Independent Auditor's Report

INDEPENDENT AUDITOR'S REPORT

To the Members
of J.P. Turner & Company, L.L.C.

We have audited the accompanying statement of financial condition of J. P. Turner & Company, L.L.C. as of December 31, 2007, and the related statements of operations and changes in members' equity and cash flows for the year then ended that you are filing pursuant to Rule 17a-5 under the Securities Exchange Act of 1934. These financial statements are the responsibility of the Company's management. Our responsibility is to express an opinion on these financial statements based on our audit.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

In our opinion the financial statements referred to above, that you are filing pursuant to Rule 17a-5 under the Securities Exchange Act of 1934, present fairly, in all material respects, the financial position of J. P. Turner & Company, L.L.C. as of December 31, 2007 and the results of its operations and its cash flows for the year then ended in conformity with accounting principles generally accepted in the United States of America.

Our audit was conducted for the purpose of forming an opinion on the basic financial statements taken as a whole. The information contained in Schedules I, II, and III is presented for purposes of additional analysis and is not a required part of the basic financial statements, but is supplementary information required by Rule 17a-5 of the Securities and Exchange Commission. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements, and in our opinion, is fairly stated in all material respects in relation to the basic financial statements taken as a whole.

J. P. TURNER & COMPANY, L.L.C.
NOTES TO FINANCIAL STATEMENTS
December 31, 2007

NOTE A – NATURE OF BUSINESS AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Nature of Business: J. P. Turner & Company, L.L.C. was organized as a Limited Liability Company and began business as an independent registered broker-dealer in 1997. The Company is a member of the Financial Industry Regulatory Authority. The Company's activities have primarily been in the area of providing investment banking and securities brokerage services to the public.

Depreciation: Depreciation is provided on a straight-line basis using estimated useful lives of five to seven years.

Income Taxes: The Company is a Limited Liability Company that has elected to be taxed as an S Corporation under Internal Revenue Code regulations. Therefore, the income or losses of the Company flow through to and are taxable to its members and no liability for income taxes is reflected in the accompanying financial statements.

Securities Transactions: Proprietary securities transactions in regular-way trades are recorded on the trade date, as if they had settled. Profit and loss arising from all securities and commodities transactions entered into for the account and risk of the Company are recorded on a trade date basis. Customers' securities and commodities transactions are reported on a trade date basis with related commission income and expenses reported on a trade date basis.

Marketable securities are valued at market value, and securities not readily marketable are valued at fair value as determined by management.

Consideration of Credit Risk: The Company maintains its cash in bank deposit accounts at high credit quality financial institutions. The balances, at times, may exceed federally insured limits.

Cash equivalents consist of highly liquid investments purchased with a maturity date of three months or less, that are not held for sale in the ordinary course of business.

Estimates: The preparation of financial statements in accordance with generally accepted accounting principles requires the use of estimates in determining assets, liabilities, revenues and expenses. Actual results may differ from these estimates.

Investment Banking: Investment banking revenues include gains, losses and fees, net of syndicate expenses, arising from securities and debt offerings in which the Company acts as an underwriter or agent. Investment banking revenues also include fees earned from providing advisory services. Investment banking management fees are recorded on offering date, sales concessions on settlement date, and underwriting fees at the time the underwriting is completed and the income is reasonably determinable.

J. P. TURNER & COMPANY, L.L.C.
NOTES TO FINANCIAL STATEMENTS
December 31, 2007

NOTE A – NATURE OF BUSINESS AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Receivables: Receivables are uncollateralized obligations due under normal trade terms. The carrying amount of receivables may be reduced by an allowance that reflects management's best estimate of the amounts that will not be collected. Management reviews all receivable balances and based on an assessment of current credit worthiness, estimates the portion, if any, of the balance that will not be collected. Management believes that the receivables recorded at December 31, 2007 are fully collectable and are therefore stated at net realizable value.

NOTE B – ADVANCES TO EMPLOYEES

At December 31, 2007, approximately \$1,759,000 of the advances to employees are supported by non-interest bearing notes receivable which are to be forgiven by the Company as compensation if the employees meet certain performance criteria or are employed at certain dates in the future. These balances are charged to compensation during the term of employment.

NOTE C – LEASES

Operating leases:

The Company leases its office facilities under operating leases. Operating lease expense for 2007 was approximately \$673,000.

At December 31, 2007, the future minimum lease payments under office facilities leases are as follows:

2008	\$	670,000
2009		690,000
2010		710,000
2011		720,000
2012		740,000
Thereafter		<u>1,910,000</u>
Total	\$	<u>5,440,000</u>

During 2003 and 2005, the Company entered into new office premises leases which contained periods of free rent. The deferred rent liability arose from allocation of the rent payments due in future periods to the free-rent period.

J. P. TURNER & COMPANY, L.L.C.
NOTES TO FINANCIAL STATEMENTS
December 31, 2007

NOTE C – LEASES (CONTINUED)

Capitalized leases: The Company leases office equipment costing approximately \$214,000 under capitalized leases. Amortization expense for capitalized property was approximately \$45,000 for 2007.

The following is a schedule by years of future minimum lease payments under the capital leases together with the present value of the net minimum lease payments as of December 31, 2007:

Year ending December 31:	
2008	\$ 53,000
2009	53,000
2010	45,000
2011	<u>30,000</u>
Total minimum lease payments	181,000
Less amount representing interest	<u>(51,465)</u>
Present value of net minimum lease payments	<u>\$ 129,535</u>

NOTE D – NET CAPITAL REQUIREMENTS

The Company, as a registered broker-dealer, is subject to the Securities and Exchange Commission Uniform Net Capital Rule (Rule 15c3-1) which requires the maintenance of minimum net capital and requires that the ratio of aggregate indebtedness to net capital, both as defined, shall not exceed 15 to 1. At December 31, 2007, the Company had a net capital of \$3,344,161, which was \$2,855,887 in excess of its required net capital of \$488,274 and ratio of aggregate indebtedness to net capital is 3.2 to 1.0.

NOTE E – SECURITIES OWNED AND SHORT POSITIONS

Securities owned and sold, which are stated at fair value, consist of trading account securities related to the Company's market making activities. The trading securities at December 31, 2007 are the following:

	<u>2007</u>
Common stock	\$ 194,536
Municipal bonds	<u>572,495</u>
	<u>\$ 767,031</u>
Securities sold, but not yet purchased:	
Common stocks	173,273
Corporate bonds	<u>253,000</u>
	<u>\$ 426,273</u>

J. P. TURNER & COMPANY, L.L.C.
NOTES TO FINANCIAL STATEMENTS
December 31, 2007

NOTE F – CONTINGENCIES

The Company is engaged in various litigation and arbitrations incurred in the normal course of business. At December 31, 2007, the Company has accrued approximately \$1,830,000 for the expected cost to settle litigation and arbitrations in progress, after estimated reimbursements from insurance carriers and employed brokers, and reduction of amounts to estimated losses.

NOTE G – RETIREMENT PLAN

The Company has adopted a profit sharing plan with a 401(k) feature covering substantially all employees. Contributions by the Company are at the discretion of the members. No contributions were authorized for 2007.

NOTE H – OFF BALANCE SHEET RISK

In the normal course of business, the Company executes securities transaction for its account and accounts of its customers. These activities may expose the Company to off balance sheet risk in the event the customer or other broker is unable to fulfill its contracted obligations and the Company has to purchase or sell the financial instrument underlying the contract at a loss.

NOTE I – CUSTOMER LIST

During September 2002, a company related to J. P. Turner & Company, LLC through common ownership, acquired certain customers of a Denver, Colorado based broker-dealer. The related company contributed the customers acquired to the Company as a capital contribution at the time of acquisition. The purchase price was \$720,000 and this amount was recorded as an intangible asset and capital contribution.

In addition to the initial purchase price, the Company is to pay to the sellers monthly payments based on monthly profits of the Company. The payments based on profits, which commenced September 1, 2004, are not to exceed \$1,800,000 in the aggregate. Expense under the agreement for 2007 was approximately \$287,000 and is included in commission expense in the accompanying statement of operations.

During 2007, the customer list was evaluated for impairment in accordance with Statement of Financial Accounting Standards Number 142. Impairment is measured by comparing the fair value of the customer list to its carrying value. If the fair value is less than the recorded amount, impairment exists and the impairment amount is written off. Management believes that the customers on the customer list are subject to attrition over time in the ordinary course of business. Accordingly, estimated impairment during 2007 of approximately 10% of the value of the cost of the list was charged to operations in the accompanying financial statements.

**INDEPENDENT AUDITOR'S REPORT ON INTERNAL ACCOUNTING CONTROL
REQUIRED BY SEC RULE 17a-5**

To the Members

J. P. Turner & Company, L.L.C.

In planning and performing our audit of the financial statements of J. P. Turner & Company, L.L.C. for the year ended December 31, 2007, we considered its internal control structure in order to determine our auditing procedures for the purpose of expressing our opinion on the financial statements and not to provide assurance on the internal control structure.

Also, as required by Rule 17a-5(g)(1) of the Securities and Exchange Commission, we have made a study of the practices and procedures (including tests of compliance with such practices and procedures) followed by J. P. Turner & Company, L.L.C., Inc., that we considered relevant to the objectives stated in Rule 17a-5(g), in making the periodic computations of aggregate indebtedness and net capital under Rule 17a-3(a)(11) and the procedures for determining compliance with the exemptive provisions of Rule 15c3-3. Because the Company does not carry security accounts for customers or perform custodial functions relating to customer securities, we did not study the practices and procedures related to the following: (1) in making quarterly securities examinations, counts, verifications, and comparisons, (2) the recordation of differences required by Rule 17a-13; and (3) in complying with the requirements for prompt payment for securities under section 8 of Regulation T of the Board for Governors of the Federal Reserve System.

The management of the Company is responsible for establishing and maintaining an internal control structure and the practices and procedures referred to in the preceding paragraph. In fulfilling this responsibility, estimates and judgments by management are required to assess the expected benefits and related costs of internal control structure policies and procedures and of the practices and procedures referred to in the preceding paragraph and to assess whether those practices and procedures can be expected to achieve the Commission's above-mentioned objectives. Two of the objectives of an internal control structure and the practices and procedures are to provide management with reasonable, but not absolute, assurance that assets for which the Company has responsibility are safeguarded against loss from unauthorized use or disposition and that transactions are executed in accordance with management's authorization and recorded properly to permit preparation of financial statements in conformity with generally accepted accounting principles. Rule 17a-5(g) lists additional objectives of the practices and procedures listed in the preceding paragraph.

Because of inherent limitations in any internal control structure or the practices and procedures referred to above, errors or irregularities may occur and not be detected. Also, projection of any evaluation of them to future periods is subject to risk that they may become inadequate because of changes in conditions or that the effectiveness of their design and operations may deteriorate.

Our consideration of the internal control structure would not necessarily disclose all matters in the internal control structure that might be material weaknesses under standards established by the American Institute of Certified Public Accountants. A material weakness is a condition in which the design or operation of the specific internal control structure elements does not reduce to a relatively low level the risk that errors or irregularities in amounts that would be material in relation to the financial statements being audited may occur and not be detected within a timely period by employees in the normal course of performing their assigned functions. However, we noted no matters involving the internal control structure that we consider to be material weaknesses as defined above.

We understand that practices and procedures that accomplish the objectives referred to in the second paragraph of this report are considered by the Commission to be adequate for its purposes in accordance with the Securities Exchange Act of 1934 and related regulations, and that practices and procedures that do not accomplish such objectives in all material respects indicate a material inadequacy for such purposes. Based on this understanding and on our study, we believe that the Company's practices and procedures were adequate at December 31, 2007 to meet the Commission's objectives.

This report is intended solely for the use of management, the Securities and Exchange Commission, and other regulatory agencies which rely on Rule 17a-5(g) under the Securities Exchange Act of 1934 and should not be used for any other purpose.
