Note 1 – Nature of Business and Summary of Significant Accounting Policies

Nature of Business:

Wilson Parker Connally Stephenson, Inc. (the Company) was organized in May 1985 as a Texas Corporation. The Company is a broker/dealer in securities registered with the Securities and Exchange Commission (SEC) and is a member of the Financial Industry Regulatory Authority (FINRA) and Securities Investor Protection Corporation (SIPC). The Company is also a registered investment advisor with the state of Texas.

The Company operates under the exemptive provisions of Rule 15c3-3(k)(2)(ii) of the Securities Exchange Act of 1934, and accordingly, is exempt from the remaining provisions of that Rule. The Company is also considered a Non-Covered Firm exempt from 17 C.F.R. § 240.15c3-3. The Company does not hold customer funds or securities, carry accounts for customers or carry PAB accounts (as defined in Rule 15c3-3).

The Company's operations consist primarily of providing securities brokerage to individuals located in the State of Texas.

Use of Estimates

The preparation of financial statements in conformity with U.S. generally accepting accounting principles requires management to make estimates and assumptions that assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

Property and Equipment

Property and equipment are carried at cost less accumulated depreciation. Depreciation is calculated using the straight-line method over estimated useful lives of five to seven years.

Treasury Stock

Treasury stock is accounted for using the cost method.

Note 1 – Nature of Business and Summary of Significant Accounting Policies (continued)

Revenue Recognition

Securities Commissions

The Company buys and sells securities on behalf of its customers. Each time a customer enters into a buy or sell transaction, the Company may charge a commission. Commissions and related clearing expenses are recorded on the trade date (the date that the Company fills the trade order by finding and contracting with a counterparty and confirms the trade with the customer). The Company believes that the performance obligation is satisfied on the trade date because that is when the underlying financial instrument or purchaser is identified, the pricing is agreed upon and the risks and rewards of ownership have been transferred to/from the customer. Securities commissions also include interest rebates on customer accounts, and other revenue related to customer accounts which is recorded on the trade date.

Mutual Fund Commissions

The Company enters into arrangements with pooled investment vehicles (funds) to distribute shares to investors. The Company may receive distribution fees paid by the funds up front, over time, upon the investor's exit from the fund (that is, a contingent deferred sales charge), or as a combination thereof. The Company believes that its performance obligation is the sale of securities to investors and as such this is fulfilled on the trade date. Any fixed amounts are recognized on the trade date and variable amounts are recognized to the extent it is probable that a significant revenue reversal will not occur once the uncertainty is resolved. For variable amounts, as the uncertainty is dependent on the value of the shares at future points in time as well as the length of time the investor remains in the fund, both of which are highly susceptible to factors outside the Company's influence, the Company does not believe it can overcome this constraint until the market value of the funds and the investor activities are known, which are either monthly or quarterly. Distribution fees recognized in the current period are primarily related to performance obligations that have been satisfied in prior periods.

Referral Fees

Referral fees consist of a percentage of the management fee and performance allocation earned by unaffiliated hedge funds to whom clients are referred and are recorded as earned. The performance allocation is earned based on investment return benchmarks and can vary significantly from year-to-year.

Income Taxes

As of September 30, 2021, open Federal tax years subject to examination include the tax years ended September 30, 2018 through September 30, 2021.

The Company is also subject to state franchise taxes.

Note 1 – Nature of Business and Summary of Significant Accounting Policies (continued)

Leases

The Company leases corporate office space. The determination of whether an arrangement is a lease is made at the lease's inception. Under ASC 842, a contract is (or contains) a lease if it conveys the right to control the use of an identified asset for a period of time in exchange for consideration. Control is defined under the standard as having both the right to obtain substantially all of the economic benefits from use of the asset and the right to direct the use of the asset. Management only reassesses its determination if the terms and conditions of the contract are changed.

The corporate office space lease is included in operating lease right-of-use ("ROU") asset and operating lease liability in the statement of financial condition. There are currently no finance leases.

ROU asset represents the right to use the underlying asset for the lease term, and lease liability represents the obligation to make lease payments. Operating lease ROU assets and liabilities are recognized at the lease commencement date based on the present value of lease payments over the lease term. The Company uses the implicit rate when it is readily determinable. Since the Company's lease does not provide an implicit rate, to determine the present value of lease payments, management uses the Company's incremental borrowing rate based on the information available at lease commencement. Operating lease ROU asset also includes any lease payments made and excludes any lease incentives. Lease expense for lease payments is recognized on a straight-line basis over the lease term. The Company's lease terms may include options to extend or terminate the lease when it is reasonably certain the option will be exercised.

The corporate office lease agreement includes provisions for variable rent payments, which are adjusted periodically for inflation. The corporate office lease agreement does not contain any material residual value guarantees.

The Company has elected to apply the short-term lease exception to all leases with a term of one year or less.

Note 2 – Transactions with Clearing Broker/Dealer

The Company has an agreement with a national clearing broker/dealer to provide clearing, execution and other related services. The agreement requires minimum quarterly charges of \$25,000. The agreement also requires the Company to maintain a minimum of \$100,000 in a deposit account with the clearing broker/dealer.

Wilson Parker Connally Stephenson, Inc.

Notes to Financial Statements

September 30, 2021

Note 3 – Net Capital Requirements

The Company is subject to the SEC Uniform Net Capital Rule (SEC Rule 15c3-1), which requires the maintenance of minimum net capital and requires that the ratio of aggregate indebtedness to net capital, both as defined, shall not exceed 15 to 1. Rule 15c3-1 also provides that equity capital may not be withdrawn or cash dividends paid if the resulting net capital ratio would exceed 10 to 1. At September 30, 2021, the Company had net capital of \$153,877, which was \$103,877 in excess of its net capital requirement of \$50,000. The Company's net capital ratio was .78 to 1.

Note 4 – Property and Equipment

Property and equipment is carried at cost less accumulated depreciation and consists of the following:

Furniture and fixtures and computer equipment	\$ 16,063
Accumulated depreciation	<u>(13,951)</u>
	<u>\$ 2,112</u>

Depreciation expense for the year was \$1,186 and is reflected in the accompanying statement of operations as occupancy and equipment costs.

Note 5 – Commitments and Contingencies

Operating Lease

The Company leases its corporate office space under a non-cancelable operating lease expiring March 2023. The following summarizes the line items in the statement of financial condition which includes amounts for the corporate office lease as of September 30, 2021:

Operating Lease

Right-of-use asset	\$ 103,652
Lease Liability	\$ 103,652

The discount rate used on the operating lease was 7%.

The maturities of the lease liability as of September 30, 2021 were as follows:

2022	\$ 72,721
2023	36,803
Thereafter	<u>-</u>
Total lease payments	109,524
Less: Interest	<u>(5,872)</u>
Present value of lease liability	<u>\$ 103,652</u>

Total rent expense for the year under operating leases was \$87,062 (which includes additional rental and proportionate share of operating expenses under the lease agreements), and is reflected in the accompanying statement of operations as occupancy and equipment costs.

Contingencies

There are currently no asserted claims or legal proceedings against the Company, however, the nature of the Company's business subjects it to various claims, regulatory examination, and other proceedings in the ordinary course of business. The ultimate outcome of any such action against the Company could have an adverse impact on the financial condition, results of operations, or cash flows by the company.

Note 6 – Retirement Plan

The Company has established a Simple IRA Plan (Plan) for its employees. The Company and employees may contribute to the Plan. The Company may contribute matching contributions equal to the elective deferral of each employee, but not more 3% of the individual employee's compensation, up to \$15,500. Company matching contributions totaled \$30,985 for the year and are included in compensation and related costs in the accompanying statement of operations.

Wilson Parker Connally Stephenson, Inc.

Notes to Financial Statements

September 30, 2021

Note 7 – Related Party Transaction/Economic Dependency/Concentration of Services

The shareholders of the Company, who are also registered securities representatives and officers of the Company, generated approximately 79% of the Company's revenue and accounted for approximately 82% of the Company's compensation and related costs for the year ended September 30, 2021. The Company is economically dependent upon the shareholders due to the concentration of services provided by them.

The Company provides office space, personnel and resources to a related party company owned by one of the shareholders. The related party company reimburses the Company related to the allocated expenses, which are computed monthly based on the relative use by the related party company. For the year ended September 30, 2021 the Company billed and received \$36,450 in expense reimbursements from this related party.

Note 8 – Off-Balance-Sheet Risk and Concentration of Credit Risk

In the normal course of business, the Company's customer activities involve the execution and settlement of customer securities transactions on a fully disclosed basis with its clearing broker-dealer. The clearing broker-dealer carries accounts of the Company's customers and is responsible for execution, collection and payment of funds, and receipt and delivery of securities relative to customer transactions. These transactions may expose the Company to off-balance-sheet risk in the event the customer or other broker is unable to fulfill their contractual obligations wherein the clearing broker-dealer may charge any losses it incurs to the Company. The Company seeks to minimize this risk through procedures designed to monitor the credit worthiness of its customers and that customer transactions are executed properly by the clearing broker-dealer.

The Company has \$101,051, or approximately 26%, of its total assets in cash and clearing deposit held at the Company's clearing broker/dealer.

Note 9 – Subsequent Events

Management has evaluated the Company's events and transactions that occurred subsequent to September 30, 2021, through December 27, 2021, the date which the financial statements were available to be issued. There have been no material subsequent events that occurred during such period that would require disclosure in this report or would be required to be recognized in the financial statements as of September 30, 2021.

REPORT OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

Board of Directors
Wilson Parker Connally Stephenson, Inc.

We have reviewed management's statements, included in the accompanying Exemption Report, in which (1) Wilson Parker Connally Stephenson, Inc. identified the following provision of 17 C.F.R. §15c3-3(k) under which Wilson Parker Connally Stephenson, Inc. claimed the following exemption from 17 C.F.R. §240.15c3-3:(k)(2)(ii) and (2) Wilson Parker Connally Stephenson, Inc. stated that Wilson Parker Connally Stephenson, Inc. met the identified exemption provisions throughout the most recent fiscal year without exception.

The Company is also filing this Exemption Report because the Company's other business activities contemplated by Footnote 74 of the SEC Release No. 34-70073 adopting amendments to 17 C.F.R. § 240.17a-5 are limited effecting securities transactions via subscriptions on a subscription way basis where the funds are payable to the issuer or its agent and not to the Company. In addition, the Company did not directly or indirectly receive, hold, or otherwise owe funds or securities for or to customers, other than money or other consideration received and promptly transmitted in compliance with paragraph (a) or (b)(2) of Rule 15c2-4 and/or funds received and promptly transmitted for effecting transactions via subscriptions on a subscription way basis where the funds are payable to the issuer or its agent and not to the Company; did not carry accounts of or for customers; and did not carry PAB accounts (as defined in Rule 15c3-3) throughout the most recent fiscal year without exception.

Wilson Parker Connally Stephenson, Inc.'s management is responsible for compliance with the exemption provision and its statements.

Our review was conducted in accordance with the standards of the Public Company Accounting Oversight Board (United States) and, accordingly, included inquiries and other required procedures to obtain evidence about Wilson Parker Connally Stephenson, Inc.'s compliance with the exemption provisions. A review is substantially less in scope than an examination, the objective of which is the expression of an opinion on management's statements. Accordingly, we do not express such an opinion.

Based on our review, we are not aware of any material modifications that should be made to management's statements referred to above for them to be fairly stated, in all material respects, based on the provisions set forth in paragraph (k)(2)(ii) of Rule 15c3-3 under the Securities Exchange Act of 1934 and the Company's other business activities contemplated by Footnote 74 of the SEC Release No. 34-70073 adopting amendments to 17 C.F.R. § 240.17a-5, and related SEC Staff Frequently Asked Questions.
