REPORT OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

To the Board of Directors and Member's
of PGP Capital Advisors, LLC

Opinion on the Financial Statement

We have audited the accompanying statement of financial condition of PGP Capital Advisors, LLC as of December 31, 2020, and the related notes (collectively referred to as the "financial statement"). In our opinion, the financial statement presents fairly, in all material respects, the financial position of PGP Capital Advisors, LLC as of December 31, 2020 in conformity with accounting principles generally accepted in the United States of America.

Basis for Opinion

This financial statement is the responsibility of PGP Capital Advisors, LLC's management. Our responsibility is to express an opinion on PGP Capital Advisors, LLC's financial statement based on our audit. We are a public accounting firm registered with the Public Company Accounting Oversight Board (United States) (PCAOB) and are required to be independent with respect to PGP Capital Advisors, LLC in accordance with the U.S. federal securities laws and the applicable rules and regulations of the Securities and Exchange Commission and the PCAOB.

We conducted our audit in accordance with the standards of the PCAOB. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statement is free of material misstatement, whether due to error or fraud. Our audit included performing procedures to assess the risks of material misstatement of the financial statement, whether due to error or fraud, and performing procedures that respond to those risks. Such procedures included examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements. Our audit also included evaluating the accounting principles used and significant estimates made by management, as well as evaluating the overall presentation of the financial statements. We believe that our audit provides a reasonable basis for our opinion.

Ohab and Company, P.A.

We have served as PGP Capital Advisors, LLC's auditor since 2017.

Maitland, Florida

February 20, 2021

PGP Capital Advisors, LLC

Statement of Financial Condition

December 31, 2020

Assets	
Cash	269,719
Operating leasing ROU asset	27,280
Securities	7,519
Prepaid expenses and other assets	6,063
Total Assets	\$310,581
Liabilities and Member's Equity	
Accounts payable and accrued expense	39,444
Operating lease liability	31,324
Total Liabilities	\$70,768
Member's equity	238,590
Accumulated other comprehensive unrealized gains on securities	1,223
Total Member's Equity	\$239,813
Total Liabilities and Member's Equity	\$310,581

The accompanying notes are an integral part of these financial statements

1. Organization

PGP Capital Advisors, LLC (formerly Pacific Gemini Partners, LLC), a Delaware Limited Liability Company, is a wholly owned subsidiary of PGP Holdings, LLC (the "Parent"). The Company is boutique investment bank that is registered as a Securities Broker-Dealer regulated by the Financial Industry Regulatory Authority and provides high-impact, tailored services in connection with mergers and acquisitions, private placements and corporate finance for publicly-traded and privately-held corporations.

2. Significant Accounting Policies

Cash and Cash Equivalents

The Company considers all demand deposits held in banks and certain highly liquid investments with original maturities of three months or less, other than those held for sale in the ordinary course of business, to be cash equivalents.

Revenue from contract with customers Significant Judgement

Revenue from contracts with customers includes fees from investment banking. The recognition and measurement of revenue is based on the assessment of individual contract terms. Significant judgement is required to determine whether performance obligations are satisfied at a point in time or over time; how to allocate transaction prices where multiple performance obligations are identified; when to recognize revenue based on the appropriate measure of the Company's progress under the contract; whether revenue should be presented gross or net of certain costs; and whether constraints on variable consideration should be applied due to uncertain future events.

The following table presents revenue by major sources:

Retainer fees	160,000
Success fees	100,000
Other	<u>4,000</u>
Total	<u>264,000</u>

2. Significant Accounting Policies “continued”

M&A advisory fees

The Company provided advisory service on mergers and acquisitions (M&A). Revenue for advisory arrangements is generally recognized at the point in time that performance under the arrangement is completed (the closing date of the transaction) or the contract is cancelled. However, for certain contracts, revenue is recognized over time for advisory arrangements in which the performance obligations are simultaneously provided by the Company and consumed by the customer. In some circumstances, significant judgement is needed to determine the timing and measure of progress appropriate for revenue recognition under a specific contract. Retainers and other fees received from customers prior to recognizing revenue are reflected as contract liabilities. At December 31, 2020 all amounts were immaterial.

Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates and may have an impact on future periods.

Fair Value of Financial Instruments

Unless otherwise indicated, the fair values of all reported assets and liabilities that represent financial instruments approximate the carrying values of such amount

Income Taxes

The Company, a limited liability company, is taxed as a division of its sole member under the Internal Revenue Code and a similar state statute. In lieu of income taxes, the Company passes 100% of its taxable income and expenses to the Member. Therefore, no provision or liability for federal or state income taxes is included in these financial statements. The Company is however, subject to the annual California limited liability company tax of \$800 and a California limited liability company fee based on gross revenue.

Uncertain tax positions

The Company has adopted FASB ASC 740-10-25, *Accounting for Uncertainty in Income Taxes*. The Company will record a liability for uncertain tax positions when it is more likely than not that a tax position would not be sustained if examined by the taxing authority. The Company continually evaluates expiring statutes of limitations, audits, proposed settlements, changes in tax law and new authoritative rulings.

2. Significant Accounting Policies “continued”

The Company’s evaluation on December 31, 2020 revealed no uncertain tax positions that would have a material impact on the financial statements. The 2017 through 2019 tax years remain subject to examination by the IRS and State of California. The Company does not believe that any reasonably possible changes will occur within the next twelve months that will have a material impact on the financial statements.

Property and Equipment

Property and equipment are summarized by major classifications as follows:

	2020
Computers and equipment	\$5,986
Less Accumulated Depreciation	<u>(5,986)</u>
Net computers and equipment	<u>\$0</u>

The Company did not have depreciation expense for 2020.

3. Fair Value Measurements

The Fair Value Measurements Topic of the FASB Accounting Standards Codification establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to measurements involving significant unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are as follows:

- Level 1 Quoted prices (unadjusted) in active markets for identical assets or liabilities that the Company has the ability to access at the measurement date.
- Level 2 Inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly.

3. Fair Value Measurements “continued”

Level 3 Unobservable inputs for the asset or liability.

Determination of Fair Value

Under the Fair Value Measurements Topic of the FASB Accounting Standards Codification, the Company bases its fair value on the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between participants at the measurement date. It is the Company's policy to maximize the use of observable inputs and minimize the use of unobservable inputs when developing fair value measurements, in accordance with the fair value hierarchy. Fair value measurements for assets and liabilities where there exists limited or no observable market data and, therefore, are based primarily upon management's own estimates, are often calculated based on current pricing policy, the economic and competitive environment, the characteristics of the asset or liability and other such factors. Therefore, the results cannot be determined with precision and may not be realized in an actual sale or immediate settlement of the asset or liability. Additionally, there may be inherent weaknesses in any calculation technique, and changes in the underlying assumptions used, including discount rates and estimates of future cash flows, that could significantly affect the results of current or future value.

Assets Measured and Recognized at Fair Value on a Recurring Basis

The fair value of the investment in securities is based on the quoted market price. The fair value of the securities receivable is based on the quoted market price of the underlying asset.

The tables below present the amounts of assets measured at fair value on a recurring basis:

	December 31, 2020			
	Level 1	Level 2	Level 3	Total
Assets at fair value:				
Investment in securities				
Equities	\$ 7,519	\$ -	\$ -	\$ 7,519
Securities receivable	-	-	-	-
Total assets at fair value	\$ 7,519	\$ -	\$ -	\$ 7,519

4. Operating Leases

The Company leases its facilities under an agreement with John Hancock Real Estate that expires December 31, 2021. Rent expense for the lease for year ended December 31, 2020 was \$58,962 which also includes base rent, insurance recovery, operating cost recovery and real estate tax recovery.

Future minimum lease payments excluding taxes and fees are as follows:

The Company has obligations as a lessee for office space and other office equipment with initial noncancelable terms in excess of one year. The Company classified these leases as operating leases. These leases generally contain renewal options for periods ranging from two to five years. Because the Company is not reasonably certain to exercise these renewal options, the optional periods are not included in determining the lease term, and associated payments under these renewal options are excluded from lease payments. The Company's lease does not include termination options for either party to the lease or restrictive financial or other covenants. Payments due under the lease contracts include fixed payments plus, for many of the Company's leases, variable payments. The Company's office space leases require it to make variable payments for the Company's proportionate share of the building's property taxes, insurance, and common area maintenance. These variable lease payments are not included in lease payments used to determine lease liabilities are recognized as variable costs when incurred.

Amounts reported in the balance sheet as of December 31, 2020 were as follow:
Operating leases:

Operating lease ROU assets	\$27,280
Operating lease liabilities	\$31,324

Future minimum lease obligations consist of the following:

2021	\$31,985
Total	<u>\$31,985</u>

5. Net Capital Requirements

The Company is subject to the Securities and Exchange Commission's uniform net capital rule (Rule 15c3-1) which requires the Company to maintain a minimum net capital equal to or greater than \$5,000 and a ratio of aggregate indebtedness to net capital not exceeding 15 to 1, both as defined. At December 31, 2020, the Company's net capital was \$232,607 which exceeded the requirement by \$227,607.

At December 31, 2020 the percentage of aggregate indebtedness was 16.96% to 1. The Company had liabilities of \$39,444 on December 31, 2020.

6. Company Conditions

The company has recorded a loss of \$209,400 for the year ended December 31, 2020 and has received a capital contribution from its member for working capital. The Company member has agreed to provide capital contributions to the Company, as necessary, for it to continue operations and to maintain compliance with minimum capital requirements.

Managements expects to the Company to continue as a going concern and the accompanying financial statements have been prepared on a going-concern basis without adjustments for realization in the event the Company ceases to continue as a going concern.

7. Commitments and contingencies

The Company does not have any commitments or contingencies, other than an operating lease (note 4).

8. Subsequent Events

The Company has evaluated subsequent events through February 20, 2021, the date which the financial statements were available to be issued, and has determined no event or transactions requiring disclosure.
