a balanced mixture of short and medium term funding with increasing diversification of our global investor base. During the first half we repaid net £2.2 billion, mainly short term funds, following securitisation issues. In the second half we raised a net £4.5 billion mainly medium term funding, leaving a full year net funding of £2.3 billion.

During the year, we raised £2.6 billion medium term wholesale funds from a variety of globally spread sources, with specific emphasis on the US, Europe and Asia. This included a US$1.75 billion Extendible Quarterly Securities issue sold to domestic US investors and a US$1.5 billion Floating Rate Notes issue sold in Asia and Europe. In January 2006, we have raised a further US$2.0 billion Extendible Securities, with over 60% of funds raised from investors new to the Northern Rock Extendible programme.

Key developments in short term funding included the establishment of a CAD$2 billion Canadian Commercial Paper programme which provides access to domestic Canadian investors. This programme had outstanding balances of CAD$850 million at 31 December 2005.

SECURITISATION

Funding through securitisation has remained an integral part of Northern Rock's funding strategy. During 2005 four residential mortgage-backed issues were completed raising £12.9 billion through our Granite vehicles. The characteristics of the mortgages securitised, in terms of product type, LTV and geographic distribution remain similar to those of our non-securitised mortgages. We continue to diversify our investor base aided by comprehensive global investor roadshows. A second commercial mortgage securitisation (Dolerite) raising £600 million was also completed.

The last Granite issue of 2005 (a £3.75 billion deal) was priced at the lowest spread we have ever achieved, even tighter than previous deals completed in the year and significantly below the cost of older deals being replaced.

Already in 2006 we have completed a £6.0 billion residential mortgage-backed securitisation issue, which was heavily oversubscribed.

At 31 December 2005 advances to customers subject to securitisation amounted to £39.1 billion (31 December 2004 - £21.9 billion), representing 56% (31 December 2004 - 40%) of our total lending portfolios.

COVERED BONDS

In 2005 we raised €3.5 billion (£2.4 billion) from two further issues from our €10 billion covered bond programme established in 2004. The second transaction raised funds with a maturity of 15 years priced at mid swaps plus 11 bps helping to lower the average cost of new funding. We intend to continue to actively develop our covered bond programme and will seek to further diversify the investor base. The covered bonds are secured by a pool of ring-fenced residential mortgages. The credit risks associated with these loans have subsequently been transferred into the capital markets by means of synthetic securitisation transactions (Graphite) providing further capital benefits.

WHINSTONE TRANSACTION

In November 2005, Northern Rock completed its first Whinstone transaction transferring around 80% of the reserve fund risk relating to pre 2005 Granite residential mortgage securitisations to third party investors, therefore reducing the potential exposure to downturn credit risk. The transaction reduces the level of core capital required under credit rating assessments of required capital as well as the regulatory capital deduction in respect of the reserve funds, thereby enhancing capital efficiency and more closely aligning regulatory and credit rating capital; an important step in advance of Basle II. By retaining a small portion of the first loss, Northern Rock continues to align the interests of securitisation investors and the Company and demonstrates its confidence in the credit performance of the mortgage portfolios.

Net interest income, total income and pre tax profits were affected by the interest cost of this transaction for two months in 2005 and will be affected on a full year basis thereafter. This additional cost will be largely offset by savings in appropriations due to not having to raise subordinated debt to support securitisation capital deductions. Underlying attributable profits will therefore not be significantly affected by this transaction.

Following the announcement of the transaction Standard & Poor's changed the Northern Rock senior unsecured credit rating outlook from neutral to positive. The £423 million transaction, included within securitised notes in issue, is by far the largest transaction of its type ever completed in the international markets and has been awarded European Securitisation deal of the year by IFR magazine. It is our intention to continue to utilise this type of transaction on an ongoing basis.

DIVIDENDS

In line with our dividend policy of a payout ratio of approximately 40% of sustainable underlying attributable profits, cover of 2.5 times, the proposed final dividend is 20.7p per share payable on 26 May 2006 to shareholders on the register on 28 April 2006. This, combined with the interim dividend of 9.4p, results in a total dividend for 2005 of 30.1p per share, an increase of 13.6% over the 2004 total dividend of 26.5p per share.

CAPITAL

At 31 December 2005, total capital amounted to £3,224 million resulting in a total capital ratio of 12.3%, comfortably above regulatory and internal requirements. Tier 1 capital was £2,033 million and the Tier 1 ratio 7.7%. The restated equivalent ratios at 31 December 2004 on a statutory basis were 14.0% and 8.7%. On a proforma basis the ratios were 13.5% and 8.0% respectively, primarily reflecting the impact of the deferral of fee income following the introduction of IFRS.

Recognising the strategic importance of Basle II to our business, in December 2005, we submitted our application seeking waiver from the FSA to permit us to adopt the Retail Internal Ratings Based approach, which is planned to commence on 1 January 2007. We intend to initially adopt the Standardised Approach to Operational Risk.

Our low risk balance sheet means that we expect to achieve significant reductions in the levels of our total regulatory risk weighted assets for credit exposures compared to current levels. This should result, subject to consultation with the FSA and credit rating agencies, in future capital efficiencies. In the first three years of the operation of Basle II, transitional arrangements will apply such that any capital relief will be introduced gradually with a potential maximum 20% reduction in capital by the end of the transition period.

The table below analyses Northern Rock's capital resources at 31 December 2005 and 2004:

	2005 £m	2004 £m
Tier 1		
Share capital	123.9	123.9
Share premium account	6.8	6.8
Capital redemption reserve	7.3	7.3
Retained earnings	1,426.5	1,401.6
Pension scheme	23.1	34.8
Reserve capital instruments	299.3	300.0
Tier one notes	223.9	200.0
Goodwill and intangible assets	(78.2)	(73.1)
Total Tier 1 capital	2,032.6	2,001.3
Upper Tier 2		
Perpetual subordinated debt	736.5	746.4
Collectively assessed impairment allowances	119.0	83.1
Total Upper Tier 2 capital	855.5	829.5
Lower Tier 2		
Term subordinated debt	785.3	769.3
Total Tier 2 capital	1,640.8	1,598.8
Deductions	(449.8)	(374.7)
Total capital	3,223.6	3,225.4
Risk weighted assets	26,295.9	23,030.9
Tier 1 ratio (%)	7.7%	8.7%
Total capital (%)	12.3%	14.0%

PENSION FUND

Whilst almost fully funded on an actuarial basis, the average deficit of the Northern Rock Pension Fund throughout 2005 using the IAS19 basis of calculation was £65.0 million. At the end of 2005, this deficit would have grown to around £74.4 million without corrective action, reflecting in particular volatility arising from the use of point in time assumptions about return on assets and discount rates and in particular the reduction in bond yields seen in December 2005. The defined benefit element of the fund is a closed fund, and as we get closer to the end of the fund's life, the IAS19 deficit will become realised. Consequently, we have decided to eliminate the average 2005 deficit. This has been achieved by an initial additional contribution of £20.0 million in December 2005, with the balance of £45.0 million paid in January 2006.

As a result of the above, the IAS 19 deficit at 31 December 2005 is £54.4 million, which reduces by £45.0 million to £9.4 million after the payments made in January 2006. The impact of these contributions will be minimal on the Group's earnings but will reduce the risk of significant increases in pension cost in the future.

OUTLOOK

We expect UK gross residential lending in 2006 to be similar to 2005 at around £300 billion, underpinned by a stable housing market and sustained remortgage activity. Economic conditions will remain fundamentally supportive, with interest rates remaining low during 2006.

Following two years of growth of assets at the top of our strategic range of 20% + / - 5% we intend that over the next two to three years the rate of growth of assets will move to the centre of the range, assisting both operational and capital efficiency. Also as income deferred under IFRS is recognised in the income statement and margins stabilise we expect to see underlying earnings growth move back to at least the centre of our strategic range of 15% + / - 5% and then converge towards asset growth in the medium term. Our strategic target for return on equity of 19% to 22% is also confirmed.

Cost efficiency ratios should continue to improve as cost growth returns to below income growth and at the lower end of the target of one half to two thirds of asset growth despite continuing our usual policy of investing in new infrastructure for future capacity and efficiency.

Risk management and credit quality remains paramount to Northern Rock's business, which will remain dominated by good quality prime residential mortgages. Whilst the extremely benign credit conditions of the last few years are unlikely to continue they are not expected to deteriorate significantly. This, together with increased focus on arrears management and sound provisioning policies, should ensure that loan loss impairment provisions will not increase markedly.

Capital efficiency will continue to benefit from further sales of securitisation reserve fund risk and in the future by the reduction in capital risk weightings under Basle II.

Our business model remains on track to deliver all of our strategic targets in terms of asset and profit growth, returns on equity and cost efficiency. This will benefit employees, customers and shareholders.

GOAL! the Movie opened in September 2005, heavily featuring Newcastle United FC sponsored by Northern Rock

DIRECTORS' REPORT AND ACCOUNTS
FOR THE YEAR ENDED 31 DECEMBER 2005

DIRECTORS' REPORT FOR THE YEAR ENDED 31 DECEMBER 2005

The Directors are pleased to present their report and the audited financial statements for the year ended 31 December 2005.

PRINCIPAL ACTIVITIES

The principal purpose of the Group is the provision of housing and other property finance, savings and a range of related personal financial and banking services in the UK.

REVIEW OF BUSINESS AND FUTURE DEVELOPMENTS

A review of the business and future developments is given in the Chairman's Statement, the Chief Executive's Report and the Operating and Financial Review.

DIVIDENDS

An interim dividend of 9.4p per share (2004 8.5p per share) was paid on 28 October 2005. The Directors propose a final dividend of 20.7p per share (2004 18.0p per share) to be paid on 26 May 2006 to shareholders on the register at the close of business on 28 April 2006.

TANGIBLE FIXED ASSETS

Land and buildings, which are included in the balance sheet at cost less accumulated depreciation, amounted to £97.6 million at 31 December 2005. In the Directors' opinion, based on valuations carried out by the Group's qualified chartered surveyors, the total market value of these assets was not significantly different.

Details of changes to tangible fixed assets are included in note 26 to the accounts.

POST BALANCE SHEET EVENTS

On 25 January 2006, the Group issued a further £6 billion of securitised notes, secured against loans and advances on residential properties, from the Granite Master Issuer programme.

The Directors are of the opinion that there have been no other significant events which have occurred since 1 January 2006 to the date of this report that are likely to have a material effect on the Group's financial position as disclosed in these accounts.

DIRECTORS

The current composition of the Board of Directors together with brief biographical details of each Director is shown on page 12. With the exception of the Directors noted below, all Directors have served on the Board throughout the year ended 31 December 2005.

On 5 January 2005, Mr K M Currie, Mr A M Kuipers and Mr M J Queen were appointed to the Board, and on 1 March 2005 Miss R A Radcliffe joined the Board.

Mr A J Applegarth, Sir Ian Gibson and Sir Derek Wanless retire by rotation at the Annual General Meeting and, being eligible, offer themselves for re-election. Details of the service contract for Mr A J Applegarth are set out on page 23. There are no service contracts in respect of the other Directors seeking re-election.

Sir George Russell will retire from the Board at the conclusion of the 2006 Annual General Meeting.

The interests of Directors in the shares of the Company at 31 December 2005 and 28 February 2006 are set out on page 30.

SHARES

The authorised and issued share capital are set out in note 36 to the accounts.

At the Annual General Meeting on 26 April 2005, a resolution was passed giving the Company the authority to make market purchases of Ordinary Shares up to a maximum of 10% of the issued share capital. A further resolution was passed providing for the Company to enter into a contingent purchase contract with The Northern Rock Foundation to repurchase Foundation Shares in the same proportion and at the same price as the Ordinary Shares repurchased. These authorities expire at the Annual General Meeting in 2006 when a resolution will be proposed for their renewal.

SUBSTANTIAL SHAREHOLDINGS

As at 28 February 2006, the following notifiable interests in the Company's Ordinary Shares had been reported to the Company:

Aviva plc	3.2%
Barclays PLC	4.8%
Legal & General Investment Management Limited	3.9%

CREDITOR PAYMENT POLICY

The Company's policy with regard to the payment of suppliers is to negotiate and agree terms and conditions with all its suppliers, which include the giving of an undertaking to pay suppliers within an agreed payment period.

The average creditor payment period at 31 December 2005 was 32 days (2004 21 days).

EMPLOYEES

Northern Rock's desire to involve employees as financial stakeholders in the Company continued in 2005. Under the Share Incentive Plan, shares with a market value at the date of award of £1.8 million were given to employees during the year. In January 2005 a further grant of options was made under the Employee Share Option Scheme. A total of 4,463,000 options were granted at an exercise price of £7.73 per share. These options may be exercised between 2008 and 2015. In March 2005 a further award of options was made under the Sharesave Scheme. A total of 808,621 options were granted at an exercise price of £7.27 per share. These options may be exercised between 2008 and 2010.

Employee communications are vital to the success of the Company, and good staff relations are a key part of management responsibility at all levels. Employee consultation takes place with the national committee of AMICUS. The Company also issues a bi-monthly staff magazine and weekly news bulletins.

The Company is committed to equal employment opportunities for everyone, and treats applicants for work solely on their ability to do the job.

CHARITABLE CONTRIBUTIONS

The Company is committed to a total contribution to The Northern Rock Foundation under a deed of covenant of £24.7 million based on its profits in 2005. Of this amount, it has already made a contribution of £14.7 million in October 2005, with a further contribution of £10.0 million to be paid in May 2006.

AUDITORS

The auditors, PricewaterhouseCoopers LLP, have indicated their willingness to continue in office and a resolution to reappoint them will be proposed at the Annual General Meeting.

By order of the Board

C Taylor, Company Secretary
28 February 2006

INDEPENDENT AUDITOR'S REPORT TO THE MEMBERS OF NORTHERN ROCK PLC

We have audited the Group and Company financial statements (the "financial statements") of Northern Rock plc for the year ended 31 December 2005 which comprise the Consolidated Income Statement, the Consolidated Balance Sheet, the Company Balance Sheet, the Consolidated Statement of Recognised Income and Expense, the Company Statement of Recognised Income and Expense, the Consolidated Cashflow Statement, the Company Cashflow Statement and the related notes. These financial statements have been prepared under the accounting policies set out therein. We have also audited the information in the Directors' Remuneration Report that is described as having been audited.

RESPECTIVE RESPONSIBILITIES OF DIRECTORS AND AUDITORS

The Directors' responsibilities for preparing the Annual Report and the financial statements in accordance with applicable law and International Financial Reporting Standards (IFRS) as adopted by the European Union are set out in the Statement of Directors' Responsibilities. The Directors are also responsible for preparing the Directors' Remuneration Report.

Our responsibility is to audit the financial statements and the part of the Directors' Remuneration Report to be audited in accordance with relevant legal and regulatory requirements and International Standards on Auditing (UK and Ireland). This report, including the opinion, has been prepared for and only for the Company's members as a body in accordance with Section 235 of the Companies Act 1985 and for no other purpose. We do not, in giving this opinion, accept or assume responsibility for any other purpose or to any other person to whom this report is shown or into whose hands it may come save where expressly agreed by our prior consent in writing.

We report to you our opinion as to whether the financial statements give a true and fair view and whether the financial statements and the part of the Directors' Remuneration Report to be audited have been properly prepared in accordance with the Companies Act 1985 and Article 4 of the IAS Regulation. We also report to you if, in our opinion, the Directors' Report is not consistent with the financial statements, if the Company has not kept proper accounting records, if we have not received all the information and explanations we require for our audit, or if information specified by law regarding Directors' remuneration and other transactions is not disclosed.

We review whether the Corporate Governance Statement reflects the company's compliance with the nine provisions of the 2003 FRC Combined Code specified for our review by the Listing Rules of the Financial Services Authority, and we report if it does not. We are not required to consider whether the Board's statements on internal control cover all risks and controls, or form an opinion on the effectiveness of the Group's corporate governance procedures or its risk and control procedures.

We read other information contained in the Annual Report and consider whether it is consistent with the audited financial statements. The other information comprises only the Chairman's Statement, the Chief Executive's Report, the Corporate Governance statement, the unaudited part of the Directors' Remuneration Report, the Community and Environmental Report, the Northern Rock Foundation report, the Operating and Financial Review and the Directors' Report. We consider the implications for our report if we become aware of any apparent misstatements or material inconsistencies with the financial statements. Our responsibilities do not extend to any other information.

BASIS OF AUDIT OPINION

We conducted our audit in accordance with International Standards on Auditing (UK and Ireland) issued by the Auditing Practices Board. An audit includes examination, on a test basis, of evidence relevant to the amounts and disclosures in the financial statements and the part of the Directors' Remuneration Report to be audited. It also includes an assessment of the significant estimates and judgments made by the Directors in the preparation of the financial statements, and of whether the accounting policies are appropriate to the Group's and Company's circumstances, consistently applied and adequately disclosed.

We planned and performed our audit so as to obtain all the information and explanations which we considered necessary in order to provide us with sufficient evidence to give reasonable assurance that the financial statements and the part of the Directors' Remuneration Report to be audited are free from material misstatement, whether caused by fraud or other irregularity or error. In forming our opinion we also evaluated the overall adequacy of the presentation of information in the financial statements and the part of the Directors' Remuneration Report to be audited.

OPINION

In our opinion:

- the Group financial statements give a true and fair view, in accordance with IFRS as adopted by the European Union, of the state of the Group's affairs as at 31 December 2005 and of its profit and cash flows for the year then ended;
- the Company financial statements give a true and fair view, in accordance with IFRS as adopted by the European Union as applied in accordance with the provisions of the Companies Act 1985, of the state of the parent company's affairs as at 31 December 2005 and cash flows for the year then ended; and
- the financial statements and the part of the Directors' Remuneration Report to be audited have been properly prepared in accordance with the Companies Act 1985 and Article 4 of the IAS Regulation.

1. Principal accounting policies

a) Accounting convention

These financial statements have been prepared in accordance with International Financial Reporting Standards ("IFRS") and IFRIC interpretations that, under European Regulations, are effective or available for early adoption at the Group's first reporting date under IFRS, 31 December 2005, and with those parts of the Companies Act, 1985 applicable to companies reporting under IFRS. The financial statements have been prepared under the historical cost convention as modified by the revaluation of available for sale investments, financial assets and liabilities held at fair value. A summary of the more important group accounting policies is set out below, together with an explanation of where changes have been made to previous policies on the adoption of new accounting standards in the year. Where comparative figures have been prepared under UK GAAP, the applicable accounting policy has been disclosed in the relevant note. Reconciliations from UK GAAP to IFRS are contained in notes 43 to 46.

The preparation of financial statements in conformity with generally accepted accounting principles requires the use of estimates and assumptions that affect the reported amounts of assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Although these estimates are based on management's best knowledge of the amount, event or actions, actual results ultimately may differ from those estimates.

b) Basis of consolidation

The financial information of the Group incorporates the assets, liabilities, and results of Northern Rock plc and its subsidiary undertakings (including Special Purpose Entities). Entities are regarded as subsidiaries where the Group has the power to govern financial and operating policies so as to obtain benefits from their activities. Inter-company transactions and balances are eliminated upon consolidation.

The acquisition method of accounting is used to account for the purchase of subsidiaries which are held at cost.

c) Interest income and expense

Interest income and expense are recognised in the income statement for all instruments measured at amortised cost using the effective interest method.

The effective interest method calculates the amortised cost of a financial asset or a financial liability, and allocates the interest income or interest expense over the relevant period. The effective interest rate is the rate that exactly discounts estimated future cash receipts or payments through the expected life of the financial instrument or, when appropriate, a shorter period to the net carrying amount of the financial asset or financial liability. When calculating the effective interest rate, the Group estimates cash flows considering all contractual terms of the financial instrument (for example prepayment options) but does not consider future credit losses. The calculation includes all amounts received or paid by the Group that are an integral part of the overall return, direct incremental transaction costs related to the acquisition or issue of a financial instrument and all other premiums and discounts.

Once a financial asset or a group of similar financial assets has been written down as a result of an impairment loss, interest income is recognised using the rate of interest used to discount the future cash flows for the purpose of measuring the impairment loss.

d) Fees and commissions

Where they are not included in the effective interest calculation, fees and commissions are generally recognised on an accruals basis when the service has been provided. Loan commitment fees for loans that are likely to be drawn down are deferred (together with related incremental direct costs) and recognised as an adjustment to the effective interest rate on the loan. Insurance commissions are recognised in the period in which they are earned.

e) Financial instruments

Financial assets can be classified in the following categories: loans and receivables, available for sale, held to maturity or financial assets at fair value through profit and loss. Management determines the classification of its investments at initial recognition. The Group measures all of its financial liabilities at amortised cost, other than those instruments which have been designated as part of a hedging relationship (see below). All regular way trades are accounted for on a trade date basis.

i) Loans and receivables and financial liabilities at amortised cost
The Group's loans and advances to customers are classified as loans and receivables. Loans and receivables are non-derivative financial assets with fixed or determinable payments that are not quoted in an active market, whose recoverability is based solely on the credit risk of the customer and where the Group has no intention of trading the loan. Both loans and receivables and financial liabilities are initially recognised at fair value including direct and incremental transaction costs. Subsequent recognition is at amortised cost using the effective interest method.

ii) Available for sale financial assets
Available for sale financial assets are non-derivative financial assets, principally but not exclusively investment securities intended to be held for an indefinite period of time which may be sold in response to needs for liquidity or changes in interest rates, exchange rates or equity prices. They are initially measured at fair value including direct and incremental transaction costs. Subsequent measurement is at fair value, with changes in fair value being recognised in equity except for impairment losses and translation differences, which are recognised in the income statement. Upon derecognition of the asset, or where there is objective evidence that the investment security is impaired, the cumulative gains and losses recognised in equity are removed from equity and recycled to the income statement.

iii) Held to maturity financial assets
Held to maturity financial assets are non-derivative financial assets with fixed or determinable payments that the Group has the ability and intention to hold to maturity. They are initially measured at fair value including direct and incremental transaction costs. Subsequent measurement is at amortised cost using the effective interest method.

iv) Financial assets at fair value through profit or loss
A financial asset is classified in this category if it is so designated by management on initial recognition. Derivatives are held at fair value through profit or loss unless they are designated as cash flow hedges. The assets are initially measured at fair value, with transaction costs taken directly to the income statement. Subsequent measurement is at fair value, with changes in fair value included directly in the income statement.

The fair values of quoted investments in active markets are based on current bid prices. If the market for a financial asset is not active (and for unlisted securities), the Group establishes fair value using valuation techniques. These include the use of recent arm's length transactions, discounted cash flow analysis, option pricing models and other valuation techniques commonly used by market participants.

f) Offsetting financial instruments

Financial assets and liabilities are offset and the net amount reported in the balance sheet when there is a legally enforceable right to offset the recognised amounts and there is an intention to settle on a net basis, or realise the asset and settle the liability simultaneously.

g) Derivative financial instruments and hedge accounting

The Group undertakes transactions in derivative financial instruments, which include cross currency swaps, interest rate swaps, equity swaps, interest rate caps, forward rate agreements, options, foreign exchange contracts and similar instruments, for non-trading purposes.

The Group's derivative activities are entered into for the purpose of matching or eliminating risk from potential movements in interest and foreign exchange rates inherent in the Group's assets, liabilities and positions. All derivative transactions are for economic hedging purposes and so it is therefore decided at the

1. Principal accounting policies (continued)

outset which position the derivative will be hedging. Derivatives are reviewed regularly for their effectiveness as hedges and corrective action taken, if appropriate. Derivatives are measured initially at fair value and subsequently remeasured to fair value. Fair values are obtained from quoted market prices in active markets and where these are not available from valuation techniques including discounted cash flow models and option pricing models. Where derivatives are not designated as part of a hedging relationship, changes in fair value are recorded in the income statement. Where derivatives are designated within hedging relationships, the treatment of the fair value changes depends on the nature of the hedging relationship as explained below.

Hedge accounting is used for derivatives designated in this way provided certain criteria are met. The Group documents at inception of the hedge relationship the link between the hedging instrument and the hedged item as well as its risk management objective and strategy for undertaking various hedge transactions. The Group also documents its assessment both at hedge inception and on an ongoing basis of whether the derivatives used in hedging transactions are highly effective in offsetting changes in the fair values or cash flows of hedged items.

i) Cash flow hedges
A cash flow hedge is used to hedge exposures to variability in cash flows, such as variable rate financial assets and liabilities. The effective portion of changes in the derivative fair value is recognised in equity, and recycled to the income statement in the periods when the hedged item will affect profit and loss. The fair value gain or loss relating to the ineffective portion is recognised immediately in the income statement.

ii) Fair value hedges
A fair value hedge is used to hedge exposures to variability in the fair value of financial assets and liabilities, such as fixed rate loans. Changes in fair value of derivatives that are designated and qualify as fair value hedges are recorded in the income statement, together with any changes in the fair value of the hedged asset or liability that are attributable to the hedged risk. If the hedge no longer meets the criteria for hedge accounting, the adjustment to the carrying amount of the hedged item is amortised to the income statement over the period to maturity.

If derivatives are not designated as hedges then changes in fair values are recognised immediately in the income statement.

iii) Embedded derivatives
Certain derivatives are embedded within other non-derivative host instruments to create a hybrid instrument. Where the economic characteristics and risks of the embedded derivatives are not closely related to the economic characteristics and risk of the host instrument, and where the hybrid instrument is not measured at fair value, the Group separates the embedded derivative from the host instrument and measures it at fair value with the changes in fair value recognised in the income statement.

h) Sale and repurchase agreements

Securities sold subject to repurchase agreements ('repos') are reclassified in the financial statements as assets pledged when the transferee has the right by contract or custom to sell or repledge the collateral; the counterparty liability is included in amounts due to other banks, deposits from banks, other deposits or deposits due to customers, as appropriate. Securities purchased under agreements to resell, ('reverse repos'), are recorded as loans and advances to banks or customers as appropriate. The difference between sale and repurchase price is treated as interest and accrued over the life of the agreements using the effective interest method. Securities lent to counterparties are also retained in the financial statements.

Securities borrowed are not recognised in the financial statements, unless these are sold to third parties, in which case the obligation to return them is recorded at fair value as a trading liability.

i) Impairment losses

The Group assesses its financial assets or groups of financial assets for objective evidence of impairment at each balance sheet date. An impairment loss is recognised if, and only if, there is a loss event (or events) that has occurred after initial recognition and before the balance sheet date and has a reliably measurable impact on the estimated future cash flows of the financial assets or groups of financial assets.

i) Assets held at amortised cost

The Group first assesses whether objective evidence of impairment exists individually for financial assets that are individually significant, and individually or collectively for financial assets that are not individually significant. Objective evidence that a financial asset is impaired includes observable data that comes to the attention of the Group about the following loss events:

a) significant financial difficulty of the issuer or obligor;

b) a breach of contract, such as a default or delinquency in interest or principal repayments;

c) the lender, for economic or legal reasons relating to the borrower's financial difficulty, granting to the borrower a concession that the lender would not otherwise consider;

d) it becomes probable that the borrower will enter bankruptcy or other financial reorganisation;

e) the disappearance of an active market for that financial asset because of financial difficulties; or

f) observable data indicating that there is a measurable decrease in the estimated future cash flows from a portfolio of assets since the initial recognition of those assets, although the decrease cannot yet be identified with the individual financial assets in the portfolio, including:

i. adverse changes in the payment status of borrowers in the portfolio;

ii. national or local economic conditions that correlate with defaults on the assets in the portfolio.

If the Group determines that no objective evidence of impairment exists for an individually assessed financial asset, whether significant or not, it includes the asset in a group of financial assets with similar credit risk characteristics and collectively assesses them for impairment. Assets that are individually assessed and for which an impairment loss is or continues to be recognised are not included in a collective assessment of impairment.

If there is objective evidence that an impairment loss on loans and receivables has been incurred, the amount of the loss is measured as the difference between the asset's carrying amount and the present value of the estimated future cash flows (excluding future credit losses that have not been incurred) discounted at the financial asset's original effective interest rate. The carrying amount of the asset is reduced through the use of an impairment allowance and the amount of the loss is recognised in the income statement. In future periods the unwind of the discount is recognised within interest income.

When a loan is uncollectible, it is written off against the related provision for loan impairment. Such loans are written off after all the necessary procedures have been completed and the amount of the loss has been determined. Subsequent recoveries of amounts previously written off decrease the amount of the provision for loan impairment in the income statement.

If, in a subsequent period, the amount of the impairment loss decreases and the decrease can be related objectively to an event occurring after the impairment was recognised (such as an improvement in the customer's credit rating), the previously recognised impairment loss is reversed by adjusting the impairment allowance. The amount of the reversal is recognised in the income statement.

1. Principal accounting policies (continued)

ii) Available for sale financial assets

- For available for sale financial assets, the Group assesses at each balance sheet date whether there is objective evidence that a financial asset, or group of financial assets are impaired. The amount of the loss is measured as the difference between the asset's carrying amount and the present value of estimated cash flows. The rate used to discount the cash flows is the original effective rate on the available for sale financial asset. The amount of the impairment loss is recognised in the income statement. This includes cumulative gains and losses previously recognised in equity which are recycled from equity to the income statement.

j) Derecognition of financial assets and liabilities

Derecognition is the point at which the Group removes an asset or liability from its balance sheet. The Group's policy is to derecognise financial assets only when the contractual right to the cash flows from the financial asset expires. The Group also derecognises financial assets that it transfers to another party provided the transfer of the asset also transfers the right to receive the cash flows of the financial asset. Where the transfer does not result in the Group transferring the right to receive the cash flows of the financial assets, but it does result in the Group assuming a corresponding obligation to pay the cash flows to another recipient, the financial assets are also accordingly derecognised.

The Group derecognises financial liabilities only when the obligation specified in the contract is discharged, cancelled or has expired.

k) Securitisation transactions

Certain Group companies have issued debt securities in order to finance specific loans and advances to customers. Both the debt securities in issue and the loans and advances to customers remain on the Group balance sheet within the appropriate balance sheet headings unless:

i) a fully proportional share of all or of specifically identified cash flows have been transferred to the holders of the debt securities, in which case that proportion of the assets are derecognised;

ii) substantially all the risks and rewards associated with the assets have been transferred, in which case the assets are fully derecognised; or

iii) if a significant proportion of the risks and rewards have been transferred, the assets are recognised only to the extent of the Group's continuing involvement.

All transactions previously recognised under UK GAAP on the basis of linked presentation have been recognised by the separate presentation of the gross assets and the related funding.

l) Debt and equity securities in issue

Issued securities are classified as liabilities where the contractual arrangements result in the Group having an obligation to deliver either cash or another financial asset to the security holder, or to exchange financial instruments under conditions that are potentially unfavourable to the Group. Issued securities are classified as equity where they meet the definition of equity and confer a residual interest in the Group's assets on the holder of the securities.

Financial liabilities are carried at amortised cost using the effective interest rate (see "interest income and expense"). Equity instruments are initially recognised at net proceeds, after deducting transaction costs and any related income tax. Appropriations to holders of equity securities are deducted from equity, net of any related income tax, as they become irrevocably due to the holders of the securities.

m) Foreign currency translation

The Group's financial statements are presented in sterling, which is the functional currency of the parent company. Items included in the financial statements of each of the Group's entities are measured using their functional currency, which is the currency of the primary economic environment in which they operate.

Foreign currency transactions are translated into functional currency using the exchange rates prevailing at the dates of the transactions. Monetary items denominated in foreign currencies are translated at the rate prevailing at the balance sheet date. Foreign exchange gains and losses resulting from the restatement and settlement of such transactions are recognised in the income statement, except when deferred in equity as qualifying cash flow hedges. Non-monetary items measured at amortised cost and denominated in foreign currencies are translated at the exchange rate at the date of the transaction. Non-monetary items measured at fair value are translated at the exchange rate at the date of valuation. Where these are held at fair value through profit and loss, exchange differences are reported as part of the fair value gain or loss. Where they are held as available for sale, exchange differences are reported directly in equity.

n) Share-based payments

Share-based payments are accounted for on a fair value basis. The Group measures the fair value of the Long Term Incentive Plan ("LTIP") using a Monte Carlo simulation model and the fair value of the Save-As-You-Earn scheme and all other share based payment schemes using a Black-Scholes option pricing model. The fair value is recognised in the income statement over the relevant vesting period and adjusted for forfeitures, with the number of shares expected to be forfeited estimated at each balance sheet date prior to the vesting date. The impact of any revisions to estimates is reflected in the income statement, with the corresponding adjustment recognised in equity. The only exception is where the share-based payment has vesting outcomes attached to market based performance conditions such as in the case of the LTIPs. Under these circumstances, the Monte Carlo simulation model takes into account these market based performance conditions which effectively estimate the number of shares expected to vest. No subsequent adjustment is then made to the fair value charge for shares that do not vest in the event that these performance conditions are not met.

In accordance with the transitional provisions of IFRS – 2 Share-based Payment, the Group has only applied the requirements of the standard to equity settled share-based payments granted after 7 November 2002.

o) Intangible assets

i) Goodwill

Goodwill arising on the acquisition of subsidiary companies, which is represented by the excess of fair value of the purchase consideration over the fair value of the assets acquired, is capitalised and shown as an asset in the balance sheet. It is reviewed for impairment annually. Any impairment is recognised immediately in the income statement and is not subsequently reversed.

Goodwill arising on acquisitions before the date of transition to IFRS has been retained at the previous UK GAAP amount, having been tested for impairment at 31 December 2003. Goodwill written off to reserves under UK GAAP prior to the introduction of FRS 10 "Goodwill and Intangible Assets" in 1998 has not been reinstated and is not included in determining any subsequent profit or loss on disposal.

ii) Computer software

Costs incurred in acquiring and developing computer software for internal use are capitalised as intangible assets where the software leads to the creation of an identifiable non-monetary asset and it is probable that the expected future economic benefits that are attributable to the asset will flow to the Group from its use for a period of over one year. The software is classified as an intangible asset where it is not an integral part of the related hardware and amortised over its estimated useful life which is generally 3 to 5 years.

Costs associated with maintaining software are expensed as they are incurred.

p) Cash and cash equivalents

For the purposes of the cashflow statement, cash and cash equivalents comprise balances with less than three months' maturity from the date of acquisition, including cash and non-restricted balances with central banks. This differs from UK GAAP, where only cash and balances available on demand were regarded as cash.

1. Principal accounting policies (continued)

q) Taxation

Income tax payable on taxable profits ('current tax') is recognised as an expense in the period in which the profits arise. Income tax recoverable on tax allowances is recognised as an asset only to the extent that it is regarded as recoverable by offset against current or future taxable profits.

Deferred income tax is provided in full, using the liability method, on temporary differences arising between tax bases of assets and liabilities and their carrying amounts in the consolidated financial statements. Deferred tax is determined using tax rates that have been enacted or substantially enacted by the balance sheet date and are expected to apply when the deferred tax asset is realised or the deferred tax liability is settled.

Deferred and current tax assets and liabilities are only offset when they arise in the same reporting tax group and where there is both a legal right of offset and the intention to settle on a net basis or to realise the asset and settle the liability simultaneously.

r) Pensions and employee benefits

The Company operates the Northern Rock Pension Scheme (the "Scheme") to provide retirement benefits for staff. Staff who joined the Scheme before 1 July 1999 participate in the funded, contracted out, defined benefit section of the scheme unless they opt out. Other staff, including those employed at 1 July 1999 but not members of the defined benefit section of the Scheme at that date, together with staff employed from 1 July 1999, participate in the defined contribution section of the scheme unless they opt out. The assets of both sections of the Scheme are held in a trustee-administered fund separate from the assets of Northern Rock plc.

A full actuarial valuation of the Group's defined benefit section of the scheme is undertaken every three years with interim reviews in the intervening years; these valuations are updated to 31 December each year by qualified independent actuaries. For the purpose of these annual updates, scheme assets are included at their fair value and scheme liabilities are measured on an actuarial basis using the projected unit credit method. Liabilities in the defined benefit section of the scheme are discounted using rates equivalent to the market yields at the balance sheet date on high quality corporate bonds that are denominated in the currency in which the benefits will be paid, and that have terms to maturity approximating to the terms of the related pension liability. The resulting net surplus or deficit is included in the Group's balance sheet. Surpluses are only recognised to the extent that they are recoverable through reduced contributions in the future or through refunds from the scheme.

The Group's income statement includes the current service cost of providing pension benefits, the expected return on the scheme's assets, net of administration costs, and the interest cost on the scheme's liabilities. Cumulative actuarial gains and losses arising from experience adjustments and changes in actuarial assumptions are recognised immediately through the Statement of Recognised Income and Expense.

Past service costs are recognised immediately in the income statement, unless the changes to the Scheme are conditional on the employees remaining in service for a specified period of time (the vesting period). In this case, the past-service costs are amortised on a straight line basis over the average vesting period.

For defined contribution plans, the Company has no further payment obligations once the contributions have been paid. The contributions are recognised as an employee benefit expense when they are due. Prepaid contributions are recognised as an asset to the extent that a cash refund or a reduction in the future payments is available.

s) Property, plant and equipment

Property, plant and equipment are stated at cost less accumulated depreciation and provision for impairment, as appropriate. Additions and subsequent expenditure are included in the asset's carrying value or are recognised as a separate asset only when they improve the expected future economic benefits to be derived from the asset. All other repairs and maintenance are charged to the income statement in the period in which they are incurred.

Depreciation is provided using the straight line method to allocate costs less residual values over estimated useful lives, as follows:

Freehold property	100 years
Leasehold property	Unexpired period of the lease
Plant, equipment, fixtures and fittings	
– plant	30 years
– furniture	10 years
– other	5 years
Computer equipment	
– PCs	3 years
– other	5 years
Motor vehicles	4 years

Assets' residual values and useful lives are reviewed, and adjusted if appropriate, at each balance sheet date.

Where the cost of freehold land can be identified separately from buildings, the land value is not depreciated. Fixed assets are subject to impairment testing, if deemed appropriate.

Assets in the course of construction are not depreciated until they have been completed and transferred to the appropriate category of property, plant and equipment. The costs of financing assets in the course of construction are not included in the costs of the assets.

t) Leases

Operating lease payments are charged to the income statement on a straight line basis unless a different systematic basis is more appropriate. Where an operating lease is terminated before the lease period has expired, any payment required to be made to the lessor in compensation is charged to the income statement in the period in which termination is made.

u) Share capital

i) Share issue costs
Incremental costs directly attributable to the issue of new shares or options are shown in equity as a deduction, net of tax, from the proceeds.

ii) Dividends on ordinary shares
Dividends on ordinary shares are recognised in equity in the period in which they are approved by the Company's shareholders or paid.

iii) Treasury shares
Where any Group company purchases the Company's equity share capital, the consideration paid is deducted from total shareholders' equity as treasury shares until they are cancelled. Where such shares are subsequently sold or reissued, any consideration received is included in shareholders' equity.

v) Transition to IFRS

The Group's financial statements for the year ending 31 December 2005 are the first annual financial statements that comply with IFRS.

Northern Rock plc's transition date is 1 January 2004. The Group prepared its opening IFRS balance sheet at that date. The Group's IFRS adoption date is 1 January 2005.

In preparing these financial statements in accordance with IFRS 1, the Group has applied the following optional exemptions and mandatory exceptions from full retrospective application of IFRS.

1. Principal accounting policies (continued)

Applicable optional exemptions from full retrospective application elected by the Group

i) Business combinations
Northern Rock has applied the business combinations exemption in IFRS 1. It has not restated business combinations that took place prior to the 1 January 2004 transition date.

ii) Fair value as deemed cost
Northern Rock has elected to measure certain items of property, plant and equipment at fair values as at 1 January 2004. The application of this exemption is detailed in note 44h.

iii) Employee benefits
Northern Rock has elected to recognise all cumulative actuarial gains and losses on its final salary pension scheme at 1 January 2004, and to apply the exemption under IFRS 1 paragraph 20A from providing four years' comparative amounts in respect of disclosures of the history of experience gains and losses.

iv) Exemption from restatement of comparatives for IAS 32 and IAS 39
Northern Rock has elected to apply this exemption, with the exception in regards to the recognition of previously derecognised assets and liabilities of securitisation vehicles and inactive retail accounts in accordance with IFRS 1 paragraph 27A. It has applied previous UK GAAP rules to derivatives, financial assets and financial liabilities and to hedging relationships for the 2004 comparative information. The adjustments required for differences between UK GAAP and IAS 32 and IAS 39 are determined and recognised at 1 January 2005. The adjustments are detailed in note 46.

v) Designation of financial instruments
Northern Rock reclassified various securities as available for sale investments. The adjustments relating to IAS 32 and IAS 39 at the opening balance sheet date of 1 January 2005, the IAS 32/39 transition date, are detailed in note 46.

vi) Share based transactions
Northern Rock has elected to apply the share based payment exemption. It applies IFRS 2 from 1 January 2004 to those share based payment schemes that were granted after 7 November 2002 but that have not vested by 1 January 2005.

vii) Recognition of financial assets and liabilities

Northern Rock has applied the exemption in IFRS 1 paragraph 27A to financial assets and liabilities of securitisation vehicles and to inactive retail accounts previously derecognised. All such balances previously derecognised under UK GAAP are recognised on the balance sheet at transition date.

Applicable mandatory exceptions from full retrospective application followed by the Group

i) Hedge accounting

Management has applied the hedge accounting exception from 1 January 2005 only if the hedge relationship meets all the hedge accounting criteria under IAS 39. The application of this exception at the opening balance sheet date of 1 January 2005 is detailed in note 46.

w) Standards, interpretations and amendments to published standards that are not yet effective

Certain new standards, amendments and interpretations to existing standards have been published that are relevant and mandatory for the Group's accounting periods beginning on or after 1 January 2006 or later periods but which the Group has not adopted early, as follows:

i) IFRS 7, Financial Instruments: Disclosures, and a complementary amendment to IAS 1, Presentation of Financial Statements – Capital Disclosures (effective 1 January 2007).

IFRS 7 amends disclosures relating to financial instruments and requires the disclosure of qualitative and quantitative information relating to exposure to risks arising from financial instruments, including specified disclosures about credit risk, market risk and liquidity risk. It replaces IAS 30, Disclosures in the Financial Statements of Banks and Similar Financial Institutions, and disclosure requirements in IAS 32, Financial Instruments: Disclosure and Presentation. The amendment to IAS 1 introduces disclosures about the level of an entity's capital, and how it manages it.

2. Critical accounting estimates

a) Impairment losses on loans and advances

Individual impairment losses on loans and advances are calculated based on an individual valuation of the underlying asset. Collective impairment losses on loans and advances are calculated using a statistical model. The key assumptions used in the model are the probability of any account going into default in the next twelve months, the loss incurred in the event of possession or write off, the roll rates of borrowers moving from lower levels of arrears to serious arrears and possession or write off, and the time period from the date of the event causing the loss to the date of realisation of the property or write off. The probability of accounts going into default is based on application and behavioural scorecards, which are regularly recalibrated to take account of current circumstances. These key assumptions are based on observed data from historical patterns from lending over previous years and are updated regularly based on new data as it becomes available. In addition, management considers how appropriate past trends and patterns might be in the current economic situation and makes any adjustments that it believes to be necessary to reflect current conditions. The accuracy of the impairment calculation would therefore be affected by unexpected changes to the economic situation, inaccuracies within the models used compared to actual outcomes and assumptions which differ from actual outcomes. To the extent that the loss given default differs by +/- 10%, the impairment allowance would be an estimated £12.1m higher or £12.0m lower respectively.

b) Fair value calculations

Fair value is defined as the value at which assets, liabilities or positions could be closed out or sold in a transaction with a willing and knowledgeable counterparty. For the majority of instruments carried at fair value, these are determined by reference to quoted market prices. Where these are not available, fair value is based upon cash flow models, which use wherever possible independently sourced market parameters such as interest rate yield curves, currency rates and option volatilities. Other factors are also considered, such as counterparty credit quality and liquidity. Management must use judgement and estimates where not all necessary data can be externally sourced or where factors specific to Northern Rock's holdings need to be considered. The accuracy of the fair value calculations would therefore be affected by unexpected market movements, inaccuracies within the models used compared to actual outcomes and incorrect assumptions. For example, if management were to use a tightening in the credit spread of 10 basis points, the fair values of liabilities and derivatives would increase from the reported fair values by £83.8m.

c) Average life of secured lending

IAS 39 requires interest earned from mortgage lending to be measured under the effective interest method. The effective interest rate is the rate that exactly discounts estimated future cash receipts or payments through the expected life of the financial instrument or, when appropriate, a shorter period to the net carrying amount of the financial asset.

Management must therefore use judgement to estimate the expected life of each instrument and hence the expected cash flows relating to it. The accuracy of the effective interest rate would therefore be affected by unexpected market movements resulting in altered customer behaviour, inaccuracies in the models used compared to actual outcomes and incorrect assumptions. If the estimated average life of secured loans were increased or reduced by one month, the value of such loans on the balance sheet would be increased or decreased by £9.7m and £10.4m respectively.

2. Critical accounting estimates (continued)

d) Pension benefits

The present value of the pensions obligations is dependent upon an actuarial calculation which includes a number of assumptions. These assumptions include the discount rate, which is used to determine the present value of the estimated future cash outflows that will be required to meet the pension obligation. In determining the appropriate discount rate to use, the Group considers market yields of high quality corporate bonds denominated in sterling that have terms to maturity approximating the terms of the pension liability. Were this discount rate to reduce by 0.1% or increase by 0.1% from the current management estimate, the carrying value of the pension obligations would be an estimated £6.6m higher or £6.6m lower respectively.

Other key assumptions for pensions benefits including mortality tables are based in part upon current market conditions. Additional information is included in note 7.

3. Interest and similar income

	2005 £m	2004 £m
On secured advances	3,220.2	2,303.4
On other lending	337.0	323.5
On investment securities and deposits	499.5	362.5
	4,056.7	2,989.4

The accounting policy under UK GAAP for revenue recognition in 2004 is set out below.

"Interest income is recognised in the profit and loss account on an accruals basis, except for income on loans taken into possession which is taken to income when it is received.

Fees receivable from customers to reimburse the Group for costs incurred are taken to the profit and loss account when due. Fees receivable relating to ongoing services are taken to income when the related service is performed, and fees in lieu of interest are taken to income on a level yield basis over the life of the loan."

Included within the above is £3.3m with respect to the unwind of the impairment allowance discount.

4. Interest expense and similar charges

	2005 £m	2004 £m
On retail customer accounts	841.7	689.7
On other deposit accounts	2,398.7	1,714.5
On subordinated liabilities	53.7	85.5
On tier one notes	14.0	13.0
On reserve capital instruments	(3.7)	19.8
	3,304.4	2,522.5

5. Administrative expenses

	2005 £m	2004 £m
Wages and salaries	121.9	100.9
Social security costs	10.6	8.9
Other pension costs	12.0	9.8
Total staff costs	144.5	119.6
Other administrative expenses	81.6	80.5
	226.1	200.1
Other administrative expenses include:		
Hire of equipment	5.3	5.5
Property rentals	3.6	3.1
Remuneration of auditors: statutory audit	1.7	1.1
further assurance services	0.8	1.0
	2.5	2.1

Remuneration of auditors for audit work for the Company amounted to £1.3m (2004 £0.7m).
Further assurance services comprises services provided in respect of International Financial Reporting Standards, securitisation transactions and the raising of wholesale funding. No other consultancy advice was provided.

The average number of persons employed by the Group and Company was as follows:

	2005	2004
Full time	4,569	3,916
Part time	1,210	1,064

6. Share based payment

Summary of schemes

Northern Rock grants share options to executive officers and employees under the following schemes:

- Employee Share Option Scheme
- Employee Sharesave Scheme

Equity instruments other than options have been granted under the following schemes:

- Share Incentive Plan
- Long Term Incentive Plan
- Share Matching Scheme
- Deferred Share Scheme

Further details of each scheme are given below.

Share Option Schemes

Employee Share Option Scheme

The Employee Share Option Scheme is an incentive scheme established in 1998 under which eligible employees may be granted share options. In accordance with the scheme, options are granted at an exercise price equivalent to market price on the grant date with a vesting period of 3 years. Upon vesting, options may be exercised up to ten years from the grant date.

An initial grant of options was made in 1998, a second grant was made in 2002 and a further grant was made in 2005.

Employee Sharesave Scheme

Qualifying employees may participate in the Employee Sharesave Schemes which are HM Revenue & Customs approved Save As You Earn ("SAYE") option schemes. Under these schemes, employees may contribute a portion of their monthly salary, up to a specified maximum amount, and at the expiry of a fixed term have the option to use the savings to acquire shares in Northern Rock plc. The fixed terms outlined in the schemes for option vesting are three, five and seven years. Options can be exercised up to six months after vesting. Employees who leave the Company prior to the options fully vesting may be able to exercise their options, for up to six months, if they meet certain specified criteria. Options are granted to the employees at a discount from the market price. This was 20% for the first two grants and 10% for subsequent grants. The vesting period for the options is equivalent to the fixed terms in accordance with the schemes' rules.

Four Sharesave schemes are currently in operation resulting from options offered to employees during 1997, 2000, 2003 and 2005. Employees can save in any number of the schemes up to an overall specified maximum amount.

The following tables summarise the movement in the number of share options between those outstanding at the beginning and end of the year, together with changes in the weighted average exercise price over the same period. The number of shares authorised for grant under each scheme was equal to the actual number of shares granted in all years presented.

	Options outstanding at the beginning of the year	Options granted during the year	Options exercised during the year	Options forfeited during the year	Options expired during the year	Options outstanding at the end of the year	Options exercisable at the end of the year
2005							
Employee Sharesave (2005) Scheme	–	808,621	(41)	(36,381)	–	772,199	–

2004							
Employee Sharesave (2003) Scheme	912,660	–	(8,182)	(78,890)	–	825,588	1,331
Employee Sharesave (2000) Scheme	1,394,391	–	(27,946)	(20,924)	–	1,345,521	–
Employee Sharesave (1997) Scheme	36,444	–	(3,178)	(2,345)	–	30,921	–
Employee Share Option (2002) Scheme	3,369,000	–	(172,000)	(212,000)	–	2,985,000	1,000
Employee Share Option (1998) Scheme	945,565	–	(368,295)	(7,500)	–	569,770	569,770

All options outstanding at 31 December 2005 under the Employee Sharesave (2005) Scheme, the Employee Sharesave (2003) Scheme, the Employee Sharesave (2000) Scheme, the Employee Sharesave (1997) Scheme, the Employee Share Option (2005) Scheme, the Employee Share Option (2002) Scheme and the Employee Share Option (1998) Scheme were granted with an exercise price of £7.27, £5.98, £2.15, £3.81, £7.73, £6.41 and £6.18 respectively. The market price of the Company's shares at the grant date for each of these schemes was £8.08, £6.40, £3.07, £4.82, £7.73, £6.41 and £6.18 respectively.

Share-based compensation costs relating to these schemes were as follows:

	2005 £m	2004 £m
Employee Sharesave (2005) Scheme	0.2	–
Employee Sharesave (2003) Scheme	0.4	0.3
Employee Sharesave (2000) Scheme*	–	–
Employee Sharesave (1997) Scheme*	–	–
Employee Share Option (2005) Scheme	1.4	–
Employee Share Option (2002) Scheme*	–	–
Employee Share Option (1998) Scheme*	–	–

*In accordance with the transitional provisions, the Group has only applied the requirements of IFRS 2 – Share-based Payment to equity settled share-based payments granted after 7 November 2002.

6. Share based payment (continued)

The fair value of options granted during the year were as follows:

	2005 £	2004 £
Employee Sharesave (2005) Scheme		
Three year vesting	1.73	–
Five year vesting	2.17	–
Employee Share Option (2005) Scheme	1.54	–

The fair value of options granted during the year was determined using a Black Scholes valuation model. The significant inputs into the model were share prices at the grant date, exercise prices, and option lives as disclosed above, and volatility and risk free interest rates as follows:

Volatility	2005 %	2004 %
Employee Sharesave (2005) Scheme		
Three year vesting	25.1	–
Five year vesting	28.6	–
Employee Share Option (2005) Scheme	25.3 – 29.1	–

The volatility is based on a statistical analysis of daily share prices over a period equal to the vesting period of each scheme ending on the day before the grant date for each scheme.

Risk free interest rates	2005 %	2004 %
Employee Sharesave (2005) Scheme		
Three year vesting	4.8	–
Five year vesting	4.8	–
Employee Share Option (2005) Scheme	4.5 – 4.6	–

The weighted average remaining contractual life of options outstanding at 31 December 2005 were as follows.

Employee Sharesave (2005) Scheme	3.9 years
Employee Sharesave (2003) Scheme	1.8 years
Employee Sharesave (2000) Scheme*	1.8 years
Employee Sharesave (1997) Scheme*	–
Employee Share Option (2005) Scheme	9.1 years
Employee Share Option (2002) Scheme*	6.5 years
Employee Share Option (1998) Scheme*	2.4 years

*In accordance with the transitional provisions, the Group has only applied the requirements of IFRS 2 – Share-based Payment to equity settled share-based payments granted after 7 November 2002.

Other Equity Instruments

Share Incentive Plan/Approved Profit Sharing Scheme

The Share Incentive Plan ("SIP") was established in 2003 and is available to all employees who have completed a minimum of six months of service. Provided that the Group meets certain performance criteria annually as outlined in the SIP, eligible employees are granted rights to shares in Northern Rock plc for an amount not in excess of 5% of their annual salary, subject to a maximum of £3,000, free from any consideration. The rights to shares vest immediately. The Company subsequently purchases shares to satisfy the shares vested and transfers them to an independent trustee company. Shares are transferred to the employees by the trustee company on the fifth anniversary of the grant date. The SIP was introduced following changes to UK legislation regarding employee share compensation schemes. Prior to this the Company operated an Approved Profit Sharing Scheme ("APSS") for employees. The qualifying conditions for and operation of APSS were the same as for SIP except that shares were transferred to the employees by the trustee company on the third anniversary of the grant date rather than the fifth anniversary. Compensation expense relating to these schemes was £1.8m (2004 £1.8m).

Long Term Incentive Plan

Executive Directors and certain other senior executives are granted rights to shares under the Long Term Incentive Plan ("LTIP"). All details relating to this scheme are included within the Directors' Remuneration Report on pages 28 and 29.

The following tables summarise the movement in the number of share options between those outstanding at the beginning and end of the year, together with changes in weighted average exercise price over the same period. The number of shares authorised for grant under each scheme was equal to the actual number of shares granted in all years presented.

Details of rights to shares held by Executive Directors are included within the Directors' Remuneration Report on page 28. Details of all rights held under the scheme are shown below:

	Rights outstanding at the beginning of the year	Rights granted during the year	Rights exercised during the year	Rights forfeited during the year	Rights expired during the year	Rights outstanding at the end of the year	Rights exercisable at the end of the year
2005							
LTIP 2005-2007 Scheme	–	669,318	–	–	–	669,318	–
LTIP 2004-2006 Scheme	591,441	–	–	–	–	591,441	–
LTIP 2003-2005 Scheme	636,966	–	–	–	–	636,966	–
LTIP 2002-2004 Scheme	389,040	–	(282,836)	(106,204)	–	–	–
2004							
LTIP 2004-2006 Scheme	–	591,441	–	–	–	591,441	–
LTIP 2003-2005 Scheme	636,966	–	–	–	–	636,966	–
LTIP 2002-2004 Scheme	389,040	–	–	–	–	389,040	–
LTIP 2001-2003 Scheme	377,750	–	(377,750)	–	–	–	–

6. Share based payment (continued)

The fair value of shares granted during the year was determined using a Monte Carlo simulation model. The significant inputs into the model were share prices of £7.68, £7.40 and £6.15 at the grant date in 2005, 2004 and 2003 respectively, exercise price of nil, standard deviation of expected share price returns of 25.3%, 29.0% and 33.5% respectively, option life of 3 years, and the annual risk free interest rate of 4.5%, 4.6% and 3.8% respectively. Correlation of the Company's share price movement with the comparator companies in the FTSE 100 index or FTSE 350 index as appropriate is calculated by reference to the share price of the Company compared to the individual FTSE 100 or 350 companies on a daily basis over the three year period ending on the date before the grant date for each scheme. The volatility is based on a statistical analysis of daily share prices over the three year period ending on the date before the grant date for each scheme. Compensation expense relating to this scheme in 2005 was £2.3m (2004 £2.3m).

Share Matching Schemes

The Company operates two Share Matching Schemes which entitle certain employees to use their annual bonus under the short term cash bonus scheme to purchase shares in Northern Rock plc. The first scheme applies to Executive Directors and other senior executives (Share Matching Scheme 1). The Company grants the employee one additional share for every share purchased. Rights to these shares vest over 3 years from the grant date. The Company has purchased or will purchase shares on behalf of the employees for the amounts allocated by them from their annual bonuses together with shares equivalent to the related rights granted and has transferred them to an independent trustee. The shares will be transferred to the employees at the end of the vesting period. Compensation expense relating to this scheme in 2005 was £3.1m (2004 £2.4m).

Details of the rights held by Executive Directors are included within the Directors' Remuneration Report on page 26.

The second scheme (Share Matching Scheme 2) was introduced during 2001 and applies to other senior management. Under the scheme, employees are entitled to use their annual bonus under the short term cash bonus scheme to purchase shares in Northern Rock plc. For every two shares purchased by the employee, the Company grants the employee the right to one additional share, free from any consideration. Rights to these shares vest over 3 years from the grant date. The Company has purchased or will purchase shares on behalf of the employees for the amounts allocated by them from their annual bonuses together with shares equivalent to the related rights granted and has transferred them to an independent trustee. The shares will be transferred to the employees at the end of the vesting period. Compensation expense relating to this scheme in 2005 was £0.3m (2004 £0.3m).

Details of the rights held by employees in Share Matching Schemes are detailed below:

	Rights outstanding at the beginning of the year	Rights granted during the year	Rights exercised during the year	Rights forfeited during the year	Rights expired during the year	Rights outstanding at the end of the year	Rights exercisable at the end of the year
2005							
Scheme 1	909,888	354,346	(170,852)	–	–	1,093,382	–
Scheme 2	130,068	55,112	(36,480)	(2,191)	–	146,509	–
2004							
Scheme 1	646,526	393,177	(129,815)	–	–	909,888	–
Scheme 2	124,240	51,753	(44,047)	(1,878)	–	130,068	–

Deferred Share Scheme

Executive Directors or other executives who receive a bonus under the short term cash bonus scheme may, at the absolute discretion of the Remuneration Committee, be granted an award of shares under the Deferred Bonus Plan with a pre-tax value equal to the pre-tax value of their bonus under the short term cash bonus scheme. A participant who is granted an award must normally continue to hold those shares and remain an employee of the Group for a period of three years from the grant date in order to retain the full number of shares so granted to them, although shares will be released earlier in certain "good leaver" circumstances. Compensation expense relating to this scheme in 2005 was £2.2m (2004 £1.6m).

Details of the rights held by Executive Directors are included within the Directors' Remuneration Report on page 27. Details of all rights held under the Deferred Bonus Plan are shown below:

	Rights outstanding at the beginning of the year	Rights granted during the year	Rights exercised during the year	Rights forfeited during the year	Rights expired during the year	Rights outstanding at the end of the year	Rights exercisable at the end of the year
2005	632,291	246,430	(117,942)	–	–	760,779	–
2004	489,801	251,849	(109,359)	–	–	632,291	–

The table below sets out the total number of rights granted during each year and the fair value at grant date for the following schemes:

	2005		2004	
	Number of rights granted	Fair value at grant date (£)	Number of rights granted	Fair value at grant date (£)
Share Incentive Plan	**221,283**	**8.01**	236,041	7.66
Long Term Incentive Plan	**669,318**	**3.79**	591,441	4.07
Share Matching Scheme 1	**354,346**	**7.73**	393,177	7.40
Share Matching Scheme 2	**55,112**	**8.32**	51,753	7.25
Deferred Share Scheme	**246,430**	**7.73**	251,849	7.40

7. Pension commitments

The Company operates one main employee benefit scheme ("the Scheme") with both defined benefit and defined contribution sections.

The defined benefit section of the Scheme provides benefits based on final salary for certain employees. The assets of the Scheme are held in a separate trustee-administered fund. Contributions to the defined benefit section are assessed in accordance with the advice of an independent qualified actuary using the projected unit method. The defined benefit section was closed to new entrants in July 1999.

The Company's policy for recognising actuarial gains and losses is to recognise them immediately on the balance sheet through the Statement of Recognised Income and Expense.

7. Pension commitments (continued)

The overall costs of the Scheme have been recognised in the Company's accounts in accordance with IAS19.

Summary of assumptions

	2005 %	2004 %	2003 %
Price inflation	2.75	2.75	2.65
Rate of increase in salaries	4.50	4.50	4.40
Rate of increase for pensions in payment*	3.10	3.10	3.00
Rate of increase for deferred pensions	2.75	2.75	2.65
Discount rate	4.75	5.30	5.40
Expected rate of return on assets	6.30	6.75	6.75

** In excess of any Guaranteed Minimum Pension (GMP) element*

The most significant non-financial assumption is the assumed rate of longevity, which is based on the standard tables known as PA92, projected to 2003, with an age rating of minus two years applied for non-pensioners and no rating for pensioners.

The expected return on assets has been derived as the weighted average of the expected returns from each of the main asset classes. The expected return for each asset class reflects a combination of historical performance analysis, the forward looking views of the financial markets (as suggested by the yields available), and the views of investment organisations.

Categories of assets

	2005 %	2004 %	2003 %
Equities	50	53	53
Bonds	35	40	42
Property	7	6	4
Cash/other	8	1	1
Total	100	100	100

Funded status

	2005 £m	2004 £m	2003 £m
Present value of defined benefit obligation	(311.0)	(251.4)	(226.1)
Assets at fair value	256.6	198.9	178.8
Defined benefit liability	(54.4)	(52.5)	(47.3)

Disclosed pension expense for year:

a) Components of defined benefit pension expense

	2005 £m	2004 £m
Current service cost	8.9	7.9
Interest cost	13.5	12.3
Expected return on assets	(13.5)	(12.3)
Total pension expense	8.9	7.9

b) Statement of recognised income and expense (SORIE)

	2005 £m	2004 £m
Actuarial loss recognised in SORIE	(18.5)	(2.8)
Cumulative actuarial losses recognised at 1 January	(2.8)	–
Cumulative actuarial losses recognised at 31 December	(21.3)	(2.8)

7. Pension commitments (continued)

Reconciliation of return on assets for year

	2005 £m	2004 £m
Expected return on assets	13.5	12.3
Actuarial gain on assets	20.8	4.2
Actual return on assets	34.3	16.5

Movements in present value of defined benefit obligation during the year

	2005 £m	2004 £m
Present value of defined benefit obligation at 1 January	251.4	226.1
Defined benefit service cost	8.9	7.9
Interest cost	13.5	12.3
Defined benefit employee contributions	1.8	1.7
Actuarial loss	39.4	7.0
Defined benefit actual benefit payments	(4.0)	(3.6)
Present value of defined benefit obligation at 31 December	311.0	251.4

Movements in defined benefit fair value of assets during the year

	2005 £m	2004 £m
Fair value of assets at 1 January	198.9	178.8
Actual return on assets	34.3	16.5
Defined benefit actual company contributions	25.6	5.5
Defined benefit employee contributions	1.8	1.7
Defined benefit actual benefits paid	(4.0)	(3.6)
Fair value of assets at 31 December	256.6	198.9

Experience gains and losses

	2005 £m	2004 £m
Defined benefit obligation	311.0	251.4
Fair value of assets	256.6	198.9
Deficit	54.4	52.5
Experience loss on defined benefit obligation	39.4	7.0
Experience gain on assets	20.8	4.2

Estimated contributions for year ending 31 December 2006

	2006 £m
Estimated employer contributions for 2006	50.8
Estimated employee contributions for 2006	1.8
Estimated total contributions for 2006	52.6

The estimated employer contributions for 2006 of £50.8m include £45.0m paid in January 2006. This amount together with £20.0m paid in December 2005 results in the payment of £65.0m special contributions having been made by the Company to substantially eliminate the fund deficit as calculated under IAS 19.

Pension costs for the defined contribution section of the Scheme were:

	2005 £m	2004 £m
Total included in staff costs	2.4	1.8

8. Impairment losses on loans and advances

	On advances secured on residential property £m	On other secured advances £m	On unsecured loans £m	Total £m
2005				
Group				
At 1 January 2005	36.3	12.2	78.4	126.9
Adoption of IAS 39	(1.1)	(0.5)	(1.7)	(3.3)
	35.2	11.7	76.7	123.6
Income Statement:

Adjustment resulting from recoveries	(0.6)	–	(9.0)	(9.6)
	7.0	(7.1)	56.7	56.6
Amounts written off during the year	(10.8)	(0.4)	(48.0)	(59.2)
Discount unwind	1.1	0.5	1.7	3.3
At 31 December 2005	32.5	4.7	87.1	124.3
Company				
At 1 January 2005	36.3	12.2	82.5	131.0
At 31 December 2005	32.5	4.7	93.2	130.4

	On advances secured on residential property £m	On other secured advances £m	On unsecured loans £m	Total £m
2004				
Group				
At 1 January 2004	40.8	13.2	55.9	109.9
Income Statement:				
Increase in allowance during the year	0.4	0.8	50.2	51.4
Adjustment resulting from recoveries	(0.9)	(0.1)	(1.9)	(2.9)
	(0.5)	0.7	48.3	48.5
Transfers	(0.2)	–	0.2	–
Amounts written off during the year	(3.8)	(1.7)	(26.0)	(31.5)
At 31 December 2004	36.3	12.2	78.4	126.9
Company				
At 1 January 2004	40.8	13.2	60.0	114.0
At 31 December 2004	36.3	12.2	82.5	131.0

9. Net hedge ineffectiveness and other unrealised fair value gains and losses

	2005 £m	2004 £m
Fair value movements of future cashflows excluding interest flows on non-hedging derivatives	1,675.6	-
Translation gains and losses on underlying instruments	(1,693.7)	-
	(18.1)	-
Net hedge ineffectiveness excluding interest flows on fair value hedges	(38.3)	-
Net hedge ineffectiveness and other unrealised fair value gains and losses	(56.4)	-

The Group enters into certain derivative financial instruments which although highly effective as economic hedges are not included in hedge accounting relationships. These derivatives include hedges of certain foreign currency assets and wholesale funding recorded at amortised cost and certain instruments included within non shareholders' funds. They also include forward currency contracts and previously effective hedges which have been de-designated.

The fair value movements of future cashflows excluding interest flows on such derivatives are separately identified within "Net hedge ineffectiveness and other unrealised fair value gains and losses" together with the translation gains and losses on underlying instruments arising from the revaluation from foreign currency into sterling. The deemed interest flows on such derivatives are included within interest income or expense, as appropriate.

Net hedge ineffectiveness excluding interest flows on fair value hedges represents the difference between changes in the fair value of future cashflows excluding interest flows of the hedging derivatives and the changes in the fair value of future cashflows excluding interest flows of the underlying hedged items.

10. Directors' emoluments

Full details of the Directors' remuneration and shareholdings are included in the Directors' Remuneration Report set out on pages 18 to 31.

11. Income tax expense

	2005 £m	2004 £m
The income tax expense for the year comprises:		
UK corporation tax		
Current tax on profits for the year	134.2	116.4
Adjustments in respect of prior years	(6.2)	(2.7)
Total current tax	128.0	113.7
Deferred tax (see note 27)	16.9	12.1
	144.9	125.8

The tax on the Group's profit before tax differs from the theoretical amount that would arise using the standard rate of UK corporation tax of 30% (2004 30%) as follows:

	2005 £m	2004 £m
Profit before taxation	494.2	435.3
Tax calculated at rate of 30% (2004 30%)	148.3	130.6
Net non deductible expenses/(non taxable income) for tax purposes	0.8	(2.1)
Current tax – prior year adjustment	(6.2)	(2.7)
Deferred tax – prior year adjustment	2.0	-
Income tax expense	144.9	125.8

As detailed in notes 37 and 38, current and deferred income tax have also been charged direct to equity. The deferred income tax charged/(credited) amounts to £1.8m for the Group (2004 £(2.9m)) and £(3.4m) for the Company (2004 £(2.9m)). The current income tax credit amounts to £(13.1m) for both the Group and the Company (2004 £(1.5m)).

12. Profit attributable to ordinary shareholders

Of the profit attributable to ordinary shareholders, £346.2m (2004 £262.3m) has been dealt with in the accounts of the Company. As permitted by section 230 of the Companies Act 1985, the Company's income statement has not been presented separately.

13. Dividends

The following tables analyse dividends when paid and the year to which they relate.

	2005 pence per share	2004 pence per share
2003 final dividend	–	15.8
2004 interim dividend	–	8.5
2004 final dividend	18.0	–
2005 interim dividend	9.4	–
	27.4	24.3

The proposed final dividend in respect of 2005 amounts to 20.7 pence per share (£86.4m). These Annual Results do not reflect this dividend payable.

	2005 £m	2004 £m
2003 final dividend	–	66.2
2004 interim dividend	–	35.2
2004 final dividend	74.7	–
2005 interim dividend	39.2	–
Less paid to ESOP trusts	(0.1)	(0.8)
	113.8	100.6

14. Earnings per share

Earnings per Ordinary Share of 72.5p (2004 74.9p) have been calculated by dividing the profit attributable to the holders of Ordinary Shares in Northern Rock plc of £300.7m (2004 £309.5m) by the weighted average number of Ordinary Shares in issue 414.6m (2004 413.0m)

The weighted average number of Ordinary Shares in issue has been determined after excluding the weighted average number of Ordinary Shares held in trust for employee share schemes of 6.6m (2004 8.2m).

Fully diluted earnings per Ordinary Share of 72.0p (2004 74.3p) have been calculated using the weighted average number of shares in issue together with 3.3m (2004 3.6m) potentially dilutive shares resulting from options granted under employee share schemes.

15. Cash and balances with central banks

	Group and Company 2005 £m	2004 £m
Cash in hand	12.0	9.0
Balances with central banks other than mandatory reserve deposits	0.1	1.2
Included in cash and cash equivalents	12.1	10.2
Mandatory reserve deposits with central banks	57.1	55.1
	69.2	65.3

Mandatory reserve deposits with central banks are not available for use in day to day operations.

16. Derivative financial instruments

All derivative financial instruments are held for economic hedging purposes, although not all derivatives are designated as hedging instruments under the terms of IAS 39. The analysis below therefore splits derivatives between those in accounting hedge relationships and those in economic hedge relationships but not in accounting hedge relationships.

Northern Rock did not adopt IAS 32 and 39 until 1 January 2005. The disclosures relating to 31 December 2004 are those required under FRS 13 under UK GAAP, the relevant standard at that date.

2005
Group

	Contract/ notional amount £m	Fair values Assets £m	Liabilities £m
Derivatives in accounting hedge relationships			
Derivatives designated as fair value hedges			
Interest rate swaps	37,159.8	134.5	(210.3)
Cross currency interest rate swaps	4,741.1	239.8	(0.7)
	41,900.9	374.3	(211.0)

16. Derivative financial instruments (continued)

	Contract/ notional amount £m	Fair values Assets £m	Liabilities £m

2004

The information below is based on UK GAAP. The accounting policy used for derivatives under UK GAAP in 2004 is set out below:

"Derivatives comprise, mainly, currency and interest rate swaps, forward rate agreements, foreign exchange forwards and financial futures and options. All transactions are undertaken for hedging purposes.

Transactions are initially recorded at cost and are accounted for on an accruals basis in accordance with the item or items being hedged. Consequently, profits and losses on the hedges are recognised on a similar accounting basis as the profits or losses on the underlying item or items being hedged. They are therefore recognised in the financial statements as adjustments to the profit or loss of the item or items being hedged. To the extent necessary to achieve a consistent timing of income recognition on the item or items being hedged, deferred gains or losses are included in the balance sheet under the headings "accruals and deferred income" and "prepayments and accrued income". Profits and losses on early termination of contracts that modify the characteristics of designated items are deferred and amortised over the remaining lives of the hedged items. Income and expenses on hedges are recognised as adjustments to interest receivable and interest payable.

When a derivative no longer represents a hedge, because either the underlying asset, liability or position has been extinguished or derecognised, it is restated to market value. Any profit or loss is accounted for in interest income or expense. It is then either redesignated as a hedge of a different asset, liability or position, is disposed of, or the position is otherwise closed, and accounted for accordingly. Where a derivative is no longer a hedge because it ceases to be effective, it is restated to market value and any profit or loss arising is deferred and amortised into interest income or expense over the remaining life of the item previously being hedged."

16. Derivative financial instruments (continued)

The table below shows the underlying principal amount and positive and negative fair values of derivatives by type of contract.

	Underlying principal amount £m	Positive book values £m	Negative book values £m	Positive fair values £m	Negative fair values £m
Interest rate derivatives:					
Interest rate swaps					
1 year or less	18,886.7	–	–	30.8	7.5
1 – 5 years	17,651.9	–	–	39.3	95.9
over 5 years	2,602.8	–	–	93.0	13.2
Equity index swaps					
1 year or less	1.0	–	–	–	–
1 – 5 years	179.0	–	–	4.9	4.4
Forward rate agreements					
1 year or less	35.3	–	–	–	–
1 – 5 years	50.0	–	–	–	–
Exchange traded futures					
1 year or less	211.3	–	–	–	1.4
	39,618.0	–	–	168.0	122.4
Currency derivatives					
Cross currency swaps					
1 year or less	1,574.3	9.1	111.4	9.1	102.8
1 – 5 years	5,907.9	215.0	268.2	242.4	255.9
over 5 years	710.0	21.0	60.7	20.8	61.2
Forward foreign exchange					
1 year or less	2,552.4	11.0	76.5	18.8	59.0
	10,744.6	256.1	516.8	291.1	478.9

The positive fair values in the table relating to 31 December 2004 above represent the gross replacement cost of the Group's derivatives and hence equate to the maximum gross loss it would incur if any party to the derivatives contract failed to perform to its terms. At 31 December 2004 the potential credit exposure after allowing for collateral received was £269.1m.

In addition to the derivatives disclosed above relating to 31 December 2004, there are a number of derivatives that have been entered into by the securitisation Special Purpose Entities (see note 19). These consist of interest rate swaps and cross currency swaps all with a term of over 5 years. The underlying principal amounts at 31 December 2004 were £1,636.1m and £14,810.2m. Positive book values amounted to £nil and £270.6m and negative book values amounted to £nil and £1,368.5m. Positive fair values were £42.7m and £275.4m and negative fair values were £0.3m and £1,367.1m.

Gains and losses on hedging derivatives

	Gains £m	Losses £m	Net £m
Unrecognised gains and losses on hedges			
At 1 January 2004	225.2	(130.0)	95.2
Arising in previous years recognised in 2004	(63.9)	50.4	(13.5)
Brought forward gains and losses not recognised in 2004	161.3	(79.6)	81.7
Arising in 2004 not recognised in 2004	86.7	(49.9)	36.8
At 31 December 2004	248.0	(129.5)	118.5
Of which:			
gains and losses expected to be recognised in 2005	96.3	(36.7)	59.6
gains and losses expected to be recognised in 2006 or later	151.7	(92.8)	58.9

16. Derivative financial instruments (continued).

	Gains £m	Losses £m	Net £m
Realised gains and losses on hedges			
At 1 January 2004	6.1	(14.5)	(8.4)
Realised gains and losses brought forward recognised in income in 2004	(6.1)	7.7	1.6
Brought forward realised gains and losses not recognised in income in 2004	–	(6.8)	(6.8)
Realised gains and losses in 2004 not recognised in income in 2004	2.0	(9.6)	(7.6)
At 31 December 2004	2.0	(16.4)	(14.4)
Of which:			
gains and losses expected to be recognised in 2005	2.0	(16.4)	(14.4)

The above tables show the gains and losses on derivative instruments used for hedging by the Group in 2004 that were, under UK GAAP, off balance sheet. The gains and losses do not therefore represent absolute gains or losses expected by the Group as they will be substantially offset by corresponding losses or gains from on balance sheet instruments.

17. Loans and advances to banks

	Group		Company

	70,239.9	54,768.8	**70,812.5**	55,127.6

19. Securitisation

The Group's results include the results and assets and liabilities of securitisation Special Purpose Entities ("SPEs") on a line by line basis. Under UK GAAP the SPEs were incorporated into the financial statements using linked presentation. Following the introduction of IFRS and a change in UK companies legislation, these SPEs are now treated as legal subsidiaries and consolidated on a line by line basis.

Securitised advances are subject to non-recourse finance arrangements. These loans have been purchased at par by the SPEs from Northern Rock plc, and have been funded through the issue of mortgage-backed bonds. The balances of assets subject to securitisation notes in issue at 31 December 2005 are as follows:

19. Securitisation (continued)

Securitisation company	Date of securitisation	Gross assets securitised £m	Notes in issue £m
Residential:			
Granite Mortgages 99-1 plc	1 October 1999	76.6	66.5
Granite Mortgages 00-1 plc	1 March 2000	228.1	213.1
Granite Mortgages 00-2 plc	25 September 2000	435.6	375.5
Granite Mortgages 01-1 plc	26 March 2001	666.0	641.1
Granite Mortgages 01-2 plc	28 September 2001	737.5	713.2
Granite Mortgages 02-1 plc	20 March 2002	1,378.8	1,366.3
Granite Mortgages 02-2 plc	23 September 2002	1,729.6	1,677.6
Granite Mortgages 03-1 plc	27 January 2003	1,992.3	1,981.3
Granite Mortgages 03-2 plc	21 May 2003	1,507.8	1,468.9
Granite Mortgages 03-3 plc	24 September 2003	1,417.4	1,372.3
Granite Mortgages 04-1 plc	28 January 2004	2,431.3	2,364.8
Granite Mortgages 04-2 plc	26 May 2004	2,642.9	2,587.1
Granite Mortgages 04-3 plc	22 September 2004	3,163.3	3,112.7
Granite Master Issuer plc	26 January 2005	4,007.7	4,000.4
Granite Master Issuer plc	25 May 2005	3,791.9	3,762.1
Granite Master Issuer plc	31 August 2005	549.3	582.2
Granite Master Issuer plc	21 September 2005	4,050.4	3,891.3
		30,806.5	30,176.4
Retained interest in Granite Finance Trustees Limited		9,967.4	
Less cash deposits held with Northern Rock plc		(2,198.0)	
Total residential		38,575.9	30,176.4
Commercial:			
Dolerite Funding No. 1 plc	24 June 2002	147.0	140.8
Retained interest in Dolerite Mortgages Trustee Limited		58.3	
Dolerite Funding No. 2 plc	18 July 2005	593.5	583.1
Retained interest in Dolerite Mortgages Trustee No. 2 Limited		227.7	
Less cash deposits held with Northern Rock plc		(57.2)	
Total commercial		969.3	723.9
Total		39,545.2	30,900.3

Gross assets securitised and notes in issue as presented above reconcile to amounts included in the consolidated balance sheet within loans and advances to customers and debt securities in issue as follows:

	Gross assets securitised £m	Notes in issue £m
Total as above	39,545.2	30,900.3
Less cash deposits with third parties included within loans and advances to banks	(409.1)	
Less accrued interest on loan notes included within accruals and deferred income		(171.4)
Add loan notes issued by Whinstone Limited (see below)		427.5
Total advances subject to securitisation (see note 18)	39,136.1	
Total securitised notes as per consolidated balance sheet		31,156.4

At 31 December 2005 the SPEs had cash deposits with Northern Rock plc amounting to £2,255.2m (31 December 2004 - £1,396.0m). This balance is restricted in use to the repayment of the debt securities issued by the SPEs and other legal obligations.

On 15 November 2005, Northern Rock entered into a financial guarantee contract with Whinstone Limited, a special purpose entity, in respect of £423.0m of the first loss reserve funds held by the Granite securitisation entities repayable to Northern Rock only after repayment of all other liabilities. Whinstone Limited simultaneously issued credit linked notes to the value of £423.0m which are included within debt securities in issue at year end exchange rates where issued in currencies other than sterling.

In addition to the transactions above, Northern Rock assigned a portfolio of unsecured loans valued at £749.7m to Flint Receivables Trustees Limited on 8 December 2003. Flint Consumer Loans No. 1 Limited purchased an interest amounting to £595.0m in the trust on the same date, funded by the issue of asset backed notes. The noteholders have a proportionate interest in each balance in the portfolio, and at 31 December 2005 this interest amounted to £595.0m (2004 £595.0m). The funding giving rise to the noteholders' interest is included within debt securities in issue. Northern Rock retains substantially all the risks and rewards associated with these loans and therefore these transactions do not qualify for derecognition under IAS 39.

20. Covered bonds

Included within loans and advances to customers not subject to securitisation are £4,686.1m (2004 £1,977.6m) of mortgage advances assigned to a bankruptcy remote special purpose vehicle. These loans provide security to issues of covered bonds made by Northern Rock, which are included within debt securities in issue amounting to £3,830.4m (2004 £1,339.0m). Northern Rock retains substantially all the risks and rewards associated with these loans and therefore these transactions do not qualify for derecognition under IAS 39.

21. Available for sale securities

	Group		Company	
	2005 £m	2004 £m	2005 £m	2004 £m
Debt securities at fair value				
Listed	4,576.0	–	4,298.3	–
Unlisted	801.1	–	801.1	–
	5,377.1	–	5,099.4	–
Fixed rate	2,346.8	–	2,238.1	–
Variable rate	3,030.3	–	2,861.3	–
	5,377.1	–	5,099.4	–

The movement in available for sale securities was as follows:

	Group £m	Company £m
At 1 January 2005	–	–
Reclassification of financial instruments on introduction of IAS 39	4,966.1	4,678.8
Additions	11,156.3	11,048.6
Disposals (sales and redemptions)	(10,786.4)	(10,645.6)
Exchange differences	27.8	27.9
Net gains on changes in fair value	13.3	(10.3)
At 31 December 2005	5,377.1	5,099.4

Gains of £23.5m previously recognised in reserves have been transferred to the Group income statement on derecognition of available for sale securities.

22. Debt securities (under UK GAAP)

The information below is based on UK GAAP. The accounting policy used for debt securities, and for equity shares and other variable yield securities (see note 23) under UK GAAP in 2004 is set out below:

"Debt securities and equity shares ("securities") are held with the intention of use on a continuing basis and are stated at cost, adjusted to exclude accrued interest at the date of purchase, less provision for any permanent diminution in value. A similar adjustment for accrued interest is made on realisation. Where the adjusted purchase price differs from the nominal value, the premium or discount is amortised or released on an effective yield basis over the period to maturity.

Securities sold subject to repurchase agreements are retained on the balance sheet where the Group retains the risks and rewards of ownership. Funds received under such agreements are included within deposits by banks or customer accounts. Securities purchased under a commitment to resell are treated as collateralised lending transactions where the Group does not acquire the risks and rewards of ownership, and the purchase price is included within either loans and advances to banks or loans and advances to customers. The difference between sale and repurchase prices for such transactions is reflected in the profit and loss account over the lives of the transactions, within interest receivable or interest payable as appropriate."

	Group		Company	
2004	Book value £m	Market value £m	Book value £m	Market value £m
Investment securities				
Issued by public bodies:				
Government securities	1,289.0	1,312.4	1,221.8	1,243.4
Issued by other issuers:				
Bank and building society certificates of deposit	456.2	456.2	436.2	436.2
Other debt securities	2,997.0	3,014.0	2,920.6	2,937.5
	4,742.2	4,782.6	4,578.6	4,617.1
Listed	4,261.0	4,301.5	4,117.4	4,156.0
Unlisted	481.2	481.1	461.2	461.1
	4,742.2	4,782.6	4,578.6	4,617.1
Due within one year	761.9		741.9	
Due one year and over	3,980.3		3,836.7	
	4,742.2		4,578.6	
Unamortised premiums and discounts	42.7		37.9	

All debt securities were held with the intention of use on a continuing basis in the Group's activities and were classified as financial fixed assets at amortised cost.

23. Equity shares and other variable yield securities (under UK GAAP)

2004	Group Book value £m	Group Market value £m	Company Book value £m	Company Market value £m
Investment securities				
Listed	539.4	554.9	421.9	433.1
Unlisted	36.2	36.2	36.2	36.2
	575.6	591.1	458.1	469.3

All equity shares and other variable yield securities were held with the intention of use on a continuing basis in the Group's activities and were classified as financial fixed assets at amortised cost.

24. Shares in group undertakings

	Company £m
Cost:	
At 1 January 2005	124.8
Distribution from subsidiary	(2.0)
At 31 December 2005	122.8
Impairments:	
At 1 January 2005 and 31 December 2005	4.3
Net book amount:	
At 31 December 2005	118.5
At 31 December 2004	120.5

The Company's interests in subsidiary undertakings are analysed as follows:

	2005 £m	2004 £m
Credit institutions	50.0	50.0
Other	68.5	70.5
	118.5	120.5

The principal subsidiaries of Northern Rock plc at 31 December 2005 are listed below, all of which operate in their country of incorporation or registration.

The following subsidiaries are directly held and wholly owned by the Company:

	Nature of business	Country of incorporation
Northern Rock Mortgage Indemnity Company Limited	Provision of mortgage indemnity insurance	Guernsey
Northern Rock (Guernsey) Limited	Retail deposit taker	Guernsey

The following companies are SPEs established in connection with the Group's securitisation programme (see note 19). Although the Company has no direct or indirect ownership interest in these companies, they are regarded as legal subsidiaries under UK companies legislation.

	Nature of business	Country of incorporation
Granite Mortgages 99-1 plc	Issue of securitised notes	England & Wales
Granite Mortgages 00-1 plc	Issue of securitised notes	England & Wales
Granite Mortgages 00-2 plc	Issue of securitised notes	England & Wales

27. *Deferred income tax asset*

The full movement in deferred income tax recoverable was as follows:

	Group 2005 £m	Group 2004 £m	Company 2005 £m	Company 2004 £m
At 31 December 2004/2003	**14.1**	23.3	**65.2**	58.9
Adoption of IAS 32 and IAS 39	**62.1**	–	**57.7**	–
At 1 January	**76.2**	23.3	**122.9**	58.9
Income statement (charge)/credit	**(16.9)**	(12.1)	**(33.3)**	3.4
Deferred tax impact charged direct to reserves of				
– net gains from changes in fair value of available for sale securities	**(6.0)**	–	–	–
– net profits on disposal of available for sale securities transferred to net income	**0.8**	–	–	–
– actuarial losses charged to statement of recognised income and expense	**5.6**	0.8	**5.6**	0.8
– share based payments	**(2.2)**	2.1	**(2.2)**	2.1
At 31 December	**57.5**	14.1	**93.0**	65.2

27. Deferred income tax asset (continued)

Deferred income tax assets and liabilities are attributable to the following items:

	Group		Company	
	2005 £m	2004 £m	2005 £m	2004 £m
Deferred income tax assets				
Pensions and other employee benefits	30.0	26.9	30.0	26.9
Provision for loan impairment	24.3	25.7	24.3	25.7
Derivatives and financial instruments	86.4	–	76.4	–
Other temporary differences	18.6	22.0	18.6	22.8
	159.3	74.6	149.3	75.4
Deferred income tax liabilities				
Excess of capital allowances over depreciation	9.0	9.3	8.9	8.9
Available-for-sale securities	9.7	–	9.7	–
Derivatives and financial instruments	24.3	–	24.3	–
Cashflow hedge	3.8	–	3.8	–
Other temporary differences	55.0	51.2	9.6	1.3
	101.8	60.5	56.3	10.2
Net deferred income tax asset	57.5	14.1	93.0	65.2

The deferred tax charge in the income statement comprises the following temporary differences:

	2005 £m	2004 £m
Pensions and other employee benefits	0.1	–
Provision for loan impairment	0.5	(3.7)
Derivatives and financial instruments	16.4	–
Excess of capital allowances over depreciation	(0.3)	0.5
Other temporary differences	0.2	15.3
	16.9	12.1

Deferred income tax liabilities have not been established for tax that would be payable on the unremitted earnings of the Group's overseas subsidiaries. Unremitted earnings at 31 December 2005 totalled £34.5m (2004 £24.9m).

28. Deposits by banks

32. Subordinated liabilities

	Group and Company	
	2005	2004
	£m	£m
Dated		
5.625% Subordinated bonds due 2015	**301.5**	300.0
11.734% Subordinated loan 2016	**28.2**	20.0
5.75% Subordinated bonds due 2017	**256.1**	250.0
10 3/8% Subordinated bonds due 2018	**50.7**	50.0
9 3/8% Subordinated bonds due 2021	**148.8**	149.3
Undated		
12 5/8% Perpetual subordinated notes	**–**	19.8
8% Undated subordinated notes	**–**	61.5
6.75% Fixed rate step-up undated subordinated notes	**–**	200.0
Floating rate undated subordinated notes	**–**	69.0
5.6% Undated subordinated notes	**–**	396.1
	785.3	1,515.7

The 5.625% subordinated bonds due 2015 are not redeemable in the ordinary course of business before 13 January 2010.

The 11.734% subordinated loan 2016 is repayable in five equal annual instalments from 2012 to 2016.

The 5.75% subordinated bonds due 2017 are not redeemable in the ordinary course of business before 28 February 2012.

The 10 3/8% subordinated bonds due 2018 are not redeemable in the ordinary course of business before 25 March 2018.

The 9 3/8% subordinated bonds due 2021 are not redeemable in the ordinary course of business before 17 October 2021.

The 12 5/8% perpetual subordinated notes were created on the transfer of business from Northern Rock Building Society and were issued to holders of Permanent Interest Bearing Shares of the Society.

The 8% undated subordinated notes are denominated in US dollars; the proceeds and coupon payments have been swapped into sterling. The notes became redeemable on 15 June 2004 and may be subsequently redeemed in the ordinary course of business on coupon dates which fall on 15 March, 15 June, 15 September and 15 December.

The 6.75% fixed rate step-up undated subordinated notes are not redeemable in the ordinary course of business before 17 June 2024.

The floating rate undated subordinated notes are denominated in US dollars; the proceeds and coupon payments have been swapped into sterling. They are not redeemable in the ordinary course of business before 23 February 2011. Interest is payable at 1% above 3 month US$ LIBOR.

The 5.6% undated subordinated notes are denominated in US dollars; the proceeds and coupon payments have been swapped into sterling. The notes are not redeemable in the ordinary course of business before 30 April 2014.

All subordinated liabilities, other than the 8% undated subordinated notes, the floating rate undated subordinated notes and the 5.6% undated subordinated notes, are denominated in sterling. All are ranked equally between and within issues.

Redemptions of any dated subordinated notes prior to their final maturity date and any undated subordinated notes are subject to obtaining prior consent of the Financial Services Authority.

The rights of repayment of holders of subordinated liabilities are subordinated to the claims of other creditors.

In accordance with the requirements of IAS 32, undated subordinated liabilities have been reclassified as non shareholders' equity with effect from 1 January 2005 (see note 35).

33. Tier one notes

The tier one notes were issued for a value of £200m on 21 August 2002 and are undated. They carry a coupon of 7.053% payable annually in arrears on 21 September each year. At each payment date Northern Rock will decide whether to declare or defer the coupon. If Northern Rock decides to defer the coupon, this can then only be satisfied upon the date on which the issue is redeemed. No interest will accrue on any deferred coupon. If Northern Rock defers the coupon, it may not pay a dividend on any share or pay any coupon on the reserve capital instruments, nor redeem or repurchase any of its share capital or reserve capital instruments until it next makes a coupon payment for the tier one notes. Deferred coupons can only be satisfied through the issue of Ordinary Shares.

Northern Rock has a call option after 25 years, which it can only exercise with the consent of the Financial Services Authority. If the issue is not called, the coupon resets to yield 1.835% above 6-month LIBOR.

The full amount of tier one notes is permitted for inclusion within Tier 1 for regulatory capital purposes.

34. Reserve capital instruments

The reserve capital instruments were issued for a value of £200m on 21 September 2000 and are undated. A further £100m was issued in May 2001. They carry a coupon of 8.399% payable annually in arrears on 21 September each year. At each payment date Northern Rock will decide whether to declare or defer the coupon. If Northern Rock decides to declare the coupon, the holder will receive a cash payment equivalent to the coupon which, at Northern Rock's option, will be achieved either by the payment of cash directly, or by the issue of Ordinary Shares in Northern Rock which, when sold by a trustee in the market, will produce an amount equal to the cash payment. If Northern Rock elects to defer the coupon, it may not declare or pay a dividend on any share until the deferred coupons are satisfied. Deferred coupons and any interest accruing thereon can only be satisfied through the issue of Ordinary Shares.

Northern Rock has a call option after 15 years, which it can only exercise with the consent of the Financial Services Authority. If the issue is not called, the coupon resets to yield 4.725% above the prevailing 5-year benchmark Gilt rate.

The maximum amount of reserve capital instruments permitted to be included in Tier 1 for regulatory capital purposes is 15% of overall Tier 1 capital, as defined by the Financial Services Authority. Any excess is allocated to Upper Tier 2 capital.

In accordance with the requirements of IAS 32, reserve capital instruments have been reclassified as non shareholders' equity with effect from 1 January 2005. Since this date coupons on these notes are treated as appropriations. Prior to this date coupons were treated as interest payable.

35. Subordinated notes

	Group and Company	
	2005	2004
	£m	£m
12¼% Perpetual subordinated notes	**19.8**	–
8% Undated subordinated notes	**62.1**	–
6.75% Fixed rate step-up undated subordinated notes	**195.4**	–
Floating rate undated subordinated notes	**66.0**	–
5.6% Undated subordinated notes	**393.2**	–
	736.5	–

In accordance with the requirements of IAS 32, undated subordinated liabilities have been reclassified as non shareholders' equity with effect from 1 January 2005, as there is no contractual obligation to pay the interest coupon. Details of all issues remain unchanged from those disclosed in note 32. Coupons on these notes are treated as appropriations.

All subordinated notes, other than the 8% undated subordinated notes, the floating rate undated subordinated notes and the 5.6% undated subordinated notes are denominated in sterling. All are ranked equally between and within issues and equally with the subordinated liabilities.

Redemptions of any subordinated notes are subject to obtaining prior consent of the Financial Services Authority.

The rights of repayment of holders of subordinated notes are subordinated to the claims of other creditors.

36. Called up share capital

	Ordinary Shares of 25p each Number	Foundation Shares of 25p each Number	Total Number	Ordinary Shares of 25p each £m	Foundation Shares of 25p each £m	Total £m
Authorised:						
At 31 December 2005 and 31 December 2004	614.0m	104.5m	718.5m	153.5	26.1	179.6
Issued and fully paid:						
At 31 December 2005 and 31 December 2004	421.2m	74.4m	495.6m	105.3	18.6	123.9

The Foundation Shares are held by The Northern Rock Foundation. These shares carry no rights to dividends but rank pari passu with the Ordinary Shares in respect of other distributions and in the event of a winding up. Because they carry no rights to dividends, they have been omitted in the calculation of earnings per share (see note 14). These shares do not confer any rights in relation to attendance or voting at any general meeting of the Company.

37. Reserves

Share premium account and capital redemption reserve

	Group and Company	
	Share premium account	Capital redemption reserve

Purchase of shares	**(10.2)**	(6.0)
	17.7	8.9

39. Financial risk management

Strategy in using financial instruments

The Board has authorised the use of derivative instruments for the purpose of supporting the strategic and operational business activities of the Group and reducing the risk of loss arising from changes in interest rates and exchange rates. All use of derivative instruments within the Group is to hedge risk exposure, and the Group takes no trading positions in derivatives.

The objective, when using any derivative instrument, is to ensure that the risk to reward profile of any transaction is optimised. The intention is to only use derivatives to create economically effective hedges. However, because of the specific requirements of IAS 39 to obtain hedge accounting, not all economic hedges are designated as accounting hedges, either because natural accounting offsets are expected or because obtaining hedge accounting would be especially onerous.

a) Fair value hedges

The Group designates a number of derivatives as fair values hedges. In particular the Group has three approaches establishing relationships for:

i) Hedging the interest rate and foreign currency exchange rate risk of non-prepayable, foreign currency denominated fixed rate assets or liabilities on a one-for-one basis with fixed/floating or floating/fixed cross currency interest rate swaps.

ii) Hedging of interest rate risk of a single currency portfolio of sterling, US Dollar and Euro non-prepayable fixed rate assets/liabilities on a one-for-one basis with vanilla fixed/floating or floating/fixed interest rate swaps.

iii) Hedging the interest rate risk of a portfolio of prepayable fixed rate assets with interest rate derivatives. This solution is used to establish a macro fair value hedge for derivatives hedging fixed rate mortgages. The Group believes this solution is the most appropriate as it is consistent with its policy for hedging fixed rate mortgages on an economic basis.

The total fair value of derivatives included within fair value hedges at 31 December 2005 was £163.3m.

b) Cash flow hedges

At present the Group does not designate any derivatives as cash flow hedges.

c) Net investment hedges

At present the Group does not designate any derivatives as net investment hedges.

39. Financial risk management (continued)

Risk management

Risk management is a fundamental part of Northern Rock's strategy, which focuses on profitable growth with a low risk profile. The Group's risk management strategy is to manage risk exposures through comprehensive and integrated risk management processes within each section of the business as part of a framework of delegated responsibility and structured reporting. The Board of Directors has full responsibility for approving and reviewing the main risks undertaken by the Group.

In order to manage and control its risks, the Group has implemented a comprehensive set of policies and procedures. It has put in place appropriate systems to identify risk, and then to assess, measure, monitor and report those risks. A series of policies and procedures exist to define the Group's levels of risk tolerance, containing risk limits and lines of authority and responsibility. These form the basis for risk management structures throughout the business with clear terms of reference. Furthermore, the Group has established strong systems of internal control that comply fully with the requirements of the Financial Services and Markets Act 2000, the Financial Services Authority and the London Stock Exchange.

In accordance with the policies and procedures, the Board of Directors has established a Risk Committee consisting of four Non-Executive Directors and the Executive Directors. The Risk Committee is responsible for the supervision of the Group's risk management processes. It has delegated responsibility for the daily management and review of balance sheet risk profile and review of operational risk to Management Board ALCO, consisting of executive management from all the main business functions.

Operational risk

Operational risk is the risk of business opportunities foregone, reputational damage or financial losses, resulting from inadequacies or failures in internal processes, people or systems, or from external events.

Management Board directors and senior line managers are primarily responsible for ensuring effective operational risk management exists within their areas – in particular, the setting of tolerances, monitoring and reporting of operational risks. Where appropriate, Northern Rock establishes suitable cost-effective processes to mitigate or transfer operational risk exposures.

Operational risks are controlled and managed on a decentralised basis, with responsibility and authority to mitigate these risks delegated to the relevant line management. Northern Rock's support functions provide corporate policies, processes and reporting mechanisms as appropriate to the "front line" functions for the range of operational risks faced.

Credit risk

Credit risk is the exposure to loss if another party fails to meet its financial obligations to the Company, including failing to perform them in a timely manner. It arises from both on and off balance sheet items.

Within the Group Treasury function, the overall policy is to minimise credit risk through the use of operational credit limits, credit authorisation and credit control and review. Credit limits authorised by Executive Management are established for specified counterparties. These limits are based on a number of factors including external and internal ratings and capital of Northern Rock plc. Group limits have been incorporated to ensure that Northern Rock plc does not exceed its exposure to either a single counterparty or group of closely-related counterparties. Country limits have been incorporated to ensure that Northern Rock plc does not exceed its exposure in a geographical region. Master netting agreements are in place with all derivative counterparties. In addition most of the exposures created by derivatives are mitigated through the use of collateral agreements negotiated with derivative counterparties. Other techniques (including margining, credit breaks, compounding, termination and credit derivatives) are used periodically to mitigate the credit risk associated with particular transactions or group of transactions.

Retail credit risk is controlled and monitored through the use of operational limits, credit authorisation procedures, credit risk scorecards, credit control and review processes, to achieve a planned credit risk profile (relative to the associated economic rewards).

Credit score systems are used as the primary basis for evaluating the risk reward profile of the retail credit risk stance as they are able to differentiate the risk of secured and unsecured loans, both at individual transaction and portfolio levels. Behavioural scoring is used to monitor the performance of the residential secured and unsecured loan books.

The Credit director monitors credit risk limits on the residential secured and unsecured lending books. The Credit Risk Monitoring Group monitors exposures on these books.

Maximum credit risk exposure at 31 December 2005 approximates to the carrying value for all assets apart from loans and advances to customers, where the carrying value includes an adjustment in respect of hedged interest rate risk. The credit risk exposure in respect of these loans is therefore £163.9m lower than the carrying value. Cash collateral held against credit risk at 31 December 2005 amounted to £274.4m.

Interest rate risk

The Group offers numerous banking, mortgage and savings products with varying interest rate features and maturities which create potential interest rate risk exposures. Interest rate risk arises as a result of timing differences on the re-pricing of assets and liabilities, unexpected changes in the slope and shape of yield curves and changes in correlation of interest rates between different financial instruments (often referred to as basis risk). In addition to interest rate risk positions managed within controlled risk limits within the Group, structural interest rate risk arises in the Group's consolidated balance sheet as a result of fixed rate, variable rate and non interest bearing assets and liabilities. The Group closely monitors interest rate movements, the interest rate and re-pricing maturity structure of its interest bearing assets and liabilities and the level of non-interest bearing assets and liabilities.

Interest rate sensitivity refers to the relationship between interest rates and net interest income resulting from the periodic re-pricing of assets and liabilities. Northern Rock also offers fixed rate residential mortgages and savings products on which the interest rate paid by or to the customer is fixed for an agreed period of time at the start of the contract. Northern Rock matches the expected maturity profiles of its interest earning assets and interest bearing liabilities through the use of derivatives. The risk of prepayment is additionally reduced by imposing penalty charges if the customers terminate their contracts early.

The Group uses a number of measures to monitor and control interest rate risk and sensitivity. One such measure evaluates the difference in principal value between assets and liabilities repricing in various gap periods. Risk weights are assigned to each gap period which reflect potential losses for a given change in rates, and based on these a capital allocation is calculated for each period. The risk is controlled through setting maximum overall capital allocations, and individual capital allocations for each gap period.

A second control used measures earnings at risk from unmatched positions in fixed rate lending. The Group imposes a limit on the value of such earnings that may be at risk, based upon various scenarios of adverse interest rate changes.

The sensitivity of earnings to changes in interest rates is measured by comparing forecast net interest income over a 12 month period under two interest rate scenarios, a 1% parallel increase and decrease in all yield curves. Forecasts are based on measuring the sensitivity of net interest income for all on-balance sheet and derivative instruments while maintaining a consistent balance sheet size and structure throughout the simulation period. Forecasts include the effect on net interest income of those instruments which have embedded optionality. Forecasts also include other simplifying assumptions, such as no management action in response to a change in interest rates. An immediate hypothetical 1% parallel increase and decrease in all yield curves on 31 December 2005 would result in a decrease of £32.4m (2004 £33.0m) and an increase of £28.4m (2004 £27.0m), respectively, in planned net interest income for the twelve months to 31 December 2006.

39. Financial risk management (continued)

The following table gives an analysis of the re-pricing periods of assets and liabilities on the Group balance sheet at 31 December.

Items are allocated to time bands in the table below by reference to the earlier of the next contractual interest rate re-pricing date and the residual maturity date.

In the 2005 table the carrying amounts of derivative financial instruments are included in other assets and other liabilities under the heading non interest bearing funds.

2005	Within 3 months £m	After 3 months but within 6 months £m	After 6 months but within 1 year £m	After 1 year but within 5 years £m	After 5 years £m	Non interest bearing funds £m	Total £m

39. Financial risk management (continued)

The table below summarises the effective interest rate for financial instruments not carried at fair value through profit and loss:

	2005 %	2004 %
Assets		
Cash and balances with central banks	0.4	0.3
Loans and advances to banks	4.4	4.4
Loans and advances to customers	5.8	5.4
Investment securities	4.5	4.3
Liabilities		
Deposits by banks	3.5	3.1
Customer accounts	4.4	4.2
Debt securities in issue	4.8	4.7
Subordinated liabilities	7.0	6.2
Reserve capital instruments	n/a	6.6
Tier one notes	7.0	6.5

Subordinated notes and reserve capital instruments are excluded from the table for 2005 as under IAS 32 they have been reclassified as equity from 1 January 2005.

Liquidity risk

Liquidity risk arises from the mismatch in the cashflows generated from current and expected assets, liabilities and derivatives. The Board has policies to ensure that the Group is able to meet retail withdrawals, repay wholesale borrowings as they fall due and to meet current lending requirements. This is achieved by managing a diversified portfolio of high quality liquid assets and a balanced maturity profile of liquid assets, wholesale and retail funds.

The table below analyses the Group's assets and liabilities into relevant maturity groupings based on the remaining period at balance sheet date to contractual maturity date.

2005

	Within 3 months £m	After 3 months but within 6 months £m	After 6 months but within 1 year £m	After 1 year but within 5 years £m	After 5 years £m	Total £m
Assets

39. Financial risk management (continued)

Currency risk

Currency risk arises as a result of the Group having assets, liabilities and derivative items that are denominated in currencies other than sterling as a result of normal banking activities, including wholesale funding.

In addition to raising funds through sterling money markets, capital markets and domestic retail savings market, the Group raises funds through issuing non-sterling denominated commercial paper, certificates of deposit, medium-term debt securities (including securitised notes and covered bonds) and retail funds. The Group's policy is to fully mitigate any exchange rate exposures by using cross currency swaps and forward foreign exchange contracts, or to match exposures with assets denominated in the same currency.

The table below gives values of assets and liabilities at sterling carrying values denominated in different currencies at the balance sheet date.

2005	US$ £m	€ £m	Other £m	Total £m
Assets				
Cash and balances with central banks	–	17.9	–	17.9

Fair values of financial assets and liabilities

The following table summarises the carrying amounts and fair values of those financial assets and liabilities not presented on the Group's balance sheet at their fair value. Assets are presented at bid prices, whereas offer prices are used for liabilities.

39. Financial risk management (continued)

	Carrying value		Fair value	
	2005 £m	2004 £m	**2005 £m**	2004 £m
Financial assets				
Cash and balances with central banks	**69.2**	65.3	**69.2**	65.3
Loans and advances to banks	**5,073.8**	3,674.2	**5,073.8**	3,674.2
Loans and advances to customers	**70,239.9**	54,768.8	**69,251.4**	53,995.7
Investment securities	**n/a**	5,319.1	**n/a**	5,373.7
Financial liabilities				
Deposits by banks	**1,536.8**	1,218.3	**1,536.8**	1,219.5
Customer accounts	**23,672.6**	20,402.8	**23,699.8**	20,421.9
Debt securities in issue	**52,134.6**	37,580.7	**52,134.6**	37,756.6
Subordinated liabilities	**785.3**	1,455.0	**903.6**	1,620.9
Tier one notes	**223.9**	200.0	**245.2**	233.7
Reserve capital instruments	**n/a**	300.0	**n/a**	365.3

Investment securities are excluded from the table for 2005 as they are classified as available for sale and carried at fair value on the balance sheet from 1 January 2005. Subordinated notes and reserve capital instruments are excluded from the table for 2005 as under IAS 32 they have been reclassified as equity from 1 January 2005.

Valuation methods for calculations of fair values in this table are set out below:

Cash and balances with central banks

Fair value approximates to carrying value because they have minimal credit losses and are either short term in nature or re-price frequently.

Loans and advances to banks

Fair value was estimated by using discounted cash flows applying either market rates where practicable or rates offered by other financial institutions for loans with similar characteristics. The fair value of floating rate placements, fixed rate placements with less than six months to maturity and overnight deposits is their carrying amount.

Loans and advances to customers

The Group provides loans of varying rates and maturities to customers. The fair value of loans with variable interest rates is considered to approximate to carrying value. For loans with fixed interest rates, fair value was estimated by discounting cash flows using market rates or rates normally offered by the Group.

Deposits by banks and customer accounts

Fair values of deposit liabilities repayable on demand or with variable interest rates are considered to approximate to carrying value. The fair value of fixed interest deposits with less than six months to maturity is their carrying amount. The fair value of all other deposit liabilities was estimated using discounted cash flows, applying either market rates or rates currently offered by the Group for deposits of similar remaining maturities.

Debt securities in issue, subordinated liabilities and tier one notes

Fair values are based on quoted prices where available, or by using discounted cash flows, applying market rates.

40. Guarantees and other financial commitments

1) The Company has an obligation under the Building Societies Act 1986, as successor company to Northern Rock Building Society, to honour the financial commitments of its subsidiaries and associated bodies linked by resolution, incurred prior to 11 June 1996 insofar as those bodies are unable to discharge them out of their own assets. The Company has agreed to continue this obligation in respect of liabilities of Northern Rock (Guernsey) Limited.

2) The Company has given indemnities to the National House Building Council in respect of certain of its house building operations.

3) Capital commitments at 31 December in respect of authorised expenditure were as follows:

	Group		Company	
	2005 £m	2004 £m	**2005 £m**	2004 £m
Contracted for	**22.0**	6.2	**22.0**	3.2

4) Leasing commitments at 31 December in respect of annual commitments under operating leases are as follows:

	Group		Company	
	2005 £m	2004 £m	**2005 £m**	2004 £m
Land and buildings				
Leases which expire:				
Within one year	**0.1**	0.1	**0.1**	0.1
In one to five years	**0.8**	0.8	**0.8**	0.8
Over five years	**3.3**	2.0	**3.3**	3.1
	4.2	2.9	**4.2**	4.0
Other operating leases				
Leases which expire:				
Within one year	**0.1**	0.4	**0.1**	0.4
In one to five years	**4.1**	4.8	**4.1**	4.8
	4.2	5.2	**4.2**	5.2

40. Guarantees and other financial commitments (continued)

5) Memorandum items

	Group		Company	
	2005 £m	2004 £m	2005 £m	2004 £m
Commitments:				
Irrevocable undrawn loan facilities	2,100.3	1,488.5	2,100.3	1,488.5
Unpaid share capital of subsidiary company	–	–	15.5	15.5
	2,100.3	1,488.5	2,115.8	1,504.0

41. Related party transactions

A number of banking transactions are entered into with related parties as part of normal banking business. These include loans and deposits. The volumes of related party transactions, outstanding balances at the year end and related income and expense for the year are set out below.

	Directors and key management personnel		Associated companies	
	2005 £m	2004 £m	2005 £m	2004 £m
Loans				
Loans outstanding at 1 January	5.5	4.2	–	–
Net amounts advanced / (repaid)	(0.1)	1.3	–	–
Loans outstanding at 31 December	5.4	5.5	–	–
Interest income paid	0.3	0.2	–	–
Deposits				
Deposits outstanding at 1 January	1.4	0.8	–	–
Net amounts deposited / (repaid)	0.4	0.6	–	–
Deposits outstanding at 31 December	1.8	1.4	–	–
Interest income earned	0.1	–	–	–

	2005 £m	2004 £m
Directors and key management personnel		
Salaries and other short term benefits	8.2	6.5
Post-employment benefits	0.6	0.5
Share-based payments	5.9	5.3
	14.7	12.3

The Company's total contribution payable under deed of covenant to The Northern Rock Foundation for the year ended 31 December 2005 amounted to £24.7m (2004 £21.6m). At 31 December 2005 the commitment in respect of amounts not yet paid was £10.0m (2004 £11.6m).

The Company owns Northern Rock (Guernsey) Limited, which operates as a retail deposit taker. The net funding borrowed by the Company from Northern Rock (Guernsey) Limited during the year amounted to £138.2m (2004 net funding repaid £10.1m).

During the year the Company received £0.3m (2004 £0.2m) from Northern Rock Mortgage Indemnity Company Limited in settlement of mortgage indemnity insurance claims.

During the year the Company borrowed a net £9,050.2m (2004 £8,278.1m) from its securitisation SPEs (see note 19), being the net proceeds from securitisation transactions in the year.

42. Cash and cash equivalents

For the purposes of the cash flow statement, cash and cash equivalents comprise the following balances with less than three months maturity from the date of acquisition:

	Group		Company	
	2005 £m	2004 £m	2005 £m	2004 £m
Cash and balances with central banks	12.1	10.2	12.1	10.2
Loans and advances to banks	4,934.1	3,030.9	4,489.0	2,952.9
Loans and advances to customers	23.2	9.1	23.2	9.1
Investment securities	301.7	307.6	301.7	295.6
	5,271.1	3,357.8	4,826.0	3,267.8

43. Reconciliation of equity between IFRS and UK GAAP

The following reconciliations provide a quantification of the effect of transition to IFRS. These are provided for the Group only in notes 43 to 46, as those for the Company are not significantly different from the Group disclosures.

Summary of Equity

	Note	1 January 2004 £m	31 December 2004 £m
Total equity as reported under UK GAAP		1,339.9	1,541.9
Restatement of goodwill	44g	–	3.6
Reversal of pension prepayment under UK GAAP	44k	(30.6)	(29.0)
Restatement of retirement benefits under IAS 19	44p	(47.3)	(52.5)
Total Pension fund adjustment		(77.9)	(81.5)
Property impairment	44h	3.9	4.7
Reinstatement of de-recognised liabilities	44l	(51.7)	(51.7)
Dividends	44n	65.3	74.7
Recognition of deferred tax in accordance with IAS 12		23.3	14.1
Reversal of deferred tax recognised under UK GAAP	44p	19.0	31.8
Total tax effect of above		42.3	45.9
Total equity under IFRS		1,321.8	1,537.6

Explanation of the effect of the transition to IFRS

The following explains the material balance sheet adjustments.

a) Cash and balances with central banks

	1 January 2004 £m	31 December 2004 £m
Reclassification of Cash Ratio Deposit held with Bank of England and Central Bank of Ireland	47.2	55.1

The Group has reclassified the Cash Ratio Deposit held with the Bank of England and Central Bank of Ireland from loans and advances to banks to cash and balances with central banks.

b) Loans and advances to banks

	1 January 2004 £m	31 December 2004 £m
Reclassification of Cash Ratio Deposit held with Bank of England and Central Bank of Ireland	(47.2)	(55.1)
Reclassification of securitisation vehicle balance sheets	1,200.4	423.9
Total impact – increase in loans and advances to banks	1,153.2	368.8

The Group has reclassified the cash ratio deposit held with the Bank of England and Central Bank of Ireland from loans and advances to banks to cash and balances with central banks. In addition, cash held by the securitisation vehicles has been reclassified as loans and advances to banks.

c) Loans and advances not subject to securitisation

	1 January 2004 £m	31 December 2004 £m
Reclassification of loans and advances not subject to securitisation	(27,355.8)	(32,869.3)

The Group has reclassified loans and advances to customers not subject to securitisation as loans and advances to customers.

d) Loans and advances subject to securitisation

	1 January 2004 £m	31 December 2004 £m
Reclassification of securitisation vehicle balance sheets	(15,678.7)	(22,339.2)

IFRS requires the consolidation of securitisation vehicles, whereas under UK GAAP linked presentation is used. This results in the reclassification of loans and advances subject to securitisation.

e) Non-recourse finance

	1 January 2004 £m	31 December 2004 £m
Reclassification of securitisation vehicle balance sheets	14,832.4	22,103.7

IFRS requires the consolidation of securitisation vehicles, whereas under UK GAAP linked presentation is used. Non-recourse finance, shown as a deduction from loans and advances to customers under UK GAAP is included in debt securities in issue under IFRS.

44. Balance sheet reconciliations between IFRS and UK GAAP (continued)

f) Loans and advances to customers

	1 January 2004 £m	31 December 2004 £m
Reclassification of loans and advances not subject to securitisation	27,355.8	32,869.3
Reclassification of loans and advances subject to securitisation	14,491.6	21,899.5
Total impact – increase in loans and advances to customers	41,847.4	54,768.8

g) Intangible assets

	1 January 2004 £m	31 December 2004 £m
Reclassification of computer software as intangible asset	30.4	42.4
Reversal of goodwill amortisation	–	3.6
Total impact – increase in intangible assets	30.4	46.0

In accordance with IAS 38, computer software has been reclassified from property, plant and equipment to intangible fixed assets. Under IFRS goodwill is not amortised, but is subject to annual impairment reviews.

h) Property, plant and equipment

	1 January 2004 £m	31 December 2004 £m
Reclassification of computer software as intangible asset	(30.4)	(42.4)
Restatement of properties to fair value as deemed cost	3.9	4.7
Total impact – decrease in property, plant and equipment	(26.5)	(37.7)

In accordance with IAS 38, computer software has been reclassified from property, plant and equipment to intangible fixed assets.

Management has applied the fair value as deemed cost exemption in respect of various properties.

i) Deferred income tax asset

	1 January 2004 £m	31 December 2004 £m
Impact of recognising deferred tax in accordance with IAS 12	23.3	14.1

The Group has recalculated deferred tax in accordance with IAS 12. IAS 12 allows a net presentation of deferred tax assets and liabilities only when certain criteria are met. This adjustment recognises the gross presentation required by IAS 12.

j) Other assets

	1 January 2004 £m	31 December 2004 £m
Reclassification of securitisation vehicle balance sheets	(5.2)	8.6

IFRS requires the consolidation of securitisation vehicles, whereas under UK GAAP linked presentation is used.

k) Prepayments and accrued income

	1 January 2004 £m	31 December 2004 £m
Reversal of pension prepayment under UK GAAP	(30.6)	(29.0)
Reclassification of securitisation vehicle balance sheets	–	1.0
Total impact – decrease in prepayments and accrued income	(30.6)	(28.0)

Under UK GAAP there is a SSAP 24 prepayment in relation to the defined benefit section of the pension scheme. Under IAS 19 the basis of accounting for pension schemes is fundamentally different and the prepayment is no longer applicable.

l) Customer accounts

	1 January 2004 £m	31 December 2004 £m
Restatement of derecognised liabilities	51.7	51.7

Previously derecognised liabilities have been restated on the balance sheet to the extent that the liability has not been contractually discharged.

44. Balance sheet reconciliations between IFRS and UK GAAP (continued)

m) Debt securities in issue

	1 January 2004 £m	31 December 2004 £m
Reclassification of debt securities issued by securitisation vehicles	14,868.3	22,089.9
Reclassification of issue costs	(3.6)	(7.3)
Total impact – increase in debt securities in issue	14,864.7	22,082.6

IFRS requires the consolidation of securitisation vehicles, whereas under UK GAAP linked presentation is used. Non-recourse finance, shown as a deduction from loans and advances to customers under UK GAAP is included in debt securities in issue under IFRS.

n) Other liabilities

	1 January 2004 £m	31 December 2004 £m
Restatement of dividends in accordance with IAS 10	(65.3)	(74.7)
Reclassification of securitisation vehicle balance sheets	(138.0)	(124.8)
Total impact – decrease in other liabilities	(203.3)	(199.5)

IFRS requires the consolidation of securitisation vehicles, whereas under UK GAAP linked presentation is used. IAS 10 requires that dividends are not accrued until they are approved.

o) Accruals and deferred income

	1 January 2004 £m	31 December 2004 £m
Reclassification of securitisation vehicle balance sheets	113.8	139.7

IFRS requires the consolidation of securitisation vehicles, compared with linked presentation under UK GAAP.

p) Provisions for liabilities and charges

	1 January 2004 £m	31 December 2004 £m
Reversal of deferred tax recognised under UK GAAP (see note 44l)	(19.0)	(31.8)
Restatement of retirement benefits obligations under IAS 19	47.3	52.5
Total impact – increase in provisions for liabilities and charges	28.3	20.7

IAS 19 requires that retirement benefit obligations in the defined benefit section of the pension scheme are included in the Group balance sheet.

q) Other reserves

	1 January 2004 £m	31 December 2004 £m
Treatment of actuarial gains and losses on pension scheme	–	(2.8)
Tax effect of above	–	0.8
Total impact – decrease in other reserves	–	(2.0)

Under IAS 19 actuarial gains and losses on the pension scheme are recorded in the Statement of Recognised Income and Expense.

45. Income statement reconciliations between IFRS and UK GAAP

Year ended 31 December 2004

	Note	UK GAAP £m	Effect of transition to IFRS £m	IFRS £m

Explanation of the effect of the transition to IFRS

The following explains the material adjustments to the income statement.

a) Interest and similar income and interest expense and similar charges

	Year ended 31 December 2004 £m
Consolidation of Special Purpose Entities on a line by line basis	953.9

IFRS requires the consolidation of securitisation vehicles, whereas under UK GAAP linked presentation is used.

b) Fee and commission income and expense

	Year ended 31 December 2004 £m
Reallocation of fees and commissions (see note 45d)	(4.4)
Consolidation of Special Purpose Entities on a line by line basis	12.5
Total impact – increase in fee and commission income and expense	8.1

IFRS requires the consolidation of securitisation vehicles, whereas under UK GAAP linked presentation is used.

45. Income statement reconciliations between IFRS and UK GAAP (continued)

c) Other operating income

	Year ended 31 December 2004 £m
Consolidation of Special Purpose Entities on a line by line basis	(19.8)

IFRS requires the consolidation of securitisation vehicles, whereas under UK GAAP linked presentation is used.

d) Operating expenses

	Year ended 31 December 2004 £m
Calculation of pension cost in accordance with IAS 19	(0.8)
Calculation of share based payments in accordance with IFRS 2	0.5
Consolidation of Special Purpose Entities on a line by line basis	(0.7)
Reallocation of fees and commissions (see note 45b)	4.4
Reversal of property impairment provision	0.8
Reversal of goodwill amortisation charge	3.6
Total impact – decrease in operating expenses	7.8

e) Impairment losses on loans and advances

	Year ended 31 December 2004 £m
Consolidation of Special Purpose Entities on a line by line basis	8.0

IFRS requires the consolidation of securitisation vehicles, whereas under UK GAAP linked presentation is used.

f) Tax on profit on ordinary activities

	Year ended 31 December 2004 £m
Tax effect of IFRS adjustments	(0.8)

46. Balance sheet reconciliation as at 1 January 2005

Explanation of the effect of adoption of IAS 32 and IAS39 with effect from 1 January 2005

The following explains the material balance sheet adjustments.

a) Loans and advances to customers

	1 January 2005 £m
Impact of effective interest rate adjustment	(234.2)
Reclassification from prepayments and accrued income in relation to effective interest rate adjustment	433.0
Reclassification of financial instruments on introduction of IAS 39 and impact of fair valuing derivatives	460.5
Impact of discounting on impairment allowance	3.3
Total impact – increase in loans and advances to customers	662.6

In accordance with IAS 39 the interest rate is adjusted to reflect the rate that exactly discounts expected future cash payments or receipts through the expected life of the financial instrument to its net carrying amount. This adjustment includes all fees and interest paid or received that are an integral part of the effective interest rate, transaction costs and all other premiums and discounts.

In accordance with IAS 39, impairment allowances represent the difference between the carrying value of an asset and discounted expected cash flows.

46. Balance sheet reconciliation as at 1 January 2005 (continued)

b) Investment securities

	1 January 2005 £m
Reclassification of financial instruments on introduction of IAS 39	4,966.1

c) Debt securities

	1 January 2005 £m
Reclassification of financial instruments on introduction of IAS 39	(4,742.2)

d) Equity shares and other variable yield securities

	1 January 2005 £m
Reclassification of financial instruments on introduction of IAS 39	(575.6)

e) Derivative financial instruments

	1 January 2005 £m
Valuation of derivative financial instruments	892.6

f) Deferred income tax

	1 January 2005 £m
Deferred tax effect of IAS 32 and IAS 39 adjustments	62.1

g) Other assets

	1 January 2005 £m
Impact of fair valuing derivatives	(15.8)

h) Prepayments and accrued income

	1 January 2005 £m
Reclassification of opening balances to loans and advances to customers in relation to effective interest rate adjustment	(463.2)
Impact of effective interest rate adjustment reclassified to loans and advances to customers	30.2
Impact of fair valuing derivatives	(43.5)
Total impact – decrease in prepayments and accrued income	(476.5)

i) Customer accounts

	1 January 2005 £m
Impact of fair valuing derivatives	(13.5)

j) Debt securities in issue

	1 January 2005 £m
Impact of fair valuing derivatives	(1,231.3)

k) Derivative financial instruments

	1 January 2005 £m
Valuation of derivative financial instruments	2,050.7

46. Balance sheet reconciliation as at 1 January 2005 (continued)

l) Accruals and deferred income

	1 January 2005 £m
Impact of effective interest rate adjustment	(7.9)
Reversal of reserve capital instruments and subordinated liabilities coupon payment accrual in accordance with IAS 32 and IAS 10	(14.3)
Impact of fair valuing derivatives	128.6
Total impact – increase in accruals and deferred income	106.4

m) Subordinated liabilities

	1 January 2005 £m
Transfer to non shareholders' equity	(746.4)
Impact of fair valuing derivatives	7.9
Total impact – decrease in subordinated liabilities	(738.5)

In accordance with the requirements of IAS 32 certain subordinated liabilities are classified as non shareholders' equity, as there is no contractual obligation to pay the interest coupon.

n) Reserve capital instruments

	1 January 2005 £m
Transfer to non shareholders' funds	(300.0)

In accordance with the requirements of IAS 32 reserve capital instruments are classified as non shareholders' equity, as there is no contractual obligation to pay the interest coupon.

o) Other reserves

	1 January 2005 £m
Available for sale reserve	38.4
Cash flow hedge reserve	12.5
Tax impact of items credited directly to equity	(15.1)
Total impact – increase in other reserves	35.8

p) Non shareholders' equity

	1 January 2005 £m
Transfer from subordinated liabilities	736.5
Transfer from reserve capital instruments	299.3
Total impact – increase in non shareholders' equity	1,035.8

q) Tier one notes

	1 January 2005 £m
Impact of fair valuing derivatives	7.6

Results for 2001 to 2003 are presented under UK GAAP in existence at 31 December 2004. Results for 2004 and 2005 have been prepared using International Financial Reporting Standards ("IFRS") as approved by the International Accounting Standards Board that, under European Regulations, are effective or available for early adoption at the Group's first reporting date under IFRS, 31 December 2005. Certain of these IFRS are only effective from 1 January 2005, and therefore have not been used to restate the 2004 statutory based results. The 2004 statutory results presented therefore reflect only those standards which permit or require retrospective adoption, reflecting the voluntary exemptions of IFRS1 – see note 1v) and notes 43 to 46 to the accounts. If the results under UK GAAP for 2001 to 2003 were to be restated under IFRS, the main adjustments required would be those detailed in notes 44 and 45.

As a result of some IFRS not being required to be implemented until 1 January 2005, to aid comparability of the 2005 results with those of 2004, 2004 results have also been prepared on a proforma basis, incorporating the impact of IFRS where it is possible to determine what the impact would have been if the accounting changes had been effective in 2004. The proforma results shown for 2004 include the impacts of changes to accounting rules relating to effective interest rate and the reclassification of certain financial instruments from debt to equity, but exclude the effects of hedge accounting under IFRS which differs from that applied under UK GAAP.

The 2005 statutory results include the full effects of the introduction of fair value and hedge accounting following the adoption of IAS 32 and 39 with effect from 1 January 2005. An underlying set of results for 2005 has also been presented which reflect management's view of the underlying results excluding the effects of fair value volatility and hedge ineffectiveness in order to provide a clearer representation of the underlying performance of the Group.

Further explanation of the proforma and underlying results is provided in the Operating and Financial Review on pages 35 to 45.

		2001	2002	2003	2004 Statutory	2004 Proforma	2005 Statutory	2005 Underlying

1. Non-recurring costs represent
   2002 – non-recurring costs incurred in relation to the acquisition of the banking subsidiaries of Legal & General
   2003 – non-recurring costs incurred in relation to the closure of certain branches
2. Total assets for 2001 to 2003 represent assets under management, which comprised total balance sheet assets plus non-recourse finance. There is no difference between total assets and assets under management in 2004 or 2005
3. Before non-recurring costs
4. Before surplus on sale of credit card portfolio
5. Post-tax returns are calculated by reference to profit attributable to equity shareholders

2005 statutory and underlying ratios are calculated with reference to proforma profit, asset and equity figures for 2004 where applicable. Profit growth ratios for 2004 have not been calculated as 2003 results have not been restated under IFRS.

Notification under Listing Rule 9.31(b)

The following resolution was passed as a Special Resolution by the shareholders of Northern Rock plc at the Company's Annual General Meeting held on 26 April 2005.

Special Resolution

18. THAT the regulations in the form produced to the Annual General Meeting and initialled for the purposes of identification by the Chairman of the Meeting, be adopted as the new Articles of Association of the Company, in substitution for and to the exclusion of the existing Articles of Association of the Company, with effect from the conclusion of the Meeting.

The following resolution was passed as an Ordinary Resolution by the shareholders of Northern Rock plc at the Company's Annual General Meeting held on 25 April 2006.

Ordinary Resolution

9. THAT, in substitution for all previous authorities conferred upon the Directors to allot relevant securities of the Company but without prejudice to the continuing authority of the Directors to allot relevant securities pursuant to an offer or agreement made by the Company before the revocation of the authority pursuant to which such offer or agreement was made, the authority conferred on the Directors by Article 10.1 of the Company's Articles of Association shall apply for the period commencing on the date of the passing of this Resolution and shall expire, unless renewed, on 24 April 2011 and for that period the section 80 amount shall be £41,296,625.

The following resolutions were passed as Special Resolutions by the shareholders of Northern Rock plc at the Company's Annual General Meeting held on 25 April 2006.

Special Resolutions:

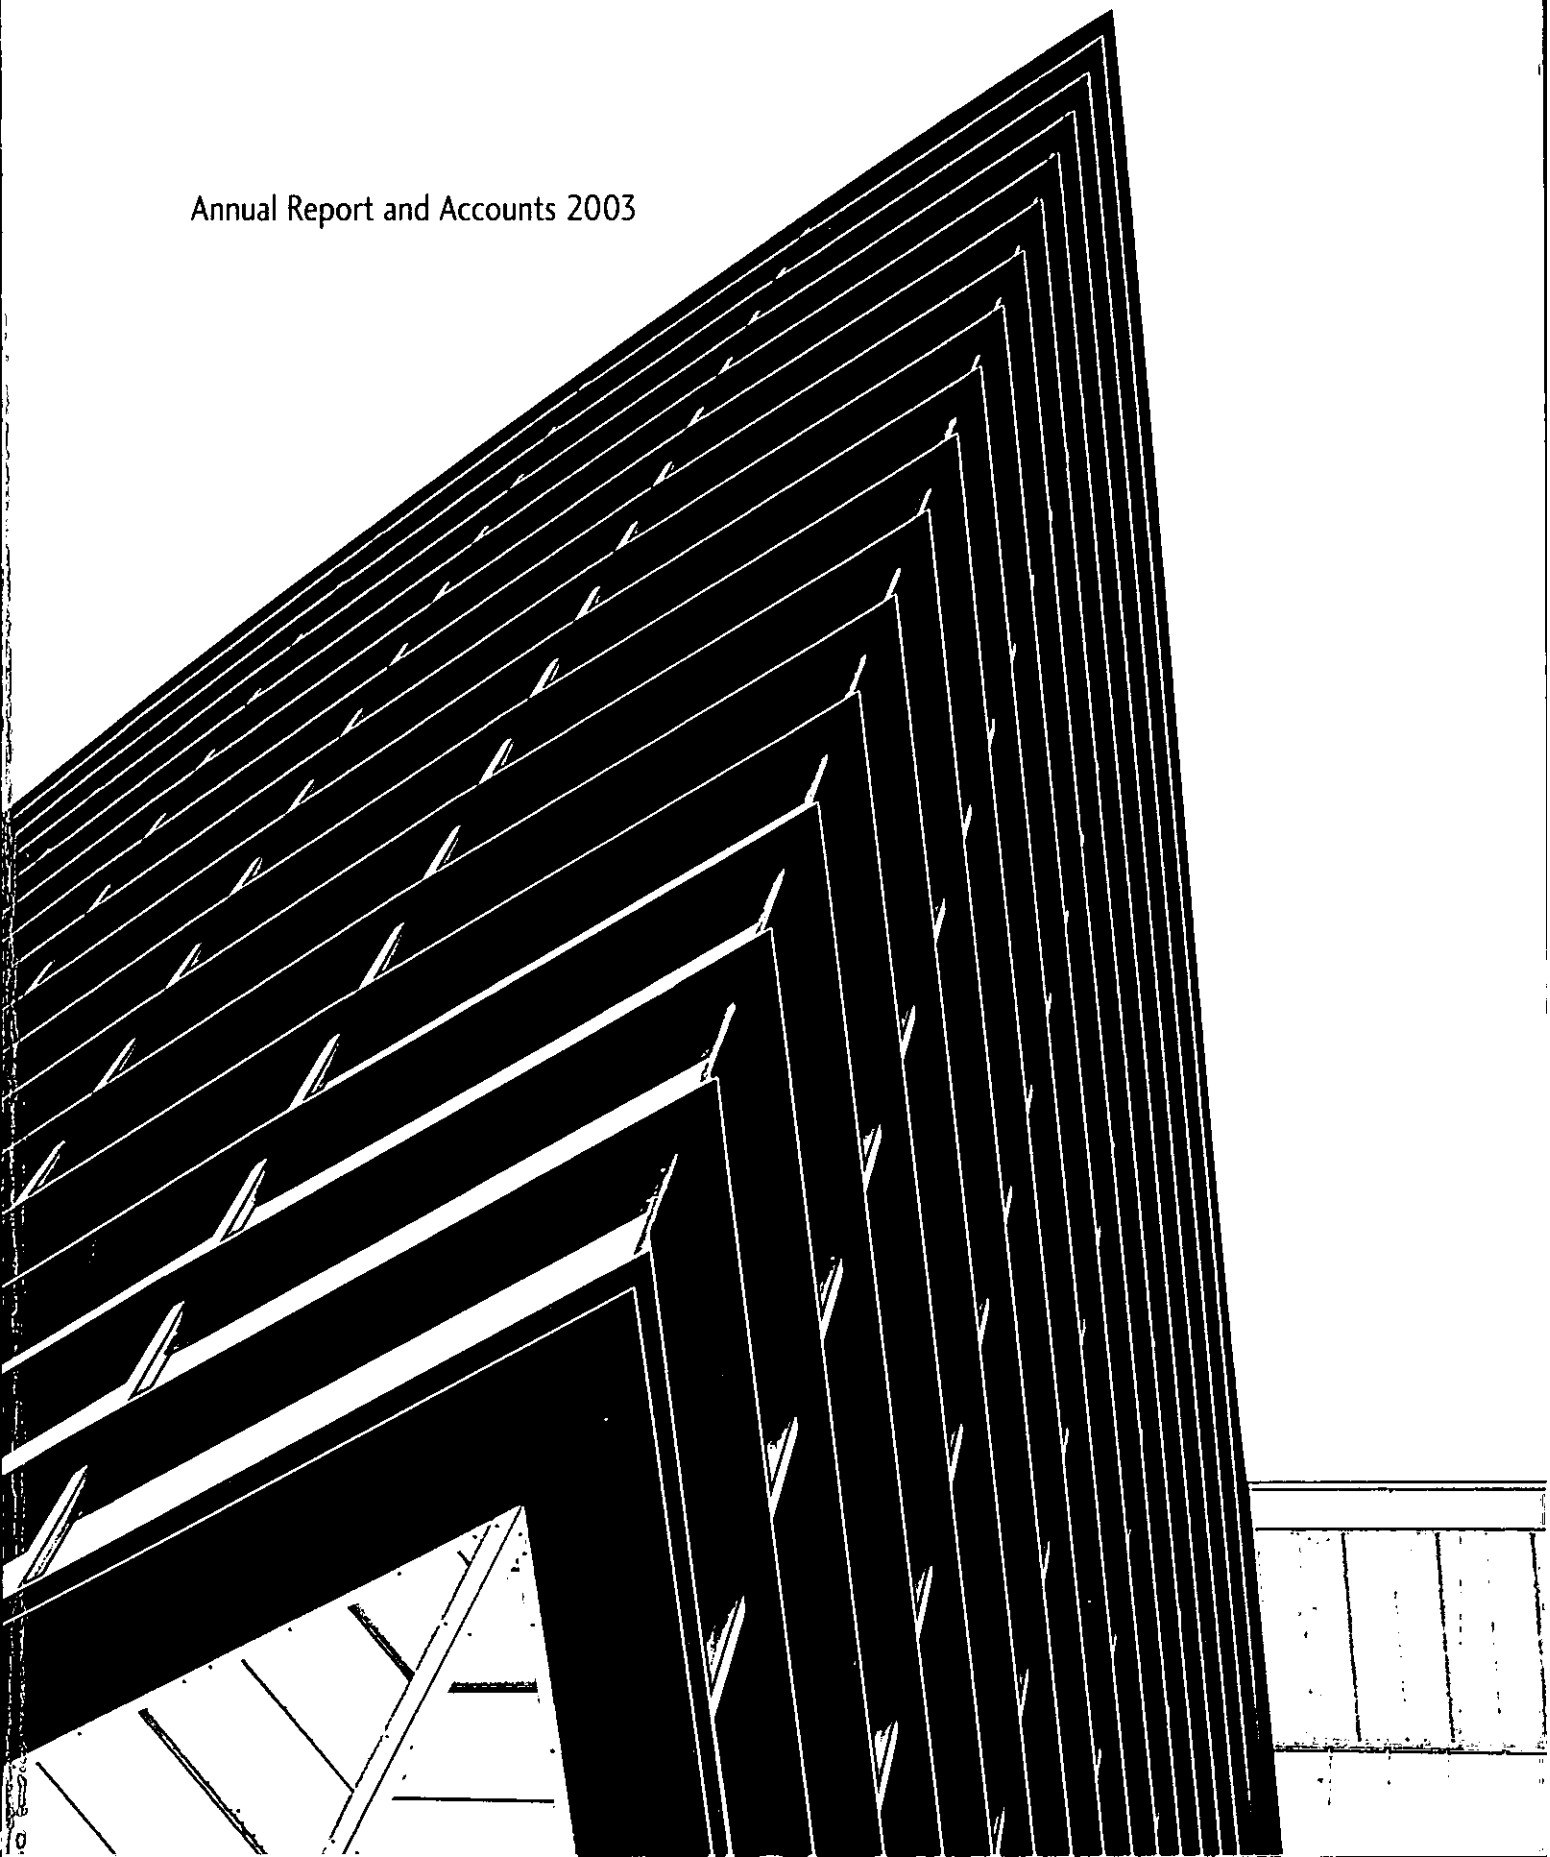
10. THAT, subject to the passing of Resolution 9 in the Notice of this Meeting, the power conferred on the Directors by Article 10.2 of the Company's Articles of Association shall apply for the period commencing on the date of passing of this Resolution and shall expire, unless renewed, on the expiry or termination of the authority conferred on the Directors pursuant to Resolution 9 in the Notice of this Meeting and for that period the section 89 amount shall be £5,265,325.

11. THAT, pursuant to Article 53, the Company be and is hereby granted general and unconditional authority for the purposes of section 166 of the Companies Act 1985 to make one or more market purchases (within the meaning of section 163(3) of the Companies Act 1985) of ordinary shares of 25p each in its capital provided that:

    a) the maximum aggregate number of ordinary shares hereby authorised to be purchased is 42,122,600 (representing 10% of the Company's issued ordinary share capital as at 31 December 2005);

    b) the minimum price (exclusive of expenses) which may be paid for such shares is 25p per share (being the nominal value of an ordinary share);

c) the maximum price (exclusive of expenses) which may be paid for each ordinary share is the higher of (i) an amount equal to 105% of the average of the middle market quotations for an ordinary share in the Company as derived from the London Stock Exchange's Daily Official List for the five business days immediately preceding the date on which the ordinary share is contracted to be purchased and (ii) an amount equal to the higher of the price of the last independent trade of an ordinary share and the highest current independent bid for an ordinary share as derived from the London Stock Exchange Trading System;



d) unless previously renewed, varied or revoked, the authority hereby conferred shall expire at the conclusion of the Company's next Annual General Meeting or 18 months from the date of passing of this Resolution, whichever is earlier; and

e) the Company may make a contract or contracts to purchase ordinary shares under the authority hereby conferred prior to the expiry of such authority which will or may be executed wholly or partly after the expiry of such authority and may make a purchase of ordinary shares in pursuance of any such contract or contracts.

12. THAT the contingent share purchase contract between the Company and The Northern Rock Foundation (a draft of which is produced to the Meeting and initialled by the Chairman for the purposes of identification), providing for the purchase by the Company of fully paid Foundation Shares in the share capital of the Company at such times and at such prices and in such numbers and otherwise on the other terms set out in such contract, be and is hereby approved and authorised generally (including, without limitation, for the purposes of sections 164 and 165 of the Companies Act 1985) but so that such approval and authority, unless previously renewed, varied or revoked, shall expire 18 months from the date of passing of this Resolution.

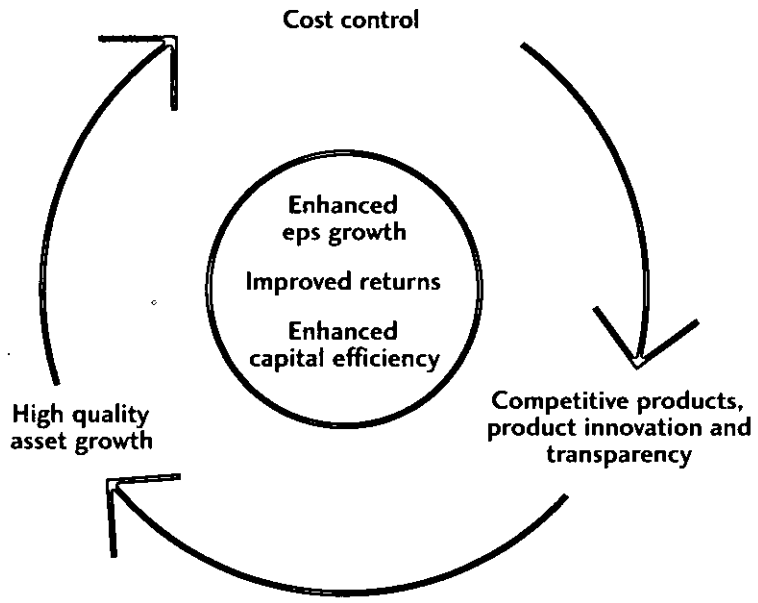
Annual Report and Accounts 2003

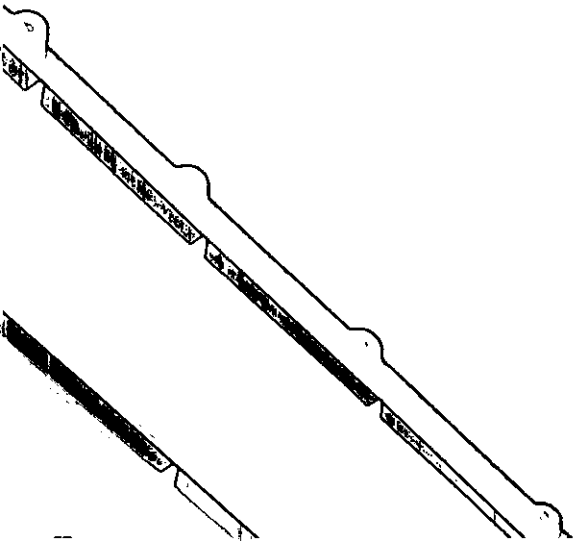
MISSION STATEMENT

Northern Rock is a specialised lending and savings bank which aims to deliver superior value to customers and shareholders through excellent products, efficiency and growth.

COMPANY STRATEGY



Northern Rock is a specialised lender providing funds for residential mortgages, secured commercial lending and personal finance. We obtain funds from both on-shore and off-shore personal savings, wholesale money markets and from the securitisation of mortgage assets.



The Northern Rock strategy encompasses efficiency, growth and value for both customers and shareholders.

Efficiency is paramount to the Northern Rock business strategy. Cost efficiency is enhanced by low cost, effective distribution and enables competitive pricing. Capital efficiency is achieved by optimising the use of debt and equity capital.

By growing lending and improving the mix of higher margin products, Northern Rock aims to grow earnings and improve returns to shareholders, at the same time as providing innovative and consumer friendly products to our customers.

NORTHERN ROCK'S RESULTS FOR 2003 FURTHER REINFORCE OUR POSITION AS ONE OF EUROPE'S MOST EFFICIENT MORTGAGE LENDERS. BY CONCENTRATING ON OUR KEY BUSINESS AREAS OF RESIDENTIAL LOANS, COMMERCIAL LENDING AND PERSONAL CREDIT WE WERE ABLE TO RAISE OUR ASSETS AND PROFITS TO RECORD LEVELS. THIS, TOGETHER WITH INDUSTRY LEADING RATIOS OF COST EFFICIENCY, CONFIRMS THE PROGRESS WE HAVE MADE IN ESTABLISHING NORTHERN ROCK PLC WITHIN THE FTSE 100 GROUP OF LEADING UK COMPANIES.

Sir John Riddell, Bt.

CHAIRMAN'S STATEMENT

I am particularly pleased to report that our continued success benefits our North East homeland. The need to provide high standards of service for a growing number of customers has meant that, since we converted from a building society to a plc in 1997, we have created 1,600 new jobs, mainly in the North East. Our latest proposals to underpin our longer-term drive for efficiency include further expansion of our Gosforth Head Office and administrative site in Sunderland, which will lead to the creation of 1,900 new posts over the medium term. At a time when other companies are exporting jobs abroad, we believe in serving our customers by the economic use of a dedicated homegrown workforce.

Our customers continue to appreciate our commitment to transparency and fairness. Our long standing "Open Book" policy of making all our mortgage products available to existing borrowers as well as new customers, addresses some of the concerns of the interim Miles Review published in December. For our borrowers and our savers, we believe we set out policies that place us at the forefront of customer care, such as our Mortgage Base Rate Pledge and our Savings Pledge.

CHAIRMAN'S STATEMENT (continued)

ECONOMIC AND MARKET BACKGROUND

With no changes in the Bank of England Base Rate throughout 2002, following seven successive rate reductions the previous year, the downward trend resumed during 2003 with further quarter point reductions in February and July. However, November saw a rise of a quarter point – the first increase in the Bank of England Base Rate since February 2000, with a further quarter point increase announced in February 2004. The higher level of household debt in the UK should mean that smaller changes in interest rates are required to manage aggregate debt than had been typical before the Bank of England's independence in setting rate levels.

The fundamentals of relatively high employment, low inflation and a general shortage of property have underpinned price growth in the housing market – but at a gentler pace than previously. We expect average house price inflation to return to more long-term sustainable levels, around the rate of earnings growth. However, a gradual slowing in house price growth for the country as a whole remains the most likely scenario rather than the 'boom and bust' of previous cycles.

Mortgages continue to be affordable, driven by the competitiveness of the market, while increasingly sophisticated credit assessment techniques continue to provide safeguards against borrowers overstretching their budgets.

SOCIAL RESPONSIBILITY

Being a good neighbour in the communities in which we operate and providing a pleasant, functional working environment for our staff are mainstays of our business philosophy. We support the concept of Work-Life Balance, a Government-backed initiative to raise the awareness of employees and employers to the importance of balancing work and personal life. This, we believe, is to the benefit of both customers and shareholders.

CHAIRMAN'S STATEMENT (continued)

It was encouraging therefore that, as well as recognition for our products and services, we also collected a top award for energy efficiency in the 2003 Transco – TNEI Energy Efficiency Awards. Our efforts were described as particularly impressive because of the size and diversity of the business, making Northern Rock "an exemplar in its field". The £30 million further expansion of our Gosforth site and the acquisition of Solar House – now our third building on the Doxford business park - will ensure that our staff will be able to function in a modern, energy-efficient and adaptable working environment.

Northern Rock plc remains a member of the FTSE4Good Index for socially responsible investors that measures corporate social responsibility and provides a vehicle for investment in those companies that qualify. Northern Rock is listed in the FTSE4Good UK, Europe and Global Indices.

In the Business in the Environment Index, which considers environmental management, Northern Rock has been placed top of its FTSE Financial Sector Group. We were third in the sector in the previous year and our continued progress now enables us to hold a position in the Index's Premier League.

We also gained prestigious awards from Remploy, the UK's leading supplier of employment opportunities for disabled people. After winning a Northern Regional award for our commitment to the employment and development of disabled people, we were then named as the UK's most disability friendly employer at Remploy's national awards ceremony.

In the context of our responsibility towards the community, it gives me great satisfaction to report that by May 2004 we will have distributed almost £100 million to The Northern Rock Foundation since its inception in 1997 as an integral part of Northern Rock's conversion to a plc. From 2003's profits, the Foundation will receive £19.3m. Indeed, with the Foundation receiving 5% of the plc's pre-tax profits each year, Northern Rock remains the top UK company for business giving as a percentage of profits.

CORPORATE GOVERNANCE

Northern Rock continues to ensure that it conforms to best Corporate Governance practice in identifying and actively controlling the risks to its business. The process is described in detail on pages 14 to 17 in this Report and Accounts.

During 2003 we were very pleased to strengthen the Board with the appointment of Adam Fenwick as a Non-Executive Director.

As was announced with our Interim Results in July 2003, I - along with Sir David Chapman (announced December 2003) – will be retiring from the Board after this year's Annual General Meeting. It has been both exciting and a great pleasure to be Chairman of Northern Rock in a period of strong growth and to work with so energetic and coherent an executive team; and I wish my successor, Dr Matt Ridley, continued success with the Company.

DIVIDEND

Your Board is recommending a final dividend of 15.8 pence per share making a total for the year of 23.3 pence – an increase of 15.3% on 2002.

CONCLUSION

In highly competitive markets we have once again risen to the challenge and produced an enviable set of results. We have lent at record levels without detriment to quality. Our customer retention strategy has worked well. We have funded strongly across all channels, including securitisation, which remains an integral part of our growth plans. Staff in all areas of the business have managed increasing volumes with a high level of customer service. In a constantly changing world, Northern Rock has adapted to change to ensure its continued success. I am grateful to my Board colleagues, the management and the staff for their hard work and expertise in pursuing the best interests of Northern Rock and its stakeholders.

CHIEF EXECUTIVE'S REPORT

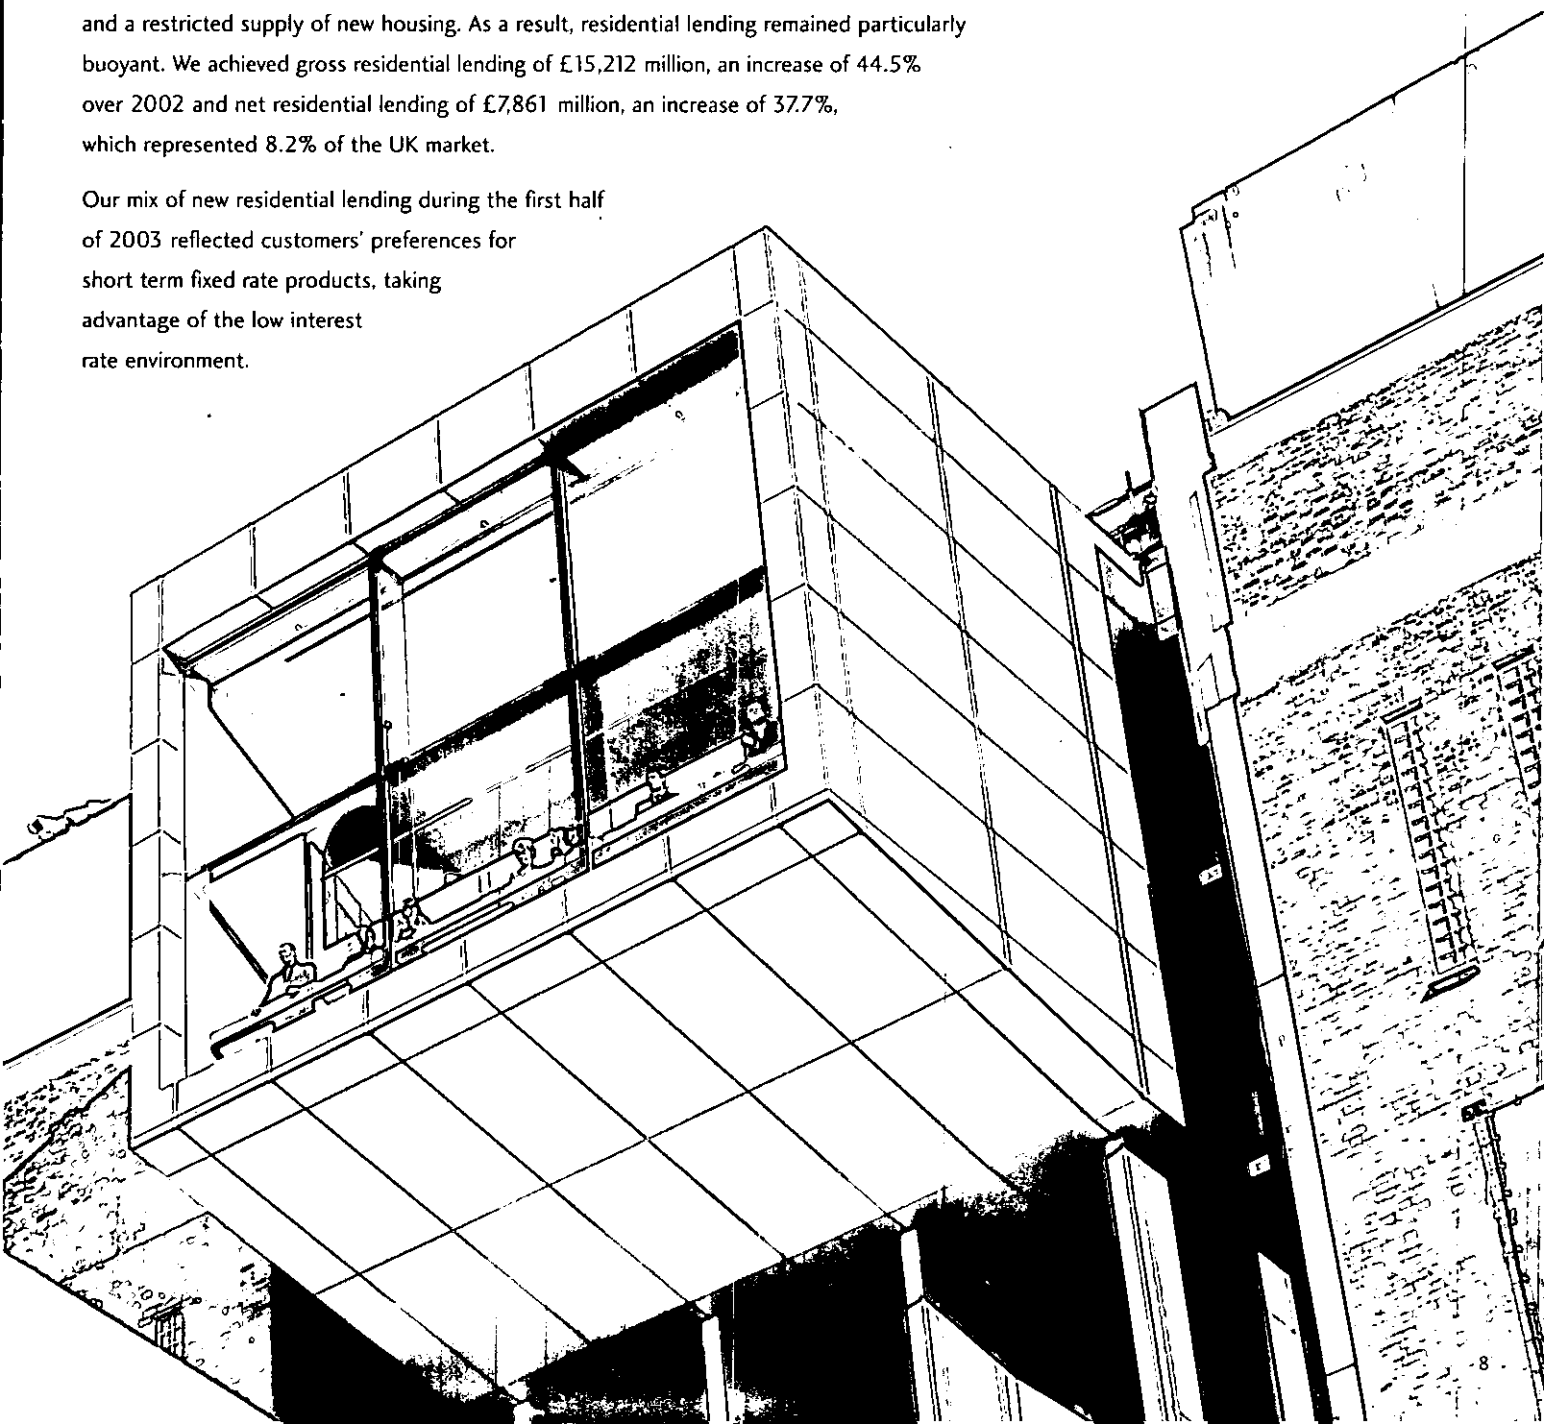
Adam J. Applegarth

In 2003 Northern Rock delivered excellent results including:

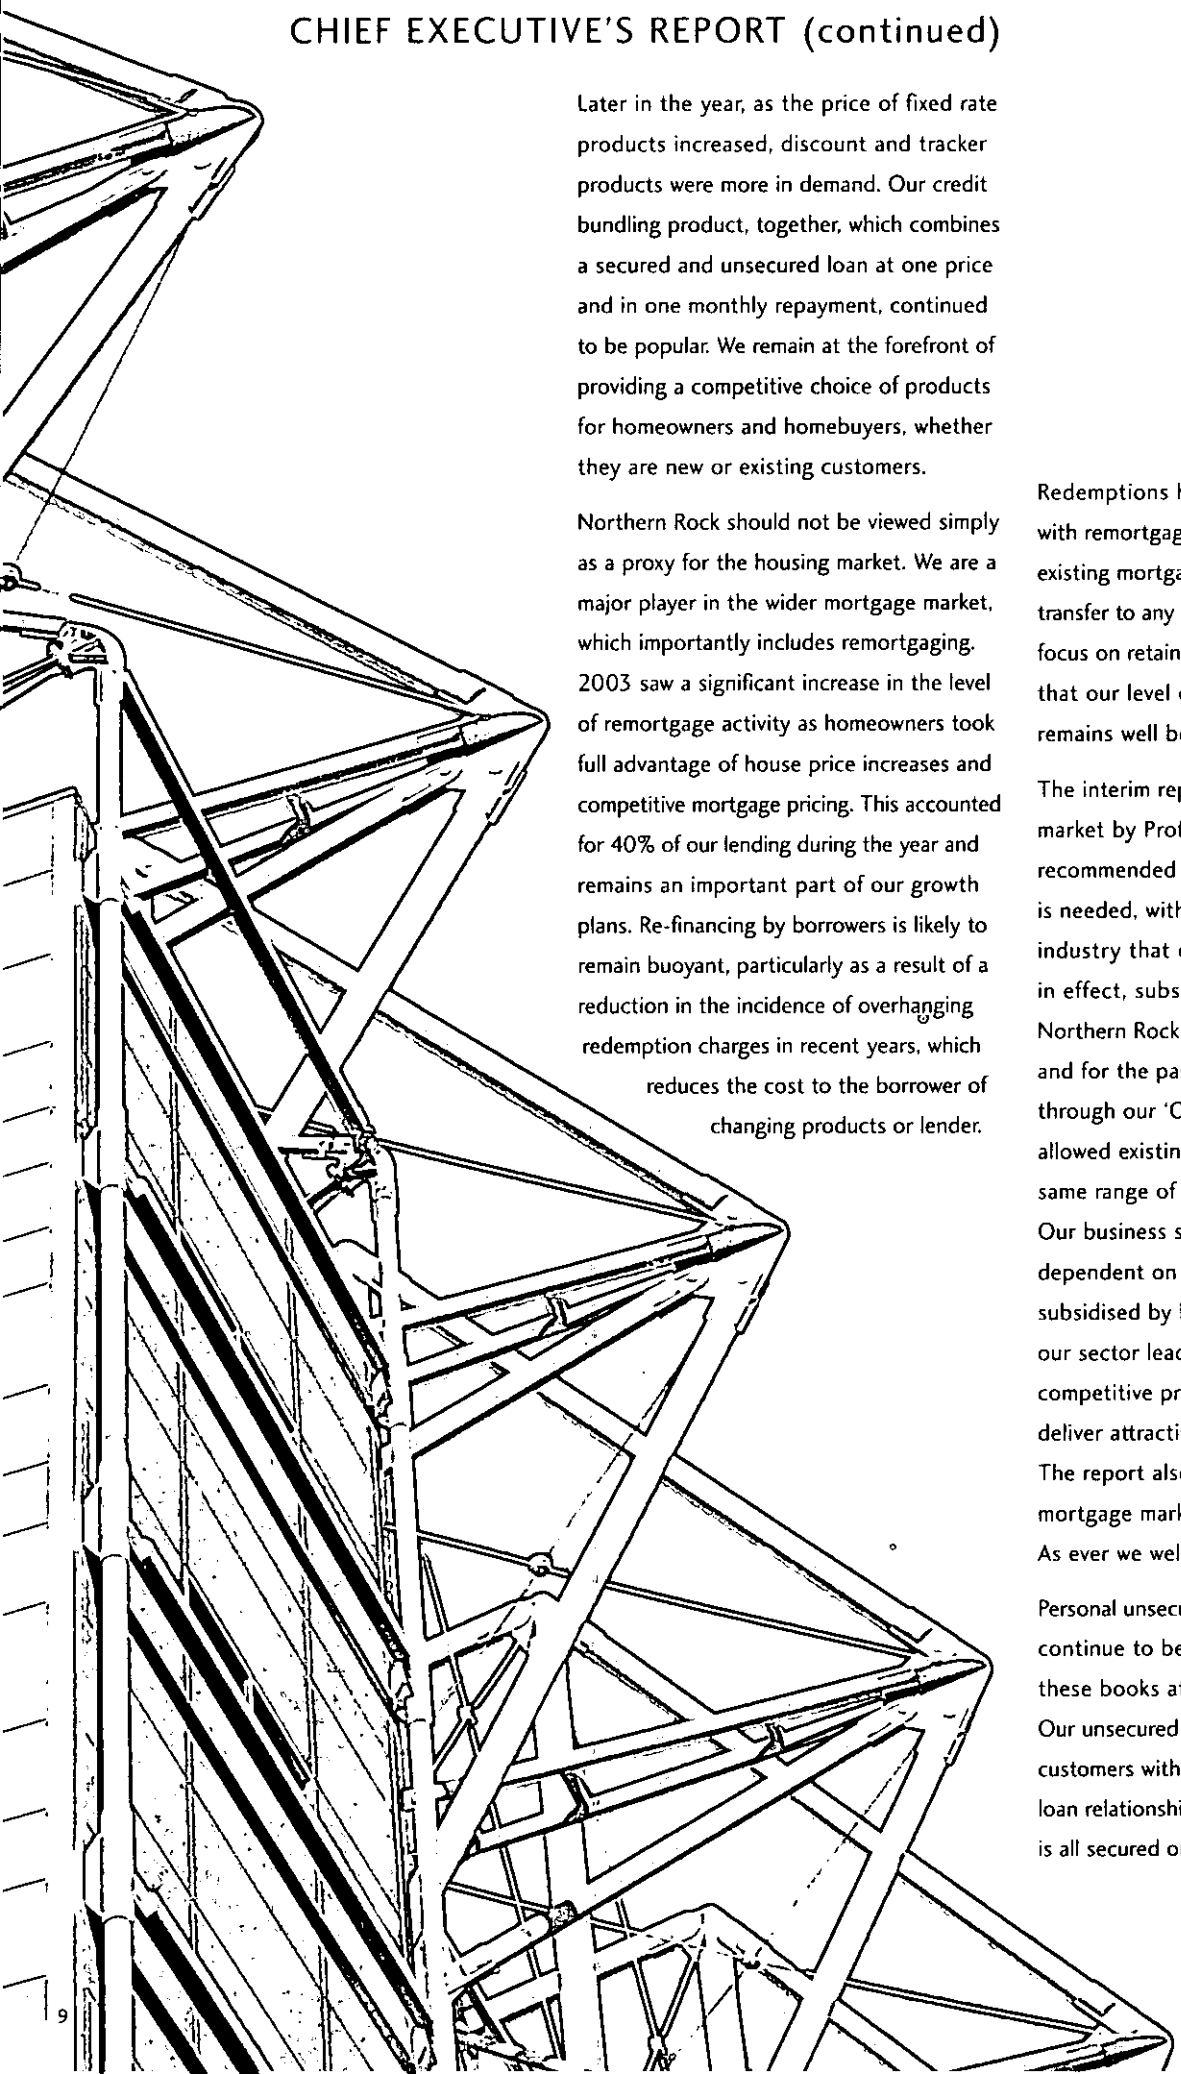
- ☐ EARNINGS PER SHARE OF 66.6 PENCE – AN INCREASE OF 19.8%
- ☐ RECORD PRE-TAX PROFITS OF £386.8 MILLION – AN INCREASE OF 18.6%
- ☐ RECORD GROSS LENDING OF £17.3 BILLION – AN INCREASE OF 37.6% ON 2002
- ☐ RECORD NET LENDING OF £8.5 BILLION – AN INCREASE OF 27.1% AND A MARKET SHARE OF 8.2%
- ☐ ASSETS UNDER MANAGEMENT UP BY 24.0% TO £52.0 BILLION
- ☐ COST RATIOS REDUCED YET AGAIN – UNDERLYING COST : INCOME RATIO DOWN TO 29.8%
- ☐ £19.3 MILLION COVENANTED TO THE NORTHERN ROCK FOUNDATION TO SUPPORT CHARITABLE CAUSES

Cost control is key to our strategy, allowing profitable growth of the business and the manufacture of competitive products for our customers. During 2003 we continued to seek further efficiencies, reinforcing our position as the lowest unit cost UK lender. Our cost base absorbed the effects of extra resources in our retention programme, the costs of running the Legal & General banking subsidiaries acquired in 2002, as well as additional pension and national insurance costs. However, growth in operating expenses was contained within our strategic range compared to growth in assets under management and total income. As a result, underlying costs to assets under management fell to 0.41% and underlying cost to income ratio fell to 29.8%.

As part of the underpinning of our longer-term unit cost drive we reviewed both our Head Office infrastructure and Distribution network. One key aspect of cost efficiency is the centralisation of administration into the North East of England and during the year we announced the next £30 million phase of physical expansion at our Head Office, together with the acquisition of additional new premises at our administrative site in Sunderland. In response to changing customer preferences we also closed 20 small branches and announced the opening of 10 new flagship mortgage branches to extend our mortgage origination capacity.



An exceptional gain of £7.3 million from the sale of our credit card portfolio to The Co-operative Bank earlier in the year more than compensated for the one-off costs of £5.6 million associated with these changes.



LENDING

During 2003 we once again delivered record levels of low risk lending. Gross lending was £17,315 million, an increase of 37.6% over the previous year, with net lending of £8,514 million, an increase of 27.1%.

The housing market remained active, underpinned by low interest rates, low unemployment and a restricted supply of new housing. As a result, residential lending remained particularly buoyant. We achieved gross residential lending of £15,212 million, an increase of 44.5% over 2002 and net residential lending of £7,861 million, an increase of 37.7%, which represented 8.2% of the UK market.

Our mix of new residential lending during the first half of 2003 reflected customers' preferences for short term fixed rate products, taking advantage of the low interest rate environment.

Later in the year, as the price of fixed rate products increased, discount and tracker products were more in demand. Our credit bundling product, together, which combines a secured and unsecured loan at one price and in one monthly repayment, continued to be popular. We remain at the forefront of providing a competitive choice of products for homeowners and homebuyers, whether they are new or existing customers.

Northern Rock should not be viewed simply as a proxy for the housing market. We are a major player in the wider mortgage market, which importantly includes remortgaging. 2003 saw a significant increase in the level of remortgage activity as homeowners took full advantage of house price increases and competitive mortgage pricing. This accounted for 40% of our lending during the year and remains an important part of our growth plans. Re-financing by borrowers is likely to remain buoyant, particularly as a result of a reduction in the incidence of overhanging redemption charges in recent years, which reduces the cost to the borrower of changing products or lender.

Redemptions have also increased along with remortgaging. Our policy of allowing existing mortgage customers genuinely to transfer to any of our new products and our focus on retaining customers, have ensured that our level of residential redemptions remains well below our natural share.

The interim report on the UK mortgage market by Professor David Miles recommended that greater transparency is needed, with the implication for the industry that existing customers are, in effect, subsidising new borrowers. Northern Rock has embraced transparency and for the past two and a half years, through our 'Open Book' policy, has allowed existing customers access to the same range of products as new customers. Our business strategy is, therefore, not dependent on front-end lending being subsidised by back-book customers, as our sector leading cost efficiency and competitive product pricing allow us to deliver attractive returns to shareholders. The report also acknowledged that the mortgage market is highly competitive. As ever we welcome competition.

Personal unsecured and commercial lending continue to be more muted as we grow these books at a steady, prudent pace. Our unsecured lending remains focused on customers with whom we also have a secured loan relationship and our commercial lending is all secured on bricks and mortar.

FUNDING

Funding remained strong during 2003. All three funding arms – retail funding, wholesale funding and securitisation – continued to perform well, moving us towards our medium-term goal of balance sheet lending being funded by an equal balance of retail and wholesale funds.

Our retail funding franchise remains an important part of our funding strategy. The increase in retail balances during 2003 was £1,007 million. We have a broad distribution platform of branch, postal, telephone and on-line accounts, as well as offshore and Ireland operations, which we will continue to develop. In particular we have seen strong growth in our Tracker Online account, which now has balances of almost £3.0 billion. We also funded strongly in fixed rate bonds and ISA accounts where clarity, transparency and the increased security provided by contractual guarantees have been key factors in reducing volatility and providing customer confidence. We continue to develop new products with our partner Legal & General, for those customers who require a link with the equity markets.

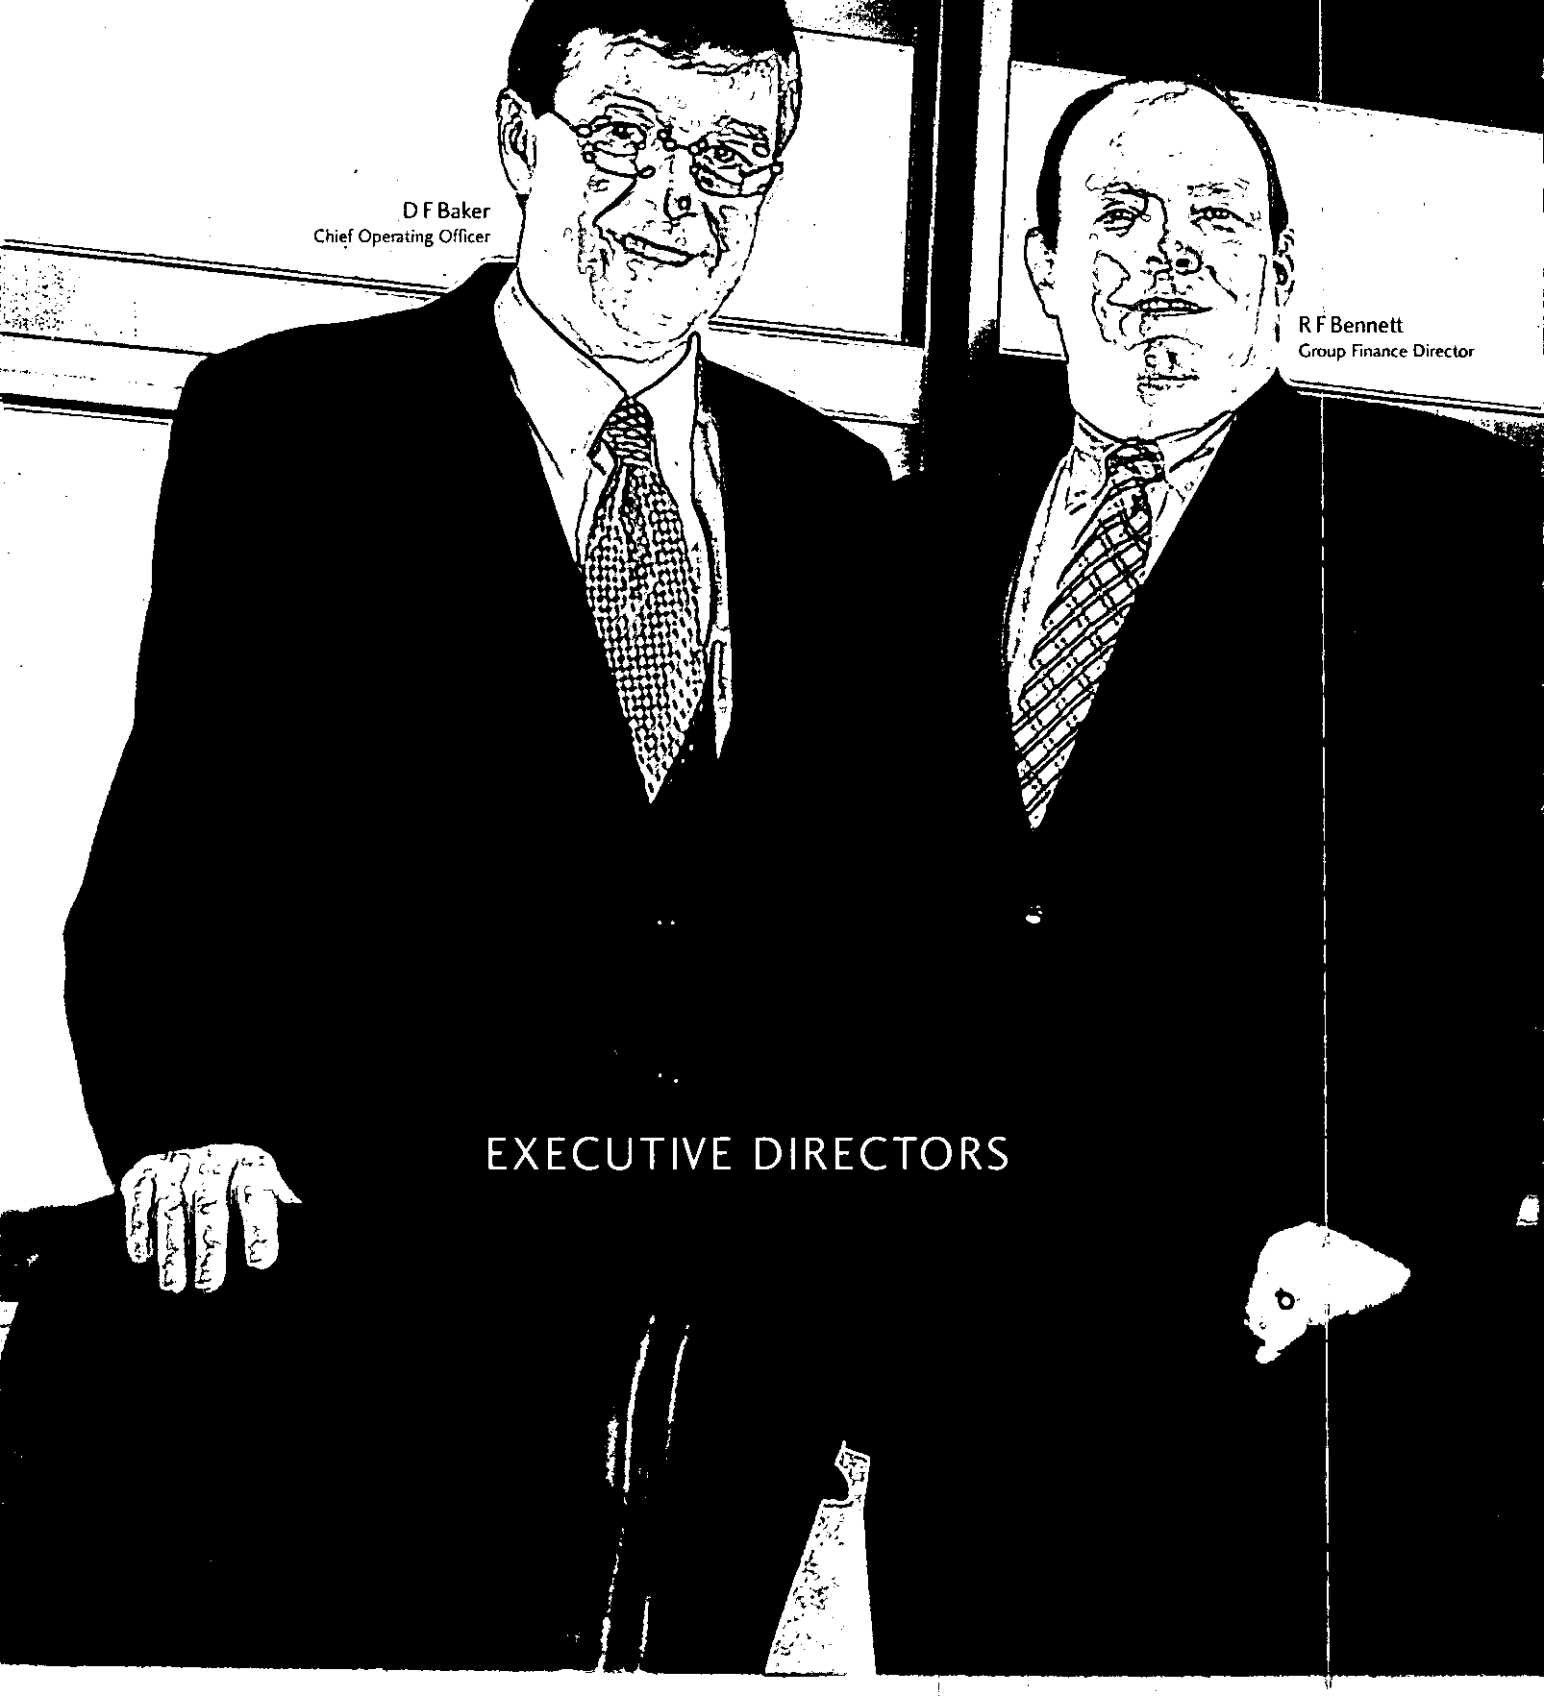
Northern Rock's Treasury function acts as an integrated part of the business and facilitates wholesale funding, securitisation issues and liquidity management. Net new wholesale funding totalled £3,317 million, increasing balances to £17.0 billion. Our wholesale funding provides a balanced mixture of short and medium term funding and diversification of the investor base has continued. We completed our first Euro fixed rate issue raising €750 million. Also, in October 2003 we raised US$600 million of Floating Rate Notes achieving 40% placement with Asian investors. During the year, the rating agency Moody's confirmed an upgrade to our long term credit rating from A2 to A1, which will further benefit the diversification of our investor base and the cost of wholesale funding.

Our residential securitisation programme is firmly established as a reliable source of funding, a reflection of the high credit quality of Northern Rock's loan book and the huge investor appetite for this type of financial instrument. During 2003 we issued £7.7 billion of securitised notes. Assets under management subject to securitisation now amount to £15.7 billion, representing 36% of our lending portfolios. Securitisation, with increasing diversification, will continue to play an important role in funding our future growth plans as well contributing to capital efficiency.

CREDIT QUALITY

The credit quality of our lending is excellent and continues to be tightly monitored and controlled. Our monthly behavioural scoring system confirms there are no early warning signs of credit deterioration. Even though mortgage balances have grown significantly we have not increased our appetite for risk. Our level of residential mortgage arrears of more than three months duration, at only 0.45%, remains about half the industry average. The average indexed loan to value on our mortgage book is 55%, offering a high level of protection against unforeseen adverse changes in the wider economy.

Risk assessment and credit management techniques ensure that the credit quality on our unsecured and commercial books also remains robust. During the year we sold our credit card portfolio, of £217 million, to The Co-operative Bank.



Our provisioning policies remain prudent and we have no residential loan exposure outside the UK, nor any exposure to unsecured commercial lending or leasing.

FUTURE STRATEGY

Our strategy of combining competitive products, effective distribution and efficient customer service, driven off a low unit cost base works well. We will continue to develop our business so that it is highly focused, resilient and expandable to meet our growth aspirations.

We expect the housing market to slow, but activity will be underpinned by relatively low interest rates, continuing low levels of unemployment and a restricted supply of new housing stock. The attractive pricing for new customers and the removal of overhanging redemption charges should ensure that levels of remortgaging will more than offset the level of slowdown in the housing market.This should enable us to achieve our strategic growth range of 15% - 25% in high quality, low risk, assets under management.

We are focused, we have a unit cost advantage, we retain existing customers well and are increasingly good at attracting new loans. Our broad funding platform, efficient distribution network and continued investment in buildings, systems and people will enable us to originate and service increased volumes of profitable business. We are therefore well placed to continue to deliver strong growth in high quality, low risk assets and thereby enhance shareholder value.

EXECUTIVE DIRECTORS

THE BOARD OF DIRECTORS

There were 11 full Board Meetings held during the financial year.

The number attended by each Director was as follows:

Non - Executive Directors

Sir John Riddell, Bt., CVO, MA, CA – Chairman	11
Dr M W Ridley, BA, D.Phil - Deputy Chairman	10

Sir David Chapman, Bt., DL, B.Comm	10
N A H Fenwick, MA (appointed 12 November 2003)	2
Sir Ian Gibson, CBE	10
N Pease, BA	9
Sir George Russell, CBE, D.Eng., BA	10
D Wanless, MA, FCIB, MIS	11

Executive Directors

A J Applegarth, BA	11
D F Baker, BSc, FCIB	11
R F Bennett, FCA, ACMA, IPFA	11

C Taylor, LLB - Company Secretary

Sir John Riddell, Bt., CVO, MA, CA
The Chairman, Sir John Riddell, Bt. (aged 70), after qualifying as a Chartered Accountant served in the I.B.R.D. in Washington DC and in the First Boston Corporation in New York, Tokyo and London. He was appointed director, then deputy chairman, of Credit Suisse First Boston and was for a period of 5 years private secretary and treasurer to the Prince and Princess of Wales. Sir John is Chairman of both the Chairman's Committee and the Nominations Committee and has been a Director of Northern Rock plc since November 1996. Sir John was appointed as a Non-Executive Director of Northern Rock Building Society in 1990. He is also a Trustee of the Northern Rock Pension Scheme.

Dr M W Ridley, BA, D.Phil
The Deputy Chairman and Senior Non-Executive Director, Matt Ridley (aged 46), is an author and businessman. His other Non-Executive Directorships include Northern Investors Company PLC, Northern 2 VCT plc and P A Holdings Limited. Dr Ridley was appointed a Director of Northern Rock plc in November 1996 having previously joined the Board of Northern Rock Building Society on 1 June 1994. He is Chairman of both the Audit Committee and the Risk Committee and is a Member of the Remuneration, Chairman's and Nominations Committees.

A J Applegarth, BA
Adam Applegarth (aged 41) has worked for Northern Rock for 20 years. He became an Executive Director of Northern Rock Building Society in January 1996, was appointed as an Executive Director of Northern Rock plc in October 1996 and subsequently became the Company's Chief Executive in March 2001. Mr Applegarth is a governor of the Royal Grammar School, Newcastle upon Tyne. Mr Applegarth is a Member of both the Chairman's and the Risk Committees.

D F Baker, BSc, FCIB
David Baker (aged 50) was appointed as the Company's Chief Operating Officer in January 2001. He became an Executive Director of Northern Rock Building Society in January 1996 and was appointed as an Executive Director of Northern Rock plc in October 1996. He is a Fellow of the Chartered Institute of Bankers. In his present role he is responsible for the effective and efficient direction and management of the Company's operations and in particular, Retail Savings, Credit, Customer Services, Personnel, Premises and Legal and Compliance. Mr Baker is Chairman of The Newcastle Employment Bond Limited and a Trustee of the University of Newcastle upon Tyne Development Trust. Mr Baker is a Member of the Chairman's Committee and the Risk Committee.

R F Bennett, FCA, ACMA, IPFA
The Group Finance Director, Bob Bennett (aged 56) is a Chartered Accountant. He became an Executive Director of Northern Rock Building Society in November 1993 and was appointed as an Executive Director of Northern Rock plc in November 1996. In his present role, he is responsible for Finance, Treasury, Securitisation, Internal Audit, Risk Management and Institutional Relations. Mr Bennett is a Member of the Chairman's Committee and the Risk Committee. Mr Bennett is also a Trustee of the Northern Rock Pension Scheme and a Non-Executive Director of Greggs plc.

Sir David Chapman, Bt., DL, B.Comm
Sir David Chapman, Bt. (aged 62), has been a Director of Northern Rock plc since November 1996 having been appointed to the Board of Northern Rock Building Society as a Non-Executive Director on 1 October 1994. A former Vice President with Merrill Lynch International Bank, Sir David is now a Consultant to Laing and Cruickshank Investment Management Limited. He is a former Board Member of the London Stock Exchange and was a member of the Greenbury Committee on Directors' Remuneration. Sir David is a Non-Executive Director of a number of companies including High Gosforth Park Limited, North East Regional Investment Fund Limited, Northern Business Forum Limited and Zytronic plc. He is Deputy Chairman of the CBI - North East. Sir David is a Member of the Audit Committee, Remuneration Committee and the Risk Committee. He is also a Trustee of The Northern Rock Foundation.

N A H Fenwick, MA
Adam Fenwick (aged 43), was appointed to the Board as a Non-Executive Director in November 2003. He is an Executive Director of Fenwick Limited and a Non-Executive Director of John Swire and Sons Limited. He is also a Trustee of Newcastle Theatre Royal Trust Limited. Mr Fenwick is a Member of the Audit Committee, Risk Committee and Remuneration Committee.

Sir Ian Gibson, CBE
Sir Ian Gibson (aged 57), was appointed to the Board as a Non-Executive Director in September 2002. He is a member of the Court of the Bank of England and his other non-executive directorships include BPB plc and GKN plc. Sir Ian was previously President of Nissan Europe and Senior Vice President Nissan Motor Company and was Deputy Chairman of Asda plc. Sir Ian is a Member of the Audit Committee, Nominations Committee, Risk Committee and the Remuneration Committee.

N Pease, BA
Nichola Pease (aged 42), is Chief Executive of J O Hambro Capital Management Limited and a Director of Grainger Trust PLC. She is a former Managing Director of Smith New Court Europe and Director of Smith New Court plc. She was also European Asset Portfolio Manager for Rowe Price Fleming before joining J O Hambro in 1998. She joined the Board of Northern Rock plc as a Non-Executive Director in February 1999. Ms Pease is a Member of the Audit Committee, Risk Committee and the Remuneration Committee.

Sir George Russell, CBE, D.Eng., BA
Sir George Russell (aged 68), is Non-Executive Director of Taylor Woodrow plc and Deputy Chairman of ITV plc and was until recently the Non-Executive Chairman of 3i Group plc and Camelot Group plc. Sir George was appointed a Director of Northern Rock plc in November 1996 having previously joined the Board of Northern Rock Building Society as a Non-Executive Director in 1985. Sir George is Chairman of the Remuneration Committee and is a Member of both the Audit and Risk Committees.

D Wanless, MA, FCIB, MIS
Derek Wanless (aged 56), joined the Board as a Non-Executive Director in March 2000. He was previously Group Chief Executive of National Westminster Bank plc from 1992-1999. He is a Non-Executive Director of Northumbrian Water Group plc. Mr Wanless is a Director of Business in the Community, a Commissioner with the Statistics Commission and a Trustee of the National Endowment for Science, Technology and the Arts. Mr Wanless is a Member of the Audit Committee, Nominations Committee, Risk Committee and Remuneration Committee.

Northern Rock regards adherence to the principles of good corporate governance to be of the utmost importance. The Board is accountable to Northern Rock's shareholders for corporate governance, and the following describes how Northern Rock applies the principles and provisions contained in the Combined Code of Corporate Governance published in June 1998 ("the Combined Code"). The Listing Rules of the United Kingdom Listing Authority require listed companies to disclose how they comply with the Combined Code. For the period 1 January 2003 to 31 December 2003, the Company complied with all aspects of the Combined Code.

A revised code on corporate governance was published in July 2003 ("the Revised Combined Code") and this applied to the Company from January 2004. Although the Company is satisfied that it already complies with many of the requirements of the Revised Combined Code it is reviewing its compliance arrangements to ensure where appropriate, it does comply. Where the Company does not comply with the provisions of the Revised Combined Code it will, in future reports, give reasons for non-compliance.

BOARD OF DIRECTORS

The Board of Directors meets regularly throughout the year and retains full and effective control over the Group.

Mr Adam Fenwick was appointed to the Board as a Non-Executive Director in November 2003. The Board now comprises a Non-Executive Chairman, a Non-Executive Deputy Chairman, a Chief Executive, two other Executive Directors and six other Non-Executive Directors. The Board is responsible for agreeing the strategy and policies of Northern Rock, for monitoring its performance and has a formal schedule of matters reserved for its review and approval. Dr M W Ridley is currently the Senior Independent Director.

Sir John Riddell Bt., will stand down from his position as Non-Executive Chairman and, along with Sir David Chapman Bt., will retire from the Board at the conclusion of this year's Annual General Meeting. Dr M W Ridley, currently the Non-Executive Deputy Chairman, will be appointed Chairman. Sir George Russell will be appointed as the Senior Independent Director.

It is the Company's policy that every Director should receive appropriate training on the first occasion that he or she is appointed to the Board, and subsequently as necessary. To enable the Board to function effectively, all Directors have full and timely access to all information which may be relevant to the discharge of their duties and obligations. The Chairman ensures that all Directors are properly briefed on issues arising at Board meetings and Directors are able to make further enquiries as appropriate both from within the Group and from external professional sources.

The Non-Executive Directors have experience in a wide range of commercial and banking activities and each of them is considered by the Board to be independent of management and free from any business or other relationship which could materially interfere with the exercise of their independent judgement. More than one half of the Board comprises Non-Executive Directors.

To be independent, Northern Rock considers that, a Non-Executive Director should not:

(i) be or have been an employee of Northern Rock;

(ii) have been a Director of Northern Rock plc for more than nine years since the listing of the Company on The London Stock Exchange in October 1997;

(iii) represent significant shareholders or other single interest groups;

(iv) receive an income from Northern Rock other than interest on savings accounts, dividends on shareholdings or his or her Director's fee;

(v) participate in Northern Rock's share option or performance related remuneration schemes;

(vi) have conflicting directorships. Cross directorships per se are not regarded as affecting a Director's independence; or

(vii) have any other significant, financial or personal tie to Northern Rock or its management, which could interfere with the Director's proper exercise of his or her duties (including taking into account the interests of Northern Rock's shareholders, employees and creditors).

Northern Rock's policy is that Non-Executive Directors will stand down from office at the conclusion of the next Annual General Meeting following their seventieth birthday.

Authority for the execution of approved policies is delegated to the Chief Executive and the Management Board (which comprises the Chief Executive, the other Executive Directors, the Company Secretary and seven other senior executives).

All Directors have access to the advice and services of the Company Secretary who is responsible for ensuring that Board procedures and applicable rules and regulations are observed. The Directors are able, if necessary, to take independent professional advice at Northern Rock's expense.

APPOINTMENTS TO THE BOARD

Northern Rock's Articles of Association require that each Director stands for re-election at least every three years and that Directors appointed by the Board should be subject to election by shareholders at

the first opportunity after their appointment. The Directors to retire by rotation will be those in office longest since their previous re-election. Non-Executive Directors are appointed for a specified term subject to re-election.

BOARD COMMITTEES

In accordance with the Combined Code and the best principles of corporate governance, the Board has established a number of committees that operate within defined terms of reference as set out below. The Chairman and membership of each committee are set out on page 17.

At the conclusion of the Company's Annual General Meeting on 27 April 2004, Dr M W Ridley will be appointed as Chairman of the Board and Mr D Wanless will be appointed as Chairman of the Audit Committee and the Risk Committee. With effect from the same date, Sir George Russell will stand down as Chairman of the Remuneration Committee to be succeeded by Ms N Pease.

AUDIT COMMITTEE

The Committee comprises seven independent Non-Executive Directors and meets at least four times each year. It considers and (where appropriate) advises the Board on all matters relating to regulatory, prudential and accounting requirements that may affect the Group, and reports to the Board on both financial and non-financial controls. An important aspect of its role is to ensure that an objective and professional relationship is maintained with the external auditors. The Committee reviews the scope and results of the annual audit and its cost effectiveness and the independence and objectivity of the external auditors. It also reviews the nature and extent of any non-audit services provided by the external auditors. The external auditors may attend all meetings and have direct access to the Committee and its Chairman at all times. The Chief Internal Auditor provides further assurance that the internal audit coverage is closely aligned to the significant risks identified by the business and also has direct access to the Committee and its Chairman. The Executive Directors are not members of the Committee but attend meetings by invitation of the Committee, as necessary, to facilitate its business.

RISK COMMITTEE

The Committee comprises seven independent Non-Executive Directors and the Executive Directors. The main role of the Risk Committee is to review, on behalf of the Board, the key risks inherent in the business and the system of control necessary to manage such risks, and to present their findings to the Board.

The Risk Committee meets on at least three occasions each year. Its remit is:

- to advise the Board on risk management and to foster a culture within the Group that emphasises and demonstrates the benefits of a risk-based approach to internal control and management of the Group;

- to reinforce management's control consciousness and make appropriate recommendations to the Board on all significant matters relating to the Group's risk strategy and policies;

- to keep under review the effectiveness of the Group's risk management infrastructure. This includes an assessment of risk management procedures (for the identification, measurement and control of key risk exposures) in accordance with changes in the operating environment;

- where appropriate, to consider Risk Audit reports on the key business areas to assess the level of business risk exposure;

- to consider the major findings of any of the Financial Services Authority and internal/external audit's risk management reviews and management's response;

- to consider the risks of new ventures and other strategic initiatives;

- to review the Group's credit risk, interest rate risk, liquidity risk and operational risk exposures in relation to the Board's risk appetite and the Group's capital adequacy;

- to consider the development of Group risk management and make appropriate recommendations to the Board and;

- to consider whether the public disclosure of information regarding the Group's risk management policies and key risk exposures is in accordance with the statutory requirements and financial reporting standards.

The director of Risk reports on and monitors risks throughout the Group. He reports to the Group Finance Director and in addition reports to the Chief Executive and the Chairman of the Risk Committee and attends both the Risk Committee and the Audit Committee.

CHAIRMAN'S COMMITTEE

The principal function of the Committee is to review the Group's strategy and to consider any major operational issues or proposals for significant new initiatives which may arise.

NOMINATIONS COMMITTEE

The Committee comprises three independent Non-Executive Directors and the Chairman. It monitors and reviews the membership of, and succession to, the Board of Directors. The Committee considers and makes recommendations to the Board, inter alia, on the identification and recruitment of potential Executive and Non-Executive Directors taking into account the requirement for the members of the Board to have an appropriate range of skills and experience to understand the activities of Northern Rock and its subsidiary undertakings.

REMUNERATION COMMITTEE

This Committee of seven independent Non-Executive Directors is responsible for considering and advising the Board on the remuneration policy for Executive Directors. It determines on behalf of the Board the salary levels of Executive Directors and takes professional advice from both inside and outside the Group. It is the Board's responsibility to determine the remuneration policy for Non-Executive Directors.

In accordance with the requirements of the Directors' Remuneration Report Regulations 2002 further information is incorporated in the Directors' Remuneration Report.

INTERNAL CONTROL

The Board of Directors is responsible for the Group's system of internal control and for reviewing its effectiveness. The system of internal control is designed to ensure effective and efficient operations and compliance with laws and regulations. In establishing this system, the Directors consider the nature of the Group's business, including the materiality of the risks being run, the likelihood of a loss being incurred and the costs of control and of mitigation of likely losses. It follows, therefore, that the system of internal control can only provide reasonable, and not absolute, assurance:

- as to the reliability and integrity of management information;

- that assets are safeguarded; and

- that fraud and other irregularities are prevented and detected.

The Combined Code requires that the Directors review the effectiveness of the Group's system of internal controls, which includes financial, operational, compliance and risk management controls.

In accordance with 'Internal Control: Guidance for Directors on the Combined Code' ("the Turnbull Guidance") the Board confirms that there is an ongoing process for identifying, evaluating and managing the significant risks faced by the Group, that has been in place for the period 1 January 2003 to 31 December 2003 and up to the date of approval of the Annual Report and Accounts, and that this process is regularly reviewed by the Board and accords with the Turnbull Guidance.

The Board has reviewed the effectiveness of the system of internal control. In particular, it has reviewed and (where necessary) updated the process for identifying and evaluating the significant risks affecting the business and the policies and procedures by which these risks are managed.

Management are responsible for the identification and evaluation of significant risks applicable to their areas of business together with the design and operation of suitable internal controls. These risks are assessed on a continual basis and may be associated with a variety of internal or external sources including control breakdowns, disruption in information systems, competition, natural catastrophe and regulatory requirements.

Internal Audit provide a degree of assurance as to the operation and validity of the system of internal control. Planned corrective actions are independently monitored for timely completion.

Northern Rock is a well-controlled, risk adverse business which continues to adopt a prudent stance in the management of risk faced by the business. A detailed description of the Group's approach to financial risk management and the related use of derivatives is set out in note 36 to the accounts.

Material risk exposures are subject to policy statements that set out the exposure limits of the risks and the hedges and control techniques to be utilised. In addition, regular reporting of all risk exposures is enforced throughout the Group.

The Risk Committee, comprising of independent Non-Executive and Executive Directors oversees risk management and ensures that appropriate controls are in place. Details are set out above.

The Group is committed to developing and maintaining a control-conscious culture in all areas. This is achieved through a well-defined organisational structure with clear reporting lines and a commitment to recruiting and training quality staff governed by appropriate codes of conduct. In addition, the Group maintains procedures manuals that detail the procedures to control physical and logical access, segregation of duties and credit, expenditure and other authorisation limits. There are well-established budgetary and strategic planning cycles, and the Board reviews the results monthly against budgets, forecasts and prior year actual results, together with other key business measures.

The Group has adopted a Corporate Social Responsibility policy which is underpinned by a number of codes one of which is the Code of Conduct. This provides practical guidance for all staff on Northern Rock's business values and forms a key element in the way the Group conducts its business. There are also supporting policies and employee procedures regarding Public Interest Disclosure.

The Chief Executive also reports to the Board on behalf of the Management Board on significant changes in the business and the external environment, which affect significant risks. The Board also receives monthly financial information, which includes key performance and risk indicators. Where areas for improvement in the system are identified, the Board considers the recommendations made by the Management Board, the Risk Committee and the Audit Committee.

The effectiveness of the internal control system is reviewed by the Audit Committee on behalf of the Board. Additionally, the Audit Committee at each meeting receives reports of reviews conducted throughout the Group by the Internal Audit and (periodically) Group Compliance functions together with reports from the external auditors which detail any significant control matters of which they are aware. It is responsible for ensuring that appropriate corrective action is taken where necessary.

The Committee also monitors the Group's compliance with the Principles for Business, published by The Financial Services Authority, comprising a statement of the fundamental obligations of firms under the regulatory system.

These mechanisms are intended to ensure that Group performance is continually monitored, risks identified in a timely manner, their financial implications assessed, control procedures re-evaluated and corrective actions agreed and implemented.

COMMUNICATIONS

The Company regards communications with shareholders as very important.
A summary financial statement is issued to all shareholders and a copy of the Annual Report and Accounts and The Northern Rock Foundation's report are available by written request to the Company Secretary or from the Northern Rock website: www.northernrock.co.uk

The Company communicates regularly with its shareholders who are given the opportunity to raise matters for discussion at the Annual General Meeting.
The Company also deals with a number of written enquiries from shareholders throughout the year.

GOING CONCERN

The Directors are satisfied that the Company and the Group have adequate resources to continue in business for the foreseeable future. For this reason, they continue to adopt the going concern basis in preparing the accounts.

STATEMENT OF DIRECTORS' RESPONSIBILITIES

The Companies Act 1985 requires the Directors to prepare financial statements for each financial year that give a true and fair view of the state of affairs of the Company and the Group as at the end of the year and of the profit or loss of the Group for the year.

The Directors consider that in preparing the financial statements on pages 43 to 71 appropriate accounting policies, consistently applied and supported by reasonable and prudent judgements and estimates, have been used and that applicable accounting standards have been followed.

The Directors are responsible for ensuring that the Group keeps accounting records that disclose with reasonable accuracy at any time the Group's financial position and that enable them to ensure that the financial statements comply with the Companies Act 1985. They are also responsible for safeguarding the assets of the Group and hence for taking reasonable steps to prevent and detect fraud and other irregularities.

DIRECTORS' REMUNERATION REPORT

SUMMARY

The Directors' Remuneration Report is presented to shareholders by the Board and contains the following information:

- A description of the role of the Remuneration Committee;
- A summary of the Group's Remuneration Policy including a statement of the Company's policy on Directors' remuneration;
- Graphs illustrating the performance of the Company relative to the FTSE 100 Index and FTSE 350 Index for the last five years;
- Details of the terms of the service contracts and the remuneration of each Director for the preceding financial year;
- Details of the share options and awards under long-term incentive schemes held by the Directors; and
- Details of each Director's interest in Ordinary Shares in the Company.

This Report complies with the Directors' Remuneration Report Regulations 2002 ("the Regulations"). This Report also sets out how the principles of the Combined Code relating to Executive Director remuneration are applied by the Group.

A resolution will be put to Shareholders at the Annual General Meeting on 27 April 2004 inviting them to consider and approve this Report.

THE REMUNERATION COMMITTEE

The Remuneration Committee consists entirely of independent Non-Executive Directors and comprises Sir George Russell (Chairman), Sir David Chapman Bt., Mr Adam Fenwick, Sir Ian Gibson, Ms Nichola Pease, Dr Matt Ridley and Mr Derek Wanless. Where appropriate, the Chairman and Chief Executive attend meetings of the Remuneration Committee, by invitation of the Committee, save that the Chief Executive is absent when his own remuneration is under consideration. The Remuneration Committee operates within agreed terms of reference and has responsibility for making recommendations to the Board on the Group's general policy relating to executive remuneration. It also determines, on behalf of the Board, specific remuneration packages for the Executive Directors and the performance remuneration of senior executives.

The Remuneration Committee meets regularly and takes advice from both inside and outside the Group on a range of matters, including the scale and composition of the total remuneration package payable in comparable financial institutions to people with similar qualifications, skills and experience.

The following persons provided advice or services that materially assisted the Remuneration Committee in its consideration of Directors' remuneration matters during the year:

- The Committee consulted the Chief Executive on matters relating to the remuneration of the other Executive Directors who report to him. The Chairman was also consulted in relation to the remuneration of all Executive Directors;
- Internal support was provided to the Remuneration Committee by the Company Secretary;
- Watson Wyatt LLP advised the Remuneration Committee on a range of issues including salary benchmarking. In addition to this advice to the Remuneration Committee, Watson Wyatt LLP are consulting actuaries to the Company and advised on various pension issues;
- Inbucon Administration Ltd were responsible for preparing Total Shareholder Return calculations for the purposes of the Company's Long Term Incentive Plan and this Remuneration Report. Inbucon Administration did not provide other advice or services to the Company; and
- Freshfields Bruckhaus Deringer advised the Company on compliance with the Directors' Remuneration Report Regulations and are the Company's main legal advisers.

COMPLIANCE

The Group has complied with the Combined Code's provisions relating to Directors' remuneration throughout the year.

REMUNERATION POLICY

The Remuneration Committee believes that the continuing improvement in performance of Northern Rock depends on individual contributions made by the Executive Directors. For this reason, the remuneration policy is designed to provide competitive packages to motivate, reward and retain Executive Directors of high quality and to align their interests with those of shareholders.

The Board has adopted, on the recommendation of the Remuneration Committee, a remuneration policy with the objectives set out below. It is intended that this policy should continue to apply for 2004 and subsequent years:

(i) the remuneration packages for Executive Directors are designed to be competitive in terms of market practice;

(ii) performance-related remuneration should seek to align the interests of Executive Directors with those of the shareholders through the imposition of stretching corporate performance targets and the satisfaction of most short and longer term incentives in the form of shares; and

(iii) to motivate for future achievement, a significant proportion of remuneration should be based on operational and financial performance both in the short and long-term together with the individual contribution made by the Executive Directors.

The Remuneration Committee regularly reviews all aspects of remuneration to ensure these remain appropriate. This report sets out the Company's policy on Executive Directors' remuneration for 2004 and, so far as practicable, for subsequent years. The inclusion in the report of remuneration policy in respect of years after 2004 is required by the Regulations.

The Remuneration Committee is able to state its remuneration policy for 2004 with reasonable certainty, and this policy will continue in subsequent years unless changed by the Remuneration Committee. The Remuneration Committee considers that a successful remuneration policy needs to be sufficiently flexible to take account of future changes in the Company's business environment and in remuneration practice. Any changes in policy for years after 2004 will be described in future Directors' Remuneration Reports; such reports will continue to be subject to shareholder approval. All statements in this report in relation to remuneration policy for years after 2004 should be read in light of this paragraph.

ELEMENTS OF REMUNERATION

Remuneration comprises: basic salary, annual bonus, pension benefits and benefits in kind. In addition, Executive Directors and senior executives participate in certain share based incentive schemes, comprising the bonus matching plan, deferred share scheme and long term incentive plan. These share-based incentive schemes, and the annual bonus, are performance-related, and the Remuneration Committee regards them as a key element in the Executive Directors' remuneration package.

As a result of changes to the performance-related elements of remuneration in 2002 and to annual bonuses in 2003, the performance-related element of total potential remuneration has materially increased in recent years.

BASIC SALARY

The Committee's objective is that Executive Directors' basic salaries should be paid at an appropriate level to take account of both personal performance and of salaries within a comparator group of financial institutions. The Committee considers that exceptional performance, whether corporate or individual, should be rewarded through bonus and incentive schemes rather than basic salary.

Salaries are reviewed annually for each Executive Director, and revised salaries took effect from 1 January 2004 as follows:

A J Applegarth
£565,000 (2003 - £525,000)

D F Baker
£375,000 (2003 - £350,000)

R F Bennett
£375,000 (2003 - £350,000)

The revised salaries of the Executive Directors have been benchmarked against salaries paid for similar positions in banks in the FTSE 100 Index and companies in positions 51 – 75 in the FTSE 100 Index.

SHORT TERM BONUS SCHEME

During 2003, Northern Rock operated a short term cash bonus scheme under which payments are made on an annual basis at the discretion of the Remuneration Committee. All of the Executive Directors and certain senior executives participate in this scheme.

This cash bonus scheme relates to year-on-year increases in the Group's pre-tax profit on ordinary activities, with increases in pre-tax profits generating a bonus payment equal to a percentage of salary. Payment of one-third of the bonus will be subject to the Remuneration Committee's view of the participant's personal performance, and the remaining two-thirds relates to the performance of the business.

During 2003, the bonus was capped at 75% of salary. On this basis, the bonus earned in respect of 2003 was 75% of salary. The bonus payable is reduced by the value of shares appropriated under the all-employee Inland Revenue Approved Share Incentive Plan for the year to the extent needed to ensure that the cap is not exceeded.

For 2004 the Remuneration Committee will continue to operate the cash bonus scheme on the basis described above for 2003 save that the level of bonus payments will be directly linked to the percentage increase in profits during the year. Only where there is an increase in adjusted pre-tax profits will Executive Directors be eligible for a short term bonus. Every 1% increase in pre-tax profits generates a bonus payment equal to 5% of salary with a maximum of 75% of salary by way of bonus for 15% increase in profits. Bonuses will be paid on a sliding scale between these points.

BONUS MATCHING PLAN

Participants are also encouraged to identify with the interests of shareholders by investing some of their own funds in Northern Rock. Executive Directors (and other senior executives invited by the Remuneration Committee to participate) are entitled to elect for all or part of the after-tax amount of their annual cash bonus to be used to acquire shares which will be held for a period of three years; alternatively they may elect to deposit their own shares with an aggregate value not exceeding the cash amount of the after-tax bonus. At the end of the three year period, provided a participant has remained an employee of the Group, the shares will be released to the participant together with a number of additional shares, on the basis (before adjustment for tax) of one share free of charge for every one share left in trust for three years. Entitlement to the additional shares will normally be lost if the participant leaves employment except in certain "good leaver" circumstances. The value of any additional share awards is derived from annual bonus criteria and is dependent on corporate performance. The release of additional share awards is not dependent on satisfaction of a further performance condition.

The bonus matching plan was operated in respect of 2003, resulting in the share awards described on page 25. The Remuneration Committee will continue to operate it in respect of 2004 and future years.

The beneficial ownership of the additional shares transfers to the participant on the grant of an award. The additional shares

will be forfeited if the participant ceases to be entitled to them except in certain "good leaver" circumstances. The participant will be entitled to any dividends paid on his additional shares during the restricted period. Prior to the amendment of the bonus matching plan in January 2003 participants were entitled to call for their additional share entitlement at the end of the restricted period, and were not entitled to dividends during that period.

DEFERRED SHARE SCHEME

Under a separate element of the short term bonus scheme, the Remuneration Committee may grant to Executive Directors and other executives who receive a cash bonus under that scheme an award of shares with a pre-tax value equal to the pre-tax value of his cash bonus. A participant who is granted an award must normally continue to hold these shares and remain an employee of the Group for a period of three years from the date of the award in order to retain the full number of shares so granted to him, although shares will be released earlier in certain "good leaver" circumstances. The value of any deferred share awards is derived from annual bonus criteria and is therefore dependent on corporate performance; the release of deferred share awards is not dependent on satisfaction of a further performance condition.

This deferred share scheme was operated in respect of 2003, resulting in the share awards described on page 26.
The Remuneration Committee will continue to operate the deferred share scheme in respect of 2004 and future years.

LONG TERM INCENTIVE PLAN

All Executive Directors and certain senior executives participate in a long term incentive plan ("LTIP"), which was approved by shareholders in 1998. Awards have been made in 1998 and each subsequent year thereafter. The plan involves the grant of share awards, which can only be released if demanding performance targets are achieved and if the participant remains in employment, except in certain "good leaver" circumstances. The number of shares comprised in an award is calculated by reference to a percentage of salary, with the maximum award of shares being 100% of salary.

Performance is measured over a three year period on the basis of Total Shareholder Return ("TSR"), comparing the Company's performance to that of the companies in the FTSE 350 index at the date of an award. The extent to which an award is realisable depends on the Company's ranking in this comparison. Awards are released on a sliding scale between median and top quartile performance with 25 per cent of an award being released for median performance and 100 per cent of the award being released for a ranking within the top quartile. If the Group's performance is below the median, none of the shares in an award will vest. There is no re-testing of targets. The FTSE 350 Index was selected because, at the time the LTIP was approved in 1998, the Company's market capitalisation placed it around the mid-point of the constituents of that index. The Company joined the FTSE 100 Index in September 2001 and, during 2004 the Remuneration Committee will consider whether it would be more appropriate to change the rules of the LTIP to substitute the FTSE 100 Index for comparison purposes. There is also an earnings per share threshold, which requires that the Group's earnings per share growth over the three year period must exceed the growth in the UK Retail Prices Index by an average of at least 3% per annum. This performance condition is designed to ensure that the vesting level of LTIP awards is dependent on satisfactory year-on-year financial performance as well as above-median TSR ranking.

The LTIP was operated in 2003, resulting in the share awards set out in the table on page 27. The Remuneration Committee will continue to operate it for Executive Directors in 2004 and future years.

A separate share scheme, in substantially the same terms as the LTIP, has been adopted by the Remuneration Committee and is extended to 29 executives. Executive Directors are not eligible to participate in this scheme, and awards under it will be satisfied with existing shares only.

ALL-EMPLOYEE SHARE SCHEMES

Executive Directors are eligible to participate in the Company's all-employee share schemes on the same terms as other employees. These schemes comprise:

(i) the Sharesave Scheme, a savings-related share option scheme available to all employees. This scheme operates within specific tax legislation (including a requirement to finance exercise of the option using the proceeds of a monthly savings contract), and exercise of the option is not subject to satisfaction of a performance target;

(ii) the Employee Share Option Scheme, an Inland Revenue approved share option scheme under which options have been granted to substantially all employees. Under this scheme the aggregate exercise value of unexercised options may not exceed £30,000. Options under this scheme may not be exercised unless earnings per share of the Company has grown by more than 3% over the life of the option. This performance condition is designed to ensure that the exercisability of options is dependent on satisfactory year-on-year financial performance on a sustained basis; and

(iii) the Share Incentive Plan ("SIP"), under which the maximum value of free shares awarded to employees cannot exceed £3,000. The value of share awards under this scheme is dependent on the Company's profits. The SIP operates within specific tax legislation. Any payment made under the SIP together with any amount payable under the short term cash bonus scheme may not exceed 75% of salary.

The Remuneration Committee is satisfied that these schemes constitute a well considered overall plan for Executive Directors' and senior executives' long-term remuneration. These schemes are kept under regular review, to take account of changing circumstances. Bonus and share incentive scheme payments are not taken into account for pension purposes.

PENSION BENEFITS

Each of the Executive Directors participates in the Northern Rock Pension Scheme, a contributory pension scheme which provides a pension of up to two-thirds of pensionable salary on retirement, dependent upon service. The scheme also provides for dependants' pensions and lump sums on death in service of four times basic salary. This pension and life assurance is provided from the scheme (to the extent permitted by legislation) and otherwise from separate arrangements.

The normal retirement age under the pension scheme is 60 which enables members to achieve the maximum pension of 2/3rds of their salary at normal retirement age after 40 years service.

For death before retirement whilst in service, a capital sum equal to four times the annual rate of basic earnings excluding Director's fees is payable plus a return of member's contributions. In addition, a pension of 50% of the member's prospective pension at the age of 60, based on pensionable earnings at death, is payable to a surviving spouse providing the couple were married before retirement. On death before retirement after leaving the scheme a benefit of 50% of the member's deferred pension, re-valued to the date of death, is payable to a surviving spouse. For death in retirement, a spouse's pension of 50% of the member's pre-commutation pension is payable. In certain circumstances a children's allowance is payable, usually up to the age of 18 (or up to the age of 21 if they are in full-time education).

Subject to the Trustees' approval, early retirement may be granted from the age of 50, or at any age due to ill-health. The pension is calculated at the date of retirement based on accrued pensionable service and final pensionable earnings at that date. The pension will then be actuarially reduced to take account of early payment by an amount of 0.25% for each complete month before normal retirement date. The Company and the Trustees have agreed that if Mr Applegarth or Mr Baker (having attained age 55) retire with the consent of the Company they will receive immediate payment of their accrued pension without the application of an actuarial reduction. If Mr Applegarth or Mr Baker elect to retire after attaining the age of 55 without the consent of the Company they will receive an immediate pension being the accrued deferred pension reduced by 3% for each year or proportionate part thereof by which retirement precedes age 60.

Post retirement increases to pensions arising from membership of the defined benefit scheme are guaranteed each year at the rate of 3% per annum compound, subject to any guaranteed minimum pension. Pension benefits accrued after 5 April 1997 are guaranteed to increase in line with inflation, to a maximum of 5% per annum.

In addition to the normal scheme increases, and subject to the Fund having adequate resources, the Trustees may award further discretionary increases each April.

Members of the scheme have the option to pay additional voluntary contributions to secure additional benefits within regulatory limits, to which the Company does not contribute.

The Company also operates an unapproved unfunded arrangement for Mr Bennett (which is provided for in the Company's accounts and maintains pension entitlement from previous employment) to provide additional benefits to the main scheme. The unfunded arrangement is designed to ensure that the individual (or his spouse) will receive the level of pension benefit in respect of his eligible earnings in excess of the pensions "earnings cap", currently £99,000 (2002/03 - £97,200) per annum, which are not pensioned by the Northern Rock Pension Scheme. Mr Bennett contributes 5% of his basic salary including those earnings in excess of the earnings cap. Mr Bennett's pension will accrue at the rate of 1/36th of pensionable earnings for each year (and pro rata for each part year) of pensionable service from 1 November 1993 (date joined pension scheme). In addition, all pension calculations shall include pensionable service brought forward from previous employers of 19 years 5 months at a rate of accrual of 1/60th per annum and 5 years 1 month at a rate of accrual of 1/36th per annum.

The total of the pension provided for Mr Bennett at normal retirement date or at any age after his 55th birthday, where the retirement is by mutual consent or at the Company's request, shall be the maximum of two thirds of his uncapped final pensionable earnings. If retirement occurs between the ages of 50 to 60 without the consent of the Company, he may elect to receive an immediate pension being the accrued deferred pension with a maximum of two thirds of his uncapped final pensionable earnings reduced by 3% for each year (and proportionate for each part thereof) by which retirement precedes age 60. The aggregate of pension increases to be provided whether in deferment or in payment shall be the greater of 5% per annum or RPI if less, subject to any guaranteed minimum pension and the increases as granted by the Trustees of the scheme inclusive of any discretionary increases.

Should Mr Bennett die in service or in receipt of benefits under the Company's Permanent Health Insurance Scheme prior to age 60, a lump sum shall be paid of four times his earnings at death plus a return of his contributions. In addition, if he leaves a surviving spouse she shall receive a pension of four ninths of his uncapped final

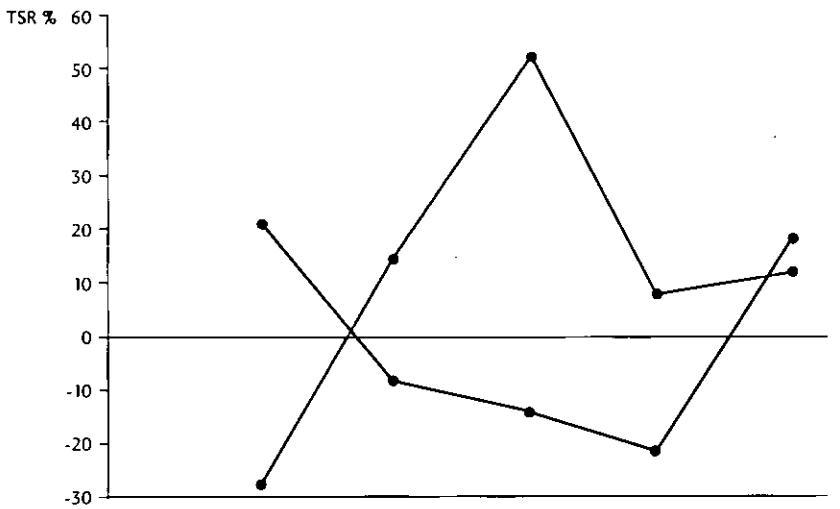
pensionable earnings. Any child or children under the age of 25 receiving full-time education would receive an allowance of one half of the entitlement of the surviving spouse. Should Mr Bennett die whilst in receipt of a pension prior to his attainment of age 60, a lump sum of four times his earnings at retirement shall be payable. On death in receipt of a pension, any surviving spouse would receive a pension of two thirds of the pension Mr Bennett would have been receiving at death, ignoring any pension commuted for a tax free cash sum.

Any income tax or other related tax due on the Company's contribution to the unfunded arrangement which, under an uncapped arrangement, would not have been paid by Mr Bennett, will be borne by the Company up to two thirds of the contribution amount. In addition, any income tax or related tax due on the cash sum commutation will be borne by the Company up to two thirds of the commutation amount.

BENEFITS IN KIND

Each Executive Director is provided with company car and medical insurance benefits. Each Executive Director was, as an employee of Northern Rock Building Society, entitled to participate in a concessionary mortgage scheme at the discretion of the Board. No further new loans may be made under the scheme following conversion to plc status, but existing loans are not affected.

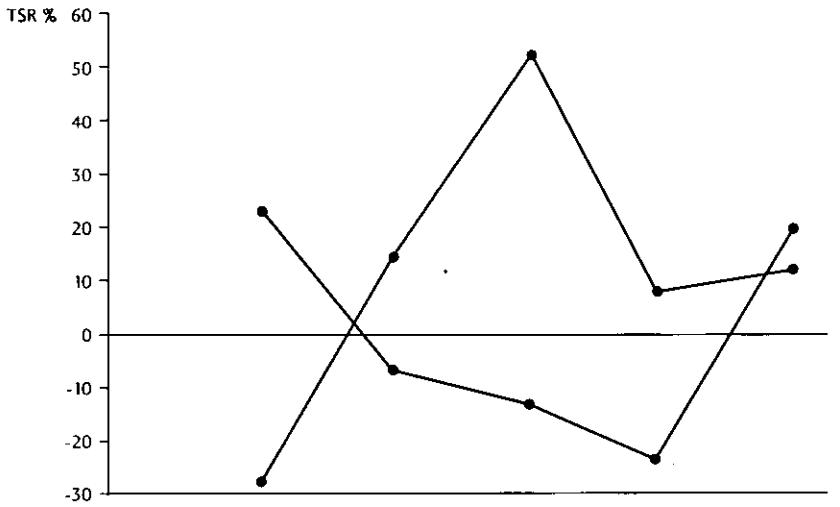
POLICY ON EXECUTIVE DIRECTORS' SERVICE CONTRACTS



It is the policy of the Company that Executive Directors' service contracts can be terminated by 12 months' notice given to an Executive Director at any time. Each Executive Director can terminate his employment by giving 6 months' notice. All of the Executive Director's contracts may be terminated immediately by Northern Rock either with (for Mr Baker and Mr Bennett) the payment of liquidated damages equal to 12 months' salary and the value of annual bonus and benefits or (for Mr Applegarth) a payment in lieu of notice equal to such amount. Each Executive Director would, in the event of a change of control of Northern Rock, be entitled to terminate his employment and receive a liquidated damages payment calculated on the same basis.

The terms of reference of the Remuneration Committee make it clear that the Remuneration Committee seeks, in appropriate circumstances to mitigate the amount of termination payments made to Executive Directors.

PERFORMANCE GRAPHS



The performance graphs set out below illustrate the Company's Total Shareholder Return ("TSR") performance over the preceding five years, 1999 to 2003, compared with that of the FTSE 100 Index and the FTSE 350 Index and has been prepared in accordance with the Regulations. The FTSE 100 Index has been included for comparison purposes, because the Company has been a constituent of this index since September 2001.

FTSE 100

	1999 (%)	2000 (%)	2001 (%)	2002 (%)	2003(%)
Northern Rock	-28	+14	+51	+8	+12

FTSE 350

	1999 (%)	2000 (%)	2001 (%)	2002 (%)	2003(%)
Northern Rock	-28	+14	+51	+8	+12
FTSE 350	+23	-6	-13	-23	+20

SERVICE CONTRACTS

Mr Applegarth is employed under a service contract with the Company dated 1 March 2001. Mr Applegarth's current annual salary is £565,000, and he is entitled under the contract to participation in the Company's bonus scheme, a company car (or allowance in lieu), membership of the Company's pension scheme, life assurance cover equal to four times salary, permanent health insurance, private medical insurance cover and the continuation of a mortgage at a concessionary rate (which was granted before the Company's conversion to plc status). Mr Applegarth's contract is for an indefinite term ending automatically on his retirement date (age 60), but may be terminated by 12 months' notice given by the Company and 6 months' notice given by Mr Applegarth. The Company may at its discretion elect to terminate the contract by making a payment in lieu of notice equal to:

(i) 100 per cent of basic annual salary;

(ii) the amount of annual bonus paid in respect of the preceding financial year; and

(iii) the annual cost to the Company of providing pension and all other benefits to which Mr Applegarth is entitled under his contract.

In addition, Mr Applegarth may elect to terminate the contract on one month's notice given within six months following a change of control of the Company. In these circumstances, Mr Applegarth would become entitled to a lump sum payment equal to the aggregate of:

(i) 100 per cent of basic annual salary;

(ii) the amount of annual bonus paid in respect of the preceding financial year; and

(iii) the annual cost to the Company of providing pension and all other benefits specified in his service contract.

Mr Bennett is employed under a service contract with the Company dated 26 August 1997, which was amended by a supplemental agreement dated 12 March 1998. Mr Bennett's current annual salary is £375,000. He is entitled to the same benefits as those specified above in relation to Mr Applegarth, save that Mr Bennett is entitled to special pension arrangements which are described on pages 21 and 22. Mr Bennett's contract is for an indefinite term ending automatically on his retirement date (age 60), but may be terminated by 12 months' notice given by the Company and 6 months' notice given by Mr Bennett. The Company may at its discretion elect to terminate the contract early by making a payment of liquidated damages calculated in the manner set out above in relation to Mr Applegarth's post-change of control liquidated damages entitlement.

In the event of a change of control of the Company, Mr Bennett may elect to terminate the contract and receive a lump sum payment calculated in the manner set out above in relation to Mr Applegarth.

Mr Baker is employed under a service contract with the Company dated 26 August 1997, which was amended by supplemental agreements dated 12 March 1998 and 1 July 1999. Mr Baker's current annual salary is £375,000. He is entitled to the same benefits as those specified above in relation to Mr Applegarth (save that Mr Baker has repaid the mortgage awarded to him before the Company's conversion to plc status, and is not entitled to a further mortgage on concessionary terms). Mr Baker's contract is for an indefinite term ending automatically on his retirement date (age 60), but may be terminated by 12 months' notice given by the Company and 6 months' notice given by Mr Baker. The Company may elect to terminate the contract by making a payment of liquidated damages calculated in the manner set out above in relation to Mr Bennett. In the event of a change of control of the Company, Mr Baker may elect to terminate the contract and receive a lump sum payment calculated in the manner set out above in relation to Mr Applegarth.

REMUNERATION OF NON-EXECUTIVE DIRECTORS

The remuneration of the Chairman and other Non-Executive Directors is determined by the Board as a whole on the basis of external independent advice.

The Chairman's annual fee is £150,000. The Deputy Chairman's annual fee is £49,500 and he is also entitled to £12,500 for each Committee chairmanship. Non-Executive Directors receive an annual fee of £28,500. The fee payable for membership of each of the Audit, Risk and Remuneration Committees is £2,500 or, where a Non-Executive Director is chairman of a Board Committee, the additional annual fee payable to him is £12,500.

With effect from 27 April 2004:

(a) the committee membership fee of £2,500 will also apply to membership of the Nominations Committee; and

(b) Sir George Russell will receive a fee of £49,500 in respect of his role as senior independent director. The position of Deputy Chairman will not be filled following Dr Ridley's appointment as Chairman.

The Chairman and Non-Executive Directors serve the Company under letters of appointment, which are terminable by the Company at any time without liability for compensation; they do not have service contracts. The Chairman and Non-Executive Directors are entitled to fees from the Group and it is the Group's policy that they do not participate in bonus, incentive or pension schemes. However, Non-Executive Directors appointed prior to 1994 (see page 24) are deferred members of a non-contributory pension scheme established by Northern Rock Building Society under which pension entitlement accrued for each complete year of qualifying service subject to a maximum of 60% of qualifying fees. This scheme ceased to accrue benefits to deferred members after 30 June 1997.

INFORMATION SUBJECT TO AUDIT

The information set out below in the remainder of the Directors' Remuneration Report has been subject to audit as required by Part 3 of Schedule 7A of the Companies Act 1985.

DIRECTORS' INDIVIDUAL REMUNERATION

Details of Directors' individual remuneration is set out below:

Non-Executive Directors	**2003**	2002
	£000	£000
Sir John Riddell, Bt.(Chairman)*	**150**	130
Dr MW Ridley (Deputy Chairman)	**77**	50
Sir David Chapman, Bt.	**36**	32
N A H Fenwick (appointed 12 November 2003)	**5**	-
Sir Ian Gibson (appointed 10 September 2002)	**36**	10
N Pease	**36**	32
Sir George Russell*	**46**	38
D Wanless	**36**	32
	422	324

*These Non-Executive Directors are deferred members of the non-contributory pension scheme, which ceased to accrue benefits after 30 June 1997.

Sir John Riddell was entitled with effect from January 2003 to a deferred pension of £14,341 (2002 £13,392) and with effect from 3 January 2004 has commenced to receive a pension of £15,290.

Sir George Russell was entitled with effect from October 2003 to a deferred pension of £10,771 (2002 £9,952). The deferred pension commences on retirement as a Non-Executive Director or 25 October 2005, whichever is earlier.

Executive Directors	**Chief Executive**	**Chief Operating Officer**	**Group Finance Director**	
	A J Applegarth £000	**D F Baker £000**	**R F Bennett £000**	**Total £000**
2003				
Salaries and fees	**525**	**350**	**350**	**1,225**
Bonus	**394**	**263**	**263**	**920**
Total remuneration	**919**	**613**	**613**	**2,145**
Non cash benefits	**13**	**10**	**17**	**40**
Total emoluments	**932**	**623**	**630**	**2,185**
2002				
Salaries and fees	425	315	315	1,055
Bonus	319	236	236	791
Total remuneration	744	551	551	1,846
Non cash benefits	15	10	15	40
Total emoluments	759	561	566	1,886

There were no payments by the Company during the financial year for compensation for loss of office or payments in connection with the termination of qualifying services.

There were no amounts paid to the Executive Directors in respect of their qualifying services by way of expenses allowance that was chargeable to UK income tax.

The nature of these non-cash elements is set out on page 22.

BONUS MATCHING PLAN

Details of the Ordinary Shares over which the Directors have conditional rights under the Bonus Matching Plan by year of grant are as follows:

Rights under bonus matching plan

	Date granted	Rights held under plan at 31 Dec 02	Rights granted during 2003	Market price of rights granted on date of grant £	Rights released during 2003	Rights held under plan at 31 Dec 03	Date of end of qualifying period
A J Applegarth	Jan 00	3,240	-	3.13	(3,240)	-	-
	Feb 01	18,663	-	4.65	-	18,663	Feb 04
	Jan 02	23,723	-	6.66	-	23,723	Jan 05
	Jan 03	-	52,253	6.10	-	52,253	Jan 06
D F Baker	Jan 00	3,240	-	3.13	(3,240)	-	-
	Feb 01	19,658	-	4.65	-	19,658	Feb 04
	Jan 02	21,621	-	6.66	-	21,621	Jan 05
	Jan 03	-	38,728	6.10	-	38,728	Jan 06
R F Bennett	Jan 00	6,922	-	3.13	(6,922)	-	-
	Feb 01	22,273	-	4.65	-	22,273	Feb 04
	Jan 02	21,621	-	6.66	-	21,621	Jan 05
	Jan 03	-	38,728	6.10	-	38,728	Jan 06
L P Finn	Jan 00	10,650	-	3.13	(10,650)	-	-
(former Director)	Feb 01	35,433	-	4.65	-	35,433	Feb 04

The cost of these awards is being charged to the profit and loss account over the three year period to which they relate. In 2003 £557,329 was charged to the profit and loss account (2002 £301,594).

Further awards have been granted in January 2004 at £7.40 per share as follows:

A J Applegarth	53,208
D F Baker	35,472
R F Bennett	35,472

Rights vested under bonus matching plan during 2003

	Number of ordinary shares	Date on which rights awarded	Market price of each share at award date £	Vesting date	Market price of each share at vesting date £
A J Applegarth	3,240	Jan 00	3.13	Jan 03	6.10
D F Baker	3,240	Jan 00	3.13	Jan 03	6.10
R F Bennett	6,922	Jan 00	3.13	Jan 03	6.10
L P Finn (former Director)	10,650	Jan 00	3.13	Jan 03	6.10

Further awards have vested in January 2004 at £7.40 per share as follows:

A J Applegarth	18,663
D F Baker	19,658
R F Bennett	22,273
L P Finn (former Director)	35,433

There were no variations made in the terms and conditions of the Scheme interests during 2003.

The value of the bonus matching award is derived from the annual bonus criteria (relating to the year on year increases in the Group's pre-tax profits on ordinary activities) and is therefore dependent on corporate performance. The release of bonus matching share awards at the end of the three year restricted period is not dependent on the satisfaction of a further performance condition.

DEFERRED SHARE SCHEME

Details of the Ordinary Shares over which the Directors have conditional rights under the Deferred Share Scheme by year of grant are as follows:

	Date of grant	Rights held under the plan at 31 Dec 02	Rights granted during 2003	Market price of each share on date of grant £	Rights released during 2003	Rights held under the plan at 31 Dec 03	Date of end of qualifying period
A J Applegarth	Feb 01	19,658	-	4.65	-	19,658	Feb 04
	Jan 02	27,778	-	6.66	-	27,778	Jan 05
	Jan 03	-	52,254	6.10	-	52,254	Jan 06
D F Baker	Feb 01	19,658	-	4.65	-	19,658	Feb 04
	Jan 02	21,622	-	6.66	-	21,622	Jan 05
	Jan 03	-	38,730	6.10	-	38,730	Jan 06
R F Bennett	Feb 01	22,273	-	4.65	-	22,273	Feb 04
	Jan 02	21,622	-	6.66	-	21,622	Jan 05
	Jan 03	-	38,730	6.10	-	38,730	Jan 06

The cost of these awards is being charged to the profit and loss account over the three year period to which they relate. In 2003 £592,827 was charged to the profit and loss account (2002 £310,006).

Further awards have been granted in January 2004 at £7.40 per share as follows:

A J Applegarth	53,208
D F Baker	35,472
R F Bennett	35,472

No rights were released during 2003 and there were no variations made in the terms and conditions of the scheme interests during 2003.

Rights were released in January 2004 at £7.40 per share as follows:

A J Applegarth	19,658
D F Baker	19,658
R F Bennett	22,273

The value of any deferred share award is derived from annual bonus criteria (relating to year on year increases in the Group's pre-tax profits on ordinary activities) and is therefore dependent on corporate performance. The release of deferred share awards at the end of the three year restricted period is not dependent on satisfaction of a further performance condition.

LONG TERM INCENTIVE PLAN

Details of the Ordinary Shares over which the Directors have conditional rights under the Long Term Incentive Plan by year of grant are as follows:

Rights under long term incentive plan

	Date granted	Rights held under plan at 31 Dec 02	Rights granted during 2003	Market price of each share on date of grant £	Rights lapsed during 2003	Rights released during 2003	Rights held under plan at 31 Dec 03	Date of end of performance period
A J Applegarth	Jan 00	62,025	-	3.16	-	(62,025)	-	-
	Feb 01	44,516	-	4.65	-	-	44,516	Feb 04
	Jan 02	63,814	-	6.66	-	-	63,814	Jan 05
	Jan 03	-	86,066	6.10	-	-	86,066	Jan 06
D F Baker	Jan 00	62,025	-	3.16	-	(62,025)	-	-
	Feb 01	44,516	-	4.65	-	-	44,516	Feb 04
	Jan 02	47,297	-	6.66	-	-	47,297	Jan 05
	Jan 03	-	57,377	6.10	-	-	57,377	Jan 06
R F Bennett	Jan 00	70,443	-	3.16	-	(70,443)	-	-
	Feb 01	50,436	-	4.65	-	-	50,436	Feb 04
	Jan 02	47,297	-	6.66	-	-	47,297	Jan 05
	Jan 03	-	57,377	6.10	-	-	57,377	Jan 06
L P Finn	Jan 00	75,210	-	3.16	-	(75,210)	-	-
(former Director)	Feb 01	26,746	-	4.65	-	-	26,746	Feb 04

Rights vested during 2003

	Number of ordinary shares	Date on which rights awarded	Market price of each share at award date £	Vesting date	Market price of each share at vesting date £
A J Applegarth	62,025	Jan 00	3.16	Jan 03	6.10
D F Baker	62,025	Jan 00	3.16	Jan 03	6.10
R F Bennett	70,443	Jan 00	3.16	Jan 03	6.10
L P Finn (former Director)	75,210	Jan 00	3.16	Jan 03	6.10

The cost of conditional awards is charged to the profit and loss account over the three year performance period to which they relate after taking account of the probability of performance criteria being met. In 2003 £911,525 was charged to the profit and loss account (2002 £1,041,488).

The gross awards granted in 2001 shown above, matured in January 2004 and led to the release at £7.40 per share of 100% of shares originally awarded. Subject to the performance criteria being met, other awards may be exercised during the three month period commencing on the third anniversary of the award dates. The awards will lapse if they are not exercised during these times.

Further awards have been granted in January 2004 at £7.40 per share as follows:

A J Applegarth	76,351
D F Baker	50,676
R F Bennett	50,676

The number of shares under Mr L P Finn's outstanding awards were scaled down in accordance with the plan rules on his retirement in February 2001 to reflect the proportion of the performance period for which he was in service. Following this reduction the number of shares which vest on maturity is calculated on the same basis as for other participants.

There were no variations made in the terms and conditions of the plan interests during 2003. The number of shares comprised in an award is calculated by reference to a percentage of salary, up to a maximum of 100% of salary. Shares may only be released if demanding performance targets are achieved and if the participant remains in employment, except in certain "good leaver" circumstances. Performance is measured over a three year period on the basis of Total Shareholder Return, comparing the Company's performance to that of the other companies in the FTSE 350 Index at the date of the award. See page 22 for further details.

PENSIONS

Set out below are details of the pension benefits to which each of the Executive Directors is entitled.

	Age at 31 Dec 03	Years & months of service at 31 Dec 03	Accrued pension entitlement at 31 Dec 03 (Per Annum) £	Accrued pensiom entitlement at 31 Dec 02 (Per Annum) £	Additional pension entitlement earned in year £	Additional pension entitlement earned in year (in excess of inflation) £
A J Applegarth	41	20 years 2 months	176,458	135,764	40,694	38,386
D F Baker	50	26 years 7 months	176,458	152,967	23,491	20,891
R F Bennett	56	10 years 2 months	233,333	210,000	23,333	19,763

	Transfer value of accrued pension entitlement at 31 Dec 03 £	Transfer value of accrued pension entitlement at 31 Dec 02 £	Increase in transfer value less Directors' contributions £	Transfer value of increase in accrued pension entitlement in excess of inflation (less Directors' contributions) £
A J Applegarth	1,216,374	614,608	575,516	236,952
D F Baker	1,979,205	1,065,663	896,042	216,164
R F Bennett	3,789,807	2,654,812	1,117,495	309,030

The accrued pension entitlement is the annual amount that the Director would receive if he retired at the end of the year. The increase in the accrued pension entitlement is the difference between the accrued pension entitlement at the year end and that at the previous year end.

The Listing Rules also require this to be disclosed excluding inflation.

All transfer values have been calculated on the basis of actuarial advice in accordance with Actuarial Guidance Note GN11. The transfer values of the accrued pension entitlement represent the value of assets that the pension scheme would need to transfer to another pension provider on transferring the scheme's liability in respect of the Directors' pension benefits. They do not represent the sums payable to individual Directors and, therefore, cannot be added meaningfully to annual remuneration.

The increase in the transfer value less Directors' contributions is the increase in the transfer value of the accrued pension entitlement during the year after deducting the Director's personal contributions to the scheme.

The transfer value of the increase in accrued pension entitlement, required by the Listing Rules, discloses the current value of the increase in accrued pension entitlement (excluding inflation) that the Director has earned in the period, whereas the change in his transfer value, required by the Companies Act, discloses the absolute increase or decrease in transfer values and thus includes the change in value of the accrued pension entitlement that results from market volatility affecting the transfer value over the year, as well as the value of the additional accrued entitlement earned in the year.

Including Mr Bennett's unfunded arrangement he has an estimated accrued annual pension entitlement at 31 December 2003 of £233,333. This is based on his total pensionable service of 10 years 2 months and his pensionable service of 19 years 5 months at the rate of accrual of 1/60th per annum and 5 years 1 month at the rate of accrual of 1/36th and his pensionable earnings above the earnings cap. The contributions cost during the year in respect of this unfunded arrangement amounted to £77,950 for the Company and £12,572 for Mr Bennett.

DIRECTORS' INTERESTS IN SHARES

The following Directors held a beneficial interest in the Company's Ordinary Shares:-

				Contingent interests		
	At 24 Feb 04	At 31 Dec 03	At 31 Dec 02	At 24 Feb 04	At 31 Dec 03	At 31 Dec 02

Contingent interests represent Ordinary Shares over which the Directors have conditional rights under the Bonus Matching Plan, the Deferred Share Scheme and the Long Term Incentive Plan which is subject to stringent performance criteria being met as described above. Contingent interests on 24 February 2004 includes awards made since 31 December 2003 under the Bonus Matching Plan, the Deferred Share Scheme and the Long Term Incentive Plan for periods commencing on or after 1 January 2004.

DIRECTORS' SHARE OPTIONS

Movements in options to subscribe for Ordinary Shares in the Company in which the Directors have an interest during the period 1 January 2003 to 31 December 2003 are as follows:

	Option type	At 31 Dec 02	Exercised in 2003	Exercise price £	At 31 Dec 03	Date from which first exercisable	Expiry date
A J Applegarth	Sharesave Scheme 2	7,848	-	2.15	7,848	1 May 05	1 Nov 05
	Share Option Scheme	4,854	-	6.18	4,854	1 Jun 01	1 Jun 08
D F Baker	Sharesave 2	7,848	-	2.15	7,848	1 May 05	1 Nov 05
	Share Option Scheme	4,854	-	6.18	4,854	1 Jun 01	1 Jun 08
R F Bennett	Sharesave 2	4,505	4,505	2.15	-	-	-
	Share Option Scheme	4,854	4,854	6.18	-	-	-
	Sharesave 3	-	-	5.98	1,580	1 May 06	1 Nov 06

For each unexercised option at the end of the year, the market price of each share at 31 December 2003 was £7.13, the highest market price during the year was £7.70 (30 May 2003) and the lowest market price during the year was £5.68 (28 January 2003).

On 30 January 2004 A J Applegarth and D F Baker each exercised and sold 4,854 Share Option Scheme shares at a price of £7.40.

The specific individual interests of Executive Directors are shown in the tables above. In addition the Directors are deemed to have an interest in shares held by Trusts for various executive and other employee share schemes at 31 December 2003 as follows:

(i) Northern Rock Employee Trust holds 6,433,225 shares (31 Dec 02 5,817,922 shares); and

(ii) Northern Rock Qualifying Employee Share Ownership Trust holds 2,056,063 shares (31 Dec 02 3,334,182 shares)

No Executive Director option terms were varied during 2003 and no price was paid for any of the options in the table, other than the all employee Sharesave Scheme, where each Director pays £250 per month.

Options listed in the table above are Inland Revenue approved schemes. The Employee Share Option Scheme was subject to an EPS target which was met in 2001. Options under the Sharesave Scheme do not have any performance conditions.

Sir George Russell
Chairman, Remuneration Committee
24 February 2004

Detailed information on corporate, social and environmental activities is now reported on the Company's website. This contains up to six years' statistical information extracted from Community and Environmental reports. The website is updated quarterly with verified data and contains details of performance in 2003. A hard-copy summary of significant changes and achievements in 2003 has been produced and is available on request from the Company Secretary. Our approach to Corporate Social Responsibility (CSR) issues and some of the key achievements in 2003 are outlined here.

MANAGEMENT OF CSR

CSR is led at Board level by the Chief Operating Officer and managed through cross-functional group of senior staff. Operational activities throughout the Company are co-ordinated by a specific CSR Department.

CSR POLICY

The Board approved a Corporate Social Responsibility Policy which was formulated using a number of established guidelines and covers the following:

- Mission, Vision and Values
- Governance and Accountability
- Business Ethics and Human Rights
- Workplace
- Marketplace
- Community
- Environment

Supporting policies covering these individual topic areas are in place or being developed.

ENGAGEMENT

We have actively engaged with all companies carrying out major research on CSR issues, seeking feedback and developing our activities in the light of findings.

We carried out an extensive survey of suppliers and contractors which provided valuable information to contribute to longer-term objectives.

RISK

Research and investigation work into relevant social, ethical and environmental risks was carried out to prepare the basis for inclusion in the Group Risk management process.

BUSINESS ETHICS

A company-wide initiative to prevent money laundering was implemented, including competency validation.

New systems were implemented for control of supplier payment days.

We have confirmed our commitment to continue providing employment opportunities in our main operating areas in the UK rather than moving contact centre and similar business operations abroad.

WORKPLACE

We retained a Platinum ranking - the highest available - in the 'Opportunity Now' benchmarking exercise, demonstrating our sustained commitment to equality in our workforce and activities. Our achievements in employment of disabled people were also recognised through the presentation of two Remploy 'Leading the Way' Awards. Our success as a Regional Sector Winner was surpassed by being named as the UK's most disability-friendly employer when we received the award as National Overall Winner.

A Diversity Panel, made up of representatives from various interested groups, is helping to provide practical solutions to equality and diversity issues.

Three new buildings opened on the Gosforth Head Office site during 2003, provide an excellent working environment and a range of improved service facilities for staff.

The Board approved a new Health and Safety policy underpinned by a revised Health and Safety management system implemented from January 2004.

MARKETPLACE

Northern Rock mortgage products continue to be available equally to existing and new customers, with existing customers able to transfer to new mortgage products.

We have established guidelines for presentation of the Northern Rock brand which have been communicated to all staff. This includes explanation of the values associated with the brand and behavioural guidance for individuals in what they say and do.

COMMUNITY

We donate 5% of annual pre-tax profits to The Northern Rock Foundation, which means £19.3 million will be donated from 2003 profits. This is the biggest single contribution we make to the communities in which we operate.

Further contributions were made through the efforts of individual staff, notably donations to the corporate charity for 2003, Cancer Research UK. Donations to the charity exceeded £160,000, all matched by The Northern Rock Foundation. Supporting contributions, management and time were valued at over £45,000.

ENVIRONMENT

External recognition of performance in environmental management included retaining our listing in the FTSE4Good UK, Europe and Global indices and confirmation of 'Premier League' status in the BiE Index, where we led the FTSE financial sector group. Energy efficiency achievements were recognised by Transco/TNEI with a Regional Award.

Renewable energy became available to us during the year and we secured supplies for our highest consumption sites. Energy consumption per employee continued to be in line with longer-term reduction targets.

In waste management, we extended analysis of our activities, generating further opportunities for recycling. Commercial waste output per employee remained within long-term target levels.

Transport plans are in place which are relevant to our position as a growing company with an expanding Head Office site. Environmental impacts of business travel are measured and enhanced transport management systems are being developed.

Environmental quality of our buildings portfolio was enhanced by the acquisition of a leasehold interest in Solar House, Doxford Park, Sunderland, a building that includes several features of environmental merit.

Since 1997 Northern Rock plc has donated £88 million to The Northern Rock Foundation with a further £10 million to be paid in May 2004 as the balance of the Company's contribution from 2003 profits. These amounts make Northern Rock the UK's top corporate donor in terms of the percentage donation of profits.

The Company covenants 5% of its pre-tax profits each year to the Foundation which was established as part of Northern Rock Building Society's conversion to a public limited company. The Foundation also holds a special category of shares which are non-dividend bearing and non-voting. In the event of a change of control of the Company (over which the Foundation has no influence), the covenant would cease. The Foundation's shares would then convert into 15% of the Company's Ordinary Shares. In this way an endowment would be created to enable it to fulfil its purpose in perpetuity.

The Foundation is an independent grant-making trust supporting charitable causes in Cumbria, Northumberland, Tyne and Wear, Durham and Teesside. Its primary aim is to help improve the conditions of those disadvantaged in society. 2003 was Northern Rock Foundation's sixth year of operation, and saw it award 346 grants worth £17 million, and invest a further £2 million to support training within the voluntary sector. Since 1997 it has awarded grants worth more than £67 million.

From January 2003 the Foundation's Trustees introduced an entirely new set of grant programmes, and concentrated their funding exclusively in the North East and Cumbria. The majority of grants continued to target social and economic disadvantage. The Prevention, Regeneration and Basics programmes dealt with a broad range of issues, including prejudice and discrimination, the decline of decent community facilities, youth disaffection, employability, development of social enterprises, mental health, domestic violence and welfare advice. The Foundation also maintained its role as a major funder of cultural activity in the region. Through its Aspiration programme it made grants worth £2.6 million, and through its capital scheme a further £2.3 million to projects including the redevelopment of Newcastle Playhouse and an eye-catching new building at Woodhorn Colliery to house the Northumberland County Records, Archives and Local Study Services.

As a leading UK trust, the Foundation is at the forefront of new developments in the grant-making world. In 2003 it introduced a fixed-rate loans scheme, designed to help organisations plug funding gaps, those wanting to make major purchases or those, like some social enterprises, that want to get out of the grants system altogether. Loans also work well for the Foundation because once money is repaid it can be reused to help others. In December 2003 the Foundation was delighted to learn that a consortium of which it is a partner was selected by H.M. Treasury to run the Government's £125 million Futurebuilders fund, designed to strengthen the capacity of voluntary organisations to deliver public services. And through its own Exploration programme, the Foundation funded research, innovation and experimentation within the voluntary sector.

In 2003, the Foundation made its second Writer's Award, the largest literary prize in the UK, which it runs in partnership with New Writing North. The 2003 award winner was Newcastle based poet and novelist, Julia Darling whose most recent book, The Taxi Driver's Daughter, was published in summer 2003 and longlisted for the Man Booker Prize. Julia said of the award 'There are any number of small prizes that are nice to receive, but disappear like drops in the ocean of freelance financial anxiety. The difference with this award is that it actually changes your life.'

The Foundation also runs a scheme to match every £ donated to charities by Company employees. Some of the money comes from the Give as You Earn (GAYE) scheme through which employees donate a regular monthly sum from their salary, also attracting a small government subsidy. But by far the majority of the donations come from the fundraising efforts of staff members. Through both fundraising and GAYE, since 1998 staff have raised around £960,000, which, when matched by the Foundation, represents a six-year total of over £1.9 million.

The Trustees expect to run the current grant programmes for several years. In 2004 there will be a new rolling capital grants scheme for cultural projects. The Foundation will also launch a major £4 million initiative on domestic violence.

OVERVIEW

Profit before tax for the year increased by 18.6% to £386.8 million and profit after tax increased by 19.5% to £274.6 million. Underlying results, excluding the effects of a £7.3 million surplus on the sale of the credit card portfolio and £5.6 million costs relating to certain branch closures are set out in the table below. On an underlying basis, profit before tax increased by 18.1% to £385.2 million and profit after tax increased by 19.1% to £273.5 million. Reported and underlying return on equity increased to 21.1% (2002 – 20.2%).

	Reported	Adjustments	Underlying	2002
	£m	£m	£m	£m
Total income	659.7	(7.3)	652.4	561.0
Administrative expenses				
Operating	(177.8)	-	(177.8)	(156.0)

Operating expenses	(222.8)	5.7	(217.1)	(189.1)
Provisions for bad and doubtful debts	(48.7)	-	(48.7)	(43.1)
Amounts written off fixed asset investments	(1.4)	-	(1.4)	(2.6)
Profit on ordinary activities before tax	386.8	(1.6)	385.2	326.2
Tax on profit on ordinary activities	(112.2)	0.5	(111.7)	(96.5)
Profit on ordinary activities after tax	274.6	(1.1)	273.5	229.7
Dividends	(96.3)	-	(96.3)	(83.4)
Profit retained for the period	178.3	(1.1)	177.2	146.3

Notes:

1. The adjustment to total income relates to the surplus on sale of the credit card portfolio.
2. Non-recurring expenses in 2003 relate to the cost of closure of certain branches.
3. The covenant to The Northern Rock Foundation has been adjusted for the effects of 1 and 2 above.

Reported earnings per share grew to 66.6p in 2003 (2002 - 55.6p), an increase of 19.8%, with underlying earnings per share growing 19.2% to 66.3p.

Assets under management, including loans and advances subject to securitisation, at 31 December 2003 amounted to £52.0 billion, an increase of 24.0% (2002 - £41.9 billion). The balance sheet, including the securitised bonds (shown as a deduction from assets) grew by 13.8% to £37.2 billion (2002 - £32.7 billion).

TOTAL INCOME

	2003	2002
	£m	£m
Net interest income	450.7	391.2
Other income	201.7	169.8
Total underlying income	652.4	561.0
Surplus on sale of credit card portfolio	7.3	-
Total income	659.7	561.0
Total income : mean total assets (underlying)	1.87%	1.90%
Total income : mean total assets	1.89%	1.90%
Total income : mean assets under management (underlying)	1.39%	1.54%
Total income : mean assets under management	1.40%	1.54%

Total reported income in 2003 amounted to £659.7 million (2002 - £561.0 million), an increase of 17.6%. Excluding the surplus on the sale of the credit card portfolio of £7.3 million, underlying total income amounted to £652.4 million an increase of 16.3%. On the same basis, total income as a proportion of mean total assets at 1.87% improved slightly compared with the 1.85% reported in the first half of 2003 and shows only a slight reduction from 1.90% for 2002. The ratio of underlying total income to mean total assets under management at 1.39% for the year was stable compared with 1.38% for the first half of the year as expected, having eased from 1.54% in 2002 following the rapid growth in assets under management.

MARGINS

	2003 £m	2002 £m
Interest receivable	2,153.8	1,832.1
Interest payable	(1,703.1)	(1,440.9)
	450.7	391.2
Average interest earning assets	46,435.1	36,035.5
Average interest bearing liabilities	45,570.6	35,207.6
Interest margin	0.97%	1.09%
Interest spread	0.90%	0.99%

Interest receivable and payable represent amounts reported in the Profit and Loss account, adjusted to transfer securitisation interest payable to interest payable, and include income from equity shares and other variable yield securities in interest receivable. Average interest earning assets and average interest bearing liabilities include assets subject to securitisation and non-recourse finance and average interest earning assets include equity shares and other variable yield securities.

In 2003 interest margin and spread were 0.97% and 0.90% respectively compared with 1.00% and 0.92% in the first half of the year (2002 - 1.09% and 0.99%). During the second half of 2003 spreads on lending were stable compared with the first half, consistent with the mix of lending volumes. Liability spreads were, however, adversely affected by the relationship between money market interest rates and bank base rate resulting in a net increase in our cost of funding. The differential in rates is expected to return to more normal levels in the current year as evidenced by the reduction in swap rates towards the end of 2003 and reductions in money market rates seen in early 2004.

OPERATING EXPENSES

(excluding the covenant to The Northern Rock Foundation and amortisation of goodwill)

	2003 £m	2002 £m
Staff costs	100.8	85.1
Other expenses	77.0	70.9
Depreciation	16.5	13.0
Total underlying expenses	194.3	169.0
Non-recurring costs	5.6	2.3
Total operating expenses	199.9	171.3

Non-recurring costs in 2003 represent costs incurred in relation to the closure of certain branches and in 2002 costs incurred on the acquisition of the banking subsidiaries of Legal & General.

Total operating expenses amounted to £199.9 million. Excluding one off costs of £5.6 million, underlying operating expenses amounted to £194.3 million (2002 - £169.0 million). Costs in 2003 include the effects of head office expansion, extra resources in our enhanced retention programme, the costs of running the Legal & General banking operations acquired in 2002 as well as additional pension and national insurance costs.

During 2003 underlying operating expenses increased by 15.0%, assets under management increased by 24.0% and underlying total income by 16.3%. We have again achieved our strategic objectives of growing our underlying cost base at no more than one half to two thirds the growth in assets under management and less than the growth in total income. As a result, our underlying cost to income ratio fell to 29.8% (2002 - 30.1%) and our underlying ratio of cost to assets under management fell to 0.41% (2002 - 0.46%).

SOCIAL RESPONSIBILITY - THE NORTHERN ROCK FOUNDATION

Northern Rock donates 5% of pre tax profit to The Northern Rock Foundation under a deed of covenant. Such donations are used to support community and charitable causes mainly in the North East of England and Cumbria. The donation from 2003 profits amounts to £19.3 million (2002 - £16.3 million), resulting in almost £100 million having been distributed since its inception in 1997 as an integral part of Northern Rock's conversion to a plc.

PROVISIONS FOR BAD AND DOUBTFUL DEBTS

The arrears position of our residential mortgage book has further improved despite the growth in mortgages under management. At 31 December 2003 there were 2,414 (2002 - 2,737) accounts three months or more in arrears representing only 0.45% (2002 - 0.56%) of all mortgage accounts, less than half the UK average at 30 June 2003 of 0.96%. The "together" secured advances default performance has also remained robust as the portfolio matures, with three months plus arrears at 0.77% at 31 December 2003 (2002 - 0.74%) which is also significantly below the UK average for all mortgages. At 31 December 2003 there were 179 properties were in possession compared with 170 at the end of 2002.

Other loan portfolios continue to perform extremely well, with only 0.53% of our commercial loans (2002 - 0.60%) and 0.98% of our personal unsecured loans (2002 - 1.30%) three months or more in arrears. The "together" unsecured loans continued to perform better than traditional personal unsecured loans with only 0.80% three months or more in arrears at 31 December 2003 (2002 - 0.69%).

The charge for provisions for bad and doubtful debts amounted to £48.7 million for the year (2002 - £43.1 million) representing 0.19% of mean advances to customers (2002 - 0.19%). The combination of high quality lending, low interest rates, low arrears and strong house price inflation have continued to contain the levels of specific provisions required for residential mortgages. Provisions for the other secured lending portfolio have been maintained consistent with performance and expected economic conditions for this sector.

The growth in provision balances against our personal credit portfolios reflects growth in balances, the maturing nature of the portfolios and our continued prudent provisioning policy. As a result, general provisions as a proportion of total provision balances for these portfolios increased to 51% (2002 - 38%) and total provision cover increased to 1.70% (2002 - 1.64%). Total provisions against our personal credit portfolios are considered appropriate given the potential risks facing this sector.

TAXATION

The corporation tax charge for the year as a percentage of profit before tax was 29.0% (2002 - 29.6%), compared with the standard corporation tax rate for the year of 30%. The difference is explained as follows:

	%
Standard corporation tax rate for 2003	30.0
Effect of non-allowable provisions and permanent timing differences	0.14
Adjustment to prior year tax provisions	(1.14)
Effective tax rate	29.0

LENDING

During 2003 Northern Rock achieved record levels of total lending. Total gross lending was £17,315 million, an increase of 37.6% (2002 - £12,584 million), with total net lending of £8,514 million, an increase of 27.1% (2002 - £6,697 million). Prospects for 2004 are good, with an opening pipeline of £3.9 billion (2003 opening - £3.5 billion).

The residential lending market remained buoyant during 2003 with record levels of both gross and net lending. House price inflation finished the year at around 15%, down from 25% seen in the previous year. During 2003 the low interest rate environment continued and affordability in terms of debt servicing costs remained good. In addition, realistic credit assessment continued to provide safeguards for Northern Rock against the dangers of borrowers overstretching their finances. Competition remained strong throughout the year, mainly from established lenders.

We achieved gross residential lending of £15,212 million (2002 - £10,524 million) and net residential lending of £7,861 million (2002 - £5,707 million), representing increases of 44.5% and 37.7% respectively. Our market share of gross residential lending was 5.6% and our market share of net residential lending was 8.2%. Our share of redemptions was 4.1%, significantly lower than our closing share of mortgage stock of 4.8%. This was due to our retention process and our transparent policy allowing existing customers, subject to contractual terms, to transfer their loan to any product available to new borrowers.

Despite strong growth in new lending, our risk profile has improved. The proportion of lending to first time buyers reduced to 23% (2002 - 26%) with 77% of new customers having a proven payment track record. The average Loan to Value ratio ("LTV") of new lending in 2003 remained similar to 2002 at around 75%, with an improved 71% (2002 - 61%) of new lending below 90% LTV. The average indexed LTV of our mortgage book is now 55%, providing strong cover in the event of default. We have minimal exposure to large loans with only around 4% of new loans over £500,000 and we maintained an excellent geographic spread of lending.

We offer customers a wide range of innovative and attractive products including lifestyle products and price-led products. Our "together" family of products, which combines a secured and unsecured loan at one interest rate and one monthly payment, remained popular. Gross lending of "together" products amounted to £4.0 billion of which £3.5 billion were advances secured on residential property representing 25% of new residential lending, excluding further advances, an increase over the first half proportion of 22%. Outstanding balances of "together" mortgages remained a constant proportion of our mortgage portfolio throughout 2003, and as house price growth slows and first time buyers return to the market we expect it to gently increase.

Home Equity Release Mortgages ("HERM"), aimed at homeowners aged over 60 who wish to utilise equity in their homes to improve their quality of life, accounted for £474 million of new residential lending, an increase of 75% compared with 2002. In total our lifestyle products, which are margin enhancing, represented around 30% of our gross new residential lending.

Of our traditional price-led mortgage products, fixed-rate mortgages remained the most popular with 46% of total new lending accounted for by short term fixed products, up to two years, and 10% by longer term fixes up to a maximum of seven years. As fixed rate pricing increased during the second half of the year, in line with swap rates, demand for discount and tracker products noticeably increased. This resulted in fixed rate lending being less than 50% of new mortgage lending in the second half of 2003, compared with 62% in the first half of the year.

Given the economic background, we have remained cautious in the expansion of our commercial lending portfolio. Gross lending in the second half of the year was similar to the first half, resulting in gross lending for the year of £409 million (2002 - £406 million). An increase in redemptions in the second half resulted in moderate net advances of £84 million for the full year (2002 - £196 million).

In the first half of 2003 growth of our personal credit portfolios was deliberately constrained. In addition, in the first half we improved the risk profile of our personal credit portfolios following the sale of our £217 million credit card book. In the second half, we were able to increase our volume of gross lending at the same time as constraining redemptions, resulting in an overall growth in outstanding balances. During 2003 gross unsecured lending amounted to £1,694 million (2002 - £1,654 million) with net lending of £569 million (2002 - £794 million). At 31 December 2003 our unsecured lending balances were £3,293 million (2002 - £2,941 million) of which 48.7% (2002 - 48.9%) represented "together" unsecured advances.

RETAIL FUNDING

Total retail deposit balances for the year increased by £1,007 million to £16.3 billion (2002 - £15.3 billion), an increase of 6.6%. his increase comprised a net inflow of retail funds for the year of £578 million plus interest credited of £429 million.

The funding during the year was largely due to flows of new funds into our Tracker Online account, ISAs and fixed rate bonds. These are all contractual accounts where the transparency of terms and conditions provides clarity for the customer and less volatility for us to manage. On-line balances, including those off-shore, now account for over £3.1 billion of our retail deposit base. Balances in our Ireland based operation have risen to £531 million, with £1,875 million in our Guernsey based off-shore vehicle.

NON-RETAIL FUNDING

Total net non-retail funding for the year amounted to £3,317 million with balances at 31 December 2003 amounting to £17.0 billion (2002 - £13.7 billion). Our non-retail funding provides a balanced mixture of short and medium term funding with increasing diversification of our global investor base. In July 2003 Moody's confirmed an upgrade to our long-term credit rating from A2 to A1, which will further benefit diversification and the cost of funding.

During 2003 several notable transactions were successfully concluded, contributing to the £3.6 billion of medium term funds raised during the year. We completed the first benchmark senior fixed rate Euro transaction for a single A rated UK financial institution raising €750 million. In October 2003 we raised US$600 million of Floating Rate Notes achieving 40% placement with Asian investors. In May 2003 we signed a £750 million syndicated revolving loan facility which at the time was the largest plain vanilla term facility ever established by a UK financial institution.

We intend, subject to market conditions and regulatory approval, to strengthen our funding this year with the introduction of a covered bond programme.

SECURITISATION

Funding through securitisation has remained an integral part of Northern Rock's funding strategy. During 2003 three issues were completed raising £7.7 billion. Diversification of our investor base has continued with over 70% of the securitised bonds in 2003 being issued in Continental Europe and the United States. The characteristics of the mortgages securitised, in terms of product type, LTV and geographic distribution remain similar to those of our on-balance sheet mortgages, ensuring that we are maintaining the quality of our balance sheet. On a comparable basis, the average rate of interest earned on our on-balance sheet mortgages is a few basis points more than on the securitised mortgages; primarily reflecting the retention of higher margin HERM loans and pre-1995 loans on-balance sheet.

At 31 December 2003 assets under management subject to securitisation amounted to £15.7 billion (2002 - £9.8 billion), representing 36% (2002 - 29%) of our total lending portfolios. Already in the current year we have completed a very well received £3.5 billion securitisation of residential mortgages. Our programmes will continue to be developed with further issues during 2004.

SALE OF CREDIT CARD PORTFOLIO

On 30 May 2003, the Group sold its credit card portfolio to The Co-operative Bank. The surplus on sale amounted to £7.3 million and is recorded in other income. The credit card portfolio comprised approximately 90,000 accounts with outstanding balances of £217 million. As part of the agreement Northern Rock will offer credit cards, issued by The Co-operative Bank, to Northern Rock customers under the Northern Rock brand.

DIVIDENDS

The interim dividend paid in October 2003 was 7.5p per share. The proposed final dividend of 15.8p per share is payable on 28 May 2004 to shareholders on the register on 30 April 2004. This results in a total dividend payable for the year of 23.3p per share (2002 - 20.2p) an increase of 15.3%.

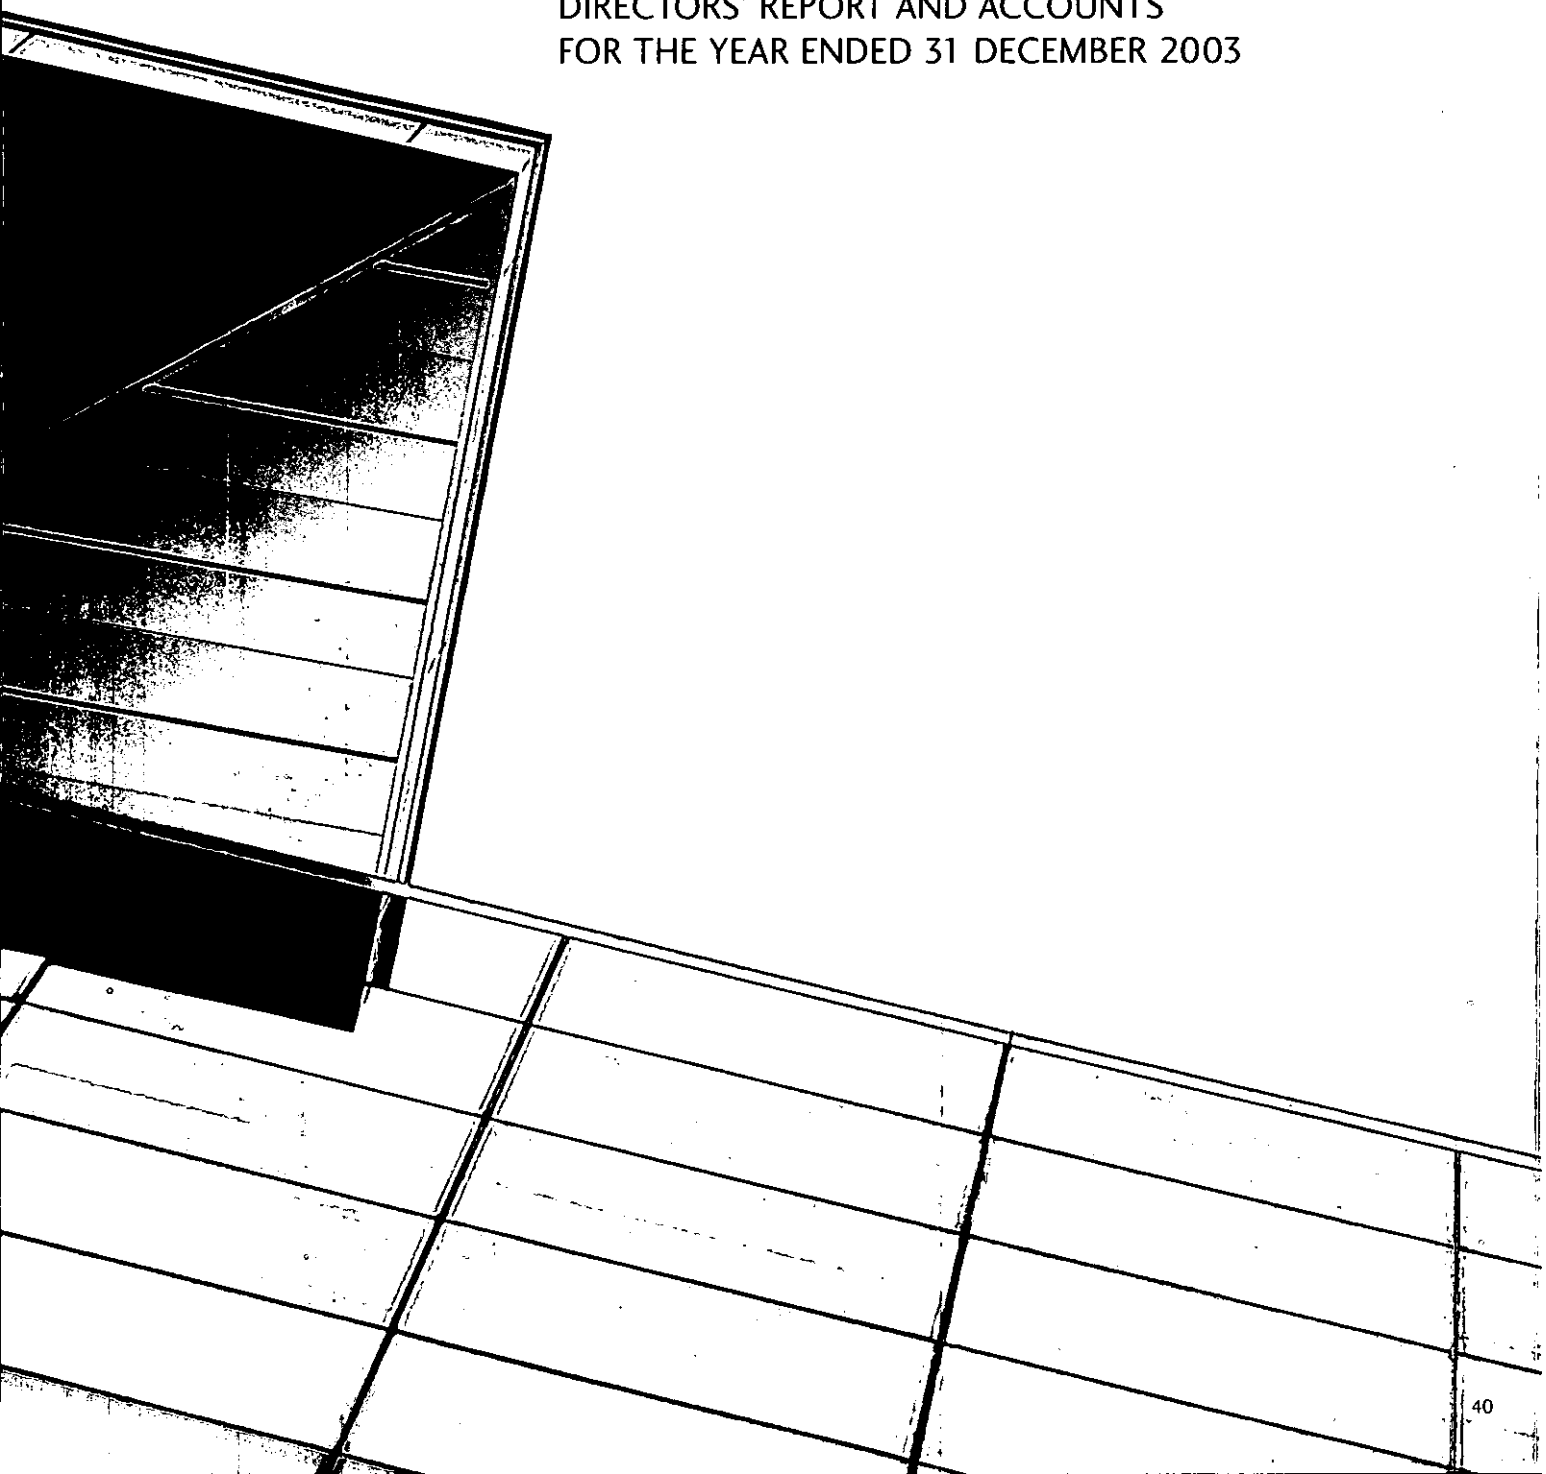
CAPITAL

At 31 December 2003 total capital amounted to £2,814 million resulting in a total capital ratio of 14.3%, comfortably above regulatory and internal requirements. Tier 1 capital was £1,832 million and the Tier 1 ratio 9.3%. The comparable ratios at 31 December 2002 were 15.5% and 9.4% respectively.

As from the beginning of 2004, we have in place the systems to capture the data for credit risk measurement under Pillar I of Basel II. During 2004 we will fully integrate them within our business operations. Also during 2004 we will address the requirements of Pillar II and complete our assessment of our approach to Operational Risk under Pillar I. Our low risk balance sheet means that we expect to achieve significant reductions to the levels of our total regulatory risk weighted assets for credit exposures compared to current levels. This should result in future capital efficiencies.

The table below analyses Northern Rock's capital resources at 31 December 2003 and 2002:

	2003 £m	2002 £m
Tier 1		
Share capital	123.9	123.9
Share premium account	6.8	6.8
Capital redemption reserve	7.3	7.3
Profit and loss account	1,249.9	1,071.6
Reserve capital instruments	274.8	242.7
Tier one notes	200.0	200.0
Goodwill	(30.7)	(34.3)
Total Tier 1 capital	1,832.0	1,618.0
Upper Tier 2		
Perpetual subordinated debt	350.3	350.3
Reserve capital instruments	25.2	57.3
General provisions	75.4	54.2
Total Upper Tier 2 capital	450.9	461.8
Lower Tier 2 capital		
Term subordinated debt	769.2	769.2
Total Tier 2 capital	1,220.1	1,231.0
Deductions	(237.9)	(170.3)
Total capital	2,814.2	2,678.7
Risk weighted assets	19,690.5	17,248.3
Tier 1 ratio (%)	9.3%	9.4%
Total capital (%)	14.3%	15.5%



OUTLOOK

Northern Rock has again produced record results during 2003, endorsing the Company's strategy of cost control, competitive products and growth in high quality assets with effective risk management.

Our strategic targets of growth in assets under management of 20% +/–5%, growth in pre-tax profits of 15% +/–5%, return on equity in the 19%-22% range, allied to cost growth less than income growth and in the range of half to two-thirds asset under management growth are confirmed for 2004 and beyond. These targets demonstrate that Northern Rock's virtuous circle strategy is in good shape and continues to support the business performance we anticipate in the current year.

DIRECTORS' REPORT AND ACCOUNTS
FOR THE YEAR ENDED 31 DECEMBER 2003

The Directors are pleased to present their report and the audited financial statements for the year ended 31 December 2003.

PRINCIPAL ACTIVITIES

The principal purpose of the Group is the provision of housing finance, savings and a range of related personal financial and banking services.

REVIEW OF BUSINESS AND FUTURE DEVELOPMENTS

A review of the business and future developments is given in the Chairman's Statement, the Chief Executive's Report and the Operating and Financial Review.

DIVIDENDS

An interim dividend of 7.5p per share was paid on 31 October 2003. The Directors propose a final dividend of 15.8p per share (2002 13.7p per share) to be paid on 28 May 2004 to shareholders on the register at the close of business on 30 April 2004.

TANGIBLE FIXED ASSETS

Land and buildings, which are included in the balance sheet at cost less accumulated depreciation, amounted to £80.9 million at 31 December 2003. In the Directors' opinion, based on valuations carried out by the Group's qualified Chartered Surveyors, the total market value of these assets was not significantly different.

Details of changes to tangible fixed assets are provided in note 21 to the accounts.

POST BALANCE SHEET EVENTS

The Directors are of the opinion that there have been no significant events which have occurred since 1 January 2004 to the date of this report that are likely to have a material effect on the Group's financial position as disclosed in the accounts.

DIRECTORS

The current composition of the Board of Directors together with brief biographical details of each Director is shown on page 13. All Directors have served on the Board throughout the year ended 31 December 2003 except for Mr N A H Fenwick who was appointed to the Board on 12 November 2003.

Mr N A H Fenwick, having been appointed during the year, retires at the Annual General Meeting and offers himself for election.

Mr A J Applegarth and Ms N Pease retire by rotation at the Annual General Meeting and, being eligible, offer themselves for re-election. The unexpired term of the service contract for Mr A J Applegarth is set out on page 23. There are no service contracts in respect of the other Directors seeking election or re-election.

Sir John Riddell, Bt., Chairman and Sir David Chapman, Bt., Non-Executive Director will both retire from the Board at the conclusion of the 2004 Annual General Meeting.

The interests of Directors in the shares of the Company at 31 December 2003 and 24 February 2004 are set out on page 29 of this report.

SHARES

The authorised and issued share capital of the Company are set out in note 32 to the accounts.

At the Annual General Meeting on 29 April 2003, a resolution was passed giving the Company the authority to make market purchases of Ordinary Shares up to a maximum of 10% of the issued share capital. A further resolution was passed providing for the Company to enter into a contingent share purchase contract with The Northern Rock Foundation to repurchase Foundation Shares in the same proportion and at the same price as the Ordinary Shares repurchased. These authorities expire at the Annual General Meeting in 2004 when a resolution will be proposed for their renewal.

SUBSTANTIAL SHAREHOLDINGS

At 24 February 2004, the following notifiable interest in the Company's Ordinary Shares had been reported to the Company:

Barclays Plc	4.02%
Legal & General Investment Management Limited	3.01%
Prudential plc	3.96%
Fidelity International Limited	5.00%

CREDITOR PAYMENT POLICY

The Company's policy with regard to the payment of suppliers is to negotiate and agree terms and conditions with all its suppliers, which include the giving of an undertaking to pay suppliers within an agreed payment period. The average creditor payment period at 31 December 2003 was 24 days (2002 25 days).

EMPLOYEES

Northern Rock's desire to involve employees as financial stakeholders in the Company continued in 2003 with the first awards of shares under the new All Employee Share Ownership Plan, which replaced the Approved Profit Sharing Scheme. Under this scheme, shares to the value of £1.7 million were given to employees during the year. In addition, a further grant of options was made under the Employee Share Option Scheme. A total of 965,168 options were granted under this scheme in 2003, at an exercise price of £5.98. These options may be exercised between 2006 and 2010.

Employee communications are vital to the success of the Company, and good staff relations are a key part of managerial responsibility at all levels. Employee consultation takes place with the national committee of UNIFI. The Company also issues a bi-monthly staff magazine and weekly news bulletins.

The Company is committed to equal employment opportunities for everyone, and treats applicants for work solely on their ability to do the job. In line with this policy, the Company will, wherever possible, retain employees who become disabled, either in the same job or, with the aid of retraining and provision for special needs, in a suitable alternative position.

CHARITABLE CONTRIBUTIONS

The Company is committed to a total contribution to The Northern Rock Foundation under a deed of covenant of £19.3 million based on its profits in 2003. Of this amount, it has already made a contribution of £9.3 million to in October 2003 and is committed to a further contribution of £10.0 million to be paid in May 2004.

AUDITORS

The auditors, PricewaterhouseCoopers LLP, have indicated their willingness to continue in office and a resolution to re-appoint them will be proposed at the Annual General Meeting.

By order of the Board
C Taylor, Company Secretary
24 February 2004

We have audited the financial statements which comprise the consolidated profit and loss account, the consolidated balance sheet, the company balance sheet, the consolidated cash flow statement, and the related notes to the accounts. We have also audited the disclosures required by Part 3 of Schedule 7A to the Companies Act 1985 contained in the Directors' Remuneration Report ('the auditable part').

RESPECTIVE RESPONSIBILITIES OF DIRECTORS AND AUDITORS

The Directors' responsibilities for preparing the Annual Report and the financial statements in accordance with applicable United Kingdom law and accounting standards are set out in the statement of Directors' responsibilities. The Directors are also responsible for preparing the Directors' Remuneration Report.

Our responsibility is to audit the financial statements and the auditable part of the Directors' Remuneration Report in accordance with relevant legal and regulatory requirements and United Kingdom Auditing Standards issued by the Auditing Practices Board. This report, including the opinion, has been prepared for and only for the Company's members as a body in accordance with Section 235 of the Companies Act 1985 and for no other purpose. We do not, in giving this opinion, accept or assume responsibility for any other purpose or to any other person to whom this report is shown or in to whose hands it may come save where expressly agreed by our prior consent in writing.

We report to you our opinion as to whether the financial statements give a true and fair view and whether the financial statements and the auditable part of the Directors' Remuneration Report have been properly prepared in accordance with the Companies Act 1985. We also report to you if, in our opinion, the Directors' Report is not consistent with the financial statements, if the Company has not kept proper accounting records, if we have not received all the information and explanations we require for our audit, or if information specified by law regarding directors' remuneration and transactions is not disclosed.

We read the other information contained in the Annual Report and consider the implications for our report if we become aware of any apparent misstatements or material inconsistencies with the financial statements. The other information comprises only the Chairman's Statement, the Chief Executive's Report, the Corporate Governance Statement, the unaudited part of the Directors' Remuneration Report, the Operating and Financial Review and the Directors' Report.

We review whether the Corporate Governance Statement reflects the company's compliance with the seven provisions of the Combined Code (issued in June 1998) specified for our review by the Listing Rules of the Financial Services Authority, and we report if it does not. We are not required to consider whether the Board's statements on internal control cover all risks and controls, or to form an opinion on the effectiveness of the Company's or Group's corporate governance procedures or its risk and control procedures.

BASIS OF AUDIT OPINION

We conducted our audit in accordance with auditing standards issued by the Auditing Practices Board. An audit includes examination, on a test basis, of evidence relevant to the amounts and disclosures in the financial statements and the auditable part of the Directors' Remuneration Report. It also includes an assessment of the significant estimates and judgments made by the Directors in the preparation of the financial statements, and of whether the accounting policies are appropriate to the company's circumstances, consistently applied and adequately disclosed.

We planned and performed our audit so as to obtain all the information and explanations which we considered necessary in order to provide us with sufficient evidence to give reasonable assurance that the financial statements and the auditable part of the Directors' Remuneration Report are free from material misstatement, whether caused by fraud or other irregularity or error. In forming our opinion we also evaluated the overall adequacy of the presentation of information in the financial statements, and the auditable part of the Directors' Remuneration Report.

OPINION

In our opinion:

- the financial statements give a true and fair view of the state of affairs of the Company and the Group at 31 December 2003 and of the profit and cash flows of the Group for the year then ended;
- the financial statements have been properly prepared in accordance with the Companies Act 1985; and
- those parts of the Directors' Remuneration Report required by part 3 of Schedule 7A to the Companies Act 1985 have been properly prepared in accordance with the Companies Act 1985.

1. Principal accounting policies

Accounting convention

The accounts have been prepared under the historical cost convention and in accordance with the special provisions of Part VII of the Companies Act 1985 relating to banking companies and banking groups, applicable UK accounting standards and the Statements of Recommended Practice issued by the British Bankers' Association.

Accounting policies are unchanged from 2002. The Group has made the additional disclosures required by the transitional arrangements of FRS 17 "Retirement Benefits", and has reclassified certain profit and loss account and balance sheet items as detailed in note 2.

Basis of consolidation

The consolidated accounts include the results of the Company and its subsidiary undertakings all of which have accounting periods ending 31 December. Unless otherwise stated, the acquisition method of accounting has been adopted.

Taxation

Corporation tax is charged in the accounts based on the profit for the year as adjusted for taxation purposes.

Deferred tax

Deferred tax is recognised in respect of all timing differences that have originated but not reversed at the balance sheet date where transactions or events that result in an obligation to pay more tax in the future or a right to pay less tax in the future have occurred at the balance sheet date. Deferred tax is provided on a non-discounted basis.

Tangible fixed assets and depreciation

Depreciation is provided in order to write down fixed assets, which are included at cost, to their estimated residual value over their anticipated useful lives as follows:

Freehold land and buildings	100 years
Long leasehold land and buildings	Over the period of the lease up to 100 years
Short leasehold land and buildings	Unexpired period of the lease
Plant, equipment, fixtures and fittings	
- plant	30 years
- furniture	10 years
- other	5 years
Computer equipment	
- PCs	3 years
- other	5 years
Motor vehicles	4 years

Where the cost of freehold land can be identified separately from buildings on acquisition, the land value is not depreciated. Provision is made for diminution in value of any fixed asset where an impairment is identified. Annual impairment reviews are carried out for fixed assets with an expected remaining life over 50 years. The resulting net book value is then written off over its remaining anticipated useful life.

Assets in the course of construction are not depreciated until they have been completed and transferred to the appropriate category of tangible fixed assets. The costs of financing assets in the course of construction are not included in the costs of the assets.

Goodwill

Goodwill arises on the acquisition of subsidiary and associated undertakings. It represents the excess of cost over fair value of the Group's share of net assets acquired. It is capitalised as an intangible fixed asset and is amortised through the profit and loss account on a straight line basis over its expected useful economic life. The expected useful economic life is determined at the time of acquisition by considering the nature of the business acquired and the period of time over which the value of the business is expected to exceed the value of its net assets. This period is ten years for recent acquisitions.

Goodwill is subject to impairment reviews in accordance with FRS 11 "Impairment of fixed assets and goodwill". The carrying value is written down by the amount of any impairment, and the loss is recognised in the profit and loss account in the period in which this occurs.

Leased assets

Rentals payable under operating leases are charged to administrative expenses as incurred over the lease term.

Securities

Debt securities and equity shares ("securities") are held with the intention of use on a continuing basis and are stated at cost, adjusted to exclude accrued interest at the date of purchase, less provision for any permanent diminution in value. A similar adjustment for accrued interest is made on realisation. Where the adjusted purchase price differs from the nominal value, the premium or discount is amortised or released on an effective yield basis over the period to maturity.

Securities sold subject to repurchase agreements are retained on the balance sheet where the Group retains the risks and rewards of ownership. Funds received under such agreements are included within deposits by banks or customer accounts. Securities purchased under a commitment to resell are treated as collateralised lending transactions where the Group does not acquire the risks and rewards of ownership, and the purchase price is included within either loans and advances to banks or loans and advances to customers. The difference between sale and repurchase prices for such transactions is reflected in the profit and loss account over the lives of the transactions, within interest receivable or interest payable as appropriate.

Pension costs

Northern Rock operates a Defined Benefit Scheme and a Defined Contribution Scheme. Contributions to the Northern Rock Defined Benefit Pension Scheme are charged to the profit and loss account with the objective of spreading the cost over the employees' working lives within the Scheme. Costs are based upon actuarial advice following the most recent valuation of the Scheme. The costs of the Defined Contribution Scheme are charged to the profit and loss account for the period in which they are incurred. FRS17 "Retirement Benefits" is being adopted under transitional arrangements.

Further information on pension arrangements is set out in note 7 to the accounts.

Provisions for bad and doubtful debts

Provisions against loans and advances are based upon assessments of the losses that are anticipated on outstanding balances at the year-end. The amount charged to the profit and loss account comprises amounts written off during the year plus the net change in the amounts provided. Bad debts are written off in part or in whole when a loss has been confirmed. The loss provisioning methodology is as follows:

Advances secured on owner-occupied residential property

Specific provision

Where the collection of interest and/or principal on an individual loan is in doubt a specific provision is recorded. Specific provisions are calculated using a model which is used to evaluate losses based on historical default experience and other appropriate risk factors related to the delinquent loan portfolio at a given point in time. All loans which are three or more payments overdue are evaluated using the model to identify the need for a specific provision. Loans six or more payments overdue and properties in possession are evaluated on an individual basis to measure potential loss. Various factors are considered in this evaluation including, but not limited to, collateral valuations, expected recoveries from mortgage indemnity guarantees and estimated recovery costs.

1. Principal accounting policies (continued)

Provisions for bad and doubtful debts (continued)

General provision

A general provision is maintained to cover inherent losses in the loan portfolio related to loans that have not yet been specifically identified as impaired. A statistically based model is used to calculate the appropriate general provision for each completion year. The model considers appropriate risk factors specific to the loan portfolio and historical default experience. Other factors, including economic conditions, are also considered by management in determining the appropriate level of reserves required at a given point in time.

Interest in respect of all loans is credited to the profit and loss account as it becomes receivable. Once a property is taken into possession interest charges are suspended. If a property is sold at sufficient value, interest previously suspended is added back to the loan and released to the profit and loss account.

Other secured advances

Specific provision is made as appropriate in respect of loans and advances that are identified as impaired at the balance sheet date, based on payment history, loan balance and net realisable value. Interest is suspended on loans identified as impaired if its recovery is deemed unlikely. General provisions are recorded to cover losses inherent in the portfolio which have not yet been specifically identified.

Unsecured lending

Specific provision is made against all loans where three or more payments are overdue. In calculating the required provision an appropriate factor is applied based on the number of overdue payments, which is subject to periodic review to ensure its continuing applicability based on current experience, to reflect the probability that not all such loans will result in eventual losses. General provisions are recorded to cover losses inherent in the portfolio which have not yet been specifically identified.

Repairs and renewals

Repairs, renewals and refurbishments of a non-capital nature are charged to administrative expenses in the year in which the expenditure is incurred.

Deferred income

The Company has entered into insurance arrangements with Northern Rock Mortgage Indemnity Company Limited, a wholly owned subsidiary, to cover a proportion of future losses on certain residential secured loans with high loan to value ratios. In the Group accounts, income from risk charges paid by customers in relation to such loans is deferred and is included in the balance sheet under the heading "accruals and deferred income". The deferred income is released to the profit and loss account on a level yield basis over the life of the loan.

Derivatives

Derivatives comprise, mainly, currency and interest rate swaps, forward rate agreements, foreign exchange forwards and financial futures and options. All transactions are undertaken for hedging purposes.

Transactions are initially recorded at cost and are accounted for on an accruals basis in accordance with the item or items being hedged. Consequently, profits and losses on the hedges are recognised on a similar accounting basis as the profits or losses on the underlying item or items being hedged. They are therefore recognised in the financial statements as adjustments to the profit or loss of the item or items being hedged. To the extent necessary to achieve a consistent timing of income recognition on the item or items being hedged, deferred gains or losses are included in the balance sheet under the headings "accruals and deferred income" and "prepayments and accrued income". Profits and losses on early termination of contracts that modify the characteristics of designated items are deferred and amortised over the remaining lives of the hedged items. Income and expenses on hedges are recognised as adjustments to interest receivable and interest payable.

When a derivative no longer represents a hedge, because either the underlying asset, liability or position has been extinguished or derecognised, it is restated to market value. Any profit or loss is accounted for in interest income or expense. It is then either redesignated as a hedge of a different asset, liability or position, is disposed of, or the position is otherwise closed, and accounted for accordingly. Where a derivative is no longer a hedge because it ceases to be effective, it is restated to market value and any profit or loss arising is deferred and amortised into interest income or expense over the remaining life of the item previously being hedged.

Foreign currency transactions

Interest income and expense denominated in foreign currency is translated into sterling at the rate of exchange current on the date of the receipt or payment, unless it is hedged, in which case it is translated at the underlying rate of exchange inherent in the associated hedge contract. Assets and liabilities denominated in foreign currency that are hedged by means of matching foreign currency contracts are included in the balance sheet at the exchange rate inherent in those contracts.

Other assets and liabilities denominated in foreign currency are included at the rate of exchange current at the balance sheet date.

Exchange differences arising on currency conversion are dealt with in the profit and loss account.

Mortgage incentives

Incentive costs of discounts, fixed rate and other similar mortgage products are expensed in equal annual amounts over the effective incentive clawback period for early redemption of these products. Early repayment charges, designed to recover incentive costs, are normally charged to customers on prepayment of loans within contractually agreed periods of time, ie the clawback period. Other forms of incentives, such as valuation fees which are not directly linked to the interest rate on the mortgage, are expensed through the profit and loss account as they are incurred.

All incentives which are not subject to incentive clawback periods and any excess cost of an incentive over and above the cost recoverable by the clawback are written off as incurred. The costs of mortgage incentives are charged against interest receivable.

Securitisation

Securitisation transactions are reported in accordance with FRS 5 "Reporting the Substance of Transactions". Where assets are sold under securitisation, if there is no significant change to the Group's rights and benefits to those assets and its exposure is limited to a fixed monetary ceiling, linked presentation is used. Under linked presentation, only the net amount of the Group's interests in the assets is consolidated, and the related gross amounts are shown on the face of the balance sheet. The interest attributable to the Northern Rock Group is included in the profit and loss account under the heading "interest receivable". The other income and expenses are included within "other operating income". Where the conditions for linked presentation are not met, the transactions are accounted for by separate presentation of the gross assets and the related funding, and all profit and loss transactions are included within the appropriate captions in the profit and loss account. The special purpose vehicles used for these transactions are accounted for as quasi subsidiaries (see note 16).

Revenue recognition

Interest income is recognised in the profit and loss account on an accruals basis, except for income on loans taken into possession which is taken to income when it is received.

Fees receivable from customers to reimburse the Group for costs incurred are taken to the profit and loss account when due. Fees receivable relating to ongoing services are taken to income when the related service is performed, and fees in lieu of interest are taken to income on a level yield basis over the life of the loan.

2. Securitisation – changes in presentation

a) Interest payable on securitised bonds is deducted from interest receivable on securitised assets on the face of the profit and loss account using linked presentation. In previous years the linked presentation was included within other income but has now been changed to be included within interest receivable. This change has no impact on total income or profit and results in a more appropriate disclosure of net interest income.

b) Northern Rock retains an interest ("seller's share") in assets subject to securitisation via a master trust. In previous years the retained interest was included within loans and advances not subject to securitisation. This treatment has been revised so as to include such assets within loans and advances subject to securitisation (see note 16). This change has no impact on total assets. The interest income received by Northern Rock in respect of the retained interest continues to be included within the profit and loss account heading "other interest receivable and similar income".

3. Other interest receivable and similar income

	2003	2002
	£m	£m
On secured advances	**983.3**	984.1
On other lending	**296.6**	254.2
	1,279.9	1,238.3

4. Interest payable

	2003	2002
	£m	£m
On retail customer accounts	**559.5**	575.6
On other deposits and loans	**514.6**	467.7
On subordinated liabilities	**62.0**	51.3
On reserve capital instruments	**17.3**	18.3
On tier one notes	**11.4**	4.3
Total interest payable on subordinated liabilities	**90.7**	73.9
	1,164.8	1,117.2

5. Sale of credit card portfolio

On 30 May 2003, the Group sold its credit card portfolio to The Co-operative Bank. The surplus on sale amounted to £7.3m and is recorded in other income. The credit card portfolio comprised approximately 90,000 accounts with outstanding balances of £217m. As part of the agreement Northern Rock will offer credit cards, issued by The Co-operative Bank, to Northern Rock customers under the Northern Rock brand.

6. Administrative expenses

		2003	2002
Operating expenses		**£m**	£m
Wages and salaries		**85.1**	72.0
Social security costs		**7.0**	5.3
Other pension costs		**8.7**	7.8
Total staff costs		**100.8**	85.1
Other administrative expenses		**96.3**	87.2
		197.1	172.3
Other administrative expenses include the following:			
Hire of equipment		**5.4**	4.4
Property rentals		**2.8**	3.8
Remuneration of auditors:	statutory audit	**0.9**	0.8
	further assurance services	**0.4**	0.4
		1.3	1.2

Remuneration of auditors for audit work for the Company amounted to £0.6m (2002 £0.6m).

Non-recurring expenses	**£m**	£m
Wages and salaries	**0.5**	–
Social security costs	**0.1**	–
Total staff costs	**0.6**	–
Other administration expenses	**5.0**	2.3
	5.6	2.3

Non-recurring costs in 2003 represents costs incurred in relation to the closure of certain branches and in 2002 costs incurred on the acquisition of the banking subsidiaries of Legal & General.

	Full time	**Part time**	Full time	Part time
Average number of staff (including Executive Directors) employed by the Group	**3,448**	**952**	3,020	792

7. Pension commitments

The Company operates the Northern Rock Pension Scheme (the "Scheme") to provide retirement benefits for staff. Staff who joined the Scheme before 1 July 1999 participate in the funded, contracted-out, defined benefit section of the Scheme unless they opt out. Other staff, including those employed at 1 July 1999 but not members of the defined benefit section of the Scheme at that date, together with staff employed from 1 July 1999, participate in the contracted-in defined contribution section of the Scheme unless they opt out. The assets of both sections of the Scheme are held in a trustee-administered fund separate from the assets of Northern Rock plc.

The Company has continued to account for pensions in accordance with SSAP 24. FRS 17 "Retirement Benefits" was issued in November 2000 but requires only phased transitional disclosures for the Company until the year ended 31 December 2005. These disclosures, to the extent not given in (a), are set out in (b) below.

(a) The most recent valuation of the Scheme was performed as at 5 April 2003 by Watson Wyatt LLP, consulting actuaries, using the projected unit method. The principal actuarial assumptions adopted in that valuation were that, over the long term, the rate of return on existing and future investments will exceed pension increases by 3.50% per annum and increases in pensionable earnings by 2.25% per annum. At 5 April 2003, the market value of the fund was £158.6m which represented 97.5% of the market value of the benefits that had accrued to the valuation date. The next full actuarial valuation is due to be carried out as at 5 April 2006.

During 2003, the Company paid employer's contributions of 14.8% of basic pensionable earnings until 5 April 2003 and 15.9% of basic pensionable earnings thereafter (2002 13.8% until 5 April 2002 and 14.8% thereafter) in respect of the defined benefit section of the Scheme. In addition, members of the defined benefit section of the Scheme made employee contributions of 5% (2002 5%). During 2003, the Company paid employer's contributions in respect of the defined contribution section of the Scheme at an average rate of 6.0% (2002 6.0%). Additional National Insurance costs were also incurred as a result of the defined contribution section of the Scheme being contracted-in to SERPS. In addition, members of the defined contribution section of the Scheme paid contributions at an average rate of 4.3% (2002 4.3%).

The total pensions charge to the Group profit and loss account for 2003, as calculated by Watson Wyatt LLP, independent qualified actuaries, in respect of employer's contributions to the Northern Rock Pension Scheme, was £8.6m (2002 £7.7m), of which £7.0m was in respect of the defined benefit scheme (2002 £6.5m) and £1.6m in respect of the defined contribution scheme (2002 £1.2m). The charge for the defined benefit scheme in 2003 includes £3.6m arising from the underfunding of the Scheme adjusted for the level of prepayment (2002 £1.6m). In accordance with SSAP 24, surpluses and deficiencies, adjusted for the level of prepayment, are being amortised over the average remaining service lives of the employees in the defined benefit scheme, estimated at 13 years.

The prepayment in relation to the Scheme at 31 December 2003 was £30.6m (2002 £32.1m).

(b) The valuation used for FRS 17 disclosures has been based on the most recent actuarial valuation at 5 April 2003 and updated by Watson Wyatt LLP to take account of the requirements of FRS 17 in order to assess the liabilities of the Scheme at 31 December 2003. Scheme assets are stated at their market value at 31 December 2003.

The financial assumptions used to calculate Scheme liabilities under FRS 17 are:

	2003	2002	2001
Discount rate	**5.40%**	5.60%	5.75%
Inflation rate	**2.65%**	2.30%	2.50%
Pensions in payment increases	**3.00%**	3.00%	3.00%
Deferred pensions increases	**2.65%**	2.30%	2.50%
Salary increases	**4.40%**	4.05%	4.25%

The assets in the Scheme and the expected rate of return were:

	Long-term rate of return expected at 31 Dec 2003	**Market value at 31 Dec 2003 £m**	Long-term rate of return expected at 31 Dec 2002	Market value at 31 Dec 2002 £m	Long-term rate of return expected at 31 Dec 2001	Market value at 31 Dec 2001 £m
Equities	**8.1%**	**96.0**	8.6%	79.6	7.8%	93.1
Bonds	**5.1%**	**74.9**	4.5%	66.6	5.0%	34.3
Property	**6.8%**	**7.4**	6.5%	7.6	6.4%	6.9
Cash	**3.8%**	**1.2**	4.0%	0.4	4.0%	1.4
Total	**6.8%**	**179.5**	6.7%	154.2	7.0%	135.7

	31 Dec 2003 £m	31 Dec 2002 £m
Scheme deficit:		
Total market value of assets	**179.5**	154.2
Present value of Scheme liabilities	**(226.1)**	(181.7)
Deficit in the Scheme	**(46.6)**	(27.5)
Related deferred tax asset	**14.0**	8.3
Net pension liability	**(32.6)**	(19.2)

7. Pension commitments (continued)

Proforma reserves:	31 Dec 2003 £m	31 Dec 2002 £m
Profit and loss reserve	1,249.9	1,071.6
Pension liability	(32.6)	(19.2)
Less SSAP24 pension fund prepayment net of related deferred tax asset of £9.2m (2002 £9.6m)	(21.4)	(22.5)
Proforma profit and loss reserve if FRS 17 adopted	1,195.9	1,029.9

The position shown represents the funded status of the Scheme based on market conditions at 31 December 2003. Market related calculations such as these are subject to daily variations. The deficit disclosed does not represent a debt on the employer. Contributions to the Scheme will continue to be determined in accordance with the Trustees' funding valuation, the next one being due in April 2006, or any interim valuations undertaken by the Trustees or the Company. The rules of the Northern Rock Pension Scheme (final salary section) permit both employer and employee pensions contributions to be increased to meet part of any deficit.

The following disclosures show the amounts that would have been chargeable to the profit and loss account and to the statement of total recognised gains and losses if FRS 17 had been fully implemented in 2003.

Analysis of the amount chargeable to administrative expenses

	2003 £m	2002 £m
Current service cost	7.8	7.4
Past service cost	–	–
Total chargeable to administrative expenses	7.8	7.4

Analysis of the amount chargeable to interest receivable

	2003 £m	2002 £m
Expected return on pension scheme assets	10.5	9.6
Interest on pension scheme liabilities	(10.3)	(9.6)
Net return	0.2	–

Analysis of the amount recognisable in the statement of total recognised gains and losses

	2003 £m	2002 £m
Actual return less expected return on pension scheme assets	10.0	(28.3)

Experience gains and losses on Scheme liabilities		
Amount (£m)	(5.0)	1.0
Percentage of present value of Scheme liabilities	(2.2%)	0.6%
Total amount recognisable in statement of total recognised gains and losses		
Amount (£m)	(18.4)	(31.4)
Percentage of present value of Scheme liabilities	(8.1%)	(17.3%)

8. Directors' emoluments

Full details of the Directors' remuneration and shareholdings are included in the Directors' Remuneration Report set out on pages 18 to 29 of this report.

9. Provisions for bad and doubtful debts

Group	On advances secured on residential property £m	On other secured advances £m	On unsecured loans £m	Total £m
At 1 January 2003:				
Specific provision	2.7	1.3	29.8	33.8
General provision	22.2	8.4	18.5	49.1
	24.9	9.7	48.3	82.9
Profit and loss account:				
Increase in provisions during the year:				
Specific provision	4.8	1.4	26.1	32.3
General provision	9.5	0.3	10.0	19.8
Adjustment to provisions resulting from recoveries:				
Specific provision	(0.7)	–	(2.7)	(3.4)
	13.6	1.7	33.4	48.7
Amounts written off during the year:				
Specific provision	(3.7)	(0.8)	(25.8)	(30.3)
At 31 December 2003:				
Specific provision	3.1	1.9	27.4	32.4
General provision	31.7	8.7	28.5	68.9
	34.8	10.6	55.9	101.3
Company				
At 1 January 2003:				
Specific provision	2.7	1.3	34.0	38.0
General provision	22.2	8.4	18.5	49.1
	24.9	9.7	52.5	87.1
At 31 December 2003:				
Specific provision	3.1	1.9	31.5	36.5
General provision	31.7	8.7	28.5	68.9
	34.8	10.6	60.0	105.4

Interest has been suspended on impaired loans as follows:

	Group and Company		
	On advances secured on residential property £m	On other secured advances £m	Total £m
Interest suspended at 1 January 2003	1.8	3.7	5.5
Movement in suspended interest during the year:			
Interest suspended	0.6	0.4	1.0
Receipts of interest previously suspended	(0.3)	–	(0.3)
Amounts written off	(0.2)	(0.2)	(0.4)
Interest suspended at 31 December 2003	1.9	3.9	5.8

	Group and Company	
	2003 £m	2002 £m
Advances on which interest has been suspended totalled:		
Before provisions	**17.8**	15.1
After provisions	**15.3**	13.6

10. Tax on profit on ordinary activities

	2003 £m	2002 £m
The tax charge for the year comprises:		
UK corporation tax		
Current tax on profits for the year	**102.4**	89.8
Adjustments in respect of prior years	**(5.8)**	(0.9)
Total current tax	**96.6**	88.9
Increase in deferred taxation	**15.6**	7.6
	112.2	96.5

A reconciliation of current tax on profit on ordinary activities at the standard UK corporation tax rate to the Group's actual current tax charge for the years ended 31 December 2003 and 2002 is shown as follows:

	2003 £m	2002 £m
Profit on ordinary activities before tax multiplied by the standard rate of corporation tax in the UK of 30% (2002 30%)	**116.0**	97.9
Effects of:		
Expenses not deductible for tax purposes and other permanent differences	**0.5**	1.5
Current tax effect of timing differences	**(14.1)**	(9.6)
Adjustments to tax charge in respect of previous periods	**(5.8)**	(0.9)
Current tax charge for period	**96.6**	88.9

As indicated in notes 17 and 18, the aggregate market values of both Group and Company debt securities and equity shares and other variable yield securities are in excess of their aggregate book values. This surplus has not been recognised in the accounts and accordingly no provision for the corresponding deferred tax liability has been made. In the event that these securities were to be sold for market value, an additional tax liability would arise. This would amount to £12.3m for the Group (2002 £15.6m) and £12.2m for the Company (2002 £16.9m).

11. Profit on ordinary activities after taxation

Of the profit on ordinary activities after taxation attributable to ordinary shareholders, £227.3m (2002 £197.6m) has been dealt with in the accounts of the Company. As permitted by section 230 of the Companies Act 1985, the Company's profit and loss account has not been presented separately.

12. Dividends

	2003 pence per share	2002 pence per share	2003 £m	2002 £m
Ordinary Shares:				
Interim (paid)	**7.5**	6.5	**31.6**	27.2
Final (proposed)	**15.8**	13.7	**66.2**	57.2
less paid and payable to ESOP trusts (see note 22)			**(1.5)**	(1.0)
	23.3	20.2	**96.3**	83.4

13. Earnings per ordinary share

Earnings per Ordinary Share have been calculated by dividing the profit attributable to the holders of Ordinary Shares in Northern Rock plc of £274.6m (2002 £229.7m) by the weighted average number of Ordinary Shares in issue of 412.3m (2002 413.5m).

The weighted average number of Ordinary Shares in issue has been determined after excluding shares held in trust for employee share schemes.

Fully diluted earnings per Ordinary Share have been calculated using the weighted average number of shares in issue together with 3.6m (2002 3.6m) potentially dilutive shares resulting from options granted under employee share schemes.

14. Loans and advances to banks

	Group		Company	
	2003 £m	2002 £m	2003 £m	2002 £m
Repayable:				
On demand	**973.3**	601.4	**964.1**	592.6
In not more than three months	**2,469.9**	1,904.1	**2,366.7**	1,771.0
In more than three months but not more than one year	**7.0**	18.0	**7.0**	18.0
	3,450.2	2,523.5	**3,337.8**	2,381.6

The Company is required to maintain balances with the Bank of England, which at 31 December 2003 amounted to £36.3m (2002 £31.2m).

15. Loans and advances to customers

	Group		Company	
	2003	2002 (as restated)	**2003**	2002 (as restated)
	£m	£m	**£m**	£m

Other secured advances	**939.5**	742.6	**939.5**	742.6
Unsecured loans	**3,236.6**	2,892.9	**3,236.6**	2,892.9
Amounts due from subsidiary undertakings	–	–	**37.4**	33.1
	27,355.8	24,365.0	**27,392.6**	24,397.3
Repayable:				
On demand	**2.2**	1.3	**26.6**	22.6
In not more than three months	**232.0**	208.3	**232.0**	208.1
In more than three months but not more than one year	**619.1**	658.4	**636.2**	674.0
In more than one year but not more than five years	**4,241.9**	4,068.7	**4,241.9**	4,068.6
In more than five years	**22,361.9**	19,511.2	**22,361.3**	19,511.1
Less provisions (note 9)	**(101.3)**	(82.9)	**(105.4)**	(87.1)
	27,355.8	24,365.0	**27,392.6**	24,397.3

16. Securitisation

Loans and advances to customers include portfolios of residential and commercial mortgage loans which are subject to non-recourse financing arrangements. The loans have been purchased by special purpose vehicles, which have primarily issued mortgage backed fixed and floating rate notes to finance the purchases.

The Group is not obliged to support any losses in respect of these mortgages, except as described below, nor does it intend to do so. This is clearly stated in the agreements with noteholders.

Northern Rock plc has made interest bearing subordinated loans to the special purpose vehicles, the repayments of which are subordinated to the claims of the noteholders. In addition, mortgage indemnity guarantee (MIG) insurance is provided on certain loans to the vehicles purchasing residential mortgage loans by a subsidiary of Northern Rock plc. Since 1 January 2003, Northern Rock plc has not taken out MIG insurance in respect of new loans. Existing cover remains in force. Northern Rock plc does not guarantee the liabilities of this subsidiary. In the Group accounts, a separate presentation of assets and liabilities has been adopted to the extent of the insurance cover provided by the subsidiary.

Northern Rock plc has an option to sell further mortgage loans to the special purpose vehicles where at the end of any interest period the rate of repayment of principal in the vehicle exceeds the level agreed at the date of sale of the loans. Northern Rock plc has no right or obligation to repurchase the benefit of any securitised loan except to the extent that the loan breaches representations and warranties given at the date of sale. It does, however, have the option to repurchase loans from the vehicles, on being offered the opportunity to do so by the vehicles, where the borrower requests a further advance or a change in product type.

Northern Rock plc has entered into a number of interest rate swaps with the vehicles. These convert interest flows from the mortgage loans into LIBOR based interest flows to match the interest flows payable on the floating rate notes.

During the year, Northern Rock plc assigned portfolios of residential mortgage loans with a book value of £10.5 billion to Granite Finance Trustees Limited. Granite Finance Funding Limited acquired, at book value, an interest in the trust property vested in Granite Finance Trustees Limited. This beneficial interest was acquired in three separate transactions, the first on 27 January 2003 for £3.0 billion, the second on 21 May 2003 for £2.5 billion and the third on 24 September 2003 for £2.2 billion. Granite Finance Funding Limited funded its acquisitions through borrowings from its subsidiary companies, Granite Mortgages 03-1 plc, Granite Mortgages 03-2 plc and Granite Mortgages 03-3 plc. These companies principally funded their loans to Granite Finance Funding Limited through the issue of mortgage backed fixed and floating rate notes.

The balances of assets subject to securitisation and the associated non-recourse finance at 31 December 2003 are set out below.

Securitisation company	Date of securitisation	Gross assets securitised	Non-recourse finance	Subordinated loans made by the Group
Residential:		£m	£m	£m
Granite Mortgages 99-1 plc	1 October 1999	158.9	150.7	–

Total commercial		449.3	371.8	19.8
Maximum extent of insurance cover provided by subsidiary			(150.9)	
Total		15,678.7	14,832.4	162.9

[1] Represents the interest in the trust property at book value held by Granite Finance Funding Limited relating to the debt issued by these companies.

No subordinated debt was issued by Granite Mortgages 01-1 plc to Northern Rock plc in relation to the funding of a first loss reserve fund. However, Granite Mortgages 01-1 plc's parent company retained £20 million from the proceeds of debt issuance to fund this reserve. This amount is repayable only after full repayment of the notes.

Interest income earned by Northern Rock plc in respect of the retained interest in Granite Trustees Limited and Dolerite Trustees Limited is recorded in the profit and loss account within "other interest receivable and similar income".

Northern Rock plc does not own directly or indirectly any of the share capital of these companies or of their parent. The Group receives administration fees for servicing the mortgage portfolios together with any residual income arising after the claims of the bondholders and other creditors are met.

An aggregated summary of the results for the years ended 31 December 2003 and 2002, and summarised balance sheets as at 31 December 2003 and 2002 for the above companies are set out below.

	2003 £m	2002 £m
Interest receivable	**696.0**	415.3
Interest payable	**(538.3)**	(323.7)
Fixed rate swaps payable to Northern Rock	**(65.4)**	(35.3)
Other swaps and interest payable to Northern Rock	**(34.7)**	(18.5)
Net interest receivable	**57.6**	37.8
Other income	**8.8**	4.6
Administrative expenses payable to third parties	**(0.4)**	(0.2)
Administrative expenses payable to Northern Rock	**(66.6)**	(37.5)
Provisions for bad and doubtful debts	**0.6**	(4.7)
Profit for the financial period	–	–
Loans and advances to banks	**1,200.4**	680.9
Loans and advances to customers	**14,130.3**	8,975.1
Amounts owed by Group companies	**4.2**	62.7
Total assets	**15,334.9**	9,718.7
Debt securities in issue	**14,983.3**	9,464.9
Amounts owed to Group companies	**338.3**	205.4
Other liabilities	**13.3**	48.4
Total liabilities	**15,334.9**	9,718.7

The interest attributable to the Northern Rock Group is included in the Group Profit and Loss Account under the heading, "Interest Receivable". The other income and expenses are included within "Other Operating Income". The securitisation companies are accounted for as quasi subsidiaries (see note 1).

16. Securitisation (continued)

The balance sheets above reconcile to the linked presentation in the Group balance sheet as follows:

	2003 £m	2002 £m
Loans and advances to banks	**1,200.4**	680.9
Loans and advances to customers	**14,130.3**	8,975.1
Other liabilities	**(13.3)**	(48.4)
Retained interest in Granite Trustees Limited and Dolerite Trustees Limited	**361.3**	233.6
	15,678.7	9,841.2
Debt securities in issue	**14,983.3**	9,464.9
Maximum extent of insurance cover provided by subsidiary (included in other creditors – note 27)	**(150.9)**	(210.3)
	14,832.4	9,254.6

In addition to the transactions above which are accounted for under linked presentation, Northern Rock assigned a portfolio of unsecured loans valued at £749.7m to Flint Receivables Trustees Limited on 8 December 2003. Flint Consumer Loans No. 1 Limited purchased an interest valued at £595.0m in the trust property on the same date, funded by the issue of asset backed notes. The noteholders have a proportionate interest in each balance in the portfolio, and at 31 December 2003 this interest was valued at £595.0m. This securitisation does not qualify for linked presentation and therefore the total portfolio is included within unsecured loans as part of loans and advances to customers not subject to securitisation. The funding giving rise to the noteholders' interests is included within debt securities in issue.

17. Debt securities

18. Equity shares and other variable yield securities (continued)

The movement on equity shares and other variable yield securities during the year was as follows:

	Group £m	Company £m
Cost:		
At 1 January 2003	416.2	334.6
Additions	16.6	4.4
Disposals	(2.9)	–
Exchange adjustments	(17.6)	(17.6)
At 31 December 2003	412.3	321.4
Provisions:		
At 1 January 2003	1.5	1.5
Charged in year	–	–
At 31 December 2003	1.5	1.5
Net book amount:		
At 31 December 2003	410.8	319.9
At 31 December 2002	414.7	333.1

All equity shares and other variable yield securities are held with the intention of use on a continuing basis in the Group's activities and are classified as financial fixed assets.

19. Shares in group undertakings

	Company £m
Cost:	
At 1 January 2003 and 31 December 2003	217.2
Provisions:	
At 1 January 2003 and 31 December 2003	4.3
Net book amount:	
At 31 December 2003 and 31 December 2002	212.9

The Company's interest in subsidiary undertakings are analysed as follows:

	2003 £m	2002 £m
Credit institutions	**50.0**	172.3
Other	**162.9**	40.6
	212.9	212.9

The principal subsidiaries of Northern Rock plc at 31 December 2003 are listed below, all of which are directly held and wholly owned by the Company, and all of which operate in their country of incorporation or registration.

	Nature of business	Country of incorporation or registration
Northern Rock Mortgage Indemnity Company Limited	Provision of mortgage indemnity insurance	Guernsey
Northern Rock (Guernsey) Limited	Retail deposit taker	Guernsey

In addition, Granite Mortgages 99-1 plc, Granite Mortgages 00-1 plc, Granite Mortgages 00-2 plc, Granite Mortgages 01-1 plc, Granite Mortgages 01-2 plc, Granite Mortgages 02-1 plc, Granite Mortgages 02-2 plc, Granite Mortgages 03-1 plc, Granite Mortgages 03-2 plc, Granite Mortgages 03-3 plc and Dolerite Funding No. 1 plc, all companies incorporated in England and Wales, and Granite Finance Funding Limited, Granite Finance Trustees Limited and Dolerite Mortgages Trustee Limited, all companies incorporated in Jersey, have been accounted for as quasi-subsidiaries (see note 1).

Northern Rock acquired all the issued share capital of Legal & General Bank Limited (renamed Northern Rock Holdings No. 1 Limited) and Legal & General Mortgage Services Limited (renamed Northern Rock Holdings No. 2 Limited) on 1 August 2002. On 9 November 2002 the assets and undertakings of each of these companies were transferred to Northern Rock plc, and neither have any continuing operations. During 2003, Northern Rock Holdings No. 1 Limited surrendered its permission under Part IV, Financial Services and Markets Act 2000 to accept deposits and is therefore no longer regarded as a credit institution.

20. Intangible fixed assets

Goodwill	
Cost:	£m
At 1 January 2003 and 31 December 2003	35.8
Amortisation:

Own shares	**47.4**	44.5	**47.4**	44.5
Other assets	**78.0**	79.9	**62.9**	66.4
	125.4	124.4	**134.1**	134.1

Own shares represents the amortised cost of shares acquired by employee share ownership plans ("ESOPs").

Northern Rock plc sponsors The Northern Rock Employee Trust, The Northern Rock Employee Profit Sharing Scheme and The Northern Rock Qualifying Employee Share Ownership Trust which are discretionary trusts for the benefit of employees and former employees of Northern Rock plc. The Company has provided funds to the trustees to enable them to purchase Northern Rock plc Ordinary Shares, which are used to satisfy options granted by the Company or to meet commitments arising under other employee share schemes. The cost of providing these shares is charged to the profit and loss account on a systematic basis over the period that the employees are expected to benefit. In accordance with the rules of The Northern Rock Qualifying Employee Share Ownership Trust, dividends on shares held by that trust are waived. At 31 December 2003 this trust held 2,056,063 shares (2002 3,334,182).

At 31 December 2003, a total of 9,239,017 shares were held by the trustees (2002 9,841,452) with a market value of £66.1m (2002 £65.0m). These shares are excluded from the weighted average number of Ordinary Shares when calculating earnings per Ordinary Share (see note 13).

The full movement on deferred taxation recoverable/(payable) was as follows:

	Group		Company	
	2003	2002	**2003**	2002
	£m	£m	**£m**	£m
At 1 January	**(3.4)**	2.4	**13.3**	7.9
On acquisition during year	**–**	1.8	**–**	–
Transfer from subsidiaries	**–**	–	**–**	1.9
Charge for year	**(15.6)**	(7.6)	**3.3**	3.5
At 31 December	**(19.0)**	(3.4)	**16.6**	13.3

The amounts recoverable/(payable) in respect of deferred taxation relate to:

	Group		Company	
	2003	2002	**2003**	2002
	£m	£m	**£m**	£m
Excess of capital allowances over depreciation	**(8.8)**	(5.8)	**(8.5)**	(5.6)
Other timing differences	**(10.2)**	2.4	**25.1**	18.9
	(19.0)	(3.4)	**16.6**	13.3

23. Prepayments and accrued income

	Group		Company	
	2003	2002	**2003**	2002
	£m	£m	**£m**	£m
Deferred mortgage incentives	**236.9**	257.5	**236.9**	257.5
Accruals on derivatives	**111.5**	141.7	**111.5**	141.7
Accrued interest	**65.5**	61.5	**63.2**	60.2
Pension fund prepayment	**30.6**	32.1	**30.6**	32.1
Other	**120.3**	109.9	**255.9**	286.4
	564.8	602.7	**698.1**	777.9
Included above:				
Deferred mortgage incentives chargeable to the profit and loss account in more than one year	**99.9**	143.0	**99.9**	143.0

The movements on deferred mortgage incentives were as follows:

	Group		Company	
	2003	2002	**2003**	2002
	£m	£m	**£m**	£m
At 1 January	**257.5**	230.7	**257.5**	230.7
On acquisition during year	**–**	1.5	**–**	–
Transfer from subsidiaries	**–**	–	**–**	1.6
Additions	**327.1**	263.0	**327.1**	262.4
Amortisation	**(347.7)**	(237.7)	**(347.7)**	(237.2)
At 31 December	**236.9**	257.5	**236.9**	257.5

Additions to deferred mortgage incentives in the year is the amount that would have been charged to the profit and loss account for the year if incentives were not being amortised.

8% Undated subordinated notes	**61.5**	61.5
6.75% Fixed rate step-up undated subordinated notes	**200.0**	200.0
Floating rate undated subordinated notes	**69.0**	69.0
	1,119.5	1,119.5

The 5.625% subordinated bonds due 2015 are not redeemable in the ordinary course of business before 13 January 2010.

The 11.734% subordinated loan 2016 is repayable in five equal annual instalments from 2012 to 2016.

The 5.75% subordinated bonds due 2017 are not redeemable in the ordinary course of business before 28 February 2012.

The 10 3/8% subordinated bonds due 2018 are not redeemable in the ordinary course of business before 25 March 2018.

The 9 3/8% subordinated bonds due 2021 are not redeemable in the ordinary course of business before 17 October 2021.

The 12 5/8% perpetual subordinated notes were created on the transfer of business from Northern Rock Building Society and were issued to holders of Permanent Interest Bearing Shares of the Society.

The 8% undated subordinated notes are denominated in US dollars; the proceeds have been swapped into sterling. The notes are not redeemable in the ordinary course of business before 15 June 2004.

The 6.75% fixed rate step-up undated subordinated notes are not redeemable in the ordinary course of business before 17 June 2024.

The floating rate undated subordinated notes are denominated in US dollars; the proceeds have been swapped into sterling. They are not redeemable in the ordinary course of business before 23 February 2011. Interest is payable at 1% above 3 month US LIBOR.

All subordinated liabilities, other than the 8% undated subordinated notes and the floating rate undated subordinated notes, are denominated in sterling. All are ranked equally between and within issues.

The rights of repayment of holders of subordinated liabilities are subordinated to the claims of other creditors.

The dated subordinated liabilities are repayable as follows:

	Group and Company	
	2003 £m	2002 £m
In more than five years	**769.2**	769.2

30. Reserve capital instruments

The reserve capital instruments were issued for a value of £200m on 21 September 2000 and are undated. A further £100m was issued in May 2001. They carry a coupon of 8.399% payable annually in arrears on 21 September each year. At each payment date Northern Rock will decide whether to declare or defer the coupon. If Northern Rock decides to declare the coupon, the holder will receive a cash payment equivalent to the coupon which, at Northern Rock's option, will be achieved either by the payment of cash directly, or by the issue of Ordinary Shares in Northern Rock which, when sold by a trustee in the market, will produce an amount equal to the cash payment. If Northern Rock elects to defer the coupon, it may not declare or pay a dividend on any share until the deferred coupons are satisfied. Deferred coupons and any interest accruing thereon can only be satisfied through the issue of shares. The coupon has been swapped into a variable rate payment.

Northern Rock has a call option after 15 years, which it can only exercise with the consent of The Financial Services Authority. If the issue is not called, the coupon resets to yield 4.725% above the prevailing 5-year benchmark Gilt rate.

The maximum amount of reserve capital instruments permitted to be included in Tier 1 for regulatory capital purposes is 15% of overall Tier 1 capital. Any excess has been allocated to Upper Tier 2 capital.

31. Tier one notes

The tier one notes were issued for a value of £200m on 21 August 2002 and are undated. They carry a coupon of 7.053% payable annually in arrears on 21 September each year. At each payment date Northern Rock will decide whether to declare or defer the coupon. If Northern Rock decides to defer the coupon, this can then only be satisfied upon the date on which the issue is redeemed. No interest will accrue on any deferred coupon. If Northern Rock defers the coupon, it may not pay a dividend on any share or pay any coupon on the reserve capital instruments, nor redeem or repurchase any of its share capital or reserve capital instruments until it next makes a coupon payment for the tier one notes. Deferred coupons can only be satisfied through the issue of ordinary shares.

The coupon has been swapped into a variable rate payment.

Northern Rock has a call option after 25 years, which it can only exercise with the consent of The Financial Services Authority. If the issue is not called, the coupon resets to yield 1.835% above 6-month LIBOR.

The full amount of tier one notes is permitted for inclusion within Tier 1 for regulatory capital purposes.

32. Called up share capital

	Ordinary Shares of 25p each Number	Foundation Shares of 25p each Number	Total Number	Ordinary Shares of 25p each £m	Foundation Shares of 25p each £m	Total £m
Authorised:						
At 31 December 2003 and 31 December 2002	614.0m	104.5m	718.5m	153.5	26.1	179.6
Issued and fully paid:						
At 31 December 2003 and 31 December 2002	421.2m	74.4m	495.6m	105.3	18.6	123.9

The Foundation Shares are held by The Northern Rock Foundation. These shares carry no rights to dividends but rank pari passu with the Ordinary Shares in respect of other distributions and in the event of a winding up. Because they carry no rights to dividends, they have been omitted in the calculation of earnings per share (see note 13). These shares do not confer any rights in relation to attendance or voting at any general meeting of the Company.

The following options to acquire Ordinary Shares were outstanding at 31 December 2003 under savings related share option schemes:

- 36,444 (31 December 2002 57,451) at an option price of 381p per share exercisable during 2005
- 1,394,391 (31 December 2002 2,914,520) at an option price of 215p per share exercisable on various dates up to 2007
- 912,660 (31 December 2002 nil) at an option price of 598p per share exercisable on various dates up to 2010

At 31 December 2003, options to acquire 945,565 Ordinary Shares (31 December 2002 1,278,119) were outstanding under the Northern Rock Employee Share Option Scheme at an option price of 618p per share. These options became exercisable on 1 June 2001 and may be exercised until 2008.

At 31 December 2003, options to acquire 3,369,000 Ordinary Shares (31 December 2002 3,602,000) were outstanding under the Northern Rock Employee Share Option Scheme at an option price of 641p per share. These options are exercisable between 2005 and 2012.

35. Guarantees and other financial commitments

(i) The Company has an obligation under the Building Societies Act 1986, as successor company to Northern Rock Building Society, to honour the financial commitments of its subsidiaries and associated bodies linked by resolution, incurred prior to 11 June 1996 insofar as those bodies are unable to discharge them out of their own assets. The Company has agreed to continue this obligation in respect of liabilities of Northern Rock (Guernsey) Limited.

(ii) The Company has given indemnities to the National House Building Council in respect of certain of its house building operations.

(iii) Capital commitments at 31 December in respect of authorised expenditure were as follows:

	Group		Company

36. Derivatives and other financial instruments

The Group's approach to risk management and the related use of derivative instruments is described below.

Risk management

Management of risk is fundamental to the business of banking and is an integral part of the Group's strategic focus. The Group's risk management governance structure begins with oversight responsibility by the Board of Directors. Assisting the Board, the Audit Committee of Non-Executive Directors advises the Board on all matters relating to regulatory, prudential and accounting requirements that may affect the Group and reports to the Board on both financial and non-financial controls. The Risk Committee comprising seven Non-Executive and the Executive Directors reviews the key risks inherent in the business and the system of control necessary to manage such risks.

In addition, the Asset and Liability Committee, which comprises the Executive Directors, the Company Secretary and seven other senior executives, has been delegated the responsibility to oversee the management and review of the balance sheet risk and liquidity profiles. The Asset and Liability Committee is supported by the director of Risk.

The director of Risk reports on and monitors risks throughout the Group and assists operational business areas in the formulation and implementation of appropriate risk management policies, methodologies and infrastructure. Each business area is responsible for the identification and quantification of their particular operational and credit risk exposures and implementing risk management policies and procedures agreed by the Board.

Credit risk

Credit risk is the potential risk of financial loss arising from the failure of a customer or counterparty to settle its financial and contractual obligations.

The overall day-to-day management of credit risk is delegated to individual business areas. Each business area utilises various qualitative and quantitative techniques to measure and manage their respective credit risk exposures. This includes the use of various credit risk mitigation techniques such as netting.

The customer loan risk management process incorporates sophisticated credit scoring systems to differentiate the credit risk associated with residential mortgage loans and unsecured loans, both at individual transaction and portfolio levels.

Credit exposure limits for corporates and financial institutions are primarily based on the credit ratings assigned by the rating agencies. Credit limits are monitored by the Asset and Liability Committee to ensure they remain within authorised counterparty credit limits as detailed in the Credit Risk Policy Statement approved by the Board of Directors.

Liquidity risk

Liquidity risk arises from the mismatch in the cash flows generated from on balance sheet assets and liabilities, and the interest flows of off balance sheet instruments.

The Board of Directors has approved a Liquidity Policy statement which is compliant with the supervisory framework set by The Financial Services Authority ("FSA"). These policies ensure that the Group is able to meet retail deposit withdrawals – either on demand or at contractual maturity – to repay wholesale borrowings as they mature and to meet current lending objectives. This is achieved by managing a diversified portfolio of high quality liquid assets, and a balanced maturity profile of wholesale and retail funds. Regular reports are made to the FSA detailing the Group's sterling stock liquidity.

Operational risk

Operational risk is the potential risk of financial loss or impairment to reputation arising from failures in operational processes or the systems that support them. To minimise operational risk, the Group maintains a system of control commensurate with the characteristics of the business and markets in which the Group operates, best practice principles and regulatory considerations. Where necessary, the Asset and Liability Committee will establish a project team, comprising senior business line managers, to devise and implement a suitable action plan to mitigate specific operational risk exposures.

Market risk

Market risk is the risk to earnings arising from changes in interest rates, foreign exchange rates and the price of financial securities.

(i) Interest rate risk

As a UK based mortgage institution, Northern Rock offers numerous banking, mortgage and savings products with varying interest rate features and maturities which create potential interest rate exposures.

The Board of Directors has approved a Balance Sheet Structural Risk Management and Hedging Policy Statement that details the policies, procedures and controls for managing risk, including interest rate risk and the use of derivatives. This policy is reviewed regularly by the Asset and Liability Committee which is responsible for ensuring that balance sheet exposures are managed within the Group's policies and operational limits.

All structural interest rate risk positions and interest rate sensitivity tests are reported to the Asset and Liability Committee on a regular basis.

(ii) Currency risk

In addition to raising funds through the sterling money markets, capital markets and domestic retail savings market, the Group raises funds through issuing Euro Commercial Paper, US Dollar Commercial Paper, non-sterling denominated medium-term debt securities and non-sterling denominated retail funds. The Group's policy is to fully hedge any exchange rate exposures by using cross-currency swaps and forward foreign exchange contracts, or to match exposures with assets denominated in the same currency. Any non-sterling denominated assets are also fully hedged in this manner or matched with non-sterling denominated liabilities.

Derivatives

The Board of Directors has authorised the use of derivative instruments for the purpose of supporting the strategic and operational business activities of the Group and reducing the risk of loss arising from changes in interest rates and exchange rates. All use of derivative instruments within Northern Rock is to hedge risk exposure, and the Group takes no trading positions in derivatives.

For the purpose of reducing interest rate risk and currency risk, the Group uses a number of derivative instruments. These comprise interest rate swaps, interest rate options, forward rate agreements, interest rate and bond futures, currency swaps and forward foreign exchange contracts. The objective, when using any derivative instrument, is to ensure that the risk to reward profile of any transaction is optimised. Where either an off balance sheet derivative instrument or an on balance sheet asset or liability could be used for a specific purpose, or where more than one derivative instrument could be used, the Group will select the instrument which optimises the following conditions:

- Minimise capital utilisation;
- Maximise income or minimise cost;
- Maximise liquidity;
- Minimise administrative and accounting complexity; and
- Minimise the Group's tax liability.

The benefits of using off balance sheet derivative instruments are measured by examining the anticipated consequences of not hedging the perceived risk in terms of revenue or capital loss.

36. Derivatives and other financial instruments (continued)

The following table summarises activities undertaken by Northern Rock, the related risks associated with such activities and the types of derivatives used in managing such risks. Such risks may also be managed using on balance sheet instruments as part of an integrated approach to risk management.

Activity	Risk	Type of hedge
Management of the return on variable rate assets	Reduced profitability due to falls in short-term interest rates	Receive fixed interest rate swaps Purchase interest rate options Sell forward rate agreements Purchase interest rate futures
Fixed-rate lending	Sensitivity to increases in interest rates Sensitivity to decreases in medium/long term interest rates, resulting in prepayment	Pay fixed interest rate swaps Purchase interest rate caps Impose early repayment penalty charges
Fixed-rate retail and wholesale funding	Sensitivity to falls in short-term interest rates	Receive fixed interest rate swaps
Fixed-rate asset investments	Sensitivity to increase in interest rates	Pay fixed interest rate swaps
Re-financing of wholesale funding	Sensitivity to increase in interest rates	Sell bond futures Purchase forward rate agreements Sell interest rate futures
Investment in foreign currency assets	Sensitivity to strengthening of sterling against other currencies	Cross-currency swaps Foreign currency funding
Issuance of bonds in foreign currencies	Sensitivity to weakening of sterling against other currencies	Cross-currency swaps
Interest earned on foreign currency denominated debt securities	Sensitivity to strengthening of sterling against other currencies	Forward foreign exchange contracts Purchase currency options

Derivatives which are combinations of more basic transactions (such as swaps with embedded option features), or which have leverage features, may be used in circumstances where the underlying position being hedged contains the same risk features, for example medium-term note issues based on equity indices or a multiple of an underlying floating market rate. In such cases the derivative used will be structured to match the risks of the underlying asset or liability. Exposure to market risk on such contracts is therefore fully hedged. Credit risk on these contracts is monitored within tightly defined risk limits on the basis of the contractual terms of the instruments, rather than the face or contract amount.

The vast majority of the Group's derivatives activity is contracted with banks and other financial institutions.

The table below shows the underlying principal amount and positive and negative fair values of derivatives by type of contract.

	Underlying principal amount 2003 £m	**Positive fair values 2003 £m**	**Negative fair values 2003 £m**	Underlying principal amount 2002 £m	Positive fair values 2002 £m	Negative fair values 2002 £m

The positive fair values above represent the gross replacement cost of the Group's derivatives and hence equate to the maximum gross loss it would incur if any party to the derivatives contract failed to perform to its terms. At 31 December 2003 the potential credit exposure after allowing for collateral received was £194.0m (2002 £238.7m).

The following table gives an analysis of the re-pricing periods of assets and liabilities on the Group balance sheet at 31 December.

Items are allocated to time bands in the table below by reference to the earlier of the next contractual interest rate re-pricing date and the residual maturity date.

2003	Within 3 months £m	After 3 months but within 6 months £m	After 6 months but within 1 year £m	After 1 year but within 5 years £m	After 5 years £m	Non-interest bearing funds £m	Total £m

Of which:						
gains and losses expected to be recognised in 2004 (2003)	**63.9**	**(50.4)**	**13.5**	42.5	(137.8)	(95.3)
gains and losses expected to be recognised in 2005 (2004) or later	**161.3**	**(79.6)**	**81.7**	176.9	(154.8)	22.1

36. Derivatives and other financial instruments (continued)

	2003 Gains £m	2003 Losses £m	2003 Net £m	2002 Gains £m	2002 Losses £m	2002 Net £m
Realised gains and losses held in the balance sheet						
At 1 January	**16.0**	–	**16.0**	–	(0.6)	(0.6)
Realised gains and losses brought forward recognised in income in 2003 (2002)	**(16.0)**	–	**(16.0)**	–	0.6	0.6
Brought forward realised gains and losses not recognised in income in 2003 (2002)	–	–	–	–	–	–
Realised gains and losses in 2003 (2002) not recognised in income in 2003 (2002)	**6.1**	**(14.5)**	**(8.4)**	16.0	–	16.0
At 31 December	**6.1**	**(14.5)**	**(8.4)**	16.0	–	16.0
Of which:						
gains and losses expected to be recognised in 2004 (2003)	**6.1**	**(14.5)**	**(8.4)**	16.0	–	16.0
gains and losses expected to be recognised in 2005 (2004) or later	–	–	–	–	–	–

The above tables show the gains and losses on off balance sheet derivative instruments used for hedging by the Group. The gains and losses do not therefore represent absolute gains or losses expected by the Group as they will be substantially offset by corresponding losses or gains from on balance sheet instruments.

Currency risk

No analysis has been provided of the Group's structural currency exposures on the grounds of materiality. Where the Group has transactional currency exposures, it uses a variety of derivative products to eliminate this risk and therefore has no material transactional currency risk.

37. Fair values of financial instruments

The table set out below details the book and fair values for some of the Group's financial instruments. This analysis excludes those financial assets which are not listed or publicly traded, and for which no liquid and active market exists. It therefore excludes loans and advances to customers, retail deposits and certain other balance sheet items.

	2003 Book value £m	2003 Fair value £m	2002 Book value £m	2002 Fair value £m
Assets				
Cash and balances at central banks	**11.6**	**11.6**	10.7	10.7
Loans and advances to banks	**3,450.2**	**3,450.2**	2,523.5	2,523.5
Debt securities	**4,186.7**	**4,218.9**	3,850.6	3,907.0
Equity shares and other variable yield securities	**410.8**	**418.5**	414.7	410.4
Liabilities				
Deposits by banks	**1,480.6**	**1,480.4**	1,212.8	1,212.8
Customer accounts – other customer accounts	**2,454.5**	**2,454.5**	2,608.2	2,609.7
Debt securities in issue	**12,785.9**	**12,769.4**	9,718.2	9,712.9
Subordinated liabilities	**1,601.0**	**1,818.2**	1,613.1	1,820.7
Other				
Derivatives receivable	**174.3**	**372.5**	67.0	286.4
Derivatives payable	**(448.3)**	**(551.3)**	(193.6)	(486.2)

Fair value is the amount at which a financial instrument could be exchanged in an arm's length transaction between informed and willing parties, other than in a forced or liquidation sale and excludes accrued interest. Where available, market values have been used to determine fair values. Where market prices are not available, cash flows have been discounted at relevant interest and exchange rates to determine fair values.

38. Non-sterling assets and liabilities

The aggregate amount of all assets and liabilities included in the balance sheet denominated in a currency other than sterling was as follows:

	Group		Company	
	2003	2002	**2003**	2002
	£m	£m	**£m**	£m
Assets	**2,362.3**	1,597.4	**2,351.0**	1,595.0
Liabilities	**9,463.9**	7,449.5	**9,463.7**	7,448.9

The above assets and liabilities denominated in currencies other than sterling do not indicate the Group's exposure to foreign exchange risk. The Group has no material net currency exposures as all borrowings in foreign currencies are either hedged with cross currency swaps or forward foreign exchange agreements, or are matched by assets denominated in the same currency.

39. Related party transactions

(i) At the end of the year the aggregate amounts outstanding from Directors, their connected persons and Officers, in relation to loans from and other credit transactions with the Company, and the number of persons concerned, were as follows:

	Directors		Officers	
	2003	2002	**2003**	2002
Number of persons	**6**	6	**13**	12
Aggregate amount	**£2.7m**	£1.5m	**£1.9m**	£1.9m

(ii) The Company's total contribution payable under deed of covenant to The Northern Rock Foundation for the year ended 31 December 2003 amounted to £19.3m (2002 £16.3m). At 31 December 2003 the commitment in respect of amounts not yet paid was £10.0m (2002 £8.7m).

(iii) Except for the contribution to The Northern Rock Foundation, the Company has made no promotional and benevolent donations to organisations in which certain Directors and their connected persons hold positions of influence such as Directors, Trustees and Governors (2002 £nil).

(iv) The Company has mortgage loans outstanding from its related companies. Movements in these loans and provisions in respect of them during the year were as follows:

	£m
Cost:	
At 1 January 2003 and 31 December 2003	0.1
Provisions:	
At 1 January 2003 and 31 December 2003	0.1
Net book amount:	
At 31 December 2003 and 31 December 2002	–

(v) Northern Rock plc is a listed company and its shares are held by a large number of investors. No investor acting individually has the ability to control the activities of the Company. Consequently it is considered that there is no ultimate controlling party as defined in FRS 8 "Related Party Transactions".

40. Reconciliation of operating profit to net operating cash inflows

	2003	2002
	£m	£m
Profit on ordinary activities before tax	**386.8**	326.2
Decrease/(increase) in prepayments and accrued income	**37.9**	(100.0)
Increase/(decrease) in accruals and deferred income	**28.1**	(18.4)
Provisions for bad and doubtful debts	**48.7**	43.1
Loans and advances written off net of recoveries	**(30.3)**	(25.9)

Interest on subordinated liabilities	**62.0**	51.3
Interest on reserve capital instruments	**17.3**	18.3
Interest on tier one notes	**11.4**	4.3
Other non-cash movements	**18.0**	23.6
Net cash inflow from trading activities	**600.0**	337.0
Net increase in loans and advances to banks and customers	**(9,631.9)**	(8,373.3)
Net increase in deposits by banks and customer accounts	**1,147.7**	602.3
Net increase in debt securities in issue	**8,794.5**	7,449.6
Net increase in other assets	**(1.0)**	(68.6)
Net (decrease)/increase in other liabilities	**(63.5)**	159.1
Net cash inflow from operating activities	**845.8**	106.1

41. Gross cash flows

		2003 £m	2002 £m
(i)	Returns on investments and servicing of finance		
	Interest paid on subordinated liabilities	**58.2**	48.9
	Interest paid on reserve capital instruments	**17.2**	18.4
	Interest paid on tier one notes	**11.5**	1.1
		86.9	68.4
(ii)	Capital expenditure and financial investment		
	Purchase of investment securities	**4,633.4**	3,323.9
	Sales and maturities of investment securities	**(4,256.8)**	(3,172.3)
	Purchase of tangible fixed assets	**43.6**	51.1
	Sale of tangible fixed assets	**(0.7)**	(2.8)
		419.5	199.9
(iii)	Financing		
	Issue of subordinated liabilities	**–**	550.0
	Repayment of subordinated liabilities	**–**	(25.0)
	Issue of tier one notes	**–**	200.0
		–	725.0

42. Analysis of the balances of cash as shown in the balance sheet

	As at 1 Jan 03 £m	Cashflow £m	As at 31 Dec 03 £m	As at 1 Jan 02 £m	Cashflow £m	As at 31 Dec 02 £m
Cash and balances at central banks	**10.7**	**0.9**	**11.6**	10.5	0.2	10.7
Loans and advances to other banks repayable on demand	**601.4**	**371.9**	**973.3**	331.9	269.5	601.4
	612.1	**372.8**	**984.9**	342.4	269.7	612.1

43. Analysis of changes in financing during the year

	Share capital £m	Loan capital £m	Reserve capital instruments £m	2003 Tier one notes £m	Share capital £m	Loan capital £m	Reserve capital instruments £m	2002 Tier one notes £m
At 1 January	**123.9**	**1,119.5**	**300.0**	**200.0**	123.9	594.5	300.0	–
Cash inflow from financing	**–**	**–**	**–**	**–**	–	525.0	–	200.0
At 31 December	**123.9**	**1,119.5**	**300.0**	**200.0**	123.9	1,119.5	300.0	200.0

Results for 1999-2000 have been restated to reflect the early introduction of FRS 19 in 2001. Results for 2000 and 2001 have been restated to reflect the prior year adjustment in relation to changes in classification of RCIs and the corresponding coupon payable introduced in 2002. Results for 1999 – 2002 have been restated to reflect the reallocation of securitisation net interest from other income and charges to net interest receivable.

		1999	2000	2001	2002	2003
Net interest receivable	£m	268.3	288.7	346.1	391.2	450.7
Other income and charges	£m	102.2	120.9	130.3	169.8	209.0

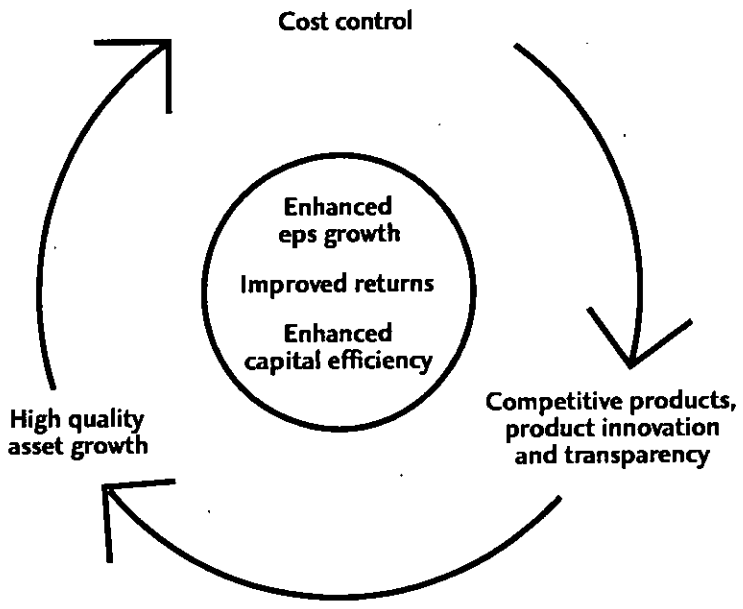
MISSION STATEMENT

Northern Rock is a specialised lending and savings bank which aims to deliver superior value to customers and shareholders through excellent products, efficiency and growth.

COMPANY STRATEGY



Northern Rock is a specialised lender providing funds for residential mortgages, secured commercial lending and personal finance. We obtain funds from both on-shore and off-shore personal savings, wholesale money markets and from the securitisation of mortgage assets.

The Northern Rock strategy encompasses efficiency, growth and value for both customers and shareholders.

Efficiency is paramount to the Northern Rock business strategy. Cost efficiency is enhanced by low cost, effective distribution and enables competitive pricing. Capital efficiency is achieved by optimising the use of debt and equity capital.

By growing lending and improving the mix of higher margin products, Northern Rock aims to grow earnings and improve returns to shareholders, at the same time as providing innovative and consumer friendly products to our customers.

THE VIRTUOUS CIRCLE

CHAIRMAN'S STATEMENT

Dr M W Ridley

I took on the chair of Northern Rock in April 2004 from Sir John Riddell, whose four years as Chairman saw not only significant growth in assets under management, but also a near doubling of the share price. That record speaks for itself, and I pay tribute to the skill and good humour with which he ran the Board of Northern Rock. He will be a hard act to follow.

Northern Rock once again hit its strategic targets in 2004 despite intense competition, expensive regulation and a sharply slowing market. We grew both assets and profits to record levels. We achieved this by sticking to the markets we know best, maintaining our position as the most cost-effective mortgage lender in the UK and continually adjusting our products to attract profitable business.

This performance has not come at the expense of service to customers, where Northern Rock remains committed to continually improving efficiency, transparency and fairness. Our customers benefit from our "Open Book" policy of making our new mortgage products available to existing borrowers as well as new customers.

Statutory mortgage regulation became effective on 31 October 2004. Extra regulation has plainly added to costs and erected barriers to entry. This may in the long run hamper competition, which has been the most powerful force in getting customers value for money in the mortgage market. None the less, we were compliant with the new regime from the first day.

Northern Rock is a global company in terms of where it raises funds, a national company in terms of where it lends and a regional company in terms of where it employs people: most of our employees are in the North-East of England. During 2004 we created over 1,000 new jobs based in the North-East. The latest stage of our Head Office expansion, which neared completion in 2004, will add capacity for a further 1,000 jobs. We also have plans to redevelop part of our Head Office accommodation to provide facilities for another 1,400 staff.

CHAIRMAN'S STATEMENT (continued)

ECONOMIC AND MARKET BACKGROUND

The British economy remains in reasonable shape in 2005. With the Bank of England Base Rate still low by historical standards, continued low unemployment, well controlled inflation and stable economic growth, the UK continues to offer an attractive environment for home ownership, especially given the limited supply of rented accommodation.

House price inflation has eased, and we expect it to be in line with earnings growth for the next few years. Barring surprises, we see little prospect of a crash, given that mortgages are still comparatively affordable and that credit quality remains good.

We fund our lending from retail deposits, wholesale funding, securitisation and covered bonds. All four funding arms are important to us, and give us access to large international markets where we work to ensure that the supply of affordable funding does not constrain the growth of profitable lending.

SOCIAL RESPONSIBILITY

Northern Rock's primary social responsibility is to prosper. By offering competitive rates to both savers and borrowers, we benefit them. In growing, we benefit our employees by providing new jobs and better working conditions. By meeting our targets, we benefit our shareholders and other key stakeholders.

Likewise, in order to do well it pays us to be a socially responsible business. By that I mean that Northern Rock will prosper if we recruit from all sections of the community, if we find flexible employment practices that suit those who want to work appropriate hours to balance life and work, if we provide good facilities for staff and if we minimise harmful impacts on the environment from our activities. There is, in other words, no conflict between creating shareholder value and being socially responsible. To ensure that we set the highest possible standards of personal and corporate ethics, provide good customer service and give employees a good working environment, we encourage assessments by Ethical Investments

Research Services, support the Work-Life Balance Initiative and maintain a high position in the Business in The Environment Index. But we do not mistake such commitments for action.

On top of the good we can do by doing well, we also remember those not benefiting directly from our prosperity. Northern Rock is consistently one of the top UK companies for corporate giving, because of its donation of 5% of pre-tax profits to The Northern Rock Foundation. In 2004 this amounted to £21.6m.

The Foundation supports local charities and community causes mainly in the North-East of England, a region that is comparatively under-served by charities. I am particularly pleased that our staff continue to take part in voluntary initiatives, fund-raising, mentoring and secondment programmes.

CORPORATE GOVERNANCE

This year has seen substantial changes to the Combined Code on Corporate Governance, with which the Board is obliged to comply or explain. We are in a position to comply with the code in full. The Board's procedures and practices ensure that it identifies and controls risks to the business in a transparent and accountable way. The results of our Board evaluation and appraisal process are summarised in the Corporate Governance statement.

I am pleased that since the year-end, we have strengthened the Board with four new appointments. Two senior executives, Keith Currie, our treasurer, and Andy Kuipers, our sales and marketing director, both joined the Board from 5 January 2005. Michael Queen, an executive director of 3i Group plc, joined the board as a Non-Executive Director on the same date. Furthermore, Rosemary Radcliffe, former complaints commissioner of the FSA and former chief economist of PricewaterhouseCoopers, will also join the Board as a Non-Executive Director, with effect from 1 March 2005.

DIVIDEND

Your board is recommending a final dividend of 18 pence per share making a total for the year 26.5 pence – an increase of 13.7 % on 2003.

CONCLUSION

In highly competitive markets we have once again risen to the challenge and hit strategic targets in 2004. Our business model remains robust: we keep costs low, invest in product and process innovation, give our customers transparency and so add low-risk assets to our balance sheet to provide attractive returns to our shareholders. We fund this growth through retail, wholesale and securitised channels.

We have always told shareholders that we can perform well in a weak housing market as well as a strong one. Our results differentiate us from our competitors and if, as expected, the housing market slows further in the coming year it will remain sufficiently large to enable us to achieve our targets without compromising on credit quality.

I am grateful to my Board colleagues, to management and all Northern Rock staff for their ingenuity, hard work and success in 2004.

CHIEF EXECUTIVE'S REPORT

Adam J Applegarth

In 2004 Northern Rock delivered excellent results including:

- RECORD PRE TAX PROFITS OF £431.2 MILLION - A LIKE-FOR-LIKE INCREASE OF 13.0%
- ASSETS UNDER MANAGEMENT OF £64.9 BILLION - AN INCREASE OF 24.9%
- RECORD NET LENDING OF £12.9 BILLION - AN INCREASE OF 51.9% AND A MARKET SHARE OF 11.2%
- RATIO OF COSTS TO ASSETS UNDER MANAGEMENT IMPROVED TO 0.38% (2003 UNDERLYING - 0.41%)
- RETURN ON EQUITY OF 21.3%
- TOTAL DIVIDEND PER SHARE 26.5P - AN INCREASE OF 13.7%
- THE NORTHERN ROCK FOUNDATION - SUPPORTING CHARITABLE CAUSES - TO RECEIVE £21.6 MILLION

2004 has been a very challenging year and so I am delighted to announce results that show record growth, record profits and further improvement in earnings per share.

High quality asset growth and cost efficiency form the essence of our strategy. Through a combination of being a small stock player, having a unit cost advantage and retaining customers, whilst attracting new borrowers and savers, we are able to grow our assets under management strongly, leveraging our equity capital to enhance shareholder returns. Cost efficiency is key to our strategy, as this allows profitable growth of the business and the manufacture of competitive products for our customers.

Our core products of mortgages, savings and personal loans all performed well in 2004. They were complemented by general insurance and protection products offered in conjunction with our partners, providing our customers with both choice and peace of mind.

During 2004 we invested significantly in our infrastructure, both in terms of technology and commencement of the latest phase of planned building expansion at our Head Office site. The demands of regulation show no signs of abating and our cost base also absorbed an extra £3.6 million from increased regulatory requirements. However, growth in operating expenses was well contained.

We continue to pursue a multi-channel distribution strategy and have opened several specialist mortgage branches in key areas around the country. These additions further strengthen our franchise and provide a logical extension to complement our existing network. In addition to this important investment, we continue to invest in other channels, encouraging e-business links with both mortgage intermediaries and direct customers.

LENDING

During 2004 we once again delivered record levels of low risk lending. Gross lending was £23,342 million, an increase of 34.8% over the previous year, with net lending of £12,932 million, an increase of 51.9%. We achieved gross residential lending of £20,051 million, an increase of 31.8% over 2003 and net residential lending of £11,383 million, an increase of 44.8%, which represented 11.2% of the UK market.

Our mix of new residential lending during the first half of 2004 reflected the shift in customer preferences towards discounted products. In the second half, as interest rates moved closer to their cyclical peak and the price of fixed rate products reduced, short term fixed rate lending was more prevalent. Our lifestyle range of products, including our credit bundling product, "together", residential Buy to Let and Lifetime Home Equity Release Mortgages (HERM), which allow older borrowers to withdraw equity from their home to aid retirement income, continued to be popular. We remain at the forefront of providing a competitive choice of products for homeowners and homebuyers, whether they are new or existing customers.

With the Bank Base Rate remaining low by historical standards, continued low unemployment, inflation well controlled and stable UK economic growth rates, fundamentals will remain supportive to home ownership. The remortgage market, which accounted for around 40% of UK gross lending in 2004, will also remain strong, particularly as interest rates appear close to their cyclical peak and the incidence of overhanging redemption charges has diminished.

Due to our relative size and focus on the retention of existing customers our net lending figures are higher than our natural share of the market. Our competitive pricing and transparent approach,

combined with our Mortgage Review Service support our retention performance and limit the impact of redemptions from our portfolios. Consequently our net lending is very strong with volume growth of gross lending being leveraged further by low redemptions.

As borrowers seek to refinance to obtain better deals, Northern Rock, with its unit cost advantage and transparent policy, remains well placed to deliver its growth objectives. As a result Northern Rock should not be considered as a proxy for either the housing market or the industry's net lending figures. We are a major player in the wider mortgage market, which importantly includes remortgaging and remains a key part of our growth plans.

We have grown our commercial lending and personal unsecured lending portfolios steadily, maintaining our emphasis on quality. We maintain an appropriate balance in these books relative to our overall assets under management.

FUNDING

Funding remained strong during 2004. All three traditional funding arms – retail funding, wholesale funding and securitisation – continued to perform well. We added a fourth stream by completing an inaugural covered bond issue in April 2004. Our funding platform is flexible, diverse and robust.

Our retail funding franchise remains an important part of our funding strategy. Retail funding inflows were restrained during the first half of the year following successful non-retail activities. During the second half, however, we funded strongly attracting over £1 billion of new funds, representing our strongest ever half-year performance. The overall increase in retail balances during 2004 was £896 million resulting in total retail balances under management of £17.2 billion at the year-end.

We have a broad distribution platform of branch, postal, telephone and on-line accounts, as well as off-shore and Ireland operations, which we will continue to develop. In particular we have seen strong inflows in our Silver Savings account, for over 50's, which attracted balances of over £1.25 billion, following its launch in September 2004. We also funded strongly in fixed rate bonds where contractual guarantees provided customers with added confidence.

Our Treasury operation continues to raise wholesale funds, manage interest rate and currency risks, and manage a portfolio of investments primarily for liquidity purposes. It is not a separate profit centre and does not operate trading portfolios. We have continued to develop our non-retail funding in international markets with further funding diversification in Continental Europe, North America and Asia. By diversifying our funding geographically and by mixing the term of funding appropriately over short, medium and long term horizons we are able to underpin our growth aspirations, whilst reducing the risk to our platform. During the year net new wholesale funding totalled £2.77 billion, increasing balances to £19.7 billion.

Our residential securitisation programme is firmly established as a reliable source of funding, a reflection of the high credit quality of Northern Rock's loan book and the huge investor appetite for this type of financial instrument. During 2004, we issued £11.1 billion of securitised notes. Assets under management subject to securitisation now amount to £22.3 billion, representing 40% of our lending portfolios. Securitisation, with increasing diversification, will continue to play an important role in funding our future growth plans as well as contributing to capital efficiency.

Already in 2005 we have raised a further US$1.75 billion under our US Medium Term Note programme and £4.5 billion from our fourteenth residential securitisation transaction further strengthening the split between short term and medium term funding.

CREDIT QUALITY

The credit quality of our assets remains very strong. We do not attract volume growth at the expense of quality. The credit quality of our lending is excellent and continues to be tightly monitored and controlled. We operate rigorous underwriting processes that include credit checking and affordability tests. Our monthly behavioural scoring system confirmed during 2004 that there were no early warning signs of significant credit deterioration. Even though mortgage balances have grown significantly, we have not increased our appetite for risk.

The arrears performance of our residential lending book improved further during 2004 with only 0.37% of accounts three months or more in arrears compared with 0.45% the year before. Once again, despite significant growth in mortgages under management we have been able to reduce the percentage of loans in arrears. Overall our residential arrears remain below half the industry average.

Commercial loan arrears and standalone personal unsecured loan arrears are also significantly better than industry average, reflecting our policy of attracting high quality lending. Our provisioning policies remain prudent and we have no loan exposure outside the UK, nor exposure to unsecured commercial lending or leasing.

OUTLOOK

Our strategy of combining competitive products, effective distribution and efficient customer service, driven off a low unit cost base works well. We will continue to develop our business so that it is highly focussed, resilient and scalable to meet our growth aspirations. By continuing to deliver our strategic targets and maintaining our responsible approach to lending we will continue to enhance value for our customers and our shareholders in the future.

We expect the housing market to slow but activity will be underpinned by relatively low interest rates, continuing low levels of unemployment and a restricted supply of new housing stock. The attractive pricing for new customers and the further erosion of overhanging redemption charges should ensure that levels of remortgaging will more than offset the level of slowdown in the housing market. Our small market share allows us significant room for growth regardless of overall market performance. This should enable us to achieve our strategic growth range of 20% +/– 5% in high quality, low risk, assets under management.

We are relatively small, have a unit cost advantage, retain existing customers well and are increasingly good at attracting new loans. Our broad funding platform, efficient distribution network and continued investment in buildings, systems and people will enable us to originate and service increased volumes of profitable business. We are therefore well placed to continue to deliver strong growth in high quality, low risk assets. Our strategic targets remain unchanged for 2005 and beyond, reflecting our confidence in our business model to deliver and maintain shareholder value.

THE BOARD

Dr M W Ridley, BA, D.Phil

Matt Ridley (aged 47), was appointed Chairman of the Company on 27 April 2004. He was appointed as a Non-Executive Director of Northern Rock plc in November 1996 having previously joined the Board of Northern Rock Building Society on 1 June 1994.
Dr Ridley is an author and businessman who also holds other Non-Executive Directorships which include Northern Investors Company PLC, Northern 2 VCT plc and P A Holdings Limited. He is Chairman of both the Nominations and Chairman's Committees.

A J Applegarth, BA

Adam Applegarth (aged 42) has worked for Northern Rock for 21 years. He became an Executive Director of Northern Rock Building Society in January 1996, was appointed as an Executive Director of Northern Rock plc in October 1996 and subsequently became the Company's Chief Executive in March 2001. Mr Applegarth is a governor of the Royal Grammar School, Newcastle upon Tyne. Mr Applegarth is a Member of both the Chairman's and Risk Committees.

D F Baker, BSc, FCIB

David Baker (aged 51) was appointed as the Company's Chief Operating Officer in January 2001. He became an Executive Director of Northern Rock Building Society in January 1996 and was appointed as an Executive Director of Northern Rock plc in October 1996. He is a Fellow of the Chartered Institute of Bankers. In his present role he is responsible for the direction and management of the Company's operations and in particular, Retail Savings, Credit, Customer Services, Personnel, Premises and Legal and Compliance. Mr Baker is Chairman of The Newcastle Employment Bond Limited and a Trustee of the University of Newcastle upon Tyne Development Trust. Mr Baker is a Member of both the Chairman's and Risk Committees.

R F Bennett, FCA, ACMA, IPFA

The Group Finance Director, Bob Bennett (aged 57), is a Chartered Accountant. He became an Executive Director of Northern Rock Building Society in November 1993 and was appointed as an Executive Director of Northern Rock plc in November 1996. In his present role, he is responsible for Finance, Treasury, Securitisation, Internal Audit, Risk Management and Institutional Relations. Mr Bennett is also a Trustee of the Northern Rock Pension Scheme and a Non-Executive Director of Greggs plc. Mr Bennett is a Member of both the Chairman's and Risk Committees.

K M Currie

Keith Currie, (aged 48) was appointed to the Board as an Executive Director in January 2005. Mr Currie is responsible for the management of the Company's Group Treasury function including liquidity, wholesale funding, derivative portfolios and the management of the Company's securitisation funding and covered bond programmes. Mr Currie is a Member of the Chairman's Committee.

N A H Fenwick, MA

Adam Fenwick (aged 44), was appointed to the Board as a Non-Executive Director in November 2003. He is an Executive Director of Fenwick Limited and a Non-Executive Director of John Swire and Sons Limited. He is also a Trustee of Newcastle Theatre Royal Trust Limited. Mr Fenwick is a Member of both the Audit and Remuneration Committees.

Sir Ian Gibson, CBE

Sir Ian Gibson (aged 58), was appointed to the Board as a Non-Executive Director in September 2002. He is Chairman of BPB plc and a Non-Executive Director of GKN plc and Chelys Limited. He was also a member of the Court of the Bank of England from 1999 to 2004. Sir Ian is a Member of the Audit, Nominations, Risk, and Remuneration Committees.

A M Kuipers

Andy Kuipers (aged 47), was appointed to the Board as an Executive Director in January 2005. He is responsible for the co-ordination and direction of the Group's sales, marketing, products and new mortgage loans processing activities. Mr Kuipers is a Member of the Chairman's Committee.

N Pease, BA

Nichola Pease (aged 43), is Chief Executive of J O Hambro Capital Management Limited and a Non-Executive Director of Grainger Trust PLC. She was appointed as a Non-Executive Director of Northern Rock plc in February 1999. Ms Pease is Chairman of the Remuneration Committee and is a Member of the Audit Committee.

M J Queen, BA, FCA

Michael Queen (aged 43) is the Finance Director of 3i Group PLC. He was appointed to the Board as a Non-Executive Director in January 2005. Mr Queen is a Member of both the Audit and Remuneration Committees.

Sir George Russell, CBE, D.Eng., BA

The Senior Independent Director, Sir George Russell (aged 69), was appointed a Non-Executive Director of Northern Rock plc in November 1996 having previously joined the Board of Northern Rock Building Society as a Non-Executive Director in 1985. He is also Deputy Chairman of ITV plc. Sir George is a Member of both the Remuneration and Risk Committees.

Sir Derek Wanless, MA, FCIB, MIS

Sir Derek Wanless (aged 57), joined the Board as a Non-Executive Director in March 2000. He was previously Group Chief Executive of National Westminster Bank plc from 1992-1999. He is also a Non-Executive Director of Northumbrian Water Group plc. Sir Derek is Vice Chairman of the Statistics Commission and a Trustee of the National Endowment for Science, Technology and the Arts. Sir Derek is Chairman of both the Audit and Risk Committees and a Member of the Nominations and Remuneration Committees.

Note: On 27 April 2004 Sir John Riddell and Sir David Chapman retired from the Board of Directors.

Northern Rock plc (the Company) regards adherence to the principles of good corporate governance to be of the utmost importance. The Board is accountable to the Company's shareholders for corporate governance, and the following describes how the Company applies the principles and provisions contained in the Combined Code of Corporate Governance published in July 2003 (the Combined Code). The Listing Rules of the United Kingdom Listing Authority require listed companies to disclose how they comply with the Combined Code and, where they do not do so, to provide a clear explanation of why they do not comply. For the period 1 January 2004 to 31 December 2004, the Company complied with all aspects of the Combined Code.

THE BOARD OF DIRECTORS

The Board of Directors meets regularly throughout the year, retains full and effective control over the Company and its subsidiaries (the Group), is collectively responsible for the success of the Group and determines its strategy and policies whilst monitoring performance. The Board met eleven times during 2004 and, after the retirement of Sir John Riddell and Sir David Chapman on 27 April 2004, comprised the Chairman, the Senior Independent Director, four other Non-Executive Directors, the Chief Executive and two other Executive Directors.

The Board has a formal written schedule of matters reserved for its review and approval and has adopted a detailed procedures manual which covers the responsibilities and procedures of the Board, its Committees and its officers. This includes setting policies for Balance Sheet structural risk management, the raising of Non Retail Funds, Liquidity and Credit Risk, the setting of capital expenditure budgets, the declaration of dividends and the approval of the Annual Report and Accounts.

Authority for the execution of approved policies has been delegated by the Board to the Company's Executive Committee and the Chief Executive. The Executive Committee comprises the Chief Executive, the other Executive Directors and the Company Secretary.

Within the parameters set out in the Committee's terms of reference, the Executive Committee has responsibility for facilitating the Company's effective operation to ensure that it meets its objectives through the implementation of the Strategic and Operational Plans. The Committee also monitors developments in the Company's core markets, and examines, appraises and reviews defence initiatives, potential acquisitions and corporate finance initiatives. It also establishes processes to control, appraise and review the implementation of any new procedures that are agreed upon.

The Management Board Asset and Liability Committee is responsible for overseeing the management and review of the Company's balance sheet risk profile and processes together with the Company's balance sheet, profit and loss and liquidity profiles. In addition, the Committee has authority to authorise use by the Company of structured financial products and private equity investments in accordance with the polices and procedures set down in the Corporate Finance and Structured Financial Policy statement approved by the Board.

A clear division of responsibility exists between the Chairman, who is responsible for running the Board, and the Chief Executive who has responsibility for running the business. This division is clearly set out in the Chairman's letter of appointment and the Chief Executive's job description.

APPOINTMENTS TO THE BOARD

The Company's Articles of Association require that each Director stands for re-election at least every three years and that Directors appointed by the Board should be subject to election by shareholders at the first opportunity after their appointment. The Directors to retire by rotation will be those in office longest since their previous re-election. Non-Executive Directors are appointed for a specified term subject to re-election.

The Company's policy is that Non-Executive Directors will stand down from office at the conclusion of the next Annual General Meeting following their seventieth birthday.

DIRECTORS

More than half of the Board comprises Non-Executive Directors all of whom have experience in a wide range of commercial and banking activities. The Board considers all of the Non-Executive Directors to be independent for the purposes of the definition in the Combined Code. This requires the Board to determine whether each Director is independent in character and judgement and whether there are relationships or circumstances which are likely to affect, or could appear to affect, the Director's judgement.

Sir George Russell, who was appointed Senior Independent Director of the Company on 27 April 2004, was first elected to the Board as a Non-Executive Director in September 1997 immediately prior to demutualisation, having served as a Director of Northern Rock Building Society between 1985 and 1997. The Board has no hesitation in confirming Sir George's independence for Combined Code purposes, and is satisfied that his period of service as a Director of Northern Rock Building Society should not be aggregated with his period of service as a Director of the Company in view of the different legal structure and business objectives of the two entities. The Board is also satisfied that Sir George's deferred membership of a Northern Rock Building Society pension scheme does not affect his independence. Sir George ceased to accrue pension benefits after 30 June 1997 and will become eligible to receive a pension on 25 October 2005 or on his earlier retirement from the Company. In accordance with the Company's policy Sir George Russell will retire from office at the conclusion of the 2006 AGM.

As a highly experienced company director, Sir George's sound judgement and challenging approach ensure that he makes a significant contribution to the work of the Board and its Committees. He and the other Non-Executive Directors also provide close scrutiny of the performance of management and the reporting of its performance.

It is the Company's policy that every Director should receive appropriate training on the first occasion that he or she is

appointed to the Board, and subsequently as necessary. A detailed induction process exists for new Directors and, to ensure that Directors are able to discharge their responsibilities effectively, this is supported by an ongoing training programme. As part of the annual appraisal process, Directors are asked to identify areas where additional training is required.

To enable the Board to function effectively, all Directors have full and timely access to all information which may be relevant to the discharge of their duties and obligations. The Company arranges additional, specific training or support for any Director who requests it.

The Chairman ensures that all Directors are properly briefed on issues to be discussed at Board meetings. All Directors are able to obtain further advice or seek clarity on issues raised at Board meetings from within the Company or from external professional sources. All Directors have access to the advice and services of the Company Secretary who is responsible for ensuring that Board procedures and applicable rules and regulations are observed. Additionally, the Company Secretary provides regular reports to the Board to ensure that it remains up to date on the latest regulatory, legal and governance developments relevant to the Company and its officers. Where necessary, the Directors are able to take independent professional advice at the Company's expense.

CHAIRMAN'S APPOINTMENT

As announced on 17 July 2003 Dr M W Ridley succeeded Sir John Riddell as Chairman of the Company on 27 April 2004. The selection process to identify Sir John's successor commenced in 2002 and was conducted by the Nominations Committee in accordance with governance standards and best practice in force prior to the publication of the revised Combined Code.

The Nominations Committee concluded that Dr Ridley was the best person for appointment as Chairman because of his exceptional leadership skills and business acumen. Additionally, the Committee concluded that Dr Ridley satisfied the important requirements of demonstrating experience of the way in which the Company operated and an understanding of how it developed so that he was best equipped to lead its continued evolution.

Dr Ridley was first elected to the Board in September 1997. In the opinion of the Board, Dr Ridley was independent (for the purposes of the revised Combined Code) on his appointment as Chairman. Dr Ridley's letter of appointment sets out his role and responsibilities and the time commitment expected of him. A copy of his letter of appointment will be available for inspection at the Annual General Meeting.

BOARD APPRAISAL

The Combined Code requires that Non-Executive Directors, the Board and its Committees should be subject to annual appraisal. Where a Non-Executive Director is proposed for re-election beyond six years, the proposal should be subject to a particularly rigorous review, and should take into account the need for progressive refreshing of the Board.

All Executive Directors, Non-Executive Directors and the Chairman were subject to an appraisal during the financial year under review to ensure that their contribution continued to be of the highest standard. The Chief Executive and all of the Non-Executive Directors were appraised by the Chairman whilst the appraisal of the Group Finance Director and Chief Operating Officer was completed by the Chief Executive. The Senior Independent Director conducted the appraisal of the Chairman, after meeting with the Non-Executive Directors in absence of the Chairman and having also canvassed the opinions of the Executive Directors.

For the year under review, the conclusion of the appraisal exercise was that each Non-Executive Director, Executive Director and the Chairman demonstrated a continued commitment and effective contribution to their position. The terms of appointment of each Non-Executive Director have been renewed for a further year with effect from 1 January 2005, subject to re-election where appropriate at the Annual General Meeting to be held in April 2005.

As part of the appraisal exercise, each individual also completed an evaluation of the Board and its Committees to enable the Secretary to report to the Board on how effective each was in discharging its responsibilities. The appraisal exercise was completed by the Board considering and debating the Secretary's report and reviewing the respective strengths and weaknesses of the Board, its members and its Committees. The Secretary reported to the Board that the evaluation of the Board and its Committees showed that they were discharging their responsibilities effectively and confirmed the process also provided useful feedback that would be used to improve current practice and procedures.

BOARD COMMITTEES

In accordance with the Combined Code and the best principles of corporate governance, the Board has established a number of Committees to assist it in the way that it deals with matters that are reserved for its consideration. The Chairman and membership of each Committee are set out on page 17.

Each Committee has detailed terms of reference clearly setting out its remit and authority. In accordance with the Combined Code, the terms of reference of the Audit, Nominations, Remuneration and Risk Committees are available on the Company's website and on request in writing from the Company Secretary.

In addition to the meetings of the Board and the Committees which took place throughout the year, the Chairman also held meetings with Non-Executive Directors in absence of the Executive Directors and Sir George Russell met with the Non-Executive Directors in absence of the Chairman and the Executives.

The following paragraphs set out details of the Committees and the particular work that they undertake.

AUDIT COMMITTEE

The Audit Committee comprises five independent Non-Executive Directors and met six times during 2004. It considers and, where appropriate, advises the Board on all matters relating to regulatory, prudential and accounting requirements

that may affect the Group. It also reports to the Board on both financial and non-financial controls. An important aspect of its role is to ensure that an objective and professional relationship is maintained with the external auditors.

The Audit Committee has responsibility for recommending the appointment, re-appointment and removal of the external auditors. In February 2004 the Audit Committee reviewed the effectiveness of the external auditors and made a recommendation that they be re-appointed for a further 12 months. The Board accepted this recommendation and an appropriate resolution was passed at the 2004 Annual General Meeting.

The Audit Committee reviews the scope and results of the annual external audit, its cost effectiveness, and the independence and objectivity of the external auditors. It also reviews the nature and extent of any non-audit services provided by the external auditors. The external auditors may attend all meetings and have direct access to the Audit Committee and its Chairman at all times. The Chief Internal Auditor provides further assurance that the significant risks identified by the business are properly managed. The Chief Internal Auditor has direct access to the Audit Committee and its Chairman. The Executive Directors are not members of the Audit Committee but attend meetings by invitation of the Audit Committee, as necessary, to facilitate its business.

The Audit Committee reviews the internal control system on behalf of the Board and is also responsible for reviewing the effectiveness of the Internal Audit function. At each meeting the Committee receives reports of reviews conducted throughout the Company by the Internal Audit and (periodically) Compliance functions.

The Combined Code requires the Board to be satisfied that at least one member of the Audit Committee has recent and relevant financial experience. The Board is satisfied in this regard and, in addition, in the opinion of the Board the qualifications of each of the Audit Committee members gives the Audit Committee the breadth of financial experience to discharge its responsibilities.

CHAIRMAN'S COMMITTEE

The principal function of the Chairman's Committee is to review the Company's strategy and to consider any major operational issues or proposals for significant new initiatives that may arise. The Committee only meets as a formal Committee in exceptional circumstances and its activities are reported to the Board. The Committee is made up of the Chairman, the Executive Directors and the Company Secretary.

NOMINATIONS COMMITTEE

The Nominations Committee is made up of the Chairman and two independent Non-Executive Directors. The Committee met three times during 2004. It monitors and reviews the membership of, and succession to, the Board of Directors and the Committee makes recommendations to the Board in this regard. One of its functions is to identify potential Executive and Non-Executive Directors taking into account the requirement for the members of the Board to have an appropriate range of skills and experience to understand the activities of Northern Rock and its subsidiary undertakings.

During 2004, the Nominations Committee assessed the size of the Board, the attributes of the Board members, the continued growth of the Company and its strategic aims. The Committee concluded that, whilst the Company placed an appropriate level of demand on its Directors, the performance of the Board and its Committees would be enhanced by the appointment of two further Non-Executive Directors and two further Executive Directors.

Spencer Stuart Recruitment Limited was retained by the Company to assist in the identification and recruitment of Non-Executive Directors who would add value to the Board and its Committees. An extensive search by Spencer Stuart Recruitment Limited led to Mr Queen and Miss Radcliffe being considered and recommended to the Board by the Nominations Committee. The Committee also recommended Mr Kuipers and Mr Currie as appropriate candidates for the position of Executive Director.

The Company announced on 5 January 2005 that with immediate effect Mr Queen would be joining the Board as a Non-Executive Director and that Mr Kuipers and Mr Currie would be joining the Board as Executive Directors. Brief biographies of the new appointees are detailed at page 12 of the Annual Report. Mr Queen will augment the Board's financial expertise and has joined the Board's Audit and Remuneration Committees, whilst the promotions of Mr Kuipers and Mr Currie reflect the importance of the Marketing and Treasury functions to the Company's strategy. In addition to these appointments the Company also announced on 5 January 2005 that Miss Radcliffe would join the Board as a Non-Executive Director with effect from 1 March 2005. As a former Independent Complaints Commissioner for the Financial Services Authority, Miss Radcliffe will increase the Board's regulatory expertise and will join the Board's Remuneration and Risk Committees.

The Company believes that the appointment of all four individuals is in the best interests of its shareholders. It should be noted that Spencer Stuart Recruitment Limited has no other connection with the Company.

REMUNERATION COMMITTEE

The Remuneration Committee comprises six independent Non-Executive Directors and met twice in 2004. It is responsible for considering and advising the Board on the remuneration policy for Executive Directors and the Chairman, and for determining their remuneration packages. In discharging its responsibilities the Remuneration Committee takes professional advice from within and outside the Company. It is the Board's responsibility to determine the remuneration policy for Non-Executive Directors within the limits set in the Articles of Association. The Remuneration Committee also determines the level of remuneration for the Company's Management Board Directors (comprising management at the level immediately below the Board).

In accordance with the requirements of the Directors' Remuneration Report Regulations 2002 further information may be found in the Company's Directors' Remuneration Report.

RISK COMMITTEE

The Risk Committee comprises three independent Non-Executive Directors plus Mr Applegarth, Mr Baker and Mr Bennett. The Risk Committee met four times during 2004. The main role of the Risk Committee is to review, on behalf of the Board, the key risks inherent in the business, the system of control necessary to manage such risks, and to present their findings to the Board.

This responsibility requires the Risk Committee to keep under review the effectiveness of the Group's system of internal controls, which includes financial, operational, compliance and risk management controls and to foster a culture that emphasises and demonstrates the benefits of a risk-based approach to internal control and management of the Group. The Risk Committee fulfils this remit by reinforcing management's control consciousness and making appropriate recommendations to the Board on all significant matters relating to the Group's risk strategy and policies.

Other responsibilities of the Risk Committee include keeping under review the effectiveness of the Group's risk management infrastructure. This involves an assessment of risk management procedures (for the identification, measurement and control of key risk exposures) in accordance with changes in the operating environment. It is also primarily responsible for considering the major findings of any of the Financial Services Authority or internal/external audit's risk management review and management's response.

To assist the Board in discharging its responsibilities for the setting of Risk policy, the Risk Committee periodically reviews the Group's credit risk, interest rate risk, liquidity risk and operational risk exposures in relation to the Board's risk appetite and the Group's capital adequacy. The Risk Committee also ensures that the public disclosure of information regarding the Group's risk management policies and key risk exposures is in accordance with the statutory requirements and financial reporting standards.

INTERNAL CONTROL

The Board of Directors is responsible for the Group's system of internal control and for annually reviewing its effectiveness. The system of internal control is designed to manage risk rather than eliminate it and in this regard, the Board considers that Northern Rock is a well-controlled, risk-averse business that continues to adopt a prudent stance in the management of risk. The Board has reviewed the effectiveness of the system of internal control and is satisfied that there is a sound system of internal control that safeguards shareholders' investments and the Company's assets.

In accordance with the guidance set out in the Turnbull Guidance on Internal Control, the Company has an ongoing process for identifying, evaluating and managing the significant risks faced by it. This process was in place for the period 1 January 2004 to 31 December 2004 and remained in place on the date that the 2004 Annual Report and Accounts was approved by the Board. As part of the Company's continuing evaluation of Internal Control, the Board has reviewed and (where necessary) updated the process for identifying and evaluating significant risks affecting the business and the policies and procedures by which these risks are managed.

The Company is committed to developing and maintaining a control-conscious culture in all areas. This is achieved through a well-defined organisational structure with clear reporting lines and a commitment to recruiting and training staff governed by appropriate codes of conduct. In addition, the Group maintains procedure manuals that detail the procedures to control physical and logical access, segregation of duties and credit, expenditure and other authorisation limits. There are well-established budgetary and strategic planning cycles, and the Board reviews the results monthly against budgets, forecasts and prior year actual results, together with other key business measures.

The Chief Executive reports to the Board on behalf of the Executive Committee on significant changes in the business and the external environment which affect significant risks. The Board also receives monthly financial information, which includes key performance and risk indicators. Where areas for improvement in the system are identified, the Board considers the recommendations made by the Executive Committee, the Risk Committee and the Audit Committee.

A detailed description of the Group's approach to financial risk management and the related use of derivatives is set out in note 37 to the accounts. Material risk exposures are subject to Board policy statements that set out the exposure limits of the risks and the hedges and control techniques to be utilised. In addition, regular reporting of all risk exposures is monitored throughout the Company by the Operational Risk Committee whose membership is drawn from each of the Company's departments within which operational risk may arise.

The Company's Internal Audit function provides a degree of assurance as to the operation and validity of the system of internal control and planned corrective actions are independently monitored for timely completion.

COMMUNICATIONS

A Summary Financial Statement is issued to all shareholders and a copy of the Annual Report and Accounts and The Northern Rock Foundation's report is available by written request to the Company Secretary or from the Northern Rock website: www.northernrock.co.uk. The Company communicates regularly with its shareholders who are given the opportunity to raise matters for discussion at the Annual General Meeting. The Company also deals with a number of written enquiries from shareholders throughout the year.

The Company regards communication with institutional shareholders as important. To ensure that concerns of major shareholders are addressed, the Company has incorporated a number of initiatives into its procedures during 2004. In October 2004 the Company held a governance day, to which the Company's major institutional investors were invited. The day was hosted by the Chairman and attended by the Chief Executive and the

Senior Independent Director. In addition, all of the other Non-Executive Directors were offered the opportunity to attend the presentation. The Company was pleased with the attendance of a number of its investors and found that the day provided an excellent opportunity to engage with shareholders on the Company's governance arrangements.

In addition to the governance day, the Company Secretary reports to the Board on feedback received from shareholders. Additionally, the Chief Executive and Group Finance Director have extensive ongoing contact with shareholders and feedback arising from this is also reported to the Board. Coupled with presentations from analysts and brokers throughout the year, these arrangements ensure that all Directors, both Executive and Non-Executive, remain up to date on the views of major shareholders.

As Senior Independent Director, Sir George Russell is available to shareholders if they have concerns which contact through the normal channels of Chairman, Chief Executive or Group Finance Director has failed to resolve or for which such contact is inappropriate.

To ensure that opportunities are offered to major shareholders to meet with members of the Board, a number of more informal lunches are also held throughout the year where investor feedback on strategy and governance is encouraged.

GOING CONCERN

The Directors are satisfied that the Group has adequate resources to continue in business for the foreseeable future. For this reason, they continue to adopt the going concern basis in preparing the accounts.

STATEMENT OF DIRECTORS' RESPONSIBILITIES

The Companies Act 1985 requires the Directors to prepare financial statements for each financial year that give a true and fair view of the state of affairs of the Company and Group as at the end of the year and of the profit or loss of the Group for the year.

The Directors consider that in preparing the financial statements on pages 46 to 77 appropriate accounting policies, consistently applied and supported by reasonable and prudent judgements and estimates, have been used and that applicable accounting standards have been followed.

The Directors are responsible for ensuring that the Company and Group keeps accounting records that disclose with reasonable accuracy at any time the Company and Group's financial position and that enable them to ensure that the financial statements comply with the Companies Act 1985. They are also responsible for safeguarding the assets of the Company and Group and hence for taking reasonable steps to prevent and detect fraud and other irregularities.

COMMITTEES

Membership of the Board's Committees is set out below.

AUDIT COMMITTEE

+ Sir Derek Wanless (Chairman) (appointed Chairman 27 April 2004)
+ N A H Fenwick
+ Sir Ian Gibson
+ N Pease

SUMMARY

The Directors' Remuneration Report is presented to shareholders by the Board and contains the following information:

- A description of the role of the Remuneration Committee;
- A summary of the Group's Remuneration Policy including a statement of the Company's policy on Directors' remuneration;
- Graphs illustrating the performance of the Company relative to the FTSE 100 Index and the FTSE 350 Index for the last five years;
- Details of the terms of the service contracts and the remuneration of each Director for the preceding financial year;
- Details of the share options and awards under long-term incentive schemes held by the Directors; and
- Details of each Director's interest in Ordinary Shares in the Company.

This Report complies with the Directors' Remuneration Report Regulations 2002 ("the Regulations"). This Report also sets out how the principles of the Combined Code relating to Executive Director remuneration are applied by the Group.

A resolution will be put to Shareholders at the Annual General Meeting on 26 April 2005 inviting them to consider and approve this Report.

THE REMUNERATION COMMITTEE

The Remuneration Committee consists entirely of independent Non-Executive Directors and comprises Ms N Pease (appointed Chairman on 27 April 2004), Sir George Russell, Mr N A H Fenwick, Sir Ian Gibson, Mr M J Queen (appointed 5 January 2005) and Sir Derek Wanless. Dr M W Ridley resigned from, and Sir David Chapman retired from, the Committee on 27 April 2004. Where appropriate, the Chairman and Chief Executive attend meetings of the Remuneration Committee by invitation of the Committee, save that they are absent when their own remuneration is under consideration. The Remuneration Committee operates within agreed terms of reference and has responsibility for making recommendations to the Board on the Group's general policy relating to executive remuneration. It also determines, on behalf of the Board, specific remuneration packages for the Chairman, the Executive Directors and the Management Board Directors, being the level of management immediately below the Board.

The Remuneration Committee meets regularly and takes advice from both inside and outside the Group on a range of matters, including the scale and composition of the total remuneration package payable in comparable financial institutions to people with similar qualifications, skills and experience.

The following persons provided advice or services that materially assisted the Remuneration Committee in its consideration of Directors' remuneration matters during the year:

- The Committee consulted the Chief Executive on matters relating to the remuneration of the other Executive Directors who report to him. The Chairman was also consulted in relation to the remuneration of all Executive Directors;
- Internal support was provided to the Remuneration Committee by the Company Secretary;
- Watson Wyatt LLP advised the Remuneration Committee on a range of issues including the benchmarking of Executive Directors' salaries and the Chairman's fee. In addition to providing this advice to the Remuneration Committee, Watson Wyatt LLP are consulting actuaries to the Company and advised on various pension issues;
- Inbucon Administration Ltd were responsible for preparing Total Shareholder Return calculations for the purposes of the Company's Long Term Incentive Plan and this Remuneration Report. Inbucon Administration Ltd did not provide other advice or services to the Company; and
- Freshfields Bruckhaus Deringer advised the Company on various share plan matters and compliance with the Directors' Remuneration Report Regulations. They are the Company's main legal advisor.

COMPLIANCE

The Group has complied with the Combined Code's provisions relating to Directors' remuneration throughout the year.

REMUNERATION POLICY FOR EXECUTIVE DIRECTORS

The Remuneration Committee believes that the continuing improvement in performance of Northern Rock depends on individual contributions made by the Executive Directors. For this reason, the remuneration policy is designed to provide competitive packages to motivate, reward and retain Executive Directors of high quality and to align their interests with those of shareholders.

The Board has adopted, on the recommendation of the Remuneration Committee, a remuneration policy with the objectives set out below. It is intended that this policy should continue to apply for 2005 and subsequent years:

(i) the remuneration packages for Executive Directors are designed to be competitive in terms of market practice;

(ii) performance-related remuneration should seek to align the interests of Executive Directors with those of the shareholders through the imposition of stretching corporate performance targets and the satisfaction of most short and longer term incentives in the form of shares; and

(iii) to motivate for future achievement, a significant proportion of remuneration should be based on operational and financial performance both in the short and long term together with the individual contribution made by the Executive Directors.

The Remuneration Committee regularly reviews all aspects of remuneration to ensure these remain appropriate. This report sets out the Company's policy on Executive Directors' remuneration for 2005 and, so far as practicable, for subsequent years. The inclusion in the report of remuneration policy in respect of years after 2005 is required by the Regulations. The Remuneration Committee is able to state its remuneration policy for 2005 with reasonable certainty, and this policy will continue in subsequent years unless changed by the Remuneration Committee. The Remuneration Committee considers that a successful remuneration policy needs to be sufficiently flexible to take account of future changes in the Company's business environment and in remuneration practice. Any changes in policy for years after 2005 will be described in future Directors' Remuneration Reports; such reports will continue to be subject to shareholder approval. All statements in this report in relation to *remuneration policy for years after 2005* should be read in light of this paragraph.

ELEMENTS OF REMUNERATION

Remuneration comprises: basic salary, annual bonus, pension benefits and benefits in kind. In addition, Executive Directors and senior executives participate in certain share based incentive schemes, comprising the bonus matching plan, deferred share scheme and long term incentive plan. These share-based incentive schemes, and the annual bonus, are performance-related, and the Remuneration Committee regards them as a key element in the Executive Directors' remuneration package.

As a result of changes to the performance-related elements of remuneration in recent years (including, from 2005, the proposed imposition of a corporate performance condition on awards vesting under the bonus matching plan and deferred share scheme, and the increase in annual bonus potential as described below), the performance-related element of total potential remuneration has materially increased in recent years.

BASIC SALARY

The Committee's objective is that Executive Directors' basic salaries should be paid at an appropriate level to take account of both personal performance and of salaries within a comparator group of financial institutions. The Committee considers that *exceptional performance*, whether corporate or individual, should be rewarded through bonus and incentive schemes rather than basic salary.

Salaries are reviewed annually for each Executive Director, and revised salaries took effect from 1 January 2005 as follows:

A J Applegarth
£625,000 (2004 - £565,000)

D F Baker
£390,000 (2004 - £375,000)

R F Bennett
£390,000 (2004 - £375,000)

Mr A M Kuipers and Mr K M Currie were appointed to the Board on 5 January 2005, and their initial salaries were £270,000 each.

The revised salaries of the Executive Directors have been benchmarked against salaries paid for similar positions in banks in the FTSE 100 Index and for companies in positions 51 – 75 in the FTSE 100 Index.

During 2004 the Company's 13 Management Board Directors were paid salaries ranging from £90,000 to £215,000.

SHORT TERM BONUS SCHEME

Northern Rock operates a short term cash bonus scheme under which payments are made on an annual basis at the discretion of the Remuneration Committee. All of the Executive Directors and certain senior executives participate in this scheme.

This cash bonus scheme relates to year-on-year increases in the Group's pre-tax profit on ordinary activities, with increases in pre-tax profits generating a bonus payment equal to a percentage of salary. Only where there is an increase in adjusted like-for-like pre-tax profits will Executive Directors be eligible for a short term bonus. Every 1% increase in pre-tax profits generates a bonus payment equal to 5% of salary with a maximum of 75% of salary by way of bonus for 15% increase in profits (with a sliding scale between these points). Payment of one-third of the bonus will be subject to the Remuneration Committee's view of the participant's personal performance, and the remaining two-thirds relates to the performance of the business. The bonus payable is reduced by the value of shares appropriated under the all-employee Inland Revenue Approved Share Incentive Plan for the year, to the extent needed to ensure that the relevant bonus cap is not exceeded.

On this basis, the bonus earned in respect of 2004 was 65.15% of salary.

For 2005 the Remuneration Committee will continue to operate the cash bonus scheme on the basis described above however, following a careful review of bonus arrangements (and consideration of a review by Watson Wyatt LLP of comparator companies), whilst every 1% increase in pre-tax profits will continue to generate a bonus equal to 5% of salary, the bonus cap has been increased to 100% of salary for a 20% increase in profits.

BONUS MATCHING PLAN

Participants are also encouraged to identify with the interests of shareholders by investing some of their own funds in Northern Rock. Executive Directors (and other senior executives invited by the Remuneration Committee to participate) are entitled to elect for all or part of the after tax amount of their annual cash bonus to be used to acquire shares which will be held for a period of three years; alternatively they may elect to deposit their own shares with an aggregate value not exceeding the cash amount of the after tax bonus. The shares acquired or deposited will be eligible for additional "matched" shares at the end of the three-year period, provided the participant has remained an employee of the Group. The plan is designed to achieve one-for-one matching on an after tax basis. As the participant's shares are invested in the plan on an after-tax basis, but the matched shares only attract income tax and national insurance contributions if and when they are released from the plan, the number of matched shares is increased (by reference to tax rates at the time the matching shares are initially awarded) to reflect the fact that they will attract income tax and national insurance contributions if and when they are released. Entitlement to the matched shares will normally be lost if the participant leaves employment except in certain "good leaver" circumstances. For awards made in 2005 and in future years, the release of matched share awards will be dependent on the Group achieving average real EPS growth of 3% per annum over the three financial years pending their release. The imposition of this target is subject to shareholder approval at the Annual General Meeting on 26 April 2005.

For 2004 and previous years, the release of matched share awards was not dependent on satisfaction of a further performance condition because the value of matched share awards was derived from the annual bonus criteria and was therefore dependent on corporate performance.

The bonus matching plan was operated in respect of 2004, resulting in the share awards described on page 26. The Remuneration Committee will continue to operate it in respect of 2005 and future years.

The beneficial ownership of the matched shares transfers to the participant on the grant of an award. The matched shares will be forfeited if the participant ceases to be entitled to them except in certain "good leaver" circumstances. The participant will be entitled to any dividends paid on his matched shares during the restricted period.

DEFERRED SHARE SCHEME

Under a separate element of the short term bonus scheme, the Remuneration Committee may grant to Executive Directors and other executives who receive a cash bonus under that scheme an award of shares with a pre-tax value equal to the pre-tax value of his cash bonus. A participant who is granted an award must normally continue to hold these shares and remain an employee of the Group for a period of three years from the date of the award in order to retain the full number of shares so granted to him, although shares will be released earlier in certain "good leaver" circumstances. For awards made in 2005 and in future years, the release of any deferred share awards will be dependent on the Company achieving average real EPS growth of 3% per annum over the three financial years that the shares are held. The imposition of this target is subject to shareholder approval at the Annual General Meeting on 26 April 2005.

For 2004 and previous years, the release of deferred share awards was not dependent on satisfaction of a further performance condition because the value of deferred share awards was derived from annual bonus criteria and was therefore dependent on corporate performance.

This deferred share scheme was operated in respect of 2004 resulting in the share awards described on page 27. The Remuneration Committee will continue to operate the deferred share scheme in respect of 2005 and future years.

LONG TERM INCENTIVE PLAN

All Executive Directors and certain senior executives participate in a long term incentive plan ("LTIP"), which was approved by shareholders in 1998. Awards have been made in 1998 and each subsequent year thereafter. The plan involves the grant of share awards, which can only be released if demanding performance targets are achieved and if the participant remains in employment, except in certain "good leaver" circumstances. The number of shares comprised in an award is calculated by reference to a percentage of salary, with the maximum award of shares being 100% of salary.

Performance is measured over a three year period on the basis of total shareholder return ("TSR"), comparing the Company's performance to that of the companies in an appropriate index at the date of an award. The Remuneration Committee has decided that, for awards in 2005 and future years, the FTSE 100 Index will be used. For previous awards, the FTSE 350 Index was used because at the time the LTIP was approved in 1998, the Company's market capitalisation placed it around the mid-point of the constituents of that index. The Company joined the FTSE 100 Index in September 2001. The extent to which an award is realisable depends on the Company's ranking in this comparison. Awards are released on a sliding scale between median and top quartile performance with 25 per cent of an award being released for median performance and 100 per cent of the award being released for a ranking within the top quartile. If the Group's performance is below the median, none of the shares in an award will vest. There is no re-testing of targets.

There is also an earnings per share threshold, which requires that the Group's earnings per share growth over the three year period must exceed the growth in the UK Retail Prices Index by an average of at least 3% per annum. This performance condition is designed to ensure that the vesting level of LTIP awards is dependent on satisfactory year-on-year financial performance as well as above-median TSR ranking.

The LTIP was operated in 2004, resulting in the share awards set out in the table on page 28. The Remuneration Committee will continue to operate it for Executive Directors in 2005 and future years. A separate share scheme, in substantially the same terms as the LTIP, has been adopted by the Remuneration Committee and is extended to 33 executives. This is also now subject to the FTSE 100 performance target. Executive Directors are not eligible to participate in this scheme, and awards under it will be satisfied with existing shares only.

ALL-EMPLOYEE SHARE SCHEMES

Executive Directors are eligible to participate in the Company's all-employee share schemes on the same terms as other employees. These schemes comprise:

(i) the Sharesave Scheme, a savings-related share option scheme available to all employees. This scheme operates within specific tax legislation (including a requirement to finance exercise of the option using the proceeds of a monthly savings contract), and exercise of the option is not subject to satisfaction of a performance target;

(ii) the Employee Share Option Scheme, an Inland Revenue approved share option scheme under which options have been granted to substantially all employees. Under this scheme the aggregate exercise value of unexercised options may not exceed £30,000. Options under this scheme may not be exercised unless real earnings per share of the Company has grown by more than 2% over the life of the option. This performance condition is designed to ensure that the exercisability of options is dependent on satisfactory year-on-year financial performance on a sustained basis; and

(iii) the Share Incentive Plan ("SIP"), under which the maximum value of free shares awarded to employees cannot exceed £3,000. The value of share awards under this scheme is dependent on the Group's profits. The SIP operates within specific tax legislation. Any payment made under the SIP together with any amount payable under the short term cash bonus scheme may not exceed the overall bonus cap from time to time.

The Remuneration Committee is satisfied that these schemes constitute a well considered overall plan for Executive Directors' and senior executives' long-term remuneration. These schemes are kept under regular review, to take account of changing circumstances. Bonus and share incentive scheme payments are not taken into account for pension purposes. It should be noted that the Executive Directors elected not to participate in the last two grants made under the Employee Share Option Scheme, namely those made in 2002 and 2005.

PENSION BENEFITS

The following section describes the pension arrangements currently in force for the Executive Directors. These arrangements will be affected by changes to the tax treatment of the current UK pension regime contained in the Finance Act 2004. The Remuneration Committee is currently reviewing appropriate actions to take in response to these changes and will report on the outcome next year.

It is the intention of the Committee that changes in pensions legislation expected to commence in 2006 will not increase the Directors' actuarial pension cost.

Each of the Executive Directors currently participates in the Northern Rock Pension Scheme, a contributory pension scheme which provides a pension of up to two-thirds of pensionable salary on retirement, dependent upon service. On death in service the scheme also provides for a dependent's pension and a lump sum of four times basic salary. This pension and life assurance is provided from the scheme (to the extent permitted by legislation) and otherwise from separate arrangements.

The normal retirement age under the pension scheme is 60 which enables members to achieve the maximum pension of 2/3rds of their salary at normal retirement age after 40 years service. For death before retirement whilst in service, a capital sum equal to four times the annual rate of basic earnings, excluding Director's fees, is payable, plus a return of member's contributions. In addition, a pension of 50% of the member's prospective pension at the age of 60, based on pensionable earnings at death, is payable to a surviving spouse providing the couple were married before retirement. On death before retirement after leaving the scheme, a benefit of 50% of the member's deferred pension, re-valued to the date of death, is payable to a surviving spouse. For death in retirement, a spouse's pension of 50% of the member's pre-commutation pension is payable. In certain circumstances a children's allowance is payable, usually up to the age of 18 (or up to the age of 21 if they are in full-time education).

Subject to the Trustees' approval, early retirement may be granted from the age of 50, or at any age due to ill-health. The pension is calculated at the date of retirement based on accrued pensionable service and final pensionable earnings at that date. The pension will then be actuarially reduced to take account of early payment by an amount of 0.25% for each complete month before normal retirement date. The Company and the Trustees have agreed that if Mr A J Applegarth or Mr D F Baker (having attained age 55) retire with the consent of the Company they will receive immediate payment of their accrued pension without the application of an actuarial reduction. If Mr Applegarth or Mr Baker elect to retire after attaining the age of 55 without the consent of the Company they will receive an immediate pension being the accrued deferred pension reduced by 3% for each year or proportionate part thereof by which retirement precedes age 60.

Post retirement increases to pensions arising from membership of the defined benefit scheme are guaranteed each year at the rate of 3% per annum compound, subject to any guaranteed minimum pension. Pension benefits accrued after 5 April 1997 are guaranteed to increase in line with inflation, to a maximum of 5% per annum.

In addition to the normal scheme increases, and subject to the defined benefit scheme fund having adequate resources, the Trustees may award further discretionary increases each April.

Members of the scheme have the option to pay additional voluntary contributions to secure additional benefits within regulatory limits, to which the Company does not contribute.

The Company also operates an unapproved unfunded arrangement for Mr Bennett (which is provided for in the Company's accounts and maintains pension entitlement from previous employment) to provide additional benefits to the main scheme. The unfunded arrangement is designed to ensure that the individual (or his spouse) will receive the level of pension benefit in respect of his eligible earnings in excess of the pensions "earnings cap", currently £102,000 (2003/04 - £99,000) per annum, which are not pensioned by the Northern Rock Pension Scheme. Mr Bennett contributes 5% of his basic salary including those earnings in excess of the earnings cap. Mr Bennett's pension will accrue at the rate of 1/36th of pensionable earnings for each year (and pro rata for each part year) of pensionable service from 1 November 1993 (date joined pension scheme). In addition, all pension calculations shall include pensionable service brought forward from previous employers of 19 years 5 months at a rate of accrual of 1/60th per annum and 5 years 1 month at a rate of accrual of 1/36th per annum.

The total of the pension provided for Mr Bennett at normal retirement date or at any age after his 55th birthday, where the retirement is by mutual consent or at the Company's request, shall be the maximum of two thirds of his uncapped final pensionable earnings. If retirement occurs prior to age 60 without the consent of the Company, he may elect to receive an immediate pension being the accrued deferred pension with a maximum of two thirds of his uncapped final pensionable earnings reduced by 3% for each year (and proportionate for each part thereof) by which retirement precedes age 60. The aggregate of pension increases to be provided whether in deferment or in payment shall be the greater of 5% per annum or RPI, subject to any guaranteed minimum pension and the increases as granted by the Trustees of the scheme inclusive of any discretionary increases.

Should Mr Bennett die in service or in receipt of benefits under the Company's Permanent Health Insurance Scheme prior to age 60, a lump sum shall be paid of four times his earnings at death plus a return of his contributions. In addition, if he leaves a surviving spouse she shall receive a pension of four ninths of his uncapped final pensionable earnings. Any child or children under the age of 25 receiving full-time education would receive an allowance of one half of the entitlement of the surviving spouse. Should Mr Bennett die whilst in receipt of a pension prior to age 60, a lump sum of four times his earnings at retirement shall be payable. On death in receipt of a pension, any surviving spouse would receive a pension of two thirds of the pension Mr Bennett would have been receiving at death, ignoring any pension commuted for a tax free cash sum.

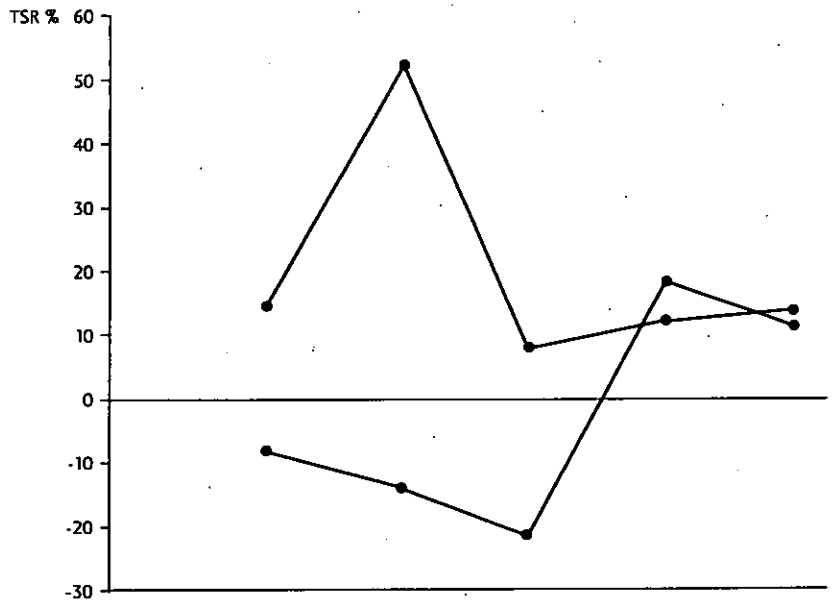
Any income tax or other related tax due on the Company's contribution to the unfunded arrangement which, under an uncapped arrangement, would not have been paid by Mr Bennett, will be borne by the Company up to two thirds of the contribution amount. In addition, any income tax or related tax due on the cash sum commutation will be borne by the Company up to two thirds of the commutation amount.

BENEFITS IN KIND

Each Executive Director is provided with company car and medical insurance benefits. The Executive Directors had as employees of Northern Rock Building Society (or in the case of Mr K M Currie and Mr A M Kuipers as employees of the Company prior to their appointment as Directors), entitlement to participate in a concessionary mortgage scheme at the discretion of the Board. No further new loans may be made under the scheme following conversion to plc status, but existing loans are not affected.

POLICY ON EXECUTIVE DIRECTORS' SERVICE CONTRACTS

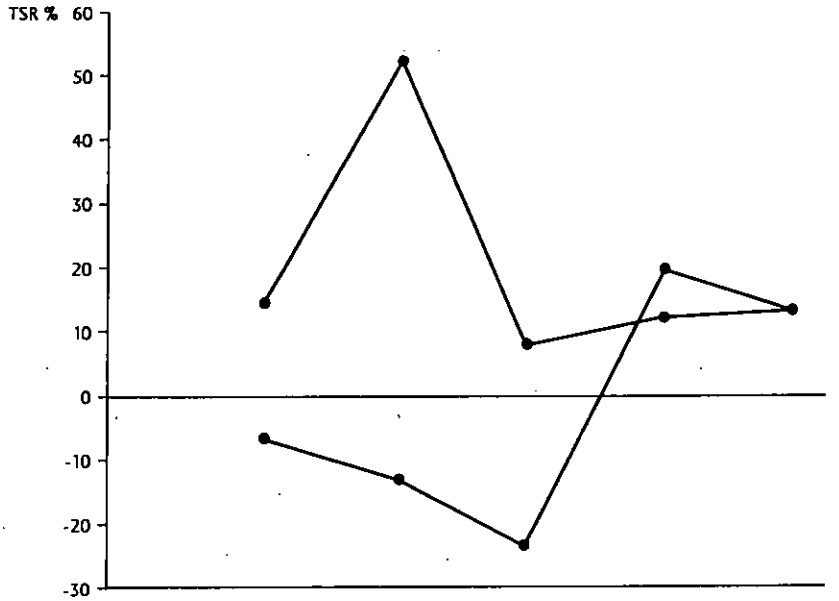
It is the policy of the Company that Executive Directors' service contracts can be terminated by 12 months' notice given to an Executive Director at any time. Each Executive Director can terminate his employment by giving 6 months' notice. All of the Executive Directors' contracts may be terminated immediately by Northern Rock either with (for Mr D F Baker and Mr R F Bennett) the payment of liquidated damages equal to 12 months' salary and the value of annual bonus and benefits or (for Mr A J Applegarth, Mr A M Kuipers and Mr K M Currie) a payment in lieu of notice equal to such amount. Mr Applegarth, Mr Baker and Mr Bennett would, in the event of a change of control of Northern Rock, be entitled to terminate employment and receive a liquidated damages payment calculated on the same basis. The terms of reference of the Remuneration Committee make it clear that the Remuneration Committee seeks, in appropriate circumstances to mitigate the amount of termination payments made to Executive Directors.



POLICY ON EXTERNAL NON-EXECUTIVE DIRECTORSHIPS HELD BY EXECUTIVE DIRECTORS

Executive Directors are permitted to hold one external non-executive directorship unrelated to the Company's business, provided that the time commitment is not material. Executive Directors are permitted to retain any fees arising from such a non-executive directorship. On this basis, Mr R F Bennett is a Non-Executive Director of Greggs plc, and Mr Bennett was entitled to fees of £28,000 from that company in respect of 2004.

PERFORMANCE GRAPHS



The performance graphs set out below illustrate the Group's Total Shareholder Return ("TSR") performance over the preceding five years, 2000 to 2004, compared with that of the FTSE 100 Index of which Northern Rock has been a constituent since September 2001, and that of the FTSE 350 Index of which Northern Rock was a constituent prior to September 2001. The FTSE 350 Index has been included because members of this index comprise the comparator group for long term incentive plan purposes for 2004 and prior. The performance graphs have been prepared in accordance with the Regulations.

FTSE 100

	2000 (%)	2001 (%)	2002 (%)	2003 (%)	2004 (%)
Northern Rock	+14	+51	+8	+12	+13

FTSE 350	-6	-13	-23	+20	+13

SERVICE CONTRACTS

Mr A J Applegarth is employed under a service contract with the Company dated 1 March 2001. Mr Applegarth's current annual salary is £625,000, and he is entitled under the contract to participation in the Company's bonus scheme, a company car (or allowance in lieu), membership of the Company's pension scheme, life assurance cover equal to four times salary, permanent health insurance, private medical insurance cover and the continuation of a mortgage at a concessionary rate (which was granted before the Company's conversion to plc status). Mr Applegarth's contract is for an indefinite term ending automatically on his retirement date (age 60), but may be terminated by 12 months notice given by the Company and 6 months notice given by Mr Applegarth. The Company may at its discretion elect to terminate the contract by making a payment in lieu of notice equal to:

(i) 100 per cent of basic annual salary;

(ii) the amount of annual bonus paid in respect of the preceding financial year; and

(iii) the annual cost to the Company of providing pension and all other benefits to which Mr Applegarth is entitled under his contract.

In addition, Mr Applegarth may elect to terminate the contract on one month's notice given within six months following a change of control of the Company. In these circumstances, Mr Applegarth would become entitled to a lump sum payment equal to the aggregate of:

(i) 100 per cent of basic annual salary;

(ii) the amount of annual bonus paid in respect of the preceding financial year; and

(iii) the annual cost to the Company of providing pension and all other benefits specified in his service contract.

Mr R F Bennett is employed under a service contract with the Company dated 26 August 1997, which was amended by a

supplemental agreement dated 12 March 1998. Mr Bennett's current annual salary is £390,000. He is entitled to the same benefits as those specified above in relation to Mr Applegarth, save that Mr Bennett is entitled to special pension arrangements which are described on page 22.
Mr Bennett's contract is for an indefinite term ending automatically on his retirement date (age 60), but may be terminated by 12 months' notice given by the Company and 6 months' notice given by Mr Bennett. The Company may at its discretion elect to terminate the contract early by making a payment of liquidated damages calculated in the manner set out above in relation to Mr Applegarth's post-change of control liquidated damages entitlement.

In the event of a change of control of the Company, Mr Bennett may elect to terminate the contract and receive a lump sum payment calculated in the manner set out above in relation to Mr Applegarth.

Mr D F Baker is employed under a service contract with the Company dated 26 August 1997, which was amended by supplemental agreements dated 12 March 1998 and 1 July 1999. Mr Baker's current annual salary is £390,000. He is entitled to the same benefits as those specified above in relation to Mr Applegarth (save that Mr Baker has repaid the mortgage awarded to him before the Company's conversion to plc status, and is not entitled to a further mortgage on concessionary terms).
Mr Baker's contract is for an indefinite term ending automatically on his retirement date (age 60), but may be terminated by 12 months' notice given by the Company and 6 months' notice given by Mr Baker.
The Company may elect to terminate the contract by making a payment of liquidated damages calculated in the manner set out above in relation to Mr Bennett. In the event of a change of control of the Company, Mr Baker may elect to terminate the contract and receive a lump sum payment calculated in the manner set out above in relation to Mr Applegarth.

Mr K M Currie and Mr A M Kuipers are each employed under service contracts with the Company, dated 5 January 2005. Their current annual salaries are £270,000, and they are entitled under the terms of their contracts to participate in the Company's bonus scheme, to receive a company car and expenses (or a monthly car allowance), membership of the Company's pension scheme, life assurance cover equal to four times basic salary and the continuation of a concessionary mortgage (which was granted to them before they became directors of the Company). Their contracts are for an indefinite term ending automatically on their retirement (age 60). The contracts may however be terminated by 12 months' notice given by the Company and six months' notice given by the Directors.

The Company may at its discretion elect to terminate Mr Currie's and Mr Kuipers' contracts by making a payment in lieu of notice equal to:

(i) 100 per cent of basic salary;

(ii) the amount of annual bonus paid in respect of the preceding financial year; and

(iii) the annual cost to the Company of providing pension and all other benefits to which they are entitled under their contracts.

The payment in lieu of notice payments may be made in phased instalments at the Company's discretion.

REMUNERATION OF THE CHAIRMAN AND NON-EXECUTIVE DIRECTORS

The remuneration of the Chairman is determined by the Remuneration Committee and that of the other Non-Executive Directors is determined by the Board as a whole, on the basis of external independent advice.

The Chairman's annual fee is £150,000. The Senior Independent Non-Executive Director's annual fee is £49,500. Non-Executive Directors receive an annual fee of £28,500. The fee payable for membership of each of the Audit, Nomination, Risk and Remuneration Committees is £2,500 or, where a Non-Executive Director is chairman of a Board Committee, the additional annual fee payable to them is £12,500.

Subject to shareholder approval at the Annual General Meeting of an increase in the aggregate cap on fees payable to Non-Executive Directors, with effect from 26 April 2005:

(a) the Chairman's annual fee will be increased to £250,000;

(b) the Senior Independent Non-Executive Director's annual fee will be increased to £55,000;

(c) the Non-Executive Directors' annual fee will be increased to £40,000;

(d) the annual fee payable for membership of each of the Audit, Nomination, Risk and Remuneration Committees will be increased to £3,500; and

(e) where a Non-Executive Director is chairman of a Board Committee, the additional annual fee payable will be increased to £13,000.

These proposed revised fees for the Chairman and Non-Executive Directors were determined after consideration of a report by Watson Wyatt LLP on the fees paid for similar roles at banks in the FTSE 100 Index, and for Companies positioned 51-75 in the FTSE 100 Index.

The Chairman and Non-Executive Directors serve the Company under letters of appointment, which are terminable by the Company at any time without liability for compensation; they do not have service contracts. The Chairman and Non-Executive Directors are entitled to fees from the Group and it is the Group's policy that they do not participate in bonus, incentive or pension schemes. However, Sir George Russell, who also served on the Board of Northern Rock Building Society, (see page 25) is a deferred member of a non-contributory pension scheme established by Northern Rock Building Society under which pension entitlement accrued for each complete year of qualifying service subject to a maximum of 60% of qualifying fees. This scheme ceased to accrue benefits after 30 June 1997.

INFORMATION SUBJECT TO AUDIT

The information set out below in the remainder of the Directors' Remuneration Report has been subject to audit as required by Part 3 of Schedule 7A of the Companies Act 1985.

DIRECTORS' INDIVIDUAL REMUNERATION

Details of Directors' individual remuneration is set out below:

Non-Executive Directors	**2004**	2003
	£000	£000
Dr M W Ridley (Chairman)	**127**	77
N A H Fenwick	**36**	5
Sir Ian Gibson	**38**	36
N Pease	**43**	36
Sir George Russell*	**53**	46
Sir Derek Wanless	**51**	36
Sir John Riddell, Bt.(retired 27 April 2004)	**50**	150
Sir David Chapman, Bt. (retired 27 April 2004)	**12**	36
	410	422

*Sir George Russell is a deferred member of the Northern Rock Building Society non-contributory pension scheme, which ceased to accrue benefits after 30 June 1997. This deferred pension commences on retirement as a Non-Executive Director or 25 October 2005, whichever is earlier and for 2004 was valued at £11,470 (2003 £10,771). In line with the scheme rules this will increase to £12,229 per annum in October 2005.

Executive Directors	**Chief Executive**	**Chief Operating Officer**	**Group Finance Director**	
	A J Applegarth	**D F Baker**	**R F Bennett**	**Total**

Total remuneration	919	613	613	2,145
Non cash benefits	13	10	17	40
Total emoluments	932	623	630	2,185

There were no payments by the Company during the financial year for compensation for loss of office or payments in connection with the termination of qualifying services.

There were no amounts paid to the Executive Directors in respect of their qualifying services by way of expenses allowance that was chargeable to UK income tax.

The nature of the non-cash benefits is set out on page 22.

BONUS MATCHING PLAN

Details of the Ordinary Shares over which the Directors have conditional rights under the bonus matching plan by year of grant are as follows:

Rights under bonus matching plan

	Date granted	Rights held under plan at 31 Dec 03	Rights granted during 2004	Market price of each share on date of grant £	Rights released during 2004	Rights held under plan at 31 Dec 04	Date of end of qualifying period
A J Applegarth	Feb 01	18,663	-	4.65	(18,663)	-	-
	Jan 02	23,723	-	6.66	-	23,723	Jan 05
	Jan 03	52,253	-	6.10	-	52,253	Jan 06
	Jan 04	-	53,208	7.40	-	53,208	Jan 07
D F Baker	Feb 01	19,658	-	4.65	(19,658)	-	-
	Jan 02	21,621	-	6.66	-	21,621	Jan 05
	Jan 03	38,728	-	6.10	-	38,728	Jan 06

Rights were released in January 2005 at £7.73 per share as follows:

A J Applegarth	23,723
D F Baker	21,621
R F Bennett	21,621
K M Currie (appointed 5 January 2005)	9,383
A M Kuipers (appointed 5 January 2005)	9,383

There were no variations made in the terms and conditions of the Scheme interests during 2004.

The value of the bonus matching award is derived from the annual bonus criteria (relating to the year on year increases in the Group's pre-tax profits on like-for-like ordinary activities) and is therefore dependent on corporate performance. The release of bonus matching share awards at the end of the three year restricted period is not dependent on satisfaction of a further performance condition. For awards in 2005 and subsequent years, subject to shareholder approval at the 2005 AGM, the value of any bonus matching share awards will be dependent on the Group achieving real EPS growth of 3% per annum over the three years prior to their release.

DEFERRED SHARE SCHEME

Details of the Ordinary Shares over which the Directors have conditional rights under the deferred share scheme by year of grant are as follows:

	Date of grant	Rights held under the plan at 31 Dec 03	Rights granted during 2004	Market price of each share on date of grant £	Rights released during 2004	Rights held under the plan at 31 Dec 04	Date of end of qualifying period
A J Applegarth	Feb 01	19,658	-	4.65	(19,658)	-	-
	Jan 02	27,778	-	6.66	-	27,778	Jan 05
	Jan 03	52,254	-	6.10	-	52,254	Jan 06
	Jan 04	-	53,208	7.40	-	53,208	Jan 07
D F Baker	Feb 01	19,658	-	4.65	(19,658)	-	-
	Jan 02	21,622	-	6.66	-	21,622	Jan 05
	Jan 03	38,730	-	6.10	-	38,730	Jan 06
	Jan 04	-	35,472	7.40	-	35,472	Jan 07
R F Bennett	Feb 01	22,273	-	4.65	(22,273)	-	-
	Jan 02	21,622	-	6.66	-	21,622	Jan 05
	Jan 03	38,730	-	6.10	-	38,730	Jan 06
	Jan 04	-	35,472	7.40	-	35,472	Jan 07

The value of these awards is being charged to the profit and loss account over the three year period to which they relate. In 2004 £727,662 was charged to the profit and loss account (2003 £571,805).

Further awards were granted on 28 January 2005 at £7.73 per share as follows:

A J Applegarth	47,618
D F Baker	31,605
R F Bennett	31,605
K M Currie (appointed 5 January 2005)	18,120
A M Kuipers (appointed 5 January 2005)	18,120

Rights vested under deferred share scheme during 2004

	Number of ordinary shares	Date on which rights awarded	Market price of each share at award date £	Vesting date	Market price of each share at vesting date £
A J Applegarth	19,658	Feb 01	4.65	Feb 04	7.40
D F Baker	19,658	Feb 01	4.65	Feb 04	7.40
R F Bennett	22,273	Feb 01	4.65	Feb 04	7.40

There were no variations in the terms and conditions of the scheme interests during 2004.

Rights were released in January 2005 at £7.73 per share as follows:

A J Applegarth	27,778
D F Baker	21,622
R F Bennett	21,622
K M Currie (appointed 5 January 2005)	9,384
A M Kuipers (appointed 5 January 2005)	9,384

The value of any deferred share award is derived from annual bonus criteria (relating to year on year increases in the Group's pre-tax profits on like-for-like ordinary activities) and is therefore dependent on corporate performance. The release of deferred share awards at the end of the three year restricted period is not dependent on satisfaction of a further performance condition. For awards in 2005 and subsequent years, subject to shareholder approval at the 2005 AGM, the value of any deferred share awards will be dependent on the Group achieving average real EPS growth of 3% per annum over the three years prior to their release.

LONG TERM INCENTIVE PLAN

Details of the Ordinary Shares over which the Directors have conditional rights under the long term incentive plan by year of grant are as follows:

Rights under long term incentive plan

	Date granted	Rights held under plan at 31 Dec 03	Rights granted during 2004	Market price of each share on date of grant £	Rights released during 2004	Rights held under plan at 31 Dec 04	Date of end of performance period
A J Applegarth	Feb 01	44,516	-	4.65	(44,516)	-	-
	Jan 02	63,814	-	6.66	-	63,814	Jan 05

	Jan 04	-	50,676	7.40	-	50,676	Jan 07
L P Finn (former Director)	Feb 01	26,746	-	4.65	(26,746)	-	-

Rights vested during 2004

	Number of ordinary shares	Date on which rights awarded	Market price of each share at award date £	Vesting date	Market price of each share at vesting date £
A J Applegarth	44,516	Feb 01	4.65	Feb 04	7.40
D F Baker	44,516	Feb 01	4.65	Feb 04	7.40
R F Bennett	50,436	Feb 01	4.65	Feb 04	7.40
L P Finn (former Director)	26,746	Feb 01	4.65	Feb 04	7.40

The value of conditional awards is charged to the profit and loss account over the three year performance period to which they relate after taking account of the probability of performance criteria being met. In 2004 £879,251 was charged to the profit and loss account (2003 £874,716).

The gross awards granted in 2002 shown above, matured in January 2005 and led to the release at £7.73 per share of 72.7% of shares originally awarded. Subject to the performance criteria being met, other awards may be exercised during the three month period commencing on the third anniversary of the award dates. The awards will lapse if they are not exercised during these times.

Further awards were granted on 28 January 2005 at £7.73 per share as follows:

A J Applegarth	80,854
D F Baker	50,453
R F Bennett	50,453
K M Currie (appointed 5 January 2005)	34,929
A M Kuipers (appointed 5 January 2005)	34,929

There were no variations made in the terms and conditions of the plan interests during 2004. The number of shares comprised in an award is calculated by reference to a percentage of salary, up to a maximum of 100% of salary. Shares may only be released if demanding performance targets are achieved and if the participant remains in employment, except in certain "good leaver" circumstances. In relation to awards granted in 2004 and previous years, performance is measured over a three year period on the basis of Total Shareholder Return, comparing the Company's performance to that of the other companies in the FTSE 350 Index at the date of the award. For awards in 2005 and subsequent years, the Company's Total Shareholder Return will be compared to that of other companies in the FTSE 100 Index at the date of the award. See page 20 for further details.

PENSIONS

Set out below are details of the pension benefits to which each of the Executive Directors is entitled.

	Age at 31 Dec 04	Years & months of service at 31 Dec 04	Accrued pension entitlement at 31 Dec 04 (Per Annum) £	Accrued pensiom entitlement at 31 Dec 03 (Per Annum) £	Additional pension entitlement earned in year £	Additional pension entitlement earned in year (in excess of inflation) £
A J Applegarth	42	21 years 2 months	199,319	176,458	22,861	17,920
D F Baker	51	27 years 7 months	195,833	176,458	19,375	14,434
R F Bennett	57	11 years 2 months	250,000	233,333	16,667	10,133

	Transfer value of accrued pension entitlement at 31 Dec 04 £	Transfer value of accrued pension entitlement at 31 Dec 03 £	Increase in transfer value less Directors' contributions £	Transfer value of increase in accrued pension entitlement in excess of inflation (less Directors' contributions) £
A J Applegarth	1,471,285	1,216,374	226,661	103,438
D F Baker	2,368,096	1,979,205	370,141	155,450
R F Bennett	4,415,009	3,789,807	606,452	160,582

The accrued pension entitlement is the amount that the Director would receive if he retired at the end of the year. The increase in the accrued pension entitlement is the difference between the accrued pension entitlement at the year end and that at the previous year end. The Listing Rules also require this to be disclosed excluding inflation.

All transfer values have been calculated on the basis of actuarial advice in accordance with Actuarial Guidance Note GN11. The transfer values of the accrued pension entitlement represent the value of assets that the pension scheme would need to transfer to another pension provider on transferring the scheme's liability in respect of the Directors' pension benefits. They do not represent the sums payable to individual Directors and, therefore, cannot be added meaningfully to annual remuneration.

The increase in the transfer value less Directors' contributions is the increase in the transfer value of the accrued pension entitlement during the year after deducting the Director's personal contributions to the scheme.

The transfer value of the increase in accrued pension entitlement, required by the Listing Rules, discloses the current value of the increase in accrued pension entitlement (excluding inflation) that the Director has earned in the period, whereas the change in his transfer value, required by the Companies Act, discloses the absolute increase or decrease in transfer values and thus includes the change in value of the accrued pension entitlement that results from market volatility affecting the transfer value over the year, as well as the value of the additional accrued pension entitlement earned in the year.

Including Mr R F Bennett's unfunded arrangement he has an estimated accrued annual pension entitlement at 31 December 2004 of £250,000. This is based on his total pensionable service of 11 years 2 months and his pensionable service of 19 years 5 months at the rate of accrual of 1/60th per annum and 5 years 1 month at the rate of accrual of 1/36th and his pensionable earnings above the earnings cap. The contributions cost during the year in respect of this unfunded arrangement amounted to £84,862 for the Company and £13,688 for Mr Bennett.

DIRECTORS' INTERESTS IN SHARES

The following Directors held a beneficial interest in the Company's Ordinary Shares:

				Contingent interests		
	At 22 Feb 05	At 31 Dec 04 (or date of appointment)	At 31 Dec 03	At 22 Feb 05	At 31 Dec 04 (or date of appointment)	At 31 Dec 03

A M Kuipers (appointed 5 January 2005)	37,641	31,678		217,811	187,031	

Contingent interests represent Ordinary Shares over which the Directors have conditional rights under the bonus matching plan, the deferred share scheme and the long term incentive plan which is subject to stringent performance criteria being met as described above. Contingent interests on 22 February 2005 includes awards made since 31 December 2004 under the bonus matching plan, the deferred share scheme and the long term incentive plan for periods commencing on or after 1 January 2004.

DIRECTORS' SHARE OPTIONS

Movements in options to subscribe for Ordinary Shares in the Company in which the Directors have an interest during the period 1 January 2004 to 31 December 2004 are as follows:

	Option type	At 31 Dec 03	Exercised in 2004	Exercise price £	At 31 Dec 04 (or date of appointment)	Date from which first exercisable	Expiry date
A J Applegarth	Sharesave 2	7,848	-	2.15	7,848	1 May 05	1 Nov 05
	Share Option Scheme	4,854	(4,854)	6.18	-	-	-
D F Baker	Sharesave 2	7,848	-	2.15	7,848	1 May 05	1 Nov 05
	Share Option Scheme	4,854	(4,854)	6.18	-	-	-
R F Bennett	Sharesave 3	1,580	-	5.98	1,580	1 May 06	1 Nov 06
K M Currie	Sharesave 2			2.15	7,848	1 May 05	1 Nov 05
(appointed	Share Option Scheme			6.18	4,854	1 Jun 01	1 Jun 08
5 January 2005)							
A M Kuipers	Sharesave 2			2.15	8,546	1 May 07	1 Nov 07
(appointed							
5 January 2005)							

For each unexercised option at the end of the year, the market price of each share at 31 December 2004 was £7.815, the highest market price during the year was £7.94 (20 December 2004) and the lowest market price during the year was £6.865 (11 August 2004).

On 30 January 2004 A J Applegarth and D F Baker each exercised and sold 4,854 Share Option Scheme shares at a price of £7.40.

The specific individual interests of Executive Directors are shown in the tables above. In addition the Directors are deemed to have an interest in shares held by Trusts for various executive and other employee share schemes at 31 December 2004 as follows:

(i) Northern Rock Employee Trust holds 5,779,139 shares (31 December 2003 – 6,433,225 shares);

(ii) Northern Rock Qualifying Employee Share Ownership Trust holds 2,054,261 shares (31 December 2003 – 2,056,063 shares); and

(iii) Northern Rock Trustees Limited holds 511,241 shares (31 December 2003 – 749,729 shares).

No Executive Director option terms were varied during 2004 and no price was paid for any of the options in the table, other than the all employee Sharesave Scheme, where each Director paid £250 per month.

Options listed in the table above are Inland Revenue approved schemes. The Employee Share Option Scheme was subject to an EPS target which was met in 2004. Options under the Sharesave Scheme do not have any performance conditions.

Nichola Pease
Chairman, Remuneration Committee
22 February 2005

REPORTING

The Company's website contains detailed information on corporate, social and environmental activities and is our main reporting medium. Updated quarterly, the website contains reports from current and previous years. A hard copy summary of significant events and achievements during 2004 has been produced and is available on request from the Company Secretary. Northern Rock's approach to managing Corporate Social Responsibility (CSR) issues and some notable aspects of 2004 performance are outlined here.

MANAGEMENT OF CSR

The Chief Operating Officer provides Board level representation and leadership of CSR.

Development and implementation of our CSR Policy is now carried out by six working groups made up of senior staff from across the Company. A launch event was held on formation of the groups, led by the Chief Operating Officer, setting out the corporate approach and aims for CSR.

A CSR Department co-ordinates and monitors operational activities and reporting on CSR.

ENGAGEMENT

We continued our engagement with stakeholders and research organisations although this is an area where we need to be selective to ensure effective use of resources.

Contractor evaluation systems were developed further to ensure that our working partners operate to acceptable standards.

GOVERNANCE AND ACCOUNTABILITY

Northern Rock's approach to compliance with the Combined Code was delivered in a presentation to shareholders by the Chairman which was broadcast on our website.

CSR risks were reviewed as part of the formal corporate risk management process and are included in our operational risk monitoring and reporting systems.

BUSINESS ETHICS AND HUMAN RIGHTS

Our Code of Conduct was reviewed and the revised version published on the Company's website.

Existing training on awareness and prevention of money laundering was supplemented by refresher training for senior management.

The Company reviewed its obligations under public interest disclosure, strengthening the policy to protect staff in the event of 'whistle blowing'.

WORKPLACE

We continued to demonstrate pro-active and sustained commitment to equality in employment, working with various organisations to provide opportunities for individuals from diverse groups and ensure our workforce is representative of the community. Specific initiatives included increasing the numbers of disabled staff, assisting the long-term unemployed to find work, support for refugee programmes, ensuring best practice in diversity and racial equality and support for the Age Positive Campaign.

Worklife Balance activities were geared towards improved flexibility and the move away from core hours. Lifestyle working extends to all graded staff, including managers.

Training and education remain key features of staff development and in 2004 we carried out the largest training exercise we have ever undertaken, delivering a Customer Service training programme to all staff, led by the Chief Executive and Chief Operating Officer.

We supported the Government sponsored National Learning Day by holding our own Learning Week, with activities available to all staff. Personal development was further encouraged through wider availability of e-learning materials.

In Health and Safety, we implemented a new management system, focusing on key risk areas. Progress was tested by participation in the Corporate Health and Safety Performance Index (CHASPI) pilot exercise, where we recorded sector-leading results.

MARKETPLACE

Affordability of loans for customers is a key aspect of responsible lending. Enhanced procedures for the certification of affordability were introduced and are followed by our sales force and intermediaries.

A programme of work continued to ensure that we comply with all relevant aspects of the Disability Discrimination Act.

Surveys of customers who transferred to Northern Rock on our acquisition of Legal & General Bank in 2002, continued in 2004, with positive results recorded.

More detailed information on our Marketplace activities is set out in the Operating and Financial Review.

COMMUNITY

The annual donation of 5% of pre-tax profits to The Northern Rock Foundation is the biggest single contribution we make to the communities in which we operate. In 2004, this amounted to £21.6 million.

Northern Rock staff contribute to many charitable causes and community activities, notably the corporate charity which is chosen by staff on an annual basis. In 2004, the Children's Wish Foundation was selected and staff raised over £100,000, matched by The Northern Rock Foundation.

ENVIRONMENT

Positive recognition for our well-developed environmental management systems included retention of our Premier League status in the Business in The Environment Index.

Our largest sites operated on renewable energy until contracts ended in October. When renewing our energy contracts, we were unable to obtain renewable energy but secured energy exempt from climate change levy for the whole portfolio.

A review of secure paper recycling methods yielded significant cost savings whilst maintaining data protection compliance.

A transport survey of all staff working at our Gosforth Head Office showed that use of alternative forms of transport had increased in recent years, whilst driver-only car journeys had reduced. Further development and promotion of travel plans for Head Office were carried out using feedback from the survey.

Since 1997 Northern Rock plc has donated nearly £120 million to The Northern Rock Foundation, which was established following Northern Rock Building Society's conversion to a public limited company. The Company covenants 5% of its pre-tax profit each year to the Foundation. By percentage of profits Northern Rock is the UK's 3rd biggest corporate donor (as reported in 'The Giving List', the Guardian, November 2004).

The Foundation is an independent grant-making trust supporting charitable causes in Cumbria, Northumberland, Tyne and Wear, Durham and the Tees Valley. Its primary aim is to help improve the conditions of those disadvantaged in society. 2004 was the Foundation's seventh year of operation. During the year its Trustees awarded 329 grants worth £17.3 million and invested a further £8.2 million in two special initiatives: tackling domestic violence and reducing re-offending. Since 1997 the Foundation has awarded grants worth more than £92.6 million.

In 2004 the Foundation's Trustees continued the grant programmes introduced in the previous year, and maintained their policy of funding activities exclusively in the North East and Cumbria. The majority of the Foundation's grants targeted social and economic disadvantage. The Prevention, Regeneration and Basics programmes dealt with a broad range of issues, including prejudice and discrimination, the decline of decent community facilities, youth disaffection, tackling economic inactivity, development of social enterprises, mental ill-health and welfare advice.

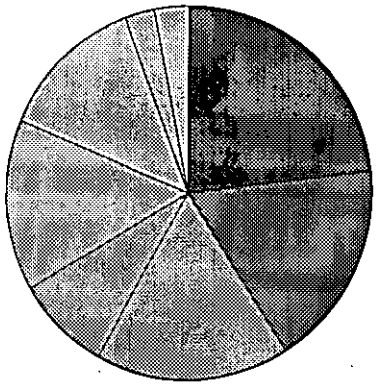
During the year the Foundation maintained its role as a major funder of cultural activity in the region. Through its Aspiration and Capital programmes it made grants worth £4.8 million for high profile arts, heritage, environment and sport organisations. The Foundation also became a key partner in the Culture 10 initiative, a ten-year programme of high profile cultural activity focused on Newcastle Gateshead, but including other parts of the North East. The Foundation has committed £2 million from its existing Aspiration programme to projects brought forward under the Culture 10 banner up to 2006.

In 2004 the Foundation made its third Writer's Award, one of the largest literary prizes in the UK, which it runs in partnership with New Writing North. The 2004 winner was Newcastle-based poet Tony Harrison. Tony said:

"The Northern Rock Foundation Writer's Award could not have come at a better time in my career. I need to look back on my poetic ventures, make sense of them as a whole and move forward... and to experiment without external demands. The award makes all this finally possible and I am extremely grateful to The Northern Rock Foundation."

The Foundation continued to play a key role in regional and national developments in the grant-making world. It was a founder member of a campaign to raise awareness of, and seek solutions to the problems arising from the decline and disappearance of a number of national funding streams that have supported social and economic regeneration in the region. Under its loan scheme, introduced in 2003, the Foundation invested £968,000 in organisations to provide working capital, and to purchase assets. The Foundation also played a lead role in the consortium running the Government's £125 million Futurebuilders fund, designed to strengthen the capacity of voluntary organisations to deliver public services. The Foundation's Director is Vice-Chair of the Futurebuilders' Board, a Trustee sits on its investment committee and a member of staff is seconded to manage its investment team.

The Foundation also runs a scheme to match every pound donated to charities by Northern Rock employees. Some of the money comes from the Give as You Earn (GAYE) scheme through which employees donate a regular monthly sum from their salary, also attracting a small government subsidy. But by far the majority of the donations come from the fundraising efforts of staff members. In 2004 the seven-year total raised by staff when matched by the Foundation reached £2 million. The total raised and matched in 2004 was £264,000.



The Trustees expect to maintain the current grant programmes in 2005, although particular priorities within them may change.

More information about the Foundation is available from:

OVERVIEW

Profit before tax for the year increased by 11.5% to £431.2 million and profit after tax increased by 11.6% to £306.2 million. The 2003 results have been restated to reflect a change in accounting policy following the adoption of UITF 38 – Accounting for ESOP Trusts, resulting in an increase in staff costs and a decrease in profit of £0.2 million. On a like-for-like basis (excluding from the 2003 restated results, the £5.6 million non-recurring costs associated with the closure of certain branches, the £7.3 million surplus on the disposal of the credit card portfolio together with a £3.6 million contribution prior to its sale, and the effect on the covenant to The Northern Rock Foundation), both profit before tax and profit after tax increased by 13.0%. Return on equity in 2004 was 21.3% compared with a restated 21.9% in 2003. Reported earnings per share grew to 74.1p in 2004 (2003 - restated 66.6p), an increase of 11.3%.

Dividends	(110.0)	(96.3)	-	(96.3)
Profit retained for the period	196.2	178.1	(3.5)	174.6

Assets under management, including loans and advances subject to securitisation, at 31 December 2004 amounted to £64.9 billion, an increase of 24.9% (2003 – restated £51.9 billion). Net assets, including the securitised bonds (shown as a deduction from assets) grew by 15.3% to £42.8 billion (2003 - restated £37.1 billion).

TOTAL INCOME

	2004	2003
	£m	£m
Net interest income	466.9	450.7
Other income	264.0	201.7
Total underlying income	730.9	652.4
Surplus on sale of credit card portfolio	-	7.3
Total income	730.9	659.7
Total income : mean total assets (underlying)	1.83%	1.87%
Total income : mean total assets	1.83%	1.89%
Total income : mean assets under management (underlying)	1.25%	1.39%
Total income : mean assets under management	1.25%	1.41%

Total reported income in 2004 amounted to £730.9 million (2003 - £659.7 million), an increase of 10.8%. Underlying total income amounted to £730.9 million an increase of 12.0%. On the same basis, total income as a proportion of mean total assets at 1.83% shows only a slight reduction from 1.87% for 2003. The ratio of underlying total income to mean total assets under management at 1.25% remained unchanged compared with the first half of 2004, having eased from an underlying 1.39% in 2003.

INTEREST SPREAD AND MARGINS

	2004 £m	2003 £m
Interest receivable	2,989.4	2,153.8
Interest payable	(2,522.5)	(1,703.1)
	466.9	450.7
Average balances		
Interest bearing assets	57,071.3	46,435.1
Interest bearing liabilities	55,957.2	45,570.6
Interest margin	0.82%	0.97%
Interest spread	0.73%	0.90%

Interest receivable and payable represent amounts reported in the Profit and Loss account, adjusted to transfer securitisation interest payable to interest payable, and include income from equity shares and other variable yield securities in interest receivable. Interest bearing assets and liabilities have been adjusted for securitised assets and non-recourse finance and interest bearing assets include equity shares and other variable yield securities.

Interest margin has been calculated by reference to average interest earning assets. Interest spread represents the difference between interest receivable as a % of average interest earning assets and interest payable as a % of average interest bearing liabilities. Average balances have been calculated on a monthly basis.

In 2004 interest margin and spread were 0.82% and 0.73% respectively compared with 0.85% and 0.77% in the first half of the year (2003 full year - 0.97% and 0.90%). During the second half of 2004 spreads on lending were stable compared with the first half, consistent with the mix of lending volumes. Throughout 2004, liability spreads were, however, adversely affected by money market rates anticipating increases in bank base rate, resulting in a net increase in our cost of funding. The differential in rates is expected to return to more normal levels in 2005 as evidenced by the reduction in money market rates towards the end of 2004.

OPERATING EXPENSES

(excluding the covenant to The Northern Rock Foundation and amortisation of goodwill)

	2004 £m	2003 (Restated) £m
Staff costs	119.3	101.0
Other expenses	84.2	77.0
Depreciation	19.0	16.5
Total underlying expenses	222.5	194.5
Non-recurring costs	-	5.6
Total operating expenses	222.5	200.1

Non-recurring costs in 2003 represent costs incurred in relation to the closure of certain branches.

Total operating expenses amounted to £222.5 million representing an increase of 14.4% over 2003 underlying operating expenses of £194.5 million (excluding one off costs of £5.6 million relating to the closure of certain branches). The increase of 14.4% compares with an increase in assets under management of 24.9% and total income of 12.0% on an underlying basis, resulting in a cost to assets under management ratio of 0.38% (2003 underlying - 0.41%) and cost to income ratio of 30.4% (2003 underlying - 29.8%).

Included in 2004 operating expenses are £3.6 million incremental costs in relation to increased regulatory requirements. Excluding these additional costs, the cost to assets under management ratio would have been 0.37% and the cost to income ratio 29.9%.

The full impact of additional regulatory costs, which will affect all UK banks, will amount to around £10.0 million for Northern Rock in 2005. Our competitive advantage of cost efficiency remains in place as do our targets of improving our cost ratios by growing costs at less than the rate of growth of income and between one half and two thirds the growth in assets under management.

SOCIAL RESPONSIBILITY - THE NORTHERN ROCK FOUNDATION

Northern Rock donates 5% of pre-tax profit to The Northern Rock Foundation under a deed of covenant. Such donations are used to support community and charitable causes mainly in the North East of England and Cumbria. In addition, a £0.5 million donation is to be made by the Foundation to support the Asian tsunami aid relief. The donation from 2004 profits amounts to £21.6 million (2003 - £19.3 million), resulting in almost £120 million having been distributed since its inception in 1997 as an integral part of Northern Rock's conversion to a plc.

PROVISIONS FOR BAD AND DOUBTFUL DEBTS

The arrears position of our residential mortgage book has further improved despite the growth in mortgages under management. At 31 December 2004 there were 2,135 (2003 - 2,414) accounts three months or more in arrears representing only 0.37% (2003 - 0.45%) of all mortgage accounts, less than half the UK average at 31 December 2004 of 0.80%. The "together" secured advances default performance has also remained consistent, with three months plus arrears at 0.77% at 31 December 2004 (2003 - 0.77%). At 31 December 2004 181 properties, representing only 0.03% of all accounts were in possession compared with 179 (0.03%) at the end of 2003.

Standalone personal unsecured loan arrears are also significantly better than industry average, reflecting our policy of attracting high quality lending via our risk reward pricing. At 31 December 2004 only 1.04% of our standalone personal unsecured loans were three months or more in arrears (2003 - 0.98%) compared with an historic industry average of around 3%. Unsecured loans within the "together" brand continued to perform in line with the "together" secured advances and better than traditional personal unsecured loans with only 0.78% three months or more in arrears (2003 - 0.80%).

Our commercial loan portfolio also continued to perform well with only 0.31% of our commercial loans three months or more in arrears (2003 - 0.53%).

The charge for provisions for bad and doubtful debts amounted to £56.5 million for the year (2003 - £48.7 million) representing 0.18% of mean advances to customers (2003 - 0.19%). The combination of high quality lending, low interest rates, low arrears and strong house price inflation have continued to contain the levels of specific provisions required for residential mortgages. Provisions for the other secured lending portfolio have been maintained consistent with performance and expected economic conditions for this sector.

The growth in provision balances against our personal credit portfolios reflects growth in balances, the maturing nature of the portfolios and our continued prudent provisioning policy. As a result, general provisions are 47% (2003 - 51%) of total provision balances for these portfolios with total provision cover of 1.68% (2003 - 1.70%). Total provisions against our personal credit portfolios are considered appropriate given the quality and performance of our loans.

TAXATION

The tax charge for the year as a percentage of profit before tax was 29.0% (2003 - 29.0%). We anticipate, with a corporation tax rate of 30%, that the ongoing effective tax rate will be 29.0% to 30.0% in the medium term.

	%
Standard corporation tax rate for 2003	30.00
Effect of net non-taxable items	(0.33)
Adjustment to prior year tax provisions	(0.67)
Effective tax rate	29.00

LENDING

During 2004 Northern Rock has again achieved record levels of total lending. Total gross lending was £23,342 million, an increase of 34.8% (2003 - £17,315 million), with total net lending of £12,932 million, an increase of 51.9% (2003 - £8,514 million). Prospects for 2005 are good, with an opening pipeline of £5.1 billion, an increase of 31.8% (2004 opening - £3.9 billion). The opening residential lending pipeline at £4.7 billion represents an increase of 36.6% (2004 opening - £3.4 billion).

The UK residential lending market was particularly buoyant during the first half of 2004 with levels of both gross and net lending exceeding the equivalent period in 2003. Since then both gross and net lending and net awards have slowed, following the effect of 5 one quarter per cent increases in bank base rate since November 2003. By the end of 2004 annual house price inflation was at similar levels to that seen in 2003 although the second half of the year showed limited growth, providing clear evidence that house price inflation is slowing. With the level of housing transactions at the lower end of long term trends and house price inflation likely to be over for the time being, new residential lending is likely to show some contraction in 2005. Gross lending will, however, be supported by sustained levels of remortgage activity as customers seek to refinance to obtain better deals and to protect their personal budgets. Economic conditions remain supportive to the market with low inflation, low unemployment, low interest rates and consequently good affordability.

Against this background we achieved gross residential lending of £20,051 million (2003 - £15,212 million) and net residential lending of £11,383 million (2003 - £7,861 million), representing increases of 31.8% and 44.8% respectively. Our share of gross residential lending for the year was 6.8% and our market share of net residential lending was 11.2%. This compares with 5.8% and 8.2% respectively for the first half of 2004. Our share of redemptions was only 4.5%, again significantly lower than our closing share of mortgage stock of 5.5%. This was due to our pro-active customer retention process and our fair and transparent policy of allowing existing customers, subject to contractual terms, to transfer their loan to any product available to new borrowers.

The low risk profile of our new lending has continued despite strong growth in volumes. The proportion of lending to first time buyers reduced to 21% (2003 - 23%) with 79% of new customers having a proven payment track record. The average Loan to Value ratio ("LTV") of new lending in 2004 remained similar to 2003 at around 75% and new lending below 90% LTV was 75% (2003 - 71%) of completions. The average indexed LTV of our mortgage book is now 53% (2003 - 55%) providing strong cover in the event of default. We have minimal exposure to large loans with only around 3.5% of new loans over £500,000 and we maintained an excellent geographic spread of lending.

We offer customers a wide range of innovative and attractive products including lifestyle products and traditional price-led products. Our lifestyle products comprise our "together" family of products, Lifetime Home Equity Release Mortgages ("HERM") and residential Buy to Let mortgages. The "together" products combine a secured and unsecured loan at one interest rate and one monthly payment. Gross lending of "together" products amounted to £4.5 billion of which £3.8 billion were advances secured on residential property representing 20.7% of new residential lending, excluding further advances. Outstanding balances of "together" mortgages remained around one fifth of our mortgage portfolio throughout 2004.

Our HERM range is aimed at homeowners aged over 60 who wish to utilise equity in their homes to enhance their lifestyle. Such lending accounted for 1.8% of gross new residential lending (2003 - 3.4%), with outstanding HERM balances representing 3.1% (2003 - 3.0%) of our year end mortgage balances.

Residential Buy to Let lending is focussed on lending to private investors secured on good quality residential properties with low LTVs. Such lending accounted for 4.0% (2003 - 2.4%) of our year end mortgage portfolio and for 6.4% (2003 - 1.7%) of gross new residential lending. This type of lending is likely to remain a niche part of our overall portfolio of lending and will be supported by demand following changes in pension legislation allowing rental properties to be included within investors' pension plans.

In total, our lifestyle products, which are margin enhancing, represented 28.9% (2003 - 30.1%) of our gross new residential lending and 25.3% (2003 - 25.4%) of year end mortgage balances.

Of our traditional price-led mortgage products, fixed-rate mortgages remained the most popular with 46.4% (2003 - 45.5%) of total new lending accounted for by short term fixed products up to two years, and 7.5% (2003 - 10.1%) by longer term fixes normally up to a maximum of seven years. This demand reflected customers' preferences to obtain certainty of monthly repayments during a period of rising interest rates.

Our personal unsecured credit portfolios comprise the unsecured element of "together" lending and standalone unsecured loans not linked to a residential mortgage. During 2004 gross unsecured lending amounted to £2,792 million (2003 - £1,694 million) with net lending of £1,367 million (2003 - £569 million). Gross standalone unsecured lending amounted to £2,068 million (2003 - £1,130 million) with net lending of £1,104 million (2003 - £417 million). The increase in standalone unsecured lending over 2003 reflects the deliberate containment of such lending in the first half of 2003 with a return to the market in the second half of that year. At 31 December 2004 our unsecured lending balances were £4,669 million (2003 - £3,293 million) of which 40.3% (2003 - 48.7%) represented "together" unsecured advances.

We have continued to grow our commercial lending portfolio gradually, maintaining our emphasis on quality rather than volume of lending. Gross lending in the year amounted to £499 million (2003 - £409 million) with net lending of £182 million (2003 - £84 million).

The composition of our lending portfolios has continued to be low risk. At the year end 88.7% of our loans under management were residential (2003 - 89.1%), 2.9% commercial secured loans (2003 - 3.3%) and only 8.4% (2003 - 7.6%) within our personal unsecured portfolios. This mix is not expected to significantly change going forward.

RETAIL FUNDING

Total retail deposit balances for the year increased by £896 million to £17,239 million (2003 - £16,343 million), an increase of 5.5%. This increase comprised a net inflow of retail funds for the year of £489 million plus interest credited of £407 million. In the second half of the year we achieved a net inflow of over £1.0 billion of retail funds, following a net outflow of £163 million in the first half, representing our best ever half year performance and clearly demonstrating the strength and diversity of our retail franchise.

The funding during the year was largely into our Silver Savings account launched in September 2004 for the over 50s which had attracted balances of over £1,250 million by the year end. Fixed rate bonds also remained popular. Balances in our Ireland based operation rose by 18.3% to £628 million, with £1,871 million (2003 - £1,875 million) in our Guernsey based off-shore vehicle.

NON-RETAIL FUNDING

Total net non-retail funding for the year amounted to £2,770 million with balances at 31 December 2004 amounting to £19,746 million (2003 - £16,976 million). Our non-retail funding provides a balanced mixture of short and medium term funding with increasing diversification of our global investor base.

During 2004 we raised £3.4 billion medium term, wholesale funds from a variety of sources located globally, with specific emphasis on the US and Europe. A major feature was the increased utilisation of our US Medium Term Note programme from which we raised US$3.7 billion in both senior and subordinated form. Already in 2005 we have raised a further US$1.75 billion under this programme and in the remainder of the year plan to raise further non-retail funds, including possible issuances in Asia.

With regards to short term funding, key developments include the establishment of a €2.0 billion French Certificate of Deposit programme which provides access to domestic French investors. This programme had outstanding balances of €1.1 billion at the year end. Further diversification will be achieved in the current year with the intended establishment of a Canadian Commercial Paper programme.

SECURITISATION

Funding through securitisation has remained an integral part of Northern Rock's funding strategy. During 2004 three issues were completed raising £11.1 billion. Diversification of our investor base continued with over 70% of the securitised bonds in 2004 being issued in US dollars or euros. The characteristics of the mortgages securitised, in terms of product type, LTV and geographic distribution remain similar to those of our on-balance sheet mortgages, ensuring that we are maintaining the quality of our balance sheet.

At 31 December 2004 assets under management subject to securitisation amounted to £22.3 billion (2003 - £15.7 billion), representing 40% (2003 - 36%) of our total lending portfolios.

In 2005 we have already raised a very well received £4.5 billion securitisation of residential mortgages. Our programmes will continue to be developed with further issues during 2005.

COVERED BOND

In the first half of 2004 we raised €2.0 billion from an inaugural covered bond issue from a newly established €10 billion programme. The covered bond is secured by a pool of ring-fenced residential mortgages which remain on-balance sheet as Northern Rock retains substantially all the risks and rewards associated with the loans.

DIVIDENDS

The interim dividend paid in October 2004 was 8.5p per share. The proposed final dividend of 18.0p per share is payable on 27 May 2005 to shareholders on the register on 29 April 2005. This results in a total dividend payable for the year of 26.5p per share (2003 - 23.3p), an increase of 13.7%.

CAPITAL

At 31 December 2004 total capital amounted to £3,239 million resulting in a total capital ratio of 14.0%, comfortably above regulatory and internal requirements. Tier 1 capital was £2,015 million and the Tier 1 ratio 8.7%. The comparable ratios at 31 December 2003 were 14.3% and 9.0% respectively.

In the first half of 2004 we raised $700 million (£396 million equivalent) of Upper Tier 2 capital via our US Medium Term Note programme delivering an excellent diversification of capital from the US domestic market.

During 2004 we continued to embed our Basel II credit risk systems within our normal operational activities and remain on target to adopt the Retail Internal Ratings Based approach currently anticipated to commence on 1 January 2007. Significant investment is also being made in our Operational Risk management systems and in line with the FSA's expectations for the sector we intend to initially adopt the Standardised Approach to Operational Risk. We will closely examine the consultation paper from the FSA, issued at the end of January 2005, with a view to seeking approval for our proposed approaches as early as possible.

Our low risk balance sheet means that we expect to achieve significant reductions to the levels of our total regulatory risk weighted assets for credit exposures compared to current levels. This should result in future capital efficiencies subject to consultation with the FSA and credit rating agencies.

The table below analyses Northern Rock's capital resources at 31 December 2004 and 2003:

	2004	2003 (Restated)
	£m	£m
Tier 1		
Share capital	123.9	123.9
Share premium account	6.8	6.8
Capital redemption reserve	7.3	7.3
Profit and loss account	1,403.9	1,201.9
Reserve capital instruments	300.0	266.3
Tier one notes	200.0	200.0
Goodwill	(27.1)	(30.7)
Total Tier 1 capital	2,014.8	1,775.5
Upper Tier 2		
Perpetual subordinated debt	746.4	350.3
Reserve capital instruments	-	33.7
General provisions	83.1	75.4
Total Upper Tier 2 capital	829.5	459.4
Lower Tier 2 capital		
Term subordinated debt	769.3	769.2
Total Tier 2 capital	1,598.8	1,228.6
Deductions	(374.7)	(190.5)
Total capital	3,238.9	2,813.6
Risk weighted assets	23,099.2	19,690.5
Tier 1 ratio (%)	8.7%	9.0%
Total capital (%)	14.0%	14.3%

POTENTIAL IMPACT OF INTERNATIONAL FINANCIAL REPORTING STANDARDS

Northern Rock, along with all European Union listed companies will be required to prepare its financial statements under International Financial Reporting Standards ("IFRS") (sometimes referred to as International Accounting Standards) from 1 January 2005. In certain areas these standards represent a significant change from UK GAAP. A number of uncertainties currently exist concerning the adoption of the new standards and their impact on Northern Rock. In particular, the approach of the Financial Services Authority towards IFRS was outlined in Consultation Paper 04/17. The discussion period for this Consultation Paper ended on 31 January 2005. In addition, the tax treatment of certain aspects of IFRS has not yet been fully determined by the Inland Revenue and the effect of these uncertainties is under review. The combination may affect both the tax charge and our accounting and regulatory equity ratios.

IFRS includes a number of areas, principally financial instruments, where fair values are required to a far greater extent than under UK GAAP. This will create greater volatility in reported results and have an associated impact on other financial measures. However, the change to IFRS does not alter the cash flows of the business, but spreads the profitability throughout the life of the loan. The change to IFRS will not change the way Northern Rock does business.

The key changes and their anticipated effect on Northern Rock are set out below.

Issue	Effect on financial statements
Hedge accounting Northern Rock manages the financial risks arising from its business using a number of derivatives instruments such as interest rate swaps, interest rate options, forward rate agreements, interest rate and bond futures, currency swaps and forward exchange contracts. IAS 39 requires derivatives to be recognised at fair value, with changes in valuation impacting the profit and loss account, potentially resulting in significant earnings volatility. Hedge accounting permissibility is much more restricted under IAS 39 than at present under UK GAAP. Northern Rock has reviewed its underlying processes to ensure it maximises the natural offsets between assets and liabilities and designs compliant hedging strategies wherever possible for the remainder. However, the overriding objective continues to be to provide an economic hedge for the market risks arising from its underlying business.	To the extent that hedge effectiveness is not achieved for derivatives, the movements in fair value of the derivatives would impact on the profit and loss account increasing volatility in earnings.
Effective interest rate IAS 39 requires the inclusion of all origination fees, including prepayment penalties in the calculation of the effective interest rate. Only direct costs of origination may be included within the calculation of effective interest rate.	Income earned and introducer fees paid will be spread throughout the life of the loan, reducing the amount of income earned in early years and increasing the amount of income earned in later years.
Provisions IAS 39 will remove the split between specific and general provisions, and, in common with current UK GAAP, will only allow impairment allowances to be established where the loss has already been incurred based on whether objective evidence exists that the asset or group of assets is impaired. The impairment allowance must be calculated using the present value of future cash flows, using the financial asset's original effective interest rate.	Slight increase in volatility as provisions reflect the economic climate at the reporting date.
Pensions IAS 19 is broadly consistent with the existing UK standard on pensions, (FRS 17), with the fund valuation depending on market conditions at the year end. However, actuarial gains and losses may be recognised in full as they arise outside the profit and loss account in a statement of recognised income and expense.	As with FRS 17 the pension charge is likely to be higher than the present SSAP 24 charge. The equity impact will depend on market conditions.
Taxation IAS 12 (Income Taxes) is conceptually different to the previous accounting standard (FRS 19), however, little difference is expected in practice between the two standards.	The Group's effective tax rate is not expected to be materially different although there may be greater volatility in the current charge. It is expected that this would be broadly offset by compensating movements in deferred tax.

Issue	Effect on financial statements
Classification of debt versus equity Under IAS 32 certain financial instruments which are currently classified as debt instruments may be classified as equity instruments.	The coupon payable on such instruments would be classified as an equity distribution. This would increase profit before tax, but become a distribution of profit to investors.
Employee share schemes IFRS 2 requires that for all equity settled transactions with employees the fair value of the employee services should be measured by reference to the fair value of the instrument at the date of grant. This charge is spread over the vesting period. The standard applies to all share schemes and has no exemption for SAYE schemes.	The impact on Northern Rock will result in a small increase in employee costs.
Securitised assets A significant source of funding to Northern Rock is through the securitisation of residential and commercial mortgage assets. The structure of these funding vehicles results in the disclosure of these mortgage assets, and the related funding, through linked presentation in accordance with FRS 5. Under IFRS no such presentation exists, so all assets and liabilities will remain within their normal line items.	Both mortgage assets and liabilities will remain within their original line items. All profit and loss items will also remain within their usual captions.

OUTLOOK

The home moving market is expected to continue to remain at similar levels to 2004, at the lower end of longer term trends, for at least the next two years. Many first time buyers will continue to be excluded from the market as a result of higher house prices, the competition with Buy to Let investors for traditional first time buyer properties, especially in urban areas, and higher levels of indebtedness linked to the funding of higher education. In conjunction with subdued levels of house moving transactions we expect to see muted house price inflation with some price falls in areas that have seen excessive growth. We expect, however, given low unemployment, low interest rates and good affordability, house prices to be growing in line with average earnings by the end of 2005.

The UK's gross residential mortgage market, supported by remortgage activity, is anticipated to be £265 billion to £270 billion in 2005 and 2006 compared with over £290 billion in 2004. Such levels of gross lending remain conducive to Northern Rock achieving its lending targets for 2005.

A slower housing market, reduced inflationary pressures and a dampening in retail sales mean that the prospects for rising interest rates are significantly lower than in mid 2004, as a consequence the difference between LIBOR and Bank Base Rate is expected to return to more normal levels in 2005. Unemployment, the key driver of credit loss on home loans, looks set to remain benign giving a stable outlook for future provisioning levels.

These conditions, together with our continued focus on customer service, cost and capital efficiency and the strength of our opening pipeline enable us to view 2005 with confidence. We reaffirm our strategic targets of assets under management growth of 20% +/ – 5%, profit growth of 15% +/ – 5% and return on equity of 19% to 22%.

Our growth will continue to be supported by our four funding arms; retail, non-retail, securitisation and covered bonds. We intend to develop further each franchise in terms of flexibility and diversification to enhance our overall funding platform and investor base.

We remain confident of the continued success of the Northern Rock business model.

DIRECTORS' REPORT AND ACCOUNTS
FOR THE YEAR ENDED 31 DECEMBER 2004

The Directors are pleased to present their report and the audited financial statements for the year ended 31 December 2004.

PRINCIPAL ACTIVITIES

The principal purpose of the Group is the provision of housing finance, savings and a range of related personal financial and banking services.

REVIEW OF BUSINESS AND FUTURE DEVELOPMENTS

A review of the business and future developments is given in the Chairman's Statement, the Chief Executive's Report and the Operating and Financial Review.

DIVIDENDS

An interim dividend of 8.5p per share (2003 - 7.5p per share) was paid on 29 October 2004. The Directors propose a final dividend of 18.0p per share (2003 - 15.8p per share) to be paid on 27 May 2005 to shareholders on the register at the close of business on 29 April 2005.

TANGIBLE FIXED ASSETS

Land and buildings, which are included in the balance sheet at cost less accumulated depreciation, amounted to £87 million at 31 December 2004. In the Directors' opinion, based on valuations carried out by the Group's qualified Chartered Surveyors, the total market value of these assets was not significantly different.

Details of changes to tangible fixed assets are provided in note 21 to the accounts.

POST BALANCE SHEET EVENTS

The Directors are of the opinion that there have been no significant events which have occurred since 1 January 2005 to the date of this report that are likely to have a material effect on the Group's financial position as disclosed in the accounts.

DIRECTORS

The current composition of the Board of Directors together with brief biographical details of each Director is shown on page 12. With the exception of the Directors noted below, all Directors have served on the Board throughout the year ended 31 December 2004.

On 27 April 2004 Sir John Riddell, Bt., and Sir David Chapman, Bt. retired from the Board. On 5 January 2005, Mr K M Currie, Mr A M Kuipers and Mr M J Queen were appointed to the Board. On 1 March 2005 Miss R Radcliffe will join the Board.

Mr K M Currie, Mr A M Kuipers, Mr M J Queen and Miss R A Radcliffe, having been appointed since the last Annual General Meeting, retire at the Annual General Meeting and offer themselves for re-election. Mr D F Baker, Mr R F Bennett and Dr M W Ridley retire by rotation at the Annual General Meeting and, being eligible, offer themselves for re-election. There are no service contracts in respect of the other Non-Executive Directors seeking re-election.

The interests of Directors in the shares of the Company at 31 December 2004 and 22 February 2005 are set out on page 30.

SHARES

The authorised and issued share capital of the Company are set out in note 32 to the accounts.

At the Annual General Meeting on 27 April 2004, a resolution was passed giving the Company the authority to make market purchases of Ordinary Shares up to a maximum of 10% of the issued share capital. A further resolution was passed providing for the Company to enter into a contingent share purchase contract with The Northern Rock Foundation to repurchase Foundation Shares in the same proportion and at the same price as the Ordinary Shares repurchased. These authorities expire at the Annual General Meeting in 2005 when a resolution will be proposed for their renewal.

SUBSTANTIAL SHAREHOLDINGS

At 22 February 2005, the following notifiable interest in the Company's Ordinary Shares had been reported to the Company:

Fidelity International Limited	4.95%
Legal & General Investment Management Limited	3.88%
Lloyds TSB Group plc	3.54%
Morgan Stanley Securities Ltd	4.09%

CREDITOR PAYMENT POLICY

The Company's policy with regard to the payment of suppliers is to negotiate and agree terms and conditions with all its suppliers, which include the giving of an undertaking to pay suppliers within an agreed payment period.

The average creditor payment period at 31 December 2004 was 21 days (2003 24 days).

EMPLOYEES

Northern Rock's desire to involve employees as financial stakeholders in the Company continued in 2004. Under the All Employee Share Ownership Plan, shares with a market value at the date of award of £1.8 million were given to employees during the year. In February 2005 a further grant of options under the Employee Share Option Scheme was made. A total of 4,477,000 options were granted at an exercise price of £7.73 per share.

Employee communications are vital to the success of the Company, and good staff relations are a key part of managerial responsibility at all levels. Employee consultation takes place with the national committee of UNIFI. The Company also issues a bi-monthly staff magazine and weekly news bulletins.

The Company is committed to equal employment opportunities for everyone, and treats applicants for work solely on their ability to do the job. In line with this policy, the Company will, wherever possible, retain employees who become disabled, either in the same job or, with the aid of retraining and provision for special needs, in a suitable alternative position.

CHARITABLE CONTRIBUTIONS

The Company is committed to a total contribution to The Northern Rock Foundation under a deed of covenant of £21.6 million based on its profits in 2004. Of this amount, it has already made a contribution of £10.0 million in October 2004 with a further contribution of £11.6 million to be paid in May 2005.

AUDITORS

The auditors, PricewaterhouseCoopers LLP, have indicated their willingness to continue in office and a resolution to re-appoint them will be proposed at the Annual General Meeting.

By order of the Board
C Taylor, Company Secretary
22 February 2005

We have audited the financial statements, which comprise the consolidated profit and loss account, the consolidated balance sheet, the company balance sheet, the consolidated cash flow statement, the statement of total recognised gains and losses and the related notes. We have also audited the disclosures required by Part 3 of Schedule 7A to the Companies Act 1985 contained in the Directors' Remuneration Report ("the auditable part").

RESPECTIVE RESPONSIBILITIES OF DIRECTORS AND AUDITORS

The Directors' responsibilities for preparing the Annual Report and the financial statements in accordance with applicable United Kingdom law and accounting standards are set out in the statement of Directors' responsibilities. The Directors are also responsible for preparing the Directors' Remuneration Report.

Our responsibility is to audit the financial statements and the auditable part of the Directors' Remuneration Report in accordance with relevant legal and regulatory requirements and United Kingdom Auditing Standards issued by the Auditing Practices Board. This report, including the opinion, has been prepared for and only for the Company's members as a body in accordance with Section 235 of the Companies Act 1985 and for no other purpose. We do not, in giving this opinion, accept or assume responsibility for any other purpose or to any other person to whom this report is shown or into whose hands it may come save where expressly agreed by our prior consent in writing.

We report to you our opinion as to whether the financial statements give a true and fair view and whether the financial statements and the auditable part of the Directors' Remuneration Report have been properly prepared in accordance with the Companies Act 1985. We also report to you if, in our opinion, the Directors' Report is not consistent with the financial statements, if the Company has not kept proper accounting records, if we have not received all the information and explanations we require for our audit, or if information specified by law regarding directors' remuneration and transactions is not disclosed.

We read the other information contained in the Annual Report and consider the implications for our report if we become aware of any apparent misstatements or material inconsistencies with the financial statements. The other information comprises only the Chairman's Statement, the Chief Executive's Report, the Corporate Governance statement, the Community and Environmental Report, the Northern Rock Foundation report, the unaudited part of the Directors' Remuneration Report, the Operating and Financial Review and the Directors' Report.

We review whether the Corporate Governance statement reflects the Company's compliance with the nine provisions of the 2003 FRC Combined Code specified for our review by the Listing Rules of the Financial Services Authority, and we report if it does not. We are not required to consider whether the Board's statements on internal control cover all risks and controls, or form an opinion on the effectiveness of the Company's or Group's corporate governance procedures or its risk and control procedures.

BASIS OF AUDIT OPINION

We conducted our audit in accordance with auditing standards issued by the Auditing Practices Board. An audit includes examination, on a test basis, of evidence relevant to the amounts and disclosures in the financial statements and the auditable part of the Directors' Remuneration Report. It also includes an assessment of the significant estimates and judgements made by the Directors in the preparation of the financial statements, and of whether the accounting policies are appropriate to the company's circumstances, consistently applied and adequately disclosed.

We planned and performed our audit so as to obtain all the information and explanations which we considered necessary in order to provide us with sufficient evidence to give reasonable assurance that the financial statements and the auditable part of the Directors' Remuneration Report are free from material misstatement, whether caused by fraud or other irregularity or error. In forming our opinion we also evaluated the overall adequacy of the presentation of information in the financial statements.

OPINION

In our opinion:

- the financial statements give a true and fair view of the state of affairs of the Company and the Group at 31 December 2004 and of the profit and cash flows of the Group for the year then ended;
- the financial statements have been properly prepared in accordance with the Companies Act 1985; and
- those parts of the Directors' Remuneration Report required by Part 3 of Schedule 7A to the Companies Act 1985 have been properly prepared in accordance with the Companies Act 1985.

STATEMENT OF TOTAL RECOGNISED GAINS AND LOSSES

For the year ended 31 December 2004

	2004	2003 (as restated)
	£m	£m
Profit retained	**196.2**	178.1
Total recognised gains and losses for the period	**196.2**	178.1
Prior year adjustment – UITF 38 (note 2)	**0.3**	
Total gains and losses recognised since the last annual accounts	**196.5**	

1. Principal accounting policies

Accounting convention
The accounts have been prepared under the historical cost convention and in accordance with the special provisions of Part VII of the Companies Act 1985 relating to banking companies and banking groups, applicable UK accounting standards and the Statements of Recommended Practice issued by the British Bankers' Association.

Accounting policies are unchanged from 2003, except that the Group has implemented the requirements of UITF 38 "Accounting for ESOP trusts". The impacts of this change are detailed in note 2 to the accounts.

Basis of consolidation
The consolidated accounts include the results of the Company and its subsidiary undertakings all of which have accounting periods ending 31 December. Unless otherwise stated, the acquisition method of accounting has been adopted.

Taxation
Corporation tax is charged in the accounts based on the profit for the year as adjusted for taxation purposes.

Deferred tax
Deferred tax is recognised in respect of all timing differences that have originated but not reversed at the balance sheet date where transactions or events that result in an obligation to pay more tax in the future or a right to pay less tax in the future have occurred at the balance sheet date. Deferred tax is provided on a non-discounted basis.

Tangible fixed assets and depreciation
Depreciation is provided in order to write down fixed assets, which are included at cost, to their estimated residual value over their anticipated useful lives as follows:

Freehold land and buildings	100 years
Long leasehold land and buildings	Over the period of the lease up to 100 years
Short leasehold land and buildings	Unexpired period of the lease
Plant, equipment, fixtures and fittings	
- plant	30 years
- furniture	10 years
- other	5 years
Computer equipment	
- PCs	3 years
- other	5 years
Motor vehicles	4 years

Where the cost of freehold land can be identified separately from buildings on acquisition, the land value is not depreciated. Provision is made for diminution in value of any fixed asset where an impairment is identified. Annual impairment reviews are carried out for fixed assets with an expected remaining life over 50 years. The resulting net book value is then written off over its remaining anticipated useful life.

Assets in the course of construction are not depreciated until they have been completed and transferred to the appropriate category of tangible fixed assets. The costs of financing assets in the course of construction are not included in the costs of the assets.

Goodwill
Goodwill arises on the acquisition of subsidiary and associated undertakings. It represents the excess of cost over fair value of the Group's share of net assets acquired. It is capitalised as an intangible fixed asset and is amortised through the profit and loss account on a straight line basis over its expected useful economic life. The expected useful economic life is determined at the time of acquisition by considering the nature of the business acquired and the period of time over which the value of the business is expected to exceed the value of its net assets. This period is ten years for recent acquisitions.

Goodwill is subject to impairment reviews in accordance with FRS 11 "Impairment of fixed assets and goodwill". The carrying value is written down by the amount of any impairment, and the loss is recognised in the profit and loss account in the period in which this occurs.

Leased assets
Rentals payable under operating leases are charged to administrative expenses as incurred over the lease term.

Securities
Debt securities and equity shares ("securities") are held with the intention of use on a continuing basis and are stated at cost, adjusted to exclude accrued interest at the date of purchase, less provision for any permanent diminution in value. A similar adjustment for accrued interest is made on realisation. Where the adjusted purchase price differs from the nominal value, the premium or discount is amortised or released on an effective yield basis over the period to maturity.

Securities sold subject to repurchase agreements are retained on the balance sheet where the Group retains the risks and rewards of ownership. Funds received under such agreements are included within deposits by banks or customer accounts. Securities purchased under a commitment to resell are treated as collateralised lending transactions where the Group does not acquire the risks and rewards of ownership, and the purchase price is included within either loans and advances to banks or loans and advances to customers. The difference between sale and repurchase prices for such transactions is reflected in the profit and loss account over the lives of the transactions, within interest receivable or interest payable as appropriate.

Pension costs
Northern Rock operates a Defined Benefit Scheme and a Defined Contribution Scheme. Contributions to the Northern Rock Defined Benefit Pension Scheme are charged to the profit and loss account with the objective of spreading the cost over the employees' working lives within the Scheme. Costs are based upon actuarial advice following the most recent valuation of the Scheme. The costs of the Defined Contribution Scheme are charged to the profit and loss account for the period in which they are incurred. The disclosure requirements of FRS17 "Retirement Benefits" are being adopted under transitional arrangements.

Further information on pension arrangements is set out in note 7 to the accounts.

Provisions for bad and doubtful debts
Provisions against loans and advances are based upon assessments of the losses that are anticipated on outstanding balances at the year-end. The amount charged to the profit and loss account comprises amounts written off during the year plus the net change in the amounts provided. Bad debts are written off in part or in whole when a loss has been confirmed. The loss provisioning methodology is as follows:

Advances secured on owner-occupied residential property

Specific provision
Where the collection of interest and/or principal on an individual loan is in doubt a specific provision is recorded. Specific provisions are calculated using a model which is used to evaluate losses based on historical default experience and other appropriate risk factors related to the delinquent loan portfolio at a given point in time. All loans which are three or more payments overdue are evaluated using the model to identify the need for a specific provision. Loans six or more payments overdue and properties in possession are evaluated on an individual basis to measure potential loss. Various factors are considered in this evaluation including, but not limited to, collateral valuations, expected recoveries from mortgage indemnity guarantees and estimated recovery costs.

1. Principal accounting policies (continued)

Provisions for bad and doubtful debts (continued)

General provision

A general provision is maintained to cover inherent losses in the loan portfolio related to loans that have not yet been specifically identified as impaired. A statistically based model is used to calculate the appropriate general provision for each completion year. The model considers appropriate risk factors specific to the loan portfolio and historical default experience. Other factors, including economic conditions, are also considered by management in determining the appropriate level of reserves required at a given point in time.

Interest in respect of all loans is credited to the profit and loss account as it becomes receivable. Once a property is taken into possession interest charges are suspended. If a property is sold at sufficient value, interest previously suspended is added back to the loan and released to the profit and loss account.

Other secured advances

Specific provision is made as appropriate in respect of loans and advances that are identified as impaired at the balance sheet date, based on payment history, loan balance and net realisable value. Interest is suspended on loans identified as impaired if its recovery is deemed unlikely. General provisions are recorded to cover losses inherent in the portfolio which have not yet been specifically identified.

Unsecured lending

Specific provision is made against all loans where three or more payments are overdue. In calculating the required provision an appropriate factor is applied based on the number of overdue payments, which is subject to periodic review to ensure its continuing applicability based on current experience, to reflect the probability that not all such loans will result in eventual losses. General provisions are recorded to cover losses inherent in the portfolio which have not yet been specifically identified.

Repairs and renewals

Repairs, renewals and refurbishments of a non-capital nature are charged to administrative expenses in the year in which the expenditure is incurred.

Deferred income

The Company has entered into insurance arrangements with Northern Rock Mortgage Indemnity Company Limited, a wholly owned subsidiary, to cover a proportion of future losses on certain residential secured loans with high loan to value ratios. In the Group accounts, income from risk charges paid by customers in relation to such loans is deferred and is included in the balance sheet under the heading "accruals and deferred income". The deferred income is released to the profit and loss account on a level yield basis over the life of the loan.

Derivatives

Derivatives comprise, mainly, currency and interest rate swaps, forward rate agreements, foreign exchange forwards and financial futures and options. All transactions are undertaken for hedging purposes.

Transactions are initially recorded at cost and are accounted for on an accruals basis in accordance with the item or items being hedged. Consequently, profits and losses on the hedges are recognised on a similar accounting basis as the profits or losses on the underlying item or items being hedged. They are therefore recognised in the financial statements as adjustments to the profit or loss of the item or items being hedged. To the extent necessary to achieve a consistent timing of income recognition on the item or items being hedged, deferred gains or losses are included in the balance sheet under the headings "accruals and deferred income" and "prepayments and accrued income". Profits and losses on early termination of contracts that modify the characteristics of designated items are deferred and amortised over the remaining lives of the hedged items. Income and expenses on hedges are recognised as adjustments to interest receivable and interest payable.

When a derivative no longer represents a hedge, because either the underlying asset, liability or position has been extinguished or derecognised, it is restated to market value. Any profit or loss is accounted for in interest income or expense. It is then either redesignated as a hedge of a different asset, liability or position, is disposed of, or the position is otherwise closed, and accounted for accordingly. Where a derivative is no longer a hedge because it ceases to be effective, it is restated to market value and any profit or loss arising is deferred and amortised into interest income or expense over the remaining life of the item previously being hedged.

Foreign currency transactions

Interest income and expense denominated in foreign currency is translated into sterling at the rate of exchange current on the date of the receipt or payment, unless it is hedged, in which case it is translated at the underlying rate of exchange inherent in the associated hedge contract. Assets and liabilities denominated in foreign currency that are hedged by means of matching foreign currency contracts are included in the balance sheet at the exchange rate inherent in those contracts.

Other assets and liabilities denominated in foreign currency are included at the rate of exchange current at the balance sheet date.

Exchange differences arising on currency conversion are dealt with in the profit and loss account.

Mortgage incentives

Incentive costs of discounts, fixed rate and other similar mortgage products are expensed in equal annual amounts over the effective incentive clawback period for early redemption of these products. Early repayment charges, designed to recover incentive costs, are normally charged to customers on prepayment of loans within contractually agreed periods of time, ie the clawback period. Other forms of incentives, such as valuation fees which are not directly linked to the interest rate on the mortgage, are expensed through the profit and loss account as they are incurred.

All incentives which are not subject to incentive clawback periods and any excess cost of an incentive over and above the cost recoverable by the clawback are written off as incurred. The costs of mortgage incentives are charged against interest receivable.

Securitisation

Securitisation transactions are reported in accordance with FRS 5 "Reporting the Substance of Transactions". Where assets are sold under securitisation, if there is no significant change to the Group's rights and benefits to those assets and its exposure is limited to a fixed monetary ceiling, linked presentation is used. Under linked presentation, only the net amount of the Group's interests in the assets is consolidated, and the related gross amounts are shown on the face of the balance sheet. The interest attributable to the Northern Rock Group is included in the profit and loss account under the heading "interest receivable". The other income and expenses are included within "other operating income". Where the conditions for linked presentation are not met, the transactions are accounted for by separate presentation of the gross assets and the related funding, and all profit and loss transactions are included within the appropriate captions in the profit and loss account. The special purpose vehicles used for these transactions are accounted for as quasi subsidiaries (see note 16).

Revenue recognition

Interest income is recognised in the profit and loss account on an accruals basis, except for income on loans taken into possession which is taken to income when it is received.

Fees receivable from customers to reimburse the Group for costs incurred are taken to the profit and loss account when due. Fees and commissions receivable relating to ongoing services are taken to income when the related service is performed, and fees in lieu of interest are taken to income on a level yield basis over the life of the loan.

2. Prior year adjustment

The Group has implemented the requirements of Urgent Issues Task Force ("UITF") Abstract 38 – "Accounting for ESOP Trusts" with effect from 1 January 2004. As a result, holdings of Ordinary Shares in Northern Rock plc owned by the Group's employee share ownership trusts are now shown as a deduction from shareholders' funds. Previously they were shown as part of other assets in the balance sheet. Purchases and sales of Northern Rock plc Ordinary Shares are now accounted for as movements in shareholders' funds and no gains and losses are reflected in the profit and loss account. UITF Abstract 38 also amends UITF Abstract 17 – "Employee Share Schemes" to reflect the consequences for the profit and loss account of the changes in the presentation of an entity's own shares held by an ESOP trust. The charge to the profit and loss account in respect of shares and share options granted to employees that are expected to be met from shares held by employee share trusts is now based on the difference between the value on the date of grant and the exercise price. Previously, where shares were purchased to meet these obligations, the charge was based on the carrying value of the shares.

The effect of this change in accounting policy, which has been accounted for as a prior year adjustment, is to increase staff costs and decrease profit for the year ended 31 December 2004 by £0.1m (year to 31 December 2003 – £0.2m). The effect on other assets, other liabilities, staff costs and shareholders' funds at the balance sheet dates is as follows:

	Group		Company	
	2004	2003	**2004**	2003
	£m	£m	**£m**	£m
Reduction in shareholders' funds – beginning of year (note 33)	**(48.0)**	(44.5)	**(47.3)**	(44.0)
Movement in relation to own shares (note 34)	**5.8**	(3.3)	**5.8**	(3.3)
Increase in staff costs during year	**(0.1)**	(0.2)	**(0.1)**	–
Reduction in shareholders' funds – end of year	**(42.3)**	(48.0)	**(41.6)**	(47.3)
The reduction in shareholders' funds comprises:				
Reduction in other assets	**(42.3)**	(48.8)	**(42.3)**	(48.8)
Reduction in other liabilities	**–**	0.8	**0.7**	1.5
	(42.3)	(48.0)	**(41.6)**	(47.3)

The cumulative difference in the amount credited through the Group profit and loss account in the period up to 31 December 2003 amounted to £0.3m.

5. Sale of credit card portfolio

On 30 May 2003, the Group sold its credit card portfolio to The Co-operative Bank. The surplus on sale amounted to £7.3m and is recorded in other income. The credit card portfolio comprised approximately 90,000 accounts with outstanding balances of £217m. As part of the agreement Northern Rock offers credit cards, issued by The Co-operative Bank, to Northern Rock customers under the Northern Rock brand.

6. Administrative expenses

	2004	2003 (as restated)
	£m	£m
Wages and salaries	**101.4**	85.3
Social security costs	**8.9**	7.0
Other pension costs	**9.0**	8.7
Total staff costs	**119.3**	101.0
Other administrative expenses	**105.8**	96.3
Non-recurring expenses – see below	**–**	5.6
	225.1	202.9
Other administrative expenses include the following:		
Hire of equipment	**5.5**	5.4
Property rentals	**3.1**	2.8

6. Administrative expenses (continued)

		2004	2003
		£m	£m
Remuneration of auditors:	statutory audit	1.1	0.9
	further assurance services	1.0	0.4
		2.1	1.3

Remuneration of auditors for audit work for the Company amounted to £0.7m (2003 £0.6m). Further assurance services comprises services provided in respect of International Financial Reporting Standards, securitisation transactions and the raising of wholesale funding.

Non-recurring expenses	£m	£m

Average number of staff (including Executive Directors) employed by the Group	3,916	1,064	3,448	952

7. Pension commitments

The Company operates the Northern Rock Pension Scheme (the "Scheme") to provide retirement benefits for staff. Staff who joined the Scheme before 1 July 1999 participate in the funded, contracted-out, defined benefit section of the Scheme unless they opt out. Other staff, including those employed at 1 July 1999 but not members of the defined benefit section of the Scheme at that date, together with staff employed from 1 July 1999, participate in the contracted-in defined contribution section of the Scheme unless they opt out. The assets of both sections of the Scheme are held in a trustee-administered fund separate from the assets of Northern Rock plc.

The Company has continued to account for pensions in accordance with SSAP 24. FRS 17 "Retirement Benefits" was issued in November 2000 but requires only phased transitional disclosures for the Company until the year ending 31 December 2005. These disclosures, to the extent not given in (a), are set out in (b) below.

(a) The most recent triennial valuation of the Scheme was performed as at 5 April 2003 by Watson Wyatt LLP, consulting actuaries, using the projected unit method. The principal actuarial assumptions adopted in that valuation were that, over the long term, the rate of return on existing and future investments will exceed pension increases by 3.50% per annum and increases in pensionable earnings by 2.25% per annum. At 5 April 2003, the market value of the fund was £158.6m which represented 97.3% of the market value of the benefits that had accrued to the valuation date. The next full actuarial valuation is due to be carried out as at 5 April 2006.

During 2004, the Company paid employer's contributions of 15.9% of basic pensionable earnings throughout the year (2003 14.8% until 5 April 2003 and 15.9% thereafter) in respect of the defined benefit section of the Scheme. In addition, members of the defined benefit section of the Scheme paid employee contributions of 5% (2003 5%). During 2004, the Company paid employer's contributions in respect of the defined contribution section of the Scheme at an average rate of 6.0% (2003 6.0%). Additional National Insurance costs were also incurred as a result of the defined contribution section of the Scheme being contracted-in to SERPS. In addition, members of the defined contribution section of the Scheme paid contributions at an average rate of 4.3% (2003 4.3%).

The total pensions charge to the Group profit and loss account for 2004, as calculated by Watson Wyatt LLP, independent qualified actuaries, in respect of employer's contributions to the Northern Rock Pension Scheme, was £8.9m (2003 £8.6m), of which £7.1m was in respect of the defined benefit scheme (2003 £7.0m) and £1.8m in respect of the defined contribution scheme (2003 £1.6m). The charge for the defined benefit scheme in 2004 includes £3.7m arising from the underfunding of the Scheme adjusted for the level of prepayment (2003 £3.6m). In accordance with SSAP 24, surpluses and deficiencies, adjusted for the level of prepayment, are being amortised over the average remaining service lives of the employees in the defined benefit scheme, estimated at 13 years.

The prepayment in relation to the Scheme at 31 December 2004 was £28.9m (2003 £30.6m).

(b) The valuation used for FRS 17 disclosures has been based on the most recent triennial actuarial valuation at 5 April 2003 and updated by Watson Wyatt LLP to take account of the requirements of FRS 17 in order to assess the liabilities of the Scheme at 31 December 2004. Scheme assets are stated at their market value at 31 December 2004.

The financial assumptions used to calculate Scheme liabilities under FRS 17 are:

	2004	2003	2002
Discount rate	5.30%	5.40%	5.60%
Inflation rate	2.75%	2.65%	2.30%
Pensions in payment increases	3.10%	3.00%	3.00%
Deferred pensions increases	2.75%	2.65%	2.30%
Salary increases	4.50%	4.40%	4.05%

7. Pension commitments (continued)

The assets in the Scheme and the expected rate of return were:

	Long-term rate of return expected at 31 Dec 2004	Market value at 31 Dec 2004 £m	Long-term rate of return expected at 31 Dec 2003	Market value at 31 Dec 2003 £m	Long-term rate of return expected at 31 Dec 2002	Market value at 31 Dec 2002 £m
Equities	**8.1%**	**106.2**	8.1%	96.0	8.6%	79.6
Bonds	**5.0%**	**80.4**	5.1%	74.9	4.5%	66.6
Property	**6.7%**	**12.0**	6.8%	7.4	6.5%	7.6
Cash	**4.8%**	**1.1**	3.8%	1.2	4.0%	0.4
Total	**6.7%**	**199.7**	6.8%	179.5	6.7%	154.2

	31 Dec 2004 £m	31 Dec 2003 £m
Scheme deficit:		
Total market value of assets	**199.7**	179.5
Present value of Scheme liabilities	**(251.4)**	(226.1)
Deficit in the Scheme	**(51.7)**	(46.6)
Related deferred tax asset	**15.5**	14.0
Net pension liability	**(36.2)**	(32.6)

Proforma reserves:	31 Dec 2004 £m	31 Dec 2003 (as restated) £m
Profit and loss reserve	**1,403.9**	1,201.9
Pension liability	**(36.2)**	(32.6)
Less SSAP24 pension fund prepayment net of related deferred tax asset of £8.7m (2003 £9.2m)	**(20.2)**	(21.4)
Proforma profit and loss reserve if FRS 17 adopted	**1,347.5**	1,147.9

The position shown represents the funded status of the Scheme based on market conditions at 31 December 2004. Market related calculations such as these are subject to daily variations. The deficit disclosed does not represent a debt on the employer. Contributions to the Scheme will continue to be determined in accordance with the Trustees' funding valuation, the next one being due in April 2006, or any interim valuations undertaken by the Trustees or the Company. The rules of the Northern Rock Pension Scheme (final salary section) permit both employer and employee pensions contributions to be increased to meet part of any deficit.

The following disclosures show the amounts that would have been chargeable to the profit and loss account and to the statement of total recognised gains and losses in respect of the non-money purchase benefits provided by the Scheme if FRS 17 had been fully implemented in 2004.

	34.8	10.6	60.0	105.4
At 31 December 2004:				
Specific provision	3.4	1.0	45.5	49.9
General provision	32.9	11.2	37.0	81.1
	36.3	12.2	82.5	131.0

9. Provisions for bad and doubtful debts (continued)

Interest has been suspended on impaired loans as follows:

	Group and Company		
	On advances secured on residential property £m	On other secured advances £m	Total £m
Interest suspended at 1 January 2004	1.9	3.9	5.8
Movement in suspended interest during the year:			
Interest suspended	1.3	0.6	1.9
Receipts of interest previously suspended	(0.6)	–	(0.6)
Amounts written off	(0.2)	(0.5)	(0.7)
Interest suspended at 31 December 2004	2.4	4.0	6.4

	Group and Company	
	2004 £m	2003 £m
Advances on which interest has been suspended totalled:		
Before provisions	**18.3**	17.8
After provisions	**15.4**	15.3

10. Tax on profit on ordinary activities

	2004 £m	2003 £m
The tax charge for the year comprises:		
UK corporation tax		
Current tax on profits for the year	**115.5**	102.4
Adjustments in respect of prior years	**(3.3)**	(5.8)
Total current tax	**112.2**	96.6
Increase in deferred taxation	**12.8**	15.6
	125.0	112.2

A reconciliation of current tax on profit on ordinary activities at the standard UK corporation tax rate to the Group's actual current tax charge for the years ended 31 December 2004 and 2003 is shown as follows:

	2004 £m	2003 £m
Profit on ordinary activities before tax multiplied by the standard rate of corporation tax in the UK of 30% (2003 30%)	**129.4**	116.0
Effects of:		
Net (non taxable income)/non deductible expenses for tax purposes	**(1.5)**	0.5
Current tax effect of timing differences	**(12.4)**	(14.1)
Adjustments to tax charge in respect of previous periods	**(3.3)**	(5.8)
Current tax charge for period	**112.2**	96.6

Note 38 discloses the book and fair values for some of the Group's financial instruments. The net deficit which would arise from recording these financial instruments at their fair value instead of their book value of £174.8m (2003 £65.4m) has not been recognised in the accounts. Accordingly no provision for the corresponding deferred tax asset of £52.4m (2003 £19.6m) has been made.

11. Profit on ordinary activities after taxation

Of the profit on ordinary activities after taxation attributable to ordinary shareholders, £262.7m (2003 £227.3m) has been dealt with in the accounts of the Company. As permitted by section 230 of the Companies Act 1985, the Company's profit and loss account has not been presented separately.

12. Dividends

	2004 pence per share	2003 pence per share	2004 £m	2003 £m
Ordinary Shares:				
Interim (paid)	**8.5**	7.5	**35.2**	31.6
Final (proposed)	**18.0**	15.8	**74.8**	66.2
less paid and payable to ESOP trusts (see note 34)			**–**	(1.5)
	26.5	23.3	**110.0**	96.3

13. Earnings per ordinary share

Earnings per Ordinary Share have been calculated by dividing the profit attributable to the holders of Ordinary Shares in Northern Rock plc of £306.2m (2003 (as restated) £274.4m) by the weighted average number of Ordinary Shares in issue of 413.0m (2003 412.3m).

The weighted average number of Ordinary Shares in issue has been determined after excluding shares held in trust for employee share schemes.

Fully diluted earnings per Ordinary Share have been calculated using the weighted average number of shares in issue together with 3.6m (2003 3.6m) potentially dilutive shares resulting from options granted under employee share schemes.

14. Loans and advances to banks

	Group		Company	
	2004 £m	2003 £m	**2004 £m**	2003 £m
Repayable:				
On demand	**268.9**	973.3	**255.8**	964.1
In not more than three months	**3,017.0**	2,469.9	**2,952.1**	2,366.7
In more than three months but not more than one year	**19.5**	7.0	**14.5**	7.0
	3,305.4	3,450.2	**3,222.4**	3,337.8

The Company is required to maintain balances with the Bank of England, which at 31 December 2004 amounted to £44.0m (2003 £36.3m).

15. Loans and advances to customers

	Group		Company	
	2004 £m	2003 £m	**2004 £m**	2003 £m
Advances secured on residential property	**27,000.7**	23,179.7	**27,000.3**	23,179.1

	32,869.3	27,355.8	**32,900.9**	27,392.6

16. Securitisation

Loans and advances to customers include portfolios of residential and commercial mortgage loans which are subject to non-recourse financing arrangements. The loans have been purchased by special purpose vehicles, which have primarily issued mortgage backed fixed and floating rate notes to finance the purchases.

The Group is not obliged to support any losses in respect of these mortgages, except as described below, nor does it intend to do so. This is clearly stated in the agreements with noteholders.

Northern Rock plc has made interest bearing subordinated loans to the special purpose vehicles, the repayments of which are subordinated to the claims of the noteholders. In addition, mortgage indemnity guarantee (MIG) insurance is provided on certain loans to the vehicles purchasing residential mortgage loans by a subsidiary of Northern Rock plc. Since 1 January 2003, Northern Rock plc has not taken out MIG insurance in respect of new loans. Existing cover remains in force. Northern Rock plc does not guarantee the liabilities of this subsidiary. In the Group accounts, a separate presentation of assets and liabilities has been adopted to the extent of the insurance cover provided by the subsidiary.

16. Securitisation (continued)

Northern Rock plc has an option to sell further mortgage loans to the special purpose vehicles where at the end of any interest period the rate of repayment of principal in the vehicle exceeds the level agreed at the date of sale of the loans. Northern Rock plc has no right or obligation to repurchase the benefit of any securitised loan except to the extent that the loan breaches representations and warranties given at the date of sale. It does, however, have the option to repurchase loans from the vehicles, on being offered the opportunity to do so by the vehicles, where the borrower requests a further advance or a change in product type.

Northern Rock plc has entered into a number of interest rate swaps with the vehicles. These convert interest flows from the mortgage loans into LIBOR based interest flows to match the interest flows payable on the floating rate notes.

During the year, Northern Rock plc assigned portfolios of residential mortgage loans with a book value of £16.7 billion to Granite Finance Trustees Limited. Granite Finance Funding Limited acquired, at book value, an interest in the trust property vested in Granite Finance Trustees Limited. This beneficial interest was acquired in three separate transactions, the first on 28 January 2004 for £3.5 billion, the second on 26 May 2004 for £3.6 billion and the third on 22 September 2004 for £4.0 billion. Granite Finance Funding Limited funded its acquisitions through borrowings from its subsidiary companies, Granite Mortgages 04-1 plc, Granite Mortgages 04-2 plc and Granite Mortgages 04-3 plc. These companies principally funded their loans to Granite Finance Funding Limited through the issue of mortgage backed fixed and floating rate notes.

The balances of assets subject to securitisation and the associated non-recourse finance at 31 December 2004 are set out below.

Securitisation company	Date of securitisation	Gross assets securitised	Non-recourse finance	Subordinated loans made by the Group
		£m	£m	£m
Residential:				
Granite Mortgages 99-1 plc	1 October 1999	105.0	95.3	-
Granite Mortgages 00-1 plc	1 March 2000	280.1	267.0	-

Total commercial		290.8	216.4	19.1
Maximum extent of insurance cover provided by subsidiary			(125.0)	
Total		22,339.2	22,103.7	327.2

[1] Represents the interest in the trust property at book value held by Granite Finance Funding Limited relating to the debt issued by these companies.

No subordinated debt was issued by Granite Mortgages 01-1 plc to Northern Rock plc in relation to the funding of a first loss reserve fund. However, Granite Mortgages 01-1 plc's parent company, Granite Finance Funding Limited, retained £20 million from the proceeds of debt issuance to fund this reserve. This amount is repayable only after full repayment of the notes.

Interest income earned by Northern Rock plc in respect of the retained interest in Granite Trustees Limited and Dolerite Trustees Limited is recorded in the profit and loss account within "other interest receivable and similar income".

Northern Rock plc does not own directly or indirectly any of the share capital of these companies or of their parent. The Group receives administration fees for servicing the mortgage portfolios together with any residual income arising after the claims of the bondholders and other creditors are met.

At 31 December 2004 the special purpose companies had cash deposits with Northern Rock plc amounting to £1,396.0m. At 31 December 2003 such deposits were held by other third party banks. As such the total gross assets securitised available to meet non-recourse finance amount to £23,735.2m (2003 £15,678.7m).

An aggregated summary of the results for the years ended 31 December 2004 and 2003, and summarised balance sheets as at 31 December 2004 and 2003 for the above companies are set out below.

16. Securitisation (continued)

	2004 £m	2003 £m
Interest receivable	**998.5**	696.0
Interest payable	**(953.9)**	(538.3)
Interest receivable on cash deposits with Northern Rock	**46.9**	–
Fixed rate swaps payable to Northern Rock	**(1.7)**	(65.4)
Other swaps and net interest payable to Northern Rock	**31.4**	(34.7)
Net interest receivable	**121.2**	57.6
Other income net of administrative and other expenses payable to third parties	**19.8**	9.0
Administrative expenses payable to Northern Rock	**(141.0)**	(66.6)
Profit for the financial period	**–**	–
Loans and advances to banks	**423.9**	1,200.4
Cash deposits held with Northern Rock	**1,396.0**	–
Loans and advances to customers	**21,021.1**	14,130.3
Amounts owed by Group companies	**18.6**	4.2
Other assets	**16.1**	–
Total assets	**22,875.7**	15,334.9
Debt securities in issue	**22,228.7**	14,983.3
Amounts owed to Group companies	**645.9**	338.3
Other liabilities	**1.1**	13.3
Total liabilities	**22,875.7**	15,334.9

The interest attributable to the Northern Rock Group is included in the Group profit and loss account under the heading, "Interest receivable". The other income and expenses are included within "Other operating income". The securitisation companies are accounted for as quasi subsidiaries (see note 1).

The balance sheets above reconcile to the linked presentation in the Group balance sheet as follows:

	2004 £m	2003 £m
Loans and advances to banks	**423.9**	1,200.4

	22,103.7	14,832.4

In addition to the transactions above which are accounted for under linked presentation, Northern Rock assigned a portfolio of unsecured loans amounting to £749.7m to Flint Receivables Trustees Limited on 8 December 2003. Flint Consumer Loans No. 1 Limited purchased an interest amounting to £595.0m in the trust property on the same date, funded by the issue of asset backed notes. The noteholders have a proportionate interest in each balance in the portfolio, and at 31 December 2004 this interest amounted to £595.0m (2003 £595.0m). This securitisation does not qualify for linked presentation and therefore the total portfolio is included within unsecured loans as part of loans and advances to customers not subject to securitisation. The funding giving rise to the noteholders' interests is included within debt securities in issue.

Included within loans and advances to customers not subject to securitisation are £1,977.6m of mortgage advances assigned to a bankruptcy remote special purpose vehicle. These loans provide security to an issue of covered bonds of €2.0 billion (£1,340.8m equivalent) made by Northern Rock on 4 May 2004, which are included within debt securities in issue. Northern Rock retains substantially all the risks and rewards associated with these loans and therefore this transaction does not qualify for linked presentation or sale treatment.

17. Debt securities

Released in year	(1.5)	(1.5)
At 31 December 2004	–	–
Net book amount:		
At 31 December 2004	575.6	458.1
At 31 December 2003	410.8	319.9

All equity shares and other variable yield securities are held with the intention of use on a continuing basis in the Group's activities and are classified as financial fixed assets.

19. Shares in group undertakings

	Company £m
Cost:	
At 1 January 2004	217.2
Distribution from subsidiary	(92.4)
At 31 December 2004	124.8
Provisions:	
At 1 January 2004 and 31 December 2004	4.3
Net book amount:	
At 31 December 2004	120.5
At 31 December 2003	212.9

The Company's interest in subsidiary undertakings are analysed as follows:

	2004 £m	2003 £m
Credit institutions	**50.0**	50.0
Other	**70.5**	162.9
	120.5	212.9

The principal subsidiaries of Northern Rock plc at 31 December 2004 are listed below, all of which are directly held and wholly owned by the Company, and all of which operate in their country of incorporation or registration.

	Nature of business	Country of incorporation or registration
Northern Rock Mortgage Indemnity Company Limited	Provision of mortgage indemnity insurance	Guernsey
Northern Rock (Guernsey) Limited	Retail deposit taker	Guernsey

In addition, Granite Mortgages 99-1 plc, Granite Mortgages 00-1 plc, Granite Mortgages 00-2 plc, Granite Mortgages 01-1 plc , Granite Mortgages 01-2 plc, Granite Mortgages 02-1 plc, Granite Mortgages 02-2 plc, Granite Mortgages 03-1 plc, Granite Mortgages 03-2 plc, Granite Mortgages 03-3 plc, Granite Mortgages 04-1 plc, Granite Mortgages 04-2 plc, Granite Mortgages 04-3 plc and Dolerite Funding No. 1 plc, all companies incorporated in England and Wales, and Granite Finance Funding Limited, Granite Finance Trustees Limited and Dolerite Mortgages Trustee Limited, all companies incorporated in Jersey, have been accounted for as quasi-subsidiaries (see note 1).

Northern Rock acquired all the issued share capital of Legal & General Bank Limited (renamed Northern Rock Holdings No. 1 Limited) and Legal & General Mortgage Services Limited (renamed Northern Rock Holdings No. 2 Limited) on 1 August 2002. On 9 November 2002 the assets and undertakings of each of these companies were transferred to Northern Rock plc, and neither have any continuing operations. During 2003, Northern Rock Holdings No. 1 Limited surrendered its permission under Part IV, Financial Services and Markets Act 2000 to accept deposits and is therefore no longer regarded as a credit institution. During 2004 Northern Rock Holdings No. 1 Limited paid a capital distribution to Northern Rock plc of £92.4m.

Net book amount of land and buildings occupied for own use: 2004 £83.0m (2003 £80.0m).

22. Other assets

	Group 2004 £m	Group 2003 (as restated) £m	Company 2004 £m	Company 2003 (as restated) £m
Deferred taxation	–	–	**18.4**	16.6
Dividends receivable	–	–	**6.9**	7.2
Other assets	**69.6**	76.6	**61.0**	61.5
	69.6	76.6	**86.3**	85.3

22. Other assets (continued)

The full movement on deferred taxation (payable)/recoverable was as follows:

	Group		Company	
	2004	2003	**2004**	2003
	£m	£m	**£m**	£m
At 1 January	**(19.0)**	(3.4)	**16.6**	13.3
(Charge)/credit for year	**(12.8)**	(15.6)	**1.8**	3.3
At 31 December	**(31.8)**	(19.0)	**18.4**	16.6

The amounts (payable)/recoverable in respect of deferred taxation relate to:

	Group		Company	
	2004	2003	**2004**	2003
	£m	£m	**£m**	£m
Excess of capital allowances over depreciation	**(9.3)**	(8.8)	**(8.9)**	(8.5)
Other timing differences	**(22.5)**	(10.2)	**27.3**	25.1
	(31.8)	(19.0)	**18.4**	16.6

23. Prepayments and accrued income

	Group		Company	
	2004	2003	**2004**	2003
	£m	£m	**£m**	£m
Deferred mortgage incentives	**279.3**	236.9	**279.3**	236.9
Accruals on derivatives	**163.1**	111.5	**163.1**	111.5
Accrued interest	**79.7**	65.5	**77.2**	63.2
Pension fund prepayment	**28.9**	30.6	**28.9**	30.6
Other	**195.9**	120.3	**291.0**	255.9
	746.9	564.8	**839.5**	698.1
Included above:				
Deferred mortgage incentives chargeable to the profit and loss account in more than one year	**114.3**	99.9	**114.3**	99.9

The movements on deferred mortgage incentives were as follows:

	Group and Company	
	2004	2003
	£m	£m
At 1 January	**236.9**	257.5
Additions	**482.5**	327.1
Amortisation	**(440.1)**	(347.7)
At 31 December	**279.3**	236.9

Additions to deferred mortgage incentives in the year is the amount that would have been charged to the profit and loss account for the year if incentives were not being amortised.

	539.8	475.3	**544.9**	464.2

29. Subordinated liabilities

	Group and Company	
	2004 £m	2003 £m
Dated		
5.625% Subordinated bonds due 2015	**300.0**	300.0
11.734% Subordinated loan 2016	**20.0**	20.0
5.75% Subordinated bonds due 2017	**250.0**	250.0
10$\frac{3}{8}$% Subordinated bonds due 2018	**50.0**	50.0
9$\frac{3}{8}$% Subordinated bonds due 2021	**149.3**	149.2
Undated		
12$\frac{5}{8}$% Perpetual subordinated notes	**19.8**	19.8
8% Undated subordinated notes	**61.5**	61.5
6.75% Fixed rate step-up undated subordinated notes	**200.0**	200.0
Floating rate undated subordinated notes	**69.0**	69.0
5.6% Undated subordinated notes	**396.1**	–
	1,515.7	1,119.5

The 5.625% subordinated bonds due 2015 are not redeemable in the ordinary course of business before 13 January 2010.

The 11.734% subordinated loan 2016 is repayable in five equal annual instalments from 2012 to 2016.

The 5.75% subordinated bonds due 2017 are not redeemable in the ordinary course of business before 28 February 2012.

The 10$\frac{3}{8}$% subordinated bonds due 2018 are not redeemable in the ordinary course of business before 25 March 2018.

The 9$\frac{3}{8}$% subordinated bonds due 2021 are not redeemable in the ordinary course of business before 17 October 2021.

The 12$\frac{5}{8}$% perpetual subordinated notes were created on the transfer of business from Northern Rock Building Society and were issued to holders of Permanent Interest Bearing Shares of the Society.

The 8% undated subordinated notes are denominated in US dollars; the proceeds and coupon payments have been swapped into sterling. The notes became redeemable on 15 June 2004 and may subsequently be redeemed in the ordinary course of business on coupon dates which fall on 15 March, 15 June, 15 September and 15 December.

The 6.75% fixed rate step-up undated subordinated notes are not redeemable in the ordinary course of business before 17 June 2024.

The floating rate undated subordinated notes are denominated in US dollars; the proceeds and coupon payments have been swapped into sterling. They are not redeemable in the ordinary course of business before 23 February 2011. Interest is payable at 1% above 3 month US$ LIBOR.

The 5.6% undated subordinated notes are denominated in US dollars; the proceeds and coupon payments have been swapped into sterling. The notes are not redeemable in the ordinary course of business before 30 April 2014.

All subordinated liabilities, other than the 8% undated subordinated notes, the floating rate undated subordinated notes and the 5.6% undated subordinated notes are denominated in sterling. All are ranked equally between and within issues.

Redemptions of any dated subordinated notes prior to their final maturity date and any undated subordinated notes are subject to obtaining prior consent of the Financial Services Authority.

The rights of repayment of holders of subordinated liabilities are subordinated to the claims of other creditors.

The dated subordinated liabilities are repayable as follows:

	Group and Company	
	2004 £m	2003 £m
In more than five years	**769.3**	769.2

30. Reserve capital instruments

The reserve capital instruments were issued for a value of £200m on 21 September 2000 and are undated. A further £100m was issued in May 2001. They carry a coupon of 8.399% payable annually in arrears on 21 September each year. At each payment date Northern Rock will decide whether to declare or defer the coupon. If Northern Rock decides to declare the coupon, the holder will receive a cash payment equivalent to the coupon which, at Northern Rock's option, will be achieved either by the payment of cash directly, or by the issue of Ordinary Shares in Northern Rock which, when sold by a trustee in the market, will produce an amount equal to the cash payment. If Northern Rock elects to defer the coupon, it may not declare or pay a dividend on any share until the deferred coupons are satisfied. Deferred coupons and any interest accruing thereon can only be satisfied through the issue of shares. The coupon has been swapped into a variable rate payment.

Northern Rock has a call option after 15 years, which it can only exercise with the consent of the Financial Services Authority. If the issue is not called, the coupon resets to yield 4.725% above the prevailing 5-year benchmark Gilt rate.

The maximum amount of reserve capital instruments permitted to be included in Tier 1 for regulatory capital purposes is 15% of overall Tier 1 capital, as defined by the Financial Services Authority. Any excess is allocated to Upper Tier 2 capital.

31. Tier one notes

The tier one notes were issued for a value of £200m on 21 August 2002 and are undated. They carry a coupon of 7.053% payable annually in arrears on 21 September each year. At each payment date Northern Rock will decide whether to declare or defer the coupon. If Northern Rock decides to defer the coupon, this can then only be satisfied upon the date on which the issue is redeemed. No interest will accrue on any deferred coupon. If Northern Rock defers the coupon, it may not pay a dividend on any share or pay any coupon on the reserve capital instruments, nor redeem or repurchase any of its share capital or reserve capital instruments until it next makes a coupon payment for the tier one notes. Deferred coupons can only be satisfied through the issue of Ordinary Shares.

The coupon has been swapped into a variable rate payment.

Northern Rock has a call option after 25 years, which it can only exercise with the consent of the Financial Services Authority. If the issue is not called, the coupon resets to yield 1.835% above 6-month LIBOR.

The full amount of tier one notes is permitted for inclusion within Tier 1 for regulatory capital purposes.

32. Called up share capital

	Ordinary Shares of 25p each Number	Foundation Shares of 25p each Number	Total Number	Ordinary Shares of 25p each £m	Foundation Shares of 25p each £m	Total £m
Authorised:						
At 31 December 2004 and 31 December 2003	614.0m	104.5m	718.5m	153.5	26.1	179.6
Issued and fully paid:						
At 31 December 2004 and 31 December 2003	421.2m	74.4m	495.6m	105.3	18.6	123.9

The Foundation Shares are held by The Northern Rock Foundation. These shares carry no rights to dividends but rank pari passu with the Ordinary Shares in respect of other distributions and in the event of a winding up. Because they carry no rights to dividends, they have been omitted in the calculation of earnings per share (see note 13). These shares do not confer any rights in relation to attendance or voting at any general meeting of the Company.

The following options to acquire Ordinary Shares were outstanding at 31 December 2004 under savings related share option schemes:

- 30,921 (31 December 2003 36,444) at an option price of 381p per share exercisable during 2005
- 1,345,521 (31 December 2003 1,394,391) at an option price of 215p per share exercisable on various dates up to 2007
- 825,588 (31 December 2003 912,660) at an option price of 598p per share exercisable on various dates up to 2010

At 31 December 2004, options to acquire 569,770 Ordinary Shares (31 December 2003 945,565) were outstanding under the Northern Rock Employee Share Option Scheme at an option price of 618p per share. These options became exercisable on 1 June 2001 and may be exercised until 2008.

At 31 December 2004, options to acquire 2,985,000 Ordinary Shares (31 December 2003 3,369,000) were outstanding under the Northern Rock Employee Share Option Scheme at an option price of 641p per share. These options are exercisable between 2005 and 2012.

33. Reserves

	Share premium account £m	Capital redemption reserve £m	Profit and loss account £m
Group			
At 1 January 2004			
As previously reported	6.8	7.3	1,249.9
Prior year adjustment re own shares	–	–	(48.0)

Prior year adjustment re own shares	–	–	(47.3)
As restated	6.8	7.3	1,096.1
Movements in relation to own shares (see note 34)	–	–	5.8
Retained profit	–	–	152.7
At 31 December 2004	6.8	7.3	1,254.6

34. Own shares

The amounts deducted from the profit and loss reserve in respect of own shares, which are held at cost, are as follows:

	Group and Company	
	2004	2003
	£m	£m
Own shares in relation to employee share schemes	**55.3**	58.2

Movements in the amount deducted from reserves in respect of own shares have been as follows:

At 1 January	**58.2**	53.9
Purchase of shares	**6.0**	15.5
Use of shares on exercise of employee options and for other employee share plans	**(8.9)**	(11.2)
	(2.9)	4.3
Closing shareholders' funds	**55.3**	58.2
The credit/(charge) to the profit and loss account reserve has been as follows:		
Surplus on transactions in own shares	**2.9**	1.0
Net decrease/(increase) in cost of own shares	**2.9**	(4.3)
	5.8	(3.3)

Northern Rock plc sponsors The Northern Rock Employee Trust, The Northern Rock Employee Profit Sharing Scheme and The Northern Rock Qualifying Employee Share Ownership Trust which are discretionary trusts for the benefit of employees and former employees of Northern Rock plc. The Company has provided funds to the trustees to enable them to purchase Northern Rock plc Ordinary Shares, which are used to satisfy options granted by the Company or to meet commitments arising under other employee share schemes. The cost of providing these shares is charged to the profit and loss account on a systematic basis over the period that the employees are expected to benefit. In accordance with the rules of The Northern Rock Qualifying Employee Share Ownership Trust, dividends on shares held by that trust are waived. At 31 December 2004 this trust held 2,054,261 shares (2003 2,056,063). With effect from the 2004 interim payment, dividends on shares held by The Northern Rock Employee Trust are waived. At 31 December 2004 this trust held 5,779,139 shares.

At 31 December 2004, a total of 8,344,641 shares were held by the trustees (2003 9,239,017) with a market value of £65.2m (2003 £66.1m). These shares are excluded from the weighted average number of Ordinary Shares when calculating earnings per Ordinary Share (see note 13).

35. Reconciliation of movements in shareholders' funds

	Group		Company

Closing shareholders' funds	**1,541.9**	1,339.9	**1,392.6**	1,234.1

36. Guarantees and other financial commitments

(i) The Company has an obligation under the Building Societies Act 1986, as successor company to Northern Rock Building Society, to honour the financial commitments of its subsidiaries and associated bodies linked by resolution, incurred prior to 11 June 1996 insofar as those bodies are unable to discharge them out of their own assets. The Company has agreed to continue this obligation in respect of liabilities of Northern Rock (Guernsey) Limited.

(ii) The Company has given indemnities to the National House Building Council in respect of certain of its house building operations.

(iii) Capital commitments at 31 December in respect of authorised expenditure were as follows:

	Group		Company	
	2004	2003	**2004**	2003

37. Derivatives and other financial instruments

The Group's approach to risk management and the related use of derivative instruments is described below.

Risk management

Management of risk is fundamental to the business of banking and is an integral part of the Group's strategic focus. The Group's risk management governance structure begins with oversight responsibility by the Board of Directors. Assisting the Board, the Audit Committee of Non-Executive Directors advises the Board on all matters relating to regulatory, prudential and accounting requirements that may affect the Group and reports to the Board on both financial and non-financial controls. The Risk Committee comprising three Non-Executive and the Executive Directors reviews the key risks inherent in the business and the system of control necessary to manage such risks.

In addition, the Management Board Asset and Liability Committee, which comprises the Executive Directors, the Company Secretary and ten other senior executives, has been delegated the responsibility to oversee the management and review of the balance sheet risk and liquidity profiles. The Management Board Asset and Liability Committee is supported by the director of Risk.

The director of Risk reports on and monitors risks throughout the Group and assists operational business areas in the formulation and implementation of appropriate risk management policies, methodologies and infrastructure. Each business area is responsible for the identification and quantification of their particular operational and credit risk exposures and implementing risk management policies and procedures agreed by the Board.

Credit risk

Credit risk is the potential risk of financial loss arising from the failure of a customer or counterparty to settle its financial and contractual obligations.

The overall day-to-day management of credit risk is delegated to individual business areas. Each business area utilises various qualitative and quantitative techniques to measure and manage their respective credit risk exposures. This includes the use of various credit risk mitigation techniques such as netting.

The customer loan risk management process incorporates sophisticated credit scoring systems to differentiate the credit risk associated with residential mortgage loans and unsecured loans, both at individual transaction and portfolio levels.

Credit exposure limits for corporates and financial institutions are primarily based on the credit ratings assigned by the rating agencies. Credit limits are monitored by the Management Board Asset and Liability Committee to ensure they remain within authorised counterparty credit limits as detailed in the Credit Risk Policy Statement approved by the Board of Directors.

Liquidity risk

Liquidity risk arises from the mismatch in the cash flows generated from on balance sheet assets and liabilities, and the interest flows of off balance sheet instruments.

The Board of Directors has approved a Liquidity Policy statement which is compliant with the supervisory framework set by the Financial Services Authority ("FSA"). These policies ensure that the Group is able to meet retail deposit withdrawals – either on demand or at contractual maturity – to repay wholesale borrowings as they mature and to meet current lending objectives. This is achieved by managing a diversified portfolio of high quality liquid assets, and a balanced maturity profile of wholesale and retail funds. Regular reports are made to the FSA detailing the Group's sterling stock liquidity.

Operational risk

Operational risk is the potential risk of financial loss or impairment to reputation arising from failures in operational processes or the systems that support them. To minimise operational risk, the Group maintains a system of control commensurate with the characteristics of the business and markets in which the Group operates, best practice principles and regulatory considerations. Where necessary, the Management Board Asset and Liability Committee will establish a project team, comprising senior business line managers, to devise and implement a suitable action plan to mitigate specific operational risk exposures.

Market risk

Market risk is the risk to earnings arising from changes in interest rates, foreign exchange rates and the price of financial securities.

(i) Interest rate risk

As a UK based mortgage institution, Northern Rock offers numerous banking, mortgage and savings products with varying interest rate features and maturities which create potential interest rate exposures.

The Board of Directors has approved a Balance Sheet Structural Risk Management and Hedging Policy Statement that details the policies, procedures and controls for managing risk, including interest rate risk and the use of derivatives. This policy is reviewed regularly by the Management Board Asset and Liability Committee which is responsible for ensuring that balance sheet exposures are managed within the Group's policies and operational limits.

All structural interest rate risk positions and interest rate sensitivity tests are reported to the Management Board Asset and Liability Committee on a regular basis.

(ii) Currency risk

In addition to raising funds through the sterling money markets, capital markets and domestic retail savings market, the Group raises funds through issuing Euro Commercial Paper, US Dollar Commercial Paper, non-sterling denominated medium-term debt securities (including covered bonds) and non-sterling denominated retail funds. The Group's policy is to fully hedge any exchange rate exposures by using cross-currency swaps and forward foreign exchange contracts, or to match exposures with assets denominated in the same currency. Any non-sterling denominated assets are also fully hedged in this manner or matched with non-sterling denominated liabilities.

Derivatives

The Board of Directors has authorised the use of derivative instruments for the purpose of supporting the strategic and operational business activities of the Group and reducing the risk of loss arising from changes in interest rates and exchange rates. All use of derivative instruments within Northern Rock is to hedge risk exposure, and the Group takes no trading positions in derivatives.

For the purpose of reducing interest rate risk and currency risk, the Group uses a number of derivative instruments. These comprise interest rate swaps, interest rate options, forward rate agreements, interest rate and bond futures, currency swaps and forward foreign exchange contracts. The objective, when using any derivative instrument, is to ensure that the risk to reward profile of any transaction is optimised. Where either an off balance sheet derivative instrument or an on balance sheet asset or liability could be used for a specific purpose, or where more than one derivative instrument could be used, the Group will select the instrument which optimises the following conditions:

- Minimise capital utilisation;
- Maximise income or minimise cost;
- Maximise liquidity;
- Minimise administrative and accounting complexity; and
- Minimise the Group's tax liability.

The benefits of using off balance sheet derivative instruments are measured by examining the anticipated consequences of not hedging the perceived risk in terms of revenue or capital loss.

37. Derivatives and other financial instruments (continued)

The following table summarises activities undertaken by Northern Rock, the related risks associated with such activities and the types of derivatives used in managing such risks. Such risks may also be managed using on balance sheet instruments as part of an integrated approach to risk management.

Activity	Risk	Type of hedge
Management of the return on variable rate assets	Reduced profitability due to falls in short-term interest rates	Receive fixed interest rate swaps Purchase interest rate options Sell forward rate agreements Purchase interest rate futures
Fixed-rate lending	Sensitivity to increases in interest rates Sensitivity to decreases in medium/long term interest rates, resulting in prepayment	Pay fixed interest rate swaps Purchase interest rate caps Impose early repayment penalty charges
Fixed-rate retail and wholesale funding	Sensitivity to falls in short-term interest rates	Receive fixed interest rate swaps
Fixed-rate asset investments	Sensitivity to increase in interest rates	Pay fixed interest rate swaps
Re-financing of wholesale funding	Sensitivity to increase in interest rates	Sell bond futures Purchase forward rate agreements Sell interest rate futures
Investment in foreign currency assets	Sensitivity to strengthening of sterling against other currencies	Cross-currency swaps Foreign currency funding
Issuance of bonds in foreign currencies	Sensitivity to weakening of sterling against other currencies	Cross-currency swaps
Interest earned on foreign currency denominated *debt securities*	Sensitivity to strengthening of sterling against other currencies	Forward foreign exchange contracts Purchase currency options

Derivatives which are combinations of more basic transactions (such as swaps with embedded option features), or which have leverage features, may be used in circumstances where the underlying position being hedged contains the same risk features, for example medium-term note issues based on equity indices or a multiple of an underlying floating market rate. In such cases the derivative used will be structured to match the risks of the underlying asset or liability. Exposure to market risk on such contracts is therefore fully hedged. Credit risk on these contracts is monitored within tightly defined risk limits on the basis of the contractual terms of the instruments, rather than the face or contract amount.

The vast majority of the Group's derivatives activity is contracted with banks and other financial institutions.

The table below shows the underlying principal amount and positive and negative book and fair values of derivatives by type of contract.

Group and Company 2004	Underlying principal amount £m	Positive book values £m	Negative book values £m	Positive fair values £m	Negative fair values £m
Interest rate contracts:

1 year or less	2,471.1	2.6	126.4	1.9	112.1
1-5 years	–	–	–	–	–
over 5 years	–	–	–	–	–
	7,791.7	174.3	448.3	167.8	435.9

The positive fair values above represent the gross replacement cost of the Group's derivatives and hence equate to the maximum gross loss it would incur if any party to the derivatives contract failed to perform to its terms. At 31 December 2004 the potential credit exposure after allowing for collateral received was £269.1m (2003 £194.0m).

In addition to the derivatives disclosed above, there are a number of derivatives that have been entered into by the securitisation companies (see note 16). These consist of interest rate swaps and cross currency swaps all with a term of over 5 years. The underlying principal amounts at 31 December 2004 were £1,636.1m and £14,810.2m (2003 £1,257.1m and £10,365.4m). Positive book values amounted to £nil and £270.6m (2003 £nil and £192.5m) and negative book values amounted to £nil and £1,368.5m (2003 £nil and £1,057.8m). Positive fair values were £42.7m and £275.4m (2003 £19.6m and £192.1m) and negative fair values were £0.3m and £1,367.1m (2003 £0.1m and £1,042.6m).

37. Derivatives and other financial instruments (continued)

The following table gives an analysis of the re-pricing periods of assets and liabilities on the Group balance sheet at 31 December.

Items are allocated to time bands in the table below by reference to the earlier of the next contractual interest rate re-pricing date and the residual maturity date.

2004	Within 3 months £m	After 3 months but within 6 months £m	After 6 months but within 1 year £m	After 1 year but within 5 years £m	After 5 years £m	Non-interest bearing funds £m	Total £m

	13,612.8	4,066.7	3,120.3	12,621.6	1,517.0	2,173.0	37,111.4
Interest rate sensitivity gap	324.0	(1,609.7)	1,216.7	1,107.4	235.5	(1,273.9)	–
Cumulative interest rate sensitivity gap	324.0	(1,285.7)	(69.0)	1,038.4	1,273.9	–	–

The above table has been restated to reflect the prior year adjustment arising from the introduction of UITF 38 (see note 2).

37. Derivatives and other financial instruments (continued)

Gains and losses on hedging derivatives

	2004 Gains £m	2004 Losses £m	2004 Net £m	2003 Gains £m	2003 Losses £m	2003 Net £m
Unrecognised gains and losses on hedges						
At 1 January	**225.2**	**(130.0)**	**95.2**	219.4	(292.6)	(73.2)
Arising in previous years recognised in 2004 (2003)	**(63.9)**	**50.4**	**(13.5)**	(42.5)	137.8	95.3
Brought forward gains and losses not recognised in 2004 (2003)	**161.3**	**(79.6)**	**81.7**	176.9	(154.8)	22.1
Arising in 2004 (2003) not recognised in 2004 (2003)	**86.7**	**(49.9)**	**36.8**	48.3	24.8	73.1
At 31 December	**248.0**	**(129.5)**	**118.5**	225.2	(130.0)	95.2
Of which:						
gains and losses expected to be recognised in 2005 (2004)	**96.3**	**(36.7)**	**59.6**	63.9	(50.4)	13.5
gains and losses expected to be recognised in 2006 (2005) or later	**151.7**	**(92.8)**	**58.9**	161.3	(79.6)	81.7

	2004 Gains £m	2004 Losses £m	2004 Net £m	2003 Gains £m	2003 Losses £m	2003 Net £m
Realised gains and losses held in the balance sheet						
At 1 January	**6.1**	**(14.5)**	**(8.4)**	16.0	–	16.0
Realised gains and losses brought forward recognised in income in 2004 (2003)	**(6.1)**	**7.7**	**1.6**	(16.0)	–	(16.0)
Brought forward realised gains and losses not recognised in income in 2004 (2003)	**–**	**(6.8)**	**(6.8)**	–	–	–
Realised gains and losses in 2004 (2003) not recognised in income in 2004 (2003)	**2.0**	**(9.6)**	**(7.6)**	6.1	(14.5)	(8.4)
At 31 December	**2.0**	**(16.4)**	**(14.4)**	6.1	(14.5)	(8.4)
Of which:						
gains and losses expected to be recognised in 2005 (2004)	**2.0**	**(16.4)**	**(14.4)**	6.1	(14.5)	(8.4)
gains and losses expected to be recognised in 2006 (2005) or later	**–**	**–**	**–**	–	–	–

The above tables show the gains and losses on off balance sheet derivative instruments used for hedging by the Group. The gains and losses do not therefore represent absolute gains or losses expected by the Group as they will be substantially offset by corresponding losses or gains from on balance sheet instruments.

Currency risk

No analysis has been provided of the Group's structural currency exposures on the grounds of materiality. Where the Group has transactional currency exposures, it uses a variety of derivative products to eliminate this risk and therefore has no material transactional currency risk.

38. Fair values of financial instruments

The table set out below details the book and fair values for some of the Group's financial instruments. This analysis excludes those financial assets which are not listed or publicly traded, and for which no liquid and active market exists. It therefore excludes loans and advances to customers, retail deposits and certain other balance sheet items.

	2004		2003	
	Book value £m	**Fair value £m**	Book value £m	Fair value £m
Assets				
Cash and balances at central banks	**10.2**	**10.2**	11.6	11.6
Loans and advances to banks	**3,305.4**	**3,305.4**	3,450.2	3,450.2
Debt securities	**4,743.5**	**4,777.6**	4,186.7	4,218.9
Equity shares and other variable yield securities	**575.6**	**591.1**	410.8	418.5
Liabilities				
Deposits by banks	**1,218.3**	**1,219.5**	1,480.6	1,480.4
Customer accounts – other customer accounts	**3,103.5**	**3,104.0**	2,454.5	2,454.5
Debt securities in issue	**16,557.1**	**16,633.4**	12,785.9	12,769.4
Subordinated liabilities	**1,955.0**	**2,219.9**	1,601.0	1,818.2
Other				
Derivatives receivable	**254.6**	**459.1**	174.3	372.5
Derivatives payable	**(515.3)**	**(601.3)**	(448.3)	(551.3)

Fair value is the amount at which a financial instrument could be exchanged in an arm's length transaction between informed and willing parties, other than in a forced or liquidation sale and excludes accrued interest. Where available, clean market prices have been used to determine fair values for securities converted at the spot rate of exchange where appropriate. For short term and floating rate borrowings the book value approximates to fair value because of short maturities and reset periods. For longer dated fixed rate borrowings where a market price is unavailable, the fair value has been estimated by adjusting the book value to reflect the effect of related hedging derivatives. The fair values of derivatives have been estimated by calculating the present value of estimated future cash flows.

In addition to the financial instruments above, there are a number of financial instruments within the securitisation companies (see note 16) for which the above disclosures are appropriate, which are currently contained within the linked presentation. These are debt securities in issue with a book value of £21,023.6m (2003 £14,023.9m) and a fair value of £21,123.2m (2003 £14,043.1m), derivatives receivable with a book value of £270.6m (2003 £192.5m) and a fair value of £318.1m (2003 £211.7m) and derivatives payable with a book value of £1,368.5m (2003 £1,057.8m) and a fair value of £1,367.4m (2003 £1,042.7m).

39. Non-sterling assets and liabilities

The aggregate amount of all assets and liabilities included in the balance sheet denominated in a currency other than sterling was as follows:

	Group		Company	
	2004 £m	2003 £m	**2004 £m**	2003 £m
Assets	**2,966.5**	2,362.3	**2,955.0**	2,351.0
Liabilities	**13,496.2**	9,463.9	**13,495.3**	9,463.7

The above assets and liabilities denominated in currencies other than sterling do not indicate the Group's exposure to foreign exchange risk. The Group has no material net currency exposures as all borrowings in foreign currencies are either hedged with cross currency swaps or forward foreign exchange agreements, or are matched by assets denominated in the same currency.

40. Related party transactions

(i) At the end of the year the aggregate amounts outstanding from Directors, their connected persons and Officers, in relation to loans from and other credit transactions with the Company, and the number of persons concerned, were as follows:

	Directors		Officers	
	2004	2003	**2004**	2003
Number of persons	**5**	6	**15**	13
Aggregate amount	**£2.0m**	£2.7m	**£2.4m**	£1.9m

(ii) The Company's total contribution payable under deed of covenant to The Northern Rock Foundation for the year ended 31 December 2004 amounted to £21.6m (2003 £19.3m). At 31 December 2004 the commitment in respect of amounts not yet paid was £11.6m (2003 £10.0m).

(iii) Except for the contribution to The Northern Rock Foundation, the Company has made no promotional and benevolent donations to organisations in which certain Directors and their connected persons hold positions of influence such as Directors, Trustees and Governors (2003 £nil).

(iv) The Company has mortgage loans receivable from its related companies. Movements in these loans and provisions in respect of them during the year were as follows:

	£m
Cost:	
At 1 January 2004 and 31 December 2004	0.1
Provisions:	
At 1 January 2004 and 31 December 2004	0.1
Net book amount:	
At 31 December 2004 and 31 December 2003	–

(v) Northern Rock plc is a listed company and its shares are held by a large number of investors. No investor acting individually has the ability to control the activities of the Company. Consequently it is considered that there is no ultimate controlling party as defined in FRS 8 "Related Party Transactions".

41. Reconciliation of operating profit to net operating cash inflows

	2004	2003 (as restated)
	£m	£m
Profit on ordinary activities before tax	**431.2**	386.6
(Increase)/decrease in prepayments and accrued income	**(182.1)**	37.9
Increase in accruals and deferred income	**57.2**	28.1
Provisions for bad and doubtful debts	**56.5**	48.7
Loans and advances written off	**(30.9)**	(30.3)
Depreciation and amortisation	**22.6**	20.1
Interest on subordinated liabilities	**85.5**	62.0
Interest on reserve capital instruments	**19.8**	17.3
Interest on tier one notes	**13.0**	11.4
Other non-cash movements	**9.6**	14.7
Net cash inflow from trading activities	**482.4**	596.5
Net increase in loans and advances to banks and customers	**(12,813.8)**	(9,631.9)
Net increase in deposits by banks and customer accounts	**1,369.1**	1,147.7
Net increase in debt securities in issue	**11,007.3**	8,794.5
Net decrease in other assets	**7.0**	2.6
Net decrease in other liabilities	**(18.8)**	(63.6)
Net cash inflow from operating activities	**33.2**	845.8

42. Gross cash flows

	2004 £m	2003 £m
(i) Returns on investments and servicing of finance		
Interest paid on subordinated liabilities	**78.7**	58.2
Interest paid on reserve capital instruments	**19.7**	17.2
Interest paid on tier one notes	**12.6**	11.5
	111.0	86.9
(ii) Capital expenditure and financial investment		
Purchase of investment securities	**9,670.3**	4,633.4
Sales and maturities of investment securities	**(8,900.9)**	(4,256.8)
Purchase of tangible fixed assets	**60.4**	43.6
Sale of tangible fixed assets	**(12.3)**	(0.7)
	817.5	419.5
(iii) Financing		
Issue of subordinated liabilities	**396.1**	–
	396.1	–

43. Analysis of the balances of cash as shown in the balance sheet

	As at 1 Jan 04 £m	Cashflow £m	As at 31 Dec 04 £m	As at 1 Jan 03 £m	Cashflow £m	As at 31 Dec 03 £m
Cash and balances at central banks	**11.6**	**(1.4)**	**10.2**	10.7	0.9	11.6
Loans and advances to other banks repayable on demand	**973.3**	**(704.4)**	**268.9**	601.4	371.9	973.3
	984.9	**(705.8)**	**279.1**	612.1	372.8	984.9

44. Analysis of changes in financing during the year

	Share capital £m	Loan capital £m	Reserve capital instruments £m	2004 Tier one notes £m	Share capital £m	Loan capital £m	Reserve capital instruments £m	2003 Tier one notes £m
At 1 January	**123.9**	**1,119.5**	**300.0**	**200.0**	123.9	1,119.5	300.0	200.0
Cash inflow from financing	**–**	**396.1**	**–**	**–**	–	–	–	–
Amortisation	**–**	**0.1**	**–**	**–**	–	–	–	–
At 31 December	**123.9**	**1,515.7**	**300.0**	**200.0**	123.9	1,119.5	300.0	200.0

Results for 2000 have been restated to reflect the early introduction of FRS 19 in 2001. Results for 2000 and 2001 have been restated to reflect the prior year adjustment in relation to changes in classification of RCIs and the corresponding coupon payable introduced in 2002. Results for 2000 – 2002 have been restated to reflect the reallocation of securitisation net interest from other income and charges to net interest receivable. Results for 2000 – 2003 have been restated to reflect the prior year adjustment arising from the introduction of UITF 38 in 2004.

		2000	2001	2002	2003	2004
Net interest receivable	£m	288.7	346.1	391.2	450.7	466.9

2005 Annual Return for Company Number 3273685

Your company's 2005 Annual Return is attached to this letter. It shows the information Companies House held on **8th October 2005** about your company and makes provision for you to enter certain details that are not already held.

What you should do

- Check the information already pre-printed on the Annual Return
- Enter any changes to that information in the spaces provided
- Complete section 3 and provide a full list of shareholders or, list of changes to the company shareholders as appropriate
- Complete and sign the Declaration
- **Return the full Annual Return and your shareholder list, if appropriate, with the fee payment.**

Important dates

Please make sure that the information you give us:
- Confirms your company's details as at **30th October 2005 the return date**
- Reaches Companies House by **27th November 2005 at the latest**

Returning the form

Failure to deliver an Annual Return on time is a criminal offence and may result in the prosecution of your company and its officers or the company being struck off the register. This applies to all companies, **even those which have not been trading.**

Company no longer required?

If the company is not trading and is no longer required, let us know by telephoning 0870 3333636.

The fee

The fee for the Annual Return is £30. Please send a cheque made payable to Companies House with your completed Annual Return.
