**NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2024**

NOTE 1 -Nature of Operations

Organization – Northbridge Financial Services f/k/a/ Hans, Christian, Anderson, Inc. was incorporated February 2, 1990 for the purpose of doing business as a broker-dealer. The Company is a member of the National Association of Securities Dealers and monitored by Financial Industries Regulatory Authority (FINRA). The Company is a securities broker-dealer that introduces transactions and accounts on a fully disclosed basis and does not carry customer accounts or holds customers securities.

NOTE 2 – Summary of Significant Accounting Policies

Use of estimates in the preparation of financial statements – The preparation of financial statements in conformity with generally accepted accounting principles in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and expense during the reporting period. Actual results could differ from those estimates.

Revenue recognition – The company recognizes revenue from contracts with customers in accordance with FASC ASC 606 (See Note 5).

Accounts receivable and allowance for credit losses – The Company bills consultant fees based on terms outlined between the Company and the consultant. The Company records accounts receivable for fees billed at their outstanding principal balances, net of allowances for credit losses. The allowance for credit losses is determined based on the Company’s historical experience, current economic conditions, and reasonable forecasts of collectability. The Company reviews the adequacy of the allowance by evaluating the collectability of accounts receivable, considering factors such as the consultant’s creditworthiness, historical payment patterns, and current economic conditions. There are no allowances for credit losses as of December 31, 2024, and 2023 respectively as the assets generally do not give rise to credit risk.

Income taxes – The Company and its shareholders has elected under Subchapter S of the Internal Revenue Code to have the Company’s taxable income or loss reported by the shareholder. Because of this election, Federal income taxes are not provided for the accompanying financial statements.

Cash and cash equivalents – The Company considers any investment with a maturity of three months or less at date of purchase to be cash or cash equivalent. At December 31, 2024, cash consists of cash in bank accounts and in E*TRADE Securities. As of December 31, 2024 there were no amounts deposited in excess of FDIC limits.

**NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2024**

NOTE 2 – Summary of Significant Accounting Policies (Continued)

Marketable security and fair value measurements – Marketable security is considered as a trading security and is carried at market value.

The Company has established a framework for measuring fair value. The framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The three levels of the fair value hierarchy are described as follows

Level 1 – Inputs use to quoted prices in active markets for identical assets or liabilities that the Company has ability to access.

Level 2 – Inputs use quoted prices in active markets for identical assets or liabilities that the Company has the ability to access.

Level 3 – Inputs are unobservable and significant to the fair value measurement, including inputs that are available in situations where there is little, if any, market activity for the related asset or liability.

At December 31, 2024, the Company's marketable security has been determined as Level 1.

Events occurring after reporting date – The Company has evaluated events and transactions that occurred between December 31, 2024 and March 17, 2025, which is the date the financial statements were available to be issued, for possible recognition or disclosure in the financial statements. There were no subsequent events to recognize or disclose.

NOTE 3 – Marketable Security

At December 31, 2024, the marketable security consists of the following:

	Number of Shares	Original Cost	Market Value
Intel Corp.	100	\$ 2,696	\$ 2,005

**NORTHBRIDGE FINANCIAL SERVICES
F/K/A HANS, CHRISTIAN, ANDERSON, INC.**

**NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2024**

NOTE 4 – Net Capital Requirements

The Company is subject to the Securities and Exchange Commission “Uniform Net Capital Rule” Rule 15c3-1), which requires the maintenance of minimum net capital at an amount equal to the greater of \$5,000 or 6 2/3% of aggregate indebtedness and requires that the ratio of aggregate indebtedness to net capital not exceed 15 to 1.

In accordance with the “Uniform Net Capital Rule” investments held at the broker dealers are considered as non-allowable assets unless the broker dealer provides a letter allowing the Company to use the investments as part of net capital (PAIB accounts). At December 31, 2024, the Company has permission to include cash and equities held at E*Trade Securities with a market value of \$1,704 (net of haircut of \$301), as available for the net capital purposes.

December 31, 2024, the Company had net capital of \$10,801 which was \$5,801 in excess of the capital of \$5,000.

NOTE 5 – Revenue Recognition and Related Party Transactions

Significant judgements –Revenue from contracts with customers includes consulting fees. The recognition and measurement of revenue is based on the assessment of individual contract terms. Significant judgement is required to determine whether performance obligations are satisfied at a point in time or over time; how to allocate transaction prices where multiple performance obligations are identified; when to recognize revenue based on the appropriate measure of the Company’s progress under the contract; whether revenue should be presented gross or net of certain costs; and whether constraints on variable consideration should be applied due to uncertain events.

Consulting fees – The Company provides consulting to a related party. Revenue for these fees is recognized at the point in time that performance under the arrangement is complete.

Variable consideration – The nature of the Company’s business does not give rise to variable consideration that would otherwise decrease the transaction price which would reduce revenue.

**NORTHBRIDGE FINANCIAL SERVICES
F/K/A HANS, CHRISTIAN, ANDERSON, INC.**

**NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2024**

NOTE 6 – Broker Dealer – Single Reportable Segment

The Company is engaged in a single line of business as a securities broker-dealer, which is comprised of retirement plan consulting. The Company has identified its President as the chief operating decision maker (“CODM”), who uses net income to evaluate the results of the business, predominantly in the forecasting process, to manage the Company. Additionally, the CODM uses excess net capital (see Note 4), which is not a measure of profit and loss, to make operational decisions while maintaining capital adequacy, such as whether to reinvest profits or pay dividends. The Company’s operations constitute a single operating segment and therefore, a single reportable segment, because the CODM manages the business activities using information of the Company as a whole. The accounting policies used to measure the profit and loss of the segment are the same as those described in the summary of significant accounting policies.

NOTE 6 – Commitments and Contingencies

The Company did not have any commitments and/or contingencies as of December 31, 2024.

In addition, the Company did not directly or indirectly receive, hold, or otherwise owe funds or securities for or to customers, other than money or other consideration received and promptly transmitted in compliance with paragraph (a) or (b)(2) of Rule 15c2-4 and/or funds received and promptly transmitted for effecting transactions via subscriptions on a subscription way basis where the funds are payable to the issuer or its agent and not to the Company; did not carry accounts of or for customers; and did not carry PAB accounts (as defined in Rule 15c3-3) throughout the most recent fiscal year without exception.

Our review was conducted in accordance with the standards of the Public Company Accounting Oversight Board (United States) and, accordingly, included inquiries and other required procedures to obtain evidence about Northbridge Financial Services' compliance with the exemption provisions. A review is substantially less in scope than an examination, the objective of which is the expression of an opinion on management's statements. Accordingly, we do not express such an opinion.

Based on our review, we are not aware of any material modifications that should be made to management's statements referred to above for them to be fairly stated, in all material respects, based upon the Company's business activities contemplated by Footnote 74 of the SEC Release No. 34-70073 adopting amendments to 17 C.F.R. § 240.17a-5, and related SEC Staff Frequently Asked Questions.
