INDEPENDENT AUDITORS' REPORT

To the Members of
LAKE FOREST SECURITIES, LLC

We have audited the accompanying statement of financial condition of LAKE FOREST SECURITIES, LLC as of December 31, 2007, and the related statements of operations, changes in members' equity, changes in liabilities subordinated to claims of general creditors and cash flows for the year then ended that you are filing pursuant to Rule 17a-5 under the Securities Exchange Act of 1934. These financial statements are the responsibility of the Company's management. Our responsibility is to express an opinion on these financial statements based on our audit.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of LAKE FOREST SECURITIES, LLC as of December 31, 2007, and the results of its operations and its cash flows for the year then ended in conformity with accounting principles generally accepted in the United States of America.

Our audit was conducted for the purpose of forming an opinion on the basic financial statements taken as a whole. The information contained in the supplementary schedules is presented for purposes of additional analysis and is not a required part of the basic financial statements, but is supplementary information required by Rule 17a-5 under the Securities Exchange Act of 1934. Such information has been subjected to the auditing procedures applied in our audit of the basic financial statements and, in our opinion, is fairly stated in all material respects, in relation to the basic financial statements taken as a whole.

LAKE FOREST SECURITIES, LLC

NOTES TO FINANCIAL STATEMENTS for the year ended December 31, 2007

1. Organization and Business

Lake Forest Securities, LLC (the "Company"), was organized in the State of Illinois as a limited liability company on August 28, 1998. The Company is a registered securities broker-dealer with the Securities Exchange Commission (SEC) and is a member of the Financial Industry Regulatory Authority (FINRA). The Company provides security execution services to retail customers primarily in the Chicago area. Customer transactions are cleared on a fully disclosed basis through another broker.

2. Summary of Significant Accounting Policies

Revenue Recognition

Securities transactions and related income and expenses are recorded on the trade date basis.

Income Taxes

The Company, with the consent of its members, has elected under the Internal Revenue Code to be taxed as an S corporation. In lieu of corporation income taxes, the members are taxed on the Company's taxable income. Therefore, no provision or liability for federal income taxes has been included in the financial statements.

Use of Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the amounts reported in the financial statements and the accompanying notes. Management determines that the estimates utilized in preparing financial statements are reasonable and prudent. Actual results could differ from those estimates.

Depreciation

The vehicle is stated at cost and is depreciated using an accelerated method over the estimated useful life of the asset.

3. Net Capital Requirements

The Company is subject to the Securities and Exchange Commission's Uniform Net Capital Rule (15c3-1), and has elected to use the basic method as permitted by this rule. Under this rule, the Company is required to maintain "net capital" equal to \$100,000. At December 31, 2007 the Company had net capital and net capital requirements of \$159,443 and \$100,000, respectively.

LAKE FOREST SECURITIES, LLC

NOTES TO FINANCIAL STATEMENTS, Continued
for the year ended December 31, 2007

4. Credit Concentration

Financial instruments that potentially subject the company to concentrations of credit risk consist principally of bank balances in excess of Federal Deposit Insurance Corporation limits, the Company's deposits with its clearing organization and amounts due from the clearing organization.

The Company occasionally maintains bank balances in excess of federally insured limits. The Company has not experienced any losses on such accounts.

The Company is responsible for any loss, liability, damage, cost or expense incurred or sustained by the clearing agent as a result of failure of any introduced account to make timely payment for securities purchased or timely and good delivery of securities sold.

The Company uses one clearing organization for its operations and maintains a deposit with the clearing organization. The Company manages this risk by monitoring the performance of the clearing organization and maintains its clearing deposit in government securities.

5. Operating Lease Commitment

The Company leases office space under an operating lease expiring July 31, 2008. The lease requires the Company to pay its proportionate share of real estate taxes and all direct costs of operations, repair and maintenance and management of the building over a base amount. Rent expense for the year ended December 31, 2007 was \$17,588.

The future minimum lease payment required under this lease, ending July 31, 2008, is \$10,243.

INDEPENDENT AUDITORS' REPORT ON INTERNAL CONTROL

To the Members of
LAKE FOREST SECURITIES, LLC

In planning and performing our audit of the financial statements of LAKE FOREST SECURITIES, LLC. (the "Company") for the year ended December 31, 2007, we considered its internal control structure, including control activities for safeguarding securities, in order to determine our auditing procedures for the purpose of expressing our opinion on the financial statements and not to provide assurance on the internal control.

Also, as required by Rule 17A-5(g)(1) of the Securities and Exchange Commission (the "SEC"), we have made a study of the practices and procedures followed by the Company, including tests of such practices and procedures that we considered relevant to the objectives stated in Rule 17a-5(g), (1) in making the periodic computations of aggregate indebtedness (or aggregate debits) and net capital under Rule 17a-3(a)(11) and the reserve required by Rule 15c3-3(e); and (2) in making the quarterly securities examinations, counts, verifications, and comparisons, and the recordation of differences required by Rule 17a-13. We did not review the practices and procedures followed by the Company in complying with the requirements for prompt payment for securities under Section 8 of Federal Reserve Regulation T of the Board of Governors of the Federal Reserve System, because the Company does not carry securities accounts for customers or perform custodial functions relating to customer securities.

The management of the Company is responsible for establishing and maintaining an internal control structure and the practices and procedures referred to in the preceding paragraph. In fulfilling this responsibility, estimates and judgments by management are required to assess the expected benefits and related costs of internal control structure policies and procedures, and of the practices and procedures referred to in the proceeding paragraph, and to assess whether those practices and procedures can be expected to achieve the SEC's above-mentioned objectives. Two of the objectives of an internal control structure and the practices and procedures are to provide management with reasonable but not absolute assurance that assets for which the Company has responsibility are safeguarded against loss from unauthorized use or disposition, and that transactions are executed in accordance with management's authorization and recorded properly to permit the preparation of financial statements in accordance with generally accepted accounting principles. Rule 17a-5(g) lists additional objectives of the practices and procedures listed in the proceeding paragraph.

Because of inherent limitations in internal control or the practices and procedures referred to above, error or fraud may occur and not be detected. Also, projection of any evaluation of them to future periods is subject to the risk that they may become inadequate because of changes in conditions or that the effectiveness of their design and operation may deteriorate.

A control deficiency exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent or detect misstatements on a timely basis. A significant deficiency is a control deficiency, or combination of control deficiencies, that adversely affects the entity's ability to initiate, authorize, record, process, or report financial data reliably in accordance with generally accepted accounting principles such that there is more than a remote likelihood that a misstatement of the entity's financial statements that is more than inconsequential will not be prevented or detected by the entity's internal control.

A material weakness is a significant deficiency, or combination of significant deficiencies, that results in more than a remote likelihood that a material misstatement of the financial statements will not be prevented or detected by the entity's internal control.

Our consideration of internal control was for the limited purpose described in the first and second paragraphs and would not necessarily identify all deficiencies in internal control that might be material weaknesses. We did not identify any deficiencies in internal control and control activities for safeguarding securities that we consider to be material weaknesses, as defined above.

We understand that practices and procedures that accomplish the objectives referred to in the second paragraph of this report are considered by the SEC to be adequate for its purposes in accordance with the Securities Exchange Act of 1934 and related regulations, and that practices and procedures that do not accomplish such objectives in all material respects indicate a material inadequacy for such purposes. Based on this understanding and on our study, we believe that the Company's practices and procedures were adequate at December 31, 2007 to meet the SEC's objectives.

This report is intended solely for the information and use of management, the SEC, the Chicago Board Options Exchange, and other regulatory agencies that rely on Rule 17a-5(g) under the Securities Exchange Act of 1934 in their regulation of registered brokers and dealers, and is not intended to be and should not be used by anyone other than these specified parties.
